J. SUTCLIFFE & SONS, LINDSAY PETERBOROUGH OSHAWA

Mr. W. A. Brundrette Doubly Honoured

Made the Object of Two Presentations and Complimentary Addresses—Hearty "Send-Off" to a Popular Young Man.

Mr. W. A. Brundrette, "Chief of Production" of the Canadian General Electric Company, having retired his fortunes in the Northwest, has received signal marks of his popularity in all the associations he had larity in all the associations he has personally formed. On Monday night he was presented by the congregation of All Saints', where he filled the position of vestry clerk, with a beautiful prayer-book and hymn-book, and last night he received other tangible evidences of the high esteem in which he is held.

From Fellow Employes.

Among the testimonials to popularity given Mr. Brundrette none perhaps were more eloquent than that offered by the employees of the Canadian General Electric Company when, after fifteen years' of service and association his good qualities had ample opportunities of knowledge and appreciation.

At six o'clock last night, on the green alongside the gate-house, a large number of the teeming population of the Canadian General Works, assembled. Mr. Brundrette to hearty applause was invited to an improvised platform, where Mr. M. Mowry read the following address:—

Mr. W. A. Brundrette, Esq.,—

Dear Friend,—After a long and successful service, in which we have seen you rise from the huumbler, to the better position, and filling each in a manner we believe, satisfactory to the Company and certainly a pleasure to those associated with you in the Works we feel that we cannot let you go, even if it should be for a short time, which we sincerely hope may be the extent of our separation.

We know this is the feeling of all, from message boy, to superintendent of the "Canadian General Electric Co." In your fifteen years you have made many fast friends, who, will always be glad to hear of your success in the future, as in the past.

In leaving us we all feel that we are losing a friend who was always ready to help over difficult places, always courteous and always a gentleman and perhaps we have leaned too heavily on one who was always willing.

Dear friend, in wishing you God speed on your journey, and hoping that you may see your way to a speedy return, we are expressing the wishes of all, "the ladies by no means left out" and now, we would ask you to accept this travelling bag. We hope you will not put the memory of your friends in it, but keep them in your heart; also this watch and chain, and as you look often upon its face, may you see the hands of time pointing you back to Peterborough and friends.

Good-bye Brundrette, until we meet again.

Signed by the committee, for the employees of the Canadian General Electric Company,

G. J. Tovey, M. Mowry, R. E. Harding, J. Jeffries, H. Clurton, B. Taylor, R. Martin, J. Cuncannon, J. Perry, A. W. Patterson.

The address was accompanied by the presentation made by Mr. H. Jeffries, of a beautiful solid leather Gladstone bag, containing a complete silver-mounted gentleman's toilet set, and by Mr. R. Martin with a beautiful unchased hunting case gold watch.

Mr. Brundrette in reply made a very neat little speech. He said that words quite failed him to adequately express his thanks for the address and accompanying gifts and his appreciation of the spirit behind them. Though he had had an inkling of what was coming, he expected it would take place this evening and that he would have some opportunity to arrange his thoughts for the occasion. He thanked his fellow employees from the bottom of his heart for the kind words contained in the address and he believed they were thoroughly meant. During the fifteen years he had been connected with the works, whatever success he had met was due to the kind co-operation of those associated with him. If he had been of any assistance to them it had given him pleasure to do his duty as well as he could in this respect. If he should come back to them he would be glad to renew associations which had been so pleasant. In concluding with a reiteration of his thanks Mr. Brundrette bespoke for his successor the same cordial and loyal support which had been given him.

The loud applause that followed his remarks was in turn followed by three ringing cheers and then personal farewells and hand shakes.

The handsome tribute with which Mr. Brundrette was honoured, was due to the co-operation generally of the employees of the works among whom as "Chief of Production" he enjoyed a large popularity.

Young Conservatives.

At the Young Conservative Club rooms Mr. Brundrette was the object of another presentation. This took the form of a pipe and pouch, and was made by Peter Gardner, while the following address was read by J. Edgar:

Mr. W. A. Brundrette, Esq.,—

Dear Sir,—The officers and Executive Committee of this Club are desirous of expressing to you their great regret at your departure. As an officer of this club numbering across six hundred members, you have been capable and obliging. As a man you have given yourself to us all. In both capacities we are extremely sorry to lose you and in asking you to accept this slight token of our esteem, we wish to express our sincere hope that you will have a prosperous future, and wish you and your wife (when you get one) a long and happy life.

Yours,
J. H. BURNHAM,
President.

Mr. Brundrette has always been a hard worker in the interests of the Conservative party. Since the organization of the Young Conservative Club about two years ago he has held the office of secretary, and has filled it in a most acceptable manner. He was one of the most popular officers of the club.

A number of speeches were made and among those who delivered addresses were Jas. Kendry, chairman; J. G. M. Wilson, J. J. Lynch, Harry Phelan, M. Mowry, J. Edgar and others.

In delivering his address, Mr. Kendry said he was sorry to see the club lose one of its most prominent members, but at the same time he was glad to know that Mr. Brundrette was about to further his own interests. He said, that when he himself went West, about the 1st of June he would be sure and pay Mr. Brundrette a visit.

The gathering broke up by singing "For He's a Jolly Good Fellow" and "The National Anthem."

New Attractions For Jackson Park This Year

Box-Ball Alley and Merry-go-Round Will be Provided—Vaudeville Performances Later in the Season—Mr. Larmonth Back From a Trip to American Cities.

Mr. J. H. Larmonth, manager of the Peterborough Radial Railway Company, arrived home last night after a two weeks' visit to Chicago, Indianapolis and Buffalo, whence he had gone in quest of information concerning the parks, which he will use in the running of Jackson Park this summer. While the parks in those cities were not yet open, Mr. Larmonth talked matters over with the managers of the various resorts, and received valuable information as regards attractions for Peterborough's beauty spots.

Mr. Larmonth, when seen by The Examiner this morning, stated that while he had not definitely decided on his plans, there would be a big merry-go-round and a box ball-alley. The latter is a very popular game in the States, and no doubt will be equally so here. It is very similar to bowling, and the sporting fraternity will have a new outlet to their enthusiasm. The alley will be lighted, so that it can be used day or night. There will be a splendid moving picture machine at the park and frequent band concerts. Later in the season there may be an added attraction in the shape of vaudeville performances.

The park will be opened, it is expected about June 1, though it depends a great deal on the weather. The management will start at once to get things in shape in order to be ready for the warm weather.

The car service will be aided by the addition of a new open car, which is being built for the company, as well as by two trailers.

One thousand chairs will be purchased for the park and placed in front of the moving picture screen, so that the performances can be witnessed in comfort.

ONE THING AND ANOTHER

Not Astronomers.

THE young English emigrant to Canada, against whom a verdict for ten pounds was awarded by an English jury, on a breach of promise charge for writing to a girl in England: "Dear Pet—If you are thinking of jumping over the moon don't forget to come Canada-way," will probably think the jury's insight into astronomy very limited.

• • •

Impossible.

WHAT additional punishment will they give Chartrand, the murderer, who was sentenced to life imprisonment in Kingston, and who made such a daring escape, and has since been recaptured? Prolong his sentence?

• • •

Such a Chance to Celebrate.

WHEN Sherring, the Marathon hero, returns to Hamilton, the citizens will be give a chance to use the fireworks they bought in anticipation of a visit of "respectable" length from Prince Arthur, and the Toronto papers won't have a chance to knock, either.

• • •

Advancing.

A FEW scraps like the one at the last meeting of the school board, will give that body the dignity of the Legislature.

• • •

A Different Fate.

THE advanced state of Canadian civilisation must have deeply impressed the young English immigrant who came to Canada the other day, fearing to be "scalped" by blood-thirsty Indians, and who was "skinned" by a bunco man about 15 minutes after he struck Halifax.

• • • •

Slangy, But Accurate.

Toronto News.

THE Turkish Sultan said, "Hoorooo, I guess I've stirred 'em up a few. But all the same, this bluff won't do.
And I'm convinced I must skidoo."

• • • •

Ashes of Love.

FREDA—"Now that your engagement is broken, are you going to make Clara send back your letters?"

George—"Rather! I worked hard on those letters, and they're worth using again!"

• • • •

The Wrong Thing.

Baltimore American.

"THAT GIRL is always saying the wrong thing."

"What has she been doing now?"

"She told that young doctor he was perfectly killing."

Nothing New.

AT A CONCERT in Brantford, towards the close, the lights went out, and the chorus successfully dinished it, singing in the dark. This is by no means unprecedented. A great many persons have been known to be singing in the dark.

• • • •

Little Girls Boasting.

A NUMBER of little girls were boasting of the rank of their respective families. They had passed from clothes to personal appearance, then to interior furnishings, and finally came to parental dignity. The minister's little girl boasted—"Every package that comes to my papa is marked D.D." "And every package that comes for my papa is marked M.D.," retorted the daughter of the physician. Then followed a look of contempt from the youngest of the party. "Why!" she exclaimed, "every package that comes to our house is marked C.O.D."

• • • •

Spanking Might Do Good.

Atchison, Kan., Globe.

THE OLD-FASHIONED woman said little and spanked much; the woman of the present time says much and spanks little. When we remember the spankings we got when we were little we think to-day's woman is the better, but when we see how noisy to-day's children are we wish we could have more old-fashioned women around.

• • • •

As Well Save Money.

Cleveland Leader.

"I DON'T KNOW whether to get rid of that big creditor of mine by killing him or paying him."

"Kill him. He'll die of the shock, anyhow, if you pay him."

• • • •

Installment Removal.

Brantford Courier.

TORONTO PEOPLE have bought out the steamers running between that place and Hamilton, and there seems to be uneasy feeling in the ambitious City, that the place is to be removed to "Hogtown" in small freight parcels.

• • • •

No Rest For Discoverers

Detroit Free Press.

IT IS REMARKABLE how few of the discoverers and conquerors of the new world died in peace. Columbus died of broken heart, Balboa was disgracefully beheaded, Cortes was dishonoured, Sir Walter Raleigh was beheaded, Pizarro was murdered, Ojeda died in poverty, Henry Hudson was left to the mercy of the Indians along the bay which he discovered.

Douro Pic-nic On June 14th

Annual Event Looked Forward to From Year to Year.

Examiner Special.

Douro, May 16th.—Rev. [illegible] Kelly announces that the Douro pic-nic, an event looked forward to by the residents of that [illegible] and the city, will be held on [illegible] day, June 14th, under the [illegible] of St. Joseph's Church.

A Piano And Vocal Recital

H. M. Field and Herr [illegible] Will be the Artists

On Friday night in the Y.[illegible] hall, a piano and vocal recital Mr. H. M. Field, pianist, [illegible] August Wilhelmy, lyric [illegible] will be given. These two artists among the leaders in their profession, and a delightful high-class musical recital is assured.

The Leipsig Signal, speaking of Mr. Field, says: "He may [illegible] edly claim an honourable [illegible] among the leading pianists [illegible] day." This is the tribute [illegible] same artist by he Nashrighten of [illegible] same city: "There can be no [illegible] that Mr. Field has attained [illegible] degree of eloquence and virtuosity in the treatment of his instrument. His finger technique is equally highly developed; his execution complicated passages is unfailing, his accuracy and certainty are wonderful. Mr. Field's delicate touch enabled him to produce measureless shadings which, coupled with a power of modulation and beautiful tone produced a most wonderful effect."

Fred. Morgan Buys a Farm

Former Proprietor of [illegible] Hotel Purchases Farm Property.

Examiner Special.

Warsaw, May 15. — Mrs. John Cooper of Warsaw has sold her farm adjoining the village, to Mr. J. Morgan of the same place, the sum realized being $2000.

Messrs. Turner's Unique Contract

Have Order to Supply Shield of Colours for 24th of May.

Messrs. J. J. Turner & Sons yesterday received an order by wire from Windsor, Ont., for a shield and flag of colours, to be used in connection with the celebration there on Victoria Day. The shield is to be 6 feet, and is to be made of sheet iron with "E. R." painted on the face, the regulation patriotic colours. The flags 10x8 feet with poles 18 feet long, capped with brass spears, are to be inserted on the shield. As it is a heavy contract to be completed on such short order, but this firm being a specialty of this class of work, the celebration will not have to be postponed on account of the non-arrival of the shield.

PAY ROLL IS NOW $5,000 A MONTH

Mr. McClellan states that the work of repairing the trunk of the Otonabee embankment shows the lift locks, is proceeding well, and he expects that the canal will be ready to open by May 1st. He has a big force of men employed, and the pay roll this month was no less than $5,000.

Lecture Was Much Enjoyed

Brantford Expositor Speaks of Rev. Mr. Langfeldt's Lecture.

The Brantford Expositor says: The concert and lecture held last evening under the auspices and for the benefit of the choir boys of Grace church, was without doubt one of the most successful entertainments of the kind ever attempted in this city.

Of course, the chief feature of the evening was the lecture by Rev. E. A. Langfeldt, M. A., of St. Luke's, Peterborough, and, naturally, great interest was attached to it, but preceding Mr. Langfeldt's address was a short, though very choice, musical programme.

Then came the lecture by Rev. Mr. Langfeldt on "The Evolution of the Boy." To say it was rendered in the lecturer's own style would be, to those who know him or who have heard him lecture, quite sufficient to reassure them that it was out of the ordinary and well worth hearing. To those who did not hear him—well they, of a surety, missed one of the treats of a lifetime—as everyone present at last night's entertainment will affirm.

It is impossible to describe the lecture, one has to hear Mr. Langfeldt to appreciate him, but, as the title of his lecture would indicate, he dealt with the evolution of the boy from the cradle to the grave. It was almost altogether humourous, but not entirely so, for betimes, the speaker would introduce the pathetic or tragic side, but the next moment would turn the sentence with the greatest ease into a most side-splitting situation. It held the whole and entirely undisputed attention of the large audience present from the first word throughout the two hours the lecturer was speaking.

COLD CURE

Relieves the head, throat, and lungs almost immediately.

I WILL REFUND YOUR MONEY IF IT FAILS

MUNYON, Philadelphia

WOMEN NOT TRUTHFUL

This Statement Has Been Unjustly Made, Because Modest Women Evade Questions Asked by Male Physicians.

An eminent physician says that "Women are not truthful; they will lie to their physician." This statement should be qualified; women do tell the truth, but not the whole truth, to a male physician, but this is only in regard to those painful and troublesome disorders peculiar to their sex.

It is a terrible ordeal to a delicate, sensitive, refined woman to be obliged to answer certain questions when those questions are asked even by her family physician. This is especially the case with unmarried women.

Is it any wonder, then, that women continue to suffer and that doctors fail to cure female diseases when they cannot get the proper information to work on?

This is the reason why thousands and thousands of women are now corresponding with Mrs. Pinkham. To her they can and do give every symptom, so that she really knows more about the true condition of her patients, through her correspondence with them than the physician who personally questions them.

If you suffer from any form of trouble peculiar to women, write at once to Mrs. Pinkham, Lynn, Mass., and she will advise you free of charge.

The fact that this great boon, which is extended freely to women by Mrs. Pinkham, is appreciated, the thousands of letters received by her prove. Many such grateful letters as the following are constantly pouring in.

Madame Alfred Arcand of 414 Dorchester Street, Montreal, Can., writes; Dear Mrs. Pinkham:—

"Your Vegetable Compound was such a blessing in disguise to me that I am only too pleased to give my testimonial. About a year ago I contracted a severe cold at a critical time, which caused my periods to cease. I had very severe pains and sick spells, and this continued for several months with no abatement. Finally I decided to try your Vegetable Compound. After two weeks I became regular, had very little pain in the second month, and in three months' time I was restored to health. I consider your Vegetable Compound well worthy of praise."

Zula Ecclison, of 6 Erie Street, East, St. Thomas, Ont. writes:

Dear Mrs. Pinkham:—

"I heartily recommend Lydia E. Pinkham's Vegetable Compound as a tonic and regulator for female troubles. I suffered for four years with displacement, and no one but those who have experienced this dreadful agony can form any idea of the physical and mental suffering those endure who are thus affected. Your Vegetable Compound cured me. Within three months I was fully restored to health and strength, and now my periods are regular and painless. What a blessing it is to obtain such relief when so many doctors fail to help you. Your medicine is better than any doctor or medicine I ever had."

No other medicine in the world has received such widespread and unqualified endorsement.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass. She is the daughter-in-law of Lydia E. Pinkham, her assistant for many years before her decease, and for twenty-five years since her advice has been freely given to sick women.

Ask Mrs. Pinkham's Advice—A Woman Best Understands a Woman's Ills.

The Plumbers Must Comply With Laws

Water Commissioners State That in Past They Have Ignored By-laws Passed by That Body—Have to Report on New Water Connections Made—Must Also Apply for Permit.

The plumbers who are not complying with the bylaws passed by the Water Commissioners will probably find that it does not pay to ignore the laws of that body. The Examiner is informed by one of the Commissioners that some time ago a bylaw was passed making it necessary for plumbers to take out a permit before they could legally make any water connections in houses, and to facilitate this they were all provided with blank forms and copies of the bylaw. After they had complied with this they were also obliged to file with the secretary of the Commission a statement giving the number of taps connected, and particulars of the connections made in each house.

It appears that while this was observed for some time by the plumbers, of late it has been neglected, and the Board of Commissioners has determined that in future the plumbers will have to live up to the bylaw, and in case they refuse or neglect to do so they will have to pay the penalty, which is up to $20 and costs.

The Commissioners pointed out that unless there was some check on the number of connections put in, the consumer might be taking much more water than was being paid for, and this the Board does not intend to countenance if they can help it.

The Inspection Of Binder Twine

Mr. R. R. Hall, M.P., Introduces a Bill in This Connection.

In the House of Commons on May 14th, the report of proceedings as given in Hansard is, in part, as follows:

Mr. R. R. Hall (West Peterborough) moved for leave to introduce Bill (No. 165) to amend the General Inspection Act. He said: Under the General Inspection Act, as it exists at present, binder twine cannot be exported from this country unless there is marked upon a tag the number of feet per pound. Under the provisions of this Bill binder twine can be exported to foreign countries by simply having a plain tag placed on each ball. Binder twine enters the United States free of duty, that is in balls of 500 feet or under, and also enters England and the Argentine Republic free. It is a great advantage to the manufacturer here to be able to supply twine with such labels on as he may see fit and all the trade in the country to which it is exported demands. Motion agreed to, and Bill read the first time.

WILL SETTLE UNDERGROUND WIRING QUESTION TO-NIGHT

The terms and conditions upon which the city will agree to the Bell Telephone Company placing their wires underground were drawn up to-day and will be submitted to-night to the Company's representatives at a special meeting of the Committee of the Whole.

Last night Mr. F. W. Doan, local manager and Mr. Hunt, general foreman of the Bell Telephone Company were present at the Meeting of the Fire, Water and Light Committee for an answer to their proposition from Ald. Hicks, chairman of the Board of Works. Ald Hicks was not present so the Mayor suggested that the Committee of the Whole Council be called to-night to come to an agreement on the question of putting the wires underground.

Mr. Doan said that the Company's case has been stated and added that no agreement could be reached unless the Company were given the exclusive right of the conduits in which to lay their cables.

The Mayor said that the City Engineer and Solicitor would draught an agreement to be presented to-night at the meeting of the Committee of the Whole to be accepted or not at the pleasure of the Company.

PRESENTED WITH CERTIFICATES

Last night while on parade Col. Sergt. Staunton of No. 2 Company, received his certificate. Sergt. Staunton was in Toronto at the Infantry School last week when the certificates were presented. Sergt. Arnott, No. 4 Company, who was trying the preliminary examinations for entrance to the R. M. C. last week also received his regimental certificate.

Broken Sleep, Morning Tiredness

Unable to sleep indicates starved nerves and weak blood. Somehow you have got to get help.

Simply take Ferrozone—it solves the whole problem. Ferrozone makes you sleep soundly, gives endurance, vim, ambition. It does this by building up the blood. You'll brim over with energy and vigor! The fire of youth will run in your veins, the instant effect of Ferrozone will make you marvel!

FERROZONE

Is a true tonic for the blood, brain and nerves. Unsurpassed for bringing health and strength to the weak. Avoid substitutes. Nothing so good as Ferrozone.

Price 50c per box or six for $2.50, at all dealers, or by mail from N. C. Polson & Co., Kingston, Ont., and Hartford, Conn., U.S.A.

Mrs. W. J. Ellis' Home Saved

San Francisco Lady Visiting Here Receives This Answer.

Mrs. W. J. Ellis, who is in the city visiting her sister, Mrs. Dunsford, received yesterday a number of souvenir post cards, from San Francisco, from her husband, giving views of the city, since its destruction. A number of double panoramic picture cards were sent, and from these an accurate idea is obtained of the terrible wreck which that section of the city has been transformed into.

Mrs. Ellis' home was not destroyed, the fire not having reached that portion of the city, in which it was located. It was damaged, however, by the earthquake shock. Mrs. Ellis has received a number of letters from her husband since the disaster, and he states that the people of the city are already arranging to rebuild it on a grander scale than ever.

Mrs. Ellis will, in all probability, remain in the city all summer.

Work on G.T.R. Tracks at Foxboro

Operations on Railway Work at This Point Nearly Completed.

The work on the G. T. R. tracks at Foxboro, is pretty nearly completed, although there is still a gang engaged on the work, which will probably be finished in about ten days. The two steam shovels that were used in the operations have been sent to Trenton and Midland.

The work has been carried on for the past month, and the sidings have been raised to the level of the main tracks. A great improvement has been made to the road, and it is now one of the finest pieces of track along the line. The new bridge at Foxboro is also a great improvement over the old one, being about twelve feet higher.

Warsaw Confident Of Obtaining Railway Line

Dummer Farmer Gives Reasons Why it Should be Built.

Warsaw citizens are very confident of obtaining a Grand Trunk line from Lakefield. The Examiner this morning was talking to a prominent farmer residing in the vicinity of that village as to what the prospects were for the proposed road. He considered that the project would be carried through, as the company, he thought, would not let such an opportunity for opening a line into a district with such resources as Dummer and Douro possessed, pass by. He said that if the proposition were carried through it would not be very long before the water power along the Indian River would be utilized. The trouble at present is that the facilities for exporting factory products are poor.

The farmers in that district, however, would be the most benefited. All their grains, cattle, hogs and other farm products at present have to be brought into Peterborough or taken to Indian River station or Lakefield by road, and the inconvenience on this account is very great.

The Warsaw Board of Trade are expecting the Trunk officials soon to investigate the route proposed, and they are quite confident that their request will not be turned down.

A Pure Hard Soap

Is the best value for all kinds of washing; lasts longest; gives the finest results; is easiest on the clothes.

Words Cannot Describe The Shock's Sensation

Miss Mary Ralph Writes to Mrs. McCarthy Telling of Earthquake.

Mrs. A. McCarthy has received a letter from her friend, Miss Mary Ralph, from San Francisco, in which the writer describes the narrow escape of her home from distruction. The letter was written on May 9th and Miss Ralph says:—

"We have indeed had a very trying time for what destruction the earthquake did not do, the fire did. Only fancy, eight square miles of burnt district, and what was once a beautiful city—now nothing but heaps of ruins. The fire burned Twentieth street and Twenty-first street. Where we live was to have been blown up with dynamite, but a number of willing young fellows took the fire engine up the hill and put it out, the firemen being exhausted, and the supply of dynamite had run short, so our house was spared, and I shall love it more than ever. Looking out of our back window as far as the eye can reach not a house is standing, but thank God our lives are spared.

"Already there are little shacks going up in all directions, which looks very much like a mining camp. The blocks below us still have no water. All our cooking is done on bricks in the road or old stones; we call them gutter kitchens. We have no gas, have to use candles, and the poor people stand in line for hours, waiting for food, to be given out, and only a few boards put together to sleep on. We have been sewing for charity, I have made eight little dresses and am cutting out more. As long as the shocks last it makes me nervous. No tongue, pen or book can ever tell what that first awful shock felt like."

LAXITY IN PAYMENT OF THEIR TAXES

A large number of non-payment of statute labour taxes cases were disposed of by His Worship P. M. Dumble at the police court this morning. The informations were piled high on the judicial desk, and much time was taken up in consideration of the charges. Some of the defendants were fined $2, others had to pay the 35 cents costs, and some cases were dropped. Only one man appeared in court to answer the roll call.

"I don't think I have a right to pay statute labour taxes and rent," said he.

"You're right," said His Worship, and he was allowed to depart.

MRS. EMMA FLEISSNER

Suffered Over Two Years—Health Was in a Precarious Condition—Caused By Pelvic Catarrh.

HEALTH AND STRENGTH RESTORED BY PE-RU-NA.

Mrs. Emma Fleissner, 1412 Sixth Ave., Seattle, Wash., Worthy Treasurer Sons of Temperance, writes:

"I suffered over two years with irregular and painful periods. My health was in a very precarious condition and I was anxious to find something to restore my health and strength.

"I was very glad to try Peruna and delighted to find that it was doing me good. I continued to use it a little over three months and found my troubles removed.

"I consider it a splendid medicine and shall never be without it, taking a dose occasionally when I feel run-down and tired."

Our files contain thousands of testimonials which Dr. Hartman has received from grateful, happy women who have been restored to health by his remedy, Peruna.

THE NEWS OF CITY AND THE DISTRICT

Weather To-day—Fair and warmer. To-morrow—Fair, with a few scattered thunder showers.

Council Meeting.

—The City Council will hold a meeting to-night.

Happy at Last

Miss Blackwell the Famous Girl Entertainer—Gabrielle Theodora Butterfly Cured Him.

This lady says: "For the first time since I have been married I can be happy, proud of the full bulk of clothing. Dropped months ago your coat was a thin sample of your remedy at my request, and without my husband's knowledge I gave it to him in his tea and coffee. I then got a full treatment and gave it privately. It is wonderful, and I cannot sufficiently thank you for the blessed change it has brought to my home."

Free Package and pamphlet giving full particulars, testimonials and price sent in plain sealed envelope. Correspondence sacredly confidential. Address: THE SAMARIA REMEDY CO., 9 Jordan Chambers, Jordan St., Toronto, Canada.

Also for sale by H. S. Macdonald.

MR. HALL MADE A CAPABLE SPEECH

The Ottawa Journal pays the following tribute to the member for West Peterborough: "Mr. R. B. Hall, of Peterborough, made a most excellent speech on the value of waterways. The younger members have been getting an innings lately, and if some of the same speeches were delivered by the front benchers, most folks would cheer lustily and think they were getting great value for that indemnity."

TAKE AN AUTO TO BUY HORSE

Ald. Adams, Ald. Elliott and Chief Rutherford went to the township of Smith this afternoon in an automobile for the purpose of buying a horse, or team, for the fire brigade service.

MOVING A HOUSE FROM RUBIDGE ST.

A house belonging to the Chamberlen estate is being moved from Rubidge street, south of All Saints' church to Bethune street, south of Dalhousie street. This is one of the first houses to be moved since the bylaw governing the moving of buildings on the streets was passed, and Mr. H. C. Winch secured the necessary permission from the city engineer to proceed with the work.

Salvation Army Excursion May 24

The Str. "Water Lily" Has Been Secured for That Date.

Last night at a meeting of the Salvation Army Band it was decided run an excursion on May 24th per steamer "Water Lily" down the Otonabee River. The excursionists will visit Jubilee Point, Idyl Wyld and other Rice Lake points. The Band will be on board to provide the music. As this is the first excursion from the city this year a great number will no doubt welcome the opportunity of spending a quiet day the Otonabee.

Signal Corps Has Been Named

Chart With Code of Signals Arrived Here Yesterday.

Last night at the meeting of the 57th Regiment, the men composing the Signalling Corps were named. Last week Col. Miller appointed Lieuts. Kelly and Wallace as the officers in charge of the Corps and wrote the Chief Staff Officer at Kingston notifying him of the appointments.

Yesterday the chart containing the code of signals showing the different movements of the lanterns, flags and heliograph, arrived and was placed in the drill hall. An instructor is expected towards the latter end of this week or the beginning of next week the work of learning the signals will be begun at once.

Port Hope Man On Walking Tour

"Jimmie" Reynolds Undertakes to Walk to Toronto.

Port Hope, Ont., May 15.—The redoubtable tonsorial artist and all round sport, James Reynolds, the popular sporting backer of the 'Ontarios," last winter's Junior O. H. A. champions, has again become motorious by accepting a challenge to walk from Port Hope to Toronto, a distance of about sixty-three miles, within twenty-four hours. A straight bet of $135 has been deposited by Reynolds, and numerous side bets have been made by local sports.

Reynolds, who is well known by the travelling public throughout the Province, is fifty-five years of age, stands five feet four and one-half inches in height, and weighs 155 pounds. Some years ago he went ten miles in a sack in two hours, and he has gained notoriety since at various times on waggers, but in this, his greatest undertaking, he is handicapped by his advanced age and lack of training. The start will be made from Port Hope at seven a.m. on Monday, June 4th, and to win Reynolds must walk to the King Edward Hotel, Toronto, before seven the following morning.

A number of persons intend to accompany Reynolds by carriage from here.

IN THE GOOD OLD FASHIONED DAYS

Powdered Wigs Formed an Important Adjunct to a Gentleman's Apparel.

It is safe to say that the majority of bald men of to-day would gladly revive the old, dignified custom if they could. But, they can do the next best thing to it; that is, hold on to what hair they have.

In cases where the hair root or hair bulb has not been completely destroyed by parasites that infest it, Newbro's Herpicide will do wonders in the way of encouraging a new growth of hair. Destroy the cause, you remove the effect. That is the successful mission of Herpicide. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Company, Detroit, Mich. Ormond & Walsh, special agents.

SELF-DENIAL WEEK CLOSES TO-MORROW

Self Denial Week at the Salvation Army closes to-morrow night. The interest shown in the Self Denial has been very great and there is a keen competition among the four classes in the race for the largest amount collected. The class which gets the most money over the amount alloted to them obtains the banner offered by the Salvation Army to the best workers. The banner winners will be made known to-morrow night.

The Results of Weak Blood

TIRED BRAIN AND BODY AND LANGUID, WORN-OUT FEELINGS—CURE IN

Dr. Chase's Nerve Food

In the spring the blood is lacking in the red corpuscles wherein is found the life-giving principles which put snap and energy into the system—making the body active and the mind alert.

For lack of red corpuscles in the blood, the lungs are weak, the action of the heart feeble, the stomach fails to properly digest the food, the liver kidneys and bowels become sluggish and inactive.

Dr. Chase's Nerve Food overcomes these conditions because it contains the very elements of nature which go to increase the number of red corpuscles in the blood.

Mrs. Gross, 148 Rubidge street, Peterborough, Ont., states: "I have used Dr. Chase's Nerve Food in my family, and have found it to be a great nerve builder. One of my children had been troubled with nervousness for a number of years, and suffered greatly from dizzy, nervous headaches. Dr. Chase's Nerve Food has entirely cured her of these symptoms, and to-day she is real strong and healthy. We do not lose an opportunity of recommending this splendid medicine."

It is interesting to note your increase in weight from week to week while using Dr. Chase's Nerve Food: 50 cents a box at all dealers, or Edmanson, Bates and Co., Toronto.

Sunlight Soap is better than other soaps, but is best when used in the Sunlight way.

To appreciate the simplicity and ease of washing with Sunlight Soap in the Sunlight way you should follow directions.

After rubbing on the soap, roll up each piece, immerse in the water, and go away.

Sunlight Soap

will do its work in thirty to sixty minutes.

Your clothes will be cleaner and whiter than if washed in the old-fashioned way with boiler and hard rubbing.

5c. Buy it and follow directions. 5c. Lever Brothers Limited, Toronto

Talks on Orange Meat
(THE PURE FOOD)

Oven Perfection.

If you are a woman, you would revel in the huge ovens that cook Orange Meat. Much of the crisp deliciousness of Orange Meat is due to their matchless baking.

After the wheat has been cleaned, steam cooked, malted and flaked—the moist flakes are conveyed by automatic carriers to the ovens.

Endless steel screens carry the flakes back and forth, toasting each flake to a rich, golden brown—the final stage in our peerless process of converting a grain of wheat into the most perfect food known to science.

As the major part of every meal for thin people—dyspeptics—"bloodless" folk—those whose systems are "all run down"—and especially for children—Orange Meat has a place that nothing else can satisfy.

A lady in Walkerton says:—"Orange Meat is very wholesome. My brother at 8½ years old, has taken a great liking to it, and I am glad, as it seems such a light wholesome food. I would recommend to those afflicted with stomach trouble."

At all grocers in 15c. and 25c. packages. Every 15c. package contains a coupon, good for premiums. 25c. or "Jumbo" package contains 2½ times the quantity of 15c. size. Write "Orange Meat, Kingston," for new premium catalogue.

Best Kidney Remedy Known To Science

For pain in the back—scanty urine—highly colored urine — irritated bladder — irregular bowels—bad stomach — there is nothing that will bring such quick relief and so certain a cure as FRUIT-A-TIVES.

These marvelous tablets are nature's natural remedy for irritated or weakened kidneys. They act directly on the kidneys—soothe the irritated membranes—clean, heal and strengthen the organs—and help them to new vigor with their work.

Often kidney trouble is not due to any organic defect in the kidneys. If the bowels are constipated—if the skin does not throw off the tissue waste of the body—then these impurities are carried to the kidneys. In a vain endeavor to rid the system of impurities, the kidneys are overworked—the blood vessels are dilated—the nerves inflamed. That causes a host of kidney troubles.

Fruit-a-tives
OR "FRUIT LIVER TABLETS"

not only heal and strengthen the kidneys but they also increase the action of the skin, and act directly on the liver, thus curing the constipation.

FRUIT-A-TIVES are the natural and logical *cure for all kidney troubles*. They are made of fruit and tonics—are pleasant to take—and a guaranteed cure when faithfully used. 50c. a box or 6 boxes for $2.50. Sent on receipt of price if your druggist does not handle them.

FRUIT-A-TIVES LIMITED OTTAWA.

WEDNESDAY, MAY 16, 1906.

ETERNAL VIGILANCE.

It seems that eternal vigilance, which is described as the price of liberty is the necessary condition of healthy conditions. There is a demand for the creation of conditions making the inspection of our milk supply possible, but it authority to inspect milk is no more suspected than the bylaw relating to plumbing it will be a very dead letter. There is a bylaw upon the statute books of the city requiring every plumber before he begins work in installing a service to procure a permit for proceeding with the work, and any neglect to do this, involves a heavy penalty. The bylaw also requires every plumber to file a return, showing particulars of the work done. This is a reasonable provision and an indispensable one if there is to be efficient inspection, and therefore, protection to householders. How can work be inspected if the inspector does not officially know of it being done. And if, under the closest inspection, there is a possibility of work being scamped, how infinitely more so when a plumber has full power to do work as he pleases, which we know is not always of the best quality. Proper plumbing is one of the most important elements of a safe and healthy home. Poisonous sewer gas, which with "botch" or careless plumbing is so insidious in its working, permeates a house while the occupants are sleeping, and works in so stealthy a manner that great injury to health can be done before the source of the trouble is discovered, that it is of the utmost importance that absolutely safe plumbing be demanded. This can only be secured by proper inspection. For a time plumbers paid some attention to the requirements of the plumbing bylaw, but they have grown careless, and it is stated a great deal of work is being done without a permit and consequently without inspection. It is therefore with pleasure that it is noted that hereafter rigid enforcement of the bylaw will be made, and plumbers who do work without a permit will be prosecuted and punished. It may be a fine thing for plumbers to make large profits such as is easily possible when both the quality of the work and the charges made are under their unsupervised control, but the health of householders is far more important than any considerations of pecuniary profit.

EDITORIAL NOTES.

How good and pleasant a thing to see brethren dwell together in unity, is sometimes unexpectedly ex-emplified. At the funeral of Archbishop O'Brien of Halifax, the ministers of the several Protestant churches were present as a mark of respect. While Protestant and Roman Catholic clergy in life work in the interests of their respective spheres from their conception of the right way, this can be done without bitterness or bickerings, and when the common end comes, as it must come to all, it is pleasant to see all differences laid aside, and a union of sympathy take place around the open grave, the common gateway to a better life. No matter how widely their ways in life seem to diverge, every way, so long as it is via crucis, leads to the same goal.

Canada is cutting down the time of ocean transit, and consequently cutting a large figure in the shipping world. The Empress of Britain, the new C. P. R. steamer, crossed the Atlantic from land to land in three days and sixteen hours. So successful is the essay of the C. P. R. in trans-Atlantic ship exploitation that the company proposes to build three more floating palaces like the Empress of Britain. When the Grand Trunk Pacific Company enters into the running of trans-Atlantic liners, not to speak of other Canadian lines, Canada's contribution to trans-Atlantic and trans-Pacific transportation will not be equalled by any other power than Great Britain.

The Examiner has received a copy of a brochure from Messrs. Perron, Gagnon & Co., Chicoutimi, P.Q., illustrating a new machine, for which they hold the patent. It works automatically, almost. With one man to operate it, this machine will saw, it is claimed, as many billets of pulp wood out of the log as eighteen or twenty men. This will be an immense convenience to pulp wood manufacturers, the saving of labour being a most important item, especially when there is such a scarcity of men for all sorts of employment. Only those engaged in the business can appreciate the importance of this new machine.

Locks Water Power Offered For Sale

Mr. Jas. Irwin Will Sell Power by Public Auction.

Mr. Jas. M. Irwin, of Kenora, Ont., trustee, is offering for sale at public auction, his developed water power, on the east side of the Otonabee Rive, known as the Locke water power, at the outlet of the Little Lake.

There is a head of about ten feet at this point which would give a horse power of about 2414.

The property contains seventeen acres on which are two dwelling houses and the property has 900 feet frontage on the river.

The sale will take place in Toronto on June 13th, the auctioneers being Messrs. Chas. M. Henderson & Co.

For Victoria Day.

Grand Trunk have made rate of single fare for round trip, good May 23rd and 24th, returning until May 25th between all stations in Canada, also to Suspension Bridge and Buffalo, N.Y., Detroit and Port Huron, Mich. Call on agents for tickets. 3d

Zam-Buk Again Triumphant

A Toronto Man Tells How This Herbal Balm Rid Him of Skin Disease.

Drove It Completely From His System.

Once again we have to report a case in which Zam-buk, the great herbal balm, which has recently come so much to the fore throughout Canada, has triumphed over skin diseases. Mr. George Rhinehart, of 210 Wilton avenue, Toronto, is the grateful subject of this recent cure, and here is his story. He says:

"Last winter I had a big sore appear on the back of my hand. I thought it would go way but instead of doing so it got worse. A patch of about four inches square became inflamed, then the skin broke and the sore mattered and discharged freely. Not only was it very unsightly but it was very painful, too. In spite of my care it got worse, and to my great alarm, a second inflamed patch appeared on my left hand. This was followed by an outbreak on my arm, and on the calf of my leg. The pain from these patches was terrible. At times when I got thoroughly warm they itched until I could hardly bear it. I used ointments and salves of all kinds but got no benefit. I read a report in the newspaper one day of how a case of Eczema of long standing had been cured by Zam-buk. I had tried so many things in vain that I doubted whether Zam-buk could cure me. My wife advised me to try it, and I did so. The first few applications gave me relief from the terrible itching and also soothed the pain. I cleaned the wounds thoroughly once daily, and applied Zam-Buk as directed. Within a few days there was a marked improvement, and gradually the wounds began to close. The discharge ceased and the skin began to grow again. Within a short time of commencing with the Zam-Buk treatment all the four wounds were not only closed up but all the patches were covered with new, healthy skin.

"I consider Zam-Buk a wonderful balm and shall always recommend it to my friends. If it can cure such serious skin diseases as mine was it must be a very speedy cure for cuts and slight injuries sustained in one's every-day work. I shall always keep a box handy."

As Mr. Rhinehart says, Zam-Buk is good not only for eczema, ringworm, ulcers, abscesses, discharging sores, barber's itch, serious skin diseases generally, but it is a household balm. When applied to cuts, bruises, burns, scalds, sore breasts, boils, etc., it heals them in wonderfully short time. It differs from ordinary ointments in being made purely from vegetables essences, and contains no trace of the rancid fats or animal oils found in many ointments and embrocations. It does not contain either any mineral colouring matter.

Obtainable from all druggists at 50 cents a box or post paid from the Zam-buk Co., Osborne street, Toronto, upon receipt of price.

CONCRETE CROSSING ON GEORGE STREET

This morning Street Commissioner Evans started a gang of men at work on the construction of a concrete crossing on George street, at the Hunter street intersection. This crossing has been in very bad shape for some time, and is perhaps the most frequently used of any in the city. It will be welcome news, therefore, to the citizens that at last a concrete walk is to replace the old worn cut wooden crossing.

Fire, Water and Light Committee In Session

Routine Business Transacted—Fire Protection for Auburn Woollen Mills Discussed—Fire Limit By-law Question Renewed—New Team for Fire Hall Will be Purchased.

The Fire, Water and Light Committee of the city council met last night in the council chamber, at which a number of small matters were considered. Those present were Chairman Adams, Ald. Elliott, Duncan, Graham and Mayor Best.

Fire Protection at Auburn.

In regard to the communication from Mr. James Kendry, making application for fire protection, it was moved by Mayor Best and Ald. Elliott, that the matter be left in the hands of the Water Commissioners to advise the committee of the best method of giving the Auburn Woollen Mills fire protection. —Carried.

Petitions.

A letter was received from the secretary of the Water Commissioners asking that a hydrant be placed on the new main on Charlotte street, at the corner of St. Thomas street. The next hydrant is about 500 feet from this spot. This was left over.

A petition was received asking for a light on the corner of Dublin and Downie streets. The committee will meet on Friday night at 8.30 and inspect the locality where the light is wanted.

A petition was received asking for a hydrant at the corner of James and Mark streets. It was moved by Ald. Elliott and Graham that the request of the petitioners be granted, if the Water Commissioners see fit.—Carried.

Fire Limit By-Law.

In respect to the right of building residences with nine inch walls within the fire Limits a great deal of discussion was held. The houses which the committee had in mind were those being erected by Messrs. Finnie and Turner on Water street.

Ald. Elliott thought that the by-law should be amended and extended in favour of permitting these gentlemen to build the nine inch walls.

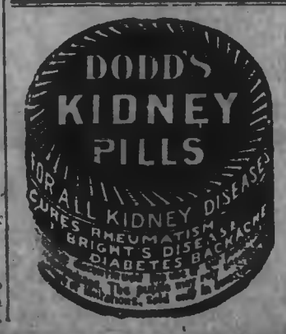
Ald. Graham thought that this would be setting a precedent that might be injurious to the city, as others, nearing the main portion, would be applying for the same privilege. A nine-inch wall, he said, would not stop fire. It generally is warped by the heat and then falls.

Mayor Best considered that an inspector should be appointed to report on the question, and it was moved by Mayor Best and Ald. Duncan that the city engineer be instructed to look into the matter and give his opinion to the committee as to whether a nine inch wall would be sufficient in any part of the city limits.—Carried.

New Fire Team.

On account of the death of one of the horses belonging to the fire hall it has been found expedient for the committee to purchase a new team for the water and fire wagons. Ald. Elliott knew of a team in Enmismore for sale which he thought would be suitable, and which the committee will consider today. If they are not purchased it was decided that the chairman be authorized to advertise for a team.

The meeting then adjourned.



Oddfellow Died In Republic

Former Peterboro' Man Passed Away In Washington Territory.

Mrs. G. W. Hall received a despatch this morning, stating that Jos. A. K. Hall, had died last evening in Republic, Washington. The remains will be buried there this afternoon. Mr. Hall was born in Peterborough, where he and his brother George W. Hall, carried on a large bread business for years. He left here a number of years ago for Spokane. The deceased was connected with the Oddfellows here.

OBITUARY.

ESSIE LOUISE DEYELL.

After a year's illness, during which the deceased suffered from lung trouble, Miss Essie Louise, third daughter of Mr. Samuel Deyell, of Otonabee, passed away yesterday at her home. Deceased was a bright young lady of 17 years of age, and her death at this untimely age will cause the deepest regret, not only among the members of the family, but in the wide circle of friends, which, by her genial disposition, she made.

The late Miss Deyell, while she had been ailing for more than a year, had been confined to her bed only a comparatively short time. About a year ago she went to the sanitarium at Gravenhurst, where she improved somewhat, and for some time after her return she regained almost her usual health, but her system was unable to throw off the disease, and latterly she became worse again, and in spite of the utmost care and medical attention, she gradually failed, and passed away yesterday.

She is survived by her parents, and three sisters and one brother. The sisters are Misses Mary, Lucilla and Annie, and the brother, William Barton. The funeral will take place on Thursday at 2.30 from the family residence, lot 9 con. 14 Otonabee, to the Little Lake Cemetery.

CATHERINE STEVENSON.

The death occurred last night at 9.30 at the Nicholls Hospital of Catherine Stevenson at the age of 39 years. The deceased had been ill for over a year with heart disease which was the cause of her death. She is survived by two sisters, Mrs. E. Hargrove, Weller street, and Mrs. Thos. Hawkins, East City, and two brothers, John and David, now residing in the United States.

The funeral will take place to-morrow morning at 9 o'clock from the residence of her brother-in-law Mr. Hargrove, 18 Weller street, to St. Peter's Cathedral and thence to the St. Peter's Cemetery.

Suffered for 23 Years With Kidney Trouble.

CURED AT LAST BY GIN PILLS.

Whether you are just beginning to feel the first twinges of kidney pains—or whether you have tried for years to find relief—Gin Pills will cure you. Surely you can't doubt their virtues after such a letter as this:

"I sent for a free sample of your Gin Pills some time ago, and found them to give me great relief, so I put myself under the treatment, and am now using the third box, and feel myself entirely cured. I have suffered with my kidneys for 23 years. At the time I began taking Gin Pills I could not turn in bed without pain. If I moved at night, the pain would be so great that it would wake me up. Now I am free of pain, and feel as well as I did 23 years ago. I feel it my duty to let you know about Gin Pills, so that it might be the means of relieving some other sufferer.

"HENRY WAKEFORD, Toronto."

Gin Pills hold out a guarantee of certain, quick relief. They will stop the pain—heal the sick kidneys—and build up the whole system—or your druggist will refund your money. That shows our confidence in Gin Pills. We will do more. We will send you a trial box of Gin Pills absolutely free if you will write asking for it and state the name of the paper in which you see this. You can thus test them at our expense and see for yourself whether or not Gin Pills are all that we claim them to be. Gin Pills are for sale at all druggists. 50c a box—6 boxes for $2.50. The Bole Drug Co., Winnipeg, Man.

Neglect Your Watch

THIS MAN DIDN'T HAVE ANY CANINE

Weston Fallis hasn't had a dog since he moved from the farm to the city, two years ago, yet he was in the police court this morning, charged with non-payment of his dog tax.

"What about the big hound that has been around your place?" asked the chief.

"I don't know anything about it," replied Fallis; "I've never had a dog since I've lived in the city, and I can get my neighbours to prove it."

"Never mind," said the chief; "we will take your word for it."

The Turner Factory Will Be Enlarged

Another Story to be Added to the Factory of J. J. Turner & Sons in the Near Future—Increased Business Makes This a Necessity.

It is understood that arrangements are being made to largely increase the floor space of the factory of Messrs. J. J. Turner & Son, made necessary by the increase of business which this firm enjoys. One of the contemplated enlargements is to double-desk the lower floor, where the manufacture of horse blankets will be carried on on a more extensive scale than ever. This is not the only plan that this firm has in contemplation for the accommodation of their growing business. It is understood that in the very near future another storey will be added to the building, which was so constructed that this could be carried out without any interruption of the work carried on in the top storey while the enlargement is being made.

This is the healthy sign, and every citizen will learn with satisfaction that the company's business is increasing to such an extent as to make it necessary to enlarge their premises.

REVOLVER SHOOTING AROUSES AYLMER STREET RESIDENTS

One night recently a couple of young men in concealment on Aylmer street began shooting off revolvers and disturbing the sleep of the inhabitants along the street. A prominent business man on George street had just returned to his residence which is in close proximity to the spot where the midnight marauders chose to celebrate their riotous behaviour. The police were informed by telephone and presently one of the number appeared at the scene of the disturbance, but only to find that the miscreants had disappeared. After a diligent search by the officer they were located in hiding by a fence. The revolver was knocked from the hand of the fellows and both were taken into custody by the policeman. They stated they worked for a farmer in the country, but when the summons were taken out they had disappeared and have not been heard of since.

A 150,000 FOOT GAS HOLDER IS ORDERED

"A 10,000 cubic feet gas holder has been ordered by the Peterborough Light and Power Company, and will be delivered inside of three weeks," was the statement made by Mr. Larmonth to-day. The company is very fortunate in being able to secure a holder already made, otherwise it would have been necessary to wait for six or eight months to order one made.

As soon as it arrives it will be erected, and its erection will greatly facilitate the operations of the company. The demand is rapidly increasing, and in addition to the installation of the new holder, about three miles of mains will be taken up and replaced by larger pipes.

The present holder, the capacity of which is 24,000 feet, is altogether too small to meet the demands.

UNDERGROUND GANG GO TO NIAGARA FALLS

The gang of men which the Bell Telephone Co. had in the city for the purpose of proceeding with the work of laying the wires of the company underground, left to-day at noon for Niagara Falls, where they will have a three months' job putting the wires underground, and their removal means that in all probability no similar work will be done here now until they finish at the Falls. Mr. Doan states that he had the men here in readiness to proceed with the work if the Council had given them permission but the company could wait no longer, and sent the men to a place where they could work.

Coal Dealers Will Conduct Cash Business

Have Decided Not to Give Credit in Future—Margin of Profit is Small and Course Adopted Necessary in Order to Make Reasonable Profit.

The Examiner understands that the coal and wood dealers of Peterborough will in the future conduct their business on a strictly spot cash basis.

This step has been taken in view of the fact that the recent coal strike has advanced the wholesale price for coal 20 cents per ton. The coal merchants, rather than raise the price of coal, have come to the conclusion that it will be more advisable to conduct a cash business than to charge their customers more for their coal. The price of coal for the month of May is $6.90 per ton, and for the best maple $6 per cord. Soft wood sells at from $4 to $4.50 per cord.

One of the effects of a coal strike, and one that has been particularly marked in the last strike, is to limit the coal supply, and make it very difficult for the wholesalers to have their orders satisfactorily filled. The last strike has been the cause of much annoyance and loss to the dealers, and as they have to pay cash the margin of profit is very small. It is therefore necessary for them, in consideration of the present advance in the wholesale price, to take the course they have, and they now ask cash for their coal without exception. Nearly all the coal dealers throughout the United States and Canada have come to the conclusion to conduct their business on a cash basis, and the majority of their customers will approve of the stand they have taken. To give credit in the coal business is practically like lending so much money. The household consumers will not require coal for many months and will therefore have plenty of time to prepare for the stand taken by the coal merchants.

PERSONAL MENTION

Mr. R. H. Leary is in Toronto today on business.

Mr. C. S. Tanner, Lakefield, was in the city to-day.

Mr. E. H. Taafer of Winnipeg, was in the city to-day.

Mr. B. N. Robinson of Coaticook, Que., was registered at the Oriental to-day.

Dr. Riddle and Mr. N. W. Whitfield of Pittsburg, were in the city to-day.

Mr. W. J. Weatherilt, Bethany, cheesemaker, gave the Examiner a call to-day.

Mrs. George Burnham (nee Kendry) will receive with her mother to-morrow afternoon.

Mr. Will Harper of the Bank of Toronto staff, Gananoque, is spending his vacation at his home here.

DON'T RISK YOUR HEALTH

Typhoid fever often lurks in the water. In times when a general typhoid epidemic is imminent, it is dangerous to drink water when there is a reasonable doubt as to its purity. Fortunately there is at hand Canada's finest table water, acknowledged by physicians and analysists to be absolutely pure. This is "Sanitaria," which is bottled at the springs at Arnprior, Ont. A. Rountree, local agent, and most dealers in Peterborough are ready to supply families with any quantity of "Sanitaria," both sparkling and still, in any sized bottles desired. They deliver orders to the home and call for empty bottles free of charge.

There will be a Private Sale of Household Furniture every afternoon and evening this week at 331 Water Street. 114-2d

TAYLOR FAMILY RELIEF FUND

The response to the Examiner's appeal to the above fund has been liberal and still there is room for more. A pleasing innovation in the contributions is represented by the action of the Peterborough Lodge of "Elks," which last night voted $10 to the fund, an example which may be followed. The total amount received to-day is $244.75. The following is to-day's list:

Previously acknowledged ...	$229 75
Peterborough Lodge of Elks..	10 00
Mr. G. W. Green...	2 00
Mr. George Minorgan...	1 00
Dr. F. L. Robinson...	2 00
	$244 75

The undersigned have For Sale, for Removal a two-storey Brick House, with Frame addition. Purchaser to remove at his own expense. The Peterborough Light and Power Co.

BIRTH.

ADAMS makes a speciality of Ladies' Ready-to-put on Blouses of all kinds, consequently the best values for your money.

HARRY ADAMS

CANOEISTS COMPLAIN OF CURRENT BELOW LOCKS

The condition of the affairs at the Locks is again being made the subject of complaint by canoeists on the Otonabee. They complain that the current below the dam is so bad that it is extremely difficult as well as dangerous, to paddle against it, and they say that a serious accident might easily occur there. It was bad enough in the olden days, but since the building of the new dam closer to the slide conditions have become a good deal worse. Skilful canoeists have trouble in accomplishing the feat of ascending the stream as far as the slide, and for those not experienced in the handling of a canoe there is extreme danger of an upset.

It is suggested that a concrete breakwater should be built parallel to the pier, which would leave a passage way of calm water through which canoeists could pass without danger. The expense would be more than counterbalanced by the absence of any chance of an accident occurring.

One canoeist complains that the iron rollers on the slide would not revolve the other day with the result that the bottom of his boat was badly scraped.

WATER STREET TRACKS ARE BEING FILLED IN

The Radial Railway Company has a number of teams at work on the north end of George street filling in between the rails and outside to a distance of 20 inches as provided by the agreement with the city. This will greatly improve this street for vehicles, because before this was done the ties in many places were bare and the street was in a dangerous condition to drive on.

WE DID BIG BUSINESS LAST WEEK

Went way ahead of corresponding week a year ago. Of course this is due to but one thing—and that is without a sale we give as good or better values than other stores. To-day we continue our Special Sale with prices lower and qualities higher than usual :—

The Almighty's Eye Frightened Britain's Foes

More Effective Against Zulus Than White Men's Bullets.

FLASHLIGHT SCARES THEM

Effect of a Display Given by a Native Commissioner—As Searchlight Flashed They Fell to Ground, Saying God Had Turned His Eye Upon Them in Anger — Zulu Chief Bambaata Crosses Into Natal.

Durban, Natal, May 16.—It is reported that Bambaata, the insurgent Zulu chief has crossed into Natal. Heavy gun firing was heard on May 12 from Nkandhla, which recommenced yesterday afternoon.

A despatch from Greytown says that serious fighting is in progress in Zululand. Heavy gun fire was heard Monday at Krantzkop.

Several native tribes on the Natal side of the Tugela River are reported to be ready to rise.

Searchlights promise to prove as effective weapons in subduing the sedition of the Zulus as the British guns, judging from the display given Monday night by a native commissioner, Mr. Saunders, before a huge gathering of Zulus at Kandhala headquarters of the punitive force.

The natives were awe-struck and regarded the search light as the eye of the Almighty, and said that God had turned it upon them in his anger. The flashing of the light on the surrounding hills, bringing in plain view the Kaffir trails as far as the horizon, powerfully impressed the Zulus, who when the light was suddenly flashed in their faces, cowered and fell on the ground before what they termed the "latest witchcraft of the whites."

COMPLETE IN SIX WEEKS.

Judge MacTavish Announces Sittings of the Insurance Commission.

Ottawa, May 16.—Judge MacTavish expects that the insurance commission will complete its work in about six weeks.

The commission will resume in Toronto next Monday and should finish in two weeks there.

There will then be a sitting for a few days in Montreal, and the work will be completed in Ottawa after which the report will be compiled at once.

Rev. Mr. Crapsey Guilty of Heresy.

Rochester, N. Y., May 16.—Rev. Algernon S. Crapsey was found guilty of heresy by the ecclesiastical court which tried him at Batavia recently. The judges say sentence should be passed as follows:

"That the respondent should be suspended from exercising the functions of the church until such time as he shall satisfy the ecclesiastical authorities of the diocese that his belief and teaching conform to the doctrine of the Apostles Creed and the Nicene Creed, as this church hath received the same. However, we express the earnest hope and desire that the respondent may see his way clear during the thirty days, that, under the canons of the church, must intervene before sentence can be pronounced to the full satisfaction of the ecclesiastical authorities of such conformity on his part."

FALSE ANNOUNCEMENT.

Hon. Dr. Reaume Denies That His Condition is Critical.

Windsor, May 16.—Hon. Dr. Reaume, who is resting at home here, is intensely annoyed over the statement in a Toronto evening paper that he had undergone an operation for a cancerous growth in the mouth at the Detroit Hospital Monday, and that his condition was critical. He will go to Detroit in a day or two to undergo a minor surgical operation, but he is otherwise perfectly well.

PASSED SECOND READING.

Colonial Marriages Bill Under Discussion in British House.

London, May 16.—(C. A. P.)—In moving the second reading of the colonial marriages bill Lord Elgin said that the object was not to alter the marriage law of any part of the Empire, but to remove inequality. The second reading passed without division.

From Natural Causes.

Victoria, B. C., May 16.—The coroner's enquiry into the death of the infant daughter of William Duval, which has been in progress over four months, terminated yesterday in a verdict of death from natural causes, medical evidence showing the child had probably died of convulsions. Dr. Fagan's analysis showed that neither the stomach nor Steedman's teething powders, which had been blamed, contained any trace of narcotic poisoning.

In the Cells Again.

Kingston, May 16.—Cheshahum, the escaped murderer, is again in the penitentiary. He was away just a week. The prison gates opened for him at two o'clock yesterday morning. No punishment beyond close confinement will be given him, as his sentence is already for life. He is quite satisfied to be back. He says his escape was of his own invention; not a soul aided him.

Duke of Connaught to Visit Canada.

London, May 16.—(C. A. P.)—The Duke of Connaught will leave England for Canada in the latter part of September.

The Canadian Associated Press has also heard that Sir Wilfrid Laurier personally supplemented the appeal that the King should visit the Dominion, emphasizing how great would be the appreciation of the French population.

Prairie Fires in Alberta.

Lethbridge, Alta., May 16.—The mounted police reports indicate that over six hundred square miles of prairie and has been scorched by fire in this and the Calgary districts this spring. Reports from the south country show that at least 300 square miles have been ignited and burned off in the Crow's Nest section. The damage is enormous.

'THE STRENUOUS LIFE'

of the present day calls for every appliance that will economize time. The successful farmer must lead a strenuous life during his season for it is crowded into half the year.

A Bicycle saves time; saves his horses; saves work, and is comfortable and rapid transit.

The successful city man must account for every moment lived in the twelve months. He has street cars, yet he prefers the bicycle because it is more economical, convenient, and is a time saver.

And the **CLEVELAND** is the Bicycle that satisfies and delights the rider.

Latest News Of Various Sports

Shamrock Team Will Reorganize

Most of the T. A. S. Players are Available for Fast Team.

A proposal is under way to reorganize the old Shamrock Baseball Club which had such a successful team years ago and from which generated the T. A. S. team. Most of the players are in the city and anxious to turn out. It is suggested that games could be played with the Trent Valley teams as well as with the Guild League organization. Those behind the scheme say them have strings on the following players:—Callaghan, Treanor, Fitzpatrick, Dercher, Craig, Duncan, Fitzgerald, and Cahill of the T. A. S. team, Lacombe, of Bobcaygeon, O'Toole of the old Elm and several other players. Some definite steps will be taken in a few days.

Hickey Will Be Here This Week

Fast Toronto Twirler Has Signed With the Pirates.

The Peterboroughs are practising hard those nights. Hickey the Toronto twirler will be here in a day or two. He is a fine ball player and a gentleman on and off the field.. He will be sure to make a home here with the fans.

• • • •

Law Walker is expected any old time —he is a third baseman and will likely be played there.

• • • •

With Walker at third, Dubby Shea at short, Whitcroft at second and Fitzpatrick and Treanor for first, Hickey and Quinlan on the slab, and Rattray doing the back stop work, they will be hard to beat. For the out-field Jack Sheridan, Jack Connors, Jimmy Callahan, Carter (Boston) Mattieson (Montreal) that ought to hold some of the hard hitting teams at bay.

BASEBALL

The Guild Leagues are doing some tall hustling these days. Each team has enough men to put two or three teams in the same league.. Jim Pilling's arm is in good shape this season. He and Roddy will make a hard pair to beat and with Lang doing the receiving, Charlotte Street looks bright for the pennant again. Yet St. Paul's have some good men this year. They have a good chance to win their lost laurels back. If the team is picked and placed on the field properly it looks the best in the league.

George Street are somewhat of an unknown quantity. They have some (well-known men on their team and if the new ones are as good as Bill Metheral tips them off at, they will win the pennant in a walk.

• • • •

Quinlan received an offer last night to pitch for Campbellford this year. It is altogether probable that he will accept it. Shea will likely catch for Campbellford.

• • • •

Toronto again lost to Newark yesterday, 3-1. If they win the Eastern League pennant no one can say that they didn't start at the bottom of the ladder.

• • • •

The Strathconas will practise tonight at 6.30 at Nicholls Oval. All players are asked to be on hand early.

TURF.

Lady Gothard, Little Jap, and McCollum's unnamed mare had a hot go at the Driving Park yesterday afternoon with Lady Gothard coming under the wire first in 2.33, which is remarkably fast considering the earliness of the season. The track was in good shape and the horses stepped lively.

THREE TRYING TIMES IN A WOMAN'S LIFE

There are three periods of a woman's life when she is in need of the heart strengthening, nerve toning, blood enriching action of

MILBURN'S HEART AND NERVE PILLS

The first of these is when the young girl is entering the portals of womanhood. At this time she is very often pale, weak and nervous, and unless her health is built up and her system strengthened she may fall a prey to consumption or be a weak woman for life.

The second period is motherhood. The drain on the system is great and the exhausted nerve force and depleted blood require replenishing. Milburn's Heart and Nerve Pills supply the elements needed to do this.

The third period is "change of life" and this is the period when she is most liable to heart and nerve troubles.

A tremendous change is taking place in the system, and it is at this time many chronic diseases manifest themselves. Fortify the heart and nerve system by the use of Milburn's Heart and Nerve Pills and thus tide over this dangerous period. Mrs. James King, Cornwall, Ont., writes: "I have been troubled very much with heart trouble—the cause being to a great extent due to "change of life." I have been taking Milburn's Heart and Nerve Pills for some time, and mean to continue doing so, for I can truthfully say they are the best remedy I have ever used for building up the system. You are at liberty to use this statement for the benefit of old or sufferers."

Price 50 cents per box, three boxes for $1.25, all dealers, or The T. Milburn Co., Limited, Toronto.

British Bowlers Here on August 1

Will Bowl Here With Peterborough, Oshawa and Stouffville.

The sub-committee of the Ontario Lawn Bowling Association have decided on a tentative programme for the British bowlers, who will arrive in Montreal about July 28. The visitors will be taken to all of the principal cities and towns where lawn bowling is played. Other points of interest will also be visited.

On their arrival in Montreal the visitors will play matches with the Westmount and Valleyfield clubs.

On July 31, Ottawa will be visited, and the day will be spent in sight-seeing. On August 1, they will arrive in Peterborough, where matches will be played with Peterborough, Oshawa and Stouffville."—Globe.

ALL PLAYERS SHOULD ATTEND

The Peterborough Shamrocks will practise to-night at Riverside Park. All who are going to play lacrosse this year are asked to turn out as the team must get into shape for the game with the Young Torontos on Victoria Day. The game should attract a record crowd as the visitors have one of the fastest teams in the C.L.A.

• • • •

The lacrosse season is now in full swing in Peterborough all the members are taking daily practice and are working hard for their game with the Young Torontos here on May 24. A good crowd should be in attendance.

• • • •

All of last year's players are here with the exception of Fred. McGrath and Bill Cavanah. It is whispered around that McGrath intends to be home shortly, but Cavanah, who is travelling now will hardly be able to play this season.

• • • •

Peterborough will have a strong defence field. O'Brien will likely play goal (Bud) Reegan, (last year with Beaverton), Eddie Dillon, Harry Morgan. Will Crowley, George Mein, Will Meagher, Tarrot Glover and a couple of new defence fielders look the best in a long time. They will keep any home on the jump to get through.

• • • •

Fred. Dancher will play lacrosse again. He was out of the game last season, but will be out to-night. Dercher is one of the best defence men in the league. He can play on the home as well. He is a fast runner, good stick handler and always a sure catch. He is a dangerous man on the home, takes lots of chances, and is a good shot. He will be a great help to the team this summer. For the home it will be just as strong as the defence. Jack McCabe, Rollie Glover, Jernie Ford, Ernie Best, Will Judd, Fred. Whitcroft, and with the new men to pick from ought to make things busy for any old defence to keep out.

RACING

The road race on Charlotte street last night between the fire team and Mr. F. MacPherson's auto resulted in a slight win for the latter. "Wally" expects to do better at the next time.

FOOTBALL

Omemee will not play at Fenelon Falls to-morrow. The former club could not make arrangements to send a team to Fenelon so that it is expected the executive will order a sudden death game in Omemee on the 24th of May.

• • • •

The Peterborough Quakers will practise to-night on Central Park.

• • • •

A lively game is expected on Saturday, when the fast Norwood bunch will be here. Norwood has been practising every night this week and intend bringing a strong team here on Saturday to retrieve the defeat sustained on their own grounds last week.

THE RING.

The Junior Shamrocks will hold a smoker in the T.A.S. rooms on the 28th of this month. The programme will consist of boxing, wrestling, singing, dancing and instrumental selections. All arrangements have not yet been made but full particulars will be given later.

SPRINTING

Sherring like the other famous men is being victimized by the ladies with a kissing mania. It's enough to keep a man from striving to be great.

POST CARD CORRESPONDENCE.

In this column will be published communications upon post cards only. It will remain open for the use of readers, who are invited to contribute suggestions, inquiries or remarks. Anything of a scurrilous personal nature will be prohibited.

Editor Post Card Column:

Dear Sir,—Will you be kind enough to tell me why the gas we get for cooking purposes blackens the pots with a kind of oily smudge that will not come off? We pay the same price as the better article used to be and get an inferior article. I think the man who inspects the milk and tells the quantity of water, should do likewise with the gas and report.

A CONSUMER.

COUNTY COUNCIL TO MEET THURSDAY

To-morrow morning a special meeting of the county council will be held, when the tenders for the new House of Refuge will be considered by the council and the contract will be awarded.

The council will also consider the matter of issuing debentures for the erection of bridges, and other work this year.

MILLINERY NOVELTIES

THE word MILLINER was formerly Milaner, because the Italian city of Milan, always famous for ribbons and satins, at one time dictated the fashions of the world. To-day it is Paris that decides what we shall wear, and yet not always Paris. A growing Canadian style, with wit to adopt only the ideas that suit Canadian faces, is beginning to be recognized. This is the spirit behind the new Hats we are showing, and their immediate success is absolute endorsement of both styles and values.

TURNBULL'S is not noted only for their low prices, but the name. TURNBULL, means High Quality Coupled with Low Prices.

Many a Woman is Taking Headache Powders

who ought to be taking Bu-Ju. The kidneys are making the headache. They are not doing their work properly — not purifying the blood—not ridding the system of poisons. These impurities stagnate the blood—irritate the nerves—and bring the headaches that so many women suffer with.

Bu-Ju
THE GENTLE KIDNEY CURE

takes away the headaches because they take away the poisons in the kidneys. They act directly on these vital organs, strengthen and heal, reduce the inflammation—and stop the headaches because they remove every trace of Kidney Trouble. At druggists.

"THE DAYLIGHT STORE"

Two Garment Suits

Fit-rite

Neither comfort nor the conventions demand a waist coat for Summer service. It has simply no function.

We have lines of coat and trouser suits in single and double-breasted models made of beautiful Homespuns, Serges, and Tweeds, of distinctive patterns and colours.

WASH VESTS

are decidedly popular this season and we have been particularly fortunate in securing the nicest assortment of patterns we have ever seen shown. Makers of these fabrics are doing everything in their power to encourage fancy vests, and this season have made us an assortment that is certainly to be admired.

THE NORFOLK SUIT

is an ideal Suit for summer—there's nothing more appropriate for the warm days. It imparts a feeling of satisfaction to the wearer, not to be had in any other cut of garment. Trousers have turned up bottoms and loops for belts. Everything fits here—even our Prices.

Will Troop The Colours At Next Week's Drill

Rangers Had Biggest Regular Turnout of the Season Last Night—293 of all Ranks Were on Parade—Many Spectators Watched the Drill.

The weekly drill of the 57th Regiment last night was attended by the biggest regular turnout of the season. In all, 293 men were on parade. The Rangers were drilled in battalion and company drill on the park, and showed the results of the training they have already received. The recruits are picking up rapidly, and the regiment will soon be in splendid shape. A large crowd of spectators witnessed the manoeuvres last night, and it is evident that the people of Peterborough take a warm interest in the Rangers.

The following orders were read last night:

Headquarters,
Peterborough, May 15, 1906.

Orders by Lieut.-Col. Miller,
Commanding 57th Regiment,
Peterborough Rangers—

No. 1—Detail of duty for the week ending May 22, 1906—Captain for the week, Capt. Honnell; next for duty, Capt. McWilliams. Subaltern for the week, Lieut. Smith; next for duty, Lieut. Hodgson.

No. 2—The following are taken on the strength of the regiment, May 8: D Co., Privates B. Hope, H. Hoyle, A. E. Boker, G. R. McBrien, W. Hatton and T. W. Menzies.

No. 3—The regiment will parade in drill order, with both bands and stretcher bearer section, at 8 p.m. on Tuesday, May 22, 1906, at the Armouries, for a march-out and for the purpose of practicing the ceremony of "trooping the colours."

D. Walker, Captain,
Adjutant.

The parade state was as follows:
A Company, 33.
B Company 29.
C Company, 32.
D Company, 35.
E Company, 36.
F Company, 34.
G Company, 26.
H Company, 29.
Total Non-Coms. and men, 270.
Total officers, 23.
Total of all ranks, 293.

Sight-Test Cards For Use In The Public Schools

Tate Optical Co.'s Offer to the Board of Education—Need of More Care for the Eyes of School Children—Test Cards Supplied Free of Charge.

At the Board of Education meeting on Monday night the letter which appears below, was received from Mr. G. N. Babcock, of the Tate Optical Company. In last night's Examiner the statement was made that the letter called attention to the fact that disease of the eyes was becoming common among the school children. This was an error, as is shown by the letter. It will be seen that the company's offer is unconditional.

The letter is as follows:

W. G. Ferguson, Esq.,
Chairman of Board of Education,

There has been considerable discussion in the press, and also at educational association meetings about the better care of the eye sight of school children. No doubt yourself and the Board of Education are interested in, and have followed, the discussion, and realize the importance of the subject.

Quoting from a recent article which appeared in the Toronto News, "A deputation waited upon the Minister of Education to ask that an examination of all pupils by teachers every term be made compulsory. Dr. J. F. Goodchild, speaking at the same meeting at which the deputation mentioned above was appointed, said the pernicious influence of school life is not sufficiently recognized by the parents and teachers. Nearly all knowledge is acquired by the use of the eyes. If proper precautions are not heeded the evil effects of eye-strain become very serious. Much eye strain may be offset by the proper use of glasses, and frequent examination of all children who show symptoms of eye strain."

Recognizing the importance of this subject, and also the practical interest it is to both the parents and the Board of Education, we beg to make the following proposition for your consideration and approval. We will furnish free of charge for the different departments or rooms of all the schools in the city two test cards, with instructions to the teacher for a preliminary examination of pupils who show symptoms of eye-strain. Accompanying the test cards there will be blank forms on which the name of the pupils may be written, together with the suspected trouble. These cards can either be sent to the parents, or returned to us, and we will set apart one hour a day, two days a week, for the free examination of such pupils. We will then return the cards to the parents with a statement of the trouble.

I might say that this course has been adopted in several of the larger cities in the United States, and in some of the different states of the Union a similar plan is made compulsory. We will be glad to have our proposition receive the Board's earnest consideration, and make any explanation or change in it that may not meet with yours approval.

Yours, etc.,
G. N. BABCOCK.

COMMENCE WORK AT ONCE ON NEW SCHOOL

Yesterday afternoon the Building Committee of the Board of Education decided on the exact location for the new school in the South Ward. They visited the lot purchased and decided that the most desirable location would be on the 125 feet west of the western boundary of the proposed extension of Aylmer street, and facing the latter street, and it is on this location that it will be built.

Messrs. Rutherford Brothers, who have the contract for the building, have furnished the necessary bonds, and it is expected that now, since the location has been decided upon, the work of erecting the school will be proceeded with at once.

RADIAL RAILWAY CO. COMPLIED WITH TERMS

A citizen this morning called at the Examiner to state his opinion that the Peterborough Radial Railway Company had not complied with the conditions of the agreement with the city, which, according to his opinion, provided that each year the Company should make extensions to their system.

It appears, however, that this is a mistaken idea, for inquiry of the City Clerk gives the information that the agreement made it necessary for the Company to lay a certain number of miles of rails, and a stated length of time was given in which to do it, the Company having complied with [illegible] the requisite number of miles at the beginning.

MUSIC AND DRAMA

WHEN KNIGHTHOOD WAS IN FLOWER.

The crowded house that heard with delight, the beautiful and piquant historical play, "When Knighthood was in Flower," at the Grand Opera House last night testified the popular favour which the charming Canadian artist Roselle Knott has achieved in Peterborough. The plot and incidents of the drama developed from Charles Major's fine novel of the same title are well known. Roselle Knott was practically the whole play and her presentation of the madcap princess was delightfully made, and her clever assumption of the complex character of Mary Tutor, in her efforts to sustain the Royal dignity handicapped by the love-lorn sentiment of a milk maid, was delightfully like life—not too much boyden and madcap to be over-done, everything graded to just the proper pitch of emotion and mockery. Ogden Stevens as the bluff wife-monging King Henry, kept well within the requirements of his role, and Charles Brandon as the lover of Mary Tudor, made an ideal lover, kept in a state of sentimental see-saw between the orthodox ardency of a lover and the deference due a princess of the blood. The play was beautifully put on in regard to scenery and accessories, and the subordinate characters were of average excellence. "The play's the thing" applies with especial aptness to "When Knighthood was in Flower," as presented by Roselle Knott and even a third appearance would be welcome.

By the way the waits between the acts were rather tedious, but that between the second and third acts might have well been longer, if the beautiful and artistic cornet playing of Mr. Walter Hughes of the orchestra, had continued longer. It was as great a treat, in its way, as the play.

WHAT HAPPENED TO JONES.

Mr. Ed. Jelenks, advance agent for the 'What Happened to Jones?' Company, was in the city to-day. This laughable farce comedy will be seen at the Grand on May 23rd. It is undoubtedly one of the funniest shows on the road and should play to capacity business here.

SEPARATE SCHOOL AGAIN TO-NIGHT

To-night the Board of Education will hold a special meeting, when the now somewhat famous question of the Separate School building will again be the subject of discussion. The situation has changed somewhat, however, since the meeting on Monday night, the Board now having established its proprietory right to the school building.

BOTH FOOD AND MEDICINE.

We like best to call Scott's Emulsion a food-medicine. It is a term that aptly describes the character and action of our Emulsion. More than a medicine—more than a food, yet combining the vital principles of both. It is for this reason that Scott's Emulsion has a distinct and special value in all wasting diseases. There is nothing better to remedy the troubles of imperfect growth and delicate health in children. The action of Scott's Emulsion is just as effective in treating weakness and wasting in adults.

No Permission Given Yet To Bell Company To Lay The Conduits

But Local Manager Says Company Has Right to go Ahead With the Work if it So Desires—Additional Cables are Required to Provide for New Business—Matter Was Referred to Manufacturers' Committee.

The question as to whether the Bell Telephone Company are to be allowed to lay their wires underground in this city is still an undecided question. The Council evidently believes in making haste slowly in this matter, and it does not, if possible, intend to tie up the streets for any longer time than is necessary. The matter came up at the special Council meeting last night, when Mr. Doan was present to ask that the company be given an answer to the application made some days ago.

The only answer given, however, was that it would be referred to the Manufacturers' Committee to be dealt with, the Council declining to take any definite action at that meeting.

Mr. Doan evidently does not understand why there should be any delay over the matter. He stated that in other places where the company had applied for the same privilege, they asked for it here, the Councils simply granted them at once upon the company agreeing to protect the city from damages by accident caused by the operations.

The mayor, however, was not prepared to accept the action of any other Council as a precedent for the Peterborough Council to go by.

The local manager stated that the company had the right, by its charter, to go ahead with the work without asking the Council, but they did not, wish to do it.

In presenting the matter to the Council Mr. Doan stated that the company had to provide further cables, and, while they had vested rights to the streets and could go ahead and lay their conduits without consulting the Council, they did not wish to take any such advantage of those rights without consulting the Council. He had expected that at that meeting he would be given an answer, yes or no. The company was not prepared be accept an agreement similar to that given by the Canadian Machine Company, the particular clause they objected to being that which gave the city the right to order the company to take their wires up at the end of 10 years.

It was finally moved by Ald. Hicks, seconded by Ald. Elliott, that the request of the Bell Company be referred to the Manufacturers' Committee, to be dealt with at the earliest possible moment.

The Canadian General Electric Co. Agreement Passed By The Council

Fixing Assessment of Company's Works at $150,000—On Condition That the Company Spend $200,000 in Extensions—Must be Erected by End of 1907—Agrees Not to Oppose Applications for Local Improvements—This Agreement to Take Affect January 1st, 1911—Will Continue for Twenty Years.

At the special meeting of the City Council last night the bylaw fixing the assessment of the Canadian General Electric Company at $150,000, in consideration of the Company spending not less than $200,000 in extensions to their works here, was given its three readings and passed. This bylaw is one which was drafted by the City Solicitor and submitted to the Company's solicitor for approval, a copy was sent to Mr. Nicholls, but he has been out of the city, and has not had an opportunity of looking it over. However, it was not anticipated that there would be any difficulty in this respect, because his instructions to his solicitor had been carried out. The bylaw as passed last night is as follows:—

By-law No. 1228 was read three times, and passed signed and sealed. It was a bylaw to fix the assessment of the Canadian General Electric Company.

Whereas bylaw 895 of the corporation of the City of Peterborough fixed the assessment of the Company at $100,000 for school taxes only for a period of ten years, and whereas the said company finds it necessary to increase its manufacturing facilities and for that purpose has purchased additional lands and may acquire further lands in the neighbourhood of the same and is also the owner of the property known as the Curbon and Porcelain Works, which works are part of the Canadian General Electric Company, and whereas the said company has agreed, providing their assessment is fixed for a term of 20 years, they will, during this present year, proceed with the erection and equipment of additional buildings at a cost of at least $200,000.

The Corporation of the City of Peterborough, by the Council thereof, therefore enacts.

This bylaw shall have no force or effect until confirmed by the Legislature of the Province of Ontario.

Provided that the said buildings are so erected and equipped at the cost aforesaid within the said time, all the premises now owned by the company and any land hereafter acquired, and held for bone fide manufacturing purposes together with all buildings, stock in trade, plant, machinery, fixtures, and materials, for a period of 20 years to be computed from the first day of January, 1911 shall be annually assessed for all purposes, the sum of $150,000. If the Legislature of Ontario should provide that for school purposes the said company shall be liable for assessment for school taxes, then the fixed assessment, except for school taxes is hereby fixed at $100,000.

The said company is also liable for all frontage and local improvement assessments.

Presentations Were Made to Mr. Harry Smith

Popular Foreman of the C. G. E. Brass Foundry Was Honoured by His Employees and Fellow-Foremen Last Night—Was Presented With Gold Watch, Locket and Chain—Two Eulogistic Addresses.

LEAVES FOR WEST ON SATURDAY NEXT

Mr. W. Harry Smith, foreman of the brass foundry of the Canadian General Electric Company, who leaves on Saturday with Mr. W. A. Brundrette to reside in Alberta, was last night made the recipient of several presentations from his friends. Mr. Smith came here with the company from Sherbrooke, Que., and has many friends both in and out of the works who will be sorry to see him leave.

Last night a number of them gathered at his residence for the purpose of expressing their regret, as well as to tender him tokens of their esteem.

Mr. Smith's employees in the brass foundry presented him with a very handsome gold chain and a locket, and the following address, which was read by Mr. G. Duprose, the presentation being made by Mr. L. O'Connor:

Peterborough, May 16th, 1906.

Mr. W. H. Smith,—

It was with feelings of regret, that we, the employees of the Brass Foundry, learned of your resignation as our foreman. Although you have always served the Company faithfully, your attitude towards the men under your charge, has ever been considerate, and kind, and we felt that we could not let this occasion pass without showing in some tangible way, our appreciation of your past kindness, we, therefore, present you with this chain and locket, hoping that wherever in the Providence of God, your lot may be cast in the future, you will meet with success and prosperity.

Signed on behalf of the employees,
GEO. DEEPROSE.

The foremen of the entire works presented Mr. Smith with a splendid gold watch. The presentation was made by Mr. N. Munro, and the following address was read by Mr. F. A. Taylor:

Mr. Harry Smith,
Foreman Brass Foundry,
Canadian General Electric Company.

When memory ceases to come unto me: Until then I will always think of thee.

Dear Harry,—Time brings many changes but from your apparent solidity we began to look upon you as a fixture, but hearing you had caught the North-west fever, and are about to hie yourself hence, we cannot allow the occasion to pass without your taking some token of our esteem and regard as to your sterling worth and integrity. May your shadow never grow less. Of course, we were aware that you were a tiller of the soil on a small scale here, but Ontario being too small for your mighty future, you go where land is in abundance in order to get a spot and area where you can do a day's work without encroaching on your neighbour. Well, Harry, we will miss you, but you take with you many kind remembrances and leave behind many true and trusty friends.

Accept this gold watch as a small token of our estimation of you, old boy.

Mr. Smith in a suitable speech thanked his friends for their kind and words, and assured them that he would always have a warm feeling in his heart for Peterborough, and particularly the C. G. E. works.

ONE THING AND ANOTHER

Do You Blame Him?

Columbus Dispatch.

HE—They used to sing of a bicycle built for two, but——

She—But what?

He—Give me a sofa built apparently for one, every time.

• • • •

More Room Wanted.

THE GROWTH since the recent rains has been so rapid that one can almost hear the leaves growing, and reminds one of the statement of the Irishman who said that the potatoes were growing so rapidly that he could hear them under the ground saying "Move over, dang ye! move over!"

• • • •

She Liked It.

Lindsay Post.

THE young man was telling his friend how he had kissed the pretty girl on Cambridge street. "And did she stand for it?" inquired the friend. "Stand for it! Why, she raised up on her toes."

• • • •

The Standard.

Philadelphia Press.

"MARRIED, is he? Well, well, and he was always such a worthless fellow."

"Yes, he married a rich widow. He's got a reputation to live up to now."

"Nonsense; he never had any reputation."

"No, but his wife's first husband had."

• • • •

The Worst Yet.

EVERYBODY who takes an interest in "bees" racing has his thoughts centred on the Woodbine meet at Toronto.

In fact, the interest is so great that a Toronto scribe has versified the popular craze in the following lines:

Everybody works but father,
And he, the crazy jay,
Is betting at the Woodbine,
He's pawned his pipe of clay.
He's even pawned the washing;
He can't pawn sister Ann—
He's gone completely bughouse,
Has say, old man.

• • • •

Proof Positive.

Philadelphia Press.

"I DIDN'T KNOW he had any children."

"O, yes; he must have one, and I suppose it's at least a year old."

"Ah! You've seen it?"

"No; but when I was in his office yesterday I asked if he had any water, and he said absent-mindedly: 'So him wants a jinky water, does 'ums?'"

• • • •

Met His Minister.

AN OLD farmer, who was complaining terribly of a recent bad harvest, met the minister of the parish, and, as usual, held forth on his misfortunes. "Ah, yes, Giles," said the worthy minister, "you have cause to complain, but you should remember that Providence is kind, and that even the birds of the air are provided for!" "Ay," said Giles, significantly, "all my tatties!"

and we haven't a price that will stop the sale of a single article.

Crescents

PROOF POSITIVE

On Sunday evening last Mrs. Lowdry lost a gold watch on the street, the ring having been broken. The next day an advertisement was inserted in the Examiner, asking for its return, and the following evening a little girl, whose mother had seen the advertisement, returned the watch to Mrs. Lowdry, and received a reward of 50.

She had picked up the watch on the street. This is only one of many evidences of the value of advertising in the classified columns of the Examiner. Everything that there is a reasonable chance of getting can be obtained by making its need known in the Examiner.

FIRST MEETING OF CHEESE BOARD

The first meeting of the Peterborough cheese board will be held on Wednesday next, May 23rd, in the Ontario Bank chambers. It is expected that most of the factories in this district will be represented and that the majority of the buyers will also be on hand.

Alcohol In Medicines

Important Facts for Canadian People.

More than one newspaper in Canada has recently been pointing out to readers the danger of taking medicines which contain a big percentage of alcohol. There is one medicine in great demand which, however, contains no trace of alcohol. This is the Australian herbal household remedy, Bilcans. While much attention has been directed to the dangers of alcohol, no paper that we know has yet called the attention of readers to a still worse danger — that of taking medicines which contain such mineral poisons as mercury, bismuth, calomel, etc. The substances were common in the liver and stomach remedies so widely used before Bilcans were obtainable in this country, and which are still used in some quarters today.

Bilcans for Biliousness contain none of these poisons. They are thus free from the two great evils which render a medicine improper and harmful for family use. This no doubt, in a great measure, accounts for the world-wide success of this great vegetable remedy.

Bilcans are purely vegetable. The proprietors firmly believe that vegetable roots and herbs, or, what is the same thing, their essences, were from the dawn of creation intended for the medicine of mankind. All history tends to teach this lesson and modern science endorses it. In Bilcans therefore you have a purely natural remedy, free from alcohol, free from mineral poisons, free from the danger of setting up the pill-taking habit, and a medicine which has now been tried and proved superior by all classes of people in practically every civilized country in the world. For liver complaint, headache, biliousness, indigestion, constipation, piles, wind, female troubles, spring debility, anemia, and for all ailments arising out of defective bile flow assimilation and digestion, Bilcans are unequalled. They are obtainable from all druggists at fifty cents a box, or direct from the Bilcan Company, Colborne street, Toronto, upon receipt of price.

Mr. Thomas Molyneaux, of Amherst, says: "I was troubled with my stomach for about three years. Every two or three days bilious attacks would come on. I experimented with I don't know how many different medicines, but the biliousness went on just the same. I saw a report about Bilcans and tried them. I hardly expected them to cure me, but I am glad to say that although it is about a month ago since I took any Bilcans, I have not had an attack since." Thousands of similar cases could be quoted.

MAYOR HAS FINAL WORD ON HORSES

On their trip to Ennismore yesterday afternoon, in search of a team of horses for the fire department, Ald. Adams and Elliott, and Chief Rutherford, saw and examined a pair of very fine animals, which they thought would serve the purpose well. The price, however, was a little steep, $500 being asked by the owner. No decision was reached yesterday, and the owner will bring the horses in next week to allow the Mayor, who is a good judge of horseflesh, to look them over before deciding whether to buy them or not.

HEALTH

Beecham's Pills are the "ounce of prevention" that saves many a dollar for cure. Keep disease from getting in, and it will never lay you out.

The safeguards against all life's common ills are: **A Sound Stomach, Healthy Kidneys, Regular Bowels and Pure Blood.**

Hundreds of thousands—both men and women—keep healthy by using

BEECHAM'S PILLS

a remedy that has stood the test for half a century and is now used over all the civilized globe. They purify the blood, strengthen the nerves, regulate the bowels, aid the kidneys and cure stomach troubles. Build up the nervous force and repair the ill effects of overeating. The best safeguard against indigestion, biliousness and dyspepsia.

Take Beecham's Pills regularly and you will maintain good health at small cost.

Separate School Will

---THE BOARD DECIDED LAST NIGHT---

Be Disposed Of By Tender

Meeting Passed Off Very Quietly—Mr. Dumble Asked Some Interesting Questions Which Were Not Answered —Site for New School Not Yet Decided Upon.

The meeting of the Board of Education, called for last night to make arrangements for the disposal of the old Separate School building, passed off very quietly, although at certain stages there were indications that something might be doing. It was decided to advertise for tenders for the removal of the building and the material now on the ground; the part that has been already sold will have to be accounted for to the Board. Mr. Dumble asked some interesting questions as to whether members of the Board had gone to the officers quietly and asked them to pull the old school down as quickly as possible, as had been reported. He was given no answer to these questions.

Those present at the meeting were Messrs. W. G. Ferguson, chairman; D. W. Dumble, W. H. Hill, Wm. Pringle, L. M. Hayes, Dr. Morrison and B. F. Ackerman.

The chairman explained that the meeting had been called for the purpose of determining what was best to be done regarding the old Separate School. He thought that with things the way they were, the sooner it was got out of the way the better.

A re-opening of Monday night's debate seemed imminent, but Mr. Hayes suggested that there had been enough discussion on the matter and that the Board should get down to business. This seemed to arouse Mr. Dumble. "Is it the truth," he asked, "as Col. Miller says that members of the Board went to the officers and asked them to get the old building out of the way?" "All right, go ahead, and do as you like," he added.

No answer was forthcoming to this question.

A discussion followed as to what was best to be done under the circumstances. The general opinion was that the Board should sell the building and material, as this would be better than having it torn down themselves.

It was moved by Mr. Hill, seconded by Mr. Hayes, that the Board advertise for tenders for the material in the old Separate School, including out-buildings, and all other appurtenances, except the fencing, tenders to be in the hands of the secretary before 12 o'clock noon on Monday, May 21, and the work to be done and ground cleared before June 15, the sale to be under the supervision of the Property Committee, with power to act.—Carried.

In selecting June 15 as the final date, the Board felt that they were not hurrying the contractors, and, at the same time, were removing the building in plenty of time to answer the purposes of the military authorities.

Dr. Morrison said that the militia officers had been under some expense in connection with the matter. He did not think that the Board should exact its pound of flesh. Some method of adjusting the expense could be found.

"Do you want to participate in a crime after the event?" asked Mr. Dumble.

Dr. Morrison again expressed the opinion that the Board should not be too severe on the officers.

"You went out and set them on," returned Mr. Dumble.

Mr. Pringle agreed with Dr. Morrison that some compensation should be made. No action was taken in the matter.

The question was asked as to what was to be done in regard to the material already disposed of.

"It's stolen goods," said Mr. Dumble, "and the men that got it have to pay for it."

Mr. Hill said that there were several stories being circulated that were absolutely ridiculous. He did not want to re-open the question, but said that if he did he had a great deal to say.

New Public School.

Mr. Pringle, chairman of the committee on public school accommodation, said that the Building Committee yesterday visited the Board's property in the South Ward, and decided, as far as possible, where the new school would be situated. There was no absolute certainty that Aylmer street would be extended. A valuator had been appointed and Mayor Best had suggested that the Board wait for a few days before starting work. The speaker said that the school might be built facing Park street, instead of Aylmer, in which case the building could be started at once.

The matter was discussed by the Board, who seemed unanimous that it was better to build the school on Aylmer street, and would be easier to get sewer and water connection there. The matter was left to the Building Committee, which, if it is unable to deal with it, will call a special meeting of the Board.

Power Company Must File Plans Of Mains

A Motion Making it Necessary for Peterborough Light and Power Company to do This Passed Last Night— Same Company Wants a Siding—Sewer Connections When Sewer is Constructed—More Petitions for Sidewalks—Other Business at the Council Meeting.

A special meeting of the city council was held last night, when a number of minor matters were considered, but the only question of any particular importance upon which action was taken was that of the agreement with the Canadian General Electric Company in respect to the extension of the company's works.

Those present were: Mayor Best, Ald. Tovey, Hicks, Elliott, Graham, Ball, Duncan, Wilson, McIntyre, McWilliams and Mason.

The minutes of the last meeting were taken as read.

Communications.

The following communications were received and dealt with as indicated.

Petitions were received from residents for granolithic walks on the east side of Reid street, from Charlotte to King streets; south side of Sherbrooke street, from Park street to the boundary; west side of Stewart street from Dalhousie to Townsend street—Referred to the Board of Works.

Petitions against the proposed walk on the east side of Aylmer street, from Edinburgh to Antrim streets, were received.

The Peterborough Light and Power Company wrote to the council asking for authority to have a railway siding constructed along Simcoe street, to serve the gas house of the company. The letter was referred to the Board of Works.

Reports.

The report of the Board of Works covering the business transacted at the meetings of the Board held since the last council meeting, was presented by Ald. Hicks, and adopted, as was also a short report of the Fire, Water and Light Committee, presented by Ald. McWilliams, in the absence of Ald. Adams.

By-laws.

Ald. Hicks introduced a bylaw to provide for the construction of a sewer on Stewart street south of Perry street, and it was passed.

A bylaw appointing Ald. Mason and Sheriff Hall as a committee to represent the city, or the committee to handle the sums of money willed by the late Mrs. Timothy Foley, to be used for the benefit of the poor of the county, was passed. The Mayor is ex-officio a member of the committee.

Ald. Hicks moved a resolution, seconded by Ald. Wilson, that the City Solicitor be instructed to prepare a bylaw or take such other steps as are in accordance with the Municipal Act, as will give the Board of Works authority to have such connections put in at the time of sewer construction, so far as they think advisable.—Carried.

Sewer Connections.

A motion was made by Ald. Hicks, seconded by Ald. Wilson, that the City Solicitor be instructed to prepare a bylaw or take such other steps as are in accordance with the Municipal Act, as will give the Board of Works authority to have such connections put in at the time of sewer construction, so far as they think advisable.—Carried.

57th Reg. Band Asks For $600

A Grant of That Sum Requested From City Council.

The 57th Regiment Band wants an increased grant this year. In 1905, the council made a grant of $500, but this year the band asks for an increase of $100. At the meeting of the council last night Mr. J. A. Harper, secretary of the band, wrote asking the council to make a grant of $600 to the band for this for this year, on the same conditions as last year's grant. The extra $100, the latter states, is absolutely necessary if the present high standing and efficiency of the band is to be maintained.

The communication was referred to the Finance Committee to deal with.

THE NEWS OF CITY AND THE DISTRICT

Weather To-day—Warm, with thunder showers. Friday—Fine and decidedly warm.

Board of Works.

—To-morrow night the Board of Works will hold a meeting.

Committee to Meet.

—All the Grand Lodge committees will meet on Friday evening, May 18, in the hall at 8 sharp. Come.

Hardwood Floors.

—Partitions, shelving, all kinds of office, house and store fittings made to order. Ed. Courtney; 'phone 465.

Piano Tuning.

—Piano tuning promptly attended to. Satisfaction guaranteed. A. F. Hoover, 222 McDonnel street. 'Phone 199.

Concrete Crossings.

—This morning work was commenced on a concrete crossing across George street at the Brock street corner.

St. John's Vestry.

—A vestry meeting will be held to-night in St. John's school room. It is understood that important business will be transacted.

Closing Meeting.

—To-night the closing meeting in connection with the Salvation Army self-denial fund will be held, when the returns will be made.

Harrier Club.

—All members of the Y.M.C.A. interested in running are asked to meet at the building to-night at 7.30 for the organization of a Harrier Club.

Catholic Chinese Wedding.

—The first marriage in Canada of Chinese Catholics took place lately in Montreal, Rev. Father Martin Callaghan, of St. Patrick's church officiating.

Old Separate School.

—Tenders are being called to-day for the material in the old Separate School, not including fences. The debris is to be removed and the ground cleared up on or before June 15.

Bible Club Social.

—The Y.M.C.A. Saturday Bible Club will hold a social at their regular session on Saturday night of this week at 7.45 o'clock. A hearty invitation is extended to all young men to attend.

"My Valet" Does the Work.

—Our way of cleaning, pressing, and repairing of gentlemen's clothing keeps our citizens well dressed at a small outlay all the year round. Send to 384 1-2 George street, or call up 575 and our messenger will call.

Typographical Errors.

—Mr. J. H. Burnham called on The Examiner last night to state that he did not hold himself responsible for the typographical errors in the address presented to Mr. W. A. Brundrette at the Young Conservative Club on Tuesday night.

Preserving Pineapples.

We would advise our customers to secure their pineapples for preserving, within the next ten days. They are now at their best for quality, and price is probably lower than it will be later. S. A. Oke, 376 George street. Telephones — Machine, 18; Bell, 18.

Liszt-Rubenstein Evening.

—Given by Mr. H. M. Field, piano virtuoso, assisted by Herr August Wilhelmj, lyric baritone, and Miss Adelaide M. Heath, elocutionist, Y.M.C.A., Friday evening, May 18, commencing at 8 o'clock. Tickets may be had at Edmison's Drug Store. Admission 50 cents.

A Big Tub.

—Yesterday evening a sight that attracted attention was a monster circular wooden tub, drawn down George street by a heavy dray. This big tub, which was on its way to the works of the Sandstone Brick Co., had a capacity of 120 barrels, and it is suggested that this capacity would hardly be large enough to shake the thirst of a local option township.

A Good Medicine.

—The patient getting discouraged with his physician's treatment, asks his opinion of Dr. Roscoe's Rheumatic Remedy. He replies, "it is a good medicine but it would kill you." In his present condition he may as well be dead, so "kill or cure," he takes the medicine and is perfectly well in a few days. We have frequently heard this. Sold

This Warm Weather Suggests Hammocks.

—You can save 25c to 75c on every Hammock bought at Stratton's. We have just received a line of travellers' samples of hammocks, ranging in price from 65c to $3.50, all marked to save you money. You will save 25c in our $1.25 Hammocks and 50c on our $2.50 Hammocks. See them! A. H. Stratton & Co., 417 George street.

David Doig Accused Of Stealing Brass Pieces

Another Junk Dealer Under Arrest—Pleaded Not Guilty and Bail Fixed at $400.00.

Two men and a woman just filled the seat in the prisoners' dock at the police court this morning. One man and the woman were charged with vagrancy, and the other was accused of stealing brass from the Wm. Hamilton Manufacturing Company.

David Doig pleaded not guilty to stealing on or about April 1 a quantity of brass pieces from the Wm. Hamilton Co., and elected to be tried summarily.

"I expected Mr. Dennistoun here this morning," said Doig, whose counsel, when he pleaded, had not arrived on the scene. Mr. Dennistoun came later, however, and did not think that Doig had been discreet in electing to have a summary trial.

"I am not familiar with this case," he said, "and should like Mr. Kerr to take it. My client has informed me that he knows absolutely nothing about the crime he is accused of."

Mr. R. E. Wood, County Crown Attorney, who appeared for the prosecution, was not ready to proceed with the case until next Tuesday, and Doig was consequently remanded until then.

"What's the amount of bail?" asked Mr. Dennistoun of Mr. Wood.

"The magistrate will fix the amount," replied Mr. Wood.

"$400," said the court, "in two sureties of $200 each."

OBITUARY.

ACHILLES LETELLIER.

Yesterday morning about eleven o'clock Achilles Letellier passed away at his residence 70 Lonk street, at the age of 61 years.

The late Mr. Letellier had been ill for the past six weeks with stomach trouble. He was born in St. Michaels, Que., and removed here about 25 years ago. He married Miss Bolsimire LaPlante about 34 years ago. The deceased was a very much esteemed citizen of Peterborough and was well beloved by all who knew him.

The funeral will take place to-morrow morning at 9 o'clock to St. Peter's Cathedral and thence to St. Peter's Cemetery.

ARTHUR HARDING.

The friends of Mr. and Mrs. Arthur Harding, Victoria avenue, will sympathize with them in the death of their five-months-old son, Arthur, which occurred yesterday afternoon at 1 o'clock. The funeral took place this afternoon at 2 o'clock to the Little Lake Cemetery. The funeral services were conducted by Staff-Captain McAmmond.

Margaret Mowry Was Remanded

The Charge Preferred Against Her Was Vagrancy.

Margaret Mowry indignantly denied being a vagrant, and appealed to a local lawyer as a gentleman to say a few words in her defence, and also cordially invited him to come up to her residence and see the work she had done while she was confined in the Mercer reformatory, in which institution she had served a couple of terms. She also asked him to ring up her husband and another woman. "She was hopelessly drunk when arrested," said the chief. "Well, I'll remand you until Saturday morning," said His Worship. "All right, I'm not afraid to appear," said the prisoner," apparently thinking she would be given her liberty in the meantime, but she must have been much disappointed when P. C. Stewart escorted her below and placed her behind the bars. To the last moment she earnest appealed to the barrister before mentioned to lend her his assistance in her unfortunate predicament.

WEDDING BELLS

WEBSTER-PETERS.

A very pretty wedding took place last evening at the residence of Mr. George Peters, township of Dummer, when his daughter, Miss Jennie, was united in marriage to Mr. Albert Webster, son of County Councillor Thos. Webster, of Dummer. The ceremony was performed in the presence of about 60 guests by Rev. A. L. Atkinson, pastor of the Presbyterian church of Warsaw, at 6 o'clock. The bride and groom were unattended.

At the conclusion of the ceremony the guests sat down to a dainty supper spread on tables beautifully laden with floral decorations. The bride also carried a bunch of roses. The presents were numerous, and were both costly and useful, testifying to the popularity of the principals. Among these was a purse donated by the father of the groom. After supper an enjoyable time was spent in music, games and dancing, which terminated in the early hours of the morn.

Mr. and Mrs. Peters then left for their residence in Lakefield amid the congratulations of their many friends.

BOSTON'S BARBER REGULATIONS

Board of Health Orders Sterilization of All That Barbers Use on Customers

A special despatch from Boston, May 5, 1900, to the N. Y. Sun gives new regulations of the Boston Board of Health as to barber shops: "Mugs, shaving brushes and razors shall be sterilized after each separate use thereof. A separate, clean towel shall be used for each person. Material to stop the flow of blood shall be used only in powdered form, and applied on a towel. Powder puffs are prohibited." Wherever Newbro's "Herpicide" is used for face or scalp after shaving or hair cutting, there is no danger of infection, as it is antiseptic, and kills the dandruff germ. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Company, Detroit, Mich. Ormond & Walsh special agents.

The Park Street Church Roll Call

Annual Re-union Will be Held on May 31st.

At the church meeting of the Park street Baptist church held last night it was decided to hold the annual church roll call on Thursday, the 31st. Tables will be laid, and it will take the form of a general church reunion. All names will be answered by a verse of Scripture, or a note, with a Scripture message from those who are absent.

Rev. P. A. McEwan of York Mills, will lecture on Wednesday next. His subject will be "Canada's development, or the Marvels of New Ontario." All should hear him.

SHOULD COME TO PETERBOROUGH

The Lindsay Post says: — The following is a case where Lindsay is shown up as paying poor wages. Last evening a first-class machinist was sent to Lindsay from the S. A. headquarters at Toronto to fill a situation in one of our town machine works. He arrived and was told that his wages would be $1.25 per day, and as a consequence he returned to the city this morning, contending that he could make more than that in the Old Country.

To Cleanse and Purify the Blood

AND INVIGORATE THE ACTION OF LIVER, KIDNEYS AND BOWELS YOU MUST USE

DR. CHASE'S KIDNEY-LIVER PILLS

In calling your attention to Dr. Chase's Kidney-Liver Pills it is only necessary to point to their success in the past, for they are known in nearly every home.

By means of their direct and specific action on the liver—causing a healthful flow of bile—they regulate and enliven the action of the bowels and insure good digestion in the intestines. At the same time they stimulate the kidneys in their work of filtering poisons from the blood.

This cleansing process set in action by Dr. Chase's Kidney-Liver Pills means a thorough cure of biliousness, intestinal indigestion, torpid liver, kidney derangements and constipation.

It means a restoration of health, strength and comfort, where there have been pain weakness and suffering. It means a removal of the conditions which lead to backache, rheumatism, lumbago, Bright's Disease, appendicitis and diabetes.

Mr. John Noyes, Ashburnham, Peterborough, Ont., states: 'Having used Dr. Chase's Kidney-Liver Pills with success, I can strongly recommend them. For a considerable time I was a sufferer from kidney disease and constipation, and, besides being tortured by the shooting pains through the back, put up with the other annoying and other distressing symptoms of kidney disorders. Sometimes I would go three or four days without a motion of the bowels, and could get no relief. After using a few boxes of Dr. Chase's Kidney-Liver Pills I was well again and feeling fine. This treatment seemed to be exactly what I needed and promptly brought relief and cure."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto.

24 CENTS A TON PROFIT FOR THE COAL DEALERS

Mr. J. E. A. Fitzgerald has addressed the following letter to the Examiner, in which the coal situation is explained:

The adoption of the spot cash system for coal and wood will necessarily bring up the question of what does it cost, and as one of the coal men interested I herewith give the public a trade secret:

The cost of 2000 pounds of hard coal at Suspension bridge is	$4 55
Cost of freight on same is	1 25
Cost of handling to shed	10
Cost of delivery and all incidental expenses to the running of the business	76
	$6 66

Leaving 24 cents per ton profit to the business.

Now, will this public wonder that I have decided to make a cash price to everyone, and I hope to have the hearty co-operation of all my customers and the general public. The above statement is guaranteed absolutely correct, and cannot be truthfully contradicted.

TO ENLARGE THE BAY OF QUINTE CONFERENCE

Dr. Morrison, at the last meeting of the Quarterly Board of Charlotte street Methodist church introduced the question of an enlargement of the Bay of Quinte Conference, which, according to the opinion of those present at the meeting on Tuesday night, is not large enough at the present time.

Some discussion took place on the following resolution which was unanimously passed:—

"That this Board request the District meeting to memorialize the Conference to further memoralize the General Conference of the Methodist Church to enlarge the boundaries of the Bay of Quinte Conference, or to merge the Conference in some of the other Conferences."

The Bay of Quinte Conference at present extends from Whitby on the west to Belleville on the east, and takes in the districts north to the boundaries of Hastings, Peterborough, Haliburton and Victoria Counties. There are 105 ministers in the Conference, but not that number of stations, since a number of ministers are superannuated.

TORONTO MOULDERS HERE ON JUNE 23

The Iron Moulders and Core Makers Union, of Toronto, at a meeting held last night, decided to hold their annual excursion to Peterborough on June 23rd. It will be remembered that these same unions a few weeks ago decided to come here on June 9, but they have changed the date to two weeks later.

RETURN EUCHRE GAME TO-NIGHT

The return euchre game between the Young Conservative Club and the T.A.S. will be held to-night in the T.A.S. Hall. At the last game some time ago it will be remembered the T.A.S. won from the Conservative Club by 80 points, but the game to-night promises to be closer.

Victoria Week Specials Starting Saturday

More of those identical sort of offerings that have given this splendid store unusual prominence this season. Merchandise of exactly the right sort and plenty of it, at prices away below regular.

PETERBORO'S MODERN STORE

Richard Hall & Son

DIRECT IMPORTERS

DRY GOODS MILLINERY, MANTLES, CARPETS, HOUSE FURNISHINGS, MENS FURNISHERS

353-355 GEORGE STREET, PETERBOROUGH.

Look at these reductions and remember --- the prices state the values truthfully and conservatively. The prices do their own talking. All that need be said is that each offering is a RICHARD HALL & SON BARGAIN.

Summer Millinery

The bewitching Summer Hats present anew one of our most prominent features—Art in Hat Making--- that striking combination of rich colours, trimmings and unique shape whose effect is so pleasing and satistying, you almost think you could have done it yourself. Yet the getting of that "elegant simplicity" is just where ART steps in.

Only artist fingers are concerned in the making of our Summer Millinery.

Among the more simple designs we find the Leghorn Hat trimmed prettily with flowers and tulle to suit the individual taste, one of the season's features. The Smart Sailor is also the popular Summer Outing Hat.

GOOD BUYING CHANCES IN FLOOR COVERINGS AND CURTAINS

THAT ARE WORTH COMING MILES TO PROCURE

Every mill and maker who has earned a reputation for quality is represented here by their goods, and, because of our cash and cash only style of buying our goods, and doing it in a big way, prices are simply appealingly in your favor, then these extra Victoria Week reductions offer big inducements to you to buy your Floor Coverings and Curtains NOW.

THURSDAY, MAY 17, 1906.

A VIGOROUS POLICY.

Those who have been inclined to regard the new Liberal Government of England, as a peace-at-any-price Cabinet, have been much mistaken in their classification. The vigorous manner with which the Government has acted in dealing with contumacious Turkey shows that the interests of the Empire are held in high regard. Turkey took upon itself to impudently interfere with British interests in Egypt, in the Tubah matter, but that troublesome power was brought to terms. After a chance of looking for the consequence of its action into the muzzle of the guns of British battleships, the "Sick Man" came to reason, and surrendered unconditionally. The action of the British Government had no weakling element behind it. Its demand may have had the gravest consequences. If Turkey, acting under ill-advice, had proved obstinate, there would have been war; and this would not have been a mere skirmish. Turkey is a country not to be despised. The Turks are splendid fighters, especially if appeal is made to their religious side. Besides, a war would not probably end with a contest with this power, but there would be danger of a general embroilment with some of the Great Powers, and in that event a tremendous conflict would ensue. The Government of Great Britain did not shrink from possible consequences, which might result from a firm demand of hands off in regard to Turkey's ill-advised action in running counter to British interests.

THE EASTERN SECTION.

Canada lost "Jim Hill," the great railway magnate, to the United States, and the loan promises to be repaid, with interest. It will be to Mr. Hill, as head of the Great Northern Railway, that Canada will owe its fourth continental railway, an important element in the development of the Great Northwest. In this connection Mr. Hill makes a statement which involves a justification of the construction by the Dominion Government of the eastern section of the Grand Trunk Pacific Railway. The Government-owned section will of course give running rights to others than the Grand Trunk. Speaking recently at Winnipeg, Mr. Hill said that the Great Northern would be built from the Pacific Ocean to Winnipeg as soon as the Canadian Pacific and the Grand Trunk Pacific are ready to compete for the carriage of freight eastward. He added: "We will be in a position to forward our freight over the first trains run eastward by the Grand Trunk Pacific," using the Government section of the Grand Trunk Pacific. Thus is assured one customer, in addition to the Grand Trunk Pacific, for the Government end of that line, which, it was urged, would be unprofitable. Even those who took this view will be glad of a chance to acknowledge their error. The Laurier Government, with a bold optimism, showed a large faith in the resources of our country. There are times when half measures are ruinous.

EDITORIAL NOTES.

The proposal to enact compulsory voting if adopted may be all right, so long as the franchise is not given to the ladies. Any married man who profits by his experience knows the very best way to get a woman to not do a thing, is to compel her to do it.

The Scriptures tell us that a "good name is better than riches," and this is especially true in industry and commercialism. A case in point is the Slater shoe, which has a name familiar in Canadian mouths as household words. A trade name of such a character has not only its commercial value, but involves a distinct legal right. Unscrupulous dealers, as will be seen by reference to an article in another column, have been making money out of the good reputation of the Slater shoe, selling, it was proven, inferior goods as the Slater. The Courts were appealed to, and Judge Winchester, as related in the article referred to, severely disciplined the firm that was improperly making profit out of the good name of "the Slater Shoe."

JIMMY REYNOLDS HAS LONG WALK

The Port Hope Guide says: Jimmy Reynolds is out for that $135 wager and is determined to make Toronto in the twenty-four hours. In his younger days James had quite a reputation as a sack runner. This walk to Toronto, however, is his largest undertaking but he feels confident that he can cover the distance in the set time. The start will be made from the Queen's Hotel on Monday morning, June 4th, at 7 o'clock, and to win the boy James must be resting in one of the easy chairs at the King Edward Hotel, Toronto, on the following morning at 7 o'clock. Quite a number of the local sports will follow with carriages. It is a long, tiresome journey, and, in our opinion, a little too much for a man of his age and present condition.

Smith Street Bridge Again

Ald. Hicks Explains the Present Position of the Matter.

At the meeting of the council last night, Ald. Mason asked the chairman of the Board of Works, as to the Smith street bridge, and wanted to know what steps were being taked to have it opened for traffic.

In reply Ald. Hicks stated that the bridge was not closed permanently. The city engineer had reported that it was unsafe for traffic as it was at present, and estimated that to repair it that year would cost $500. The Board felt that it would not be advisable to spend that sum of money on the bridge for repairs, which would be of service for one year only, without first ascertaining the cost, of a new bridge, and this the engineer was now doing.

He expected that in a few days the report of the engineer would be received and the Board would then take the matter up.

The Coal Dealers Send Circulars To Customers

Telling Them They Must Pay Cash in Future for Their Fuel—Reasons for Adopting the Change—Price of May Delivery is $6.90 a Ton.

As indicated by The Examiner yesterday, the coal dealers of the city have decided in future to conduct a strictly cash business. Last night one of the dealers sent to his customers the following circular, which is self-explanatory:

Peterborough, May 16, 1906.

Dear Sir,—As I have decided to adopt a strictly cash business from this date, I will ask for your hearty co-operation in above matter, by sending in the cash with your orders.

I heartily thank you for your past patronage, and hope you will see that it will be to your best interest to do so still. The cash will enable me to do better buying, and consequently I can make a better price to you for cash, as it will do away with bad debts and collecting expenses, and also will be much fairer to you, a good paying customer, as no doubt you are aware there is a lot of slow paying customers, and some who do not pay at all.

Price for May delivery, $6.90 per ton.

Hoping the above will meet with your hearty approval, I remain,

Yours truly,

Chicago Jewel

Gas Ranges need no testimonial from us. They stand alone for economy, cleanliness, and efficiency. We are the sole agents for Peterborough and can supply them at reasonable prices. We make no charge for connections.

An Elocutionary Contest to be Held

Open Meeting by Collegiate Philomathean Society.

The closing meeting of the Philomathean Society of the Collegiate Institute will be held on Monday evening next. The programme will consist of an elocutionary contest between several young ladies of the first form of the Collegiate. Mr. Duncan Walker, the popular inspector, has kindly donated a first prize, and the executive of the literary society have given the second and third prizes. The contest promises to be animated and interesting. Rev. Dr. Torrance, Rev. Father McColl and Rev. Dr. Crothers have consented to act as judges.

There will also be a number of musical selections, both vocal and instrumental, by pupils of the school.

This meeting, as were previous ones, will be conducted entirely by the students. Those interested in the school and society are cordially invited to be present.

GIVES PASTOR A VACATION

At the May meeting of the Bridgenorth Methodist church, the Board invited the pastor, Rev. H. McQuade, to return for a second year, and granted him a three months' vacation. It is to be hoped the vacation will be beneficial, as Mr. McQuade has been in very poor health for the last few months, his work being supplied since early in March.—Christian Guardian.

PERSONAL MENTION

Mr. Hart went to Lindsay last night.

Mr. Murty went to Lindsay this morning.

Mr. Wm. Madill went to Toronto this morning.

Mr. Frank Young, Young's Point, was in the city to-day.

Miss McDougall left this morning for the Muskoka Lakes.

Mr. J. J. Kenyon, Pembroke, is registered at the National.

Mr. Chas. Porter, of New Haven, Conn., was in the city to-day.

Mr. and Mrs. A. S. Maycock, of Markham, were in Peterborough today.

Mr. E. L. Stackhouse, district manager of the London Life, was in Hastings yesterday.

Mrs. R. F. McWilliams will receive to-morrow afternoon, and not again until the autumn.

Mr. J. E. Herring, Toronto, inspector of the North American Life, is in the city on an official visit.

Mr. Edward Flaherty, Water street, left this morning to visit friends in Buffalo and Lockport, N. Y.

Mr. and Mrs. Louis M. Hayes, of Peterborough, were guests at the Benson House yesterday.—Lindsay Post.

Miss Laura Belleghem, of Peterborough, is a guest of Mrs. Fred Stubbs, Pollock avenue.—Galt Reformr.

Mrs. Hurley left this morning for Guelph. She was accompanied by her sister, Mrs. (Dr.) Coughlan, of Hastings.

Mr. R. B. Lundy moved up to his Stony Lake cottage this morning, and will remain there during the summer.

Miss Winnie Hannah, of the Peterborough Business College, is spending a few days with her parents in Bethany.

Mr. Harry Green, Toronto, who has been the guest of Mr. Chas. J. Cavanagh, of the Cavanagh House, for the past few weeks, has returned home.

Miss Mamie MacCarthy will discontinue her classes in painting and drawing for some time, as she has gone to Toronto to study under Mr. Forster, Canada's noted artist.

10,000 POST CARD ORDER PLACED

Mr. R. M. Roy has just received what is probably the largest consignment of picture post cards ever made to any one firm in Ontario. He has placed in stock 10,000 picture post cards printed in Belgium from photographs made by Mr. Roy. The subjects are all local, and embrace views of the city, Jackson Park, Stony Lake, etc. They are now being placed on sale, and will no doubt be picked up quickly by persons wishing to send their friends views of the city or surroundings.

UP THE LAKES

On Friday, May 18, the steamer Majestic will leave Lakefield on arrival of the morning train, and will make a trip through the lakes, returning in time to connect with the 4.40 p. m. train for Peterboro'.

Moving Tableau At St. John's Was Well Presented

Splendid Entertainment Under Auspices of Anglican Young Peoples's Association — The Programme Was a Lengthy One and of Great Merit—Those Taking Part Showed Results of Conscientious and Careful Training.

AN UNIQUE AND SUCCESSFUL AFFAIR

The grand moving Tableaux given at St. John's School House last night under the auspices of the St. John's Anglican Young Peoples' Association was a splendid success and the programme rendered was of a most varied and pleasing nature. Those taking part showed marked ability and gave evidence of careful preparation of their parts. The stage was handsomely decorated with Union Jacks and the costumes of the performers were striking and artistic. All the numbers were enthusiastically received. Following is the programme:—

THE ROY STUDIO.

SUNDAY SCHOOL TEACHERS' MEET

The Primary and Junior Union of Sunday School Teachers will meet as usual to-morrow evening (Friday) in the Board room of the Y.M.C.A. from 7 to 8 o'clock for the study of next Sunday's lesson. Mrs. George Laing of St. Andrew's, will have charge of the primary lesson and the junior lesson will be conducted by Rev. A. Bright, of St. Paul's.

Severe Form of Asthma.

"I first used Dr. Chase's Syrup of Linseed and Turpentine with my daughter, who suffered from a severe form of asthma. The least exposure to cold would lay her up, and she would nearly suffocate from want of breath. I must say that I found it to be a most satisfactory treatment and it has entirely cured her." — Mrs. A. A. Van Buskirk, Robinson street, Moncton, N. B.

Mr. P. P. Young Has Purchased Boat Equipment

Bought Out Entire Stock From Messrs. Morin & Gray.

Mr. P. P. Young, proprietor of the steamers "Stony Lake" and "Majestic" has purchased the entire steamboat equipment belonging to Messrs. Morin & Grey, the joint owners of the steam tug "Alert," which was burned last fall. The purchase includes two scows, ropes, punts, and storehouses, together with all equipments connected with them.

Mr. Young now owns four scows and has a service sufficient to supply all demands.

At present the "Majestic" is towing down wood for Ald. Hicks. She will afterwards bring down a boom of logs, the first of the season from the mouth of Jack's Creek, for McCormack, walking boss for the Rathbun Company.

THE COMPLAINT HAD AN AFFECT

The east half of the concrete crossing at the Hunter street corner of George street, was completed last night, but a number of complaints were received at the engineer's office on the construction of the crossing, the complaints pointing out that the dip from the sidewalk to the grating was too steep. As a result, it was decided to remedy the matter, and part of the work was taken up, and to-day the defect is being remedied.

OXEN BRING DOWN THE COAL PRICES

Mr. J. E. A. Fitzgerald has adopted a novel method of advertising the reduction in the price of coal. To-day his team of oxen, driven by a genuine ox-driver, was attached to a coal wagon and driven round the principal streets of the city, with a large sign on the wagon announcing that the price of coal in future, and until further advices, would be $6.90 a ton.

The unique outfit created considerable interest on the streets, a large number of persons, particularly children, never having seen a yoke of oxen before.

Fresh Salmon, Trout and White Fish 10c per pound.

R. A. DUTTON, 'Phone 304.

DON'T SUFFER FROM EYE STRAIN

Until it is too late to remedy the trouble. When we examine your Eyes, we do so with the most up-to-date instruments. We have the knowledge and appliances necessary to do this. We do not tire your eyes by putting lenses from the trial case before you, then let you make your own selection. Nine-tenths of Spectacle wearers require lenses specially ground for them. Not picked out of box to suit your eyes. We grind our own lenses on the premises. **There is No Guess Work in Our Methods.**

LITTLE BELL BIOGRAPHIES

Beethoven

LUDWIG VAN BEETHOVEN, born at Bonn, 1770, died at Vienna, 1827, disputes with Bach the title—"The World's Greatest Musician." In such high honor was he held that 25,000 people—including the nobility, poets, artists, musicians and the populace of Vienna—attended his funeral. Like Bach and Mozart, he was early a musical prodigy. Until he was 25 he appeared privately as a pianist before the nobility. After 1795 he appeared in public, both as a pianist and as a conductor; but increasing deafness compelled him to give up both for composition.

He composed all forms of vocal and instrumental music—from the song to grand opera and oratorio, from the sonata to the concerto and the symphony. Of his nine great symphonies, the Pastoral, the Eroica and the Choral Symphony are universally admired. The pianoforte sonata, developed by Mozart and Haydn, he made perfect. His Opus 27 No. 2, popularly known as "The Moonlight Sonata," is a household favorite.

He was not so great a pianist as Mozart (who played the clavier), because he aimed more at originality and boldness in expression than at finish in technic. He was not so great as Liszt or Rubinstein because he was handicapped both by deafness and by an instrument which, while an improvement over the clavier, had nothing of the wonderful musical qualities of

Synopsis Of Canadian North-West HOMESTEAD REGULATIONS

Any even numbered section of Dominion Lands in Manitoba or the North-west Provinces, excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land is situate.

Homestead Duties.—A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:—

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

Application for patent should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa of his intention to do so.

W. W. CORY,
Deputy of the Minister of the Interior.

Canadians In Train Wreck Were Injured

Switch Engine Demolished By the Wabash Flyer.

ONE ENGINEER WAS KILLED

Accident Occurred at Black Rock—Wabash Passenger Train Ran Into a New York Central Switch Engine, and the Latter Was Almost Completely Demolished — John Howe Killed, and Six Were Injured.

Buffalo, May 15.—In a train wreck at Black Rock yesterday morning, caused by a Wabash passenger train running into a New York Central switch engine, one man was killed, one fatally injured and five others injured so that they had to taken to an hospital.

The train was No. 1 of the Wabash bound west. The switch engine was almost completely demolished and four cars were thrown from the track, but only one passenger received serious injury.

Killed: John Howe, engineer, Buffalo.

Injured: John Hertel, fireman, Buffalo, hip crushed, leg fractured, probably fatal; William Shine, engineer, St. Thomas, Ont., leg lacerated, shock; William White, fireman, St. Thomas, Ont., shoulder dislocated, internal injuries; Phillip O'Donnell, passenger, St. Thomas, Ont., internally injured; William Hall, porter, Yonkers, concussions, back sprained; J. Saunders, Chicago, porter, body bruised and cut.

Toronto Painter Killed In Detroit.

Detroit, May 17.—Falling from a ladder, Charles Bedford, 30 years of age, a painter, rooming at 76 Farrar street, received injuries yesterday morning that resulted in his death at the Emergency Hospital half an hour later.

Bedford was working on the ladder, which separated where the sections joined together, and he was precipitated on to a pile of bricks.

The man struck on his head, sustaining a fracture of the skull and fracture of the right shoulder.

Bedford recently came to Detroit from Toronto, where his people reside. He has a brother living at 240 Jones avenue, in that city.

Coroner Morgan Barker will hold an inquest.

Leg Torn Off by Saw.

Fredericton, May 17.—Charles Robbins, aged 35, while working in a sawmill at Cross Creek, was caught in the saw and had one of his legs torn from his body. He died before medical aid could reach him.

Fall Kills Little Girl.

Kingston, May 17.—A distressing accident occurred at the home of John Hudson, Deseronto road, resulting in the death of his little daughter, two years old, who was playing about and espied a set of stairs standing against the house. She climbed about half way up when they fell, caught her on the head and neck, killing her instantly.

LOSSES TO BE ALL PAID.

Insurance Companies Deny They Will Settle on Percentage Basis.

San Francisco, May 17.—The insurance companies will settle their losses in their own way, each company acting for itself, according to the contracts embodied in its policies, and the fire underwriters' adjusting bureau will make no attempt to dictate a general policy to be observed in the settlement of claims.

There is no truth in the report that it is contemplated to cut losses all down the line, and settle upon a percentage basis. The companies will pay what they legally owe.

'Frisco Banks to Open.

San Francisco, May 17.—All the savings banks of this city will reopen for business on May 28. Officials of the various institutions declared their banks to be in excellent condition financially.

Plans For 'Frisco Reconstruction.

New York, May 17.—It was determined that $100,000,000 shall be the capitalization of the new mortgage loan corporation, which is to be organized here to advance money for the rebuilding of San Francisco.

HUMAN BULLDOG TO DIE.

Former Military Governor of Scutari Condemned For Murder.

Tripoli, North Africa, May 17.—Ali Shamyl Pasha, former military governor of Scutari, and two Beys, were condemned to death yesterday for the murder of Redvan Pasha, prefect of police of Constantinople, who was assassinated there March 14. Three others accused in participation in the crime were condemned to life imprisonment, and others to various sentences of from ten to fifteen years imprisonment.

Throttled Victim to Death.

While Shamyl Pasha, who is a Russian chieftain, was undergoing an examination at Tripoli recently in connection with the murder of Redvan Pasha he suddenly rushed upon the Procurator-General, Nedjim Eddin Bey, fixed his teeth in his throat and held on until his victim was throttled to death.

Suicides by Fire.

Hamilton, May 17.—Miss Annie Clifton, the 25-year-old daughter of William Clifton, a farmer near Appleby, set fire to her clothing Tuesday, and died as a result of her injuries. Ill-health is given as the cause of her action.

McMaster Honors Dr. Smith.

Toronto, May 17.—The conferring upon Dr. Goldwin Smith of the honorary degree of LL.D. was a notable feature at McMaster's annual convocation, held last night.

U. S. Cut of Timber.

Washington, May 17.—A total of 37,723,000,000 feet of lumber was cut in the United States during 1905. The stock on hand Jan. 1 is given as 6,504,000,000.

Dr. Sippi Dead.

London, May 17.—Dr. C. A. Sippi, former bursar of the Asylum for the Insane, died at noon yesterday, after a prolonged illness.

Year For Bigamist.

Toronto, May 17.—Magistrate Denison yesterday sent George W. Potts, bigamist, to gaol for one year.

GROWTH IN HIS MOUTH.

Operation on Dr. Reaume at Windsor Is Quite Successful.

Windsor, May 17.—Hon. J. O. Reaume, Minister of Public Works for Ontario, was operated on yesterday morning in the Hotel Dieu, Windsor, for a growth in his mouth.

Dr. C. W. Casgrain, assisted by Dr. Daniel La Ferte of Detroit, performed the operation, and the physicians say that it was entirely successful. They found that the trouble had been caused by a decayed tooth.

For some time past Dr. Reaume has been suffering intense pain from the growth, but he disliked to undergo the operation on account of the many demands made on his time on account of the Legislature being in session.

Operation Was Successful.

"The operation was successful. The doctor is resting easily and quietly."

This was the reassuring wire received yesterday afternoon by the Premier regarding the operation.

TRAIN ROBBERS ALL RIGHT.

Little Room For Doubt Men Arrested Are Right Ones.

Victoria, B. C., May 17.—Advices to the Attorney-General's office yesterday indicate that there is little room for doubt that the three men arrested near Douglas Lake, Grand Prairie, and taken to Kamloops Tuesday afternoon, are the perpetrators of the C. P. R. hold-up.

They give the names of George Edwards, aged 62; Lewis Colquhoun, who says he is a Canadian and an accountant by profession; and Thomas or "Shorty" Dunn, the only one who resisted arrest. He received a bullet in the leg. Dunn declares himself ignorant of his own nationality, and as to residence "anywhere and everywhere."

JAP PREMIER ON MANCHURIA.

Distrustful Attitude of Japanese Toward Russian Troops.

Tokio, May 17.—The Premier, Marquis Saionji, has returned from his trip of inspection in Manchuria. It is expected that his report will suggest a solution of the deadlock between the military and civil authorities over the best means of settling the Manchurian difficulties.

The Japanese and Russians in Manchuria are closely watching each others' movements. The Japanese apparently will not evacuate that territory before they are assured that the Russians will leave it, in accordance with the stipulations of the Portsmouth treaty.

Police Raid Club.

Owen Sound, May 17.—The Twilight Athletic Club's rooms on Union street were raided by the police, and a beer keg containing almost five gallons of beer was discovered. A complaint was laid against the managers of the club in the Police Court. The police are determined to enforce the local option by-law, and, in order to encourage them to do this, the council have granted them an increase in salary.

Vesuvius Shooting Sand.

Naples, May 17.—Prof. Matteucci, director of the Royal Observatory, telegraphed yesterday that the volcanic activity of Mount Vesuvius is increasing and that the main crater is discharging a great quantity of sand. The professor added that it was impossible on account of rain to explore the volcano.

Anglo-Japanese Defence.

London, May 17.—The London Tribune yesterday morning said that under the terms of the Anglo-Japanese alliance arrangements are being made for a naval and military conference at Tokio between representatives of the two countries.

THAT STAB-LIKE PAIN IN THE SMALL OF THE BACK COMES FROM THE KIDNEYS

AND CAN BE CURED BY

DOAN'S KIDNEY PILLS

It is not the back that is aching, but the kidneys which are situated beneath the small of the back.

Therefore, dull pain in the back, or sharp, quick twinges, are warnings of sick kidneys—warnings of Kidney trouble. Plasters and liniments will not cure a bad back, for they cannot reach the kidneys which cause it. Doan's Kidney Pills reach the kidneys. That is what they are for and that only. So if you would be free from backache, swelling of the feet and ankles, frequent or suppressed urine, painful sensation when urinating, specks floating before the eyes, frequent thirst, brick-dust deposit in the urine, or anything wrong with the urinary organs or bladder, you must keep your kidneys well. Help them to work freely, and help them to flush off all the body's waste and impurities.

Doan's Kidney Pills are made from the purest roots and herbs, and have a remarkable healing and curing effect on the kidneys. Mrs. Barling, 28 Locomotive Street, Hamilton, Ont., writes: "I had been troubled considerably with my kidneys, using many remedies, but finding no relief. I tried Doan's Kidney Pills and found them to act directly on the kidneys, and making them strong again."

Price 50 cents per box, three boxes for $1.25, all dealers or The Doan Kidney Pill Co., Toronto, Ont.

Sunshine Furnace

INEXPENSIVE HEAT

It is not the price you pay for a furnace that makes it cheap or expensive, but the fuel it afterwards consumes.

A common furnace may cost you $5 or $10 less than a "Sunshine," but if it eats this up the first winter in extra fuel, what do you gain? Nothing, but all the annoyance and extra work that go with a poor furnace.

The "Sunshine" is in use from Halifax to Vancouver, and we have hundreds of testimonials from pleased users.

Sold by enterprising dealers everywhere. Booklet free.

Latest News Of Various Sports

McCabe Signs In Brantford

One-Armed Pitcher Will do Slab Work for Dufferins.

Brantford, May 16th.—It is now definitely announced that McCabe, the one-armed pitcher has been signed by the Dufferins. This gives them the best pitching staff in the league, with McCabe, Stokes, Evans and McCallum. The bulk of the catching will probably devolve on Ward, who is said to be acquiring considerable skill behind the bat.

FLAHERTY WILL NOT BE FOOLED

The Galt Reformer says:—"Yebbie" Flaherty and George Marshall will not go to Lindsay. They have been offered good berths, but have both declined. Flaherty says he has been fooled once by the Easterners, and he doesn't purpose putting himself in the position of being fooled a second time.

BASEBALL

"A Peterborough despatch to the Toronto papers says that Lindsay has defaulted. We can't see it that way. The boys have not yet organized.—Post.

• • • •

The Guild League opens on Monday night with a game between George Street and Charlotte Street. Both teams are practising every night and the contest promises to be a good one. The George Street team will give the champions a hard game.

• • • •

Report has it that Yebbie Flaherty has signed with the Ikey Pleasure Club City League team. If this is true the Pleasure Club have a great find. Some difficulty will be experienced in securing a catcher to hold Flaherty.—Galt Reformer.

• • • •

The George Street Guild team had a lively practise on the Oval last night. A large number of players were on hand and showed good form. The game between the two Methodist teams on Monday night should be an interesting contest.

• • • •

St. Paul's Young Men's Guild Baseball team will practise to-night at the Central Park and all members are asked to be present.

• • • •

"Bunker" Whaley's West End Hungry nine were out last night at the West End Bowling Green. Hugh Donovan is getting his team in shape. Jimmy Doris, Jim Callahan and Prunes Quinlan, Whaley was, doing some new stunts in the line of bunting the ball in from the centre field. Petey Collins knocked out a few hot flies. After practise hours Callahan and Whaley finish their workout at Jackson Park.

• • • •

The Shamrock Baseball Club of which there is some talk of re-organizing should be able to make things interesting for most of the other organizations in town. They have it is said, got strings on most of their old players and will have a strong well-balanced nine.

NORWOOD HERE ON SATURDAY

The fast Norwood football team will be here on Saturday afternoon for the return game with the Quakers. The match promises to be one of the best ever played in Peterborough as both teams have the fine points of the game down fine. Although Norwood was defeated last Saturday yet they claim they will bring an eleven here that will be able to turn the tables on the Quakers.

Both the teams have been strenuously practising this week and a close game is expected on Riverside Park next Saturday.

The Quakers in their first game surprised the most hopeful of their supporters and played a gilt-edged game throughout but the return match bids fair to be even a better exhibition of the great game as the visitors are confident of winning out the round.

CASH

—FOR—

Coal and Wood

On and after May 16th inst, Messrs

R. HICKS & CO

have decided to adopt the Cash System. In their Coal and Wood Business. The following are some of the reasons for abolishing credit, in these important times:—

1.—We buy Coal and Wood on the Cash System.

2.—Cash enables us to do more business with same capital.

3.—Cash will enable us to sell Coal and Wood for less money.

4.—The Cash System saves office expenses.

5.—Cash eliminated all Disputed Accounts and Bad Debts.

6.—We desire to accord to our Customers the advantage of the closest buying by paying Spot Cash for their Coal and Wood.

These, briefly, are the reasons why we have decided to adopt the Cash System in our Coal and Wood business.

As a result, our price for Hard Coal for May will be reduced to $6.50 per ton, and for Hardwood $6.00 per cord.

These prices will, of course, be subject to future changes, conformably with the wholesale market prices after this month.

We feel confident that our many customers and friends will cheerfully co-operate with us, and so participate in the advantages of a soundly conducted business.

R. HICKS & CO

Young Torontos Here on May 24

Meet Locals at Riverside Park in First Game of Season.

The lacrosse season opens in Peterborough on the 24th when the Peterborough Shamrocks and Young Torontos will meet in an exhibition game. The Young Torontos will bring a particularly strong team here and will have a number of last year's senior C.L.A. men on their line-up. The locals will have a big husky bunch on the green and the Hogtown twelve will have to extend themselves a whole lot to get the long end of the deal. Lacrosse should be more popular than ever in Peterborough this year and a great big crowd is expected to witness the Shamrocks debut for 1906.

The home team showed much improvement at their practise last night at Riverside Park and should be in good good shape for their game with the Young Torontos on the 24th. The workout lasted over an hour and everybody was going all the time. Among those out were Campbell, Barber, Whitcroft, Ford, Dillon, Stroud, Morgan, Regan, Mein, and Judd. Campbell of the C.G.E. and Barber of the Ontario Bank were the new men out and both showed up well.

FOOTBALL MATCH ON RIVERSIDE

A football match will be played to-night on the Riverside Park between the Junior and Senior Quakers. The Juniors played great ball at Norwood last Saturday and the Seniors will have to go some to keep up with the fast youngsters.

The following will be the line-up for to-night's game which begins sharp at 6.30:—

Juniors.—Goal, Long; backs, Donaldson, Sisson; half backs, Deforge, Parnell, Best; forwards, Armstrong, Todd, Baker, Barrie, Milburn.

Seniors.—Goal, McFadden; backs, Sullivan, Doris; half backs, Graham, McDonald, Shaw, Weir; forwards, Dever, Brooks, Huston, Crough, Blewett. Referee—P. Fitzgerald.

FOOTBALL

Mr. "Jack" Sullivan will referee the Keene-Harwood game at Harwood on Saturday afternoon.

TURF.

Mr. J. B. McIndoo, a well-known member of the Buffalo Road Drivers Association, is the happiest speedway devotee in town. His favourite trotting mare Letah S., 2.09 1-4, ex-queen of the Grand Circuit, has a colt sired by Cresceus, 2.02 1-2, champion of the world. The youngster looks like the famous son of Robert McGregor, monarch of the homestretch, and as the late Mr. C. J. Hamlin used to say, is a trotter right out of the shell. Mr. McIndoo has refused a long price for the colt of royal speed inheritance, and will probably keep him for future breeding purposes on a stock farm near Peterborough, Ont.

• • • •

Mr. R. J. Munro, president of the Peterborough Turf Club, took in the sights of Greater Buffalo the other day. He is a prominent business man in the Ideal Canadian city, and an enthusiastic horseman. Peterborough will give a trotting meeting the first week in August.—Horse World.

MISCELLANEOUS.

Just keep the 28th of the month an open date—the Junior Shamrocks are going to hold a smoker in the T.A.S. rooms. The bill of fare will be good enough to suit anyone. Full particulars later.

Companies That Destroy Trees To Be Punished

Ald. Ball Calls Attention to the Fact That Trees are Being Mutilated.

There are, according to Ald. Ball, companies in this city who are erecting poles on the streets who are disregarding the rights of the citizens in the shade trees which are on private property and on the streets. He stated at the Council meeting last night that on Reid street a number of new poles were erected recently and in puttting them up the workmen had cut the tops off a number of trees, and he asked if the council or any committee had given anyone authority to do this. He did not know which company it was that was the offender in this particular instance, but thought the matter should be taken up and future offences of this kind prevented. He moved, seconded by Ald. Duncan, that the Police Commissioners be requested to instruct the police to look into the matter and to punish the offenders.

DOWN-THE-RIVER RESORTS RESUMING

The tourist season on the waters of the Rice Lake region promises to be active, and already the hotels are preparing for, what it is hoped will be, a rush of travel.

Last Thursday Mr. J. W. Hutchinson, opened the Idyl Wyld hostelrie to travel, and on Monday Mr. "Jack" Gilman as he is popularly known, went down the river on the steamer Water Lily, to reopen the hotel at the Jubilee Point Summer Resort. He took with him a liberal supply of furniture and a stock of provisions of a kind that local option demands. He looks forward to a busy season of which his well conducted hotel and promises justify the expectation.

CRICKET

T.C.S. defeated Lakefield yesterday at Port Hope by an innings and 87 runs.

FINE QUESTION OF ETIQUETTE INVOLVED

A young man writes to inquire as to the proper etiquette under the circumstances in which he found himself the other night, which, were, to say the least, rather trying. It appears that he invited a young lady to accompany him to the opera house. The invitation was accepted and until the end of the performance all went as merrily as the proverbial marriage bell. Another young man hove in sight, however, as the pair came out of the opera house and bore off the fair lady in triumph. Now the first young man wants to know whether it would have been proper to use force in driving off the pirate.

PILES Dr. Chase's Ointment is a certain and guaranteed cure for each and every form of itching, bleeding and protruding piles. See testimonials in the press and ask your neighbors about it. BISON FURNACE

The upper section in a Bison Hot Water Furnace is heated first and is always the hottest.

This insures immediate circulation.

And it sends the water into the mains at its highest temperature, quickly heating the building.

In other furnaces the lower sections are heated first and the upper section, from which the water circulates, is never the hottest.

The Bison has more good heating points than all other heaters combined.

Costs Against a Toronto Firm

Toronto Judge Accords Protection to Public and to Trade Name.

In Toronto recently Judge Winchester, on the complaint of the Slater Shoe Company, gave judgment against the Bachrack Company, of that city, ordering them to deliver up a number of Slater Shoe boxes which had come into their possession, and further perpetually restrained the offending company from advertising, offering for sale, or selling shoes which were not made by the Slater Shoe Company, but which the clerks represented as "Slater" shoes. Bachrack was further restrained from using any other form of words which might erroneously lead the public to believe that the shoes being sold were Slater shoes. The offender was ordered to pay his own costs and the costs of the plaintiff. The court costs would total about $150.

The president of the Slater Shoe Company affirmed that these boxes were displayed in the windows and were used to attract buyers into the store. He said that the practice was becoming too common, and requested the court to put a stop to it in the interest of the buyers who were being continually deceived.

Many forms of deception are practiced by the smaller shoe manufacturers who envy the name and fame of the Slater shoe. One shoe factory in Montreal recently offered to prefix another Christian name to the Slater name, to stamp it on a pair of cheap shoes, and to stamp it as worth $5. "You can sell it as the real thing—the public don's know," he urged the shoe dealer. In this case the dealer was honest enough to refuse the bribe.

The Slater Shoe Company have the only legal right to the name of Slater Shoe. Each genuine Slater shoe has on it the slate trade mark.

CUSTOMERS MAY OBTAIN REFUND

Baptie Bros. Get Contract For House of Refuge at $18,093

Mr. Jas. MacPherson, of Peterborough, Was the Other Tenderer—By-law for Issuing of Debentures Amounting to $30,000 Passed Third Reading—Bridge By-law Passed Second Reading.

The County Council met this morning in the County Chambers for the purpose of receiving the tenders for the erection of the House of Refuge. The Building Committee retired to open and discuss the tenders and remained in committee over two hours. Only two were received and the contract was given to the Baptie Bros., of Lakefield, for $18,093. They were only $41 below Jas. MacPherson, of Peterborough.

The Tenders.

Baptie Bros..... ... ...$18,093
James MacPherson... 18,134

There present were:— Warden Johnston, Chairman Garbutt, Councillors Andrews, Buck, Webster, Mengue, Shaw, Carey, Stinson, Moloney, County Solicitor, E. A. Peck and County Clerk, E. M. Elliott.

To Issue Debentures.

The Council met at 2.15, and the first business taken up was the provision for the issuing of debentures for the erection of the House of Refuge.

It was moved by Councillors Buck and Andrews that a bylaw be prepared for the issuing of debentures to the amount of $30,000 to cover the cost of the site and building of the new House of Refuge, to be paid by yearly instalments of $2,207.50, extending over a period of 20 years. The bylaw comes into force the 30th of June, 1906. The bylaw carried and was signed and sealed.

A bylaw introduced by Councillor Moloney passed its second reading, providing for the issuing of debentures for the building of the Keene and Evans bridges, and to pay the balance on the Boundary Bridge built last year to the amount of $14,000, in 20 equal annual instalments at $1,030.20 at 4 per cent. The bylaw will receive its third reading at the next meeting of the Council on August 31.

The council will go to Lakefield tomorrow morning and Chairman Garbutt of the Property Committee, expects that everything will be in readiness to begin the work of building in a week's time.

Board Wants To Extend Aylmer Street

Ald. Hicks Gives This as the Policy of the Board of Works—If Council Approves This Street as Well as George Will be Opened This Year.

The oft discussed question of the extension of Aylmer street was up again at the meeting of the Council last night, when Ald. McWilliams asked the chairman of the Board of Works if it had been definitely decided to open that street. He had, he said, been asked by a member of the Board of Education to bring the matter up, because the Board wished to know before deciding definitely as to the location of the new school. If the street was to be opened the Board would build the school, facing the new street, but if not it would be erected to have the front towards Park street.

In reply Ald. Hicks stated that the position the Board of Works took was that not only George but Aylmer street, as well, should be opened, and a report to that effect from the Board had already been adopted by the Council, and the former given authority to secure options on the property necessary to make the extension. Unless the Council was opposed to extending the street it would be carried out, and at the present time the valuator was engaged in placing an estimate on the property through which the street would run.

He asked that if any member of the Council was opposed to the extension to voice his objection now, in order that the Board of Works might know just where they were at in the matter. The general opinion of the members of the Council who expressed themselves last night was that there was no question of the advisability of extending Aylmer street at the present time, as it could be carried out now much cheaper than at any future time.

This was satisfactory to the chairman of the Board of Works, and it is probable that in the very near future a definite proposition will be submitted to the Council.

PETITION TO ASK FOR A NEW BREAK-WATER

In calling attention to the conditions existing below the locks in which navigation is rendered difficult for canoeists, the Examiner yesterday was, unintentionally prophetic. It appears that a petition was being circulated with a view of having the attention of the Minister of Public Works called to the matter, and a request made that a breakwater be erected to remedy the conditions existing. It is understood that a large number of signatures have already been secured to the petition and many more can be obtained, since the present condition is one which makes it extremely dangerous for canoeists to attempt to paddle up to the lock, and it is feared that a fatality will result if something is not done in the near future.

HIS LORDSHIP BISHOP O'CONNOR AT HAMILTON

The festivities in connection with the Jubilee of St. Mary's Cathedral, Hamilton, will begin on Saturday evening, the 19th inst., when a reception will be tendered the Apostolic Delegate, Mgr. Sbarretti, and will continue for three days. Their Lordships Bishop McEvay of London, and Bishop O'Connor, of Peterborough, will take part. Rev. Dr. Teefy, of Toronto, and Rev. J. J. Connelly, S. J., of Guelph, will preach.

LOST BOTH LEGS BY JUMPING OFF TRAIN

Examiner Special

Cobourg, May 17.—While attempting to get off a freight train near Newcastle last night, Percy Goodall, aged 25, of Oshawa, fell and was badly injured. He was brought to the Cobourg Hospital by the midnight express, where Drs. Henderson and Ferris found it necessary to amputate both legs.

Reasons For The Cash System

Coal Dealer Tells Why it Has Been Adopted.

There is a concerted action among the coal dealers in reference to the decision to sell coal and wood for cash only. One firm sends out notices like the following:—

Peterborough, May 16th.

We have adopted the cash system, for the following reasons:—We buy coal and wood on the cash system; it enables us to do more business with same capital; we will be able to sell coal and wood for less money; it saves office expenses; it eliminates all disputed accounts and bad debts; we desire to accord to our customers the advantage of the closest buying by paying spot cash for their coal and wood.

These, briefly, are the reasons why we have decided to adopt the cash system in our coal and wood business. As one result, our price for hard coal for May will be $6.90 per ton, and for hardwood $6.00 per cord. These prices will, of course, be subject to future changes, conformable with the wholesale market prices after this month.

We feel confident that our many customers and friends will cheerfully co-operate with us, and so participate in the advantages of a soundly conducted business.

Very truly yours,

DR. SCOTT BUYS OUT A PARTNER

Dr. Andrew Scott, of London, son of ex-Alderman W. Scott, of this city, has a great many warm personal friends in Peterborough. They will be glad to learn of his continued success in the Forest City. Until recently Dr. Scott has been in partnership with Dr. McDonald, but it is now learned that he has bought the latter's interest, and in future will conduct the practice, which is a large and profitable one, himself.

READING CIRCLE OF MARK STREET

The Reading Circle in connection with the Mark street Auxiliary of the Woman's Missionary Society, was held at the home of Mrs. S. Taylor, Rogers street, on Wednesday afternoon. The hours spent in the study of Africa was interesting and profitable, and at the close of the reading the hostess served light refreshments, which were much enjoyed by all.

"THE DAYLIGHT STORE."

Two Garment Suits

Neither comfort nor the conventions demand a waist coat for Summer service. It has simply no function.

We have lines of coat and trouser suits in single and double-breasted models made of beautiful Fibremespuns, Serges, and Tweeds, in distinctive patterns and colours.

WASH VESTS

are decidedly popular this season and we have been particularly fortunate in securing the nicest assortment of patterns we have ever been shown. Makers of these fabrics are doing everything in their power to encourage fancy vests, and this season have made us an assortment that is **certainly to be admired.**

MUSIC AND DRAMA

R. AND P. MINSTRELS.

The number of people who really live is small compared to the vast number that merely exist. Some people seem to think if they go to one minstrel show, that they have seen them all, and also right there. Those are the people that just exist, nothing more.

In the larger cities it is common to meet the heads of families who in figuring on their daily, weekly or monthly expenses, figure that the theatre is a necessary expense, and a visit each week must be figured on. These people really live, and it is a noticeable fact that the same habit is spreading into the interior.

Go and see them all if you can afford it; if not, pick out those that have the mark of age in their favour, those that have been before the public long enough to know just what you are getting. Richards & Pringle's Famous Georgia Minstrels that come to the Grand Opera House on May 21 will come near filling your expectations.

Sunlight Soap is better than other soaps but is best when used in the Sunlight way. Buy Sunlight Soap and follow directions.

Former Peterborough Man's Good Promotion

Mr. A. L. Mudge Made Estimating Engineer for the Allis-Chalmers-Bullock Company of Montreal—Was Formerly With the Canadian General Electric Company Here.

Examiner Special.

Montreal, May 18. — A. L. Mudge has been appointed to the position of estimating engineer for the Allis-Chalmers-Bullock Electric Company of this city. Mr. Mudge graduated from McGill in 1894. For two years almost, from November, 1895, to April, 1897, he was in Peterborough, where he was employed on the engineering staff of the Canadian General Electric Company.

After leaving Peterborough he went to Milwaukee, where he was in the head office of the Allis-Chalmers-Bullock Company.

Mr. Mudge has many friends in Peterborough, to whom the news of his promotion will be welcome. During his residence here he made many friends, and was very popular with the young people of the town.

Wants City To Bear Part Of The Expense

Of Removing the Poles From George Street—This is the Proposition of the Great North Western Telegraph Co.—Mr. Duckworth Was in the City Yesterday—Will Furnish City With Estimates of Cost—The Only Barrier Now to Underground Wires for the Bell Company.

The negotiations between the city and the Bell Telephone and G. N. W. Telegraph Companies, looking to the placing of the wires on George street underground, have advanced another stage, and it looks now as if there is a good prospect of a successful outcome of the negotiations.

The matter on Wednesday night, when it came up in the Council meeting, was referred to the Manufacturers' Committee, and yesterday morning Mr. Doan, the local manager of the company, saw Ald. McWilliams, chairman of the committee, when they talked the matter over.

In the afternoon they saw Mr. Duckworth, superintendent of the Great Northwestern Telegraph Co. in reference to the latter company's willingness to remove their poles from George street, which, up to the present, had been the only obstacle in the way of allowing the Bell Company to go ahead with their underground work.

Mr. Duckworth expressed the willingness of his company to remove the 14 poles from the street, but stated that he thought the city should be willing to pay part of the cost of the work. While the company would prefer to have the poles on some other street, they could manage with them where they were all right, and Mr. Duckworth was of the opinion that the city should bear part of the expense of the work in case they were removed.

Ald. McWilliams, of course, was unable to state whether the proposal made by Mr. Duckworth would be accepted, but the latter promised to send an estimate of the cost of the work, when the matter will be taken up again. It was pointed out that the long poles on George street would necessitate a large gang of men to handle them, which would, of course, increase the cost.

The mayor has expressed his opinion that the city should not agree to the proposal of the G. N. W. Company to pay part of the cost, but whether the Council will entertain the same view remains to be seen.

There are some matters of law in connection with the application of the Bell Company, which the city solicitor and the chairman of the Manufacturers' Committee will take up in the meantime, and when the figures on the cost of the work are received the Council will then be ready to go on with the question.

Visitors Arrive At Stony Lake

Several Families are Already at Their Summer Homes.

The summer-like weather has already had its effect in sending people to Stony Lake. Already there are several families at the lake for the summer, and their numbers will be increasing from now on.

Mr. A. McCreadie, of Toronto, is at his cottage, "Blarney Rock," Boshink, for the season. Mr. McCreadie has added a handsome launch, the Margo, to the list of power boats on the lake.

Mr. Hopkins, of Toronto, has been at Bonsobel for several weeks, and will remain until the cold weather comes.

Mr. Fred. Addison, of Toronto, is at "Clandeboyes," Boshink.

Mr. and Mrs. R. B. Lundy, who are always the first of Peterborough's citizens to take up residence at the lake, went up to their summer home this week.

Mr. Breeze will go up to Glenwood next week to put this popular summer resort in shape for the season. Glenwood will be opened this year as usual on June 15.

The holiday trip to Stony Lake will be largely patronized. Many people will take advantage of the opportunity to spend a day at their cottages.

To Select House Of Refuge Site

Building Committee Left This Morning for Lakefield.

The House of Refuge Committee of the county council went up to Lakefield, accompanied by Engineer John Belcher, to select a site for the new House of Refuge. The location on the property has become a very important question. The matters which the committee will have to consider very carefully will be the location where the water supply will be the best, and also the sewage facilities greatest.

The property will be visited this afternoon and the committee will return this evening.

Fell Thirteen Feet And Struck Head On Pavement

Serious Accident to Little Son of Mr. Chas. Theobald, Hunter Street—Bad Gash on Forehead—Required Fourteen Stitches to Close.

Joseph Theobald, the two year old son of Mr. Charles Theobald, Hunter street, met with a serious accident yesterday, in which his escape from death was miraculous. He was playing on a balcony at his home, and fell to the ground, a distance of about thirteen feet, striking his head heavily on the pavement. He was rendered unconscious, and for a while it was thought that he was dead. Medical assistance was summoned, and it was found necessary to put fourteen stitches in a bad cut on his forehead. The boy is doing as well as possible under the circumstances.

PASSENGER TRAFFIC VERY HEAVY THIS WEEK

The people of Peterborough evidently have plenty of money with which to travel. One of the local railway ticket agents to-day stated to The Examiner that for this time of the year the passenger traffic had never been so heavy. Many are going visiting, and a number of long trips are being taken. For such a short time before a holiday the volume of passenger traffic is really remarkable, and indicates the general prosperity of the country.

ONE THING AND ANOTHER

At Express Speed.
Hamilton Herald.

GENERAL Manager Hayes, of the Grand Trunk, is fifty; but he goes like sixty.

• • • •

Sleepy Hollow.

A SAN FRANCISCO man has left that city to take residence in Port Hope. He evidently wants to live where there is nothing to wake him up.

Tess—Oh, she took the greatest fancy to Charley's Boston bull, and he wouldn't give her the dog.

• • • •

Another Hamilton Mystery.
Toronto News.

A MAN put $1,000 on the collection plate at one of the Hamilton churches last Sunday. The police have a description of him, but he is still at large.

• • • •

Masculine Self-possession.
Argonaut.

A MAN and his wife were at a San Francisco hotel, when they were aroused from their slumbers by the recent earthquake. "Now, my dear," said the husband, "I will put into practice what I have preached. Put on all your indispensable apparel, and keep cool." Then he slipped his watch into his vest pocket and walked with his wife out of the hotel. When all danger was past he said: "Now you seen how necessary it is to keep cool." The wife for the first time glanced at her husband. "Yes, Williams," she said, "it is a grand thing, but if I were you I would have put on my trousers."

THE ROY STUDIO.

Injuries Result In Fall From Load

Concussion of the Brain and Sprained Shoulder the Result.

Mr. John Stewart met with a rather serious accident yesterday afternoon about 5.30 in falling off a load of wood. Mr Stewart is an employee of the Macdonald Lumber Company, and in turning into a gate at the corner of McDonel and Bethune streets, with the wood, tumbled off on his head and shoulders. A slight concussion of the brain resulted and one of his shoulders was sprained.

He was removed to his home on Wescott street in the Dan Spencer ambulance and last night was gradually improving.

Improvements To Boat Livery

Mr. Rye is Preparing for a Heavy Season on River.

Mr. Rye, the proprietor of the boat livery at the river terminal of the street railway line, is making active preparations for a busy season. His enterprise was successful last year, and this year improvements have been made to the establishment and a number of boats added. The street cars run to the door of the boathouse, a convenience that is much appreciated.

Liquidation Of Sugar Company

Meeting Held This Morning to Discuss Claims.

A meeting in connection with the liquidation of the Sugar Beet Company was held this morning in Judge Weller's chambers. A number of claims were discussed, but nothing final was arrived at. Next Monday morning the question of dealing with the shareholders neglecting to pay for their shares will come up before His Honour Judge Weller.

Mr. O'Connell was present in the interests of Mr. Shaughnessy, of Ottawa; Mr. Dumble for Mr. Knaur, Grober, Saxony, Mr. Wood for the liquidator, Mr. Adams, and Mr. Peck for a number of parties.

NARROW ESCAPE; STRUCK BY TRAIN

The Lindsay Post says: It's a wonder there are not more people hurt at the railway crossings. Citizens take too many risks. It was only yesterday that a man crossing the avenue at Sylvester's foundry very narrowly escaped being struck by a passing tram, and at Queen street crossing on Monday, a passenger who got off the C.P.R. train endeavored to cross the track before the train pulled out. His nerves received quite a jolt when he realized that he had just barely escaped being thrown under the train—his suit case struck the car, giving him a slight swing backwards.

ADDITIONAL LINES FOR BELL 'PHONES

The construction of additional metallic lines by the Bell Telephone Company of Canada has just been completed between Toronto and Brockville and between Toronto and Ottawa. This will greatly facilitate telephone connections from Montreal and Ottawa with Toronto and points west. The re-arrangement of circuits caused by the construction of these lines will also greatly improve the service between intermediate points.

StopsHeadache

Zutoo, the Japanese headache cure, is a friend in need.

Don't without a trial, condemn it as something that will hurt you.

Taken when you suspect a headache, it will ward it off. Taken later it will cure the headache in twenty minutes. In every case it will leave you feeling good. It is harmless as the soda which is one of its ingredients.

If it does not do all that is claimed for it, then discard it. But don't confound it with the drug cures and condemn it without a trial. That isn't fair to

Zutoo

Of all the diseases known, with which the female organism is afflicted, kidney disease is the most fatal, and statistics show that this disease is on the increase among women.

Mrs. Emma Sawyer

Unless early and correct treatment is applied the patient seldom survives when once the disease is fastened upon her. We believe Lydia E. Pinkham's Vegetable Compound is the most efficient treatment for chronic kidney troubles of women and is the only medicine especially prepared for this purpose.

When a woman is troubled with pain or weight in loins, backache, frequent painful or scalding urination, swelling of limbs or feet, swelling under the eyes, an uneasy, tired feeling in the region of the kidneys or notices a sediment in the urine, she should lose no time in commencing treatment with Lydia E. Pinkham's Vegetable Compound, as it may be the means of saving her life.

For proof, read what Lydia E. Pinkham's Vegetable Compound did for Mrs. Sawyer.

"I cannot express the terrible suffering I had to endure. A derangement of the femal organs developed nervous prostration and serious kidney trouble. The doctor attended me for a year, but I kept getting worse, until I was unable to do anything, and I made up my mind I could not live. I finally decided to try Lydia E. Pinkham's Vegetable Compound as a last resort, and I am to-day a well woman. I cannot praise it too highly, and tell every suffering woman about my case." Mrs. Emma Sawyer, Conyers, Ga.

Mrs. Pinkham gives free advice to women; address in confidence, Lynn Mass.

Rival Lovers Fight and Die

Had Row Over Girl and Fough in a Canal.

Fort William, May 17. — As the result of a feud which had its inception in Nipegon, a small town sixty miles east of Fort William, W. A. Thompson and Isadore Bouchard, formerly employed on the projected line of the transcontinental railway, are dead in Helen Lake, on the north shore of Lake Superior. Thompson and Bouchard were drowned a week ago, and their deaths were, without exception, the most tragic that ever occurred in this district. While in a canoe half a mile from shore, the men engaged in combat, capsizing the craft. Undaunted, they climbed to the top of the upturned canoe, and engaged in a hand to hand struggle, lasting nearly thirty minutes, when their strength spent, they slipped into the water and sank.

Some weeks ago Thompson and Bouchard became involved in a quarrel over a girl, and bad blood between the two ever since has existed. In Nipegon last Monday Thompson publicly threatened Bouchard. Notwithstanding that on the day following, they left for the north with a party of surveyors. They had proceed five miles when Thompson and Bouchard left their companions and returned to Nipegon, where they called on the woman both admired. Early on Tuesday morning they put off in a canoe ostensibly to join the surveyors, and it was soon afterwards they were seen astride their overturned canoe fighting with all the strength they possessed. A fisherman and his daughter standing on the shore, were the only ones to witness the death struggle. Bouchard was the first to go down. A minute later a gust of wind put the sea in motion, and Thompson toppled from the canoe and sank. The bodies have not been recovered.

"MIRROR" THINKS WE'RE ALL RIGHT

The Millbrook Mirror this week says:—Last week the Peterborough Examiner gave us a complimentary notice, exceeding our deserts, yet deserving recognition. The Examiner is a great city journal, its responsible head has filled the first positions of trust and honour in the gift of the country, and it will be readily understood that praise from such a source should command recognition and approval. We trust no flattering a notice from such an influential journal will not pass unnoticed by the enterprising merchants of Peterborough.

RHEUMATISM

Price 25c.

I will refund your money if it fails.

Moxsel's Rheumatism Cure seldom fails to relieve pains in legs, arms, back, stiff or swollen joints in a few hours. Positively cures in a few days. It does not put the disease to sleep, but drives it from the system. —MOXSEL

THIS CHARIVARI WAS AN EXPENSIVE ONE

A rather amusing police court was held at Tweed on Friday afternoon last when about fifteen boys and young men, ranging in age from twelve to nearly forty years, were up before Magistrate Flint, of Belleville, charged with being members of an unlawful assembly at Stoco on two occasions, Saturday, April 21, and Tuesday, April 24; when a large charivari party assembled outside the residence of Mrs. Antoine Tournoyier to celebrate the marriage of her daughter to Mr. Harry Chapman. The bride and groom were both present at the trial, although they were not called upon to give evidence. The bride looked as most brides do during their honeymoon and seemed to enjoy the many amusing incidents of the trial, while the groom was more serious being apparent, much embarrassed by the situation. Mr. P. J. M. Anderson, County Crown Attorney, conducted the case. The names of the accused were called and they were asked to take seats at the front of the hall like bad boys at school, in fact the entire proceedings reminded one more of a school investigation than of a court of justice.

After some brief consideration the magistrate imposed a fine of $3.00 and costs on all of the accused with the exception of those who were dismissed on account of their youth, the total fine amounting to $9.00, or in default of payment one month in jail.

Mexico Resident Died In Keene After Long Illness

Personal and Other Notes From Busy Otonabee Centre.

Special to The Examiner.

Keene, May 10.—Miss Lillian Campbell went last week to Toronto where she will resume the study of music.

Mr. William Macfarlane, who was injured by falling down the steps at his back door is, we are pleased to state much better and will, in a day or two, be able to get around again.

Early closing began May 15th. Hereafter all the stores in Keene will close at six o'clock Mondays, Wednesdays and Fridays.

Miss Kathleen Powell went to Norwood Friday where she will spend the summer.

The Temple of Fame will be given in the town hall Keene, under the auspices of the Village Improvement Society next month.

The road gang consisting of Messrs. Fred Speers, Daniel McCarthy, Harry Maclachlan, Denis Kennealy and N. Doris, commenced the summer's work on the roads of the township last week.

A Village Improvement Society Ball is to be held in the town hall of the 24th.

Mr. J. C. Read was in Toronto Friday.

Mr. Stillman, of Campbellford, is the guest of his son, Mr. Thos. Stillman.

Mr. T. Gumpricht, of Peterborough, was in Keene Friday.

The death occurred on Sunday, May 13th, at the residence of his brother Mr. John Anderson, of Mr. Alexander C. Anderson. The late Mr. Anderson, whose home is in Mexico, has been suffering from dropsy, and was advised by his physicians to come to Canada in the hope that the change might benefit him. The deceased leaves a wife and family in Mexico. Mr. John Anderson, concession 7, Otonabee, and Mr. Wm. Anderson, M.L.A., are brothers, and Miss Agnes Anderson of Otonabee, is a sister. Mr. Anderson was a blacksmith by trade and served his apprenticeship in Westwood. He was for a number of years employed in the west by the Hudson Bay Co., later moving to Mexico. The funeral will leave the residence of his 7, Otonabee, on Wednesday, May 16, and proceed to the Keene cemetery for interment. Rev. D. D. McDonald, pastor of the Presbyterian church, Keene, will conduct the services.

Dr. Jas. Campbell, who has been taking a postgraduate course in New York, returned to Keene last week.

Mrs. Michael Galvin of Sudbury, is the guest of her father, Mr. Chas. Bell.

The Keene football team played their first game of the season at the exhibition grounds on Saturday, May 12th, against Harwood. Owing to the heavy rain storm on Saturday the grounds were in very poor condition. Mr. Percy Fitzgerald of Peterborough, acted as referee. The line up was as follows:

Keene.	Harwood.
Goal.	
D. Moore...	...Edmison
Backs.	
Dr. Kindred...	.....Corkery
McIntyre...	...Yonge
Half Backs.	
J. Quinn...	...Watson
Dr. McWilliams...	...Duncan
V. McCarthy...	...Smart
Centre.	
S. Comrie...	...Yonge
Forwards.	
Newton...	.....Isaacs
McFee...	... Smart
Edwards...	... Patten
Godfrey...	...Johnston

Neither team succeeded in scoring. The return match will be played on Saturday, May 19th at Harwood.

Mr. Thomas Wedlock has bought the corner lot on which his blacksmith shop is situated from Mr. Samuel English of Omemee.

At the official board of the Keene circuit, held on the 7th of May, the following resolution was unanimously adopted:

"That this quarterly official board tender to the Rev. W. P. Wilson, our beloved pastor, our sincere thanks for the efficient work he has been, through the grace of God, able to accomplish on our circuit during this conference year, the fruits of which are everywhere apparent. Our congregations have much increased, our church membership enlarged, and a great spiritual awakening experienced over the entire circuit. We thank our Heavenly Father that he came in our midst.

"B. KINDRED,
"Recording Steward.

"Keene, May 10, 906."

Miss Lavina Hallahan, of Peterborough, is the guest of Miss Lillian Bell.

Mrs. W. J. Mein of Peterborough, is the guest of Mrs. A. Campbell.

Retort Courteous.

Columbus Dispatch.

"THIS bread," remarked young Wedderly at the breakfast table, "is nothing like the bread my mother made."

"And you," calmly rejoined Mrs. Wedderly, "are nothing like the man my father was."

Mr. J. Bradshaw's Sudden Death

Lindsay Laments Over the Death of One of Her Sons.

The many Peterborough friends of the late Mr. John Bradshaw will regret to hear of his sudden death at Lindsay hospital on Monday last. Mr. Bradshaw was a nephew of Mrs. John Browne, 525 George street, Peterborough.

The funeral took place yesterday and was one of the largest ever witnessed in Lindsay as the deceased young man was one of the most popular of Lindsay's citizens. The floral tributes were most beautiful — a number coming from friends in Stratford and Peterborough. The Lindsay band of which he was a member was also present. Rev. Mr. Marsh, of St. Paul's Anglican Church, conducted the funeral services and spoke in glowing terms of the deceased young man, who leaves a host of friends.

The Lindsay Post gives the following account of his death:—

Just a week ago yesterday Mr. Jack Bradshaw, monoline operator in the Watchman-Warder office, entered Ross Memorial Hospital to undergo a serious operation. It was performed successfully but unexpected complications set in, and it soon became known about town that the patient was engaged in an heroic battle for life with the chances surely against him, although his medical attendants and the staff of the hospital were giving him their devoted attention. Dr. Bruce, a Toronto specialist, was summoned, but could only confirm and approve the treatment.

Mr. Bradshaw, being a member of various town organizations, and a very popular young man, the inquiries as to his condition were incessant. On Sunday his physicians abandoned hope, and he passed away yesterday about 1 p.m. The news was received with expressions of profound regret by a majority of our citizens, and by those who knew the deceased intimately, with manifestations of lively sorrow that afforded convincing proof of the loss of a valued friend.

John Weston Bradshaw, aged 22 years, was the only son of Mr. Archd. Bradshaw, Fishery Overseer for this district. For a number of years he had been a member of the Watchman-Warder staff, and was an expert monoline operator. There, too, he was appreciated and loved, and likewise by the members of the Sylvester band, of which organization he had been for five years one of the most enthusiastic and hard-working members. He also belonged to the King Edward Club and Victoria County Rifle Association, being held in high esteem. He was connected with the Masonics and with Lindsay Lodge No. 100, I. O. O. F., the members of which bodies will mourn the loss of a devoted brother.

The remains were conveyed from the hospital to the parents' home on Sussex street, north ward, last evening, and the funeral will take place to-morrow (Wednesday) at 2.30 p.m., under Masonic auspices, proceeding first to St. Paul's church, where a service will be held, and thence to Riverside, where interment will take place.

The bereaved parents and sisters will have the sympathy of the entire community in their great loss.

MOTHER AND CHILD.

Let the mother take Scott's Emulsion for the two; it never fails to benefit them both. One can eat for two, but nourishing two is a different thing. It calls for a degree of internal strength that the average woman lacks. People of luxury are not very strong by habit; overworked people are weak in some functions from exhaustion or their surroundings. Scott's Emulsion can be depended upon to overcome such conditions. It is a wonderful food for a mother and child.

SCOTT & BOWNE, Toronto, Ont.

Has Mrs. H. Battye
---A FORMER PETERBORO' LADY---
Perished In Disaster?

Her Sister Here is Anxiously Waiting to Hear From Her —No Trace of Lady Who Lived in San Francisco— Fears Entertained for Her Safety—Chief of Police of 'Frisco Communicated With But He Knows Nothing— She Lived Here Prior to Her Wedding—Has Son in the United States Army.

It is feared that a former Peterborough lady may be one of the victims of the San Francisco disaster. At any rate the evidence seems to point to this belief. The facts of the case are that while the friends and relatives of Mrs. Henry Battye, whose maiden name was Jennie Steele, and, who, a number of years ago lived in this city, and has a sister living here now, have been using every means of communicating with Mrs. Battye since the disaster they have, so far not succeeded, no one, being able to locate them. For five months no word has been received from Mrs. Battye, and at that time she was living in on Oak Grove avenue, San Francisco, and, since her home was established in the city and she had lived there a number of years there is no strong probability that she has removed.

No Replies to Letter.

In spite of this fact her relatives have been unable to get any word from her. They not only wrote repeatedly to her, but Mrs. Battye's sister, who, as has been stated, lives in this city wrote to the Chief of Police of San Francisco, but, after a week's search he replied that he could find no trace of the lady for whom inquiry was made.

This was, as can well be imagined, most unwelcome news to her sister, who is greatly worried for her safety. She was a widow with a family of four children, one of whom, the second son, enlisted in the American Army and served in the Philippines for some years. Another child, a daughter is married, but the lady here did not know the name of her husband, nor where she lived. Mrs. Battye has lived in San Francisco for a number of years, at least ten.

A Brother Too.

In addition to her sister living in Peterborough, she has a brother, a former resident of this city, but now living in Carleton Place, John Steele, by name. He is equally as anxious as the sister here, and has himself written to her a number of times, but he too, has been doomed to disappointment.

They have not been able to learn yet the location of Oak Grove avenue, upon which streeet Mrs. Battye lived the last time they heard from her, and do not know whether it was in the section of the city destroyed or not.

Oak Street Burned.

The Examiner, when it learned of the anxiety of Mrs. Battye's relatives, communicated with Mrs. W. J. Ellis, who is in the city from San Francisco, visiting her sister, Mrs. Dunsford. Mrs. Ellis is quite familiar with the greater part of the city, but stated that she did not remember Oak Grove avenue. She did know Oak streeet and Grove street, and there is a possibility that there may have been some misunderstanding as to the street upon which Mrs. Battye lived. Oak street runs off Market street, and the small numbers on the street represent the section nearest Market street, and it was in this district that the greatest damage was wrought by fire. Grove street ran in another direction, and Mrs. Ellis did not know whether the damage on it was as great.

In the meantime further efforts are being made to locate the lady, and friends of her relatives here will join in hoping that they may be successful.

THE NEWS OF CITY AND THE DISTRICT

Weather To-day—Warm, with thunder showers. Saturday—Fresh Westerly and Northwesterly winds, fair and becoming cooler.

Board of Works.

—The Board of Works will meet to-night in the city clerk's office.

New Directory.

—The Canadian Machine Telephone Company, to-day issued a new directory of the local subscribers.

Hardwood Floors.

—Partitions, shelving, all kinds of office, house and store fittings made to order. Ed. Courtney; 'phone 465.

Piano Tuning.

—Piano tuning promptly attended to. Satisfaction guaranteed. A. F. Hoover, 223 McDonnel street. 'Phone 199.

To Work Cordova Mines.

—It is reported that an attempt is being made by capitalists to purchase the Cordova gold mine property.

Engaged Cheesemaker.

—Mr. W. J. Puffer, of this place, has been engaged for the season as cheesemaker in the Peterborough factory.—Norwood Register.

St. John's Vestry.

—A vestry meeting will be held to-night in St. John's school room. It is understood that important business will be transacted.

Paper on "Russia"

—The Young Peoples' Guild of Knox church will meet to-night, when Mrs. R. F. McWilliams will give a paper on "Russia."

Axle Nut Found.

—The person who lost on Gilmour street the axle nut from a heavy wheel wagon, can get the same by applying at 52 Gilmour street.

Conductor Dead.

—George L. Fish, one of the oldest conductors on the Midland Railway and the first to take a train out of Port Hope, died at Midland last week.

Grand Lodge Committee.

—The Grand Lodge Committee of the Oddfellows' Lodges will meet to-night to transact business in connection with the approaching meeting of the Grand Lodge.

Abandon Short Line.

—The latest report is that the C. P. R. may abandon the proposed line through Marmora and Madoc as it does not shorten the distance sufficiently.—Warkworth Journal.

At Home.

—This afternoon from 4 to 7 o'clock the members of the Ladies' Aid and Woman's Missionary Society of Charlotte street church are holding an "at-home" for the ladies of the church and congregation.

"My Valet" Does the Work.

—Our way of cleaning, pressing, and repairing of gentlemen's clothing keeps our citizens well dressed at a small outlay all the year round. Send to 364 1-2 George street, or call up 575 and our messenger will call.

St. John's Vestry Meeting.

—Last night a special vestry meeting was held to consider important congregational interests. Considerable progress was made in dealing with the project for building a new rectory. The plans for the vestry extension were submitted and a committee considered them.

We Have the Sand.

—It is understood that a project is on foot to establish an industry for the manufacture of sandpaper in Peterborough. Such an industry ought to succeed. Sandpaper would be useful in rubbing down some members of the School Board and Military. We can easily get at the paper and we certainly have the necessary "sand."

Christian Science.

—Mr. Joseph Brundrett, who for past seven months has been in the eastern provinces in the interests of Christian Science, has returned to Port Hope. Mr. Brundrette will act as demonstrator in the interests of Christian Science, and will make Port Hope his headquarters.—Port Hope Times.

Will Ask For Lessened Duty

Theatrical Managers to Meet Government for This Purpose.

Manager R. H. Bradburn of the Grand, goes to Ottawa next week to attend the meeting of the Theatrical Managers' Association, on May 28, 29 and 30.

The principal work of the Association while there will be to wait on the Government with a view to having the duty on theatrical paper and cuts coming in to Canada from the United States, lessened.

At present the duty on lithographic and all theatrical paper is 15c per lb., and for cuts a duty of 20c per square inch is charged. The stones upon which the lithographic work is done are very expensive, and few Canadian firms use them.

Should the managers proposition meet with favour from the Government, a better class of shows and more of them would come into Canada, and the prices would be more nearly equal to those of the American cities.

THE RESULTS OF CARELESSNESS

An evidence of the sometimes disastrous results which follow carelessness, was furnished this morning in a city store. A young man visiting the store threw an empty cigarette box, striking the globe of an enclosed arc light, with the result that the globe was broken, and the proprietor of the store, who happened to be standing directly under the lamp received some painful, if not serious, cuts from the falling glass.

For Victoria Day.

Grand Trunk have made rate of single fare for round trip, good May 23rd and 24th, returning until May 25th between all stations in Canada, also to Suspension Bridge and Buffalo, N.Y., Detroit and Port Huron, Mich. Call on agents for tickets. 3d

17 Year Old Bride Wept in Court

A Pathetic Incident in Ottawa Police Court.

Examiner Special.

Ottawa, May 18. — Mrs. Florence Marion, a seventeen year old Ottawa bride, is under arrest, charged with being an inmate of a disorderly house. At the police court yesterday morning she wept bitterly, and almost collapsed, having to be assisted from the room. A sad feature was that her husband, Pierre Marion of Ottawa, was also in the court room, and was so affected by his wife's troubles that he wept as he asked Clerk Lett to help him. The couple were married on Monday night at the Basilica and the husband intends taking his wife to Cobalt where he has been working for several weeks.

Stole His Bride At Church Door

An Exciting Experience of a Melbourne Bridegroom.

Examiner Special

Melbourne, May 17.—An extraordinary scene occurred in St. Mary's church, North Melbourne, in connection with a wedding for which all arrangements had been made.

The bride was a young woman of 22 and the bridegroom a school teacher. Strong objections to the marriage were made by the relatives of the bride, but eventually it was decided that the wedding should take place between 6 and 7 o'clock in the morning. The bridegroom, anticipating trouble, arranged for the attendance of a policeman. When the wedding party arrived they found to their dismay that the clergyman was engaged in earnest conversation with a sister of the bride.

She met the bride at the church door, and, clinging to her, besought her to reconsider the step that she contemplated.

"For heaven's sake, stop!" she cried.

The rector called on the constable to restore order, but matters were made worse by the bridegroom trying to drag his intended wife from the grasp of her sister.

He was unsuccessful, and at length the sister, catching the others unawares, pushed the bride out of the door and hustled her into a waiting cab, which immediately drove away.

The bridegroom was dumfounded. Raising his hands in an attitude of despair, he cried, "I am ruined," and fell unconscious on the church steps.

C. P. R. Express' Narrow Escape Near Toronto

5:15 Express Yesterday Nearly Went Over Embankment.

Toronto, May 18.—Another terrific rain and hailstorm caused a big washout in the C. P. R. track at Wexford, 10 miles from this city, last night. The ballast was fairly swept away from under the tracks for a distance of fifty yards, causing great danger to the oncoming C. P. R. express from Montreal, due here at 7.30 p. m. Fortunately the engineer noted the condition of things and stopped his train, by a quick turn of the lever, almost at the spot where the washout began, and saved his 200 passengers from a dangerous accident. It took two and a half hours to repair the track to enable the train to pass in safety. Great damage to bridges and roads is reported throughout Scarboro Township.

MORE BENCHES ARE NEEDED IN PARKS

Benches have been placed in Central Park, and that breathing spot in the centre of the city is being largely patronized. Some complaint is being made that there are not enough benches in the park to accommodate those who want to use them. Half a dozen more at least could be used to advantage.

NEW SIGN FOR MISS B. Y. MOYES

Miss B. Y. Moyes has had a beautiful new sign erected in front of her place of business, George street. It is of large gold block raised letters with blue smaltz background. The sign while plain in lettering is certainly a masterpiece in its line, and is a credit to the producers, Messrs. J. J. Turnerr & Sons.

MORE COMPLAINTS OF THE DUST EVIL

Complaints are still being made that the streeet watering is not being properly done. To-day the clouds of dust were unbearable and merchants on George street were especially loud in their objection to the way in which the work is done or rather not done. On some streets the water wagon is a rare visitor and during the long intervals between visits residents have to endure the evil.

An Old Soldier In Police Court

Robert Black Had to Pay $2 for Striking a Man.

"Well, I was drinking a little," said Robert Black at the Police Station this morning, when asked to plead to charge of being drunk and disorderly yesterday afternoon. "I wasn't sober."

Black got into an altercation with another man over an affair concerning wages and struck him, making his nose bleed. The row took place on Brock street. P. C. Stewart happened to be riding past on a wheel at the time and nabbed Black.

"Are you an old soldier?" asked the Court.

"Yes," replied the prisoner.

"Weren't you taught to control yourself in the army?"

"Yes," but there are times when a man loses his temper."

"I don't like to see an old soldier get into trouble," said His Worship, "but we have to have order on the streets—$2, to be paid in 10 days."

Black has not been working for three or four days and His Worship promised him employment if he would call at his residence this afternoon.

TO DEDICATE NEW CHURCH SOON

The two million dollar extension of the Mother Church of Christian Science in Boston, Mass., will be dedicated on Sunday, June 10th, the regular annual communion. The steamboat and railway lines are giving special excursion rates; local rates will be known in a few days.

Skin Troubles of Babyhood
AND HOW PROMPTLY THEY ARE OVERCOME BY THE USE OF
Dr. Chase's Ointment

Your family doctor will explain to you, if you ask him, the mission of the pores of the skin, and will tell you of the dangers of using pore-clogging powders for the chafings and irritations to which babies are subject.

Any mother who has used Dr. Chase's Ointment for this purpose will tell you of how beautifully soft and smooth it has kept the skin, and of how quickly it cured the chafing or irritation.

Especially during the teething period children are likely to suffer from eczema, and unless it is promptly checked there is danger of it spreading to other parts of the body and becoming chronic.

There is no rival to Dr. Chase's Ointment as a cure for baby eczema, as it is usually called, and it can be used with positive assurance that it will not injure the most delicate skin, but on the contrary, keep it soft and smooth.

Mr. Chas K. Moss, Berlin, Ont., states: "My child, six months old, was a terrible sufferer from itching sores on her body. The doctors called it salt rheum, but could not cure it. We also tried remedies recommended by the people, but they had no beneficial effect. Having read of Dr. Chase's Ointment, I decided to try it and am glad to say that it completely cured her before half the box was used."

"In July, 1903, my little girl took what the doctor called abcess on her cheek. The doctor lanced it but could not do it any good. By September it had become a running sore and though we had the doctor again he could do nothing.

"In December we began using Dr. Chase's Ointment which has made a complete cure. There has not been the least return of this trouble so we believe that the cure is permanent."—Mrs. S. J. Saunders, Prospect, Lanark, Co., Ont.

Dr. Chase's Ointment is a necessity in every home where its merits are known, and is indispensable in the nursery; 60 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto. 3

HONESTY THE BEST POLICY.

When will producers in all departments of activity learn that it pays to be honest and to furnish honest goods. A few dishonest persons can give a country's products a bad name to the detriment of the entire class they represent. Mr. Burke, the Canadian commercial agent, located at Kingston, Jamaica, in his official report of this week, advises the dairy produce shippers of this country of a few complaints against Canadian butter, attributing the inferior quality of the same to the high values recently ruling throughout the Dominion for finest creamery goods. Exporters are said to have allowed the standard of butter for the Jamaica market to drop to a degree that has create' a distinct prejudice against the product manufactured in Canada. Mr. Burke rightly suggests that it would have been wiser policy to have added the extra charge rather than allow an inferior brand to leave the country for a market that has many future possibilities. On the other hand, remarks the Montreal Witness, it is not clear that the situation is so desperate as Mr. Burke suggests, as even in his report there is only one instance mentioned of inferior butter being shipped to Jamaica, and, in that case, the butter had been shipped from Nova Scotia, there being admittedly nothing wrong with the product that had been shipped in jars by a Montreal house. It is not to be expected that the finest creamery butter can be shipped if the price offered is below the market value in the principal consuming markets of the British Isles.

EDITORIAL NOTES.

Toronto's experience is that the advance in the price of drinks lessens drunkenness. Natural enough. An increase of 50 per cent. in the cost of a necessary of life would certainly have a sobering effect.

Toronto has struck an easy way of counting the holes in the pavements of its residential streets. By taking note of the few rare patches of sound pavement, and counting the rest en bloc as holes the thing is done.

Mayor Coatsworth, of Toronto, is a self-sacrificing patriot. He wanted a salary of $6,500 per year, but has magnaminously compromised on $5,000. History will have to "get busy" to dig up a more illustrious example of self-denial.

The Canadian Manufacturers' Association is demanding that the Intercolonial Railway pay customs duties on supplies imported for its use. It being a Government concern is exempt from duty. The government might try the experiment so that it will know how the people feel who have to pay the taxes it imposes.

The arrest of a gang suposed to be the men who robbed the C.P.R. train the other day is reported from Victoria. If this is the case, outsiders' ideas of the surefooted and swift character of Canada justice will be enlarged. Justice may be swifter in some parts of the United States, when culprits are captured, but they are not often caught. A reputation for law and order and the security of property is an asset next in value to our tremendous national resources.

Who will not say that the "growing time" and Liberal rule do not go together? If, as there is every promise of, the five hundred million trade mark is reached next year, that will be the second time since the Laurier Government came into power that our trade has increased one hundred million dollars in four years, an average increase since 1898 of fifty million dollars a year.

Is civilization retrograding? One of the tests of the higher civilization is good and efficient condition of highways and means of communication. In great cities like Montreal and Toronto there is grievous complaint of the wretched condition of the streets and in Peterborough there is abundant cause for similar complaint. We can't reproach the authorities for not spending enough money in street improvement, but the way it is spent; "ay, there's the rub," as Hamlet would say. No reasonable ratepayer objects to contributing taxes, so long as reasonably good value is received, but when money is liberally spent without corresponding returns, there is good cause for kicking.

The Conservative party is only at its best—teres atque rotunda—when it holds office. Office seems to be the ligament that binds the bones of the party firmly together. After holding office for eighteen years, the Conservative party in Canada was retired by the people. Immediately it went to pieces, and the pieces are pieces still. There are discord factions, as many factions as aspiring leaders, and a general state of disorganization and lack of harmonious action. The same holds good of the party in Great Britain. The party debacle came recently, and the Conservative party is looking for the causes of this happening. The question of efficient leadership is an acute and irritating one, and the consequence is a condition of partial disorganization and general lack of harmony of impulse and action.

CANADA A COMING WORLD POWER.

From The Outlook, London.

Canada, as she is, has all the marks of a coming world-power. Already Canada is the Imperial granary; her wheat, which is the lives of men, must be the Old World's living. Thanks to her position "at the apex of the continent," to quote Sir Wilfrid Laurier, which gives her the shortest sea routes across the Pacific, and because an acre in Western Canada produces much more and much better wheat than an acre in the Western States, she must control the North American trade in food-stuffs with the Orient. The East gives up rice for wheat; Edmonton must become a second Minneapolis, Prince Rupert a second San Francisco. Slowly, but surely, the gravity of other North American industries of primary consequence — lumbering, mining, the procuring of the "white coal" of water-power — march northward across the international boundary line.

THE TRADE OF CANADA.

The trade returns of Canada continue to climb. The aggregate for the last ten months is $43,742,955, of which $225,257,576 is for imports, and $189,757,157 for exprots. Evidently this will be noted as the year in which the $500,000,000 mark is reached. The $200,000,000 mark was first passed in 1873. After that the progress was not steady, and as late as 1886, the aggregate was only $189,975,875; in 1902 it first exceeded $400,000,000; in 1906 it will exceed $500,000,000; so that for the second time there will be an increase of $100,000,000 in four years.

This growth is all the more remarkable, because it is accompanied by a great expansion of domestic trade. The various provinces and sections of Canada are doing more business, not only with the outside world, but with one another. It is less than twenty-five years since the first through Canadian Pacific Railway train left Montreal for Vancouver. To-day the Canadian Pacific Railway is double-tracking its line from Winnipeg to Lake Superior; the Canadian Northern is at Edmonton, with all the traffic it can handle; and the construction of the Grand Trunk Pacific is being rapidly pushed forward. There will soon be three transcontinental railways, and any day we may expect to hear of a fourth, carrying business still farther north. All this means an expansion of interprovincial trade, which the returns do not show. — Toronto Star.

Nervous and Worried.

Mr. Archibald Sutherland, Principal South Bur School, Sydney, N.S., writes, "I was greatly troubled with nervous dyspepsia, and after meals I often felt like vomiting, and my tomach was sore. I was nervous and worried, frequently had headaches and shortness of breath. When several doctors failed I decided to try Dr. Chase's Nerve Food, and it has entirely cured me. I shall be glad to be the means of bringing this medicine to the notice of any one who is suffering as I did."

Neglect Your Watch

And you'll ruin it. Eighteen months running will gather enough hardened oil and grit to wear and loosen the whole mechanism.

Our Watch Repair Department cares for watches in an expert way and guarantees satisfaction.

Ex-Warden Buck Is Elected As Chairman

Of the Newly Organized Foley Board—To Administer the Revenue Arising From the Estate of the Late Mrs. Foley—Sheriff Hall is Secretary-Treasurer—First and Organization Meeting Held Last Night.

The Board to administer the revenue arising from the estate of the late Mrs. Foley, for the benefit of the deserving poor widows and orphans of the County was organized yesterday in the office of the Sheriff. The board is composed of Mayor Best, Ald. Mason and Sheriff Hall, representing the city and Warden Johnston, Councillors Buck, Webster, Carey and Stinson, as representatives of the county. The first meeting of the Board was held yesterday, for the purpose of organizing. This was effected, and the officers are:

Chairman—Ex-Warden Buck, Norwood.

Secretary-Treasurer—Sheriff Hall, Peterborough.

Solicitor—E. A. Peck, Peterborough.

Mr. Peck in opening the meeting explained that the late Mrs. Foley left about $46,000 which her will directed should be invested and the revenue devoted to the poor widows and orphans of the County, the only stipulation being that they should be honest and industrious and that prior to their becoming dependent they should have been residing in the county.

Twenty-two persons who were to have as long as they lived equal shares of the revenue from the estate were named, and, while these persons lived the provisions of the will were carried out by the executors of whom Sheriff Hall is one, Mr. Roxburgh, of Norwood, a second and Mr. Steele, a relative of the deceased, the third. The will provides that upon their death the executors shall be the Sheriff of the County, the County Judge and the Registrar. Recently three of the annuitants of the will have died, and with their death money has been accumulating, which the executors have been unable to dispose of, because there was no authority in the will for their doing so. At this stage it became necessary to appoint a Board, upon the members of which should devolve the duty of administering the balance of revenue, over and above that paid to the persons named in the will, who are still living.

The matter was handed to the Courts to deal with, and Chief Justice Meredith decided that a Board of Directors, consisting of the Mayor of the city, with two others appointed by the Council of the City and the of the County, together with four named by that Council should be appointed, and to this Board should be handed the surplus.

At the present time about $290 a year is available for this Board, but as the annuitants die this sum will increase until it reaches $1,800, the sum which the $40,000 now yields in interest each year, on an average. The money at the present time is invested in mortgages, principally on Toronto real estate.

An order will be passed through the Court at Toronto in a short time, at the request of Malone, Malone & Holden, the solicitors for the trustees, and the money now on hand will be given to the Board to administer.

Nothing was decided yesterday as to what proportion the money should be expended, as between the city and county. The Bank of Toronto was named as the bank at which the Board will do its business.

Self-Denial Efforts Will Amount To About $500

Salvation Army Special Campaign Met With Success—Championship Banner Won by Mrs. R. C. Braund's Class—The Best Collectors.

The week of self-denial at the Salvation Army closed last night, when the "ingathering meeting" was held in the Barracks. The effort this year has been crowned with success, and, although all returns are not yet in, it is expected that the collection will reach the neighbourhood of $500. All ranks of the local branch have been hard at work, and the competition between them has been lively.

Great interest centred in the championship banner presented to the class collecting the most money. This banner, a handsome silk one worked in red and gold, was won last year by Miss Eva Stevenson's class No. 15. This year there has been an exciting contest between this class and No. 13 class, taught by Mrs. J. T. Braund. The latter carried off the banner, collecting 32.09, while Miss Stevenson's class collected $22.01.

The complete list of those contributing $1 and over has not yet been prepared, and hence cannot be published to-day. The junior corps collected $200.30, the band $140.54 and the senior corps $151.00. All the returns for the last two branches have not yet been received.

Following is a list of the most successful collectors, those who have taken in $5 or more:

Bert Bland, $5.
Bandmaster F. Grey, $6.02.
Milke Bacon, $7.01.
Bandmaster Green, $5.
Mrs. R. C. Braund, $5.80.
Mrs. Henry Green, $20.
Mrs. Wm. Lloyd, $26.65.
H. C. Bacon, $5.
Mrs. M. Whitley, $5.
Mr. and Mrs. B. Vannetto, $5.
Mrs. Wm. Stevenson, $43.
Staff-Capt. McAmmond, $102.
Eva Stevenson, $17.55.
Mrs. J. T. Braund, $24.55.
R. C. Braund, $25.
John Hobbs, $7.67.
Mrs. C. S. Green, $6.55.
Pearl Lloyd, $5.25.
Ivy Carter, $5.45.
Wm. Outram, $10.

The money collected will be devoted to mission work in India, Africa, etc., and also in rescue work, prison, labour bureau, children's shelter work, etc., and training homes for officers.

The meeting last night was largely attended, and proved very interesting. Selections were given by the band, and several concertina solos by Capt. Leader.

Young Lindsay Man's Funeral

Late J. W. Bradshaw Was Very Popular.

The Lindsay Post has the following account of the funeral of the late Mr. Bradshaw of that town, a cousin of Messrs. Robert and James Browne, of this city, who attended the funeral:

The funeral of the late John Weston Bradshaw, which took place yesterday afternoon at 2.30 to St. Paul's church, and from thence to Riverside cemetery, was one of the largest and most impressive obsequies ever witnessed in Lindsay. The cortege was headed by the Sylvester band, playing the "Dirge Dolora" by Pettee, the drums being muffled and the horns draped in black in token of respect for their departed comrade. "Jack's" silent trombone was carried by a young comrade, and his favourite dog, "Togo," also followed the body to the grave. The brethren of the Masonic order, attired in their regalia, headed the cortege. Past Grand Master, His Honour Judge Harding, being in the line. The hearse bearing the bier, came next, the coffin being covered with flowers. The six pall-bearers of the lodge (of which deceased was a member) were Brothers Charles Squiers, Arthur Simpson, Fred Robinson, Wilfrid Pepper, Ed. Armstrong and Fred Bail. Then came the Oddfellows, wearing mourning badges, followed by the relatives and friends in vehicles.

The service at St. Paul's church was conducted by the rector, Rev. C. H. Marsh, who centered his remarks on the text taken from Psalm 21: 4, "He asked life of Thee, and Thou gavest him long life, even forever." Rev. Mr. Marsh spoke of the uncertainty of this life, and reminded all of the higher life to be sought after. He referred in tender tones to the departed young man, and announced the following message which the deceased had wished to be conveyed to his sorrowing and loving mother: "Tell her I have decided for Christ, and am resting in Him. She is a good woman and will know all about it. I hope I may be spared to try to live a manly life." The choir sang the hymn, "My God, My Father, While I Stray," and the closing hymn was one which the deceased had requested his sister to have sung at his funeral: 'Safe in the Arms of Jesus."

The ceremony at the grave was very impressive and solemn, the band playing at the close, "Nearer My God to Thee."

Dr. Falconer For New Moderator

He May be Elected at General Assembly in London.

It is reported that the new Moderator of the General Assembly of the Presbyterian church, which meets in London, on June 6th, will be Rev. Dr. Falconer, of Pictou, N.S. Rev. W. D. Armstrong, D.D., of Ottawa, is the retiring Moderator.

Among the important matters which will come before the Assembly is the appointment of a church treasurer, to take the place of the late Rev. Dr. Warden.

OIL-SOAKED CLOTHES CAUSED MAN'S DEATH

A strange accident occurred at Raven Lake, on Thursday night, whereby Mr. Elias Liscombe was burned to death. Mr. Liscombe was 25 years of age and single. He was employed at the Portland cement works as an oiler. The suit that he wore around the works was saturated with oil, and in the place where he was working there was a large quantity of coal dust used for the furnaces. He was adjusting an incandescent lamp when something happened whereby a short circuit was formed by the electric current, which coming in contact with the coal and the oil instantly ignited. The man was enveloped in flames in an instant, and his clothing burned fiercely. Before help could reach him he was so badly burned that death occurred within seven hours after the accident.

WANT PROTECTION FROM HOTEL DEAD-BEATS

Ottawa, May 16.—Hotelmen from different parts of the Province of Ontario saw the Minister of Justice today and asked for protection from hotel dead beats. The deputation desired it to be made a criminal offence to obtain board and lodging at a hotel when the person who thus presents himself is without means. At present hotelmen have only the ordinary course of collecting debts when a guest suddenly disappears, leaving an account behind him which he was able to run up only by false pretences. The innkeepers believe this practice should be classified in the same category as stealing and like offences. Mr. Fitzpatrick promised consideration of the request.

The undersigned have For Sale, for Removal a two-storey Brick House, with Frame addition. Purchaser to remove at his own expense. The Peterborough Light and Power Co.

Harrier Club Was Organized

An Important Feature of the Y. M. C. A. Work.

The organization meeting of the Y.M.C.A. Harriers, held last night, was a very enthusiastic one. A number of young men were present who have for some time been interested in running and have made good records.

It was unanimously decided to organize, to elect officers, and to adopt a constitution. The following are the officers chosen:

Hon. President, Mr. J. J. Howden.
Captain, G. E. Bruce.
Secretary, Arthur Emmerson.
Committee—Messrs. Ray Best and Max. Yelland.

Club membership will be open to all senior members who are elected by the club to membership therein.

The constitution was discussed, and will be adopted at a later meeting.

Monday night, from 6.30 o'clock, has been selected as the night for the weekly runs, the first being next Monday.

It is quite possible that the club will be represented at the Y.M.C.A. Provincial athletic meet in Toronto this year. With so excellent a staff of officers, the club should be a good success.

Brantford Refrigerators

Are Clean, Sanitary and Economical on ICE. A REFRIGERATOR is A NECESSITY THESE DAYS and Our Prices are Very Reasonable

$7 to $10

THE BEST STOVE AND HARDWARE CO.

THE WEATHER

We are at present experiencing the first taste of the "good old summer time," which many of us have been longing for for many months. On Wednesday the thermometer reached 84 degrees in the shade, yesterday 80 degrees, and to-day at noon the mercury had reached 86 degrees, with every prospect of adding several more degrees to that figure before the afternoon was over.

Although the spring has been a fine one, the leafing of the trees is not so far advanced as in many other years at this date.

WHAT CAUSES DANDRUFF

Greatest European Authority on Skin Diseases, Says It's a Germ.

The old idea that dandruff is scales of skin thrown off, through a feverish condition of the scalp, is exploded. Professor Unna, Hamburg, Germany, European authority on skin diseases, says dandruff is a germ disease. The germ burrows under the scalp, throwing up little scales of cuticle, and sapping the vitality of the hair at the root. The only hair preparation that kills dandruff germs is Newbro's Herpicide. "Destroy the cause you remove the effect." Not only cures dandruff but stops falling hair and permits a luxuriant growth. A delightful hair dressing.

Sold by leading druggists. Send ten cents in stamps for sample to the Herpicide Company, Detroit, Mich. Ormond and Walsh, special agents.

Preserving Pineapples.

We would advise our customers to secure their pineapples, for preserving, within the next ten days. They are now at their best for quality, and price is probably lower than it will be later. S. A. Oke, 376 George street. Telephones — Machine, 18; Bell, 18.

The Y. M. C. A. Work At The Volunteer Camp

Local Secretary Williamson Will Have Charge of an Important Part of the Work at Cobourg This Year—Secretary Wilkes Was in the City Yesterday Making the Arrangements.

The veteran Provincial Y. M. C. A. Wilkie was in the city yesterday conferring with Secretary Williamson, and making arrangements for the Y.M.C.A. at the volunteer camp at Cobourg, June 18 to 30.

Mr. Williamson has been invited by the committee to take charge of an important part of the work at the camp, and will probably accept the work assigned.

The Y.M.C.A. will have a tent 100 by 50, which is being secured from J. J. Turner and Son. There will be the usual provision for letter-writing, games, etc., and a dry canteen will be conducted.

Meetings will be held nightly, and as usual, no effort will be spared that will minister to the comfort or well-being of the soldier boys.

One of the Y.M.C.A. staff in charge of the tent will devote his entire time to the supervision of the physical side, including baseball, etc. A field day of sports will also be held.

Secretary Wilkie has been working among the volunteers at the camps for about a quarter of a century, and has the whole management down to a science. His work has won the highest encomiums of the officers and men in the past years.

Mr. Dormer Had Thrilling Experience on Great Lakes

Was on the Steamer "Gordon Campbell" Which Almost Foundered Near the Soo—Crew Rescued by Steamer "Algonquin"—Peterboro' Man Returns After About a Year's Absence.

Mr. Isaac Dormer, of East City, returned to Peterborough last night, after an absence of nearly a year, in the west, during which he has had a thrilling escape which he will not soon forget.

Mr. Dormer shipped as deckhand on the steamer "Gordon Campbell" owned by Messrs. Plunkett, of Cobourg, and Richardson, of Kingston, which left Fort William on Tuesday, May 8th, bound for Kingston, with a cargo of wheat; 10,000 bushels of wheat were shipped at Port Arthur and 30,000 more at Fort William. The trip was successful until Thursday afternoon when about sixty miles from Sault Ste. Marie, when an accident occurred that threatened the lives of the thirteen on board. The port wheel shaft broke and punched a hole in the side of the steamer, which immediately began to fill and settle down in the water. Lower and lower she sank despite the efforts of Capt Venostine, of Trenton, and his crew, and the men began to think that their destiny was a watery grave when the steamer Algonquin, of Montreal hove in sight and gallantly came to the rescue, picking up the crew, after they had resigned themselves to death. She towed the Gordon Campbell as far as the Soo where a tug was procured and the vessel taken to Collingwood where she is now in dry dock.

Mr. Dormer returned last night from Toronto and will likely remain in the city. He has been away almost a year, during which time he was at Virdan and Fort Francis. He spent the winter with the Sprague Lubmer Company.

PERSONAL MENTION

Mrs. Guerin, of Toronto, was in the city yesterday.

Mr. J. D. Collins went up to Stony Lake this morning.

Mr. C. Waldie, of Boston, is registered at the National.

The Misses Gray, of Toronto, spent yesterday in the city.

Mr. J. A. Johnston, of Brockville, was in Peterborough on business yesterday.

Mr. John Sawers went to Stony Lake to-day, to open his cottage for the summer.

Mr. and Mrs. A. E. Edmonds, of Croit, are visiting Mr. and Mrs. Wm. Cowie, 219 Simcoe street.

Mrs. Edward Brown, of Peterborough, is the guest of Mrs. H. Brown, Ontario street.—Port Hope Guide.

Mr. F. T. Rose, Toronto, agent for Cole's circus, which will appear here on June , was in the city to-day.

Mrs. A. F. Lane, of Peterborough, spent a few hours in Lindsay on Tuesday. — Lindsay Watchman-Warder.

Mr. and Mrs. Jas. Tucker of Millbrook have returned home from Peterborough, having spent three weeks with their daughter, Mr. John Lang.

Mrs. Ed. Huff and children, accompanied by her sister, Miss Markie Grieve, arrived in the city Wednesday afternoon. Mr. Huff and family have taken up residence at No. 40 Robinson street, East City.

Mr. and Mrs. Jos. Harper, of Peterborough, are the guests of the former's sister, Mrs. F. J. Squire. .....Mr. Dineen, of Peterborough, is the guest of his son, Mr. Wm. Dineen.—Havelock Standard.

Mr. and Mrs. J. B. Harper of Peterborough, have been spending a few weeks visiting at the home of Mr. Jas. Harper.....Miss Fanny Hughes of Peterborough, is the guest of Miss Bella Gardner, this week.—Norwood Register.

Mr. R. M. Denniston leaves tonight for London, England, to visit his wife, who is already there. He expects to return on July 1st. Mr. Denniston will depart from Peterough on the midnight and sails from Quebec to-morrow on the Empress of Britain.

Major Hall of Peterborough, and Capt. P. A. Davis of Manvers, of the 3rd Prince of Wales Dragoons, were in town on Tuesday, making arrangements for the annual camp at Cobourg this year.....Holden Blackwell of Peterborough, was the guest of Mr. and Mrs. F. J. Holladay, over Sunday.—Millbrook Reporter.

Messrs. W. A. Irwin and T. E. DeHart, of Peterborough, were in town yesterday on business.....Mr. Robt. Browne, of the Peterborough Review staff, attended the funeral of the late Jack Bradshaw yesterday.....Mr. W. H. Moldrum, one of Peterborough's prominent business men, was in town to-day.—Lindsay Post.

GUILD LEAGUE OPENS MONDAY

The Guild League will open on Monday night, when the George street and Charlotte street teams will meet at the Murray street grounds. Great interest is being taken in the struggle, which promises to be an exciting one. Both teams have been practising industriously and will be in mid-season form when "play ball" is called.

New Proprietor For C.P.R. Hotel

Harry Waters Buys Property From James Allen.

The C. P. R. Hotel, owned by James Allen, is changing hands, and on June 1st Mr. Harry Waters will take over the business. It will be remembered that the License Commissioners extended the license held by Mr. Allen one month from May 1st, to enable him to dispose of the business, and for some weeks Mr. Allen has been negotiating with Mr. Waters, and the deal now is practically closed.

An application has been made to the Commissioners by Mr. Allen for the transfer of the house to the new proprietor and it is quite probable that the transfer will be made as requested.

Mr. Waters is an Englishman and has only been in the city for about six weeks. He was a traveller in England and, it is understood, is conversant with the details of the hotel business.

ABOUT THE EXAMINER

Look at to-morrow's Examiner for the Children's Page. It is confidently expected that this feature to-morrow will be one of the best of the series. This page is looked forward to from Saturday to Saturday with much interest by the little ones who are evidently enjoying it.

To-morrow's paper will be issued at 1 o'clock, as usual, and should be delivered at the subscribers' homes by 3 o'clock at the latest.

A number of interesting features will be contained in the Examiner to-morrow.

This Warm Weather Suggests Hammocks.

—You can save 25c to 75c on every Hammock bought at Stratton's. We have just received a line of travellers' samples of hammocks, ranging in price from 68c to $3.50, all marked to save you money. You will save 25c in our $1.25 Hammocks and 50c on our $2.50 Hammocks. See them! A. H. Stratton & Co., 417 George street.

Daughters' Of England Held Fine Concert

Pleasant Social Evening Spent in S. O. E. Hall.

The Daughters of England held a very enjoyable concert and social in the Sons of England hall last night. The excellent programme anticipated had the result of bringing out a large number, and the hall was well filled long before the time for opening. During the evening delicious refreshments, consisting of cake and coffee, were served by the ladies.

Rev. A. H. Brace occupied the chair, and, in an opening address, spoke on the good work the association was carrying on, and also the elements of the success of the Daughters.

Following was the programme presented:

Piano selection, Miss Roadhouse.
Song, Mr. Henderson.
Chairman's remarks.
Violin Selection, Miss Fry.
Recitation, Miss Maud Titterson.
Song, Mrs. Reid.
Violin selection, Mr. Webster.
Duet, Master Roland and Miss May Smith.
Reading Miss Maud Evans.
Song, Mr. Henderson.
Recitation, Miss Maud Smith.
Piano selection, Miss Roadhouse.
Violin selection, Miss Fry.
Song Miss McGrath.
Violin selection, Mr. Webster.
Song, Mr. Henderson.
Recitation, Miss Maud Titterson.
Solo, Mrs. Reid.
Mouth organ selection, Master R. Smith.
Solo, Miss May Smith.

More Work For Supreme Court Now Planned

Mr. Fitzpatrick Proposes to Refer Cases For Judgment.

THE ORIGINAL JURISDICTION

Something More Than a Court of Appeal Intended — Betsi Coal Contract —Mr. Reid Criticizes the Minister of Marine—Mr. Oliver's Forest Reserves Bill Also Subject of Discussion—Senate Reform.

Ottawa, May 18.—Proceedings in the House yesterday emphasized the fact that the Opposition have apparently determined to put the new Minister of the Interior through a course of discipline. When Mr. Oliver's bill establishing forest reserves came up it was evident that concerted opposition was being offered to the passage of the measure. Speakers on the Opposition benches, while offering criticism of details, expressed approval of the principle of the bill, and but little progress was made. It was noticeable that the criticism was not of a constructive nature, and ultimately, after several hours' discussion in committee, the bill was again allowed to stand over.

Opposition Collapsed.

In Committee of Supply Mr. Brodeur, Minister of Marine and Fisheries, was subjected to severe criticism by Mr. Reid (Grenville) and others in connection with expenditures made by his predecessor in office. After Mr. Brodeur had informed the committee that Mr. Reid had threatened him that he would experience difficulty in getting his estimates through because of his refusal to postpone the date for receiving tenders for 20,000 tons of soft coal in order to allow some friends of Mr. Reid in the United States to tender, the opposition collapsed temporarily, and several items were allowed to go through in rapid succession.

Sir Wilfrid Laurier announced yesterday afternoon that he was prepared to move for the special committee to investigate the purchase of supplies for the steamer Arctic, as indicated by his remarks two days ago.

References to Supreme Court.

In committee on Mr. Fitzpatrick's bill to amend the Supreme and Exchequer Courts act, Mr. Edmund Bristol at some length opposed the provisions authorizing reference by the Government to the Supreme Court of any matter they may see fit for expression of opinion thereon. Mr. Bristol argued that it was an invasion of Provincial rights; it was against sound public policy, and work which the court should not be called upon to do. He found no warrant in the British North America act for such references, and quoted numerous Canadian authorities against the practice. The bill would give the Government the right to consult the Supreme Court respecting any legislation which they proposed to submit to the House. At a time when they were trying to keep the Judges out of politics they should not adopt such legislation.

Must Regulate Supreme Court.

Mr. Fitzpatrick replied that the legislation in question had existed in substance and to a large extent in form since 1875. He said one object of the present legislation was to bring the Supreme Court to understand that they should deal with those matters, not as a matter of condescension, but as a matter of duty. The intention was to make the Supreme Court not only a Court of Appeal, but also of original jurisdiction, they having taken the view that they were the former only. The Judges of that court had dealt with referred cases only as a matter of condescension. "If the Judges think we have not made our meaning clear it is our duty to make it clear," said the Minister of Justice, emphatically. "We must make the Supreme Court understand that it is the creature of our creation, and it will be clothed with the jurisdiction that we give to it, and that it shall perform the duties that this Parliament assigns to it."

"Does this bill widen the number of cases which may be submitted to the Supreme Court?" asked Mr. W. F. Maclean.

"No, it does not," Mr. Fitzpatrick replied.

The bill was reported and given third reading.

Mr. Fitzpatrick's bill to amend the Exchequer Court act by making a judgment in an action for damages against the Crown is not liable the final judgment was briefly discussed and put through the final stages.

SENATE REFORM.

Sir Richard Cartwright Proposes Plan of Partial Election.

Ottawa, May 18.—Senate reforme is rapidly entering the domain of practical politics, and when it comes to settling down to the discussion of possible plans of reform, the goal aimed at would seem almost to be within sight. Abolition of the Upper House does not appear to be held desirable, but methods of rendering it more useful and more representative are coming to the front. Wednesday Senator David enunciated a plan whereby the Federal Government, provincial executives and universities and other public bodies, respectively, might each appoint one-third of the representatives in the Upper House.

Yesterday Sir Richard Cartwright, who was careful to say that he spoke only for himself as an individual, presented a scheme for a Senate, two-thirds of whom should be elected and one-third appointed. Sir Richard would not interefere with the life membership of the present Senate, but would provide for forty-eight elective Senators in four groups of twelve each—that is to say, twelve each from Ontario and Quebec, twelve from the Maritime Provinces collectively and the same number from the Northwest Provinces collectively.

In order to prevent a deadlock the Government should have the power to appoint twenty-four Senators, or one-third of the total membership of seventy-two, which would be the numerical strength of the Senate when the present incumbents had departed.

The Minister of Trade and Commerce dislikes exceedingly the idea of direct election of Senators, which, in his opinion, would be an unfortunate plan to adopt.

A NEW ELECTION.

If Lords Reject the Education Bill—Will Help Disestablishment.

London, May 18.—Lord Portsmouth (a member of the Government) speaking Wednesday night at Andover, intimated that if the House of Lords rejected the education bill the Government would appeal to the country.

His lordship said the result of such an appeal would certainly strengthen the cause of disestablishment.

Prisoners Make Their Escape.

Toronto, May 18.—Bellamy Allimo and Sydney La Chapelle, convicts, who were being brought along with twelve others and a lunatic from the north, to the Central Prison, by Bailiff Phillip Simser, escaped at Orangeville yesterday. They were all attached by handcuff on a chain and were taken from the train to the platform, where another prisoner was beingattached to the gang. Allimo and La Chapelle had got the officials to loosen the cuffs on the plea that they were hurting their wrists, and when they were attaching the other man they escaped.

Prince of Wales Congratulated.

London, May 18.—The Lord Mayor and Corporation yesterday afternoon entertained the Prince and Princess of Wales at the Guild Hall and presented them with a congratulatory address in commemoration of their Indian tour. The reception was preceded by the usual procession through decorated streets. About eight hundred persons sat down to the luncheon at the Guild Hall, including the German Burgomasters, who are now visiting the city. They were the only foreigners present.

Boy's Arm Severed at Shoulder.

Brockville, May 18.—An 8-year-old lad named Ferris, son of Engineer Ferris of the Canada Carriage Co., whose home is near the Grand Trunk tracks, attempted to board a flatcar on a slowly moving train and was thrown under the wheels. He had an arm severed at the shoulder and suffered other injuries. He was taken to the General Hospital. Little hope of his recovery is entertained.

Succession Duties Revenue.

Toronto, May 18.—While the provincial duties of $167,645 for the first four months, ending April 30, are $7,000 below those for the opening quarter of last year, it is figured that the assessment of several estates, which have not yet been valued, will make up the difference. For the month lately closed, the receipts were $34,700, as against only $9,700 for April of last year.

Will Take Joint Action.

Pekin, May 18.—The Ministers of the powers are considering the question of taking joint action on the customs question. While the Chinese assurances are plausible, there are strong evidences that the authorities fully intend to replace the foreigner in the service by Chinese, when they are in a position to do so.

To Get Good Education.

New York, May 18.—Fourteen-year-old Daniel Curtin of No. 382 East Sixty-sixth street, who, on Aug. 21 last, leaped into the East River at the foot of Sixty-fourth street and saved two nine-year-old girls, has been awarded a bronze medal and $2,000 for his education by the Carnegie hero fund commission.

Boy Badly Injured.

Hamilton, May 18.—Tommy Henstridge, the eight-year-old son of Fred J. Henstridge, was struck by a radial car at the corner of Birch avenue and Barton streets last evening. His skull was crushed in and his condition is regarded as serious.

Commissioner Says Letters Were Stolen

Mr. Preston's Grave Charges to Parliamentary Committee.

GENTLEMAN IN DRESS SUIT

Files Gone Through and Mutilated, and File of Letters Endorsed "Mr. Preston, Private," and Two or Three Letter Books Had Been Taken—Dominion Emigration Agent in England Before Committee.

Ottawa, May 18.—During his examination by S. Barker M.P., before the public accounts committee yesterday morning, W. T. R. Preston, Dominion emigration agent in England, declared that some of his private letters had been stolen from the files of his London office. Some time ago he heard that private letters of his were in the hands of Mr. Griffith, secretary to Lord Strathcona, and he suspected a certain clerk, who was much in Mr. Griffith's society. On investigation he found that his files had been gone through and mutilated. A file of letters endorsed "Mr. Preston—Private," and two or three letter books had been taken.

He found that on the evening of March 2, 1905, a "gentleman in a dress suit" had been seen coming from his office. He wished to put the matter in the hands of Scotland Yard, but Lord Strathcona demurred on account of the scandal. Lord Strathcona, however, stated that some of the letters were in his office.

Among the letters taken was one from him to the general manager of the Allans at Liverpool, urging the firm to start a booking office near the new Canadian office in Charing Cross, and if it did not, to give a license to someone to do so; and recommending Leopold as a suitable person.

Connection With Leopold.

Mr. Barker questioned Mr. Preston as to his relations with Louis Leopold, the manager of the Canadian labor bureau. This man's real name, he said, was Leopold Lazarus; later he said that he and Leopold are intimate friends. He became acquainted with him in 1902. Leopold coming to him with letters from a prominent German banking firm, in which he had served as employe.

"Had he previously been in the employ of the North Atlantic Trading Co?"

"I don't know. I don't think so."

At the start Leopold had established an agency known as the Farmers' Auxiliary, designed to assist German emigrants to go to Canada. He first came to Mr. Preston to ask if an arrangement could be made whereby these people's fares could be advanced. No such assistance was given by the Canadian Government. Leopold's remuneration was his commission from the steamship companies Later he entered into the business of helping British emigrants, receiving for these, in addition to his commission, the seven shillings per head given by Canada for agriculturists.

Not Connected With Firm.

Mr. Preston had helped him and had recommended him to several steamship companies. He denied that he had any connection with Leopold's firm.

Mr. Barker then asked as to Mr. Leopold's tendency of an office in the same building at Charing Cross as the Canadian office, it developing that there was telephonic connection between the two.

Mr. Preston gave an explanation of the reasons which led to this, and said that when unfair inferences were drawn he stopped the arrangement. The inferences were that he was connected with the agency. He knew that Leopold sent mechanics and artisans to Canada, he did not know that he sent men out to break strikes.

The World's Commerce.

Washington, May 18.—The world's international commerce will aggregate fully $35,000,000,000 in the year 1906, says a bulletin issued by the Department of Commerce and Labor. By the term "world's international commerce," explains the bulletin, is meant the imports plus the exports of all countries of the world from which statistical trade reports were avail-

Does Your FOOD Digest Well?

When the food is imperfectly digested the full benefit is not derived from it by the body and the purpose of eating is defeated; no matter how good the food or how carefully adapted to the wants of the body it may be. Thus the dyspeptic often becomes thin, weak and debilitated, energy is lacking, brightness, snap and vim are lost, and in their place come dullness, lost appetite, depression and languor. It takes no great knowledge to know when one has indigestion, some of the following symptoms generally exist, viz.: constipation, sour stomach, variable appetite, headache, heartburn, gas in the stomach, etc.

The great point is to cure it, to get back bounding health and vigor.

BURDOCK BLOOD BITTERS

is constantly effecting cures of dyspepsia because it acts in a natural yet effective way upon all the organs involved in the process of digestion, removing all clogging impurities and making easy the work of digestion and assimilation.

Mr. R. G. Harvey, Amelisburg, Ont., writes: "I have been troubled with dyspepsia for several years and after using three bottles of Burdock Blood Bitters I was completely cured. I cannot praise B.B.B. enough for what it has done for me. I have not had a sign of dyspepsia since."

Do not accept a substitute for B.B.B. There is nothing "just as good."

CASH

—FOR—

Coal and Wood

On and after May 16th inst, Messrs

R. HICKS & CO

have decided to adopt the Cash System, in their Coal and Wood Business. The following are some of the reasons for abolishing credit in these important times:—

1.—We buy Coal and Wood on the Cash System.
2.—Cash enables us to do more business with same capital.
3.—Cash will enable us to sell Coal and Wood for less money.
4.—The Cash System saves office expenses.
5.—Cash estimates, all Disputed Accounts and Bad Debts.
6.—We desire to accord to our Customers the advantage of the closest buying by paying Spot Cash for their Coal and Wood.

These, briefly, are the reasons why we have decided to adopt the Cash System in our Coal and Wood business.

As a result, our price for Hard Coal for May will be reduced to $6.50 per ton, and for Hardwood $4.00 per cord.

These prices will, of course, be subject to future charges, conformable with the wholesale market prices after this month.

We feel confident that our many customers and friends will cheerfully cooperate with us, and so participate in the advantages of a soundly conducted business.

R. HICKS & CO
Peterborough, May 16, 1906.

COBALT The Richest Mining Camp in the world.

Silver Values Run as High as $10,000 per Ton.

Our MARKET LETTER, MAP AND BOOKLET are free for the asking. **FREE**

We buy and sell shares in all companies operating in the Cobalt camp.

Stock in one property rose from 40 cents per share to $100.00.

Write to-day for particulars.

WILLS & CO.,
TORONTO OR COBALT.

Synopsis Of Canadian North-West HOMESTEAD REGULATIONS

Any even numbered section of Dominion Lands in Manitoba or the North-west Provinces, excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land is situate.

Homestead Duties.—A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:—

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

Application for patent should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa of his intention to do so.

W. W. CORY,
Deputy of the Minister of the Interior.

Latest News Of Various Sports

Norwood vs. Quakers at 2:30 To-morrow

First Midland League Game Played Here This Season.

The Norwood Football Team will be here to-morrow morning on the 8 o'clock train. The game with the Quakers will commence on Riverside Park at 2.30 o'clock. This is the first football match here this season and the outlook for a good game is excellent. Norwood has stated they will bring their strongest team, as they intend to retrieve the defeat of last Saturday. It has always been their custom of recent years of playing better ball away from home. The Quakers are also confident of holding their lead and a battle royal is in store for to-morrow's spectators.

Conservatives Won the Game

T. A. S. Lost in Euchre Contest by 19 Points.

The return euchre game between teh Young Conservative Club and St. Peter's T.A.S., was played last night, in the latter's club rooms. The game afforded plenty of excitement, and was greatly enjoyed by the participants. The Young Conservatives were victorious by a score of 629 to 610. The first game played in the Conservative Club Rooms was won by the Abstainers, so it is likely that the rubber will be played off.

Refreshments were served at the conclusion of the game. The evening was in every way a most pleasant one.

SMAMROCKS WILL PRACTICE TO-NIGHT

The team will hold an important practice to-night at Riverside Park. Every player is requested to be on hand, as it is necessary that the team be in the pink of condition for their game with the Young Torontos on May 24.

GOOD RACES FOR THE 24TH

Horse owners are reminded that the entries for the 2.38 trot or pace, to be held under the auspices of the Peterborough Turf Club, close on the 22nd inst. This event will be a good one, as there are four fast steppers entered already and possibility of three more starting. The colt race has five entries. Both these races will be run best three out of five and will furnish exciting sport.

CENTRALS WON FROM NORTH WARD

The junior Centrals trimmed the junior North Wards yesterday afternoon on Central Park after 4 o'clock by the score of 10 runs to 3. The game was a good exhibition of baseball for juveniles, and especially the work of Davidson, the young twirler for the Centrals. Only five innings of the proposed nine were played—the others will be completed next Monday evening. The teams were:

Junior Centrals—Davidson, p; Burritt, c; R. Wade, 1b; B. Turner, 2b; K. Halpany, 3b; H. Corrin, ss; R. Pogue, rf; D. Mulhern, cf; Ross Lang, lf.

Junior North Wards—Cresswell, p; B. Hawkins, c; P. Lang, 1b; M. Bradburn, 2b; L. Leea, 3b; M. Davidson, rf; M. Patterson, lf; H. Parker cf. Umpire—L. Boradaille.

A STRONG HEART AND STEADY NERVES

Very important it is in this age of competition to have a clear cool head, a strong heart and steady nerves.

Too much rush and hustle, work and worry, fall to the lot of the average business man—his heart and nerve system will not stand it—he gives them too much work to do. Women also are doing the same thing attending to their household duties and looking after their social obligations. The constant strain under which they have to continue day in and day out, the irregularities of habits and loss of rest will soon shatter the strongest system. Before long you become nervous, starting at the least sudden sound, the heart flutters and palpitates, specks float before the eyes, the pulse becomes weak and irregular, you have faint and dizzy spells, lack of self-confidence, rush of blood to the head, irritability of temper, shortness of breath, starting in sleep, sensation of pins and needles, sleeplessness, restlessness and finally physical breakdown or nervous prostration.

MILBURN'S HEART AND NERVE PILLS

are the remedy you require to restore your strength and health. Their extraordinary curative power manifests itself immediately they are taken. Through the medium of the nervous system they impart a strengthening and restorative influence to every organ and tissue of the body. Many have been cured, among them being Mr. Ray V. Coomber, Wellington, P.E.I., Mrs. E. Kilmer, Humberstone, Ont., Mrs. C. McDonald, Portage la Prairie, Man., Mr. Walter Cleveland, Bayswater, N.S., Mrs. Owen Martin, Alma, N.B. and thousands of others.

The price of Milburn's Heart and Nerve Pills is 50 cts. per box or 3 boxes for $1.25. Can be procured at all drug and general stores, or will be sent on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

BASEBALL

Mr. E. Renton, of Norwood, says there will not be much doing in football circles in Norwood this year. He says the baseball craze has taken hold of the people there, and this year Norwood will have a team that should pretty near win the Trent Valley championship. Pilling, of Peterborough, will do the slab work for Norwood this season.—Havelock Standard.

• • • •

The secretary of the local baseball club has received the following communication:

Toronto, May 16, 1906.

Dear Sir,—I would like to arrange a game with your team for May 24, in your city, if you have not closed with some other team; or, if arrangements cannot be made for the above date, a reply as to whether you could give us a game on any other holiday will be answered at once. I remain,

Yours truly,
E. Thompson,
74 St. Clarens Ave.

• • • •

Charlotte Street will be represented by the strongest nine this year they ever had.

• • • •

St. Paul's baseball team will practice to-night at 6.30 at Central Park.

LACROSSE

There was a large turnout of stick handlers at the park last evening, and the boys are showing up in splendid form. From present indications Port Hope will be represented by a swift junior team this season.—Port Hope Guide.

• • • •

The Peterborough Shamrocks will practice to-night at Riverside Park. All players who intend to get in the game this year should be out to-night as the team must get in shape for the big game with the Young Torontos on Victoria Day. The practices so far have not been as well attended as they should have been, and the players should turn out better if they expect to be in the running this year.

HAMILTON THINKS PROSPECTS POOR

Hamilton Herald: The prospects for football are not very bright for this fall. London and the Victorias of Toronto have both decided to drop out of the senior O. R. F. U.'s series. That will leave only the Tigers, the Toronto Argonauts and Peterborough in the senior series. On account of the great distance between Hamilton and Peterborough it is feared that the expenses will be so heavy that the games will not pay. There was some talk of the Tigers erecting a new grand stand at the cricket grounds, but with these prospects in view it is probable that this scheme will be dropped.

FOOTBALL

A good practice match was held last night on Riverside grounds between the junior and senior Quakers. The juniors demonstrated that they have not forgotten the game since Saturday last, and last night played a tie game with the seniors, the score ending 1 all. Percy Fitzgerald was the referee.

• • • •

Fenelon Falls will play Omemee a sudden death game at the latter place on May 24th. Jra Moore, of the Quakers, will referee.

• • • •

Boycott and Armstrong, the left wing forwards of the junior team, are a great pair of kickers.

• • • •

The Peterborough Quakers will practice to-night on Central Park.

• • • •

Newcastle juniors have dropped out of the league. On this account the Bowmanville Club have notified the secretary that they will also drop out as they are the only team in that district.

• • • •

The Quaker line-up for to-morrow's league game will probably be as follows: Goal, McFadden; backs, Donaldson and Evans; half-backs, Neat, Parnell and Deforge; forwards, Boycott, Armstrong, Todd, Barrie and Baker.

• • • •

G. L. Main, captain of the Fenelon Falls eleven, will referee the Norwood-Quaker game.

SPRINTING

In an address at Hamilton, Mr. T. F. Best, secretary of the Y. M. C. A., and formerly long distance running champion, and well known here, made the statement that the annual Herald road race is characterised by graft and crookedness, and warned young men not to have anything to do with it. The charge is rather serious, in view of the fact that no suggestion of graft has previously been made. The Herald has very properly thrown open its columns to Mr. Best to tell all he knows. In the best interest of sport, he should accept the invitation.

• • • •

Billy Sherring, the Marathon hero, will will be given a "hot" reception when he returns to Hamilton. He is to be conveyed in a fire waggon from the steamboat to Victoria Park.

LAWN TENNIS

The Nicholls Oval Tennis Club will play their first games this evening on the oval. The courts have been marked and everything is in readiness for the tennis season. Tea will also be served on the grounds at 6 o'clock and a pleasant social evening is anticipated for the initial opening of the season.

Keene Football Team Organizes

A Batch of Interesting News From That Village.

Examiner Special.

Keene, May 15.—At a meeting held Monday evening a village football club was organized. The following officers were elected:—

Hon. President—J. R. McIntyre.
President—Dr. Harold Kindred.
Vice-President—J. D. Lundy.
Secretary-Treasurer—P. T. Pilkie.
Captain—Dr. V. McWilliams.

Committee of Management — The officers and J. Quinn, A. Edwards, S. Comrie, V. McCarthy and S. McIntyre.

It was decided to enter the Trent Valley League. There is plenty of good material in the vicinity and and Keene ought to make a good showing this year.

Miss Bella Renwick spent Sunday in Hastings, the guest of her aunt, Mrs. Andrew Cameron.

Mr. Percy Campbell launched his new gasoline launch "The Boots" on Monday.

Mr. Henry Burnham, of Port Hope, was in the village Monday.

Mrs. Lee, of Toronto, is the guest of her sister, Mrs. (Dr.) Harrison.

Rev. Mr. Reeves, of Campbellford, will conduct services in the Presbyterian church next Sunday.

Mr. and Mrs. Roland McWilliams, of Peterborough, spent Sunday in the village the guests of Dr. V. McWilliams.

Surveyors Are Working Near Fowler's Corner

Locating C. P. R. Line to Peterborough—Other Omemee News.

Examiner Special.

Omemee, May 15th. — Seeding has been completed satisfactorily, and the farmers are happy. Since the refreshing rains have come vegetation has been rapid.

Messrs. J. J. English and Melville Evans, two of our boys who are engaged in Peterbroough, spent last Sunday under the parental roof. They say that all the Omemee boys are doing well.

Miss Scott, one of our most respected teachers, is to be married on Wednesday next to a minister in the Methodist church. The wedding will be a quiet one. Three other weddings are announced for the near future.

Rev. Mr. Smith of Bobcaygeon, will occupy the Presbyterian pulpit next Sunday at 3 p.m.

Mrs. Marr, a former old citizen, was buried here on Saturday last. She lately lived with her daughter, May, wife of the Rev. Mr. Wilson, at one time stationed in Peterborough.

The C. P. R. surveyors are busy now locating the line east via Fowler's Corners, to Peterborough. The bridge to be built over Pigeon Creek, four miles north of here, will have a swing, and will be 800 feet long. There will be 16 feet of mud and water to be passed through before a foundation can be reached.

We now have a cement manufactory run by steam, which is turning out cement brick, tiles and blocks for building purposes. Several buildings are now under construction here made from this material.

MILK LICENSES IN BRANTFORD

As pointed out in the Examiner a day or two ago the City of Brantford has a system of licensing milk vendors in order that such dealers may be brought under inspection and city control. The following is a copy of the license issued. It will be seen that a dishonest milkman may be easily brought to book, thus providing an assurance to purchasers of milk that a reasonably pure and proper article is dealt out:—

"This is to certify that ....is hereby authorized to sell milk in the City of Brantford, from the first day of August, 19... to the First day of August, 19....

This license is not assignable or transferable, and will license only the person named therein.

This license may be cancelled for any of the following causes:—

(1) For selling milk below the standard of quality.

(2) For keeping back strippings, removing cream, adding water or adulterating milk in any way.

(3) For refusing to allow samples of milk to be taken for inspection by the Medical Health Officer or Health Inspector at any time.

(4) For refusing to show this license when requested by the Medical Health Officer or Health Inspector or by any customer.

This license is granted under the provisions of By-law No. ..... of the Corporation of the City of Brantford, and for any breach of the provision of said By-law or of any other By-law of the Corporation or statutory enactment in addition to the penalties thereby provided, this license may be suspended or cancelled.

Dated at Brantford, this ..... day of ..... 19....

.....
City Clerk.

"THE DAYLIGHT STORE."

Two Garment Suits

Neither comfort nor the conventions demand a waist coat for Summer service. It has simply no function.

We have lines of coat and trouser suits in single and double-breasted models made of beautiful Homespuns, Serges, and Tweeds, of distinctive patterns and colours.

WASH VESTS

are decidedly popular this season and we have been particularly fortunate in securing the nicest assortment of patterns we have ever seen shown. Makers of these fabrics are doing everything in their power to encourage fancy vests, and this season have made us an assortment that is certainly to be admired.

THE NORFOLK SUIT

is an ideal Suit for summer—there's nothing more appropriate for the warm days. It imparts a feeling of satisfaction to the wearer, not to be had in any other cut of garment. Trousers have turned-up bottoms and loops for belts. Everything fits here—even our Prices.

Mr. A. L. Andress Won Prize For His Essay

A South Monaghan Cheesemaker, Whose Essay on "The Care of Milk to be Manufactured Into Cheese," Was Awarded Prize by Dairymen, at Convention Here. Some Good Advice for Farmers Sending Milk to Factory.

At the last convention of the Eastern Ontario Dairymen's Association, two prize medals were offered for the best essays on "The Care of Milk to be Manufactured into Cheese."

The second prize essay, which was that of Mr. A. L. Andrews of Lorens, South Monaghan, was published in the last issue of the Canadian Dairyman, and is as follows:

The first requisite of good cheese is pure milk of good quality, and this can only be obtained from healthy cows, having good food, good surroundings and proper care. By good food we mean that which will cause a ready flow of clean flavoured milk. Turnips, rape or anything that will injure the flavour should not be fed, neither should the cows be allowed in a pasture or swamp in which leaks grow as they cause a very serious taint to the milk. In 100 pounds of milk there are 87 1-2 pounds of water. It can readily be seen how necessary it is for the cows to have pure water and plenty of it, and that they should never be allowed to drink from stagnant pools. The cows should have access to salt. They should never be chased by dogs as any excitement reduces the quantity and the quality of the milk.

Milking should never be done in the barnyard or in an unclean stable as the fumes arising from the manure are liable to taint the milk. The milk stand should be at least 100 yards from any pigpen or foul matter and should not be under trees. It should be away from other buildings, except the ice house, which should be built in connection with the milk stand, so as to have the ice handy. It should also be roofed and have latticed sides, in order to protect the milk from the rain and at the same time allow a free circulation of air.

The milking should be done at the same hour both morning and evening as irregular hours of milking have a tendency to dry the cows up. The same person should milk the same cows always to obtain the best results. The milker should be cleanly dressed and should wash previous to milking. The udder should be wiped with a clean soft cloth, to remove any dirt that might fall into the pail. Use only well soldered tin pails. All utensils, cans and pails should be first washed with warm water, then thoroughly scalded and put out in the sun to dry. A cloth should not be used for either washing or wiping as it cannot be kept clean. A brush fills the bill perfectly and can be kept in a sanitary condition.

The milk should be strained and cooled to 65 degrees Fanr. as quickly as possible, either by placing the can in a trough of cold water and stirring with a dipper, or by having a can six or eight inches across and as deep as the milk can filled with ice or cold water and set in the can of milk. Milk that has been treated in this manner will make choice goods and be a credit to the dairy industry of Canada.

Mr. Fowler Relieved Of All Liabilities

Mr. Jas. Fowler, the man who was interested in the amalgamation of the Cold Storage and Sugar Companies and who subscribed to a considerable amount of stock on condition of their amalgamation, was to-day struck off the list by His Honour Judge Weller, before whom the matter was considered, and released from all liabilities in connection with the matter.

Mr. Fowler had endeavoured to extend the powers of the Peterborough Cold Storage Company to manufacture sugar and became a stock contributor on this condition, so that the Judge claimed he was not properly put on the list of subscribers and therefore was relieved of all responsibility.

NORTH STAR WILL BEGIN HER SEASON

The three river boats are expected to make their regular trips to-morrow with passengers and freight from Rice Lake and Otonabee River points. The Railbow has been running for some weeks, and the Water Lily made her first trip last Saturday. The North Star will begin her regular season to-morrow.

RECRUITING FOR BATTERY TO-NIGHT

Major Young, commanding the 24th Battery, will be at the Armouries to-night to continue recruiting for the battery, which will go into camp on June 18 at Cobourg. Major Young reports that he is meeting with good success in recruiting, and expects to have no difficulty in raising the battery to its full strength of 101 officers and men.

AN AUTOMOBILE CAUSED IT ALL

On Monday afternoon Mr. S. S. Spence met with an exciting experience and narrowly escaped serious injury. He was returning from delivering goods on the west side of the river and when near the high-level bridge turned down a side road to avoid meeting an automobile, which was crossing the bridge. Instead of proceeding on its way the automobile stopped at the crossing. A lady driving a horse and buggy came down a side street and on seeing the automobile the horse became excited and attempted to run away. The buggy struck the bank of Mr. Spence's delivery rig and threw him out, lighting on his shoulder and side. His shoulder was badly hurt and he also received a number of cuts and bruises. — Lakefield News.

This Time Walsh Got the Central

Entered North End Residence and Said That He Was a Plumber.

Thomas Walsh was the day before yesterday told by His Worship P. M. Dumble that if he came before him again he would be sent to the Central for six months. Walsh was charged with vagrancy on his initial appearance, and to-day was again accused of the same offence. The magistrate made good his promise to Walsh, and gave him six months in the much dreaded Central. Walsh made a vigorous plea for liberty. When he was up before he told the court that he was going to get a job on a farm. He said he did get the job but that there was only $8 a month in it.

"I've got a steady job now," he said.

The chief received word the other day from a lady residing in the northern part of the city, that a man, the description of whom tallied with Walsh's had wandered into her house, and when asked what he was doing there said that he was a plumber sent to do some work.

"If you send me down for six months," finally remonstrated the prisoner, "I'll be just in the same position as I am now." But his plea did not do him any good, and Walsh went down.

Pay For Extra Men at Camps

Minister of Militia Says Pay Will be Allowed for Men Signed Later.

Examiner Special.

Ottawa, May 15. — Sir Frederick Borden informed Lieut.-Col. Ward, M.P., this afternoon, that while he did not authorize payment for all militiamen enrolled for the coming camps after the service rolls had been received by the district officers commanding, it had been decided to grant pay to men not on the service rolls at the rate of eight per company, in the case of militia who had been present at two previous camps in succession. This would amount to $1 per diem. Lieut.-Col. Ward expressed appreciation at this concession on the part of Sir Frederick.

SAFE FROM TYPHOID FEVER.

There is one, and only one, way, to be absolutely sure of getting pure water. This is to order "Sanitaria." This famous mineral water is bottled just as it bubbles from the rock at the springs, Amprior, Ont. "Sanitaria" protects against typhoid fever, and other serious troubles which are primarily caused by drinking impure water. "Sanitaria" may be had both sparkling and still in any size bottles up to quarts, from A. Rountree, local agent, and from most dealers in Peterborough.

OX TEAM ON STREET SATURDAY MORNING

The circus season is hardly open yet, but one would almost have thought so yesterday by the interest created when Mr. Fitzgerald's team of oxen was on the street. The office has been besieged with telephone messages to-day asking when the team would be on the street again, and in response to what seems to be a general desire to see what is a decided novelty in Peterborough, Mr. Fitzgerald states that the team will be on the street again to-morrow morning.

Severe Form of Asthma.

"I first used Dr. Chase's Syrup of Linseed and Turpentine with my daughter, who suffered from a severe form of asthma. The least exposure to cold would lay her up, and she would nearly suffocate from want of breath. I must say that I found it to be a most satisfactory treatment and it has entirely cured her." — Mrs. A. A. Van Buskirk, Robinson street, Moncton, N. B.

MUSIC AND DRAMA

GEORGIA MINSTRELS.

Don't make the mistake of the old proverb, "Don't wait until the horse is stolen before putting a lock on the stable door"; don't wait until after Monday, May 21, which is the date of Richards & Pringle's Famous Georgia Minstrels, and then say, "I wish I had gone, as everybody said it was great." Go and buy your tickets right now and be right. All the good things in minstrelsy will be served in a palatable manner. The parade will take place at 12 noon. The box-office is now open. Prices—25, 35 and 50c; no higher.

An Entertainer Entertained.

Kingston, May 1. — Miss Roselle Knott and her company were entertained to-day by the officers of the Royal Canadian Horse Artillery. In honour of the celebrated Canadian actress a musical ride was given by the artillery. Miss Knott's performance at the Grand Opera House to-night had quite a military flavour, officers of the garrison occupying the boxes.

ARMY EXCURSION ON WATER LILY

The first excursion of the season of any importance down the Otonabee will take place on Victoria Day, when the steamer Water Lily will carry the Salvation Army band and their friends to Jubilee Point. The trip will in all probability be well patronized, particularly if the thermometer remains as it has been for the last few days.

LUMBERING IN NEW ONTARIO

Mr. Isaac Dormer has arrived home from Fort Frances, where he has spent the winter in the lumber camps there. Mr. Dormer reports that the lumbering operations in that district are in their palmy days. The forests around Fort Frances, he says, are practically untouched by the woodman's axe, and it will be many years before the shantyman have reached the heart of the immense forests.

Inflammatory Muscular **RHEUMATISM**

Sciatica and Neuralgia are Cured by

"Bu-Ju"

UXBRIDGE, Aug. 31st, 1904.

"It is with much pleasure that I send you this testimonial, regarding the wonderful benefit I have derived from the use of Bu-ju Kidney Pills. Have been an invalid for nearly 3 years, with Inflammatory Rheumatism, and was bed-fast until about 6 months ago, when an old friend of the family called to see me, and left me some of your Pills. I began to feel the benefit of them after taking one box. I have continued using them and am now able to get out of bed and dress myself and can go without crutches. Before taking the Pills I was as helpless as an infant and had to be taken care of like one."

JOHN McCULLOUGH.

Sick, weak kidneys are responsible for Rheumatism, Sciatica and Neuralgia. When the kidneys are not well, they won't filter out uric acid from the blood. It is this poison, remaining in the blood and carried to joints, muscles, nerves, that causes the pain. The only way to permanently cure Rheumatism, Neuralgia, Sciatica—is to cure the CAUSE of the trouble—the Kidneys. The only safe, certain way to make sick kidneys well is to take

"Bu-Ju"

"Bu-Ju" never fails—never disappoints. It takes away every trace of the trouble. 3c. a day will cure you if you take Bu-Ju.

Retrospect Of Theatrical Performances Presented At The Grand Opera House

Over Sixty-five Productions During the Past Season---The Most Successful in Peterborough's History---"Peggy From Paris" Attracted the Largest House---The Citizens Declare "The Crossing" the Best of the Dramas.

Peterborough citizens will see the theatrical season of 1905-06 practically at an end next week. It has been beyond any doubt the most important and successful that the city has ever witnessed, and there are few theatre-goers here who will not say that Manager Bradburn has opened his house during the past season to a great many very excellent productions.

The obvious reasons for this marked advancement in the quality and number of plays was the erection of the Grand last year, and it may be said that the year 1905 was the date of the inauguration of the theatrical stage in Peterborough to a level more in harmony with the prosperity and advancement of the city. Manager Bradburn is to be congratulated for his industry in presenting so many attractions, considering that it was the first season the new Grand Opera House was in operation, and also the lateness of its completion last fall. The season, too, has been an unusually bad one, owing to the conditions that have existed in the United States, where there have been so many failures in new productions in the larger cities. But, in spite of the lateness of the opening of the season, the average theatre-goer would be surprised to learn that from November 15th until next week, there will have been given over sixty-five performances at the Grand.

For next season the manager has even greater things in store. The house has now been well advertised, and is modern in every particular.

The new theatre was opened on Nov. 15th by the production of the famous musical comedy, "Yankee Consul." The success it occasioned in other cities had the effect of attracting a large audience, and easily ranks among the best of its class. Its second appearance later on was every bit as popular, and many claimed it was even superior to the first. It was followed by "The Crossing," a dramatization of Winston Churchill's great novel of the same name. "The Crossing" was easily the best of the dramas presented. Another very creditable show of the same class was "When Knighthood was in Flower," in which the distinguished Canadian actress, Roselle Knott, was starring. A return engagement of the same play on Tuesday night last was a much appreciated event. Probably the greatest hit of the season was the musical comedy, "Peggy from Paris," which was played here on Feb. 8th. This attracted a large number from the surrounding towns, and the theatre was never more crowded. Some, however, are disposed to share the honour between "Peggy from Paris" and "The Tenderfoot," and if the latter was not as good it was certainly a close second. "It's up to You, John Henry," including Charles Grapewine, was another of the better class of musical comedies seen here this season. "Buntai Brown," one of the latest, was a greatly enjoyed production, and, as a fun producer, belonged to the first rank.

The heavier dramas and the classics have not been much in evidence. The best of these was Louis James in "The Merchant of Venice," and "Virginius," presented on Good Friday, but the audiences were of the smallest of the season. "The Sign of the Cross" and "The Holy City," two realistic religious dramas, were played to appreciative audiences.

Of the melodramas, perhaps, "Dora Thorne" was the best. "Big Hearted Jim" and "Sweet Clover" might also be mentioned among the leading productions.

With the advent of the "Mysteries and weird Fays" to the city came a week of great excitement. For six nights and three matinees they attracted large audiences, of both believers and non-believers, and left in a greater shroud of mystery than when they arrived.

The Grand, too, was honoured by a few excellent concerts of high order. The most important of these was the appearance of Madame Albani in her farewell Canadian tour. Another which deserves special mention, was the Watkin Mills concert. The only amateur theatrical production at the Grand this season was "Colleen Bawn," presented under the auspices of the T.A.S.

Among the attractions seen here this season, were the following:—

Musical Comedies and Comic Operas —The Yankee Consul, His Highness the Bey, Peggy from Paris, Serio-Comic Girl The Devil's Auction, It's Up to You, John Henry, Kolb & Dill in I.O.U., The Office Boy, The Tenderfoot, and Buster Brown.

Dramas and Comedies.—The Crossing, Sign of the Four, Dr. Jekel and Mr. Hyde, The Way of the Transgressor, Summer Stock Co., Dora Thorne, Peck's Bad Boy, Uncle Tom's Cabin, The Fatal Wedding, The Girl of the Streets, The Sign of the Cross, Marks Bros., Parting of the Ways, Merchant of Venice, Virginius, Big Hearted Jim, The Convict's Daughter, When Knighthood was in Flower, Sweet Clover, The Holy City, and The Triumph of Betty.

In addition to these there were Crocker's Educated Horses, moving pictures of the Britt-Nelson Fight, and the American Vitagraph pictures.

Next week one more good musical comedy, "What Happened to Jones," will be presented, which met with much favour when here before; and also two other productions — the Georgia Minstrels, and the New London Gayety Girls. Moving pictures on the late San Francisco disaster will be seen here the week after next.

Flash Light Photo Taken by R. M. Roy at the Production of "Peggy From Paris," at the Grand, Feb. 8th.

MONEY FOR SURVIVORS; BUT THERE WERE NONE

New York, May 17.—Mayor McClellan, after looking up the law, says that it will require a constitutional amendment to permit the city to spend the money raised to aid the sufferers in the Mont Pelee disaster. About $1,400 was sent in, much of it in cash and the names of the subscribers are lost.

As is well known, there was no need of sending money to the devastated island, as all the people near Mount Pelee were killed. As there was no call for the money it was not sent forward. Money in the custody of the city to be spent for a specific purpose cannot be spent for anything else.

"I am informed by people in the finance department," said the mayor on Saturday, "that we are likely to have the Martinique fund with us indefinitely. I also am informed that even at 2 per cent. the fund will double itself every forty-four years and that in 1,000 years this modest fund, if left undisturbed, will amount to the tidy sum of $12,000,000."

It has been suggested that there may be a possible claimant for the fund in the person of the negro confined in the jail in Martinique at the time of the disaster. So far as known this man was the only human survivor of the disaster. He joined a circus as a freak the year after the disaster.

HOLD LIFE —IN NEW YORK VERY— CHEAPLY

Claim that Labourers are Mangled and Thrown on the Street to Die.

Serious Charges Against Construction Company in That City.

Examiner Special.

(Saturday Foreign News Service)

New York, May 19.—According to Coroner Peter Acritelli, lawlessness, with life held cheap as dirt, has reigned for months in the excavation which the O'Rourke Construction Company is making for the new Grand Central Station, and the Italian Government has demanded an investigation.

The coroner yesterday caused the arrest of John Eldredge, general superintendent of the O'Rourke Company, and held him in $1,500 bail on a charge of homicide. He issued subpoenas for the president of the corporation and all its general foremen, and said he might subpoena August Belmont, who, it is said, is a silent partner.

"There has been an average of two deaths a day among the employees of the O'Rourke Company ever since I took office," said Coroner Acritelli last night. "The records will bear me out in this statement. Most of the deaths have been among the Italian employees. Not satisfied with mangling men to death, they have taken to shooting them.

Say Dead are Thrown in Gutter.

"They seem to have a system up where the O'Rourke people are working when a man dies or is shot, him into the street and leave him for the first passer-by to find. Men are crushed and smashed to death, and when a policeman tries or I try to get the facts we are told it is none of our business. Only three weeks ago one of the Italian labourers was shot in the back, hoisted to the sidewalk and thrown into the gutter. A policeman who tried to find out about the shooting was told to get out or he would get what the dead man got.

SECURED CONTROL OF FINE LINE OF CHINA

Our up-to-date jeweller, Mr. Alex. Gibson, made a flying trip to Toronto this week to see a line of hand-painted china from the Pickard studios of Chicago. This line is now on exhibition in the King Edward Hotel at Toronto, and any of the ladies of Peterborough who may happen to be in Toronto this week, will be gladly shown the line by the Canadian representative. Mr. Gibson has secured control of this line for the city of Peterborough, and our people will have a treat in store for them when this line is shown here, as Mr. Gibson has bought a large line of the most attractive numbers shown in this exhibition at the King Edward Hotel.

CUSTOMERS MAY OBTAIN REFUND

All orders taken by us for coal will be filled at $6.50 per ton in May by customers complying with cash system; all customers having put in a supply for winter use at higher price, and who have not received refund, kindly call at office. T. HICKS & SON.

The Adventurers

By H. B. MARRIOTT WATSON

COPYRIGHT, 1906, BY HARPER & BROTHERS

Continued from last Saturday.

CHAPTER XXI.

SERCOMBE came to a pause. "That's all, gentlemen," he said. "I made tracks for the castle then. I don't know how far it was, but I covered the distance as fast as I could. You see, I was afraid. I was left for dead—dead I was to those two brigands, and dead I am reported to Mr. Hood. That's all right. I don't regret it. It gives me a chance. I've got my hand in now, and, by thunder, I'll keep it!"

He ceased and fell back in his chair, while a silence held us for some seconds. Then Sheppard rose and, a brightness shining in his eyes, put out his hand in his impulsive way. "Captain," said he, "you've blotted out a good many points by this story, and I don't hesitate to say so on my own behalf."

Sercombe accepted his hand and laughed. "The trouble is, Mr. Sheppard," said he, "that I had to strike the bargain not with you, but with Mr. Greatorex. I wish I'd known your feelings before."

"Are you all right?" I asked. "What about this wound?"

He rose from his seat. "I pay no heed to trifles when I'm on real business," he declared. "You must remember that it was mainly exhaustion that did for me, and, thanks to the wine and the good meal and the brandy, I'm another man. I'm not cat's meat yet, and I fancy I'll see other people out before I am," he ended significantly.

"Very well," said I. "And now your plans?"

He looked at the clock. "High time, too!" he exclaimed. "Tonight, I know, was the time fixed, but what hour I didn't hear. I guess about dark. The place I can find with your aid. Isn't there a stream that runs south of these hills into the Ray?"

"There is the stream behind us," I answered. "I believe, that wanders out below the town, but I've never traced it."

"That will be it—a mile this side of the river itself. We can follow the course—and the sooner the better. Are we ready?"

"Ready this moment," I answered, looking at Sheppard and Montgomery, who nodded.

"Then let us get away."

We turned to leave the room, when I suddenly recalled what we had all forgotten in the excitement of the narrative and this precipitate plan of campaign.

"Good heavens! What about the police? They will be watching for you."

Sercombe frowned. "This is nasty," he said, sitting down again. "You are right. Will they take me?"

"They have a warrant," I replied.

"Yes, yes; true. Well, we must dodge them. I reckon the castle can do that if the castle can stand a siege," he said, smiling.

As we were considering, Sercombe still with his smile upon his face and the rest of us about the room, Sheppard leaning upon the back of a chair, there came a knock at the door. We all started, but, recollecting that it could be no more than Mrs. Main, I answered to the rap. Mrs. Main it was, but, after all, there was some reason in our start of uneasiness.

"Mr. Jones, sir, wishes to see you," said she.

A look passed round the assembly. "It seems that we are anticipated," remarked Sercombe pleasantly.

"Did he ask who was here?" I inquired.

"No, sir; he said he would like to see you."

"Very well," I answered slowly; "show him into the library." And when Mrs. Main was gone I said: "This brings the matter to a point. Jones is here after you, captain. His men were watching."

"Of course," put in Sheppard, "there's the outlet from the treasure chamber."

"Now we're getting at it," said Sercombe easily.

"And the only path to that is by way of the guardroom, and as like as not Jones' men are without," I retorted.

"There's my room with the secret staircase," interrupted Montgomery.

We looked at him. "By Jove!" said Sheppard.

"You're right," I said.

With that I went off to visit Jones, whom I found in a most portentous mood and with his infernal notebook to hand.

"I have reason to believe, sir," said he coldly and in his best official voice, "that a man for whom I have a warrant out is harbored in the castle."

"Ah!" said I coolly. "And who might that be, sergeant?"

"One Captain Sercombe, sir, seen entering the castle an hour or so back by Constable Buckle."

"You seem very well posted in the affairs of my house," I answered and lit a cigarette. "Perhaps you will be good enough to find him." And I turned on my heel. I felt that this was the only way in which to take my friend Jones' official impertinences. He reckoned us for Sercombe's companions. The captain had been seen to enter, and I had no defense save to leave the police sergeant to his own devices.

"I beg your pardon, sir," he said; "I have your leave to search the castle?"

"Every inch of it," I answered indifferently. "How long do you propose to take, a fortnight?"

Jones coughed. "If you will give me your word of honor, sir, that Captain Sercombe is not within the castle"—he began.

"I will give you nothing, not even a compliment on your imagined smartness," I interrupted sharply. "You are as blind as a bat, and I will leave you to stumble about in your own way; but one thing I will not have, and that is your men trespassing on my premises, as they did an hour or so ago. If you have business, have business, but if I catch any one ranging about the copses I will take my own way with him."

Jones started at my angry rejoinder, and he appeared a little embarrassed.

"You have your remedy, sir," he said, but I made no answer, merely moving to the door. "I will take your word for it, sir," he repeated.

"I have not given it," I said.

"Well, sir," said Jones, "I bid you good evening."

I knew well enough that the prospect of that interminable search had made him wince. It would be folly for him to undertake it, and so he withdrew with this slight discharge of courtesies.

Sheppard met me with the news. Montgomery had undertaken the job of guiding the captain through the gallery, and after that Sercombe was to conduct him to the rendesvous on the river. He had given Sheppard particulars of the place, and it did not appear as if we could miss it, but time was passing, and if anything was to be accomplished we must be away. Our preparations were accordingly pushed forward, nor were they very elaborate. An encounter, maybe a bloody one, might be looked for. Certainly we could not afford to dispense with our weapons, but beyond them there was little to delay or incumber us.

Sheppard and I got forth of the castle and reached the great gates just after dark was fallen. As we passed through I thought I perceived the black shadow of a man hovering among the bushes near by, and I put him down as Jones.

At the foot of the gorge we turned, and, following the road to the right for a quarter of a mile, dipped quickly with the bend of the brook eastward and for the border of the farther county. The first part of the way took us through the outlying stretches of the forest, but presently the woods hugged the margins upon either side, and behind was open country, broken into fields and pastures, with here and there the shining windows of a farmhouse or cottage. About this point it occurred to Sheppard that we were being followed.

"I saw a man cross from that last stile," he declared, "and I'll swear I heard a rustling in the bushes."

"Very well," said I. "If Jones is after us Jones will have a long tramp, and the sooner we dispatch him on it the better."

"What will you do?" he asked.

"Sit tight," said I, "and keep mum. Here's an excellent corner for silent meditation," and I dropped into a black patch of brachen, whither he followed me.

We had been following a footpath which wound through the coppice close to the stream, and a little distance to the left we sank into our hiding place and waited. Some five minutes after, the footsteps of a man sounded softly behind us, and he came into the plane of sight. Dark as it was I made him out for one of Jones' men, and my opinion was confirmed by the stealthy manner in which he proceeded.

"We'll let him pass," I whispered, "and then follow him. Rustic police are no harm to us."

Five minutes later we emerged and resumed our journey, diligently opening our ears to the sounds of the night, but nothing was audible to alarm us, and we reached at last a spot where the path ran down to the water's edge between thick trees. Opposite, the dark bulk of a little jetty was just discernible and beyond that the lights of a house.

"This is the place," said Sheppard. "But I see no signs of the others. Yet they must have got here before us."

"Let us wait," I suggested, and meanwhile we are better in hiding."

We concealed ourselves among the trees and passed ten minutes in some anxiety. "Was it possible," I asked myself, "that Montgomery and Sercombe had already encountered Hood and his scoundrels, with a tragic result? Or, again, had Jones happened upon them and taken Sercombe? Perhaps even the captain had been dealing treacherously with us all through."

But these speculations were scattered at the approach of voices and a noise of oars in the water, which here ran deep and wide, a mile from its junction with the Ray. We listened with increased excitement, but as yet nothing was visible in the darkness. The boat seemed to draw up at the foot of the path below us, and there was the noise of two people landing.

"It's all right," I whispered to Sheppard. "Here they are."

And I was on the point of jumping up when I heard a new sound opposite, and a figure rose and stood in the pathway. As we strained our eyes

At Sercombe's feet was a prostrate figure.

to make out what this might be I heard the approaching feet of the others. Then somewhere out of the night these words floated to us: "Captain Sercombe, I arrest you in the name of the queen."

There was a violent exclamation and the noise of a struggle and afterward a short cry and a horrid crack.

Sheppard and I leaped to our feet and reached the path, where ten paces from the water stood Sercombe and at his feet a prostrate figure.

"What is this?" I said anxiously.

"Oh, you there, gentlemen?" said Sercombe, puffing. "This knave would have ruined our whole venture. But I reckon I've given him his stomach full."

"Yes, you have," I said bitterly, bending over the man. "He's about done for."

"Pooh!" said Sercombe. "Only struck his head on a log. He's all right. Don't waste time over such swine." And he made for the boat, where I could perceive Montgomery.

I stopped him. "Understand this, Captain Sercombe," I said—"I am not here to break innocent heads or to imperil honest lives, and if, as you say and I hope, this poor man is not dead, I will have him taken where he can be cared for."

Sercombe laughed harshly. "You are so infernally particular, Mr. Greatorex. But have your way."

"Very well," said I; "then I will take him over to the house yonder."

We carried the unfortunate man aboard the boat and pushed her off, Montgomery punting to the jetty. There we landed the body. Spiritedly Sercombe stopped.

"This is my affair," he said, "not yours. You won't be able to show your faces after this if you're mixed up in it. Besides, I may get definite particulars as to Hood if I go up."

He shouldered the unconscious form of the policeman as he spoke and departed, staggering under his burden. In a little he came back.

"It's all right," he said easily. "I told the farmer that it was a friend of mine who had met with an accident, and he has promised to look after him till I return. I am to call in an hour's time." He laughed. "And I've found out that Hood left half an hour ago, having borrowed the old gentleman's boat. There's some good in charity after all." And once more he laughed.

At the word Montgomery and Sheppard bent to the oars, and the nose of the boat shot downstream.

CHAPTER XXII.

"AND now," said I to Montgomery, "please explain. I think we none of us contemplated a boating expedition. Where are we going?"

"Hood's got on before us, you know," he explained eagerly. "Captain Sercombe and I got away safely and reached this ferry twenty minutes before you, but the boat had gone!"

"You mean Hood's boat?" I asked.

"That's it," Sercombe broke in. "I reckoned we might nab Hood in the act, but we came too late by ten minutes. I recognised the place from his description. For the matter of that, it's easy to find, but there was no boat. That meant we must carry the expedition a stage farther ere we could drop on him. Presently Montgomery and I happened upon this tub a bit lower down. She's no great shakes, but she'll do to come up with him."

"And when we do?" said Sheppard.

"I don't want to put too fine a point on it, sir," said Sercombe, "but it means cutting out, and if we are not prepared for cutting out, why, we had best turn the nose of the boat upstream again."

There was silence after this. Just Sheppard and Montgomery applied their oars, if anything, a trifle more smartly.

"We're not going to turn back now, if that's your meaning, captain," I said. "We only want to understand where we are and what we have to expect."

"I think, Mr. Greatorex, that you may expect treasure," said Sercombe, with a laugh. "Hood's got a load aboard, and he's no thought of being followed. What he's after I don't quite know, for he never got to the end of his explanations, owing to that Greek affair, but he's going down the river, that's certain, and he'll paddle none too quick, having a cargo. On the other hand, he does not want daylight on him. He'll make where he's bound for by night and under the stars. Now, I dare say, you gentlemen know these parts better than I. What point do you put on it?"

"Give him six hours," I suggested, "and that will fetch us into the early morning." Montgomery, how far do you reckon a boat would get by 3 in the morning?"

Montgomery paused on his oar and considered.

"It ought to get near Portagree," said he at last.

"And where may that be?" asked Sercombe.

"In the mouth of the Severn—in the estuary."

"Ah!" said Sercombe thoughtfully. "Now, I wonder what will happen then. And I should like to know what my friend Hood has got in his head."

The sky was heavy with low bellying clouds, and scarce a breath of air stirred. We raced between the banks as it were through a wild moorland, and some scattered voices of the dark reached us. A little after there was a jar and a shock that sent us all sprawling in the bottom of the tub.

Sercombe, who was in the bows, put out his arms.

"It's a boom," he said. "This is a piece of private water."

"We shall have to carry the boat round," said Sheppard.

"Did Hood, do you suppose?" I asked.

"No; I think not," said Sercombe. "I'd like to see the party that would carry that cargo. Yes; you're right. Where Hood's been we can go."

"If he has been," said Sheppard.

Sercombe made no answer, but pulled the boat along the boom.

"It's wood," he said, "and I make no doubt but it's old and tired. Anyhow I think Hood's dingey went through this. I can find no break, though."

"Let us put a pace on the tub and try," I suggested.

Sercombe whistled slowly. "She's not much of a tub, I admit," he said dubiously, "but it's all we've got."

"You are afraid of her splitting up?"

"That's so, but, anyhow, let's risk it. Drive, boys, when I give the word."

We backed out and pulled up the stream, and I set her nose full on. "Now!" said Sercombe, and the oars struck the water together. With a sighing, groaning noise the tub dipped her snout into the water, and it hummed about her sides.

"Now!" shouted Sercombe again. I leaned forward to the stroke, and in the next second the blow came. She struck and staggered, recoiling and shivering in every beam. But Sercombe, in the bows, who had been almost precipitated into the stream, cried out in triumph:

"She's through; the boom's given somewhere!"

That was true, as we found out immediately, for the current bore the dingey down once more upon the log, and with a rasping noise and a jerking movement she slipped over.

"It's lucky that the wood was rotten," said Sercombe. "I don't believe our tub would have stood another ounce."

"I think we must thank Hood, too," I remarked.

"Oh, we'll thank him when we meet him," said Sercombe cheerfully, "and the sooner we pay our devoirs the better. So let's buckle to."

In spite of our objections Sercombe insisted upon taking a hand with me at the sculls. He professed himself quite well, said he had often suffered from the same complaint and could stand more of it.

"A pin prick to the way they get at your vitals in Sicily," said he.

He certainly showed no signs of fatigue or faintness in his handling of the oars, but rowed like a sailor—a little stiffly, but with plenty of force, and we cut the water at a fine pace. Presently Sheppard, who had taken Sercombe's place in the bows, tapped me on the shoulder.

"Here's the Ray, Ned," said he.

"So much for the first stage then," said Sercombe, who heard him, and he leaned on his oars. The current took us with a gentle wash into the bosom of the larger stream. The clouds congregated solemnly and, to my fancy, with an aspect of sullenness. The air was still, and the sweat broke out on the rowers. We changed again, and under the fresh impulse the tub ran down the Ray.

"We may pick them up any moment now," remarked Sercombe, and I observed him, in the stern, loosen his coat and feel in his pockets.

"The boat's leaking," said Montgomery in my oars. I stopped rowing and repeated his words to the others. Here was a dilemma. Sercombe paid no heed. He was staring, as I could just perceive—staring out upon the river over our heads.

"Do you see anything?" he asked. No one answered him.

"Stay on your oars!" he commanded, and I no longer recognised the soft voice of our old enemy, but something stronger and imperious. It sounded of Chile and Peru. We ceased rowing. "What do you hear?" he inquired.

"Nothing," came from Montgomery.

"I'll trust your ears, lad," said Sercombe. "Drive on."

(Will be concluded next Saturday)

WHAT Fruit-a-tives ARE

OR "FRUIT LIVER TABLETS"

Fruit-a-tives are the marvels of modern medicine. They have accomplished more actual cures—done more good to more people—than any other medicine ever introduced in Canada for the time they have been on sale.

Fruit-a-tives are fruit juices. They are nature's cure for

—CONSTIPATION
—BILIOUSNESS
—BAD STOMACH
—DYSPEPSIA
—HEADACHES
—IMPURE BLOOD
—SKIN DISEASES
—KIDNEY TROUBLE
—RHEUMATISM
—IRRITATED HEART

Fruit-a-tives are the juices of apples, oranges, figs and prunes. These juices are concentrated—and by a secret process, the juices are combined in a peculiar manner. This new combination is much more active medicinally than fresh juices—yet so perfect is the union that Fruit-a-tives act on the system as if they were in truth a natural fruit, medicinally stronger than any other known fruit.

To this combination of fruit juices, tonics and internal antiseptics are added, and the whole made into tablets.

These are Fruit-a-tives—sold everywhere for 50c a box or 6 boxes for $2.50.

FRUIT-A-TIVES LIMITED - OTTAWA.

Dr. Hugo's Health Tablets

for Women

Make Healthy Women.

Whether you believe it or not, this incontrovertible fact remains. These tablets will change weak and diseased organs into strong, healthy organs; fast with some, more slowly with others, but sure and absolutely certain with all who persist in their use, except the few beyond the help of medicine.

Disease, even chronic, will then disappear as these organs are restored to their normal conditions.

These tablets are now recognised beyond doubt or question as best adapted to the special needs of women.

You are Quite Right

If you see the LITTLE CHURCH on the label of the package of Alabastine you buy, then you are safe—it is genuine. We sell the real article—

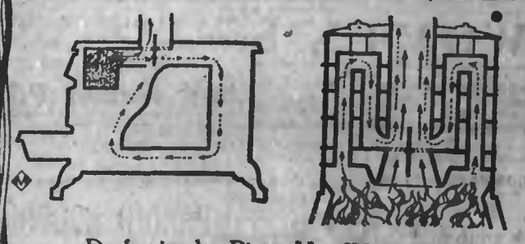
Church's Alabastine

because it doesn't pay us to try to fool our customers with kalsomines that decay on the walls and ceilings of your rooms. It is so annoying you know, when they begin to rub and scale off, as they will in time; and then it is such a "nasty muss" to wash and scrape the room when you want to do it over again.

We advise you to buy ALABASTINE because it will save time, trouble and expense. It will last for years. Won't fade. There are twenty beautiful tints and white. They are NEVER SOLD IN BULK. Hardware and Paint Dealers everywhere sell ALABASTINE. Special information if you write—

THE ALABASTINE COMPANY, LIMITED - PARIS, ONT.

BISON FURNACE



Drafts in the Bison Hot Water Furnace work on exactly the same principle as in a kitchen range.

Its direct draft will give a roaring fire in "no time," and its side and down draft will bring the water to the boiling point very quickly.

Every heat unit in the fuel is utilized, its draft construction preventing any escaping.

The Bison has more good heating points than all other heaters combined.

The Latest In Fashion's Realm; Items Of Interest To Ladies

SNAPSHOT OF STYLES.

New Theater Fan—Large Handkerchiefs in Vogue—Linen Hand Bags.

A useful fan for the theater has a tiny electric lamp set in the handle, making it easy to read the programme, though the lights in the house are dim.

Large handkerchiefs are being used in Paris and have found their way over here into the wardrobe of smart women. These handkerchiefs have elaborately embroidered corners done in delicate shades of cotton.

There is a new hatpin with a head exactly resembling a raspberry formed of a cluster of mock rubies.

Hand bags to match summer gowns are now shown in the shops made of all over embroidery with pink, blue or green tints beneath. There are, too, dainty bags of embroidered white linen with belts to match.

When a sleeve is made with a long cuff of lace it is pretty to line the lace

PRINCESS COSTUME.

with chiffon, as it makes the arm look much whiter underneath. The same rule applies to a lace yoke.

Women with large waists should wear a girdle that is straight at the bottom in the back and shaped at the top.

Embroidered linen makes this charming princess corselet costume. The bolero jacket is formed almost entirely of insertions of heavy ecru lace. The chemisette and sleeve puffs are of white all over embroidered swiss.

JUDIC CHOLLET.

WHAT IS WORN.

Dainty Ideas In Hosiery—New Silk Glove and a Novel Shoe Tie.

New stockings show designs of floral embroidery worked in the natural colors.

Long black silk knitted gloves are newer and smarter than the silk weaves we have known. These gloves come in all the different lengths required by the modish short sleeves. On the back of the hand is an openwork design. The twelve button length costs $1.50.

Everybody knows how it wears out the shoe ribbon to be constantly tying and untying it. Now there is a new tie for the low shoe which does not

GIRL'S LEGHORN HAT.

need to be tied in order to fasten it. You slip it through the eyelet and it fastens with a little catch.

The polonaise has conquered. It has followed closely upon the princess gown and bids fair to equal it in popularity.

Touches of gold and black used together are a new note on costumes.

There is an effort to push soft, heavy surah silk for street wear. Foulard has again been brought into fashionable favor.

The hat in the cut is a pretty girlish affair in leghorn. About the crown is a twist of pink silk which finishes in a rosette at one side. One huge pink rose and its foliage ornament the crown, and a pale pink paradise plume tops the whole confection.

FACTS AND FANCIES.

Snakeskin Belts—Stockings In All Kinds of Giddy Colorings.

The prevalence of gray gowns has brought into vogue gray snakeskin belts, which are just the things to wear with these costumes.

Stockings in all the giddy hues of yellow, red, green and buff are shown,

SMART LINEN COLLAR.

but most women cling to the useful and becoming black hose made in elegant and varied designs.

One of the advantages of the popular corselet skirt is that when the jacket is removed it is far more complete than the usual blouse and skirt.

If you are thinking about purchasing a foulard silk, be sure to get one with very small figures.

Sapphire blue masquerades this season under the euphonious name of "Mediterranean blue."

Separate coats of cheviot and covert cloth are to be worn for morning. Checks and overplaids are among the smartest of the new materials for "auto" coats, and these are usually built in the long, loose sack type of coat. Very frequently a bias seam appears up the back strapped with a wide stitched strap of the material.

White lisle hose delicately embroidered over the instep with pale lilacs are to be worn with white buckskin shoes with an openwork strapped design up the front through which the lilac blossoms peep alluringly.

One very stunning white linen suit has touches of mauve linen on the little jacket, while on the front of the skirt is embroidered a design in mauve.

The linen collar illustrated is one of the smart pieces of neckwear to be worn with the strictly tailored shirt waist. The cravat is of white mull trimmed on the ends with fine embroidery and insertion. The collar is held together with two white pearl buttons fastened on a buttonholed loop.

ATHLETIC GARB

Sporting Costumes the Smart Girl Will Wear This Summer.

The athletic girl has become a permanent factor in the world of sport, and fashion tradesmen have learned to cater to all her requirements in the way of correct dress, and some stunning "sporting togs" are to be seen in the shops.

There is a new golfing shirt that will be appreciated by the expert on the links. It is built somewhat on the lines of a man's negligee shirt. It goes on over the head and fastens in front with blind band and buttons, slitted but halfway down, and an absurd patch pocket upon the left side. The sleeves reach to the elbow only and have no tucked folds, but are cut short and smartly finished with a wide turned over cuff. The collar is low and flat, meeting only when confined by a loosely knotted Windsor tie.

The all prevalent princess gown has entered the field of sports and will disport itself on the tennis court and the

A SMART FLANNEL GOWN.

golfing green. It will, of course, be made of firm, crisp linens, gingham, heavy linen crashes and hand woven cotton goods heavy enough to hang properly into short skirted suits.

The frock sketched is of black and white checked flannel combined with plain white flannel. The lower part of the plaited skirt is of plaid. This material makes the entire waist, which is trimmed with bands of the plain flannel. A small collar of black velvet is a pretty finish about the cut out neck.

JUDIC CHOLLET.

FRIBBLES OF FASHION.

Black Velvet Trims Summer Dresses. The "Peter Pan" Outing Hat.

Black velvet is playing a rather important part upon the spring and summer frocks, and a touch of it seems likely to be used upon almost any material or any model. Black velvet coat collars and cuffs, which were introduced upon the tailored costumes of white panama, serge, mohair, cloth and linen last summer, are once more in evidence. In some models they are supplemented by bands on the skirt.

Maude Adame in her character of Peter Pan wears a hat that has become very popular and is called the "Peter Pan" in the shops. It has a high, sloping crown and brim short in front, but high in the back. In the dented upturned brim at the left side a quill is jauntily placed. This shape makes a charming outing hat. In the

A CORSELET SKIRT.

way of summer jackets the prettiest thing is an embroidered Eton with short, puffy sleeves.

Jaunty shoulder straps are introduced with the princess skirt to cross the thin blouses of silk or lingerie which invariably accompany them. These straps are often of embroidery, which is repeated on the skirt.

The sketch which is given here shows an attractive development of the corselet skirt and one which has the merit of being easily made and more generally becoming than the more usual form. In it the front gore alone is carried up intact to the top of the corselet. The rest is formed of a separate hip corselet, into which the skirt portion is mounted.

JUDIC CHOLLET.

A New Cheese Course.

If you want to serve something absolutely unique for the cheese course at dessert try the ridiculously simple preparation of Roquefort cheese and apples. To make it take a slice of Roquefort cheese and a piece of butter the size of a walnut. Mix them together into a paste, and thin this down by the addition of three or four tablespoonfuls of cognac. When of a good spreading consistence spread it over slices of russet apples and you will have a novelty that will create both surprise and delight among your guests.

The Plain Truth About Twenty-seven Automobiles

What about an Auto at such Prices as These?

HERE is a terse, plain, honest description of 27 automobiles. Any one is great big value for the price. Every one is a good make, in good running order - - - most of them are actually in first-rate new condition.

Consider that a modern motor car - - - and every one of these is a modern motor car - - - is as easy to run as it is to drive a horse - - - and actually safer than most horses - - - and actually less expensive to keep, as well as being instantly ready for use when you want to use it.

Look over the List - - - consider which car you might possibly be interested in if it is all we say it is. Check on the coupon the number of such cars as might interest you; write your name and address plainly on the coupon and mail it to us. We will send you pictures, full details and special terms. Every car in this list - - - every car we sell - - - we warrant in all respects fit to buy and as we represent it.

The Biggest Bargain of the Whole List is This No. 1

No. 1—Rambler Touring Car, 1905 Model, 18 h.p., double opposed cylinders. Car seats five with comfort. Side entrance, tonneau (same as newest high-priced cars). Complete with acetylene gas generator and searchlights, side and tail lamps, horn, etc., etc. First-class condition. Same style sold last year for $1,750. Price to quick buyer $1,000

No. 2—Packard, 4-cylinder car, 1905 model, with plate glass windshield, cape cart top, and everything complete, for a first-class high-grade touring car. Will seat five people comfortably. Fitted with Diamond tires in fine condition, as is indeed the whole car. Body beautifully finished in rich, dark green; price includes acetylene gas outfit and five high-grade lamps, side baskets and, in fact, everything that ought to go with a car as good as this. Absolutely as good a purchase as any automobile buyer can possibly consider. Really worth fully $500 more than our price, which is $3,000

No. 3—Packard 4-cylinder car, Model "L." With canopy top and side baskets. Good tires throughout and one extra tire. Is very low at $2,200

No. 4—Haynes 1905 Runabout, 18 h.p. Folding front seat, leather hood, 4 in. high grade tires. A splendid car for physician's use. Big value at $1,300

No. 5—Russell Model A. Touring Car, complete with top, searchlights, lamps, etc. Car seats five, and is fitted with all 1906 improvements—a strictly up-to-date machine in practically new condition and a special snap at $1,125

No. 6—Russell, Model A., with all 1906 improvements especially fitted to it, 18 h.p. Double opposed cylinders, no vibration. Shaft drive. Sliding gear transmission. 3 speeds and reverse. Strictly up-to-date. Will climb any hill. Quite worth $1,300. To a quick buyer price is..... $1,000

No. 7—Russell 1905 Car. 18 h.p. Shaft drive and sliding gear transmission. A fine car. Used but little during one season Price $1,000

No. 8—Rambler 1905 Touring Car. 18 h.p. Extra large tonneau. Fitted with search-lights, lamps, etc. In fine condition. Special value at..... $1,000

No. 9—Pope Hartford Light Touring Car 1905 Model, 10 H.P. Seats four. Has never been used. Absolutely beautiful car at any price and notable value at our price. $850

No. 10—Stevens Duryea Runabout with folding front seat, full leather top. Good car for physician's use. Condition first-rate. Excellent value at $800

No. 11—Autocar—12 H.P. Touring Car. Engines up-to-date—placed in front. Sliding gear transmission. 3 speeds and reverse. This car is in good condition and is a sound investment at the special price of $725

No. 12—Knox Runabout, 8 H.P. Air-cooled engine. New condition. Big bargain for $625

No. 13—Rambler, 16 H.P. Touring car. Side baskets—and a good model in good condition. A bargain at $600

No. 14—Waverley Electric—complete with leather top. Batteries in fair condition. A safe purchase at $600

No. 15—Rambler Touring Car, with tonneau—good, big, roomy car. 16 H.P. Engines have been thoroughly overhauled. Whole car is in excellent running order, and has the style of a new One Thousand Dollar car. Good solid value at $550

No. 16—Cadillac, 10 H.P. A good car in unusually good order. Fine value at $550

No. 17—Mitchell 7 H.P. Runabout. Air-cooled engine. Sliding gear, 3 speeds and reverse. Wheel steer. Almost new, and a special bargain at .. $500

No. 18—Rambler, 7 H.P. Runabout, with fine leather top. Suitable for physician's or for lady's use. Good car for $550

No. 19—Ford, 10 H.P. High class engine. Fitted with tonneau, or can be used as runabout. In good condition. A powerful car for $560

No. 20—Autocar, 10 H.P. Engines in front under bonnet. Sliding gear, shaft drive. A special snap at..... $500

No. 21—Pope Tribune Runabout, 7 H.P. Shaft drive. Sliding gear transmission. Wheel steer. For a very moderate outlay this car represents probably the biggest real value of any of the big values this list shows. The car is strictly in new condition, up-to-date and reliable in every particular. Beautifully finished in rich, dark green, and, honestly, a good enough car for anybody. Cars like this sell right here in Toronto for $200 more than our price. Actually immense value at..... $450

No. 22—Autocar, 10 H.P., has been completely overhauled and put in fine order. Sliding gear, 3 speeds and reverse. Remarkable value at..... $500

No. 23—Cadillac, 10 H.P., with tonneau. Complete with lamps and horns. In good condition, and real value at $450

No. 24—Waverley Electric Runabout, a smart little car. Complete except batteries. Special price $275

No. 25—Oldsmobile. Seats four and is a compact, neat, safe little machine to buy. Fitted with new front tires and in good condition. Offered at the absurdly low price of..... $275

No. 26—Rambler Runabout, 7 H.P. A first rate little car for everyday and priced very low at $270

No. 27—Winton Runabout. With leather top. More than full value at..... $225

ALL RUN DOWN

Weak---Nervous---Unstrung.

Thousands get run down and become invalids before they realize anything is wrong. By permitting low vitality to develop, the way is paved for fevers, pneumonia and diphtheria. To put off makes it all the harder to get well. The time to repair the system is right now, before the damage gets any worse. The remedy is Ferrozone; it revitalizes, renews, builds up vitality that outlasts old age.

FERROZONE is a genuine invigorator that banishes weakness, and instils surplus force and vigor into every organ of the body. Ferrozone sharpens the appetite, produces rich nutritious blood, and thereby contributes that sense of buoyancy that adds so enormously to one's pleasure and usefulness in life.

For all forms of debility, weakness, lack of blood or nerve tone, sleeplessness, tiredness and exhaustion, there is no medicine so vitalizing and potent as Ferrozone. Even one trial demonstrates its rapidly and certainty of action.

To restore the energy of youth, to get back your vital stamina and reserve force, there is positively no treatment so certain as Ferrozone. You have only to try Ferrozone to know the enormous benefit it invariably brings to all in poor health.

FERROZONE

It makes the weak strong, the sick well, and assures lasting good health.

WARNING—Beware of any substitute for Ferrozone; it alone can cure you. Sold by all druggists and dealers in medicine, only in 50c boxes containing 50 chocolate-coated tablets. By mail to any address if price is forwarded to N. C. Polson & Co., Kingston, Ont., or Hartford, Conn., U.S.A.

FERROZONE

Miss Dorothy E. Leduc of Chester gives the following convincing evidence of Ferrozone's power:—"My work compels me to rise early in the morning and work ten hours daily as a saleslady. Last Spring I was run down, lost my color, and fell off in weight. I seemed to lack ambition and the life was out of me. A friend recommended Ferrozone, and I took one tablet after meals with wonderful results. Ferrozone brought back my complexion, and has given me new strength and abundance of energy and spirits. I would advise all young ladies to use Ferrozone."

Mrs. H. G. Wilder of Dexter says:—"My daughter was not very well last Winter, and lost her strength completely when the Spring came. I gave her Ferrozone, and am glad to say it did wonders. After six boxes were used my daughter was strong, and looked the picture of health."

Gave New Strength

Samaria Stopped His Drinking

A London Lady cures her husband permanently of the drink habit and without his knowledge.

"How glad I am that I overcame my hesitation about writing you for a Free Sample of Samaria. At that time my husband was drinking very hard, and I was in despair. The effect of your treatment was immediate, and now our home is entirely free from the Drink Curse. I gave my husband the tablets in his tea, and he never knew. As the taste for liquor left him, his general health improved and is now splendid—mind, many thanks. I will be glad if you will tell others of my experience.

Free Package and pamphlet giving full particulars, testimonials and price sent in plain sealed envelope. Correspondence sacredly confidential. Address: THE SAMARIA REMEDY CO., 17 Jordan Chambers, Jordan St., Toronto, Canada.

Also for sale by E. S. Macdonald.

Educational Contest Lists

Destroyed By Fire

CONTEST EXTENDED TO

July 31st, 1906

Messrs. Armour Limited, Toronto, regret to advise all who have so kindly forwarded lists of names as per the conditions of their Educational Contest, that their building, with its entire contents, was destroyed by fire on the evening of March 19th, and all records of lists they have received, as well as all lists, were destroyed, and we ask that all who had sent in lists previous to this time, mail us duplicates. No metal caps required with duplicate lists. To make up for time lost by the fire, and to give all competitors a fair and equal chance, we have consented to extend the Educational Contest until July 31st, 1906.

We offer $200.00 in gold to those sending in the largest lists of correct words made from the twelve different letters used in spelling the four words

Armour's Extract of Beef

$100.00 in gold will be given as the first prize.
$25.00 in gold will be given as the second prize.
$10.00 in gold will be given as the third prize.
$5.00 in gold will be given to each of the next five.
$2.00 will be given to each of the next twenty.

CONDITIONS

Use only the following 12 letters:—A-B-M-O-U-S E-X-T-U-F-S. No letter to appear in the same word twice.

Only such words may be used as are found in Webster's International Dictionary.

No proper names, foreign words or names of persons, towns or places are to be used.

Words spelled the same, but having different meanings, may be used but once.

All contestants must attach to their lists a metal cap taken from a jar of "Armour's Extract of Beef." Failure to do this puts the list out of competition.

The names of the winners of these prizes will be determined by judges whom we shall appoint.

Write only on one side of the paper. After making out your list, state the number of words it contains, with your full name and address at the top of each piece of paper and mark on the outside of the envelope "Educational Contest Department," and mail to our address as below.

Armour's Extract of Beef is sold by all druggists and grocers. If yours cannot or will not supply you, a small jar will be mailed you, post paid, on receipt of 25 cents in cash or stamps.

Armour Limited

Fence-viewers And Other Officers Were Appointed

Regular Meeting of North Monaghan Township Council.

The North Monaghan Council met in the town hall on Monday, 14th inst., at 7.30 pm.

All the members were present.

The minutes of the last meeting were read and confirmed.

The committee appointed to meet a committee of the City Council of the city of Peterborough, reported having had two conferences with the city representatives and the residents of the township who were affected by the proposed annexation scheme, but owing to the opposition of the latter to the proposal of the city, no definite arrangement had been made.

The report was received and laid over.

The clerk was instructed to order a blade fit for the road grader.

Bylaw No. 565—To appoint road commissioners, poundkeepers and fenceviewers for the year 1906, was introduced, given the necessary readings and finally passed.

The officials appointed are as follows:

Road Commissioners—
Division No. 1.—James Morrow.
Division No. 2—Robert Colin.
Division No. 3—George Muncrief.
Division No. 4—Foster Muncrief.

Poundkeepers—
Division No. 1—Wm. Williamson.
Division No. 2—Robt. Sanderson.
Division No. 3—Alex. Laing.
Division No. 4—David Delg.

Fenceviewers—
Division No. 1—J. Fowler, F. Stinson and J. J. Herron.
Division No. 2—Thos. Hunter, J. McIntosh and J. J. Lynch.
Division No. 3—Robert Waterman, Wm. Whitefield and J. Armstrong.
Division No. 4—A. Saunders, J. Bell and G. H. May.

Council then adjourned to meet as a Court of Revision on the assessment roll of 1906, on Saturday, May 26, in the township treasurer's office in Peterborough, at 2 p.m.

CANAL DREDGING OPERATIONS

The new Government dredge "Emmerson," is rapidly completing the work at Hastings. It is expected that it will finish operations at this point this week. It will then be brought north. Though there are points on the river where a little dredging will be beneficial, it is not considered advisable to do it during the present high water. The Emmerson will therefore come from Hastings to Peterborough and do some needed deepening of the entrance from Little Lake to Lock No. 6 on the Trent Canal.

Are Our School Girls Worked Too Hard?

A Plea for the Girls of Our Country—Prof. Northrup, of New York University, Asks for Consideration of the Girls' Physical Limitations—Is the Modern School System Too Strenuous For the Girls of To-day?

In a paper read before the Medical Society of the County of Kings, and printed in the New York Medical Journal, January 6th, Prof. William P. Northrup, M.D., of New York University, takes up the subject of the strenuous life of our school girls with suggestions as to how the growing child may be assisted to meet it. He arbitrarily limits his inquiry to public school girls from eight to thirteen years of age. Professor Northrup expresses the belief that it is the duty of the family physician to assist the little workers to sustain the strenuous life of the first school days. He insists that the child should add daily not only to her stock of knowledge but to that of physical endurance. Dr. Northrup asserts first in March the New York clinics for diseases of children and for diseases of the nervous system "receive a crop of worn-out school girl-neurasthenics," and by way of example he thus describes a typical case of the ambitious student who is generally the victim of the strenuous school life:—

"She hurries home from school, is never late, takes a few minutes of outdoor play because some one has prescribed it, runs home, curls up, and studies hard till the evening meal. This meal she engulfs in the shortest possible time, slips off her chair, and is at her book again. She is the conscientious pupil. She studies till some one insists on her going to bed. . . This audience can easily imagine several physiological functions impaired by worry and haste, and some daily needs possibly postponed till Saturday and Sunday. They will wonder where the dweller in crowded districts may, as such strenuous life, snatch a few hours of tranquil daily recreation in outdoor sunlight. They may wonder how the nerves in this strenuous existence are to be daily, completely nourished and rested. Alas! they are neither rested nor nourished. They fall daily further into arrears. They may drag on till early spring accounting. In March is the Feast of St. Vitus.

"It is well to reflect on the critical physiological changes which our little student is undergoing between eight and thirteen years of age. She is manufacturing rapidly new cells, she is building great additions in bone, muscle, and glands, she is developing, training, and disciplining her cerebro-spinal and sympathetic systems. She is changing her milk teeth for tearers and grinders, preparing for heartier food. She is further developing a new function, passing from infant life to maturity, experiencing a change of such critical magnitude that all nature appeals to the generous impulses of human protectors to lighten her burdens, to safeguard the best interests of the budding woman and future mother. . . .

"Do not put the subject away with the thought that the story of the overworked and under-nourished growing girl belongs only to a big city, to the tenements, and to ignorance. Would it were limited to them, for they are most teachable and quick to reform. If you look to your choicest families you will often find them getting up late, that breakfast is late, that the father rubs his swollen eyes and scolds between his morning paper and his coffee because of this disagreeable rush and haste. His last night's nerves are disturbed by his child's early morning start. You will agree with me that in many of your most intelligent families the child's life duties are not the first consideration of the mother or father. The girl begins her first strenuous life in unsympathetic surroundings, gets up a high degree of momentum in the midst of inertia. Only in Wall Street will nerves again be found so thoroughly a-tingle. If this be the case with our best families, how much more is it true of the crowded tenement?"

Professor Northrup regards the child of the family as its one valuable possession. He urges that the morning meal of the little girl should be taken in pleasant surroundings, that she should have time to eat, time for reasonable preparation for school, and be sent off happy. He maintains that it will pay the parent to do so, will save the doctor's bill and save anxiety. Further:

"Not one physician here present but can easily recall cases in which the girl, after six hours of school, practises one or two hours on the piano, goes to dancing school twice a week, has some added lessons at intervals. On Saturdays there are children's parties, matinees, often children's excursions for concerted studies of this or that. All these are well enough, but they leave the girl scarcely any time for relaxation and outdoor loitering or light exercise. From the first days of term they have insufficient sleep, become deeper and deeper in debt to it, as a consequence becoming more and more nervous, more intense, irritable, impatient. . . .

"The subject of school hygiene is large, and I have purposely refrained from attacking it as a whole. Much is being thought out in the line of ventilation, air space for each scholar, etc. My special interest is providing roof-gardens where the children can play games in an upper air comparatively free from dust, free from dangers of collision and accident of the street, free from the contact of vicious and unclean passers, or, worse, those who do not pass—loafers.

"The subject of dividing the hours so that the youngest children shall have short, consecutive hours and frequent intervals of air and exercise needs consideration. This is now under collective investigation. In large cities, where it is a choice of two evils, it is often better to corral the small children frequently and briefly than leave them to roll in tenement halls or play under feet in crowded and squalid thoroughfares. . . .

"In many families there is a habit of sitting up late. . . Children of her sit up with them, or, if they go to bed, their early sleep is disturbed because of the bright lights, noise, and confusion. The family physician in fathoming the causes of failing health, may well dig among the details of daily life for explanation. . . Further causes of worry to the child are in secret conversations of the parents. At breakfast the disgruntled father utters a chance remark, that the family is nearing the poorhouse, that all is lost. Having uttered it, he goes out into the open air, humming 'Anne Rooney,' and quite forgets what he has said. Not so his little girl. The unmeaning remark sinks into her mind, she broods over it, her breakfast does not digest, she furtively weeps, and at night sobs herself to sleep. This needless apprehension arises from a thoughtless remark which adults would entirely understand, and would label 'talking through the hat.'"

In closing, Dr. Northrup urges his fellow-practitioners to do what they can to aid the ambitious, overworking, worrying girl to endure her school work, to keep her place in the rush, to grow strong in the campaign, to get past the March crisis, and end the year in the fore rank. He says:

"Successful ending of a long, strenuous year helps build the habit of success. Habitual success makes for ambition and for character. Remember always that most girls want to go to school, are unhappy if they can not, that work is good for them but mental occupation is a healthful exercise, that, under proper environment a rational attention to their physical needs is all that they require. Let us try to help them."

WANT ONE OUTLET TO BE KEPT OPEN

A citizen living on Water street, between Charlotte and Simcoe streets, wishes to know whether it is intended to fill in the pond lying between the C. P. R. siding and the western bank of the river, to cut off both outlets at once. Such a course would probably result in great injury to the health of residents in the neighbourhood, he said, and they would strongly protest against any such action, which would leave a pool of stagnant water.

LITTLE Bell BIOGRAPHIES

C. Schubert

FRANZ PETER SCHUBERT, born at Vienna 1797, died 1828, was the greatest song composer of the 19th century. From beginning to end, his short life, though one of incessant activity, was filled with disappointment. He began his musical career in his 11th year as choir-boy in the Imperial Chapel. He began to compose at 13, and from his 18th year wrote in almost every department of music. But his name is celebrated chiefly in the song form, where his genius has no rival. Although he received no instruction in composition, he wrote hundreds of songs of indescribable beauty.

It is hard to conceive how the fresh, bright melodies and sweet, natural harmonies of his songs could have come from one who continually suffered from grinding poverty and comparative neglect. Yet they flow from his heart spontaneously—and perfect in the moment of writing. He wrote with such fecundity and ease and seemingly so carelessly, that he often did not recognize his own compositions on hearing them. His sparkling and inimitable "Hark, Hark, the Lark" was written in a beer-garden on the back of a bill-of-fare. And his tenderly beautiful "Serenade" (D min.) has the rare merit of being exceedingly popular and at the same time a delightful number on any high-art programme. But to get the full sensuous effect of his melodies and harmonies they must be rendered from an instrument like

The Bell Piano

which with its rich, resonant Singing Tone and Flexible Action sustains the vocalist's voice and lends itself to the most delicate shading in feeling as no other. It is indeed the Singer's Piano par excellence.

The full series of "Little Bell Biographies" in booklet form, illustrated, will be mailed free on request by

The Bell Organ & Piano Co., Limited, Guelph, Ont.

PETERBOROUGH MUSIC CO., AGENTS

Old Country Men Are Making Good in Canada

A Scotchman Who Could Not Find Enough Work on a Farm.

On account of the large numbers of Scotchmen arriving in town these days, local grocers report an increased demand for oatmeal.

The new arrivals walk along the street with an air of confidence and contentment, just as if they had an absolute right to this country and intended to show the natives how things ought to be done.

Yesterday one of them went down George street, and people stopped to look after him and make comment. He was over six feet tall, skinny as a rail, wore a coat that evidently was made for a much shorter man, high-water trousers, slouch hat, and with hands deep in his pockets and a pipe in his mouth, sauntered steadily along wrapt in meditation.

"Just git on to that, will ye?" remarked one bystander to another.

"There's one flies on that chap," was the reply. "He's been out only a fortnight, but has made a reputation already. He's working on a farm not far from the city, and can't get enough work to keep him busy. He digs it up, and he's as strong as an ox. He goes all over the farm, fixing fences, ploughing, working in the barn, hustling through everything and as good as three ordinary men any day."

Making slow, big strides, the Scotchman soon disappeared round the corner. Such a man needn't worry about getting along in this country.

HOUSE FAMINE IN HASTINGS

A resident of Hastings moved to Norwood during the past week and on enquiry we learned that he had to move out of the house he was occupying and not being able to get a house in Hastings had to go elsewhere. Every house and every building that can be converted into a residence is occupied. Our citizens who are crying for more citizens should invest their money in houses.—Hastings Star.

ASTONISHED THE DOCTOR

Mrs. Eaton Recovering, Although Her Physician Said She Might Drop Dead at Any Time.

MRS. ROBT. EATON

"The Doctor told me I had heart disease and was liable to drop on the street at any time," says Mrs. Robt. Eaton of Dufferin, Ont.

"My trouble began four years ago with a weak heart. I was often afraid to draw my breath, I pained me so. I was bothered with nervousness, shortness of breath, dizziness, loss of appetite, smothering and sinking spells, and could not sleep.

"Sometimes a great weakness would seize me and I would have to lie down to keep from falling. My hands and feet would seem to go to sleep and a sort of numbness would come all over me and perhaps immediately after the blood would rush to my head and a series of hot flashes would envelop me.

"I took all kinds of medicines, but kept gradually growing worse until about eight weeks ago, when I began using Dr. Leonhardt's Anti-Pill. From the start I improved, until now my appetite has returned, I can sleep well, and have no nervousness, dizziness, palpitation, faintness or any of my other troubles. They have all entirely disappeared. I feel much stronger, look better and altogether Anti-Pill has made a new woman of me.

"I am entirely cured and cannot say too much for this wonderful remedy. I would most heartily recommend Anti-Pill to anyone suffering as I did."

Jealousy Was The Cause Of Murder

Frank Emmett Shot His Wife Because His Nephew Paid Her Attention.

Examiner Special.

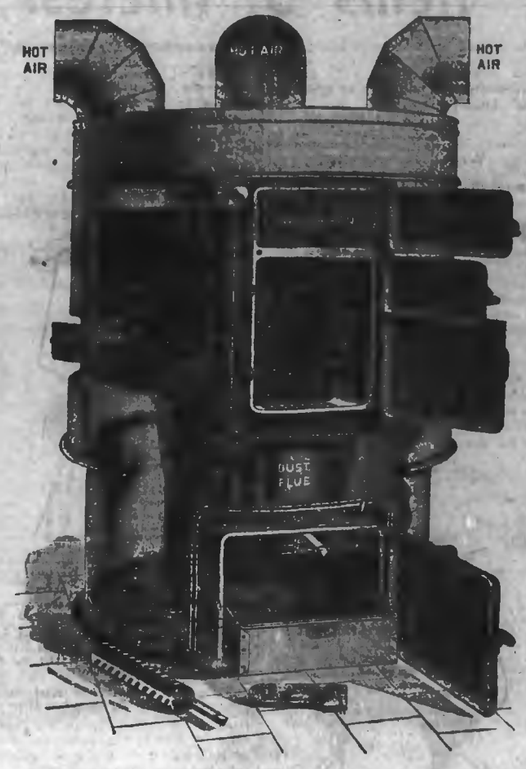
Detroit, May 17.—Frank Emmett, insanely jealous of his wife, murdered her at 12.20 o'clock this afternoon at the family home, 413 Champlain street, by shooting her three times with a revolver. The first shot took effect in the woman's head and proved fatal.

The house is located at Dequindre street, and Emmett, after throwing the weapon beside the lifeless body, rushed down the tracks, pursued by Frank Lepki and Henry Ayres, boarders at the Emmett home, and by a crowd of other persons, attracted by their cries of "Murder!"

Emmett came home only a few minutes before he committed the cold-blooded crime. Mrs. Emmett was preparing dinner and the boarders and the two children were in another room waiting for the meal. Suddenly three shots rang out and Lepki and Ayres rushed into the kitchen to find Mrs. Emmett shot twice through the head and gasping for breath in the agonies of death.

He was jealous of his nephew, Charles Madden, who sometimes called at the house.

Sunshine Furnace



Does Your Furnace possess every known Improvement?

This sectional cut of the "Sunshine" shows a few of the features that make this furnace such a great success. Among them are large double feed doors, special fire action, well-made, roomy ash pan, heavy sectional fire-pot, dust flue, water pan, section of grate and how it is removed, galvanized casing with flat cap, and pipe cut-off.

Our free booklet explains all these and many more of the "Sunshine's" special features. Write for it.

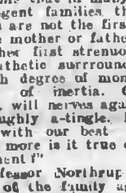
SIX MILLION BIBLES A YEAR.

This is the Output of the British and Foreign Bible Society---A Record Year's Publishing Business.

A remarkable year's record was announced at the Bible Society's Annual meeting at Exeter Hall on Wednesday morning, May 2nd. During the year ending March, 1906, nearly six million copies of the Scriptures were circulated (the actual figures being 5,977,453 books) which exceeded the Society's previous high water mark by 32,000 copies, and this is the more remarkable in face of the disturbed conditions which have prevailed in Russia, China and Japan, where some of the Society's heaviest sales take place. The polyglot nature of the Bible Society's work is instanced in the fact that at Winnipeg for example Scriptures were supplied in forty-three different languages, while at Johannesburg versions in fifty-two languages were sold at the depot in that city, and a fifty-third was asked for by a new-comer who demanded a Bible in Icelandic, which the Agent had not here on the spot. During the past year eleven new languages have been added to the Society's list of versions. The Bible Society has now promoted the translation, printing, or distribution of some part of God's Word in 400 different languages. The new tongues are Ladakhi, Singpho, Kuiluu, Mech (or Kachari), Zigua, Laotian, Ian. Bemba, Colloquial Arabic, East Santo, and Bri-Bri,—how many of our readers can say off-hand where any one of these is spoken? Ladakhi is spoken on the Tibet frontier. Singpho is a language spoken by a people residing among the hills in the far east of Assam. Kuiluu is a language spoken on one of the islands in the New Hebrides; the people will pay for these books in arrowroot. Mech is a dialect spoken by about a quarter of a million people living on the plains of North Assam. Zigula is spoken by the Wa-Zigulas who cover a large area in German East Africa. Laotian is spoken by the Laos tribes who live in the interior of Annam, French Indo-China; and in order to print this, special type will have to be cast, from designs that have been supplied by native scribes. Bemba is spoken on the island of Mwala, one of the British Solomon Islands which have become Christianized. Bemba is spoken by the tribes living in Central Africa to the north of Lake Bangweolo. Colloquial Arabic is being prepared for the unlearned in Egypt who do not understand classical Arabic. East Santo is another of the many languages spoken in the New Hebrides. Bri-Bri is the language of Indians near Panama.

The Bible Society has supported 900 Colporteurs, who sold during the year nearly 21-4 million volumes. It also supported 670 native Christian Biblewomen employed in connection with about forty different missionary organizations in the East, and it helped to maintain 103 European Biblewomen, most of whom are working in London back streets. An excellent example of the scale on which the Society conducts its business was evidenced at the last monthly meeting of the Committee, when orders to be placed with various printing firms were sanctioned, amounting to no less than 658,000 volumes.



at its price is the cheapest food you can buy.

15c. and 25c. a package—at all grocers. 15c. packages contain coupons—good for valuable premiums. 25c. or "Jumbo" packages contain 2½ times the quantity of 15c. size. It's the one to buy if you are fattening up the children on this delicious breakfast cereal.

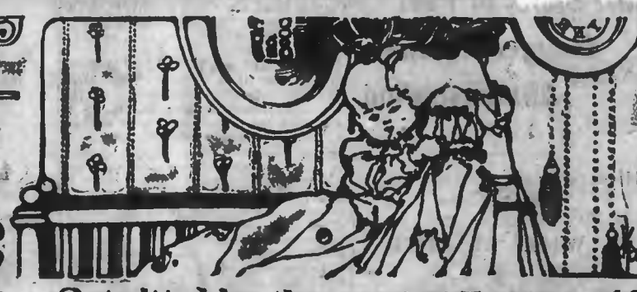
POLLY EVANS STORY PAGE

"WHO CANNOT FIND GOD IN THE HEART OF A CHILD WILL NEVER KNOW HIM WITHIN CATHEDRAL WALLS"



For Boys and Girls.

Musical Jimmy's Genius

FROM the time he got out of kilts, Jimmy so distinguished himself for making noises and hideous din that the entire neighborhood united in sarcastically dubbing him "Musical Jimmy."

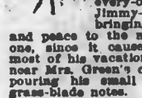
"Was ever a street afflicted with a greater nuisance?" sighed Mrs. Green, of No. 888, to her next door neighbor, the first summer after the kilts, when morning, noon and night the piercing notes of Jimmy's first musical instrument—a blade of grass stretched edgewise between his thumbs—penetrated her sensitive ear.

Mr. Grimes, the widower, residing at No. 889, said nothing, indeed; but as a reward for keeping away from his end of the square he quietly bestowed an every-other-day nickel on Jimmy—a clever scheme, bringing profit to the boy and peace to the man, but an unkind one, since it caused Jimmy to spend most of his vacation days sitting on or near Mrs. Green's curbstone, and there pouring his small soul out in shrill grass-blade notes.

"But boys will be boys," croned Mrs. Green's neighbor, of No. 893, "and it's a whole lot better than dog-fights and boy-fights, such as I had bothering me many a time over on Gorsuch street. Better be thankful for your mercies, Mrs. Green, that's my advice."

The other neighbors, too, either were not so sensitive or they were more long-suffering, for Mrs. Green and Mr. Grimes were the only ones during this first summer who paid any direct attention to Jimmy's genius for noise.

Fortunately they were spared a close acquaintance with his second instrument, which he learned how to make from a visiting cousin. It was a block bird singer, consisting of two blocks of pine, small enough to hold between his front teeth. They were hollowed out in the middle, and Jimmy stretched thin strips of writing paper across the hollow of one block, placing the other on top of it. Then, by drawing in and exhaling his breath, he produced shrill sounds, which, in course of time, made really excellent imitations of bird notes—some bird notes.



"But hardly a sweet-toned canary's," explained his jolly mother to her neighbor, of No. 893, who was calling on her one afternoon when Jimmy was busy making music up in the attic, where, by common consent of the family, he could do exactly as he pleased.

One evening, in the spring, Mr. Grimes came to spend the evening at whist, and while waiting for the game to begin he talked with Jimmy about his music.

"What instrument will you have next summer, Jimmy?" he asked.

"Why, I think I'll have a cornstalk fiddle," said Jimmy. "This is how it's made: a boy at school told me how to make it: You take a good, straight cornstalk, get out your knife and cut four slits from one joint to another—you understand? Then you make a little whatyou-call-it—"

"A bridge?"

"Yes, a bridge—and slide it under the strings that you made by slitting the cornstalk, and make it stand up straight. That stretches the strings."

"Then for your bow you use—?"

"Another and smaller cornstalk."

"Ah! Yes, I see. And what kind of music does it produce, eh?"

"Oh, lovely, so Ben says."

"Ah, indeed! Want some more nickels this summer, Jimmy?"

A Locust Singer

Jimmy's eyes shone.

"All right. Suppose you play your fiddle at the other end of the square?"

"I don't mind," said Jimmy, his mind already full of visions of feasts of peanuts and candy.

So Jimmy's second summer's season opened on Mrs. Green's curbstone—his cornstalk fiddle wailing forth the awfulest squeaking noises that ever mortal ear did hear! And it continued on or near her curbstone for a reason that you readers understand; but that she did not understand until one day late in the summer, just as she was becoming exasperated beyond endurance, she spied Mr. Grimes slipping something into Jimmy's pocket.

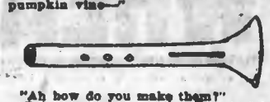
"So that explains why Jimmy hasn't pestered him part of the time at least," reflected Mrs. Green. "That explains, too, why he has never had a word to say against the boy's atrocious noises."

Of course, it was too late to do anything that summer. But for the following, or third summer, Mrs. Green had a campaign planned. In the first place, Jimmy was invited to her daughter Gussie's birthday party, then to another party, then to a little tea, then to a matinee party, till the boy felt that he was quite a friend of the family. In this way the lady discovered Jimmy's greatest weakness—he loved fudge.

So Mrs. Green knew what trumpcard to play. One day in spring she led the boy out on his summer's plans.

"What musical instrument will you have this summer?" she asked.

"Oh, the finest ever!" exclaimed Jimmy, enthusiastically. "I'm going to have a fife and a flute made of pumpkin vine—"



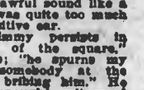
"Ah how do you make them?"

"Why, you take a good, thick, straight stem of pumpkin vine and make holes in it like a fife, you know. And for the flute you take a leaf stem, a long one, and make a slit through both sides. Then at the base of the leaf cut the stem out beyond the end of the hollow, and you put this end in your mouth and blow. Gee! it makes a noise like a steamboat whistle. That's what Cousin Diggs says."

"Indeed! The notes must be lovely," but Mrs. Green shuddered as she said it.

"And I'm going to try a fife made out of a piece of fishing pole. That's harder to make, though.

"Then I'm going to have another thing—what Cousin Dick calls a voice disguiser. It's made out of a piece of cornstalk about three inches long, with a notch cut near each end, and a piece of fish-bladder or tracing paper stretched across each end, and a pinhole pierced through each. Put one end, notch and all, into your mouth and laugh or sing or speak, and oh, crackes! but it sounds funny, something like playing on a comb covered with paper."



"Well, well, how nice! I am sure Mr. Grimes will enjoy listening to all those instruments. Favor him and the other neighbors at the other end of the street with your music, Jimmy, then, when you are tired of playing, come down here to my house and have some nice fudge. I shall always have a plateful for you."

Did Jimmy's eyes shine? Well, you may be sure they did. Summer could not come too soon. The very first sunshiny day, maybe Jimmy didn't plant himself upon Mr. Grimes' curbstone and open his third season with the voice disguiser.

The window flew open.

"Here, Jimmy, Jimmy," called Mr. Grimes, softly, at first, but when Jimmy failed (or refused) to pay heed he raised his voice. "Jimmy, here's a nickel. That's a good boy. Go to the other end of the street, won't you? Mrs. Green will be so sorry to miss your music."

But Jimmy stayed and Jimmy played.

What was a nickel compared with fudge—and Mrs. Green's incomparable fudge?

The days went by. After the voice disguiser came the pumpkin vine fife and the fishing pole fife and the pumpkin vine flute. And after that something that Jimmy called a locust singer, consisting of a horsehair with a loop at one end and a weight at the other. The loop was thrust over the grooved end of a pine stick, the groove having been well smeared with powdered rosin.

Swinging the weight rapidly around, Jimmy produced an awful sound like a locust's call, which was quite too much for Mr. Grimes' sensitive ear.

"I wonder why Jimmy persists in sticking to this end of the square," thought Mr. Grimes; "he spurns my nickels. I guess somebody else is at the other end must be bribing him." He watched, and sure enough! witnessed Jimmy's smiling acceptance of Mrs. Green's daily offering of fudge sometime that afternoon.

"Well, well; so that explains it," muttered Mr. Grimes. "Well, now, her fudge and my nickels together ought to spare us both the infliction of Jimmy's noises."

So that was the secret of Mr. Grimes' proposal to the widow Green very soon afterward. They were duly married and Jimmy was at the wedding. And the following summer—why, there were no more noises, but only unobjectionable violin exercises from the attic.

So, as mutual protection against hideous noises, the Grimes-Green marriage was a failure, for "Musical Jimmy" had turned musical, indeed.

THE PROUD CHIMPANZEE.

"Go away, you little common monkeys! Don't you know I am a chimpanzee, and no other animal is as near like a man as I am!"

Exciting Runaway Accident

IN the New York police department are some beautiful horses. Perhaps most beautiful as well as intelligent animal of them all is Wyck, whose rider, Policeman Ferguson, does duty in the park.

The story of a recent thrilling rescue effected by Wyck and his rider is told by the New York Sun as follows:

Last March, when the drives and bridle paths in the park were slippery and sloppy, a girl was riding a big, powerful roan in the bridle path near the sheepfold. The girl knew how to ride, and knew that the mouth of a horse was somewhat tenderer than a piece of sole leather; but she did not know, it seemed, that the roan had a mortal terror of automobiles.

One came chug-chugging along the driveway. Opposite the trembling, fretting roan its exhaust let go like a dozen guns at once.

The big roan was up in the air instantly. The girl was game, and she did her best to hold the horse down and keep the bit out of his teeth; but she didn't have strength enough in her arms. It is doubtful if a man could have held the frightened horse.

The thundered away in long plunges, his bit between his teeth. The girl kept hold of the bridle reins, but she was quite helpless, and she knew it was only a question of seconds until she was turning.

Policeman Ferguson, who was at Seventy-second street, heard the cry. He heard, too, the clattering of the horse and the beat of the hoofs, and they told him what had happened.

He waited until the roan swept past, the white-faced girl clinging tightly, but swaying in the saddle. Ferguson pulled to her to keep her nerve, and gave Wyck a loose rein.

The big roan was going fast, but he couldn't travel the gait the little Kentucky bay could go. Foot by foot, inch by inch, the bay gained on the roan.

When Wyck's nose was at the roan's rump Ferguson told the girl to let go the reins and sit tight. Then he told his own Wyck to forged even with her horse's head toward him.

Wyck was taking care of himself. He didn't need his guest or rein. Then the mounted policeman leaned forward and caught the girl around the waist in a strong grip, pulling her off the back of the runaway.

Wyck stopped at a touch. Ferguson put the girl down. Then he caught the runaway before the horse had time to damage himself.

GOOD INVENTIONS

"LITTLE things" have brought fortunes to many an inventor. The once-popular toy known as "Dancing Jimmy" yielded its inventor a $75,000 income yearly. The sale of another toy, "John Gilpin," brought its inventor $100,000 a year. Mr. Plimpton, the inventor of the roller skates, made $1,000,000 out of his idea. When Harvey Kennedy introduced the shoe lace, he made $2,500,000, and the ordinary umbrella benefited six people by as much as $10,000,000. The inventor of the Howard patent for boiling sugar in vacuo realized an income of $200,000 per annum. The millions Sir Josiah Mason realized from the improved steel pen he gave to English charities on his death. The patentee of the pen for shading in different colors made $200,000 a year out of it. The wooden ball with an elastic attachment brought $50,000 a year to its inventor. The metal plates formerly used for protecting the soles and heels of shoes from wear made $1,250,000 in a year. The woman who invented the modern baby carriage made $50,000. A young woman living in Port Elizabeth, South Africa, yet realized $250 a year from the invention of the Mary Anderson curling iron. The wife of a clergyman made a fortune from the invention of the modern woman's corset. A little girl who invented the screw-pointed gimlet made millions. Miss Knight, who invented the machine for making paper bags, refused $50,000 for it shortly after taking out the patent, and realised a princely fortune for the exceptional ingenuity her conception reveals.—American Boy.

Where He Lived

A naughty small boy when asked where he lived, replied, with a twinkle in his eye:

"In the closet, mostly."

Outwitted by the Monkey

AN AMUSING story is told of a bulldog and a monkey.

This monkey led a very happy life—he was considered sacred by the natives, and was fed each day with monkey delicacies, and spent most of his time sitting on the lower branches of a mango tree, with his long tail hanging down.

This tail appealed to the bulldog. The monkey, itself, was out of reach, but surely, thought Chops, "I could make a snap at the tail, and get hold of the monkey by that means."

It was worth trying, and Chops determined to try it!

So he crouched down and slowly, step by step, crept nearer to the coveted tail, which hung so near the ground.

The monkey kept his eye on him, but was perfectly motionless still, just as Chops opened his great mouth to make a grab at the tail, the monkey quickly, and at the proper moment, lifted his tail with his left hand, just as an old gentleman would raise his coattail to enjoy the fun, and, stooping pleasantly forward, gave Chops a sounding box on the ear with the other hand.

The dog's astonishment and humiliation may be imagined!

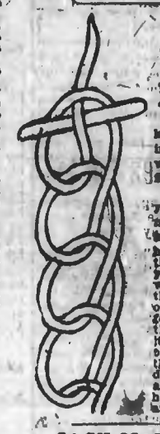
A CLEVER PONY

CLIFFORD BROWN is the name of a lad who has the misfortune to own a too clever pony! Tony, the pony, is an expert gate opener.

Early one morning last summer some of the neighbors, hearing the sound of horses' hoofs on the garden path, rose out of their beds and came down, carriage whip in hand, to expel the intruders. They found two horses and a pony cavorting around in the garden, while a fourth—Tony—was in the cow stable, with his nose deep in a sack of bran.

Tony had opened the gate of the field where he was kept and let a cow out. Then he had opened two other gates and released the two horses and the pony, who followed him into the neighbors' garden.

After this unpleasant incident Clifford had to banish Tony to a country pasture, with a gate that was locked as well as barred.



HOW TO MAKE A WHIPLASH.

IF any of you boys do not know the best knot to use in braiding a first-class whiplash, here it is for you to copy:

Fasten one end of your thong on line; make a loop, passing it over your left hand; keep hold of the other end with your right hand; with your left grasp the line above the other hand, and form a loop through the first loop; draw it tight; form another loop through the second loop; draw this one tight, and so on until you have braided as long a lash as you desire.

JACK HARKAWAY

Jack Harkaway! Jack Harkaway!
It's many years, alack,
Since we were joyous kids and read
The chronicles of Jack.
The merry pranks he played at school
And jolly larks he had
Endeared the handsome English boy
To every Yankee lad.
But mostly for his fistic skill
And that "sledgehammer blow"
With which he tapped the bully's nose
And laid the coward low.
And for his brave and dauntless front
To plunge into the fray,
And fight against tremendous odds,
We loved Jack Harkaway.

Jack Harkaway! Jack Harkaway!
Where'er his course might tend,
Dick Harvey was his bosom chum
And ever-faithful friend.
And there was blue-eyed Sunny,
Of whom he was the beau,
And Hunston, of the evil eye,
His rival and his foe.
And Monday, the devoted black,
And old Professor Mole,
Whose amiable weakness lay
In swigging of the bowl.
And fierce Barboni, of the lake,
The bandit brought to bay
Beneath the blue Italian skies
By bold Jack Harkaway!

Jack Harkaway! Jack Harkaway!
Oh, how at noon we tore
Each Wednesday, for the Boys and Girls,
To Cyrus Tooley's store!
Nor have I ever met the man
Who was an urchin then
And did not read the masterpiece
Of that entrancing pen.
But many a mother's bootle frown
Condemned her hungry boy
In smeaky woodshede to devour
The interdicted joy;
And many a tyke the teacher caught
And made him rue the day
He tried to read beneath his desk
Of brave Jack Harkaway!

Jack Harkaway! Jack Harkaway!
The author's heart has still,
And voiceless now this many a year
His gallant English quill;
And nowhere on the starry peaks
And pinnacles of fame
Has come a proud memorial reared
To Bracebridge Hemyng's name.
But would each boy that he endeared
To that lone grave repair,
In fond remembrance ploughy
To drop one blossom there,
A mountain beautiful and sweet
Of flowers would hide the clay
Where moldere in the dust the hand
That wrote Jack Harkaway!
—John Ludlow, in the New York Herald.

Beware of "By-and-By."

If you have hard work to do,
Do it now.
Today the skies are clear and blue,
Tomorrow clouds may come in view,
Yesterday is not for you;
Do it now.

If you have a song to sing,
Sing it now.
Let the notes of gladness ring
Clear as song of bird in spring.
Let every day some music bring;
Sing it now.

If you have kind words to say,
Say them now.
Tomorrow may not come your way,
Do a kindness while you may.
Loved ones will not always stay;
Say them now.

How About Your Eyes?

Seven out of ten people have stronger sight in one eye than the other. In two cases out of five, one eye is out of line. Nearly one-half of the people are color-blind to some extent, and only one pair of eyes out every fifteen is right in all respects.

TRADES FOR BOYS

FEW boys take to tasks that require thought and persistent efforts. Yet, skilled work is the only employment in demand.

Hodcarriers and common laborers glut the markets everywhere. The tradesmen and artisans are the ones that get the easiest jobs and the most money. The others are always hunting work.

Should they accidentally stumble upon a job, they cannot hold it. A superficial knowledge will not do. It must be thorough.

Boys, learn a trade while young. After you are 20 years old few will be found who will take time and trouble to teach you one. When you are that old, you will want a man's pay. If you don't know anything, you don't get it. Knownothings work at odd jobs and are paid the lowest scale.—Gem.

A CONTINENT OF ICE

THE largest mass of ice in the world is probably the one which fills up nearly the whole of the interior of Greenland, where it has accumulated since before the dawn of history. It is believed to now form a block about 10,000 square miles in area, and averaging a mile and a half in thickness. According to these statistics, the hump of ice is larger in volume than the whole body of water in the Mediterranean; and there is enough of it to cover the whole of the United King om of Great Britain and Ireland with a layer about seven miles thick. If it were cut into two convenient slabs and built up equally upon the entire surface of "gallant little Wales" it would form a pile more than 120 miles high. There is ice enough in Greenland to bury the entire area of the United States a quarter of a mile deep.

Waiting His Turn.

One day George's mother asked him whether he wanted to go with her to buy a petticoat.

George answered, with enthusiasm, "Oh, yes."

When his mother got to the store she asked for a white petticoat. When George saw the skirt he asked:

"When are we going to get the pet goat?"—Little Chronicle.

A Passive Audience.

Jane came in from school.

"Mamma," she said, "Professor Kimball and three of the settees (trustees) were at schooool today."

One to Carry.

"Who knows what triplets are?" Miss Allen asked.

"I know; twins and one left over," answered Ben.

Nell's New War Rules

BOYS who have once tasted the joy of flying kite fighters find simple, everyday kite-flying altogether tame.

Some of the boys living in a Philadelphia suburb go about it this way: They make ordinary bow-kites about two and a half feet high, base fourteen inches or so below top of centre stick and twenty-seven inches bread. They cover the frame with paper cambric, make a ten-foot tail of string wound with stripes of gaily colored paper and finish with a tassel of colored paper.

Each boy flies his kite with only one object—a glorious object—before him, and that is to capture some other boy's kite by tangling its tail in his own string. This requires skill. First, he must guide his kite till it slips under another boy's kite. Then he must let out string rapidly to encourage his kite to rise, and at the same time to fall to the rear of the enemy's kite. The moment this is accomplished he must pull in his string hand-over-hand with lightning speed. If he is quick and watchful, and the other boy does not defeat his purpose, he will soon catch the other fellow's kite tail in his string.

Then the battle royal will be to see whether he can successfully pull the enemy's kite down with his own. This depends on his succeeding in keeping his string from breaking under the strain and the other fellow's kitetail from breaking.

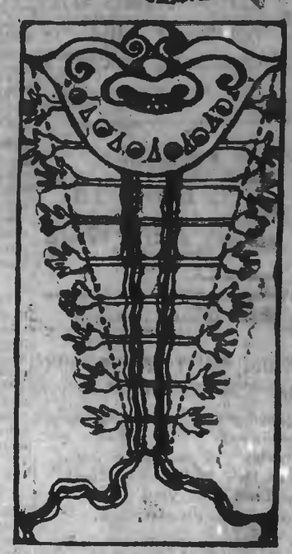
If he succeeds, he has the proud honor of having a red paper star of victory pasted on his kite with the defeated kite flyer's signature, the name of the captured kite and the date of the capture.

Some of the boys have a dozen red stars to their credit.

A heroic form of kite fighting is that of "armed" kites. These are made of fancy shapes or not, according to a boy's ingenuity and wishes. But the essential point is that the kitetail should be studded with tiny pieces of sharp-edged glass (from a smashed-up bottle or window pane). A simple way to do is to select a piece of very strong twine, rub it through glue and roll it in pounded glass until it is well covered with glass from end to end. Twist two of these glass-coated strings into the lower part of the kitetail.

The object in this kind of fighting is to manoeuvre your kite into such a position that its tail will cross over and cut the string of the other boy's kite.

This is great sport. But don't forget fair play—don't pit your armed flyer against any helpless civilian kite. Fight only another armed fighter.



Five Games—One for Each of the Senses

PREPARE a score card, like the one shown here, for use with five games, one for each of our five senses:

SCORING CARD—GAMES OF THE SENSES.
Name.....

SIGHT.	HEARING.	TASTE.	TOUCH.	SMELL.	TOTAL.
					Sight.....
					Hearing.....
					Taste.....
					Touch.....
					Smell.....
					Grand total.....

Suppose you entertain twenty-four guests. Ask six of them to preside at the different tables, rearrange the trays of objects in the sight game and bring in the prepared cases in the parlor position, while one may be put in charge of the timekeeping.

Besides the objects indicated for each game in the following description, you will want half sheets of writing paper or twenty-four small blocks of scratch paper and a scoring card for each player.

Provide six small tables, twenty-four bright-colored handkerchiefs (or white ones) for blindfolding purposes, or folds of cheesecloth will do.

FIRST THE SIGHT GAME.

Have four people at each table, each armed with note paper and pencil. At a given signal from the timekeeper the cover should be lifted from a tray which is on the table. Give the players two and a half minutes to guess the contents in silence; then replace the cover and give the players four minutes to write down the objects they succeed in remembering.

The timekeeper will have done best (each player writes his own score on the score card) move on to the next table. As in all progressive games, determine the ranking on the first table by the signal for the guests to rise, and the winners move on each time, and the game continues until it has been repeated six times.

Then add up all the scores and award the prize.

Next comes the Hearing Game.

Read out distinctly and not too rapidly a list of twenty familiar proverbs or sayings. The players must not jot down any notes, but must depend wholly on their memories.

The timekeeper rings his bell, and nine minutes are allowed the players to write down as many of the proverbs as they can remember. They are not expected necessarily to reproduce the exact wording, so long as they do write the exact sense of each proverb. Score one mark for each correctly given proverb.

The Taste Game should come next. This scores the successful player only one mark, but is the most amusing of all the games.

Have on a covered tray twenty-five different articles of food. Blindfold each player in turn, the others being allowed to look on and see the fun on condition of keeping absolutely silent, and with a spoon give the player a taste of one of the concealed foods. Give him two minutes to taste and meditate, then remove the bandage, one minute to write down the name of the kind of food he thinks it was.

The Game of Touch follows:

Blindfold all the players.

Place four similar articles on each table. Then bring four people at each table, let the timekeeper ring the bell and allow two minutes for each player to feel and handle the object before him.

Remove all the articles out of sight, remove the bandages and allow two minutes for each player to name and describe the object he had in his hands.

Next the Game of Smell.

Have three-dozen small dark-colored glass bottles (say, if you can, the regular "poison" bottles used by druggists), place a number on each and tie a pretty ribbon bow around the neck of the bottle long enough to slip over the head of a player.

Give each player a bottle, let each smell his own bottle and go around sniffing at each of the other players' bottles. Do not limit the time unless some appear to be unduly slow. Each player writes down, properly numbered, a description of each smell. One mark counts for each correct guess.

A suggested list of articles for the Sight Game:

A velvet-covered button.	A cardcase.
A pen.	A fob.
A pencil.	A cheesetrap.
A stick of sealing-wax.	A compass.
A 2d-cent coin.	A visiting card.
A pair of scissors.	A bit of cork.
A slice of bread.	A small feather.
A clover.	A tea wafer.
A chocolate drop.	A spoon.
A key.	A hatpin.
A drinking glass.	A needle and thread.

Suggested list of things for Taste Game:

Piece of brown bread	Apple butter
Piece of gingerbread	Lemon jelly
Chocolate cream	Potato chip
Peppermint	Slice of bologna sausage kind of cheese
Cream of Wheat	Taste of a prune
Toasted bread	Pulverized ice
Red currant jelly	An echalot
Orange marmalade	Mashed strawberry
Grape juice	

Suggested list of things for Touch Game:

Silver butter knife	Child's bib
Cardcase with half dozen cards inside	An opera with five beans inside
A half dollar	Officials
Jeweler's card-board box with cotton inside.	Post card

Suggested list of things for Smell Game:

Polly Evans' Puzzles for Boys and Girls

Pictorial Puzzle—A Proverb.

Here is a pictorial puzzle. The answer is a very familiar proverb. Can the boys and girls tell Polly Evans what it is?

Conundrums.

1. Why should soldiers never meddle with kit-crackers?
2. What is that which no man wants, but which, if a man has it, he would most unwillingly part with?
3. Why are flatterers sometimes taken for truth tellers?
4. Why does a scolding woman keep people at a distance?
5. Why is an easy office like a good dinner eaten by an invalid?

Transposition.

Transpose the letters in the capitalized words to make proper sense. After you have found what the first word is, the rest will prove easy.

"I thought I should like to INVEND up I went to the ARLTE to HAVENPE my OEHER, but I found the UBOBLE of the HEBEIRGNC was broken; to make the best of it, I put an old PIBEK in place of the BONTUO, brought out the old ACHME, and off I went. Now tell me how I got on."

Beheading.

Can you behead an animal (take away two letters) and leave a gift?

Arithmetical Puzzle.

What long-tailed domestic animal is this—100 O 50?

Arithmetical Puzzle.

Can you take 6 perpendicular lines, add 6 and get 9 for the result?

Beheading.

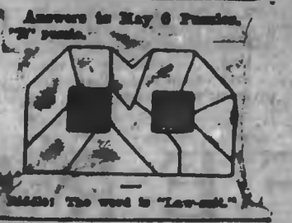
Can you make a certain animal larger by beheading it?

Arithmetic Puzzle.

A box of tea contains 30 chests; a chest contains 30 canisters; a canister contains 30 packets; a packet contains 30 ounces. How many ounces in the box?

Enigma.

I am composed of eighteen letters.
My 1, 2, 11 is part of the body.
My 3, 4, 5, 6, 7 is part of a horse.
My 8, 9, 10 is a fruit.
My 6, 7, 4, 5, 12 is not to remain long in one place.
My 6, 7, 11 is a division of a farm.
My 1, 0 is a negative.
My whole is a familiar proverb.



Answers to May 9 Puzzles.
"P" puzzle.

ANSWER: The word is "Law-suit."

Paris Postage-Stamps Market.

One of the familiar and picturesque sights of Paris is the postage-stamp market, which meets, both in summer and winter, under the trees of the Champs Elysees. Here stamp collectors meet, buy and sell, and discuss prices.

Just Like a Boy.

"Father, may I have a quarter to give to a poor cripple?"

"Yes, certainly. You are a good boy, Johnny. By the way, where is the poor cripple?"

"Why—why—he's—he's selling tickets for the circus."

Prince's 10,000 Post Cards.

Young Prince Edward of Wales will soon enter the Royal Naval Academy to begin his education for the navy. Prince Edward has a remarkable collection of picture postcards, having more than 9,000 already.

EDISON'S JOKE.

THOMAS EDISON likes a good joke. When the phonograph was a new invention Mr. Edison slipped one in the bedroom of one of his guests.

Just as this friend was about to get into bed, a voice exclaimed:

"Eleven o'clock—one hour more." Number Old not descend upon the eyelids of the visitor during that hour. At midnight a second voice cried, "Arise, O'clock—prepare to die." This was the signal for the astonished guest to be hustled from his room. Overhearing this the inventor, who was convulsed with laughter. The mystery was soon explained, and peace restored.

Lord Roberts' Habits.

Lord Roberts, who is now at the head of the British Army, does not smoke, seldom touches wine and rises at 5.30 every morning, summer and winter, without fail.

Malta-Vita

"The Perfect Food"

Now 10c.

Contains all the elements necessary to nourish body, mind and muscle—producing that healthy, robust condition which is admired so much, especially in children.

Get some to-day. It's delicious.

Russia's Douma Gets Down To Hard Work

Russ Parliament Passes Address In Reply to Czar's Speech.

ONE BIG SPLIT IN SESSION

But Commission's Draft Reply Passed Virtually as It Was Submitted to the Assembly — Constitutional Democrats Hold Their Own — Council of the Empire Votes Modified Amnesty for Political Prisoners.

St. Petersburg, May 18.—The debate on the reply to the speech from the throne was resumed yesterday morning in the Lower House. Paragraphs demanding the removal of martial and other exceptional laws, and the abolition of the Council of the Empire, were passed without amendment.

Count Heyden, a prominent member of the right, declared that the right did not oppose in principle the substance of the reply to the speech from the throne, although it regarded some of the paragraphs as unfortunate and unnecessarily offensive to His Majesty.

Prince Peter Dolgorouikoff, vice-president of the Lower House, thought it entirely proper that the Council of the Empire, as an advisory body to the Emperor, and without legislative functions, could be continued.

To Shear It of Power.

Prof. Maxim Kovalevsky of Kharkoff said he thought it of vital importance that the Council of the Empire should be shorn of power to participate with the Lower House in consideration of the budget.

The vote on Prince Dolgoroukoff's proposition to incorporate a demand for a unicameral legislature in the reply to the speech from the throne, developed the first big split of the session, the amendment being rejected by only 253 to 153 votes.

Additions regarding the agrarian question suggested by Prof. Maxim Kovalevsky of Kharkoff were made.

No new taxes shall be levied without the consent of Parliament. Budget or taxation projects accepted by Parliament shall not be altered by a non-representative body.

Parliament shall have control of all loans.

Equal Rights.

In the paragraph providing for the abolition of class privileges, the House decided to demand equality of rights, without distinction of sex, as well as nationality or religion.

The right to petition was inserted, and by a practically unanimous vote the Emperor was asked, not only to abolish the death penalty, but to suspend immediately throughout the Empire the execution of all persons sentenced to death.

The Address Carried.

Sitting until long after 2 o'clock this morning the Lower House of the National Parliament set its seal upon its first great work, the adoption of the address in reply to Emperor Nicholas' speech from the throne.

Despite attacks both from the right and the left, the leaders of the Constitutional Democratic party held their followers together to the last, and the address was adopted substantially in the form in which it was proposed by the commission.

Council For Amnesty, Too.

As if running a race to see which should be the first to present to Emperor Nicholas a demand for amnesty, the Council of the Empire also was in session well into the early morning hours, discussing its address in reply to the speech from the throne. This document proposes an amnesty which does not include those who coupled with political offences murder or violation of property rights—in other words, political assassins—or participants in agrarian excesses.

Girl Revolutionist Avenged.

Tamboff, Russia, May 18.—Gehanoff, a police officer, who participated in the brutal maltreatment of Maria Spirinodnovo, was shot and killed on the streets here yesterday by an unknown person. The avengers of the young revolutionist recently meted out the same fate at Borissoglebsk to Abramoff, the Cossack officer who boasted of his cruelty to her while she was in prison.

Abducted to Russia.

Chicago, May 18.—Dr. Gregory Maxime, political fugitive from Russia, who was due to arrive at Chicago Sunday morning to address local advocates of a republican form of Government in the Empire, is believed by his followers to be on his way back to St. Petersburg, a prisoner in the hands of Russian secret service men. Dr. Maxime, who was once president of the short-lived republic made up of the Baltic provinces, was awaited here by Ivan Narodny, a former secretary of state of the same republic. A man answering Maxime's description was seen at a New York dock, booked with three other men giving Russian names, for European passage.

Aged Minister Dead.

Kingston, May 18.—Rev. Alexander Drennen, aged eighty-four, died yesterday after a prolonged illness. He entered the Methodist ministry in 1855. He was 33 years in active work.

LA GRIPPE

This distressing and unfortunately very common malady easily takes rank among the very "meanest" of the diseases to which people living in this climate are liable.

La Grippe is no respector of persons; it attacks the young and the old, the rich and the poor with the utmost impartiality.

Except in the cases where Pneumonia develops, "La Grippe is seldom directly fatal; the real danger lies in the after effects. Even when the patient has fairly well recovered from an attack (and it is very hard to tell just when he has fully recovered) the muscles are relaxed, the nerves unstrung, the heart and lungs weak, the throat and bronchial tubes irritable and tender and the whole system depressed, run-down and in no condition to resist the attack of any other disease to which it may be exposed.

This condition is fraught with danger and demands instant and intelligent attention, the system must be built up and restored to a normal and healthy condition—advice easy to give, often very hard to follow.

The appetite is liable to be poor and the digestion impaired so that it is almost impossible to consume and digest sufficient ordinary food to do the work quickly and effectively. What is required is a concentrated food, palatable, easy to digest and containing the elements necessary to repair the waste which La Grippe has committed.

Just such a food is found in

FERROL

a scientifically prepared emulsion of Cod Liver Oil, Iron and Phosphorus, palatable, digestible and effective. FERROL contains just what the run down system needs and all it requires. Cod Liver Oil to restore the lost flesh and make what is left firm and healthy, Iron to enrich the impoverished blood and restore elasticity and firmness to the relaxed muscles, Phosphorus to tone the nerve and brain as nothing else will.

Two or three bottles of FERROL, taken after the acute stage of La Grippe has passed, will do more to repair damages than can possibly be accomplished in any other way. Try it and see.

For Sale by W. B. WARNE, 345 George St

Mr. Blain, of Peel Charges Against Administration

He Accuses the Government of Wasting Money.

THE WHARF AT D'ISRAELI

Mr. Tobin, Member For the Riding, Makes Sensational Reply, and States That Mr. Blain's Chief Authority Had Offered Him $5 a Thousand Rake-Off on the Timber Required—Yukon Mining Bill.

Ottawa, May 17.—Expenditures on public works of a local rather than of general value were criticized in the House yesterday by the Opposition in a lengthy debate on the motion to go into supply. The amendment was moved by Mr. Blain, of Peel, who devoted most of his argument to a specific case at D'Israeli, in Wolfe county, Quebec, where he, with Mr. Lennox, had recently made a personal inspection. He charged that the wharf was really only a bridge and of no use for navigation.

A Sensational Reply.

Mr. Tobin, member for the riding, made a sensational reply, when he stated that Mr. Champeaux, whom Mr. Blain had chiefly quoted as his authority, had wanted the contract to supply timber for the wharf and had offered him $5 per thousand rake-off on the deal. The contract had, however, been let to another man, who was the lowest tenderer.

Mr. Fisher also showed that the wharf was valuable for navigation purposes. A division followed in which the amendment was defeated by a Government majority of 52.

Mr. Bickerdike yesterday afternoon presented a petition from the Montreal Board of Trade asking for a readjustment of subsidies to the Provinces.

The Ross Rifle.

Sir Frederick Borden, replying to a question by Col. Worthington, submitted a supplementary report received yesterday from the board of officers which examined and reported on the Ross rifle. The board reports without hesitation that changes made in the original Ross rifle have been decided improvements and that it is now a very excellent arm.

Col. Sam Hughes added the information that the changes made in the Ross rifle, which fired five rounds to three of the Lee-Enfield, were such as to completely obviate the possibility of cartridges jamming in the improved weapon.

Mr. Fielding announced that he hoped to bring down the budget on Tuesday next.

Yukon Mining Regulations.

In committee on his bill respecting placer mining in the Yukon, Mr. Oliver stated that under the changed conditions an amendment was necessary to the regulations which have been in existence since 1897. The object of the bill was to crystalise into a statutory enactment the result of actual experience in mining for the past eight years, which, while perhaps on the same terms as the regulations, would have the essential element of greater permanency. A special committee of the Yukon Council had prepared a mining code which was forwarded to the Government here, with the request that it be enacted as a statute. The bill was the code as approved by the Yukon Council and the people, after revision by the law officers of the Crown.

Dr. Thompson (Yukon) stated that the draft bill prepared by the Yukon Council had been thoroughly advertised and discussed by the Yukon people. While there had been some criticism of some of the clauses, the principle embodied in the bill met with general approval as being in accord with the requirements of mining conditions as they exist in the Yukon.

Nearly all the clauses in the bill were adopted and progress was reported.

HIS PRIVATE BUSINESS.

Witness Who Sold Goods to Marine Department Declared That the Invoices Had Been Destroyed.

Ottawa, May 17.—In the Committee of Public Accounts yesterday morning Geo. H. Merwin of Brooks & Co., Montreal, was again called in reference to certain purchases prior to the 30th of June, 1905, by the Department of Marine and Fisheries from his firm. He stated that he was unable to produce the invoices for certain machinery which he had sold to the department because when moving the office last year the firm discarded the old invoices, including those for the articles in question. The witness declined to state what he paid for the goods on the ground that it would disclose his private business. Mr. Foster contended that the witness should be compelled to give the information asked for.

Mr. Fielding sustained the witness' objection on the ground that the committee had invariably declined to compel witnesses to disclose the profits they made on bona fide business transactions with the Government. If Mr. Merwin had been an agent of the Government it would be different.

Mr. Barker and Mr. Northrup contended that the witness should be compelled to answer.

Mr. Geoffrion, who was temporarily in the chair in the absence of Mr. Belcourt, ruled that the principle heretofore adhered to by the committee should be followed, and his ruling was sustained upon a vote of 28 to 13.

Mr. Northrup at once moved that the refusal of the witness, the decision of the chairman and the vote thereon be reported to the House, which was agreed to.

REFORM OF SENATE.

Senator David Has a Proposition For a Division of Three.

Ottawa, May 17.—The Senate yesterday debated the James J. Hill "invasion of Canada" and then at some length discussed the propriety and necessity of Senate reform and abolition.

Senator David said: "It would be difficult to make a change in the Senate in view of the rights which have been vested in the members by their commissions."

However, he thought it might be well to place the appointment of a third in the hands of the Government a third at the disposal of the provinces and a third with universities and similar public institutions.

The Senate might be reformed or changed, but in the interest of the country it should not be abolished.

To Compel Running Rights.

Ottawa, May 17.—In the railway committee of the Senate yesterday morning several Senators urged an amendment to the Railway Act empowering the Railway Commission to compel the granting of running rights to other roads by any railroad which has secured a right of way through any pass too narrow to admit the building of another track.

A provision of this kind has been inserted in the act respecting the Vancouver, Westminster and Yukon Railway, which is to run through the Yellow Head Pass to Edmonton.

It is sought by this amendment to the Railway Act to prevent any unfair advantage from being gained by the various James J. Hill railways that are seeking charters at this session of Parliament.

BEFORE JUDGE BOYD.

First of the Cobalt "Blanketing" Cases is Being Heard.

Toronto, May 17.—Edward C. Hargrave, Bay City, Mich.; C. C. Williams, Montreal; F. N. Rutherford, Niagara Falls, and the White Silver Co., Toronto, are defendants in the first of the Attorney-General's actions to set aside the granting of leases for certain lands in Cobalt, which came before Judge Boyd yesterday.

Affidavits made by Rutherford and Hargrave to the effect that they made the discoveries of valuable mineral products on leased lands in the Township of Coleman, which were taken over by White Silver Co. of Toronto, are claimed by the Attorney-General to be fraudulent.

Frank B. Haines, prospector, is chief among the 30 odd witnesses subpoenaed. It is alleged that Haines prospected while snow was on the ground, and that his staking is illigal. He however, states that he was over the ground previous to November, and while the ground was clear. His cross-examination by counsel will take place to-day.

CAGLIARI RENT BY MOB.

Increase in Prices of Foodstuffs Leads to Bloodshed.

Cagliari, Sardinia, May 17.—Several persons were killed and many wounded in a collision between troops and strikers here Tuesday and further trouble is expected. Reinforcements of the small garrison have been urgently demanded, and warships with troops have left Genoa and Leghorn.

Trouble began as the culmination of a great increase in the price of food and an anarchistic agitation leading the workmen to strike. Thousands of men rushed through the streets to the municipal palace, where they hooted the mayor, and then invaded the Central Market, destroying whatever they could find. Afterwards they went to the state tobacco manufactory and to other establishments, forcing the workmen to strike, smashing windows and shops and upsetting street cars and cabs.

BRITISH NAVAL EFFICIENCY.

Forty Large Warships Practically Removed From List Since 1902.

London, May 17.—The rapidity with which Great Britain is removing from the navy all except her efficient warships, was shown by a statement presented to Parliament yesterday.

No fewer than 40 battleships and cruisers have practically been removed from the list since 1902.

The exact figures are eight battleships, 10 armored cruisers and three protected cruisers removed from the fighting effective, while three battleships and 16 protected cruisers were reclassed, placing them on the list of ships of the smallest fighting value.

In the same period the construction of 12 new battleships, 18 armored cruisers and four protected cruisers was begun.

AT $7.75 PER 1,000 FEET.

Provincial Sells Two Timber Allotments Under New Regulations.

Toronto, May 17.—Under its newly-adopted system of charging by the thousand feet board measure, a Port Arthur firm, Vigars & Shears, have been sold two timber allotments of red and white pine on Pigeon River, in the Thunder Bay district, at $7.75 per 1,000 feet.

The Government expect to get better returns by charging a net price on the quantity measured under its supervision, than by selling timber limits outright, while it is calculated that the purchases will not be restricted to men of large capital, as has been the case heretofore.

Former Bishop of Exeter Dies.

London, May 17.—The Right Rev. Edward Henry Bickersteth, D. D., late Bishop of Exeter, died here yesterday.

He was born in 1825 and created a bishop of Exeter in 1885, retiring in 1900. He was a voluminous writer on sacred subjects.

THE GOOD WORK STILL GOES ON

A Resident of Cockburn Island Bears Witness to the Good Work Being Done There as Elsewhere by Dodd's Dyspepsia Tablets.

Dodd's Dyspepsia Tablets differ entirely from all other remedies for indigestion. They take effect immediately and give instant relief from those terrible pains in the chest, that feeling of fulness, those sick headaches, those attacks of nausea that all sufferers from indigestion know so well. But Dodd's Dyspepsia Tablets do more than this, they permanently cure Indigestion or Dyspepsia no matter whether it is in its early stages, or after the disease has run on many years. Here is a case in point.

"I was troubled with Dyspepsia and pains in the stomach," writes Mrs. B. S. Roundough, of Cockburn Island, Ont. "Everything I ate seemed to disagree with me and made my life a misery. But at last I tried Dodd's Dyspepsia Tablets and they entirely cured me."

ID YOU EVER FIGURE THE COST of a single day's baking—the material, fuel, time and labour—and consider that it is all wasted if the baking is a failure?

Results are usually satisfactory or otherwise according to the flour you use. Is it economy, then, to use a flour of uncertain quality when a few cents more will buy

Royal Household Flour

a flour that you can depend upon to produce light, crisp and wholesome bread or pastry?

Royal Household flour does not vary in quality—does not disappoint. It is made from selected hard wheat, milled by a most modern process which guarantees absolute purity. And purity in flour is a matter of the very greatest importance.

"Ogilvie's Book for a Cook" contains 130 pages of excellent recipes, some never published before. Your grocer can tell you how to get it, FREE.

Ogilvie Flour Mills Co., Limited
Montreal.

TERRIBLE SELF-MUTILATION.

Butcher, Newly Arrived in Toronto, Attempts to End His Life.

Toronto, May 18.—John Gray Colvin, 24 years of age, who came to Toronto three months ago from Glasgow, Scotland, was found unconscious and bleeding to death in the Rosedale ravine, near the old Don station, yesterday morning by John McArthur.

His pocketknife was clasped in his right hand. His throat was cut and he had mutilated himself horribly in other parts of the body.

He was taken to the General, where his recovery is doubted.

Colvin is a butcher by trade and lived at 679 Shaw street. He was married a short time ago. He has not had much employment since coming to the city.

MINE ACCIDENTS AT GLACE BAY.

Miners in the Dominion Co. Shafts Pursued by Ill-Luck.

Glace Bay, N. S., May 18.—George Gouthro, a miner in the Dominion No. 2 mine, was fatally injured yesterday, while riding on the front end of a loaded boxcar. The rear end left the track and he was jammed between the coal in the boxcar and the roof.

Colin Donovan had a leg broken by attempting to get into a hoisting cage after it began to start from the pit bottom.

Andrew Woodman had his head cut open by a fall of stone from the roof.

Women Escapes Gallows.

Trenton, N. J., May 18.—The Court of Pardons yesterday commuted the sentence of Mrs. Anna Valentina to life imprisonment. After living several years with the man she believed to be her husband, she was deserted by him, and saw Rosa Salsa take her place. One day when, according to Mrs. Valentina's story, the other woman had taunted her ever losing her supposed husband, she stabbed and killed the Salsa woman.

Ten Years in "Pen."

Montreal, May 18.—Ten years in penitentiary was the sentence yesterday for Alexander Brunette, who stole two horses from the barns of the Villa Maria Convent and set fire to the structure to hide his crime. Joseph Carriere of Sherbrooke, who stole $375 from the National Cash Register got four months.

Vote For Prohibition.

Charlottetown, P. E. I., May 18.—The full returns of the prohibition plebiscite election in King's County were declared yesterday. For prohibition 1,547, against 332.

Moulders Will Strike.

Winnipeg, May 18.—The moulders of this city have decided to go on strike to-day.

Venturesome Duke Abruzzi.

Milan, May 18.—Private despatches state that the Duke of Abruzzi yesterday morning left Entebbe, in Uganda, to undertake the ascent of Mount Ruwenzori. He had with him a caravan of 450 porters, guides and native soldiers. Capt. Cagni, who was with his royal highness, had to stop behind at Entebbe on account of an attack of native fever.

Servians Surround Turks.

Cettinje, May 18.—A band of Servians surrounded a Turkish force of Nizams and Arnauts at Berisse. Many have been killed or wounded on both sides. Troops have been sent to reinforce the Turks.

Sudden Death in London.

London, May 18.—William Jolliffe, an employe of Labatt's Brewery, dropped dead last night about 8 o'clock, while talking to an employe in the office. Heart disease was the cause.

SHREDDED WHEAT BISCUIT

is a ready-cooked, whole-wheat food, made light and porous without yeast, baking powder, fats or chemicals—A natural remedy for digestive troubles.

VARICOCELE NERVOUS DEBILITY CURED.

No Names Used Without Written Consent.

If you have transgressed against the laws of nature, you must suffer. Self abuse, later excesses and private diseases have wrecked thousands of promising lives. Treat with scientific physicians and be cured. Avoid quacks. E. A. Maney, of Toledo, says: "At the age of 16, I learned a bad habit and at 19 contracted a serious disease. I treated with a dozen doctors, who all promised to cure me. They got my money and I still had the disease. I had given up hope when a friend advised me to consult Drs. K. & K., who had cured him. Without any confidence I called on them, and Dr. Kennedy agreed to cure me or no pay. After taking the New Method Treatment for six weeks I felt like a new man. The drains ceased, wormy veins disappeared, nerves grew stronger, hair stopped falling out, urine became clear and my sexual organs vitalized. I was entirely cured by Dr. Kennedy and recommend him from the bottom of my heart."

We Treat and Cure: Syphilis, Gleet, Varicocele, Impotency, Stricture, Unnatural Discharges, Seminal Weakness, Kidney and Bladder Diseases.

CONSULTATION FREE. BOOKS FREE. Call or write for Question Blank for Home Treatment. NO CURE, NO PAY.

NOTICE TO CREDITORS.

ESTATE OF D. ULLYOT, DECEASED.

In the matter of the estate of Dalton Ullyot, late of the town of Peterborough, in the County of Peterborough, Lumberer, deceased.

Notice is hereby given pursuant to Revised Statutes of Ontario, Chapter 129 and amending act, that all persons having claims against the estate of Dalton Ullyot, who died on the 24th day of October, A. D., 1905, are required to send by post, prepaid, or to deliver to the undersigned, solicitor afor the executors of the estate, on or before the 1st day of July, A. D., 1906, their names, addresses and descriptions and a full statement of their claims, duly verified, and particulars of the security (if any) held by them, and that after the said day the Executors will proceed to distribute the assets of the deceased among the parties entitled thereto, having regard only to the claims of which they shall then have had notice.

Dated 5th May, 1906.

DUMBLE & JOHNSTON,
Peterborough Solicitors for Executors.

Notice to Contractors

Sealed, bulk and separate tenders will be received up till 4 o'clock p. m. on Saturday, 26th May, 1906, for all trades required in the erection of a stone and brick Methodist Church at Campbellford, Ont., according to plans, specifications etc., prepared by James L. Wilson & Son, Architects, Chatham, Ont.

Lowest or any tender not necessarily accepted. Plans, etc., can be seen at the office of the secretary to whom all tenders shall be addressed.

Any other information can be obtained from the Architects.

C. W. TURNER,
Secretary,
Campbellford, Ont.

TENDERS

—FOR—

DRAINAGE WORK

The Corporation of the Township of Cavan will receive sealed tenders marked "Tender for Drainage Works" and addressed to John J. Fair, Millbrook P. O., up till noon of Saturday, 26th day of May, 1906, for the construction Drainage Works, a distance of about seven miles through the Townships of Cavan and North Monaghan according to plans and specifications made by John E. Belcher, Engineer, which may be seen at the office of John J. Fair, Township Clerk, Millbrook.

Each tender must be accompanied by an accepted Cheque drawn upon any Chartered Bank in Canada, payable to the order of "The Treasurer of the Township of Cavan" for the sum of $500.00 or in lieu thereof, a cash deposit of said amount which will be subject to forfeiture in the event of failure on the part of the Contractor to enter into a satisfactory written Contract when notified to do so.

The Contractor whose tender is accepted will be required to furnish a Bond for $1,000.00 satisfactory to the Township Council, and the Contractor will also be required to insert into a special covenant not to unnecessarily interfere with or endanger public traffic on the township highways during the construction of the works.

The Township Council reserve the right to reject any or all tenders or to accept any bid which may appear advantageous to the Township of Cavan.

Dated at Millbrook this 14th April, 1906.

JOHN J FAIR,
Township Clerk,
Millbrook.

CHILDREN IN FACTORIES.

Cities Are Said to Be Our Biological Furnaces.

"It has been said that the modern city is a biological furnace. Men are constantly drifting to this furnace," said Dr. Geo. J. Fisher of New York, in beginning his address to the Toronto Canadian Club recently. He then referred to the fact that the census showed how child labor in Canadian factories was gradually decreasing. From 19,000 children under 16 years employed in factories in the Dominion in 1891, the number had fallen at last census to 12,000. This was a good thing, and if the same reduction continued child labor would soon cease. He regretted that in the United States child labor was yet very excessive. He had been in many countries but never saw men so robust and vigorous as were Canadians, but the danger ahead was the great increase in sedentary employments. In these days men sat in their offices, used the telephone and telegraph, and instead of going out after the business men now did it by the wires. The result of this was seen in the increase in deaths from diabetes and diseases due to the lack of proper exercise.

He desired to ask men of thought to ponder over the facts revealed by the census of 1901. The increase of population since 1891 had been 550,000, but of these only 50,000 settled in rural districts and 500,000 in cities. In the United States to-day 60 per cent. of the population resided in the cities, and this was a grave physical danger. He urged that now was the time to provide playgrounds and parks. In the United States the people had now to pay millions for playgrounds and parks absolutely essential for the health of cities, whereas these grounds could have been secured at comparatively low rates. It was an essential for the health and welfare of children that there should be playgrounds and parks.

A commission of eminent men had been appointed in Scotland, and after careful inquiry the commission reported that the height of a farmer was five feet nine and a half inches and weight 173 pounds. In towns the height was five feet six and a half inches and weight 145 pounds. Of the ignorant and criminal the height was five feet five inches and the weight 123 pounds, so that there was a connection between physical health and mental and moral well-being.

The Canadian census and the returns relative to deaths showed that last year 9,700 people died of tuberculosis, 8,000 from pneumonia, 1,900 from typhoid fever, and these returns showed that deaths from nervous diseases, diseases of the digestive organs and other complaints due to the present rush and hurry in every-day life were increasing. As one well acquainted with the ways of young men, he regretted to say that little heed was paid to health matters. He referred to race suicide and declared that certain diseases were real cause of this decrease in the birth rate. Women suffered innocently, and the time, he hoped, was near at hand when such diseases would be treated by medical men and health officers as they treated the most dangerous infectious diseases. To be healthy, to be vigorous, to be successful required exercise and care, and men who were so would be better lawyers, better doctors and better clergymen.

Our Marriage Laws.

The last amendment to the act respecting the solemnization of marriage sets out that a man may not marry his grandmother, grandfather's wife, wife's grandmother, aunt, uncle's wife, mother, step-mother, wife's mother, daughter, son's wife, sister, granddaughter, grandson's wife, wife's granddaughter, niece, nephew's wife, wife's niece, brother's wife.

A woman may not marry her grandfather, grandmother's husband, husband's grandfather, uncle, aunt's husband, husband's uncle, father, husband's son, stepfather, husband's father, son, daughter's husband, brother, grandson, granddaughter's husband, husband's grandson, nephew, husband's nephew, husband's brother.

The relationship set forth in these tables include all such relationships whether by the whole or half blood, and whether legitimate or illegitimate.

By the Dominion Act, 53 Vic. C. 36, sect. 1, it is enacted that "All laws prohibiting marriage between a man and the daughter of his deceased wife's sister, where no law relating to consanguinity is violated are hereby repealed both as to present and future."

No One Knows the Cat's Speed.

The speed of a trained runner compares very poorly with that of most quadrupeds. The best speed of a man for 100 yards is 9 2-5 seconds, or 21 1-3 miles an hour. His record for a whole mile is 4 minutes 12 3-4 seconds, or a rate of 14 miles an hour. An ordinary trained runner covers a mile in five minutes, which is at the rate of 12 miles an hour.

These excellent performances look very tame when considered in conjunction with the following rates of speed gauged by Mr. Ernest Thompson Seton, the well-known student of animal life:

	Best speed for a mile at rate of
First-class grey hound	34 miles an hour.
Racehorse	32 " " "
Prong-horned antelope	30 " " "
Common fox	26 " " "
Foxhound	22 " " "

A curious fact is that no one seems ever to have succeeded in making a reliable estimate of the speed at which a cat can run a mile without a stop, and even so short a top-speed run as 100 yards has probably never been accurately timed.

Only One Side of the Moon.

Did you ever stop to consider the fact that the inhabitants of this earth have never seen but one side of the moon and to inquire the reasons why such should be the case? The explanation is this: The moon makes one revolution on her axis in the same period of time which she consumes in revolving once around the earth. Thus the same geographical regions of the moon are always toward us. One explanation usually calls for another. Therefore it may not be out of place to remark that the astronomers believe that the two motions so nearly coincide because the moon is not a true globe, the earth's influence having elongated the lunar world in the days when it was semi liquid or at least soft.

Bluffing an Outlaw

By C. B. LEWIS

Copyright, 1906, by McClure, Phillips & Co.

The New Yorker silver mine, located in Mexico, but owned and worked by Americans, had been in running order a year before Jose Favara put in an appearance. He had been heard of, however. He was known as a cattle stealer, a claim jumper and a general outlaw, and it was the popular belief that he stood in with the police. At any rate, they had not interfered with his operations to any extent, and he walked the streets of the town as free as any other man. One day Jose appeared at the mine. He walked straight to the superintendent's office and, doffing his hat, said:

"Senor Barnes, I beg you to excuse me. My name is Jose Favara. I should have called on you weeks ago, but have been busy in other directions. I am now here to do business with you."

"Well, what is your business?" queried the superintendent, although he had a pretty fair idea of it.

"To arrange to draw my monthly salary, senor."

"For performing what services?"

"For leaving your mine in peace."

"In other words, you mean to levy tribute on us?"

"The senor hits the nail on the head at the first blow. My terms are $200 per month in cash. I shall call for it myself. If accepted you will be under my protection. If not"—

"You will make trouble for us?"

"The Senor Barnes hits the nail again. I like to do business with an Americano."

Jose Favara was told that he would have to wait a few days until his proposition could be submitted to the president and board of directors in New York. He was agreeable. He went away bowing and smiling, and Mr. Barnes sat down and wrote a letter.

The proposition was extortion pure and simple. The authorities could be appealed to, and would doubtless do something. Nevertheless the fact remained that Jose was a bigger man in that district than the authorities. He could harry and harass. He could scare every peon out of the mine in two weeks. He could capture every mule and driver engaged in transporting the ore over the mountains. He could do lots of things to make the situation unpleasant, and the superintendent recommended that a monthly salary be paid. He added that $200 per month was dog cheap.

The president and his board looked upon it as a rather funny case, but followed the advice of Mr. Barnes. From that time on for two years Jose Favara regularly appeared on the 10th of each month and received his "salary." Twice during that time the peons would have struck for higher wages had he not appeared and threatened them with his vengeance. A Mexican lawyer discovered what he thought was a flaw in the title of the New Yorker and would have made cost and trouble had not Jose sent him word that he was after his scalp. It was conceded that the outlaw earned his wage.

Things were going on satisfactorily when the old president died and Mr. Nervely was elected in his place. While the dividends were large, Mr. Nervely wanted to increase them. He saw a way to do it by lopping off and cutting down. A cut of 10 per cent was made in wages and salaries, and the $200 per month to Jose Favara was cut off entirely.

When Mr. Barnes wrote that this move would bring trouble, he was directed to arm his staff and fight. When he asked for rifles a dozen old condemned Springfield muskets were sent him, but not a single cartridge. He wrote for cartridges, but was answered that the president would soon take a trip to Mexico in his private car and would visit the mine and give further instructions in person. Mr. Nervely had been known in trade as a hustler. As president of a silver mine he determined to be a hummer.

Jose Favara called, as usual, on the 10th of a certain month to be told that his salary was nix. He had been discharged. Mr. Barnes entered into nar-

Try Again for Health Gin Pills Will Cure You

OR MONEY REFUNDED

If you have wasted money on doctors, and taken medicine after medicine, without relief, of course you are discouraged. But don't give up. There is one cure—certain and sure—that will make your kidneys well and strong.

Here is a letter from an old gentleman, 72 years of age, who had just your experience, but who was convinced that he owed it to himself to at least try GIN PILLS. Read what he says:—

The Bole Drug Co. Boissevain, Man.
Winnipeg, Man.

Dear Sirs,

I am now 72 years of age. I have been ill for about six or seven years, and have been attended by different doctors, but I could get no help. I started taking —— Kidney Pills, and I have taken several odd boxes, and I found they helped me a little. This spring I started to take Gin-Pills, and believe they have cured me. I cannot say too much about them, and recommend them as a good kidney pill.

(Signed) WILLIAM CUMPSTONE.

Note that Mr. Cumpstone not only found quick relief, but "believe they have cured me."

Try just once more. Give GIN PILLS a fair trial. So sure are we that GIN PILLS are a positive cure for all Kidney troubles that we will let you test them free.

Send name and address, and tell in what paper you saw this offer and we will send you a sample box of GIN PILLS free of charge. Gin Pills are sold by all druggists at 50c a box, or 6 boxes for $2.50.

THE BOLE DRUG CO. • WINNIPEG, Man.

'THE STRENUOUS LIFE'

of the present day calls for every appliance that will economize time. The successful farmer must lead a strenuous life during his season for it is crowded into half the year.

A Bicycle saves time; saves his horses; saves work, and is comfortable and rapid transit.

The successful city man must account for every moment lived in the twelve months. He has street cars, yet he prefers the bicycle because it is more economical, convenient, and is a time saver.

And the **CLEVELAND** is the Bicycle that satisfies and delights the rider.

TORONTO JUNCTION, -- -- -- CANADA

Local Representative—F. R. J. McPHERSON

were with him, even to stating the probable date of the arrival of the president. Jose was impassive and imperturbable. He smiled the same old smiles and bowed the same old bows. He knew he had earned his money, but if he felt sore he gave no sign of it. He went away saying that he might call again, and things went on as usual for three weeks.

Then President Nervely arrived. It was twenty miles over to the railroad, and he had to make this distance on the back of a burro, but he made it. He arrived at the mine at 3 o'clock in the afternoon. At 6 the peons came up from the shaft and announced that there was a strike on. There were 400 of them. Next morning Jose Favara appeared. He wanted to know if his salary was to be restored.

President Nervely flattered himself that he was a fighter. If not an actual fighter, then he was a good bluffer. He had been bluffing for thirty years and had the art down pat. The miners might strike, and be hanged to them. They might be out for a week, but they would then be tumbling over each other to get back. As for Jose Favara, he was an outlaw, a blackmailer, an extortioner. Not another cent should he draw from the treasury. If he made one little move against the peace and harmony of the New Yorker the majesty of the law would be invoked and he would find himself behind prison bars. He was talked to in the plainest English. Mr. Nervely talked in a loud voice. He conveyed the idea that he owned the earth. When he had tired himself out and was taking a rest Jose quietly asked:

"Am I, then, to understand that my services are no longer required?"

"Of course you are."

"But about this strike?"

"I can settle it without your help."

"And as to what I may do with my band?"

"Poof! Look here, my man, let me give you a pointer: Don't come mooning around here unless you are aching to get hurt. If the law won't protect us we will protect ourselves. Do you savey?"

The outlaw did. He bowed and smiled and took his departure. It was a cold bluff, and he meant to call it when the proper time came.

"Do you think he will try to make us trouble?" asked the president of the superintendent when Jose had departed.

"Sure to."

"I don't. I think I bluffed him out. However, there are the muskets."

"And not a cartridge for one of them."

"Cartridges are awfully expensive. I think that empty muskets will do the trick. Nothing like a bluff if you pull it in hard enough."

The strike had lasted four days, with all quiet around the mine, when Jose Favara rode up. It was early in the morning, and President Nervely was eating a picnic breakfast. The outlaw had thirty men with him, and each and every one had a business look about him.

"When the senor is quite through with breakfast I should like to see him," was the message sent to the magnate.

Ten minutes later he appeared and ordered the outlaw to go way back and sit down. He was seized, bound and carried off among the mountains. He called for help, but there was no help. He yelled "Police!" "Fire!" and "Murder!" by turns, but the staff left behind numbered only five men, and they had no cartridges.

An hour later President Nervely was at the outlaw's headquarters. Two hours later he had got over bluffing and was inditing a telegram to a New York banker. The telegram asked for $10,000. The money was forwarded to a town designated, and a week after the abduction it was in the hands of Jose Favara, and President Nervely was set free within half a mile of the mine to find his way in. At the hour of his arrival the strike was called off.

"Didn't I tell you what the man could do?" asked the superintendent as the president came staggering in.

"Yes, but I thought he could be bluffed. He has taken $10,000 out of me. We must fix it some way to charge it up to machinery or repairs."

New York, May 18.—George Maxime, a Russian revolutionary leader, who was believed by Ivan Narodny, a compatriot now in Chicago, to have been kidnapped by Russian secret service men, was found at the headquarters in this city yesterday. No harm had befallen him, nor had any attempt been made to kidnap him.

THAT STAB-LIKE PAIN IN THE SMALL OF THE BACK COMES FROM THE KIDNEYS

AND CAN BE CURED BY

DOAN'S KIDNEY PILLS

It is not the back that is aching, but the kidneys which are situated beneath the small of the back.

Therefore, dull pain in the back, or sharp, quick twinges, are warnings of sick kidneys—warnings of kidney trouble. Plasters and liniments will not cure a bad back, for they cannot reach the kidneys which cause it. Doan's Kidney Pills reach the kidneys. That is what they are for and that only. So, if you would be free from backache, swelling of the feet and ankles, frequent or suppressed urine, painful sensation when urinating, specks floating before the eyes, frequent thirst, brick-dust deposit in the urine, or anything wrong with the urinary organs or bladder, you must keep your kidneys well. Help them to work freely, and help them to flush off all the body's waste and impurities.

Doan's Kidney Pills are made from the purest roots and herbs, and have a remarkable healing and toning effect on the kidneys. Mrs. Barting, 26 Locomotive Street, Hamilton, Ont., writes: "I had been troubled considerably with my kidneys, using many remedies, but finding no relief. I tried Doan's Kidney Pills and found them to act directly on the kidneys, and making them strong again."

Price 50 cents per box, three boxes for $1.25, all dealers or The Doan Kidney Pill Co., Toronto, Ont.

How A Canadian Won An Election

Mr. A. C. Forster Boulton Tells of the Incidents of a Strenuous Campaign in the Recent Elections in England--Knew no Rest for Four Months.

Mr. A. C. Forster Boulton, a Canadian who won a seat in the new British House of Commons, tells the story of his fight in the May Canadian Magazine. He concludes his tale thus:

The last chapter in this narrative began at Christmas, and for four weeks I knew little or no rest. A motor car, placed at my disposal, enabled me to cover something like fifteen hundred miles, and address three, four and five meetings a day. The great questions were the fiscal policy, Chinese labour and education. The first may be said to appeal most to the agricultural labourer, the second to all workingmen, and the third to Nonconformists. I had a goodly array of speakers to help me, and, when the eve of the polling arrived and I finished my campaign with a torchlight procession after "doing" four meetings between 7 and 10 o'clock, I felt sanguine of the result. The custom in English elections is for the candidate to drive round the polling districts on polling day and encourage his supporters, and this I did, covering a wide district and one hundred and twenty miles between 8 o'clock in the morning and 11 at night. The counting of votes took place the next day in the Corn Exchange of St. Ives, under the shadow of Cromwell's statue, and when the result was declared and it was found that I had converted a Conservative majority of nearly twelve hundred into a Liberal majority of three hundred and eighty-one, I felt that the Cromwell county had done its duty.

The custom is for the successful candidate to move a vote of thanks to the returning officer, and the unsuccessful one to second it. Party feeling, however, ran so high that no speeches could be made, and as I looked out of the window on a sea of upturned faces, the crowd cheering and groaning according to party colour, I felt the reaction from my arduous efforts. I and my opponent were each carried shoulder-high to our respective headquarters to be cheered or lamented with as the situation demanded. My work was not, however, at an end, as the same evening I was urged to appear on a platform in a neighbouring constituency as one of the newest M.P.'s, and so on for successive evenings until the polls in the eastern counties were at an end. Even then I was permitted no rest, as demonstrations to celebrate the victory in my constituency had to be carried out; and thankful I was when the final scene came to an end, and I was allowed to depart in peace and get a fortnight's rest preparatory to the meeting of Parliament.

THE MAN ABOUT TOWN

Did you ever get a piece of silver in change when making a purchase at a store that was other than Canadian? For the past several years American silver has been in circulation in Canada, and no objections have been raised. One other point, too, is that this same distinctly noticeable article, "made in the U. S." has been passing at par here—and in some cases gladly so. But, while our merchants and others accept these Yankee coins at par, do the Americans accept Canadian silver money at par? I say no, decidedly not. Where is the difference, and why? The U. S. coin does not contain, especially in the nickels and dimes, as much money's worth as our same coins, yet we accept them with a smiling countenance—and look for more. While on the other hand let a Canadian get across the line in one of the American cities, and try to pass our coins—they are refused (in nine cases out of ten), and the upshot of the matter is he is compelled to pay a discount of two per cent. or more on every dollar to have them exchanged for U. S. coin. What we as good loyal Canadians should do, is to refuse them altogether then. Each nation's coin would remain in its respective country. The measure passed by the Dominion Government a year ago, instructing the Banks of Canada to redeem all U. S. coins at par was a wise one, and one which, no doubt, will speedily drive all the U. S. coin, at present in circulation, out of the country. Let us all from this time forth strenuously refuse all but Canadian money.

• • • •

Is the younger generation as good, as clever, or as healthy as their elders? This is a debatable question and one which I think the elders win out by long odds. Take for instance, a number of boys, just out of school after 4 o'clock; sides are speedily arranged and a game of something or other taken place. Soon, if you take notice, what a little mistake will call forth from the others. First you heard some choice pet names, then afterwards swearing that almost makes one's hair stand on end. Why is this? Is it because the parents and teachers are lax in their duties or what? There must be a cause for it. The worst oaths are generally spoken by "kids" of 6, 8 or 10 years. Such a condition as I have described certainly calls forth our severest denunciation, and the fountain-head of the trouble should at once be found, and efforts put forth to stop this demoralizing habit, into which the youth of to-day has fallen.

• • • •

I see that recently the city council has passed a by-law putting the sale of cigarettes under license. That is a wise step, and one in which all can give thanks. It is a singular thing what a great quantity of these "nails" are sold yearly—not only in Peterborough, but all over. They are certainly the worst possible form of poison as man can "dope" himself with. To one of tender years they will do as much or more harm than liquor. The way the "kids" about here will all take enjoyment out of a half-smoked cigarette is astonishing—it is a kind of partnership affair for 3 or 4. Parents have a duty to perform in this regard, and we often wonder whether they are doing it. Under the licensing system the sale of them is bound to be reduced, and thereby the evil effects on the rising generation. Smoking, at all times is a costly habit, and in the long run injures a man physically morally and financially—and does no good in in any way, shape or form.

• • • •

In a village, a town or a city, somehow the habit of street loafing has become very common among the young men and others. Have you noticed it? This habit in itself would not amount to very much, but when you add to it that most filthy habit of spitting tobacco juice on the sidewalk, the retailing of filthy stories to the "bunch" and the coarse and vulgar remarks passed about the passers-by, it is about time the practice was stopped. A few summonses to appear before the cadi would, in my huumble opinion, help to stop the practice. The way it is now, a lady can scarcely venture to pass by a knot of men, without some coarse comment being either made or intended. Such a thing should not be the case nowadays. But, alas, whether from degeneration or from mere force of habit, I regret to say the habit is all too common. The young and old men about town, who are particular of their own reputations should not lend themselves to despising anyone else's character. "Judge not, that ye be not judged," is a very good motto. Try it.

• • • •

One hears many comments, complimentary and otherwise, about the Salvation Army. This band of people are at the present time scattered in all parts of the world, and the good they are doing cannot be estimated. Their main point and one which appeals to the lowly as well as to those occupying higher stations, is the simplicity of their methods, and the absence of pomp and fuss as they go about their appointed work. The work they mostly do is not touched by any church, therefore, I say, they are deserving of high praise for their work. The band the local army has gathered together is a strong one, and the soul-inspiring music they both play and sing is a delight to all hearers. Whenever you meet with one who wears a cap or a bonnet bearing the words:—"The Salvation Army," honour and respect them as you would a minister of your own congregation. If there was more Christian charity shown what a nice place this earth would be. Then again it does not cost anything to show it, and oft-times a few words of encouragement are eagerly welcomed by these devoted workers. Next time you meet one, try it.

Monkey Brand Soap removes all stains, rust, dirt or tarnish—but won't wash clothes.

FATHER AND SON RECEIVED SHOCK

The electric storm which passed over this section on Saturday evening was a very severe one. As Mr. George Evans and his father, Mr. William Evans, were driving their cattle into the stable, they were both struck by lightning. Mr. W. Evans has already recovered from the shock, but Mr. George Evans is still suffering from his injuries. His body was burned and he received other injuries. It was certainly a close call. Mr. John Diamond's house and Mr. George McCleary's barn were also struck by lightning. — Werkworth Journal.

WEDDING BELLS

PAYNE—HURR.

A very quiet but pretty wedding was celebrated on Wednesday at the home of Mr. and Mrs. Jos. Payne, when their son, Mr. Robert Payne, a young farmer of Dummer, was united in marriage to Miss Beale May Hurr, of Southwold, England. The ceremony was performed at eight o'clock in the evening, in the presence of about twenty-five invited guests, by Rev. T. W. Leggott. The bride was charmingly costumed in a handsome gown made in London, England, and carried a bouquet of white roses and white carnations. She was assisted by Miss Ida Hobson, who wore a very pretty gown, and carried a bouquet of pink roses and pink carnations. The groom was assisted by Mr. William Payne of Dummer. The groom's present to the bride was a very handsome gold bracelet and to the bridesmaid a pretty gold brooch. The bride received many handsome and useful presents, testifying to the high esteem in which she is held, among them being a handsome four story bride's cake, prettily decorated, being the gift of Mr. and Mrs. George A. Bickell. After the usual congratulations to the bride and groom the guests sat down to a sumptuous repast. The table was beautifully decorated with cut flowers, which with the flowers of the bride and bridesmaid, were the gift of Mr. Mr. John Dinwoodie. The wedding party broke up about one o'clock, when the newly married couple left for their future home in Dummer, followed by the best wishes of the assembled guests.

WALTERS-COULTER.

On Wednesday, May 9, a very pretty wedding took place at the home of Mr. and Mrs. Samuel Coulter, South Ops, when their daughter, Rilla Alberta, was united in marriage to Robert James Walker. At 3 o'clock p.m., to the strains of the wedding march, which was played by Mrs. W. H. Skuse, the bridal party entered the parlour. The bride, who was given away by her father, looked charming in a gown of pearl grey voile, and carried a bouquet of white carnations and smilax. Friends from a distance were Mr. and Mrs. Walter, Miss Miller, Mr. Wood and Mr. and Mrs. McIvor, all of Peterborough; Mr. and Mrs. Coulter, Cambray; Mr. and Miss Coulter, Pontypool, and Mrs. Sadler and Miss Henderson, of Lindsay. Little Miss Mona Coulter, sister of the bride, who acted as maid of honour, wore a dainty dress of pale blue voile and carried the ring on a tray in a wreath of flowers. Rev. Mr. Ward, of Jamestville, tied the nuptial knot in his usual pleasing manner.

After the ceremony was over and congratulations were extended, the guests, who numbered about 70, were invited to the dining-room, where all did ample justice to a well-spread table. Addresses were given by the pastor and also Mr. Wm. Jackson, in which much regret was expressed for the removal of Miss Coulter from the neighbourhood, as she had been a member of the choir for some years, and also a help in the church work.

The presents were numerous and valuable, showing the esteem in which she was held.

About 9 o'clock Mr. and Mrs. Walter left for their home at North Ops, carrying with them the good wishes of all. The bride's going away dress was green, with gray coat and hat to match.—Post.

A STORM PASSED
—YESTERDAY AFTERNOON—
OVER THE COUNTY

Despatches From Various Sections Tell of Much Damage Done by Wind and Lightning.

Shocks Were Received by Persons at Springville—Trees Felled in Township of Smith.

Yesterday afternoon's storm, although comparatively light in Peterborough, was of a more strenuous character in other parts of the county, and a considerable number of, fortunately, minor accidents are reported. It appears that lightning wrought considerable damage, while the wind, too, was inclined to be somewhat unruly. The following despatches from different parts of the county give an idea of the extent of the storm:

Shocked While Sun Shone

Springville, May 18.—The electric storm here this afternoon was one of the most terrific that ever visited this village. A most singular occurrence happened just before the storm began. A small electric cloud was passing over, and while the sun was still shining, lightning shot from it with unusual severity and demolished a tree, also giving Mr. Albert Reynolds, a farmer residing near here, a shock, but not a severe one. The strong wind accompanying the storm blew down a corn silo belonging to Mr. Jas. Baptie, and also a few miles of fence in this vicinity.

At Douro.

Douro, May 19.—One of the worst storms of the year was that which passed over this section yesterday afternoon. The lightning was very sharp, and the rain for a short time fairly fell in torrents. No damage was done here by the lightning, but the wind, which blew a perfect gale, uprooted several large trees.

From the farmers' standpoint, the rain came very opportunely, and no complaints are being heard from them.

Hail in the North.

Bridgenorth, May 19.—The storm yesterday afternoon was very severe, and it was feared at times that the lightning had struck some of the cottages at the park. Fortunately, however, they all escaped. The greatest damage was done by the wind, which blew a gale, and on the road between here and the city a number of trees were blown across the road. The heaviest of the storm, it is thought, passed north of here, and it is believed that a hail storm was one of the accompaniments.

Buildings Blown Down.

(Examiner Special.)

Omemee, May 19. — The storm here yesterday was one of the severest in a great many years. The terrific wind that blew for almost an hour turned over several barns, sheds, and other buildings, but there was no loss of life. Fences were broken to pieces, and many miles of fence lay flat on the ground when the storm passed over. A number of trees were struck by lightning and some were torn up by the roots.

A Hairbreadth Escape.

Burleigh May 19.—Mr. John Holmes and his wife narrowly escaped death during the terrific storm that raged here yesterday.

Mr. and Mrs. Holmes attempted to cross the lake and in their endeavour to do so were nearly swept over the falls. They managed to hang on to a boom, however, until rescued by boarders from Darcey's Hotel.

NEGLECTED CHILDREN TAKEN TO THE SHELTER

Yesterday four motherless children with a father, who the neighbours say, sometimes horsewhips them, were taken to the Children's Shelter. They are from 5 to 11 years of age and their father is Reginald F. Meyers. Their mother died about a year ago, and since then the oldest girl, who is herself only 11 years old, has performed the duties of a mother to her five younger brothers and sisters. On March 28th Meyers brought two children to the Shelter, their ages being 3 and 5 years respectively; and lately it was reported to Mr. Cochrane that the four remaining children were not being properly cared for, and that they were frequently subjected to severe punishment from their father. Mr. Cochrane decided yesterday to remove them to the Shelter and, while their father is objecting to the action of the society, it is probable that they will remain where they are until homes are provided for them. The case will come up in the police court, probably on Tuesday.

THINKS LORIMER SYSTEM IS ABOUT MOST PERFECT

The Canadian Machine Telephone Company's plant has made a name for itself, and its reputation has extended beyond the bounds of this country. Yesterday Mr. Charles Wheat, president and manager of the Union Construction Co., of Chicago, was in the city for the purpose of looking over the plant of the telephone company, with a view of learning the merits of the system. He expressed himself as greatly pleased with it, and stated that the next system his company installed — their business is installing telephone systems — would be the Lorimer system. His company is now putting in a 5000 subscriber system in Quincy, Ill.

Mr. Wheat was greatly taken with the simplicity and efficiency of this system, and has become a convert to the automatic 'phone idea.

AN OTONABEE FARMER'S VERY NARROW ESCAPE

Mr. Sylvester Fife of Otonabee, met with an accident a few days ago, which, fortunately, was not fatal, but it might easily have resulted in his death. He was rolling grain with a team of young horses, and was thrown off the roller backwards by a sudden plunge of the horses. In falling he had the reins fast, and the result was that the sudden tightening caused the horses to back up, and Mr. Fife was pinned beneath the iron roller.

His right shoulder was injured and he was badly bruised about the body. One of the other members of the family fortunately saw the affair, and came to his rescue, otherwise the results would undoubtedly have been most serious.

It is expected that in a few days he will be recovered sufficiently to resume his work.

Resolution Of Appreciation

At the regular meeting of the Official Board of the Charlotte street church held on Tuesday evening last, the following resolution was placed on the official records:—

"That this being the last regular meeting of the Official Board, during the pastoral term of the Rev. W. J. Jolliffe, B.C.L., we the officials of the church, wish to express our appreciation of the services rendered the church by our pastor, during the last four years and while we regret his departure, we wish him God speed and success in his next field of labour."

A number of the Board expressed their appreciation of Mr. Jolliffe, not only as a pastor and preacher, but also as a man of striking qualities, and there was a general feeling of regret by the Board that his term of office was nearing a close.

During his four-year term as pastor of the Charlotte street church, the balance of the church debt has been paid. The Sunday School was enlarged at a cost of $4,000 of which only a slight indebtedness remains.

Mr. Jolliffe will go in about a week's time to the London Conference where he has an invitation to the Wesley Methodist Church at Clinton.

Royal Scarlet Degree Conferred On Rev. Brace

An Interesting Meeting of the Chapter Was Held Last Night.

The regular meeting of Royal Scarlet Chapter of West Peterborough was held last night in the Orange Hall. There was a large attendance of the Order including many visitors, among whom were District Master A. T. Young, L.O.L. No. 178, Smith; Wm. Jones, of Col. Sanderson L.O.L. No. 321, Otonabee; B. Hamilton, of Nassau L.O.L. No. 457 and R. A. Juby, of Halloway L.O.L. No. 251, Hastings County. W. Bro. W. G. Bartley, W. C. in C., presided.

An interesting feature in connection with the meeting was the exalting of Bro. (Rev.) A. H. Brace to the companionship of the Order. Rev. Mr. Brace made an appropriate reply, meeting was an interesting one.

Diamond L.O.L. No. 80, will hold their regular meeting on Monday night.

Rev. A. H. Brace has decided to accept an invitation to speak at the demonstration at Lindsay on July 12th.

Seventeen Thousand Horse Power Available, Is Report

Hydro-Electric Commission Presents Report on Upper Trent Waters ---Some Interesting Information Respecting the Powers of This Vicinity—Some Comparison of Prices---A Number of Water Powers Yet to be Developed.

Examiner Special.

Toronto, May 19.—The report of the Hydro-Electric Commission, for the Trent Division, issued to-day from the office of publication contains some decidedly interesting information in reference to the available electric power in this district. The report deals with the subject in an intelligent manner, and should prove a valuable addition to the literature on this subject. The following figures show the power available:—

MUNICIPALITY	Total Power Used H. P.	Hydraulic Power used direct H.P.	Electric Power Developed. H.P.	Steam Power available for installation. H.P.
Peterborough	5,980	280	5,000	350
Lakefield	2,880	480	1,950	....
Lindsay	1,165	250	.....	450
Fenelon Falls	1,280	....	1,250	....
Millbrook	140	70	50	50
Cannington	195	50	125	125
Port Perry	270	....	....	95
Total	11,800	1,080	8,325	1,050

Some interesting information in respect to the power in and around Peterborough is given in this report, and some comparisons made as to prices, etc.

Some detailed information is given as to the water powers on this division of the Upper Trent, and this information will be valuable as it will be recognized as authentic, coming as it does, with the authority of the Commission. It will be seen that the estimated low water power available within the immediate region Peterborough is 17,265 horse power, with 12,405 horse power developed

The question of rates is one which is dealt with in the report and in this particular, too, some comparisons between the prices charged locally, and those in other places in the district covered by the report are given as follows:—

MUNICIPALITY.	Street Arc Lighting Per Year	Incandescent Lighting: Commercial — Meter Rate per K. W. Hr.	Commercial — Flat Rate Per Year	Residential — Meter Rate per K. W. Hr.	Residential — Flat Rate Per Year	Power Flat Rate Per H.P. Per Year
Peterborough Light and Power Co.	$50 (Moonlight)	10c	.....	7½c	.....	$30 to $40
Otonabee Power Co., Peterborough	....	.....	$7.00	.....	$1.50	$30 to $35
Lakefield	$60.00	.....	$5.00	.....	$3.00	$20
Lindsay	$60.00 (All night, every night)	12½c	.....	12½c	.....	$30 to $35
Whitby ....(Municipal)...	$36 (Moonlight) (Midnight)	10c	.....	10c	.....	.....
Oshawa	$65 (Moonlight) (All Night)	8½c to 15c	.....	8½c to 15c	.....	.....
Bowmanville	$46.50 (Midn't)	10c	.....	10c	.....	.....
Port Hope	$54 (Moonlight)	....	$5.00	.....	$3.00	.....
Cobourg	$62.50	18.2c	.....	18.2c	.....	.....
Trenton	.....	9c	.....	8c	.....	$30
Belleville	$66.00	10c	.....	8c	.....	$30
Kingston.....(Municipal)	$60 (Moonlight)	12½c	.....	12½c	.....	Meter Rate, 8c Per K. W. Hr.

OPENING
—OF THE SMITH—
ST. BRIDGE

Many Residents of North End of City Sign a Petition.

They Want it Re-opened for Traffic and Give Reasons Why.

The residents of the north end of the city are in earnest in their request for the re-opening of the Smith street bridge. A petition has been circulated asking for its opening, and it has been largely signed. In one afternoon the following persons attached their names to the petition, signifying their wish to have that avenue of traffic available for use: George Davidson, Walter Anderson, David Wedgewood, William Lee, E. H. Mann, Jacob Isbister, E. McGrath, W. Graham, Geo. Schneider, F. R. J. McPherson, John Mann, James Burnet, John Sawers, George Baird, H. Trollope, T. Bell, Ernest Lefebre, G. Pratley, Ed. Kendry, John McBain, Thomas Renton (Sr.), Thomas Ray, Robert Mann, James Davidson, Wm. Carter, Fred. McCormack, Mark Shaw, C. Carter, Wm. Flemming, Jos. Downing, T. E. Kendry, Mrs. Marshall, P. Burke, Robt. Weatherstone, Hy. Thompson, Mrs. K. P. Ellis, Mrs. H. Fairman, Mrs. Flannery, Mrs. Gaskin, George Hayes, Wm. Hartley, J. McCormack, J. Kemp, John Shaw, Thos. Kemp, Alonzo Coughlin, P. E. Hounsell, S. S. Brown, Geo. V. Hounsell, Geo. Wheeler, F. Brown, Wm. Bell, Peter Moffatt, John Curtis, Robt. Austin, John Tighe, Auburn Woollen Co.

It is understood that a large number of additional signatures will be secured, and the petition will be represented at the next meeting of the Council.

AN ELKS LODGE IN BRANTFORD

Mr. Colby, who organized the Elks' Lodge here, has recently completed the organization of a lodge of the same Order in Brantford. The Charter list numbers 54 of the business men of the Telephone City, and starts out with every prospect of success.

Pope Pius X. Stricken To-day With Paralysis

A despatch at noon to-day states that Pope Pius X of Rome, has been stricken with paralysis and is in a serious condition. No further details are available at the time of going to press.

Many Recruits For 24th Battery

Major Young Expects New Guns and Equipment Here Soon.

Major Young last night received applications from a large number of men for enlistment in the 24th Battery. He was at the armouries, where he was recruiting for the new battery. Major Young is greatly pleased at the interest that is being shown by the men, as well as the good class of men who are enlisting.

MAJOR YOUNG,
Commanding the New 24th Battery.

He confidently expects that the 24th will be the banner battery of the service in a short time.

To-day he is in Toronto on business in connection with the battery. It is expected that the guns and other equipment for the battery will be here in a short time, when the organization will be completed.

WAS KILLED
—DURING STORM IN—
DOORWAY

Mr. Lewis Staples Struck by Lightning in Yesterday's Storm.

Sudden Death Near Bethany--Daughter Found Her Lying Dead.

Examiner Special.

Bethany, May 19. — The storm which passed over this section yesterday afternoon, claimed one life. Mrs. Lewis Staples, who lives about a mile south of this village, was struck dead by the lightning. She was alone in her home, and was on her way to the front door when the electric fluid which came down the chimney, shattering it to pieces, struck Mrs. Staples, and she fell dead at the door. Her daughter, about nine years of age, found her mother lying on the floor when she returned from school, and ran to tell her father, who was working on the farm, a short distance from the house. When he arrived he found that he was too late, and that Mrs. Staples was dead. A doctor was called but could do nothing, of course.

The deceased was about 39 years of age and her maiden name was Rebecca Minshen, her home before her marriage being in Stirling. She leaves to mourn her loss her husband and one daughter, nine years old.

The funeral will take place tomorrow at two o'clock from the family residence to the Bethany cemetery.

Fatal Results From Accident

Mr. Jas. Rennett, of this city has received word from Brockville of a serious accident which his nephew met with. It appears that the 8-year-old son of Engineer Ferris, of the Canadian Carriage Company, attempted to board a flat car on a slowly moving train, and was thrown under the wheels. One arm was severed at the shoulder, and he suffered other injuries. Very little hope of his recovery is entertained.

THE STOVE WORKS
--THE MAYOR IS ADVISED--
LOST TO THE CITY

Morrisburg Secures an Industry Which Peterborough Had Hoped to Get.

Mr. Howard's Company is Now Manufacturing Its Product in That Town.

His Worship Mayor Best has received word from Mr. Howard, the promoter of the proposed stove works, to the effect that he has located in Morrisburg, and has commenced the manufacture of his product in that town. The original intention of Mr. Howard was to utilize in the meantime, a factory already built, in Morrisburg, in order that he might get his product on the market this summer; and it was understood that when the question of a site in Peterborough could be definitely settled, he would remove here.

The Mayor, however, is somewhat doubtful as to the city's chance of securing the works now. In the communication which he received from Mr. Howard, it was stated that a bylaw giving the concern some concessions, had been passed almost unanimously by the ratepayers of Morrisburg, and this leads the Mayor to the belief that Mr. Howard has now decided definitely to locate in that town; and his hope of securing the industry for Peterborough is not very bright.

The Mayor has written to Mr. Howard, however, to learn just the position in which the matter is, at the present time, and whether there is any hope of inducing the company to bring the works to Peterborough. He has explained that there is an excellent chance of securing at a low cost the Webber property, upon which what is known as the old packing house, is located, and this, it is believed, would be a convenient place for the stove works, providing good shipping facilities.

The company as incorporated was the Peterborough Heater and Radiator Company, so that at that time it is pretty certain that the intention was to locate the works here, and, while the Mayor has slight hopes, he would like to induce Mr. Howard, who personally is much pleased with Peterborough, to locate here.

Baggage Checking Arrangements Made

An Agreement Which Will be Greatly Appreciated by Tourists--Railway Will Check Baggage to Stony Lake Resorts, while Steamers Will Also Check to Railway Points.

Examiner Special

Lindsay, May 19.—Recently Mr. C. S. Legie, secretary of the Trent Valley Navigation Company, Mr. F. C. Young, representing Stony Lake steamboat interests, and Mr. G. W. Hay, assistant superintendent of baggage, Grand Trunk System, met at the Benson house and came to a decision which will add greatly to the comfort of the increasing number of American visitors to our lakes.

Heretofore, when homeward bound after a holiday at Bobcaygeon, Chemong, Burleigh Falls, or some of the Stony Lake resorts, tourists have had to recheck their baggage at Lindsay or Lakefield G.T.R. stations, and as the steamers at times make extremely close connections owing to fog and other causes it happened occasionally that time was not afforded to do the checking and needed baggage had to be left behind—in some instances to go astray and cause no end of trouble in finding it afterwards. Ladies found the worry particularly trying to the nerves.

As a result of arrangements made by Messrs. Hay, Legie and Young, this season all this baggage will be checked on board the steamers by the parsons, and tourists will be carried free. Properly tagged, their effects will be removed from the steamer to the train by a Grand Trunk carter, while the owner may devote his or her attention to a more pleasing pursuit than baggage chasing.

Omemee Rector Has Resigned

Rev. J. H. Teeney May Leave Christ Church.

Examiner Special.

Omemee, May 19.—Rev. J. H. Teeney, rector of Christ church here, has handed his resignation to the Bishop of Toronto, and announced to his parish his intention of leaving in the near future. This news came as a most unpleasant surprise to his parishioners, and it is understood that an effort is being made to induce him to reconsider his determination to leave Omemee. As yet he has not stated whether he will consent to do this. Rev. Teeney has been rector of Christ church for five years, succeeding Rev. E. A. Langfeldt upon the latter's removal to Peterborough. During the time that Mr. Teeney has been here the church has continued the prosperity which was commenced under his predecessor, and should he decide to leave there will be general regret felt. The present salary is $850 with rectory, and it is understood that Mr. Teeney has been offered an increase of $100 a year if he will consent to remain. The finances of the parish are in a good condition.

Chief Engineer's Offer Accepted

Dredgings Will be Deposited Accross the C.P.R. Tracks.

At last night's meeting of the Board of Works the offer of J. G. Sing, Chief Engineer of Public Works for Ontario, to deposite the dredgings from the river over the C.P.R. tracks so that the city could use it to fill in the pond between the tracks and the western bank, was accepted.

Some discussion took place as to the proper way of disposing of the dredgings, and it was decided to leave the matter over for a few days so that the cheapest way can be determined upon.

Mrs. Jolliffe Was Honoured

At the "At-Home" Yesterday in Charlotte Street Sunday School.

A much enjoyed At Home was held yesterday afternoon in the Charlotte Street School House from the hours of 4 to 7 o'clock, the feature of the occasion being the presentation of an address to Mrs. (Rev.) Jolliffe. A dainty supper was served and much appreciated instrumental solos and duets were given by Misses Campbell and Clarry.

Mrs. Jolliffe, who was taken by surprise, thanked those remembering them for their kindness and feelingly referred to her pleasant associations with them in Peterborough. Following is the address:—

Dear Mrs Jolliffe,—

We, the members of the Ladies Aid Society, and the Women's Missionary Auxiliary, of the Charlotte Street Church, gather, on this occasion, to express to you our appreciation of your services and labours of love, and to rejoice at the unprecedented success and prosperity that have attended our Church and Societies since you have been amongst us.

We have found in you a cheerful co-operator, a kind adviser, a sympathetic friend and one ever ready to give cheerful assistance. When opportunity offered, your home has always been at our disposal and especially at our recent "Temple of Fame" your home and services were most highly valued and gratefully appreciated.

We are indebted also to every member of your talented family, whose efficient services we have seen and appreciated in all the varied departments of our church work.

In looking over the past term we find that there has been much to value and enjoy and now mingled with these pleasant experiences we find feelings of regret at your approaching departure.

We realise we are losing a friend, but retaining an enduring friendship. We need not ask you to accept our best wishes, but desire this token to be a remembrance of the labours and joys we have shared together.

Signed on behalf of the Ladies' Aid Society and the Women's Missionary Auxiliary.

MRS. H. A. YENNY,
President L.A.S.
MRS. J. KILGOUR,
President W.M.A.

AUCTION SALE

OF

Valuable Water Power

Situated at Peterborough, Ont.

James M. Lowin, Trustee, will offer for sale at Public Auction his developed water power on the east side of the Otonabee River, known as

"THE LOCKS WATER POWER"

at the outlet of the Little Lake, Town of Peterborough, Ont.

The normal fall at this point as ascertained by Engineer of Trent Valley Canal is 23-10 feet.

The owner possesses the right to sustain the head to high water mark which does not interfere with navigation or riparian rights, giving a head of about 10 feet which would give an effective horse power of about 2,414. There is entire immunity from ice difficulties; a concrete dam is constructed and maintained by the Dominion Government.

The property contains seventeen acres on which are two dwelling houses and a large stable, and has over eight hundred feet frontage on the river.

It has direct connection with the main line of the Canadian Pacific Railway, also the Grand Trunk Railway at Peterborough; also direct navigation from Georgian Bay and to Montreal by the Trent Valley Canal, when completed.

The Sale will take place on WEDNESDAY, the 13th day of JUNE, 1906, at the hour of 2 o'clock p. m., by MESSRS. CHARLES M. HENDERSON & CO., Auctioneers, at their AUCTION ROOMS, Nos. 87-89 KING STREET, EAST, in the City of Toronto.

The sale will be subject to a reserve bid.

Further Information may be had from the undersigned.

MESSRS. MARSH & CAMERON, Solicitors, 28 Toronto St., Toronto, or JAMES M. IRWIM, D. L. S., Kenora, Ont.

Mr. R. R. Hall, M.P., Speaks on Transportation

A Demonstration of How Ontario Millers and Grain Growers Would Benefit by Improved Transportation —Canal Improvement Called For.

Ottawa, May 15, 1906.—One of the notable speeches on the transportation question in the House of Commons yesterday was made by Mr. R. R. Hall, the member for West Peterborough, on the motion of Mr. Bennett calling for the report of the Transportation Commission together with all the evidence taken therewith. Mr. Hall began by pointing out the great advantage that would accrue to the flour millers and grain growers of Ontario from an improvement in the transportation system, a handicap being created by the existing freight rates. He gave statistics to show the amount of flour, oatmeal, and other cereals exported from Canada in recent years. In a general way, he pointed out the importance of the subject, and referred to the policy of New York State which is expending $100,000,000 in improving the Erie Canal.

Complimented Government.

He complimented the Laurier administration on the attention they had given to the subject, and referred to the documents presented by the Transportation Commission as affording food for thought all over the Dominion. In particular, Mr. Hall referred to the question of deepening the Welland Canal, and gave the freight rates now existing between Fort William and Kingston, based on figures given to him by Mr. H. W. Richardson, of Kingston, one of the largest grain dealers in Canada. Then, he pointed that if the Welland Canal were deepened to 20 feet the saving that would be effected in freight rates. The difference between the two charges would be 3 1-2c. a bushel.

Great Lakes' Traffic.

Taking the tonnage of the Great Lakes Mr. Hall compared them with that of other places, and used a statement furnished to committe on Rivers and Harbours at Washington last month in which Mr. S. A. Thompson, of Duluth, clearly showed that the tonnage of the Great Lakes exceeded by far that of the Suez Canal, for example, and a fair share of this would be of enormous importance to Canada. The tonnage in the lake ports of the United States alone was seven times as great as that which pass s through the Suez Canal.

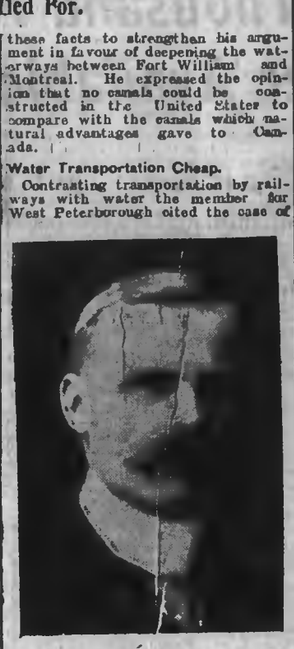
There was no question that if the Canadian waterways were deepened as he suggested, that there would be a great addition to the traffic passing down to Kingston and Montreal, and if the Welland Canal was deepened to twenty feet large vessels could proceed as far east as Prescott without breaking bulk. Mr. Hall pointed out that the rate per ton mile is five times higher upon the Erie Canal Canal than upon the Great Lakes, thus emphasizing the great importance of deepening the waterway from Fort William to Montreal, either by way of the Welland Canal and the St. Lawrence, or by of the French river and the Ottawa. He quoted the opinion of Mr. Thompson of Duluth in his evidence before the Committee of Rivers and Harbours at Washington as holding up the great possibilities consequent on the construction of the Montreal, Ottawa and Georgian Bay Canal. Mr. Thompson stated that this canal would have a depth of not less than fifteen feet and could be made twenty. Dwelling on the importance of competing for the immense lake trade, Mr. Hall stated that the latest returns gave that trade to amount to 53,000,000 tons at the different lake ports of the United States. Mr. Thompson had pointed out that lake commerce in the past had always outrun all provisions made for it. The most sanguine possibilities always fell short of reality.

Small Locks Condemned.

The member for West Peterborough then proceeded to point out the waste of money expended on small locks and pointed to the experience of the United States in building their canal system. He then dwelt on the cheapness of freight carried in large vessels compared with small. As fast as the vessels plying on the Great Lakes increased in size the rates were correspondingly reduced, from 5c a bushel even as low as 1c. from Fort William to Buffalo. Mr. Hall used these facts to strengthen his argument in favour of deepening the waterways between Fort William and Montreal. He expressed the opinion that no canals could be constructed in the United States to compare with the canals which natural advantages gave to Canada.

Water Transportation Cheap.

Contrasting transportation by railways with water the member for West Peterborough cited the case of



MR. R. R. HALL, M. P., Whose Excellent Speech on Transportation is Given in This Issue.

Germany which had 9,000 miles of inland navigation which cost $150,000,000 to provide, and the canals now under construction in that country will cost about $30,000,000 more. Dealing with the case of France he pointed out that that country had 7,000 miles of canals, and also that the city of Glasgow had spent $70,000,000 in improving the river Clyde, with the result that Glasgow is today the largest ship building centre in the world. Newcastle has expended $50,000,000 on the river Tyne and Manchester $30,000,000 on the improvement of the river Mersey.

Profitable Investment.

In view of these and other facts presented by Mr. Hall, he made an appeal to Parliament to approach this subject in a large way and undertook to say that there was no investment Canada could make which would be more profitable than the improvement of the waterways. Looking at the suggestions of the transportation commission he admitted that it would mean the expenditure of a very large sum of money, but claimed that it would be well invested. He again laid special stress on the fact that the United States could not possibly compete with us in this regard. Dealing with the question of the increase of the national debt which would naturally be involved if the policy he advocated were carried out, he likened it to the case of borrowing money for the purpose of investing it in improvements, and in this connection he again quoted the United States which had made enormous expenditures with splendid results. This was forty-five years ago, and if this century is to be the century for Canada, as Sir Wilfrid Laurier predicted, then it could well afford to increase the national debt by $100,000,000 or $200,000,000, and to invest that money in the improvement of our waterways, and thus afford the means of getting a large share of the 53,000,000 tons of traffic which is now on the Great Lakes and which is constantly increasing.

To his mind it would be of vital importance to our great Northwest which it would increase in value, and of great assistance to our manufacturing establishments in Ontario and give those, as well as others in different parts of Canada, a great advantage over the factories in the United States. They would be able to get in their raw materials at much cheaper rates than foreign countries, and consequently would be able to manufacture cheaper and apply the trade to our great and growing West.

Mr. Hall's Excellent Speech.

As Mr. Hall proceeded in his speech it was evident that he had obtained the ear of the House and his argument was being closely followed by the members present. He concluded by insisting on the great importance of improving our waterways on the business ground that for every dollar invested there would be a three-fold return.

Mr. Hall was heartily applauded on resuming his seat and was followed by others in a very interesting debate to which Mr. Schell the member for Glengarry, made an important contribution. The debate was adjourned on the motion of Mr. Wright, the member for South Renfrew.

Made A Record Trip In The Far Yukon

Two and a Half Thousand Miles Over Ice of Northland--Adventures and Experiences--E. Higgins Made Long Journey This Winter by Almost Continuous Travel in Out-of-the-Way Parts of the Country.

Dawson, May 19.—Eugene Higgins, one of the champion mushers of the Klondike, got in a round trip of Yukon and Alaska. Higgins was in business as a trader at McQuesten for some years, but his partner desired to go outside and quit the business. While Higgins was in town last January buying supplies that he was about to freight to McQuesten with his splendid dog teams, he received a most advantageous offer to freight a man from here to Fairbanks, and from there to Valdez.

The man was C. M. Shaw, travelling man for the West Coast Grocery Company, of Tacoma. Higgins undertook the contract to take him from here to Fairbanks, and from there to salt water, and Mr. Shaw stipulated that he should be taken to Cold Bay, opposite Kodiak Island, where there is a boat once a month in winter. Mr. Shaw did not like the Valdez trail from what he had heard of it.

Higgins left here with his passenger on the 26th of January with two dog teams, one of four and the other of three. They made Fairbanks in twelve and one-half days, after staying one day on Cleary. They stayed in Fairbanks thirteen days and then started for Cold Bay.

From Fairbanks to Fort Gibbon is 230 miles. They made this distance and then went down the river as far as Nulato, another 225 miles, where they found out that there was so much trail to make that they determined to turn back and go out by way of Valdez after all.

So on March 10 the dogs were headed for Fairbanks, which was reached in ten days. Mr. Shaw raced in Fairbanks one day and then struck the Valdez trail. With the splendid dogs they had, and Higgins to push them along, they made the trip in eleven and a half days, after laying over one day at Ernestein on account of a heavy snowstorm.

"Then there was a rush," said Higgins last night. "Don't ask me anything about Valdez, because, although I was there, I did not see anything of it. You know, I had contracted to take Shaw to salt water, to Cold Bay, in fact, but this contract was afterward changed and I agreed to land him in Juneau on a certain date. And I did it.

"There was a boat in at Valdez when we arrived there, the Santa Anna, bound for Juneau. In double quick time I was on board with my passenger and the dogs, and the boat. So I saw nothing of Valdez.

"But you can ask me what you like about the Valdez trail. Say, that is a—but what I am telling you will be in the Sunday paper, won't it? So I'll put the brake on. But I would like to say this: If you hear that someone has killed a road-house keeper on that trail, suspend your judgment. I ask that for good reasons. The murderer might put in a good plea of justification.

Why, they charge $2 for a layout at some of the places, and always $2 for a bunk. There was one place that did not look good to us, but we were tired out, and with the dogs, made ourselves as comfortable as possible under a spruce tree. The next morning that road-house keeper wanted to collect $2 each from us all the same. But Shaw, you see, has a legal mind, and he demanded that the road-house keeper should show us his title to the spruce tree under which we had slept.

"That Valdez trail is the very worst, to use real Sunday words. We met one party 30 miles out from Fairbanks that had spent 33 days on the trail. We met Simons' theatrical party, all of them walking ahead of their outfits. We also met quite a lot of Finlanders pushing their outfits through on skis. They were not making very fast time, either.

"You see, the last 120 miles of the trail is a series of deep chuck holes were several years old, but he may have been joking. It is a fact, however, that my dogs ran me into one of them and I found a couple of big freight trains tangled up at the bottom. The freighters said they had been there a couple of hours trying to bring off a horse trade.

"There were a lot of fellows on the trail travelling light. I asked one of them what he called light, as he did not seem to be overburdened. 'What do you mean by light?' I said to him. A handful of granulated potatoes in my left vest pocket and two slices of bacon in my right vest pocket,' he said.

"Well, the Santa Anna duly delivered us at Juneau, and I caught the Cottage City to Skagway. There I had just time to get my dogs on board the train, and we arrived at Whitehorse.

"I rested at Whitehorse a day, meeting many acquaintances, and then struck the trail for home. I made it with my dogs in six days, arriving here this morning with the dogs just as good as when I left here. I may say that I lost one dog. He got sore feet soon after we passed Circle, and rather than that he should go into any other hands, I killed him and bought a couple of other dogs at Charley River from the mail carrier.

"Kind to my dogs? Yes, I suppose they like me. But let me tell you my opinion of travelling with dogs. The only way is to club 'em all day and feed 'em good at night. Then they don't get loggy. See?

"Yes, it was a pretty long trip to mush. I think my dogs made altogether about 2,200 miles this trip. The worst day we had we made 16 miles, and the best day 72 miles."

Why the Widow Didn't See Coney

Her Guide Disappeared and With Him Her $500.

Examiner Special.

(Saturday Foreign News Service)

New York, May 19. — They sat nights on her mother's porch in Schenectady, and the star boarder, Andrew Gogenberger, who worked for the General Electric Company, told the landlady's daughter, Mrs. Anna Untold, of the wonders of New York. She is a widow, pretty, and with a bank account; yet she had never seen the city. When he described Coney Island the widow exclaimed:

"I am going there—I am going."

And she came here last Saturday. In the Harlem Police Court yesterday she told the magistrate that Gogenberger reminded her that it took money to see New York, so she drew from the bank $500. With this amount in a safe place, and with Gogenberger as guide, she spent two days going everywhere in Manhattan.

Coney Island was still to be explored. On Monday morning, according to the widow, Gogenberger said to her:

"Coney Island is an awful wicked place. Oh, you can't imagine what terrible people there are down there. You had better let me take your money, and then you will be sure not to lose it."

She handed him the $500. She did not hear from him again until night. Then came a postal card which read: "Good bye, Anna. A. G."

A WELL-KNOWN BANDA MAN SPEAKS

A Well-Known J. P. is Cured of Kidney Trouble of Long Standing by Dodd's Kidney Pills.

Banda, Ont., May 18.—(Special.)—There is no one more widely known and highly respected in this section of the country than Wm. Bell, Esq., J.P., and the statement he makes below, concerning his cure by Dodd's Kidney Pills bears weight and carries conviction with it.

"For more than a year I was a sufferer from kidney trouble," Mr. Bell says. "Always in pain, at times the agony would become unendurable and I was practically unable to attend to any of my duties. I doctored with several local physicians and tried every means to get cured, but without success. At last I was induced to give Dodd's Kidney Pills a trial. I have the greatest pleasure in stating that they drove away the pains entirely and restored me to my old time health and strength. I am sure I owe this entirely to Dodd's Kidney Pills."

THE WEATHER

A decided, and to many an agreeable, change to much cooler conditions, now prevails, and the unseasonable warm weather is now a thing of the past. Last night the lowest temperature reached was 49 degrees. The highest temperature yesterday was 86 degrees, the thunderstorm in the afternoon ushering in cooler weather. The rainfall in the thunderstorm was .44 of an inch.

Expert Tea Blending

HAVE you ever tried to blend colors to match the shade of the red rose?

Pretty difficult, yet an expert can do it easily.

Why? Because he can tell by looking at the rose what colors are required to produce that tint or shade. He can make that precise color every day in the week.

Just as the artist in colors blends the tints of the red rose, so my artists in tea blend the "rich fruity flavor" of Red Rose Tea.

With expert knowledge and intuitive skill he selects the particular picking of rich, strong Indian tea and the precise grade of fragrant, delicate Ceylon, and by skilful blending produces the peerless flavor of Red Rose Tea—a tea which for delicacy and strength is matched by no brand of Ceylon alone.

Red Rose Tea is good Tea

A Good Medicine.

—The patient getting discouraged with his physician's treatment, asks his opinion of Dr. Roscoe's Rheumatic Remedy. He replies, "It is a good medicine but it would kill you." In his present condition he may as well be dead, so "kill or cure," he takes the medicine and is perfectly well in a few days. We have frequently heard this. 3eod

PERSONAL MENTION

Mr. J. T. Reid, of Montreal, was in the city to-day.

Mr. Walter Riddle, of Pittsburg, Pa., is spending a few days in the city.

Mr. J. E. Sullivan went to Harwood to-day to referee the Keene-Harwood football match.

Mr. Harry White of the post office staff returned home yesterday morning from Pasadena, Cal., after spending a very pleasant vacation.

Mr. Newton Stewart, of La Riviere, Man., arrived in the city this morning and will spend a few days visiting friends. Mr. Stewart was a former resident of Otonabee, and has been out west for the past 15 years.

Mr. K. Patterson of Peterborough, was in town yesterday on business..... Mr. Richard Sheehy of Peterborough, contractor, was a guest at the Benson house yesterday.—Lindsay Post.

Rev. W. J. Jolliffe left this morning for Cobourg. He will conduct the anniversary services in the Methodist church there to-morrow.

Dr. Westgate was visiting at his home in Pickering this week. During his absence Dr. Steele of Peterborough took charge of his veterinary practise.....Miss Nettie Isbister of Peterborough, spent a few days in the village this week visiting friends.....Messrs. W. W. Leonard and W. Hurl, were in Peterborough on Wednesday on business.—Lakefield News.

Mr. John McFadden, of Merrill & Meredith's, was up to Stony Lake yesterday opening his new summer cottage, "Happiland," for the season. He reports a ferocious storm and says the state of the weather was such as to make him think he had been fortunate in selecting the name for his summer residence.

Preserving Pineapples.

We would advise our customers to secure their pineapples for preserving, within the next ten days. They are now at their best for quality, and price is probably lower than it will be later. S. A. Oke, 376 George street. Telephones — Machine, 18; Bell, 18.

WITH THE SMALL FRY

Mr. Ernest Tuck, of Dundonald, had a very narrow escape last week from instant death by being attacked by a bull that was not dehorned.—Warkworth Journal.

Mr. Wallace Dunnett has purchased a cream separator for his own use when the milk is not sent to the cheese factory.—Edville correspondent to Warkworth Journal.

Jack Sandy, son of Mr. Harry Sandy, of Manvers, started on Monday as new junior in the Bank of Toronto. The boy from Manvers is welcome to town.—Millbrook Reporter.

The fronts of the stores of Mr. H. Brundrette and Mr. W. A. Russell, John street, have been improved in appearance by a coat of white paint. Mr. Russell has also had plate glass windows put in.—Port Hope Times.

Mr. Frank Haney, of the Ontario Bank, has imported a white bull puppie of the most approved waltz dog type. His pedigree may be all right, but his infantile canine yelps are not conducive to heavy thinking at the Reporter office overhead.—Millbrook Reporter.

The dead maples on the streets are being replaced by new ones, and it is hoped that parents will impress on their boys the necessity of not pulling and twisting them in passing, as it means death to the trees.—Millbrook Reporter.

Our village has been very quiet so I thought I would write a few items to tell you we are still on the land of the living. We notice a number of farmers from around here visited Cobourg often during the past month, and we wonder if there is anything special going on there. A couple of young ladies from our village were visiting friends near the four corners on Sunday last.—Canton correspondent to Port Hope Times.

Mr. Curtis, who owns the land on which is Mr. Rosevear's coal yard, has extended the fence, thus enclosing the land at the north corner opposite Barrett's terrace. This little piece of land was formerly enjoyed as a playground by the children of the neighbourhood, and will be much missed by them.—Port Hope Times.

The Blue Ribbon Army have done so much good in the recent campaign, that we think they ought not to be afraid to try their hand at getting the Lord's Day Alliance in force in our vicinity. A summer coon was at work on machinery all day Sunday, which is not only a direct contradiction of the fourth commandment, but it is also a serious source of discomfort to the Christian people in the neighbourhood to hear the sound of the hammer on the Sabbath. We sincerely hope for alliance soon. On account of the wet weather only a small number turned out on Sunday morning. There are too many fair weather Christians around here. What we want is rainy day ones. The people of Oak Hill are not afraid of getting their hats spoiled. —Elizabethville Correspondent to the Port Hope Times.

If perchance a copy of this paper should fall into the hands of any who are in search of a new location where you can live out your allotted number of years without pestilence of famine, we say, like one of old, "Come thou with us and we will do thee good," without emphasis on the "do."—Warkworth Journal.

The village council is having a hundred shade trees planted on the market square, and Mr. John H Braadon is putting in a couple of dozen in front of his handsome residence. Other citizens have put in smaller numbers. That's right, gentlemen.—Fenelon Falls Gazette.

Seeding in this district is completed, and the fall grain is looking fine. The farmers are now busy planting the root crop. — Hastings Star.

Beginning with next Sunday, the 20th, the Methodist Sunday school will be held at 9.15 a.m. The bell will be rung at 9.15 a.m. for Sunday school, and at 10.30 a.m., for church service.—Hastings Star.

The Results of Weak Blood

TIRED BRAIN AND BODY AND LANGUID, WORN-OUT FEELINGS—CURE IN

Dr. Chase's Nerve Food

In the spring the blood is lacking in the red corpuscles wherein is found the life-giving principles which put snap and energy into the system—making the body active and the mind alert.

For lack of red corpuscles in the blood, the lungs are weak, the action of the heart feeble, the stomach fails to properly digest the food, the liver kidneys and bowels become sluggish and inactive.

Dr. Chase's Nerve Food overcomes these conditions because it contains the very elements of nature which go to increase the number of red corpuscles in the blood.

Mrs. Gross, 148 Rubidge street, Peterborough, Ont., states: "I have used Dr. Chase's Nerve Food in my family, and have found it to be a great nerve builder. One of my children had been troubled with nervousness for a number of years, and suffered greatly from dizzy, nervous headaches. Dr. Chase's Nerve Food has entirely cured her of these symptoms, and to-day she is real strong and healthy. We do not lose an opportunity of recommending this splendid medicine."

It is interesting to note your increase in weight from week to week while using Dr. Chase's Nerve Food; 50 cents a box at all dealers, or Edmanson, Bates and Co., Toronto.

MUSIC AND DRAMA

MR. FIELD'S LISZT — RUBENSTEIN RECITAL.

The great musical recital given at the Y. M. C. A. Hall last night represented an era in Peterborough to the interests of piano music. The Liszt-Rubenstein evening, given by Mr. H. M. Field, of Toronto, and of the staff of the Peterborough Conservatory of Music, was an occasion on which some of the greatest works of these great masters were presented in a manner which could not be surpassed, if equalled, by any pianist on this continent. Mr. Field, it was announced and expected, was to be assisted by Herr August Wilhelmj, the noted lyric baritone, and Miss Heath, reader. But at the last moment Mr. Wilhelmj became ill and was unable to come to the city at all. This was a great disappointment to the audience which filled the hall and was, perhaps, one of the most musical gatherings of a similar size ever convened in the city. To those who knew Wilhelmj as an artist, a reference to the programme, as promised, showed what a great enjoyment was missed. But Field was a host in himself—and in the presentation of five double numbers and a Liszt rhapsody, achieved a triumph, which must have been, nay, even to himself. During his playing Mr. Field, it is no exaggeration to say, held his audience spellbound, and he was given an appreciative and enthusiastic applause that only piano playing like his could evoke. The programme selected and given was a well-balanced one, and consisted, with one exception, of double numbers of contrasting character, whose presentation displayed the versatility of virtuosity of which Mr. Field is capable. The piano programme consisted last night of Liszt's Consolation in G Flat, and Valse Impromptu by the same writer. This was followed by "Love Dream No. 1," and the Liszt setting of the Tannhauser March. While the preceding numbers were played exquisitely, the production of the Wagner excerpt was simply magnificent, the tours de force it demanded were given with an ease and dynamic capability, which, while strenuous, converted into tempestuous melody what, in less capable hands, would be mere Wagnerian noise. The storm of applause that followed was only abated by an encore number, Field's Nocturne in D flat. Another Liszt number, Barcarolle and Tarantella—"Venezia e Napoli," from the "Italian Trip," was magnificent music magnificently rendered. The Schbert-Liszt "Wohin?" whither? was marked also by a grand finale of wonderful energy and eloquence. The Rubenstein-Bilote (the latter a pupil of the great master) "Leginka," was also grandly applauded, and for an encore the Chopin prelude in D flat was exquisitely given. "Two Concert Studies" by Liszt and Rubenstein, respectively, served to display the tremendous technique of Mr. Field. The Rubenstein study, especially, in D flat and E minor, showed unflagging capacity for sustained effort, and a Paderewskian wrist power. The latter called for another encore number, a Chopin Mazurka. Mr. Field's closing number, Liszt's Rhapsodie No. 14, summed up the performer's versatile ability as represented by his magnificent tours de force, rippling roulades of beautifully even flow and wonderful arpeggii, that ran like spheres of pearl over silver sand. One cannot without himself rhapsodizing, speak of the wonderful presentation of this closing selection, which was, however, no finer display of artistic ease of execution and intelligent interpretation than any of the preceding selections. It is fortunate for Peterborough that, as a member of the faculty of the Conservatory of Music, it has an artist like Mr. Field to both interpret in so brilliant a manner the works of the great composers, but available to give instruction to our ambitious local pianists. Mr. Field has often been heard here, and, while one felt, in hearing him, how greatly he excelled nearly all others, one also felt last night how splendidly Field excelled himself. He never was in better form and never presented a stronger claim to prominence as a piano virtuoso.

Mr. Field was assisted by Miss Adelaide M. Heath, of the Conservatory faculty, who read selections from "Evangeline" with a beautiful sympathy and expression, and another selection in a very clever manner, which provoked a hearty recall. Miss Heath is a very capable reader—treating her subjects with sympathy and expression of a very attractive nature.

"WHAT HAPPENED TO JONES"

A hearty laugh will cure more than a barrel of medicine, so if you are blue, or are in trouble, go to see "What Happened to Jones." You'll laugh the heartiest laugh you ever laughed. My word! but you will laugh, and when you are through laughing once you'll start all over and laugh again. You'll laugh steadily for over two hours. You'd laugh longer, only the play runs out in about that time, more's the pity.

"What Happened to Jones," by right of conquest, owns the title of the "masterpiece of farce comedy." It has conquered more audiences than any play, farce or otherwise, in a decade.

When the curtain goes up on the first act there is a laugh; when the curtain goes down on the last act you are still laughing, and what is more consoling after a hard day's work than a good, hearty laugh? It makes life worth the living, doesn't it?

The company, headed by Richard Milton, is acclaimed everywhere as the strongest ever seen in this play. In Mr. Milton's support will be seen such well known artists as Edward Fawcett, DeWitt C. Mott, Harry Doynton, W. J. Kane, Juliette Atkinson, Marie Rawson, Emma Gallagher, Bertha Livingstone, Edith M. Cooke and Eva Marley.

Peterborough is indeed fortunate in securing the booking of an aggregation like this. "What Happened to Jones" appears at the Grand on Wednesday, May 23.

TWO BEAUTIFUL WOMEN WHO ESCAPED SPRING CATARRH BY TAKING PE-RU-NA.

Spring Fever Is Spring Catarrh—Nothing Robs One of Strength Like Spring Catarrh.

Miss Nellie Condon.

Mrs. Hattie Hamilton.

Pe-ru-na Is a Fine Tonic For a Weary Woman.

A Letter of Praise.

Miss Nellie Condon, 450 7th Avenue, Brooklyn, N. Y., writes:

"I consider Peruna the ideal spring tonic.

"For the past five years I have taken it at this time of the year and find that it enables me to endure the variable weather of the spring and the trying heat of the summer."

Peruna affords the most prompt and permanent relief in all cases of nervous prostration, caused by systemic catarrh, as verified by many cures on our records.

Gained Eighteen Pounds.

Mrs. Hattie Hamilton, R. F. D. 2, Sparta, Ky., writes: "I have taken two bottles of Peruna and commenced on the third.

"I did not really need the third one, but thought it best to take another bottle.

"I have always weighed 102 pounds, but since I began taking Peruna I weigh 120 pounds for the first time in all my life, and I am now 33 years old.

"Your medicine has surely done me a great deal of good and I have recommended it to several others who have begun taking it.

"My mother, who is 76 years old, had grown so weak she could scarcely walk.

"She took two bottles of Peruna and is fleshier and is looking well."

A Spring Tonic.

ALMOST everybody needs a tonic in the spring. Something to brace the nerves, invigorate the brain, and cleanse the blood. That Peruna possesses such qualities is beyond all question.

We have on file thousands of letters which testify to the curative value of Peruna in cases of nervous depression and run down conditions of the system.

A Typical Letter.

Mrs. Rhoda Stufflebeam, Bunch, Iowa, writes:

"For years I suffered with catarrh of the throat and bronchial tubes.

"I doctored with different physicians, but kept getting worse all the time.

"This spring I took a cold which settled on my lungs. I had such a cough I could not rest at night. My friends, and I myself thought I had consumption.

"A friend advised me to try Peruna. I bought a bottle and wrote to you for advice. Before I had taken one bottle, my cough was better so I concluded to give it further trial.

"I followed your directions as closely as possible, and thanks to you and Peruna, I am a well woman to-day."

Peruna never fails to prevent spring catarrh or nervous prostration, if taken in time.

Pe-ru-na Contains No Narcotics.

One reason why Peruna has found permanent use in so many homes is that it contains no narcotics of any kind.

Peruna is perfectly harmless, if taken according to the directions on each bottle. So used, it can be taken any length of time without acquiring a drug habit.

It has no bad effect upon the system, and gradually eliminates catarrh by removing the cause of catarrh.

There are a multitude of homes where Peruna has been used off and on for twenty years.

Such a thing could not be possible if Peruna contained any drugs of a harmful nature.

Address Dr. Hartman, President of the Hartman Sanitarium, Columbus, O.

Miss Armstrong Given Gold Ring

Presentation Before Her Departure for Moose Jaw.

Last night Miss Gertrude Armstrong of the Girls' Armature Department of the C. G. E., was surprised by her girl friends, and presented with an address and a gold ring, before her departure for the west. The presentation was made by Miss M. Lockington.

The following was the address:

Dear Gertie:

It is with feelings of sincere regret that we assemble here to bid you farewell on the eve of your departure from the city. Your kind and loving disposition has won for you many friends since your advent amongst us. Your ever ready smile, which cheered us in our round of duties will indeed be missed when you are far away.

Our annual excursion will lack your cheerful presence and willing co-operation. However, we must not be selfish. We know that in transferring your sphere of activities you are taking a step which will furnish you with greater scope for your undoubted zeal and energy, and will no doubt bring to you greater benefits than you could hope for in the field which you are leaving. We will ever remember you, Gertie, and that you may not forget us we ask you to accept this ring which will serve to remind you of the circle of friends to whom you have endeared yourself during the three years that you have been amongst us.

Now, dear Gertie, although you may put miles of continent between us, we sincerely hope that we may hear from you often and even see you occasionally, that we may keep fresh in our memories the many pleasant days we have spent together.

Signed on behalf of your girl friends.

Miss Armstrong leaves for Moose Jaw, Alta., on Tuesday morning, where she will enter the hospital there.

SATURDAY, MAY 19, 1906.

SENATE REFORM.

Sir Richard Cartwright, who has consecrated with splendid effect so much of his life to the promotion of national Canadian interests, is earning new laurels in the closing days of his career. On Wednesday he made an address in which he suggested a mode of Senate reform, aiming to bring that body more in line with the spirit of representative institutions. His proposal is a compromise. Sir Richard, though he has passed the three score and ten mark, and is physically handicapped by a distressing rheumatic visitation, still has a vigourous intellect and an incisive skill in the cut and thrust of argument. We all grow more conservative as we grow older, but Sir Richard is proposing a somewhat radiant change, in that it provides for a senatorial body, one-third to be elected, and two-thirds to be appointed. Sir Richard does not favour interfering with the life membership of the present Senate, but would provide for forty-eight elective Senators in four groups of twelve each — that is to say twelve each from Ontario and Quebec, twelve from the Maritime Provinces, collectively, and the same number from the Northwest Provinces collectively. In order to prevent a deadlock the Government should have the power to appoint twenty-four Senators, or one-third of the total membership of seventy-two, which would be the numerical strength of the Senate when the present incumbents had departed. The Minister of Trade and Commerce dislikes exceedingly the idea of direct election of Senators, which, in his opinion, would be an unfortunate plan to adopt. As to the personnel of the Senate, it should represent both parties fairly and in due proportion, and there should be a large percentage of men of long experience in public affairs. In the appointment of Senators, Cabinet Ministers of several years' standing should come first, next Lieutenant-Governors and Premiers of Provinces, or Judges of the higher courts. If these sources failed to yield the requisite number, then recourse should be had to the House of Commons, those eligible to be men of twelve or fifteen years' service. A substantial legal element might also be incorporated. The Senatorial term should be limited to twelve years. Sir Richard would give more authority to the Senate, which, although at present theoretically a co-ordinate branch of the Legislature, has too little practical power. The whole body of private legislation should originate in the upper House, and in addition to the right of rejection, power to suspend consideration until the following session of important measures brought in at a late period of the session should be conferred. The power of suspension, however, should be limited to two years, and if the House had, on three successive occasions, passed a particular measure, the Senate ought to concur and allow it to become law. The Senate has enjoyed a serene and apparently endless existence, and claimed a sacredness which seemed to forbid interference with its prerogatives or form existence. While the Senate has been the subject of various opinions as to its usefulness or uselessness, it has, on the whole, perhaps, performed an important function in our scheme of legislation. It has heretofore resisted attack successfully, and successfully guarded its placid and respectable dullness. It is something like poetic justice that the plea for reform should come from the Senate itself. In religion, when a man realizes his sinfulness, he is near doing better, and when the most distinguished and able members of the Senate recognize the weaknesses and failings of that grave and reverend body, there is a change impending. But so far, Senate reform, or, at least, Senate change, is only in the academic stage. There will be a great many pages of Hansard filled, many suns will rise and set before Sir Richard's, or some other plan, will become an accomplished fact.

PULPWOOD.

The pulp situation in New York state is of interest to Canada, especially the province of Quebec. The home supply of pulp wood in New York state is found chiefly in the Adirondacks, and this source of supply is so depleted by cutting that, at the present rate, the supply will be exhausted in seven years, and the supply in the other parts of the state will disappear in three years. There are nearly forty millions of dollars invested in the pulp industry in New York State, and all this would be thrown into idleness in a few years if Quebec should follow the example of Ontario and prohibit the exportation of pulp wood in an unmanufactured condition. A large proportion of the pulp wood used in the forty-five paper and pulp mills operating in the vicinity of Watertown, N. Y., is drawn from Quebec. Under these circumstances it is clearly the proper policy of Quebec to husband more carefully its splendid pulp wood resources, which are becoming automatically more valuable — by annual increment of forest growth, and the increasing price of pulp woods due to the demands of manufacturers. The tremendous increase in the past generation in the price of building timber will be repeated within the next generation in the matter of pulp wood, and it behooves Canada, which has such extensive supplies, to use the greatest prudence and economy in cutting, with accompanying due regard to reforesting, in order to preserve in a practically perennial productive condition, this great and increasingly valuable national source of wealth.

ASQUITH'S CASE RE DISARMAMENT.

It was Mr. Asquith's duty as well as his opportunity, to comment, in his first budget speech, upon the change that had taken place in Great Britain's financial situation since the Liberal Party was last in office. Lord Rosebery left office in 1894. Mr. Asquith begins his story at 1890, for the convenience of making comparisons between the beginning and the end of a ten years' period. The comparisons are highly interesting.

The population in 1890 was 39,600,000; it is now given at 43,600,000, an increase of ten per cent.

The total expenditure in 1890 was £101,477,000; in 1906 it is £141,786,000, an increase of thirty-nine per cent.

Ten per cent. increase of population, four times ten per cent. increase of expenditure.

The army cost £18,270,000 ten years ago; now it costs £29,786,000, an increase of sixty-three per cent.

The navy cost £22,170,000 ten years ago; now it costs £31,869,000, an increase of forty-three per cent.

The national indebtedness ten years ago was £652,287,000; now it is £788,990,000, an increase of twenty-one per cent.

As to the latter item, Mr. Asquith remarked that the increase (a trifle of $680,000,000 in our money) was not represented by any tangible assets. It had all been blown away in powder and shot. In fact almost the whole of the enormous debt had gone in that way, there being "no counterveiling assets, with the exception—a not altogether negligable exception—of the British Empire, which, as we always realize on budget nights, has been built up and defended and developed on borrowed money." Mr. Asquith's reading of the figures thus set out was that "they make a return to more thrifty and economical methods of administration the first and paramount duty of the Government."

On the other hand, it is significant to note that one item of increase comes in for no criticism. In 1890 there was spent on education $10,500,000, while by 1906 there had been an increase of sixty per cent., or a total of $17,000,000, and this year's legislation will pave the way for payment of still another million or more. But the spending of money on this and other social reforms, of whose urgency the presence of the Labour Party is a sure indication, makes it all the more necessary to economize, if possible, on the items of powder and shot. All of which makes it easy to understand why Sir Edward Grey should give willing ear to suggestions about international disarmament.

EDITORIAL NOTES.

Honest methods pay in the long run, but in dishonest methods there will be no long run.

Horton township clerk in Renfrew county, has the record up to date of attendance at township council meetings. He has not missed one in his term of nearly forty years. Such devotion to public duty, is, the Globe thinks, a good example for any municipal officer to set.

Disestablishment in Great Britain, promises to be the next great change, and the House of Lords promises to be the precipitating cause. If that body rejects the Education Bill, the Government will appeal to the country on the issue with, according to the best opinion, a big chance of being strongly sustained. This will be one large stride towards disestablishment.

The most alarming features of the new (Whitney) Government's tendencies, says the Brantford Expositor, is the disposition to multiply the number of officials to transact business, by means of commissions, and to increase the public expenditures. The latter are being pushed up without parallel, and in a manner which cannot prove otherwise than disastrous should the present abnormal receipts not be continued. When in opposition extravagance of the wildest kind was charged by the Conservatives against the men in power, but recent happenings have shown that, judged by standards since set up, the successive Liberal Governments of the province were economical to the degree of meanness.

GARDEN LOVERS GET BACK TO THE SOIL

May Canadian Magazine.

The true garden lover has, in summer, at least, an almost unfair advantage over those unfortunate mortals who do not share his passion. When things go wrong — slightly, moderately wrong, that is — with other less delightful occupations, when life grows complicated, and people are perplexing, he can fly to the refuge of the green, walled garden, and forget small troubles while he wields the rake or hoe. The good brown earth has healing in it, one's trees whisper kindly in the warm wind, and the bird voices have, we think, a friendly note. In the sweet air things assume their right proportions; the freaks of fashion, the endless empty chatter of city life, the strife for wealth, dwindle in importance to their true pigmy size; and what the world counts best of all the thing, shows large enough to fill a man's life.

Bacon sums up the matter with his much quoted "God Almighty first planted a garden, and indeed it is the purest of human pleasures." But the true garden lover need not go so far as that. Friendship and love—and even duty—may be dearer, but the garden has a special and peculiar niche in his affections [illegible] which none may oust it. Where he shall come for hope in the young morning, at noon-time for refreshments, and in the fragrant twilight for tranquility and dreams.

This Warm Weather Suggests Hammocks.

—You can save 25c to 75c on every Hammock bought at Stratton's. We have just received a line of travellers' samples of hammocks, ranging in price from 65c to $3.50, all marked in plain figures. Dummer Produces Some Fine Stall Fed Cattle

A Number Shipped to Montreal—Warsaw Ontario Bank Fixtures Have Arrived—Morgan House Repainted—Pretty Wedding at Cottlesoe — Personal Items of Interest.

Special to The Examiner

Warsaw, May 18.—On Friday last Mr. Alex Watts shipped to Montreal fifteen of the finest stall-fed cattle that have left here for some time. The average weight was 1,200 lbs. and two, bought of Mr. E. Hawthorne, weighed 1,500 lbs. each.

The fixtures for the local branch of the Ontario Bank arrived on Friday and were placed in position. The office now presents a very creditable appearance.

The painters and decorators are at work on the exterior of the Morgan House. White with green trimmings will be the finishing colour.

At the regular monthly meeting of the Women's Institute held on Thursday last, a very interesting and instructive address, the subject of which was "The Influence of Pictures in the Home," was given by Miss Ada Payne.

Mr. Wm. Watts, of Toronto, visited his parents here last week.

Mrs. W. K. Payne and Mrs. W. W. Lobister, of the city, were in town for a few days last week.

Mrs. Charlton, of Lakefield, is visiting her parents, Mr. and Mrs. John Rose.

The Presbyterians of Cottesloe will hold their annual tea in June.

An interesting event took place on May 16th, at the residence of Mr. and Mrs. Geo. Peters, Cottesloe, when their only daughter, Jennie, was married to Mr. Albert Webster, of Lakefield, late of South Dummer.

The ceremony took place on the lawn under an arch of evergreens, and festoons, and was performed by the Rev. W. L. Atkinson, Warsaw.

The bride looked charming in a gown of white voile and wore a bridal veil trimmed with orange blossoms, carrying a bunch of cream roses. She was given away by her father, and Miss Peters played the wedding march.

After congratulations, about 80 guests sat down to a most liberal repast, amply bespeaking the generosity of the host and hostess.

The large number of useful and artistic presents showed the high esteem in which the young couple are held by their friends.

After spending a pleasant and enjoyable evening the bridal party left for Lakefield where the happy couple will make their future home.

Miss Peters will be missed very much in the community in social circles and in the work of the Presbyterian church, of which she was an interested and active member, always willing to do her part.

Mr. and Mrs. Webster leaves the community with the very highest regards and the best wishes of the people following them.

STEAL FLOWERS AND AFTERWARDS SELL THEM

That there are some diabolically inclined individuals in this city is evident, and the sooner they are made examples of the better off the city will be. It appears that a number of persons have recently lost flowers, which have been stolen from their gardens, and the general and widespread character of this practice of stealing flowers which have taken much labour to produce, leads to the belief that the persons taking them have been disposing of them and receiving pay. It is hardly credible that anyone would buy flowers, knowing that they were stolen, but it is just possible that they may have been bought in good faith. A few nights ago a flower garden on Dickson street was robbed, the beds tramped, and general destruction wrought, and the lady from whose garden they were taken is strongly of the opinion that they were taken with the object of selling them.

Anyone who knows of flowers being offered for sale, which they have reason to believe were not obtained honestly would be conferring a benefit upon the city generally by communicating with the police.

DELICATE BABIES

Every delicate baby starts life with a serious handicap. Even a trivial illness is apt to end fatally, and the mother is kept in a state of constant dread. Baby's Own Tablets have done more than any other medicine to make weak, sickly children well and strong. They give the mother a feeling of security, as through their use she sees her delicate children developing healthily. Mrs. S. M. LeBlanc, Eastern Harbour, N.S., says: "Up to the age of 15 months, my baby was weak and sickly and at that age could not walk. It was then I began using Baby's Own Tablets and the change they wrought in her condition was surprising. She began to get strong at once and has ever since been a perfectly well child. Every mother who values the health of her little ones should keep a box of Baby's Own Tablets in the house. Sold by all medicine dealers or by mail at 25 cents a box from the Dr. Williams Medicine Co., Brockville, Ont.

Location Of The House Of Refuge

Building Committee Have Chosen the Ground for the Building.

The entire Building Committees of the County Council visited Lakefield yesterday with a view to fixing the exact site of the new House of Refuge. The Committee was accompanied by Engineer Belcher, and the Baptie Bros., who have the contract for the building. The site formerly proposed was changed somewhat and the House of Refuge will be placed part in the field first proposed and the rest in the field adjoining to the north. The building will be situated about 150 yards from the road running to Young's Point and about 600 yards from Phelan's Corners.

On account of yesterday's severe storm the Committee did not get an opportunity to select a location for a well to supply the water to the building. It was at first thought that it might be forced from a creek which runs through the farm, but as this runs dry at times the project had to be abandoned. This matter together with sewer connections will be considered at some future date.

The contract calls for the completion of the House by November 1st.

Religion Of The Japanese

Interesting Paper Read by Mrs. R. F. McWilliams.

The regular meeting of Knox Church Guild last night was one of the most profitable which the Guild has held for some time. A paper of a very interesting character was read on "Japan" by Mrs. R. F. McWilliams. Rev. A. Bright occupied the chair.

Mrs. McWilliams' paper dealt with the history of the Japanese race—a race now fast coming to the front among the civilized nations of the world. In treating of the people she referred to the beautiful myths in which they believed, their religion and the readiness with which they accept Christianity on account of the high spiritual quality of the people. Mrs. McWilliams also dwelt on the great work accomplished by the missions in Japan and the important results achieved from their work.

Splendid Lawn Mower Sharpener

Mr. G. Gillespie Has a Machine the Services of Which are Much in Demand.

Mr. Geo. Gillespie, blacksmith at 92 Hunter street, east, has in operation a new "Ideal" lawnmower sharpener, which fully answers all demands made upon it. It is the only instrument of its kind in the city. With it each blade is sharpened alike, the bevel on the knife being kept at the same degree all along the knife. Any degree of clearance can be given the blade so that the lawnmower will run and cut easier than when new.

An Examiner representative saw the machine in operation to-day and was astonished at the ease and perfection with which it worked. He also saw several mowers working after being sharpened and found them to run and cut perfectly.

Presented With Crescent Tie Pin

Mr. "Bob" Harrison Leaves for the West Next Week.

Mr. R. E. Harrison who has been manager for Mr. H. S. MacDonald, druggist, for the past year, was presented last night with a beautiful crescent tie pin set with pearls by the members of the Pill Pounder Club, before his departure for Western Canada. An address was read by Mr. Ralph Quinn and the presentation made by Mr. Arthur Mann.

Mr. Harrison is a graduate of the College of Pharmacy, Toronto, and has met with good success in the druggist line while in Peterborough. He leaves on Wednesday morning for Vermilion, Alta., and will be missed by a large number of friends here.

Board of Works Dealt ---AT A BUSY SESSION LAST NIGHT--- With Many Problems

More Concrete Walks Will be Built--Over $2,000 of Appropriation Has Now Been Expended--Improvements to Streets Decided On--Several Deputations Heard.

At the Board of Works meeting last night a number of small matters were cleaned off the board. It was decided to build thirteen new concrete walks in various parts of the city. The appropriation for this work was $700, so that the board have left only one crossing to build. Improvements to several streets were decided upon, and the question of inspecting the wiring system of the city came up again. The clerk was instructed to communicate with Mr. A. L. Aitkins, of Toronto, an electrical engineer. Chairman Hicks announced that out of $11,600 appropriated for fixed expenditure, $2414 had already been paid out, leaving $9186 with which to finish the year.

Those present were Ald. Hicks, chairman, Ald. Adams, Tovey, McIntyre, Wilson, Graham, Elliott, city engineer T. A. S. Hay and Street Commissioner Harry Evans.

Repairing Tracks.

The following letter was read from Mr. J. H. Larmonth, manager of the Peterborough Radial Railway Company.

R. Hicks, Esq.,
Chairman Board of Works.

Dear Sir,—Referring to the conversation we had this afternoon in reference to repairing street crossings and the roadway between our rails, we wish to say that we think the most satisfactory arrangement that could be made would be for the city to repair these crossings between our rails at the same time they are repairing the rest of the crossing and charge us with the cost of doing the work between the rails. This same principle could be applied to the work done in grading the streets. We think the roadway would present a better appearance if all the work would be done at one time and if this is satisfactory to you we will be pleased to enter into such an agreement.

Yours truly,
The Peterborough Radial Railway Co.,
J. H. LARMONTH,
Manager.

This proposal met with the instant approval of the Board of Works, who considered it an arrangement that would be satisfactory to both parties. Chairman Hicks suggested that it be made for one year, as he did not think it advisable to create a precedent. Ald. Adams thought that if it were a good thing it should not be confined to one year.

It was moved by Ald. Adams, seconded by Ald. Tovey, that the proposal made by the Radial Railway Co., be accepted.—Carried.

Wire Inspection.

The matter of having the wiring system of Peterborough examined by an expert, came up again last night, and, while not discussed at any length, it was decided on motion of Ald. McIntyre, seconded by Ald. Graham, that the city clerk write to Mr. A. L. Aitkins, an electrical expert of Toronto, and inquire as to his terms.

Water Street Pavement.

Mr. Jas. Middleton waited upon the Board to ask them to strike the grade for the pavement on Water street from Antrim street to Edinburgh street. He is erecting six houses on the property near the "Goose Pond," and desires that the grade be struck so that he could go ahead with the work.

It was moved by Ald. McIntyre, seconded by Ald. Graham, that the city engineer be instructed to strike the grade on Water street between Edinburgh street and Antrim street, and also on Stewart street from Hunter street to Brock.—Carried.

Mr. Middleton also wanted Edinburgh street opened from George street to Water. No action was taken in the matter.

Pavement Outside Tree Line.

Messrs. H. Morgan and R. M. Glover were a deputation representing the property holders on Mark street, East City. Mr. Morgan said that the property owners on that street were unanimous in the opinion that the granolithic pavement to be constructed there should be built on the outside of the tree line, not inside, as was the intention. The pavement would thus be straight all the way through.

The chairman said that while he was in favour of having the pavement inside the tree line, he thought the residents there should sign a petition if they wished it otherwise. The question will again be taken up by the Board.

A communication from Mrs. J. A. Hartley was received objecting to a concrete walk being constructed in front of her property on Dickson and Murray streets.

East City Sewer.

Mr. Jas. Bogue wrote to the Board complaining that he was not being paid properly for the work on the East City outfall sewer, and stating that unless the matter was taken up he would institute legal proceedings.

Ald. Hicks explained that Mr. Bogue complained that the Board was holding back money that was due to him. He suggested that Mr. Chipman of Toronto, be brought down to decide the matter.

It was moved by Ald. McIntyre, seconded by Ald. Tovey, that Mr. Chipman of Toronto, be asked to decide all matters in dispute.—Carried.

New Approaches.

A communication was received from Mr. George Quinn asking for an approach to his property on Sherbrooke street. It was moved by Ald. Tovey, seconded by Ald. Elliott, that the request be granted; and also a similar request from Mr. Fowler on Woodbine avenue.—Carried.

New Concrete Crossings.

The question of building concrete crossings was next discussed. Chairman Hicks explained that an appropriation of $700 had been made for this purpose, which would provide for fourteen crossings. The Board began to run over the places most in need of crossings and by the time they had finished only one of the fourteen crossings was left in reserve. The following will be built:

On Hunter, McDonel and Brock streets, on George street, running east and west.

Four at the corner of Aylmer and Simcoe streets.

Two crossing Reid street at the corner of Brock street.

One at the corner of Aylmer and McDonel streets, running east and west.

One at the corner of Rubidge and Sherbrooke streets.

One at the corner of George and Smith streets.

One at the corner of Murray and Water streets, running east and west.

Roads to be Repaired.

Ald Tovey called the attention of the board to the fact that Chamberlain street was badly in need of repairs. He pointed out that there is much traffic on the street, and that gravel could be used there to advantage. It was decided on motion to repair that street, as well as Reid street north, George street north from London street, and Water street north from Smith street.

Over $2,000 Already Expended.

Ald. Hicks informed the Board that out of the $11,600 appropriation for fixed expenditure, $2414 had already been paid out. He suggested that $2000 of the remainder be used in building concrete crossings. No action was taken on this suggestion.

Seven and Half Tons Dynamite Blow Town Up

Explodes and Partly Wrecks the Town of Cobalt.

TWENTY HOUSES SMASHED

In the Largest Fire Following the Terrific Explosion Fifty Shacks in the French Quarter Were Burned—No One Was Seriously Hurt, Though Many Person Suffer From Shock —Officials' Splendid Work.

Cobalt, May 19.—A terrific explosion took place here at 4 o'clock yesterday. A large powder-house, filled with seven and a half tons of dynamite, near the north end of the town, was ignited by a fire, which began in a shack a few yards away. The explosion wrecked a score of houses, and destroyed nearly every pane of glass in the town. The contents of many stores were hurled from their shelves, and a great deal of valuable property was destroyed.

Hurt and Prostrated.

A number of people were hurt by flying rocks, falling timber and cut by glass, and many are prostrated from the nervous shock.

No person was seriously hurt, as they were warned by the authorities in time to flee. Splendid work was done by Policeman MacKay and License Inspector Blackwell in the work of rescue and fighting the flames.

About fifty houses in the French section were burned, but the fire has been gotten under control. There is a lot of indignation felt by the citizens against the owners of the explosives having it stored in the town.

Killed by Lightning.

London, May 19.—Lorne Wickerson, aged 24, son of Henry Wickerson of the base line, about a mile from Byron, was killed by lightning yesterday at the farm of Charles Jarvis, a neighbor Wickerson, with his brothers Clarence and Everett, sought shelter in the barn. All were near the door when lightning knocked the three men down.

MANAGER JONES INJURED.

Wall of Engine House Blown Down at Port Arthur.

Port Arthur, May 19.—One of the worst electrical, wind and rainstorms that was ever experienced passed over this district Thursday evening and did considerable damage. The wall of the new brick fan and engine-house of the Atikokan Iron Co., which had just been completed by Garnett & McQueen, blew in, and Manager Jones of the blast furnace, who was in the building at the time, was seriously injured by falling brick.

McPhee's show tent was blown down, but, fortunately, no person was hurt.

Rain came down in torrents and a portion of the Canadian Pacific track near Loon Lake was washed out.

Horses Killed at Ingersoll.

Ingersoll, May 19.—This afternoon the barn on the farm of Joseph Couch of Putnam was struck by lightning and burned together with three horses. In Ingersoll the Oddfellows' Hall narrowly escaped destruction. The casing of a window was ignited from an electric wire.

New Irish Government Bill.

London, May 19.—The Standard yesterday says it is understood the Government intends at the next session of Parliament to introduce an Irish local Government bill, which will be a compromise between the so-called devolution scheme and home rule.

500 in a Collapse.

DesMoines, Ia., May 19.—Five commissioners to the Presbyterian general assembly were bruised yesterday afternoon by the collapse of a stand which had been erected for the purpose of grouping the 500 commissioners thereon for a large photograph.

Run Down by Cab.

Montreal, May 19.—Mrs. Edward O'Connor died early yesterday morning as a result of being run over by a cabman on Saturday evening. The police are searching for the cabman, who drove away at high speed after the accident.

Frost Kills Trees.

Ottawa, May 19.—Fully seventy-five per cent. of the evergreen trees on the improvement commission driveway and parks were killed during the past winter owing to the lack of protection from frost usually afforded by the snow.

Two Hundred Square Miles Are Blazing

Big Forest Fires in Wisconsin and Northern Michigan.

SEVERAL LIVES ARE LOST

Three Small Cities Burned Out—Talbot With 300, Saunders With 300, and Quinnesec With 1,000 Get the Full Volume of the Blaze—Four Counties in Wisconsin Suffering From the Fire.

Menominee, Mich., May 19.—Forest fires are raging in a large area in Menominee County, having already done much damage.

Talbot, with 300 population, twenty-five miles north of Menominee, was wiped out by fire last evening.

Several other villages and many farm buildings, including lumber stocks, are in danger.

The wind rose rapidly during the evening and endangered Daggett Powers and other towns.

It is reported that Saunders, 300 inhabitants, was burned.

Quinnesec, with 1,000 population, is reported on fire.

The station agent at Daggett at 10 o'clock wired that the fire was half a mile from town and blowing directly toward the village.

It is reported that thirty square miles of territory have been devastated, and that several persons have been burned.

Marinette, Wis., May 19.—The best information obtainable to 11 p. m. yesterday is that the forest fire which is sweeping the country north of here has reached Iron County, north of Dickinsons. This makes four counties which are suffering from fire. The area is 200 miles square.

Postmaster's Sudden Death.

Bowmanville, May 19.—William Broad, postmaster and resident of Darlington, died suddenly Thursday at his home in Haydon, a village about eight miles north of this town. He was in his usual health and had been out in the garden working, and, coming into the house, sat down and suddenly expired in the chair. He was born in Week St. Mary, Cornwall, England, in 1825, and came to Canada in 1851.

THE LATEST SPORTS

BASEBALL

The Midland Baseball League has apparently become a dream of the golden past and with it the Peterborough League team. Although the league has not been officially disbanded, word has been received that Bowmanville will not consent to fill the vacancy caused by the withdrawal of the Lindsay Redskins, which means that there will be nothing doing in Midland League circles this season at least.

* * * *

Baseball in Peterborough will have to be confined to the Guild League. Manager Connors says that the Peterborough team is through as far as he's concerned and all chances for a team are gone. Peterborough players are drifting into the Trent Valley League teams, and a large per centage of the players in that league hail from Peterborough. Rattray will catch for Havelock and left for that town at noon to-day. Quinlan and Dubbie Shea will be the battery for the Campbellford Lambs. Pilling, it is said, will pitch for Norwood, of which team Ed. Renton, an old Peterborough boy, is manager.

* * * *

Lankey Low Doris and M. Whaley, a brother of Captain Bunker Whaley, signed with the West Ends last night.

* * * *

Ross McCall the young lad who appeared in the police court Tuesday last and who pleaded guilty to stealing $15 from Mr. Richard Lees, was granted his liberty on suspended sentence this morning by the magistrate. Mr. Geo. Cochrane, who represented the Children's Aid Society said the lad's family had moved out into the country and asked that he be permitted to join them saying the Society would keep an eye on him.

FOOTBALL

The Norwood football team arrived in the city this morning with a strong team for the League game with the Peterborough Quakers this afternoon at 2.30. Joe Power, the Norwood captain, says the team which plays to-day is the best he could get together and is confident of defeating the Quakers this afternoon. The line-up will be the following:—

Norwood—Goal, Huycke; backs, Morrow, Kidd; halves, Cumming, Power, Scales; forwards, Lamey, Rodgers, Doherty, Londerigan, Renton.

Quakers—Goal, McFadden; backs, Evans, Donaldson; halves, Deforge, Parnell, Best; forwards, Boycott, Armstrong, Todd, Barrie, Baker

Referee—Mr. Sherin, Omemee.

LACROSSE

The lacrosse team had a bumper practice last night, both a full line-up of seniors and juniors being present. Globe was out for the first time and will play the game this year.

She Was Guilty Of Vagrancy

Woman is Sentenced to the Mercer for a Year.

One year in the Mercer is the sentence given a woman this morning, charged with vagrancy. The case was a particularly unfortunate and painful one, the prisoner having a very respectable family and family connections.

P. C. Adams testified that the woman's husband came to the police station on Wednesday morning and told him that his wife had been taken away from him by two Frenchmen. He asked for a "spare man" to come to his assistance. The constable went out and found the woman lying drunk on the street in a deplorably helpless condition. She was unable to stand on her feet and he had to get the assistance of P. C. McGinty, the other officer on duty, to take her to the police station.

"Do you know she's been in the Mercer?" asked the chief.

"Yes," was the answer, "she's been there two or three times. It was only recently she was discharged."

"This is a woful case of destruction brought on through whisky," said His Worship.

"One year in the Mercer," was the sentence of the court and the prisoner, who had apparently been unaffected during Officer Adams' testimony, broke down and wept.

TAYLOR FAMILY RELIEF FUND

The response which has been made to the appeal of the Examiner, has been liberal, the total amounting to $271.00, which Mr. Cochrane considers ample to relieve pressing wants and to provide artificial limbs for Willie Taylor, to supply the place, in a certain way, of those removed by the railway accident. The following is a list of additional subscriptions:

Amt. previously acknowledged	$244 75
Anon...	2 75
Mrs. D. H. Moore...	1 00
Lady boarders at Y.W.C.A.... ...	8 60

Eggs Selling At 15c Per Doz.

Plenty of Potatoes and Butter at the Market To-day.

The chief features of this morning's market were the large quantities of potatoes, eggs and butter. Old potatoes are still very plentiful in the country, and an immense quantity has been disposed of during the last few weeks, and the price has been unusually high. To-day $1 and upwards per bag were the prices asked.

Eggs have again taken a rise in price, selling this morning at 15c per dozen. The obvious reason for the firm price in eggs is the great demand for them. Butter sold at 22 and 23 cents per pound. Chickens, of which the number was rather small, were offered at from 90 cents to $1.10 per pair.

A few loads of veal sold at 7 and 8 cents per lore and hind respectively. Rhubarb has taken a drop in price, 5 cents per bunch being the amount realized. Russet apples sold at, from $1.30 to $1.50 per bag.

Timothy hay of the best quality sold at $14 per ton. Hay has been coming into the market in somewhat larger quantities than usual and a drop in price is predicted. A farmer got $4 for a load of straw.

The following were the general quotations:

Butter, per lb....	21	to	23
Eggs, per doz	14	to	15
Chickens, per pair	1 00	to	1 25
Turkeys, each...	1 50	to	2 50
Pork, per lb, hind... ...	10½	to	11
Veal per lb	7	to	8
Spies, per bag	1 60	to	..
Russets, " "	1 30	to	1 50
Sweets, " "	85	to	1 00
Potatoes, " "	80	to	1 10
Turnips, per bag...	25	to	..
Onions, per pk...	25	to	..
Carrots, " "	10	to	15
Parsnips, " "	20	to	..
Beets, " "	15	to	..
Cabbage, per doz...	60	to	1 00
Honey, per lb...	15		
Hay, Clover per ton... ...	11 00	to	12 00
Hay, Timothy " "	13 00	to	14 00
Wood soft, per cord... ...	3 00	to	4 00
" hard, " "	6 00	to	52
Rhubarb per bunch	..	to	5

HE WAS FINED AND ALSO "TAGGED"

James Peters was charged with keeping five dogs and a bitch at this morning's session of the police court.

"I don't own them," protested the accused; "I was keeping them for another man."

Harry Brough owned the bitch and Peters was keeping her temporarily for him.

"Well, you'll have to pay $2 fine and $2 for the tag," said His Worship.

MR. KENNEDY AT JUNCTION MARKET

The Toronto World says that H. F. Kennedy reported having bought 400 hogs at $7 per cwt. at the Junction and $6.75 to $6.85 f.o.b., cars at country points, with prospects for decidedly lower prices.

Omemee's Big Holiday Plans

Programme of Sports Arranged for Victoria Day.

Examiner Special.

Omemee, May 18.—Victoria Day will be celebrated here this year with a big demonstration in which a number of interesting sporting events will take place. One of the features will be a football game between Fenelon Falls and Omemee for the championship of Victoria County. Both teams are out to win, and there should be some excitement when they come together. A baseball game between Lindsay Collegiate Institute and Omemee High School will also take place during the afternoon, and there will be other sports both on land and water. There will be the usual bands of music, the programme commencing at 1 o'clock in the afternoon.

A SAN FRANCISCO PHYSICIAN

Uses Herpicide Successfully in Treating Sycosis of the Beard.

He says: "I recently treated a case of sycosis — similar to "barber's itch"—of the lower lip, with Newbro's Herpicide. There was an extensive loss of beard with inflammation extending well down to the chin. The result of the application of Herpicide was most gratifying. The loss of hair ceased and a new growth of hair is now taking its place over teh once inflamed area.

(Signed) Melville E. O'Neill, M.D., 845 Howard street.

San Francisco, Cal.

Herpicide kills the dandruff germ, and permits the hair to grow abundantly.

Sold by leading druggists. Send ten cents in stamps for sample to the Herpicide Company, Detroit, Mich. Ormond and Walsh, special agents.

FOR SUNDAY READING

Lesson VIII.—May 20—Death of John the Baptist.—Mark 6, 14-29.

GOLDEN TEXT.

Be not drunk with wine, wherein is excess.—Eph. 5, 18.

NOTES.

According to most harmonists, the return from the country of the Gadarenes was followed by the feast at the house of Matthew (Levi). While discoursing there Jairus comes, and on the way to his house a woman is healed. After the raising of the daughter of Jairus other miracles occurred. A visit to Nazareth followed. The Twelve were then sent out to preach. During this tour Herod (Antipas) hears of Jesus, and the lesson reverts to the story of the murder of John the Baptist by Herod.

Place — According to Josephus, the Baptist was murdered at Machaerus, a fortress on the borders of Perea and Arabia. The feast was probably held at the same place, though some think that Livias, or Julius (now Beit-Haran), east of the mouth of the Jordan, was the locality. Herod Antipas had a summer palace there.

Time—John the Baptist was imprisoned in the winter of A.D. 27, or (according to others) in the early spring of A.D. 28. He was beheaded in the early part of 782, year of Rome, that is, A.D. 29.

Persons — John the Baptist. The other chief characters are all descendants of Herod the Great. Herod Antipas was the seventh son, by Malthace, his fourth wife; Herodias, the daughter of Aristobulus, his son by Mariamne, his second wife; Philip, usually called Herod Philip (not Philip the tetrarch), the son of Herod, by another Mariamne, his third wife. This Philip was the father of Salome, the daughter of Herodias. She afterwards married Philip the tetrarch, and later her cousin Aristobulus. Herod Antipas had been married to a daughter of Aretas, king of Arabia, but deserted her for Herodias, the wife of his half-brother, whom he secretly married. This led to a war with Aretas, and to the events in this lesson. In after years the brother of Herodias, Herod Agrippa I. (Acts 12), was the chief rival of Antipas, and by his influence at Rome, the latter was banished to Lyons, in Gaul, Herodias sharing his exile. According to Josephus, Herod Antipas died in Northern Spain. On the guests, see on verse 21.

CRITICAL NOTES.

Verse 14 — King Herod: Called "king" by courtesy, his proper title being "tetrach" (the ruler of a fourth part). His dominions included Galilee and Perea.—Heard thereof: The latter word must be supplied.—Had become known: Literally, "manifest." — John the Baptiser: The usual form in this gospel, but see on verse 25. — These powers work in him: Powers" is literal, though miracles are meant. "Show forth" is inexact.

Verses 15, 16—The emendations in these verses are in the interest of accuracy. "From the dead," at the close of verse 16, is poorly attested.

Verse 17—For: Introduces the reason for Herod's opinion, namely, his murder of John the Baptist. Probably Herod's war with Aretas prevented him from hearing earlier of the works of Jesus.—Herodias, his brother Philip's wife: See above, on the Herodian family.

Verse 18.—It is not lawful for thee to have the brother's wife. There were other aggravating circumstances, but the main crime is emphasized. As marriage is the basis of society offences against this relation are specially heinous. Unchastity is a sin, but adultery is universally deemed a crime.

Verse 19.—The tresses in verses 19 and 20 point to habitual acts or feelings. The enmity of an adulterous woman is naturally more vicious than that of her paramour.

Verse 20.—For Herod feared John. The reason why Herodias could not kill him. Herod also feared the people (Matt. 14, 5). — Kept him safe: from the enmity of Herodias. "Observed" is incorrect and misleading. — Much pleased: The change of a single Greek letter yields this sense. — Heard him gladly; Wicked men prefer strong preaching.

Verse 21.—Convenient day. For the purpose of Herodias.—His birthday: It is uncertain whether this refers to his natal day or to the anniversary of his accession to power, which occurred in the spring.—Made a supper: The Herodian princes were famous for such festivities, which were not approved by the Jews.—Lords: Political dignitaries — High captains: Military officers in Herod's service, with Roman titles.—Chief men: prominent citizens, not necessarily officials, as 'chief estates" (authorized version) suggests.

Verse 22.—The daughter of Herodias herself; "the said Herodias" is awkward and inaccurate. But some older authorities read 'His daughter Herodias." This may be a blunder of the copyists, the difference in the Greek being slight. Even if this is the original reading it would not be incorrect, for Herodias is a family name, and the girl was virtually Herod's daughter.—She pleased Herod: The correct reading makes this emphatic.

Verse 24.—Said unto her mother: Matthew, "being put forward by her mother."

Verse 25.—Straightway with haste: A true daughter of her mother. — Forthwith: Not the same term as "straightway;" it means as "soon as possible." On a platter: A large dish. A hideous jest probably suggested by Salome herself.—John the Baptist: The correct form here. The marginal reference to the verse in the English revised version is a printer's blunder.

Verse 26.—The motives indicated here are natural enough. Wicked men have a superstitious view of oaths. "Would not:" or was "unwilling."

Verse 27.—A soldier of his guard: peculiar term from the Latin. While he was in this case the "executioner" that was not his office.—In the prison: All the details suggest that it was near at hand.

Verse 29.—His disciples: Those of John.—The corpse: So Matthew, according to the best authorities.—In a tomb: Place unknown. Matthew adds, "and they came and told Jesus."—S. S. Times.

Contributors To S. A. Self-Denial Fund

Acknowledgement of Citizens' Gifts to The Enterprises of The Salvation Army Here—About $500 Was Raised—Names of Those Who Contributed $1.00 or More Are Given Below.

The self-denial effort of the Salvation Army just concluded, was in every respect a success. As was stated yesterday, about $500 was realized in subscriptions and in other ways, which is a most creditable record for the local corps. Staff Captain McAmmond, through whose efforts, largely, the splendid results have been achieved, has furnished the Examiner with a list of the contributors of $1.00 and upwards to this fund. The collectors received a considerable amount in smaller sums but following the custom of the past only the names of those contributing $1 or more are published. The list follows:—

The American Cereal Co.	$10.00
Staff-Capt. and Mrs. McAmmond	5.00
R. Hall & Son	5.00
Adam Hall	5.00
M. Carton	5.00

Rev. P. A. McEwen, of Toronto, formerly Assistant Secretary of Home Missions, will preach at Murray Street in the evening. The pastor, Rev. F. J. Scott will occupy the pulpit in the morning.

PARK STREET BAPTIST CHURCH — Rev. A. H. Brace, pastor. Special sermons for to-morrow at 11.00 a. m. and at 7.00 p. m.; Sunday School with with pastor's Bible Class at 3.00 p. m.; Morning subject, "Divine Munificence"; evening subject, "The Rendezvous of the Ancients".

Ordinance of the Lord's Supper at close of evening sermon, preceeded by a reception service, when those recently Baptized will receive their first Communion.

T.Y.P.U. Monday at 8.00 p.m.; Public meeting on Wednesday with lecture on "Development of Canada and Marvels of New Ontario" by pastor McEwen, of York Mills.

All seats free. Obliging ushers to receive strangers. Hymn Books provided.

Ready for Burial; Woman Still Alive

Faint Cry Uttered and But for it She Would Have Been Buried.

Examiner Special.

(Saturday Foreign News Service)

Middleboro, Mass., May 19.—While the body of Mrs. Bertha Hasking, wife of John A. Hasking, who was believed to have died late yesterday afternoon, was being prepared for burial to-day, she suddenly revived and uttered a faint cry. The funeral arrangements were called off, and Mrs. Hasking may yet recover.

THE WONDERS OF THE SKIN

Curious and Interesting Facts About What It Is and What It Does

Did you ever consider the fascinating romance of the human skin? Next to the heart the skin is perhaps the most wonderful part of the human frame. If you were to take a small piece of skin and magnify it many thousand times you would see what is depicted in the accompanying sketch. The little holes marked "A" are the mouths of tubes or pores, and it is through these minute openings that the body ejects a great deal of its impure matter in the form of perspiration. There are about three thousand of these minute pores to every square inch of the skin surface, and the vital influence of the skin upon health may be imagined when it is pointed out that from these tiny tubes about two pounds of solid matter is exuded each day. These pores, moreover, lead to glands, as shown in the diagram, which are in contact with minute blood vessels. It is readily seen, therefore, how dangerous it is to rub into the skin ointments containing mineral coloring matters and poisons, and how equally detrimental ointments containing rancid mineral fats and oils must also be. Nobody would think of eating such ointments as these, yet to rub such ointments on to the skin is just as harmful, since they reach the blood just as surely if taken either way. Zam-Buk is a pure balm specially compounded to meet Nature's needs. It is composed entirely of natural vegetable essences, and contains no mineral matter or any poisonous coloring matter whatever. Not only is Zam Buk superior because of its purity, but because of its special refinement. Many ointments in common use are too coarse to penetrate the minute orifices referred to. Zam-Buk, on the contrary, is so specially refined as to be absorbed completely by the skin. Its healing qualities are thus utilized to the full. Zam-Buk has been tested by medical men, hospital nurses, and by the general public, and has been found unequalled for all diseased and injured conditions of the skin. In cases of cuts, burns, bruises, etc., its action is really wonderful. Whoever watches the healing of a wound, chronic sore or diseased surface of the skin by Zam-Buk is face to face with one of Nature's greatest wonders. The antiseptic substances contained in Zam-Buk first attack and kill all microbes or germs that are the cause of inflammation or disease. The healing ingredients contained in this unique balm then proceed to build up new tissue to replace that which has been damaged or diseased. New cells appear underneath the old skin like a builder replacing an old foundation with a new and more lasting one until the whole of the wounded area is gradually overlapped. The old injured skin then falls off, and in a short time it is hard to say where the injury has been.

Section of human skin highly magnified.

Mr. Wentworth Lascelles Scott, one of the leading analysts of modern times, has specially investigated Zam-Buk. From special bacteriological tests he discovered that the power which Zam-Buk has of destroying harmful germs is even greater than that of poisonous carbolic acid. Notwithstanding this excessive power to destroy harmful germs, Zam-Buk is so mild in its operation that it may be used, and is daily being used, on the delicate skin of young babies. In Zam-Buk power and healing—power to destroy harmful germs which cause inflammation festering, etc., and soothing healing properties are found in their fullest extent. Every sufferer from any of the following diseases or injuries will find in Zam-Buk an excellent cure. It is without doubt the finest household balm of modern times.

It cures cuts, burns, bruises, scalds, insect stings, pain and inflammation, diseased ankles, bad feet, ulcers, bad legs, swellings, piles, chafing, heat rashes, pimples, boils, eczema, sore breasts, sore backs, baby's sores, scalp sores, festering sores, poisoned wounds, sprains, sciatica, neuralgia and nerve pains generally.

All druggists sell Zam-Buk at Fifty Cents per box, or it may be obtained post free upon receipt of price by the Zam-Buk Company, Colborne Street, Toronto. Six boxes will be mailed post free upon receipt of two dollars and fifty cents at the company's headquarters. A free sample box will be sent you if you cut out this article, write across it the name and date of this paper, and mail it with a one cent stamp (to pay return postage) to the Zam-Buk Company, Toronto. This offer should not be missed.

Girl Lies Down In Front of Train

And Miraculously Escapes From Horrible Death.

Examiner Special.

(Saturday Foreign News Service)

Lookhaven, May 19.—"Lie down! Lie down!" screamed fireman Harry Hoover from the pilot of his fast-flying locomotive here to-day to a little tot standing on the rails in front of the train, and the little one fell like a small log and lay still while the entire Beech Creek accommodation swept over her and came to a stop three train lengths beyond. The child was uninjured.

The heavy train, with engineer E. J. Morrison in charge, and with Harry Hoover across the cab from him, was behind time this morning, and dashed around the big curve at Lookhaven all frightful speed. Far ahead they saw a little mite of humanity standing on the track. Like a flash Hoover was out on the running board, crawling to the pilot, whence he hoped to reach down and perhaps sweep the little one from the track, but he was too late. He was able to get only one foot on the pilot when the train was about on the little one, who stood staring. And the sequel was as briefly given above.

Tore their Flesh.

"My children were taken with itching, burning, skin disease, and tore their flesh until it was sore, and their shirts would sometimes be wet with blood. The doctor did not seem to know what ailed them, and could give no relief, so I began using Dr. Chase's Ointment. Whenever it was applied it did the work well, and has entirely cured them of this horrible disease." — Mrs. Louis McKay, Tiverton, Digby Co., N. B.

Strong Objection Made By Peterboro' Cereal Co. To Spur Line on Simcoe St.

Light and Power Company's Request Was Objected to by Messrs. Meldrum and Hall—They Stated That it Would Injure Their Trade With the Farmers and That They Intended to Stop it if Possible.

The request of the Peterborough Light & Power Co. for permission to run a spur line from the C.P.R. siding along their property on Simcoe street, came up at last night's meeting of the Board of Works. Considerable opposition was made to the request being granted by the Peterborough Cereal Co., who were represented by Messrs. W. H. Meldrum and Adam Hall. Mr. J. H. Larmonth was present on behalf of the Light & Power Co. The matter was finally left in the hands of the city engineer to investigate and report to the Board.

Mr. Larmonth addressed the Board stating that he had not expected that the company's gas holder would arrive until well on into the summer. This meant 150 tons of steel would be coming in within the next month, as well as a similar amount of pipes. It was therefore necessary that the siding should be constructed as soon as possible. The middle of the track would reach to the sidewalk line.

Mr. Adam Hall, speaking on behalf of the Peterborough Cereal Co., said that their company would not consent that the siding should go on Simcoe street. They would have no objection to its being placed back of the gas works. The Light & Power Co. he said, had objected to the Peterborough Cereal Co. having a spur line constructed on Simcoe street.

Mr. Larmonth said that he did not think that the road would annoy any one. They would only get a few cars a month, and the track would be on their own side of the street.

Mr. Meldrum said that there were a good many objections. He said that when they asked for a siding the Light & Power Co. had come in. The new siding would kill the street so far as the farmers' trade was concerned. If there was any law in Canada his company would make use of it to stop the project, as well as sue the city for damages. He complained that his company was suffering considerable detriment from the gas works already, as the odours from the works affected the cereals in their factory.

Mr. Larmonth said that there was nothing to stop his company from running a street car line down the middle of Simcoe street, and connecting it with the C.P.R. line.

Mr. Meldrum was of the opinion that no similar manufacturer would stand for such a nuisance as a car of oil being unloaded near the factory.

Mr. Hall again reiterated the opinion that the siding would be a detriment from all view points.

It was moved by Ald. Elliott, seconded by Ald. Graham, that the matter be referred to the city engineer to report.—Carried.

$400 To Be Expended On Norwood Public School

Busy Session of the Board of Education—Norwood Beat Hastings at Baseball—Personals and Other News Notes From East Peterborough's Busy Capital.

Special to The Examiner.

Norwood, May 17.—The Board of Education met on Monday at 3 o'clock, in the High School building. Those present were Messrs. J. L. Squire, (chairman), Dr. Robertson, John Breckenridge, P. W. Stevenson, Wm. Webster, John Doherty, J. A. Finlay and John F. Elliott.

The minutes of the last meeting were read and approved.

A deputation of High School pupils waited upon the Board and asked that the day following Victoria Day be a holiday.

Moved by Messrs. Doherty and Elliott that the schools be closed on Friday, May 25th, in harmony with the request of the pupils.—Carried.

Mr. J. L. Squire, who attended the recent convention of the Association of School Trustees, held in Toronto, gave an interesting verbal report of the proceedings.

On motion of Dr. Robertson and Finlay, the report was received and a vote of thanks tendered to Mr. Squire for the excellent way in which he had presented the same.

Moved by Dr. Robertson and Mr. Funlay, that this Board avail itself of the opportunity of a visit from Mr. A. H. Leske, to give an address on industrial education at some date in the future, to be arranged later.—Carried.

Communications were read from Harry Wilson, Clayton Janice and Bessie Meikle, asking that High School fees paid by them be applied on next term, they only having attended for a few days.

Attached to the communication of Miss Meikle was a doctor's certificate stating that she was unable to attend on account of illness.

Moved by Dr. Robertson and Mr. Finlay, that Miss Meikle get credit for $1.50 on account of fees for this term.—Carried.

In respect to the other communications, it was moved by Messrs. Stevenson and Breckonridge, that no action be taken.

Messrs. Doherty and Elliott moved in amendment, that Messrs. Wilson and Janice be allowed $1.00 each on fees for next term.—Carried.

Moved by Messrs. Stevenson and Webster, that Miss Waters be appointed associate examiner for the coming departmental examinations.—Carried.

Moved by Mr. Stevenson and Dr. Robertson, that we advertise in the Register the week before our next regular meeting for a teacher for the Model School term.—Carried.

Dr. Robertson presented the Property Committee's estimate of repairs for the current year, including the refloering of part of the public school, repairs to fences and blackboards, new seats to replace some that were condemned and a new coal furnace to replace the other wood furnace in the High School, totalling in all about $400.

Moved by Messrs. Breckenridge and Stevenson, that the report of the Property Committee be received and laid over for further consideration at next meeting.—Carried.

Miss Leighton, through the chairman of the Supply Committee, asked that the Board procure apparatus to the value of $70 for the Science room.

On motion, action respecting this request was laid over until next meeting.

A communication re coal supply for the coming winter was headed to the Supply Committee for consideration.

The chairman referred to the death of the late P. W. Reynolds, one of the oldest members of the Board, and suggesting that record be made of the Board's appreciation of his services.

Moved by Messrs. Finlay and Breckenridge that a resolution of condolence be prepared and forwarded to the family of the late P. W. Reynolds, who was so long associated with this Board.—Carried.

Moved by Messrs. Stevenson and Webster, that the account of Mr. J. L. Squire for expenses to Toronto $4.60 be paid and that Mr. Finlay's account for $0.75 be referred to the property committee and if found correct that same be paid.—Carried.

Moved by Messrs. Breckenridge and Doherty that the present hour of meeting (3.00 p. m.) be continued for the June meetings.—Motion lost.

Mr. Bert Spencer, of the Ontario Business College, Belleville, was a guest at the home of Mrs. P. W. Reynolds on Sunday.

Miss Grace Foster is visiting friends in Alnwick.

Mr. J. Thompson spent Sunday at his home near Springbrook.

Mrs. Parkin, of Toronto, is visiting her daughter Mrs. D. J. McLean.

Miss Eakins spent Monday in Peterborough.

Miss Nellie Davidson underwent an operation for her throat last Monday. Her many friends will be pleased to know that she is getting along nicely.

Miss Kathleen Graham, of Hastings, was a guest of Miss Pearl Baskin last Saturday.

Mrs. Bryans and Miss Josephine Cameron, of Jarvis, are guests of Rev. Mr. and Mrs. McLennan at the Manse.

Mr. and Mrs. G. H. Neibel left on Thursday morning for New Hamburg, Ont., to see Mr. Neibel's mother who is seriously ill.

Mr. Edwin Searight, of Peterborough, is spending his holidays with his parents Mr. and Mrs. C. J. Searight.

Mr. Russel Finlay spent Sunday in Tweed visiting his aunt, Mrs. A. Fitzgerald.

Mr. W. J. Puffer has engaged for the season in the Peterborough cheese factory.

The Knox Young Women's Missionary Society will give a Blue Jay Social in the Presbyterian Sunday School on Friday.

Mr. R. S. Patterson has been elected by acclamation as councillor to fill the vacancy caused by the resignation of Mr. M. E. Knox.

Rev. W. H. Adams attended the Annual District meeting of the Methodist Church held in Campbellford on Tuesday.

Miss Pearl Spencer and Miss Grace Reynolds were in Peterborough on Tuesday.

Mrs. Harry Stevenson, of Toronto, is visiting at the home of Mr. W. H. Stephenson.

The Norwood baseball team played an exhibition game in Hastings on Wednesday evening with the team of that town. The score was 7-2 in favour of Norwood. The return match will be played here on Friday evening.

Mr. John Byron of Otonabee, was in town on Wednesday.

The following shipments were made from the C.P.R. station here last week. Wm. Coulter, two cars ties to Brampton; ten cars telegraph poles to Hamilton, Toronto Junction and Myrtle; Mr. Geo. Stevens, one car ashes to New York; Finlay & Sons, one car lumber to Stratford.

The Ladies Aid of the Methodist Church purpose holding a social on Mr. Thos. Longbridge's lawn on Friday evening, June 1st.

Dr. Wilson was in Peterborough on Thursday evening.

Mr. Geo. Hendren underwent an operation at the Toronto General Hospital on Wednesday morning. His many friends hope for a speedy recovery.

GENERALLY SPEAKING

LAST SATURDAY the Examiner dealt with the general subject of the duty of citizens in relation to beautifying the grounds and streets of the city. The article, owing to demand on our space, was only printed in part and its continuation will not perhaps be useless in the production of a little thought on the subject that may lead to good results.

ON EVERY STREET where it is desired to make and keep it beautiful, there should be formed some sort of association consisting of every householder, pledged to do his or her share in making and maintaining tidy conditions. Each should consider himself or herself the guardian of all the boulevards and lawns on the street, each pledged to protect the interests of the other. This would make possible an oversight and vigilance which cannot be obtained in any other way. The law vests the ownership of street trees in both the owner in front of whose property they are situated, and also in the municipality and neither can injure or destroy them without the other's consent. In like manner such an association should vest the ownership and responsibility in their street front in both the owners and their neighbours, and each should count an injury done to another's front as an injury to himself or herself.

THE CITY AUTHORITIES should also awaken to their responsibility in respect of taking better care of the streets and keeping the main street tidy. Between seven and eight o'clock one can see the employees of shops sweeping the pavements, on our business streets. The pavement is swept clean of all sorts of rubbish, dust, dirt, paper, etc. It goes into the street and is left there. It would only take a half minute more time for the sweeper to rake up or pick up and remove the litter in front of his own shop front; and then the whole street would be clean and tidy and we should have model business streets. All that is required to accomplish this is a little trouble and general co-operation. Get together, work together, keep together.

THE CITY AUTHORITIES should take a greater interest in keeping the streets tidy. It is very little work to remove rolling stones which are such a nuisance to cyclists and drivers of all sorts of vehicles, especially those with pneumatic tires. The authorities should require that any openings of streets for sewers or water connection should be thoroughly cleaned up—all loose earth rammed down and all loose stones raked together and removed. It should be insisted upon and the general result would be a vast improvement.

THE CITY AUTHORITIES do not seem to feel any responsibility for preserving the beauty and tidiness of public places. Take for example a possible little beauty spot, corner of Park and Charlotte streets. This has been planted with trees a dozen times but the city authorities have neglected them, and only for private enterprise there would have been no park there. Mr. J. L. Hughes has taken charge of the park and kept it and fostered it to its present condition at great trouble. He has had not only to fight with the conditions of nature, and the vandalism of the public but the apathy—amounting to obstruction—of the authorities. He had to fight for a water service, he asked in vain for a load or two of good street scrapings so that the turf could be made level for a lawn mower, instead of the city taking the initiative and forcing upon him, as it should have done, what was needed, he seemed to be regarded as working a "graft" of seeking to get something at the public expense for his private property. Whereas he was only acting as a citizen in the interests of the public.

THE CITY AUTHORITIES don't take enough interest in preventing the destruction made by contractors. When the sewer was put down last year in front of this little park, it—the park—was shamefully injured. Earth was thrown out in such a way as to destroy thrifty, well rooteda and growing elms. A teamster was allowed to tear down the wire enclosure and drive a heavy load through the little park and in his course he drove his wheels astride a beautiful young maple and the heavy axle crushed it to the earth. He should have been severely punished. He should have had the branches of the tree, (which for this purpose should have been an elm) worn up upon his naked pelt, for no other punishment would have appealed to such a thick skinned vandal.

IN FRONT of this park a beautiful row of residences was erected last year, and this spring, the lawns in front are being laid down. It should be to the interest of the owners to look after this park, for, if properly cared for, and protected, it gives them a beautiful outlook. Since we cannot expect the city to do so, they should combine to look after the park; its beauty and preservation not only beautifies, but adds to the value of their property.

THIS PARK, and the treatment it receives, is only a type of other similar park places in other parts of the town, and of the shabby treatment they receive at the hands of the authorities. Last Monday, an East City resident, in commending the Examiner for the stand it had taken on the subject, spoke of his own experience, as illustrating the criminal indifference of the city authorities to the rights of citizens, and the beauty of the streets. He had his boulevard placed in splendid condition, smooth and shaven. A city gang of workmen were sent to do some digging at this point, and they left his beautiful boulevard littered with stones and heaps of earth, compelling him to incur considerable expense to remedy the evil which the city, which should do all it can to beautify the streets, had done.

THIS PARK, and the incident, are cited merely as an example of the neglect that obtains in respect of other little parks and park places which with a very small expense might be made cheering breaks in rigid street lines.

A SUBJECT like this is inexhaustible, and it is hoped that citizens, and the authorities, will wake up and realize how much can be done to beautify the city by co-operation, and a very little expenditure of money, or labour. We can, by working a little together, each doing his share in doing something good, and each doing his share in preventing something bad being done, make Peterborough what it can be made, the City Beautiful.

IT IS a debatable question whether this condition of indifference in regard to preserving the beauty of our streets, is due to the apathy of our citizens, or the apathy of the city authorities. But the condition exists, and a crusade of education on more radical lines than that suggested in a preceding paragraph, should be conducted.

WE SPEND much time, money and energy in cramming the heads of our children, with dry-as-dust facts of little use, except as intellectual timber. We pay in this way our tithes of anise, mint and cummin, and neglect the weightier matters of the law. Our children should have more instruction in the ethical side of our nature. Our teachers should teach our children manners, as well as mathematics. They should be developed upon the aesthetic side of their lives. They should be taught to respect the rights and feelings of others. Love for the beautiful should be fostered and the lesson taught that unselfish regard for the feelings and rights of others is a duty little less sacred than religious duty. If children were taught in the school room to refrain from destroying the neatness or integrity of public places, then it would be possible to keep our streets in the most beautiful order.

Neglect Your Watch

And you'll ruin it. Eighteen months running will gather enough hardened oil and grit to wear and loosen the whole mechanism.

Our Watch Repair Department cares for watches in an expert way and guarantees satisfaction.

On and after May 16th inst, Messrs

R. HICKS & CO

have decided to adopt the Cash System, in their Coal and Wood Business. The following are some of the reasons for abolishing credit in these important times:—

1.—We buy Coal and Wood on the Cash System.
2.—Cash enables us to do more business with same capital.
3.—Cash will enable us to sell Coal and Wood for less money.
4.—The Cash System saves office expenses.
5.—Cash estimates, all Disputed Accounts and Bad Debts.
6.—We desire to accord to our Customers the advantage of the closest buying by paying Spot Cash for their Coal and Wood.

These, briefly, are the reasons why we have decided to adopt the Cash System in our Coal and Wood business.

As a result our price for Hard Coal for May will be reduced to $6.00 per ton, and for Hardwood $6.00 per cord.

These prices will, of course, be subject to future changes, conformable with the wholesale market prices after this month.

We feel confident that our many customers and friends will cheerfully co-operate with us, and so participate in the advantages of a soundly conducted business.

R. HICKS & CO

Peterborough, May 16, 1906.

Water Street Sewer Will Be Constructed By Day Labour

City Engineer's Tender of $1.20 Per Foot Was the Lowest Received—Others Ranged From $1.23¼ to $1.33—Cheaper by Day Labour Than by Tender.

At the Board of Works meeting last night the tenders for a sewer on Water street from Smith street to Hilliard street were opened. The City Engineering department had been asked to put in a tender with the others and it was found to be the lowest. The sewer will therefore be built by day labour under the supervision of the City Engineer. His tender was $1.20 per foot.

The tenders were as follows:—

John E. Hayes, $1.28 per foot; lump sum $2,668; short connections $10, long connections $25.

Richard Sheehy, $1.33 per foot; short connections $9, long connections $25.

John Robson $1.23 1-4 per foot, 53c. per lineal foot for private connections.

City Engineer $1.20 per lineal foot, including 16 man holes and private connections. Short connections $7 and long connections $12.50.

It was moved by Ald. Adams, seconded by Ald. Wilson, that the Engineer be instructed to construct the Water street sewer by day labour.

Nervous and Worried.

Mr. Archibald Sutherland, Principal South Bar School, Sydney, N.S., writes, "I was greatly troubled with nervous dyspepsia and after meals I often felt like vomiting, and my stomach was sore. I was nervous and worried, frequently had headaches and shortness of breath. When several doctors failed I decided to try Dr. Chase's Nerve Food and it has entirely cured me. I shall be glad to be the means of bringing this medicine to the notice of any one who is suffering as I did."

Capt. Eastwood Is Unjustly Criticized

Mr. R. R. Hall Issues Statement in Reference to the Separate School Building Matter—Capt. Eastwood Acted as Quartermaster of the 57th Regiment—Proceeds of Sale Were to go to Purchase Equipment for the Regiment.

Mr. R. R. Hall, M.P., on his return from Ottawa on Saturday handed to the press the following statement in connection with the removal of the Separate School building, concerning which the Board of Education was so deeply exercised last week:

In September, 1904, a deputation, consisting of representatives of the School Board, the City Council and the 57th Regiment, waited on the Minister of Public Works respecting the purchase of the site known as the Separate School grounds, upon which to erect new armouries. It was then arranged that the Government would contribute $10,000, the city $10,000 and the School Board $10,000, for the purchase of the whole property, and that the Government were to have the south half of the property on which the building stood, and the School Board were to have the north half of the property.

It was then understood that the erection of the new Collegiate Institute would be proceeded with, and it was understood that as far as possible the architectural design and construction of the two buildings would be made to harmonize as much as possible. One of the deputation representing the School Board said that inasmuch as the material in the old building could not be used in the erection of the armouries, he wanted to know if the minister would consent to the Board of Education taking down the building at its own expense, and using the material for its own benefit in connection with the Institute. The minister assented to this.

After the Separate School property was vacated the Separate Board asked me if the key was to be handed over to me. I stated that I was in no sense the custodian of the property of the Government, but I thought that inasmuch as the property was held by the Government for military purposes, that the key might be handed over to Major Hayes, who would see that it was handed to the proper officer of the regiment who had charge of the other property and buildings belonging to the Militia Department.

In having the key handed over to the regiment it was not my intention to deprive the School Board of any right to the benefit of the material in the old building, but it now appears that Captain Eastwood, the quarter-master of the regiment, and other officers responsible, assumed that the regiment were then entitled to the material in the building, inasmuch as the erection of the Collegiate Institute was not going to be proceeded with for some indefinite time, and consequently the material in the old building would not be required by them, and as instructions had been given to Mr. John E. Belcher, C.E., to make a survey of the ground with the view of having the plans prepared for the armouries.

It is to be regretted that certain officers of the regiment have been subjected to much unjust criticism on account of their assuming that the building belonged to them, especially in view of the fact that they were not going to profit personally to the fraction of a cent, but the entire proceeds of the building were, as they have stated, to go to purchase equipment for the regiment.

So far as I am concerned I had no knowledge of the proposed removal of the material in the building, but under all the circumstances, I think that Captain Eastwood has been subjected to most unjust criticism, as it certainly was never contemplated that the material in the building was to be used for speculative purposes by the Board of Education, but was to be used in the construction of a new Collegiate Institute, as Captain Eastwood well knew on account of his being present on the deputation when all arrangements were made.

I think had there been more mutual consultation between the regiment and the Board as to which one of them was to have the material in the building, the regiment would have readily waived any claim to it without the "smoke of battle and the clash of arms."

TO RESTRAIN COBOURG FROM ERECTING SCHOOL

Reginald Eyre, a Toronto barrister, is applying to the High Court for an injunction restraining the town of Cobourg from borrowing $30,000, on debentures, for the purpose of building schools. Mr. Eyre is a property owner and is interested in keeping the tax rate down. He states that there are three or four good schools in Cobourg already and that $30,000 is as large a sum as the town can borrow for this purpose under the Municipal Act.

Creditors Of Sugar Company Meet

Mr. J. W. Garvin Manager of the Late Company Was Present.

The creditors of the Peterborough Sugar Company, Limited, met this morning before Judge Weller, in the Judge's Chambers. Mr. J. W. Garvin, the managing director, of the company, was present this morning.

The first case taken up was that of William Mather. In this case a letter was read in which Mr. Mather had asked to be released from his stock, and suggested that it be sold to some one else. Mr. Garvin's reply, which was also produced, this morning, was that he should hold his shares, and buy more if he could afford it, as "in three years the stock would be the most valuable in Eastern Ontario."

Mr. John Giles' Lamented Death

Passed Away This Morning at His Residence Charlotte Street.

Death claimed one of Peterborough's prominent citizens this morning, in the person of John Giles, 456 Charlotte street, who, until two years ago, carried on a grocery business on George street. About a year and a half ago the deceased was taken ill with pneumonia, but apparently recovered afterwards, and it was thought the disease had been successfully shaken off. However, last week he again caught a severe cold, which settled on his lungs, and caused his lamented death at six o'clock this morning.

The late Mr. Giles was born in Mariposa, Victoria county, 46 years ago, where his father, John Giles, resides at present. He came to Peterborough about 1891, and opened a grocery store on George street, just south of Charlotte, which he occupied until about two years ago, when his health failed him, and he has lived retired ever since. He was very successful in business and was much respected, both as a merchant and a man.

Fifteen years ago last March he married Miss Amelia Ann Rich of Mariposa, who survives him. He leaves three mourning children, Willie, Ila and Greta, all under 18 years of age. He has one surviving sister, Miss Mary Giles of Mariposa. A brother and a sister predeceased him some years ago with a similar disease.

The late Mr. Giles was active in church work and was a member of Charlotte street Quarterly Board as well as Vice-President of the Young Men's Guild and will be greatly missed by his associates in these capacities.

The funeral will take place on Wednesday at 2 o'clock from his late residence, 456 Charlotte street to the Little Lake Cemetery.

Grand Trunk To Warsaw In a Year

Statement Made by an Official to Traveller.

Special to The Examiner.

Warsaw, May 21.—Warsaw is now more confident than ever of obtaining a Grand Trunk line from Lakefield, judging from the assertions made by a traveller in the village on Saturday. He stated he had asked a Trunk official the other day for a ticket through to this village but the latter remarked he could not accommodate him at present, but in a year from now his request could easily be complied with.

The Board of Trade here is very active in their attempts to secure the road and are quite confident that their request will be granted.

MYERS DID NOT USE HORSEWHIP

R. F. Myers, whose four children were taken to the Children's Shelter on Saturday, called at the Examiner to-day to protest against the statement that he had horsewhipped his children, as said to have been reported by his neighbours. He affirmed that while he had whipped them, it was because they required it, and he had not used any horsewhip.

New Consignment of Kuntz Lager, just received in prime condition, at F. J. B. Mitchell's, Grocer and Liquor Merchant, 141 Hunter Street.

Cressmans

A Welcome For Adjt. Jennings

An Interesting Gathering at the S. A. Barracks To-night.

To-night in the Salvation Army Barracks a welcome meeting will be held, and the person welcomed will be Adjutant Jennings, who returns this afternoon on the 5.15 C. P. R. train from Montreal. The adjutant, it will be remembered, went to England some weeks ago to arrange for the immigrant steamer Kensington, which the Army has chartered this season to transport its immigrant parties to Canada. This is the third trip of the steamer, and each time she has carried a full steamer load.

On Saturday Staff-Captain McAmmond received a telegram from the adjutant, from Father Point, stating that the steamer had reached there, and that she would dock at Quebec yesterday. A later wire stated that he would be in the city this afternoon on the 5.15 C. P. R. train, and it was then decided to hold a reception for him to-night, when he will give an account of his trip.

A number of immigrants will accompany him to Peterborough, where they will be distributed among the farmers of the county.

NOTICE TO FORESTERS.

To-night a special meeting of Court Peterborough, No. 29, C.O.F., will be held to make arrangements for the funeral of the late Brother John Giles. 1c

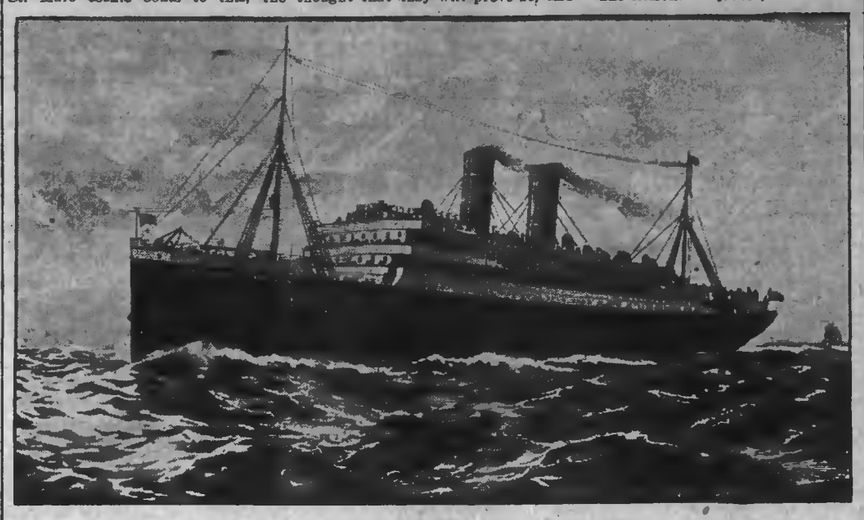
Also two lots west of Erin Property in front of Mount St. Joseph.

These lots will be sold at a bargain as estate is being wound up. Particulars may be obtained by applying to R. M. Glover, Examiner office.

"Empress Of Britain" A Floating Palace

Mr. W. McIlroy With a Party of C.P.R. Men Entertained on Board The New Steamer at Quebec---The Largest And Finest Steamer That Ever Docked at Ancient City---C. P.R. Royally Entertained Passenger Agents---Also Visited Montreal.

Almost four hundered years ago Jacques Cartier anchored off the site of the present city of Quebec with the first-ocean-going vessel which up to that time had touched the shores of the St. Lawrence, and, a few days ago, the big C.P.R. steamer, "Empress of Britain," was docked within a few hundred yards of the exact spot where the illustrious Frenchman landed. It is a far cry from the little St. Malo cockle boats to this, the most modern of ocean steamboats, but it indicates perhaps, as forcibly as anything, the rapid strides which this new world is making.



New C.P.R. Steamer, "Empress of Britain" Has Just Made Her First Trip Across The Atlantic.

Peterborough has a special interest in this latest ocean leviathan, because of the fact that at least one citizen of Peterborough, Mr. R. M. Donnatown, is at this moment, doubtless a passenger on this steamer, as she is making her first return voyage to England. Mr. W. McIlroy, the city passenger agent of the C.P.R. has just returned from the Ancient Capital, where he, with about a hundred representatives of the company, from Winnipeg and Minneapolis, on the west, St. Louis, on the south, and intermediate points, including Cleveland and Detroit, in the United States, as well as from the most important points in this province, went as guests of the company for the purpose of inspecting this magnificent new steamer, the largest, it is said, that has ever come up as far as Quebec. And, not only is she the largest, but those who have seen her state that she is the finest, too. The incidents of this trip will remain in the memory of those who participated in it as one of the most delightful in their recollection. The party was right royally entertained by the company; were tendered a luncheon on board the "Empress," and afterwards, a banquet was enjoyed at the famous hotel owned by the company, the Chateau Frontenac.

The tour of inspection which followed the luncheon on the steamer, was a series of revealations for the guests, who, while they were themselves in a position to know that the company did whatever they undertook well, were hardly prepared to find such well designed comfort, combined with elegance as was revealed to them on this inspection tour. In speaking of the steamer, and her accommodation Mr. McIlroy was most enthusiastic, and said:

"The first cabin accommodation is simply luxury itself. The dining room being large and airy and decorated with exquisite taste. The parlours and general reception room on this boat are simply marvels of the decorators art, and being furnished most luxuriously. The cabins in the first-class department will appeal strongly to the ocean going traveller, being especially roomy, and the berths wide and comfortable.

"The same special features apply to the second cabin, the comfort of the traveller, being the first consideration.

"The steerage accommodation of the Empress is superior to most ocean going steamships. Passengers can secure a three or four berthed room, and are assured the same privacy, as the first and second cabin passengers. The little children have even been thought of here, by having at their disposal, a playroom, in which to amuse themselves."

While figures are sometimes uninteresting, in this case it is not thought that they will prove so, and a few facts in connection with this, the most modern of all steamers will, doubtless, be read with interest by Canadians, who cannot help experiencing a thrill of pride when the fact should go home with tremendous interest to hundreds of Canadians who are still alive to tell their grandchildren of the tedious six weeks that they spent at the mercy of the high seas before they first set eye on the new land of promise looming up against the western horizon. The best day's run of the Empress of Britain on her first trip over, was 453 miles, or an average of nineteen miles an hour.

When it is realized that the Empress of Britain loomed up one hundred and forty-one feet above water it could be understood that the party aboard the little tug which drew up alongside of her in the river off Father Point, when she arrived a few days ago, felt as if they were meeting a veritable floating skyscraper. Sir Thomas Shaughnessy, leaning over the railing of the lookout, appeared as if standing in the belfry of a church steeple.

The "Empress is a splendid sailor, and this fact was amply demonstrated on her first trip, when all the passengers attested to her speedy, steady, sea-going qualities. Those who contemplate an ocean voyage, can make no mistake in crossing the Atlantic on a steamship equipped as the "Empress of Britain."

The citizens of Quebec, Mr. McIlroy states, are delighted that the historic old city has been selected as the summer ports for these great boats, and, as a result, are anticipating a great boom in the shipping business for the Ancient Capital.

The entertainment furnished at Quebec, for the representatives of the company did not, by any means, exhaust the hospitality of the entertainers, for the pary left Quebec on a special train at midnight ,and arrived in Montreal at seven the next morning, all adjourning to the company's splendid hotel, The Place Viger, where a sumptuous breakakst was partaken of. After breakfast the party boarded their special train and were taken out to the Canadian Pacific Railway Company's shops, where 3,000 men are employed. In the locomotive shop, a great engine was lifted up, for the benefit of the spectators, and removed by a large electric crane to the other end of the shop, in a half a minute. In the car shops, twenty-five box cars are turned out on an average every day. The other departments are on as equally large a scale.

Mr. McIlroy returned to the city Friday night, and expressed himself as being delighted with the outing. Friday was spent in Toronto, where the company provided tally hos and automobiles and took the men for a trip through the city. The party was under the care of Mr. C. B. Foster, District Passenger Agent, at Toronto, and Mr. S. J. Sharpe, Western Line, both of whom looked after the interests of the guests perfectly.

MR. W. McILROY,
The Popular C. P. R. City Passenger Agent, Who Was One of The Party Taken on The Tour of Inspection to Quebec And Montreal.

RADIANT WOMANHOOD!

The glory and satisfaction of beautiful womanhood can only be known to those possessing the unlimited advantage of health.

The weak woman can't be happy or enjoy half the pleasures of life. Pallid cheeks, sunken eyes, exhausted nerves all tell of a terrible struggle to keep up.

Nothing overworked women can take will benefit like FERROZONE, which renews, restores and vitalizes instantly; it's a WOMAN'S REMEDY, that's why

FERROZONE

MAKES WOMEN STRONG, PLUMP AND BEAUTIFUL.

FERROZONE contains abundance of nutriment, the kind that forms muscle, sinew, bone and nerve. It sends a vitalizing stream of new life through the weary body, making its strengthening influence felt at once.

Every FERROZONE Tablet means more strength, better appetite, delightful color, bright happy spirits—in short FERROZONE brings true womanly health, and that's worth striving for. Avoid substitutes.

Price 50c per box or six for $2.50. At all dealers or by mail from N. C. Polson & Co., Hartford, Conn., U. S. A., and Kingston, Ont.

State of Ohio, City of Toledo } ss.
Lucas County.

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that the said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure.

Notary Public.

Hall's Catarrh Cure is taken internally and acts directly on the blood and mucous surfaces of the system. Send for testimonials free.

F. J. CHENEY & CO., Toledo, O.

Sold by all Druggists, 75c.

Take Hall's Family Pills for constipation.

Warm Praise For Nicholls Hospital

An "Ex-patient" Tells of the Excellent Treatment He Received There.

To the Editor of the Examiner:

Dear Sir,—I, as a recent patient of the Nicholls Hospital, cannot but give the *highest* praise to all who are connected with its staff in any way. I think the board should be congratulated in their choice of a Lady Superintendent. Miss De La Matter in her efficient and painstaking way does all in her power to relieve the suffering of her patients. With her present staff of nurses and attending physicians, I confidently recommend the Nicholls Hospital to suffering humanity, who so much dread a hospital.

EX-PATIENT.

DATES FIXED FOR Y. M. C. A. CAMP

The ninth annual boys' camp of the Y.M.C.A. will be held at Clear Lake from July 11 to 25. The committee will meet this week to map out the programme. The camp this year will be "better than ever before."

TELEPHONE OPERATORS RECEIVED SHOCKS

Many of our citizens do not appear to be aware of the fact that it is dangerous to use their telephone instruments while an electrical storm is passing over. This afternoon between two and three o'clock when the storm was at its worst, many calls were registered at the central and as the staff did not respond, no doubt a number of disgruntled patrons are wondering what on earth was the matter. The explanation given above ought to be sufficient, but anyway the staff was extremely busy just then, as the lightning was playing all sorts of pranks with the wires. The trunk line fuses were blown out with terrific reports and Miss Henderson and several of her assistants received severe shocks. —Lindsay Post.

Severe Form of Asthma.

"I first used Dr. Chase's Syrup of Linseed and Turpentine with my daughter, who suffered from a severe form of asthma. The least exposure to cold would lay her up, and she would nearly suffocate from want of breath. I must say that I found it to be a most satisfactory treatment and it has entirely cured her." — Mrs. A. A. Van Buskirk, Robinson street, Moncton, N. B.

PERSONAL MENTION

City Clerk Armstrong is in Cobourg to-day.

Mr. J. Irwin, of Lindsay, was in the city to-day.

Mr. Jas. Hastings, Guelph, was in the city to-day.

Mr. Hettenhauser left to-day for North Bay and the "Soo."

Mr. J. W. Garvin, of Toronto, was in the city spending yesterday and to-day.

Mr. J. M. Maybee and Robt. A. Millen leave to-night for Winnipeg.

Dr. and Mrs. H. C. Merritt, of Toronto, were in the city on Saturday.

Miss Annie Weir, of Toronto, is spending a few days at her home, Weller street.

Mr. Fred Clarke is at Stony Lake to-day having improvements made to his summer cottage.

Mr. R. A. Peters, of Peterborough was a guest at the Simpson House yesterday.—Lindsay Post.

Mr. R. M. Hamilton came down from Fenelon Falls on Saturday to spend Sunday in the city.

Miss Mabel McBurney, Havelock, visited her sister, Miss Ethel, yesterday, at the Nicholls Hospital.

Mr. W. J. Weatherilt, cheesemaker, Bethany, was in the city to-day on business, and called on The Examiner.

Mr. and Mrs. J. L. Wood, of Toronto, spent Sunday with the latter's parents, Mr. and Mrs. P. Glover, Charlotte street.

Mr. John Fry, the hustling piano and organ salesman from Peterborough, is in town this week.—Campbellford Despatch.

Mrs. Samuel McGlochlan and her mother, Mrs. McGarity of Waubashene, are visiting with Mrs. D. Cushing, Sherbrooke street.

Mr. Allan, of Lindsay, a retired merchants, is spending a few days with his brother-in-law, Mr. James McCreary, 100 Gilmour street.

The engagement is announced of Miss Mary Isabel Rush, second daughter of Mr. and Mrs. T. O. Rush, to Mr. S. Dickson Hall. The marriage will take place early in June.

The many Peterborough friends of Miss Ethel McBurney, Havelock, who was operated on some time ago for necrosis of the limb at Nicholls Hospital, will be pleased to learn she is recovering rapidly.

Conductor Fred Haskill's numerous friends will be pleased to learn that he is able to again take charge of the Belleville train, after an illness of about ten days. Mr. George Thompson, of the Whitby run, has been a temporary conductor during Mr. Haskill's illness.

Among the successful candidates at the College of Pharmacy, Toronto, whose names appeared in Saturday's papers is Mr. Wm. J. Watts, son of Mr. Alex. Watts, Warsaw, and formerly of Mr. Wm. Madill's drug store. Mr. Watts is now a graduate of the Pharmacy College and will go shortly to Detroit to practice.

Miss Glendenning, of Manilla, who has been in the city visiting Miss Thompson, Stewart street, sang at both sermons in St. Andrew's yesterday, in the morning her selection being "Does Jesus Care?" and in the evening "Nearer My God to Thee." Miss Glendenning returned home this morning.

Mrs. Edward Stocker, of England, arrived here by the C. P. R. 5.10 express, to join her husband, who has for some time been a resident of the city. She came over on the Virginian, with 185 brides, and also another prospective bride, a young lady who came to Peterborough to be married to a young man who preceded her by a few months, and in the meantime has been making the hearthstone warm.

Rekindles Life In the Nerve Cells

AND BY INCREASING NERVE FORCE RESTORES VITALITY TO EVERY ORGAN OF THE BODY.

DR. CHASE'S NERVE FOOD

Suicide, insanity, falling sickness, paralysis: These are some of the results of worn out nerves. No one would neglect a disease so dreadful in its results as nervous exhaustion, if the danger were only realized with the first symptoms.

The time to begin the restoration of the nerves by the use of Dr. Chase's Nerve Food is when you find yourself unable to sleep, suffering from headache or neuralgic pains, indigestion or weak heart action.

Loss of flesh and weight, growing weakness and debility, a tendency to neglect the duty of the day, gloomy forebodings for the future, are other indications of depleted nerves.

You cannot liken Dr. Chase's Nerve Food to any medicine you have ever used. It is a nerve vitalizer and tissue builder of exceptional power.

Naturally and gradually it rekindles life in the nerve cells and forms new red corpuscles in the blood — the only way to thoroughly cure nervous disorders.

Mrs. Barbara Bush, Dixon, Stormont County, Ontario, writes: "I suffered a great deal from dizziness in the head and numbness of the whole system, more especially the arms and hands, feet and legs. When I tried to walk my legs seemed to want to cross each other and I would be afraid of falling and grasp for a chair or table. I also had nervous feelings at times and suffered from a gnawing sensation in my stomach. "I am pleased to say that I have derived a great deal of benefit from using Dr. Chase's Nerve Food. It has built up my nervous system and removed the miserable feelings from which I suffered. I am very grateful that I ever heard of this great medicine for it has done wonders for me. As I am seventy-three years of age my system was run down and this treatment seemed to be exactly what I needed I hope others will benefit by my experience."

Dr. Chase's Nerve Food; 50 cents, at all dealers, or Edmanson, Bates & Co., Toronto.

Yesterday In City's Churches

ST. PAUL'S

The regular meetings only will be held this week, the Presbyterian Guild to-night, and the weekly prayer meeting on Wednesday night.

ST. ANDREW'S.

The Young People's Society will hold a regular meeting to-night.

Prayer meeting will be held on Wednesday night at the usual hour.

MURRAY STREET.

The congregations yesterday were large, and at the evening service the sermon by Rev. Mr. McEwan was much enjoyed, as was also that preached in the morning by the pastor.

To-night the regular weekly Young People's meeting will be held and on Wednesday night the prayer service.

GEORGE STREET.

At George street Methodist church yesterday the missionary report for the year was read. It showed the amount given during the year was $1,259.47, composed as follows: General Board, $847.07; Women's Missionary Society and Mission Band, $317.85, and Japan Famine Fund, $163.85. This is the largest showing so far in the Conference.

ALL SAINTS

There will be a special meeting of the Girls' Guild to-night at 7.30 and the Advisory Board will meet at 8 o'clock in the vestry.

The Women's Auxiliary will meet on Tuesday afternoon at 2.30 o'clock.

Thursday being Ascension Day, there will be a celebration of the Holy Communion at 10 o'clock a.m.

There will be choir practice at 7.30 o'clock on Friday night and a meeting of the Dramatic Club at the same hour.

PARK STREET.

Rev. A. H. Brace preached at both services to large congregations. Miss Nelly Pilling and Mr. James Tranter sang a duet at the evening service with fine effect. The Hand of Fellowship was given to three new members at the Reception Service.

An open session of the B.Y.P.U. will be held to-night. It will be in charge of the young people.

Wednesday a lecture by the Rev. P. A. McEwan, B. A., B. D., on "The Development of Canada and the Marvels of New Ontario."

ST. JOHN'S.

The Young People's Society will hold their last regular meeting for the season to-night in the Sunday School room. General business will be conducted and a final settling up of accounts, etc. All those who took part in the recent entertainment and also those interested in tennis are especially asked to be present. Refreshments will be served before closing.

There will be a special meeting of the Vestry on Tuesday evening to receive the report of the committee on Vestry Extension, when the plans prepared at the instance of the committee will be submitted for approval.

Thursday is Ascension Day and service of Holy Communion will be held at 11 o'clock, with short address.

Rector's confirmation class on Friday night at 8 o'clock.

Monday, Tuesday and Wednesday are Rogation Days—when special intercession is made for the divine blessing upon the family of the earth.

ST LUKE'S.

The last meeting of the season of the Girls' Auxiliary will be held to-night at 8 o'clock. A large attendance is requested. After the meeting a social hour will be spent and refreshments served.

Wednesday evening service and study of the Bible lesson at 8 o'clock.

Thursday being Ascension Day, the Holy Communion will be administered at 10 a.m.

There will be no meeting of the W. A. this week, but the last business meeting will be held on May 31.

The Mission Band will meet on Saturday at 2 o'clock. The members of the Mission Band are preparing an entertainment and box-sale to be held on Friday June 1, in Ashburnham town hall.

Presentation To Ernest Thomas

J. J. Turner & Sons and Staff Honour Him on Eve of Depature.

The office of Messrs. J. J. Turner & Sons was the scene of an interesting event on Saturday afternoon, when Mr. Ernest Thomas, who for some time has been on the staff of that firm, was, on the eve of his departure for Chicago, made the recipient of two presentations, one on behalf of his fellow employees and one from the firm. Mr. Thomas expects to live in Chicago for a year, and afterwards will go to England, where he will make his home.

On Saturday, the employees and members of the staff gathered in the warehouse and on behalf of the former, Miss Nellie Smith presented Mr. Thomas with a handsome leather suit case, and Mr. A. C. Lucas read the following address:—

May 19th, 1906.

Mr. Ernest Thomas, City:

Dear Ernest,—It is with much regret that we learn of your intended departure for new fields of labour, and we cannot let this opportunity pass without showing in some manner the esteem in which you are held. Our relations have been most pleasant, and we will miss your kindly face very much in days to come. You were always ready and willing to lend assistance when required, and the fact that it was given so cheerfully, made it much appreciated. As a remembrance of the associations, which to us have been so pleasant, we would ask you to accept this suit case.

It was with some hesitation that this article was decided upon, as some of the ladies were anxious to present you with a trunk, hoping they might have the privilege of packing their clothes with yours, thus making a honeymoon trip out of your departure. However, as it was not leap year, and not being anxious to lose any more it was decided to present you with this case. We trust that it will bring back pleasant memories, whenever it meets your eye. Wishing you every success. We are sincerely yours,

NELLIE SMITH,
ALBERT E. LUCAS.

Mr. Thomas had barely recovered his surprise at this presentation when he was subjected to another, when Mr. A. W. Turner, on behalf of the firm, gave him a handsome silk umbrella, and expressed the regret of the firm at Mr. Thomas' departure. The recipient of these favours expressed his surprise and appreciation at the marks of kindness shown, in a few words, and assured those who had so honoured him that he would always look back upon his associations with the members of the firm and the staff with pleasure.

TENDERS WILL BE LET THIS EVENING

The Property Committee of the Board of Education will meet to-night to open the tenders and to let the contract for the removal of the old Separate School. The time for receiving tenders expired at noon to-day. The building must be removed and the ground cleared up before June 15.

NOURISH

the body, don't dose it with medicine. Scott's Emulsion is the best nourishment in existence. It is more than a food; you may doubt it, but it digests perfectly easy and at the same time gets the digestive functions in a condition so that ordinary food can be easily digested. Try it if you are run down and your food doesn't nourish you.

SCOTT & BOWNE, Toronto, Ont.

ROUTLEY'S

WEDDING BELLS

PAPPAKERIAZES—MILLER.

The wedding took place in Toronto on Thursday, of last week, of Mr. Michael Pappakariazes, proprietor of stores in Kingston and Montreal, as well as of a fine establishment on George street of this city, to Miss Maud Miller, also of this city.

The ceremony was performed in the Greek church, Toronto, in the presence of a few friends. Mr. Pappakariazes is a member of the Greek church, of which there is no branch in this city.

The happy couple left on Friday for Detroit and other western cities, and will return to Peterborough about the middle of the week.

CASTORIA

For Infants and Children.

The Kind You Have Always Bought

Bears the Signature of Chas. H. Fletcher

S. A. Officer At The Y. M. C. A.

Staff Capt. McAmmond Addressed the Men Yesterday.

It was a good crowd of interested men that listened to Staff-Captain McAmmond's plain, heart-stirring appeal at the Y.M.C.A. yesterday afternoon. The subject was 'Almost and altogether," based on the conversation between Paul and King Agrippa.

The speaker pointed out many things in this world that men almost accomplished, and yet failed. The student, who just failed by a few marks, the recruit who but fell half an inch below the necessary standard, and the one who was almost at home, and got lost.

Many men were almost Christians, and yet they had never crossed the line into life. Many were impressed by the speaker's closing appeal.

Mr. J. F. Thornton sang in his usual effective way, "Ever, only, Jesus."

DIED.

BRESLIN.—In Toronto, on May 11th, Rev. Julius Breslin, Aged 71 years.

Deceased was the father of Mr. H. Breslin, of this city, who will leave in a few days to look after the important business affairs which his father was actively engaged in at the time of his death.

You have read the Sailor Boy's Plea tuy to-day for your dinner to-morrow, Sailor Boy Canned Goods Tomatoes, Corn, Peas and Salmon. Your money does not buy better goods. Do you get Sailor Boy or Substitutes?

Daily Examiner.

MONDAY, MAY 21, 1906.

FEMALE FRANCHISE.

A band of 400 British ladies waited upon the Premier of Great Britain and demanded the franchise, and their earnestness was vouched for by the statement that they were ready to die for the cause. They were, or thought they were, so much in earnest, that when Campbell-Bannerman said it "would not be many years" before the desired request was conceded, that the reference to the delicate subject of "years" in relation to anything referring to ladies, was hissed by the presumptive petticoated politicians. Man as the superior animal, does not so much want woman to vote as to devote herself to ministering to his comforts by the maintence of a home. Woman's empire is the home, where she holds gentle sway—if her husband will permit her—where she can show enough self-sacrifice to earn canonization. If women would devote themselves to the work of obtaining redress of their wrongs instead of spending their energies in striving for a right of doubtful utility—the right to vote—they would seem to be following a more rational undertaking. The crusade for the franchise naturally does not arouse much sympathy in the male mind or heart. The man with a good wife whose care and toil make his house a happy one, does not long to have his life disturbed by having his wife a member of some tea-drinking political club. The man with a strong-minded wife will, out of a spirit of revenge, oppose giving any further rope to a wife chasing the phantom of political enfranchisement, to the neglect of his diurnal roast and the integrity of his linen and socks.

PREMATURE.

Guelph claims that its experience with municipal ownership is satisfactory. The quarterly report of the department shows a balance of $1,702 in the gas branch and $3,398 in the electric light branch. This is satisfactory—on the surface. This profit is apparently net, but the day of reckoning is not taken into account. The net profit does not include the wear and tear of plant, depreciation of value, or interest and sinking fund. When these accumulated set-offs are put against the profits, the latter will no doubt assume more moderate proportions—when a strict accounting is made. This has been the experience of other experimenters with public ownership in other cities and towns. A man that builds houses for rental may at the end of the first month, of rental show a big profit, but when he has to pay taxes, interest on mortgage and big bills for repairs, the rosecate hue will be considerably toned down.

FLOWER THEIVES.

It seems that Peterborough is not the only place where vandalism prevails. Speaking of the theft of flowers, the Windsor Record says:

The constant pilfering of flowers is almost sufficient to drive residents to a restoration of the fence or an abandonment of floriculture. One plan of prevention worth trying would be the organization of a vigilance committee, with a determination to pitilessly prosecute in every case. The flower thief has grown bold with long impunity, and a few stern examples would put a chill on this kind of predatory practice.

Is there a case on record where anybody has been caught and punished in Peterborough for stealing flowers? There are hundreds of cases of the crime itself on record. But condigne or exemplary punishment is not all that is needed. We require the development of public spirit. Above all we require general co-operation. The prevalence of flower thefts and injury to lawns and boulevards emphasizes the contention of The Examiner for the organization of a general society, with branches on every street, with members pledged to do all in their power to beautify their respective surroundings and use all their efforts to protect the premises of their neighbours. It is only by such co-operation that a general good result can be attained.

CRESSMAN'S

THE WEATHER

Citizens who had their tomatoes set out in their gardens, or had their early vegetables already above the ground, are probably sorry now that they were in such haste to be ahead of less industrious neighbours, as in some cases, at least, Jack Frost has been showing the blighting influence he is capable of. Yesterday morning there was a heavy white frost, and the Government thermometers marked 32 degrees, just freezing point. It is quite probable, however, that on low ground, and localities less exposed to the wind, a lower temperature was reached; in fact we have already heard of damage being done by the frost. This morning (Monday) was still sharper, and some ice was to be seen; 29 degrees was the lowest figure reached, and is is quite possible that considerable damage has been done to blossoms on fruit trees. There was also a heavy white frost this morning.

Preserving Pineapples.

We would advise our customers to secure their pineapples, for preserving, within the next ten days. They are now at their best for quality, and price is probably lower than it will be later. S. A. Oke, 376 George street. Telephones — Machine, 15; Bell, 15.

Bible Club Social An Enjoyable Event

Many Young Men Participated in Y.M.C.A. Club Saturday Social.

The Saturday Bible Club social at the Y.M.C.A. proved a very enjoyable event, the club room being well filled with members and their friends.

Mr. Shiner, the capable president of the club, occupied the chair, and the leader, Mr. Williamson, led a short discussion of the lesson for the week.

The programme which followed was well sustained in all its parts. Solos were given by Messrs. N. A. Howard-Moore, Campbell, Last and Coleman, and all were heartily applauded. Mr. Harding gave one of his humourous selections, which was also well received.

Mr. A. E. Walker acted as accompanist. The guessing contest, "A Penny for Your Thoughts," was decidedly interesting, Mr. Walmsley and Rev. F. J. Scott coming first.

Later, refreshments were served, the pleasant evening concluding with an appropriate song.

GRAND OPERA HOUSE

C. G. E. ANGLERS ELECTED OFFICERS AT ANNUAL MEETING

The annual meeting of the C. G. E. Anglers' Club was held in the Y.M.C.A. on Friday night. All fish are asked to govern themselves accordingly, as this is the last warning that will be given.

After some general business the following officers were elected:

Rear Admiral, R. M. Roy.
Commodore, J. Brown.
Captain, R. H. Shepherd.
Secretary-Treasurer, H. Latimer.
Cook, J. Trombley.
Guide, P. Byshe.
Bard, A. W. Paterson.
Official Liar, F. Shannon.
Scullion, P. L. Allison.
Cabin Boy, T. Glover.

Executive Committee—R. H. Shepherd, J. G. M. Wilson, J. A. Sharpe, J. McCabe, P. Byshe, A. W. Paterson, F. Shannon.

A vote of thanks was passed the Y.M.C.A. for the use of the hall. Another meeting will be held in a couple of weeks to arrange for the first outing.

GRAND OPENING OF THE GOLF AND COUNTRY CLUB

The opening of the season of the Peterborough Golf and Country Club took place on Saturday afternoon, with about 125 of the members present. The ladies were out again, dressed in their pretty summer costumes and the links were again the scenes of activity and merriment.

Tea was served about five o'clock in the evening, in the Club House, which is looking very attractive in its pretty coat of fresh paint.

The grounds are in a perfect condition, and never looked more beautiful than they do at present. The new boat house on the banks of the canal will soon be completed and as soon as erected boating will furnish another pastime for the gay frequenters of the links.

With the addition of tennis and boating to the list of games the officials expect an unprecedentedly large membership during the coming season, which never had fairer prospects.

OBITUARY.

MRS. ROBT. McCLELLAND.

Last night one of the oldest and most highly respected residents of South Monaghan passed away in the person of Mrs. Robert McClelland, who died at the residence of her son, William, at the age of 79 years. The deceased had been gradually failing for some time, and death was due to old age.

The late Mrs. McClelland was a native of the township in which she lived, and in which her death occurred, having been born in Centreville. Her maiden name was Rosanna Hall.

A few years less than half a century ago, she was married to Robert McClelland, who predeceased her by five years. After their marriage, Mr. and Mrs. McClelland lived in Australia for seven years, returning to South Monaghan, where she has since made her home.

Five sons and four daughters survive her. They are Andrew, with the Dickson Company; William, who lives on the homestead; George, of Otonabee; Dr. M., of this city; and Thos., of Fairbanks, Alaska; and the daughters are Mrs. S. Thorn, Otonabee; Mrs. (Dr.) Graham, Queensville, Ont., Mrs. T. P. Westington, of Welcome; Mrs. A. Collins of Otonabee.

The deceased was a member of the Presbyterian church, of which up to the time of her last illness, she was a regular attendant and a consistent member.

The funeral will take place to-morrow at two o'clock, from the residence of her son, William, to the Centreville cemetery, where interment will take place.

School Children's Eyes

Many So-Called **Dull Scholar** is so because of some Defect of the Eyes.

Parents should watch for symptoms of defective eyesight and have an examination made at once, if suspected.

Commencing next week, TUESDAY, MAY 22nd, we will devote ONE HOUR a dray, from 4 to 5 p.m. two days a week—TUESDAYS and FRIDAYS for the FREE EXAMINATION of School Children's Eyes. All we ask is either a note from the Parent or Teacher be given the child or that the Parent accompany them.

Of course an examination will be made at any time, if Parents accompany Children at their request.

Former Local Physical Director For Havana

Mr. James M. Macleod Selected to Open Y. M. C. A. Work in Cuba—Will be Supported by Association in in New York—Was a Very Popular Director.

Mr. James M. Macleod, at one time physical director of the Y.M.C.A. here, has a great many friends, who will be interested in the following despatch concerning him, from Toronto:

James M. Macleod, for two years assistant physical director of the Central Y.M.C.A., and during the past year instructor of All Saints' gymnasium, left on Friday night at 5 o'clock for New York, from where he sails on Saturday for Havana, Cuba. Mr. Macleod goes to Havana under the auspices of the foreign department of the international committee of the Young Men's Christian Associations, to take charge of the physical work of the Y.M.C.A. there. He is the first man sent to a foreign city who will have especially in charge physical work, and will work among the natives, European and American residents of the city of Havana.

The Leaders' Corps of the Central Association, of which Mr. Macleod has been president for the past year, tendered him a farewell banquet on Thursday night at Nasmith's, and presented him with a travelling trunk. Some of the old boys of the Association Friday night presented Mr. Macleod in the parlours of the building with a beautiful silver-handled umbrella.

Mr. Macleod's support will be undertaken by the West Side Branch of New York City, and it is expected that this departure in work for men in foreign lands will be but the beginning of a similar movement in other centres in the east.

Mr. Macleod was one of the most popular physical directors the local association ever had, and his hosts of friends here will wish him success in his new work.

SUMMER SCHOOL IDEA TO BE CARRIED OUT

Rev. W. J. Jolliffe has been appointed on the executive of an association formed to promote the idea of holding a summer school at Bobcaygeon, in which Sunday schools and Epworth Leaguers of the Peterborough, Lindsay and Cannington districts, will participate. Plans have already been prepared for the school, which will be held from June 25th to July 2nd. Addresses by prominent Sunday School and Epworth League workers, will be given during the week in which the school will be held.

It is expected that a number of young people from this city will attend the school.

Opening Game In Guild League Played To-night

George Street and Charlotte Street are Contestants in Initial Battle—Great Interest is Being Taken in the Game and There Will be Record Crowd.

The Guild League will open to-night when the George Street and Charlotte Street meet in the initial contest on the Murray Street grounds at 7 o'clock. Great interest is being taken in the league this year and the opening game should attract a big crowd. The quality of ball in the league this year promises to be at least fifty per cent. faster than that of last year.

To-night's game should be a slashing contest. The rivalry between the teams is intense and it seems hard to pick a winner. Charlotte Street is selected by a large number, but those who have seen George Street work out are equally sure that they will win. Both teams have practised faithfully and will be in good form when umpire W J.. Stacey presses the button to-night. The line-up will be as follows:—

George Street.
Kendry, short stop.
McMillan, right field.
W. Parnell, catcher.
W. Weatherstone, second base.
Lacombe, left field.
MacLarry, pitcher.
Curtis, centre field.
Crane first base.
P. Weatherstone, third base.

Charlotte Street.
Lang, catcher.
Heaslip, first base.
Squires, second base.
Dusty, short stop.
T. Pilling, third base.
J. Pilling, pitcher.
H. Roddy, right field.
Crowe, centre field
N. McWilliams, left field.
Ryan, pitcher.

Quakers Again Outclassed
---IN THE SECOND LEAGUE GAME--
The Fast Norwood Eleven

Defeated the Visitors on Saturday by 2 Goals to 1—Are Now Champions of District No. 2—An Excellent Exhibition of Junior Football—Scoring all Done in Latter Half—Much Improvement in Team Work.

By defeating the Norwood High School team on Saturday afternoon, by 2 goals to 1, the Peterborough Junior Quaker football team are now champions of District No. 2, of the Midland League, winning by 4 goals to Norwood's 1, on the round.

The contest was held on the Riverside Park before a small crowd, but was one of the best exhibitions of the Association game seen in Peterborough in the later years of the game.

The game was pretty even throughout—just as close as the score indicated. At half time neither side had been able to do the necessary, but some hairbreadth escapes that kept the men between the posts guessing, were witnessed.

Both teams showed up wonderfully well in combination play, without which most teams are generally at sea.

The benefit of the week of hard practice of the Norwood eleven was easily seen and they played much better football than on their own ground. Most of their men are light compared to the Quakers, but their style of playing on Saturday was pretty nearly on a par with the locals. On one or two occasions it looked as if their chances of carrying off the victory had come, and it was nothing but the lightning work of the Quaker defence that prevented them from doing so. Capt. Power certainly has banded together a well-balanced team, and if, as he says, his men had begun kicking earlier in the season, there might have been a different story to tell about the championship of District No. 2.

Norwood's line up was somewhat strengthened from the first game, and probably for this reason they succeeded in turning out better ball. Hickey replaced Rattan at half back, and Renton and Lamey kicked instead of Hendren and Miller on the forward line. Fred Lamey was one of the best forwards of Norwood crack team last season, and has not lost much speed yet. Although he was laid off for a few minutes in the latter half by a hard body check, yet he went into the game keener than ever, and was responsible for the notching of Norwood's only goal, a few minutes before time was called. Doherty, their centre forward, was the best man on the team. Repeatedly he broke through the Quaker defence for a shot on McFadden. This, however, was his weak point, and his shots generally went wild. Renton, the new man on the right wing, worked hard and figured in some nice combinations. Power, the centre half, is a heady player and stopped many of the local forwards' invasions. Kidd and Morrow, who formed the back ranks of the visitors, did some gilt-edged work, and are punters of the first degree. Prest in goal, handled a great many hot shots in his usual graceful style, but badly fumbled the leather the first time the Quakers gained a goal.

For the locals it would be difficult to particularize. All played excellent ball and displayed a great deal better team work than at their first match, and, judging from the quality of football dished out to the spectators on Saturday are on a fair road to the landing of the junior championship of the Midland League. Capt. Parnell had his men in fine trim for the game and they certainly displayed it.

Boycott and Armstrong on the left wing, played better ball than in the first game and that couldn't be very much improved on. The former has few equals in placing the pig-skin on the goal from the left field and was the means of notching the second goal in combination with his inside mate. Armstrong had them all beaten as a "heady" player. He could turn the leather towards any point of the compass with ease, and Prest was called upon to connect with more than one dangerous looking shot from his shrull. The second Quaker goal was scored by him in this manner. Crough, who replaced Todd at centre never played better. His zig-zag rushes perplexed the visitors' defence time and again, and as a dribbler was easily Doherty's equal. Barrie and Baker on the right figured in some pretty two-man stunts, and the latter's kicking on goal was a feature. "Dick" has certainly "got the goods," and the credit of the first goal was partly due to him from a long kick from the right field.

Parnell at centre-half was a hard man to pass, and this the Norwood besiegers found out many a time. His long punts into the visitors' territory was a great impetus to his team. Best was a shining ray of light throughout the game, and snatched every opportunity for a gain. His placings were always neatly done. Tommy Deforge, his colleague across the field, played an almost faultless game. His checking and sure punting were big obstacles to the left wing aspirants of the visitors. Evans very easily sustained his reputation as a first-class back and booted the wind bag on many occasions away over centre field from near the home goal line. Graham on his left seldom missed either the man or ball, and cleared the goal from several dangerous-looking onslaughts many times. McFadden between the stakes didn't have a great deal to do, but embraced everything but one that came his way.

Sherin, of Omemee, made an efficient referee and satisfied both teams in his rulings. He was very vigilant on the throw-ins and off-sides, and carefully nipped in the bud all attempts at back checking and tripping.

The following was the line-up of the teams:

Norwood—		Quakers
	Goal.	
Prest		McFadden
	Backs.	
Morrow		Evans
Kidd		Graham
	Halves.	
Huycke		Best
Power		Parnell
Cumming		Deforge
	Forwards.	
Renton		Boycott
Lamey		Armstrong
Doherty		Crough
Lonergan		Barrie
Rodgers		Baker

Referee—M. Sherin, Omemee.
Timekeeper—Lorne Brooks.

First Half.

The Quakers won the toss and chose to kick with the wind. During the first five minutes of the game the play remained around centre field. Boycott and Armstrong soon broke away for a run on the side and Boycott kicked one squarely on goal. Hanie sent it between the stakes, but fouled it first. In a few minutes more Boycott sent in an and dropped the ball just over the bar. Kidd was called upon to meet a few, and saved his goal from some dangerous rushes. Parnell returned, and Armstrong passed a few men in a nice individual run. From a pass Baker booted a hot one to Prest, who punted and relieved the situation. Crough soon fooled Kidd and dropped the ball just over the goal. Doherty got away for a rush, but was bustered by Best, who kicked to Armstrong. The latter kicked on goal, but Morrow relieved. Parnell received, and another from his boot barely touched the top of the bar. Boycott and Armstrong tore off another rush, but Kidd broke up the combination. Doherty and Lonergan went up the centre in a neat rush and almost scored. Graham kicked behind the goal and Power dropped a perfect corner on goal which almost counted. Best kicked to Baker, who, with Barrie, figured in another combination, but the charm was broken by Kidd. Doherty dribbled past the halves, but was turned down by Evans. Crough Best, Armstrong and Boycott, in a four-man play, carried the ball into the visitors' territory, but it was returned by Morrow. Deforge was right on the spot, and kicked to Baker, who sent the ball across to centre. Boycott reached to rush it through, but missed, and half-time was called.

Second Half.

Crough kicked off, but Doherty got the ball and passed two men, but was blocked by Evans. Armstrong secured the pigskin and passed to centre, but Cumming relieved. Doherty tried another run, but Parnell fooled him. Baker passed to Crough, but Power returned and Graham kicked to Armstrong, who headed it to Boycott on the wing, and the latter scored the first goal on Prest's fumble in 8 minutes. Score 1-0. Soon after the kick-off, Lamey was hurt, and Best evened up. Doherty almost scored again on McFadden. Boycott, Crough and Baker did a neat stunt, the latter almost scoring. Doherty kicked a couple on on goal, but they were easy marks for McFadden. Baker placed another in centre field, which Armstrong headed between the posts. Time 14 minutes; score 2-0. Just after the kick-off the ball passed to Lamey, who made a pretty rush down right field and kicked a hot one on goal which McFadden failed to embrace. Evans almost relieved, but Doherty and Lonergan were too aggressive, and the former rushed the ball through. Time 2 minutes; score 2-1. This was the last scoring done, and for the remainder of the time play centred around the middle field, with neither team aggressive.

Offides.

The spirit certainly moved the Quakers on Saturday.

William Penn would have been an amused spectator at the game," remarked Brooks.

Armstrong is also "headstrong."

Doherty's lone rushes brought the applause from the Norwood supporters

Norwood has one more opportunity to save their reputation. "Wally" Parnell says its a hopeless one.

Boycott can give a few lessons in sending them in from left field.

The Quakers look to be the favourite aspirants to the junior championship.

Bruce Rickey To Figure On A Minto Cup Team

Souris, May 21.—When the Souris lacrosse team gets east to play Shamrocks for the Minto Cup, the wise ones will receive a great surprise. There are two additions to the team—McDonogh and Rickey—the latter a Peterborough boy. Fraser, of Renfrew, who is here, may catch a place on the team.

DAN M'CABE HAS LEFT BRANTFORD

A Brantford despatch says:—"Dan" McCabe, the one-armed wonder, has left the city and returned to Peterborough. The Dufferins would not have played him in any case, as they could only sign one out-sider and Thomas the catcher was needed more than a pitcher.

BASEBALL

The Junior Northern Lights baseball team defeated the Maple Leafs on Saturday morning on the Nicholls Oval by 29 runs to 16. The Northern Lights line-up was:—Catcher, J. McGrath; pitcher, V. Hourigan; 1st b., Whittaker; 2nd base, P. Telford; 3rd base, J. Miller; s. s., V. Revoy (Capt.) l. f., Jo Hourigan (manager); c. f., M. Coughlin; r. f., S. Smith.

Referee—"Doaty" Brotherson.

• • • •

O'Brien is an ex-Peterborough player and made a very favourable impression on the fans last night. In the last innings he batted out of order, but nothing was gained by it.—Lindsay Post.

• • • •

The members of St. Paul's Baseball Club are requested to turn out this evening. A meeting will be held at 8 o'clock at the Y.M.C.A. to elect officers for the Club. Every member is expected to attend.

THAT OVER WORKED, PLAYED OUT FEELING AMONG WOMEN

There are thousands of females all over our land who are broken down in health and dragging out a miserable existence, overburdened with diseases peculiar to their sex, apparently growing old while yet young. Often they have pale or sallow complexion, hollow, sunken eyes, with a lifeless look; the face has a pinched and haggard appearance; they are weak, weary and trembling, often extremely nervous, starting at every little noise. Many are low-spirited, and some are fretful. Some are apparently bloodless, with cold hands and feet, while others are flushed by an unequal circulation of the blood, dizziness, and sometimes dimness of vision, loss of memory, and often loss of appetite and sleep, and are wearied with terrible dreams.

Palpitation of the heart, nervous prostration, smothering and sinking spells, shortness of breath and the sensation of pins and needles are all indications of a weakened condition of the heart or nervous system, and should any of them be present we would strongly advise the use of

MILBURN'S HEART AND NERVE PILLS

They bring health to the broken down, energy to the weakened constitution, tone up the tired, overstrained nerves, and strengthen the weak heart.

Mrs. Edward Jackson, Half's Bridge, Ont., writes: "For a year I was greatly troubled with nervousness and loss of appetite, and could neither sleep nor eat. After taking a few boxes of Milburn's Heart and Nerve Pills I was completely cured and can recommend them to all sufferers."

Milburn's Heart and Nerve Pills 50 cents per box or three boxes for $1.25, all dealers or The T. Milburn Co., Limited, Toronto, Ont.

Ho! for STONEY LAKE

REPAIRS WILL BE HURRIED THROUGH

The programme of repairs to the streets and sidewalks, outlined at the Board of Works meeting on Friday night, is being rapidly carried out. Ald. Hicks, chairman of the Board, evidently believes that if it is right to do a thing, it should be done at once. The road roller is now at work on George street north, which the Board on Friday night decided to repair. This section will be put in shape as rapidly as possible. Work has also begun on the concrete crossings, the first to be built being that at the corner of Water and Murray street.

"THE DAYLIGHT STORE."

Two Garment Suits

Neither comfort nor the conventions demand a waist coat for Summer service. It has simply no function.

We have lines of coat and trouser suits in single and double-breasted models made of beautiful Homespuns, Serges, and Tweeds, of distinctive patterns and colours.

WASH VESTS

are decidedly popular this season and we have been particularly fortunate in securing the nicest assortment of patterns we have ever seen shewn. Makers of these fabrics are doing everything in their power to encourage fancy vests, and this season have made us an assortment that is certainly to be admired.

THE NORFOLK SUIT

is an ideal Suit for summer—there's nothing more appropriate for the warm days. It imparts a feeling of satisfaction to the wearer, not to be had in any other cut of garment. Trousers have turned-up bottoms and loops for belts. Everything fits here—even our Prices.

Lang & Maher, 409-411 George St., Peterboro

CLOTHIERS - AND - FURNISHERS - TO - MEN - WHO - KNOW

His Lordship Bishop
---O'CONNOR SANG MASS AT---
Hamilton To-day

In Connection With the Golden Jubilee Celebration of the Diocese of Hamilton—An Interesting History in Which Peterborough is Deeply Concerned — This City Furnished the First Bishop—Was Predecessor of Bishop O'Connor Here—Apostolic Delegate Tendered Reception To-day.

On Saturday His Lordship Bishop O'Connor, and Rev. Father McColl, rector of St. Peter's Cathedral, went to Hamilton to participate in the celebration to the Golden Jubilee of the establishment of the Diocese of Hamilton.

The celebration opened on Saturday and continued yesterday and to-day,

HIS LORDSHIP BIRHOP O'CONNOR
Who Celebrated Mass at Hamilton To-day.

and was perhaps the most important event in Roman Catholicism in the Ambitious City. An interesting feature of the celebration was the presence of the Apostolic Delegate, Most Rev. Donatus Sbaretti. The history of the Diocese of Peterborough, and that of Hamilton, are bound up together to a considerable degree. The present Bishop of the Diocese was before Bishop O'Connor, the head of the diocese of Peterborough, and he has many friends here who will learn with pleasure of the success which has attended his work at Hamilton.

This morning at ten o'clock in St. Mary's church, the Cathedral of the Diocese, His Lordship Bishop O'Connor celebrated the Pontifical High Mass, and the sermon was preached by His Lordship Bishop Scollard, a well known native of this county.

To-night a reception will be tendered to the Apostolic Delegate.

The Hamilton Spectator of Saturday devotes considerable space to the celebration, and, among other things, says:

Friday, May 11th, 1906, marked a most important epoch in the history of Roman Catholicism, for on that day, fifty years ago, was established the Diocese of Hamilton. It is therefore, most fitting that the celebration of the golden jubilee, which begins this evening, promises to be of a most impressive character, and an event which will be long remembered by even the youngest adherent of the faith in Hamilton, for the occasion will be marked by a visit of not only the dignitaries of the church throughout the province, but also a visit from His Excellency, Mgr. Donatus Sbaretti, Apostolic Delegate to Canada. Another point of interest in the celebration will be the consecration of St. Mary's Cathedral by His Lordship Bishop McEvay of London, a former rector of the church.

The history of the early days of the diocese are dealt with, and it will be seen that Peterborough has a special interest in this branch of the Church, in view of the fact that a Peterborough priest, Rev. John Farrel, was the first Bishop of the new Diocese, formed on May 11th, 1856. Speaking of this the Spectator says:

"Shortly after Rt. Rev. Dr. de Charbonnel, received his appointment of bishop at Toronto, he conceived the idea of forming a new diocese at Hamilton, which, having gone through the usual course, was brought about, and on May 11, 1856, Rt. Rev. John Farrel of Peterborough, was consecrated Bishop of Hamilton, by Mgr. de Charbonnel, and on May 24, the new Bishop made his entry into his episcopal city.

"It was during the early portion of Bishop Farrel's administration here that the Separate schools were introduced into Hamilton, and two substantial brick buildings, St. Mary's and St. Patrick's schools, were erected, and also Loretto convent, and academies for the higher education of young ladies. A new convent and chapel and orphanage, were also erected for the Sisters of St. Joseph. In 1763 the health of Bishop Farrel began to fail, and on September 26th he passed away, and his remains were laid to rest in the western crypt of St. Mary's Cathedral."

Bishop Crinnon was Bishop Farrel's successor, and held that office until 1882, when he passed away, and Peterborough was again called upon to furnish a Bishop, and speaking of this circumstance the Spectator says:

"Upon the death of Bishop Crinnon, the Right Rev. Dr. Dowling, the present bishop, was elected vicar-capitular, and administered the affairs of the diocese until the arrival in the spring of 1884 of Right Rev. Bishop Calbery, O. P., who remained but a short time, when he returned to Ireland, and passed away on Dec. 19, 1887, at the Dominican monastery in Cork.

"A papal brief bearing date of January, 1889, transferred Right Rev. Bishop Dowling from the See of Peterborough to Hamilton, and on May 2nd of that year he was installed as bishop of the diocese.

"It need hardly be said that since the appointment of Bishop Dowling, the Catholic church in the diocese has given evidence of increased vigour, as is shown by the fact that thirteen new parishes have been opened in the diocese, including those of St. Lawrence church, with its splendid rectory, and the new parish of St. Anne."

Bishop Dowling was the successor in this diocese of the late Bishop Jamot, one of the most saintly men who ever wore the purple.

It is expected that His Lordship Bishop O'Connor and Father McColl will return on Wednesday.

$42.80 Was Spent Three Short Days

Wm. Slater Couldn't Pay His Fine of $2 for Being Drunk.

William Slater was brought into the police station on Saturday afternoon in a positively helpless and hopeless condition. At this morning's police court, he pleaded guilty to having been found drunk in a public place.

"I don't remember being brought in, so I must be guilty," said Slater.

"Two dollars," said His Worship.

"I had $42.80 when I came here on Wednesday, and I haven't got a cent now," stated Slater.

So he had to take the stone building on the bill for ten days.

A. H. STRATTON & CO
417 GEORGE ST., PETERBOROUGH

A BIG BUNCH OF BRIDAL FRIEGHT

The Allan Liner Virginian came in on Saturday with a passenger list of about 2,000, divided between first and second cabin and steerage. Without counting the steerage there were one hundred and eighty-five brides on board; that is, admitted brides, unmistakable, acknowledged brides, with a possibility that among the first and second cabin passengers there were many brides with some remnant of maiden modesty, who did not disclose their changed estate by word or sign. Then this one hundred and eighty-five does not include the steerage list, which might well afford a large supply. The presence of so many brides argues, naturally, the presence of an equal number of husbands, though, in the first flush of the marriage dawn, the husband doesn't count—he is only a cypher placed on the right hand of a digit to increase its value—he is chiefly useful for the first month as treasurer, and only comes into count when the honeymoon wanes and the lordship of the home requires to be asserted.

A Man Who Drinks Hard

needs "Bu-Ju" if he wants to keep his health. Beer, whisky, wine—all alcoholic beverages—irritate the kidneys. Pain in the back, headaches, brick dust deposits in the urine—prove that the kidneys are seriously inflamed.

Bu-Ju

THE GENTLE KIDNEY PILL

strengthens and invigorates the kidneys, heals the inflammation, clears the urine, and takes away the pain.

"Bu-Ju" is not a cure for the drink habit, but "Bu-Ju" does protect the steady drinker against kidney disease.

All druggists have "Bu-Ju" or will get them for you.

$200,000 Fire Destroys Big Toronto Factory

Toronto Bolt and Forging Co's Forging Shop Gutted---Loss is $200,000--Insurance Only $75,000.

Special to The Examiner.

Toronto, May 22.—The forging shop of the Toronto Bolt and Forging Co., at Swansea, was gutted by fire early this morning. The loss amounts to $200,000, the insurance being about $75,000. Three hundred and fifty men, a large number of whom are mechanics, are temporarily thrown out of employment. The fire started at 2 o'clock and raged for three hours. The huge frame workshop was completely wiped out, but the three subsidiary buildings escaped with a slight scorching.

Bill Posters Balk At Objectionable Posters

Will Help the Churches in Eliminating This Feature--Theatre Managers Told They Must Discontinue Printing These Posters.

In view of some recent discussion in the pulpits in the city in respect to objectionable theatre posters, it will be of interest to learn that the Bill Posters' Association of the United States, as well as that in Canada, has taken steps to eliminate, so far as possible, this feature, and the former association appointed a committee to interview the theatrical interests and state to them that they must discontinue issuing such posters, or the association would refuse to handle them as a result.

E. D. Stair, of Stair and Havlin, stated that he would not book in the theatres controlled by his interests attractions using objectionable posters, such as condemned by the Bill Posters. The representatives of Al. H. Wood's theatrical interests advised that they would agree to withdraw shows of objectionable features, and further agreed to co-operate in eliminating all objectionable posters and titles.

The committee will keep a close supervision on all posters during the coming season, and will advise the association of all that must be withheld from the billboards.

At the annual meeting of the Canadian association, held at Niagara Falls yesterday, this action on the part of the American association was endorsed and a similar line of action decided upon.

Mr. Stoaker, the President of the Canadian Association, informs the Examiner that Mr. A. J. Small, is in hearty sympathy with the action of the bill posters, and will give it his support.

Respected Resident Of Cavan Passes Away

Late Thomas McCamus Was One of the Most Prominent Men in the Township--His Death Occurred on Monday--Member of License Commission Board.

A large number of Peterborough citizens, who during his lifetime were warm friends of Thomas McCamus, one of the most highly respected residents of the township of Cavan, will learn with the deepest regret, of his death, which occurred yesterday at his home near Baillsboro, after a protracted illness. Up to about six months ago Mr. McCamus was in good health in spite of his seventy years, but after the January municipal elections he became ill, his heart being the seat of the trouble. From this he has never recovered and has gradually become weaker until his death. The deceased was a native of Cavan and was a son of the late Robert McCamus, of Sherlock, Cavan, Ireland, who came to Canada in 1870, settling in Cavan, where he lived until his death.

The deceased was one of the most prominent men in the township, and was beloved by all who knew him. He was a most successful farmer, and was appointed on the Board of License Commissioners for East Durham. He was obliged to resign, however, on account of ill-health. He was a strong Conservative in politics, and a member of Christ Episcopal church. He leaves to mourn his loss, three sons, Robert, James and T. W., all living in Cavan, and two daughters, Mrs. Harry Armstrong, and Miss Katherine, the latter living at home. Two sisters, Mrs. William Fair of Millbrook, and Mrs. J. Wood of Cavan, and one William, predeceased him by some years.

The funeral will take place on Wednesday afternoon at three o'clock from the family residence to St. Paul's Episcopal cemetery, near Millbrook.

WEDDING BELLS

A very pretty wedding was that celebrated at the residence of Mr. Robert McWhinnie, 25 Harvey street, this morning, when his daughter, Miss Olive Goodfellow, was united in marriage to Mr. W. G. Elliott, of Peterborough. Rev. Dr. Crothers performed the ceremony in the presence of a number of guests. The house was prettily decorated with an arch of evergreen and apple blossoms and the nuptial knot was tied beneath a bell of smilax and apple blossoms.

The bridesmaid was Miss Ethel Goodfellow, sister of the bride, while the best man was Mr. Percy G. Might of Toronto.

The bride wore a charming costume of chiffon voile over silk, trimmed with Maltese lace, and she carried a bouquet of white roses and lilies of the valley.

The bridesmaid wore a becoming gown of flowered silk tissue, over silk, with a bouquet of pink roses. The wedding march was played by Miss Brownscombe, of Uxbridge.

At the conclusion of the ceremony a delightful wedding dejeunur was served by Mr. Long, the caterer for the occasion.

Mr. and Mrs. Elliott left on the 11.45 G.T.R. train for the west. They will reside in Brandon.

The presents received were numerous and costly. The groom's gift to the bride was a sunburst of pearls and to the bridesmaid a pearl ring.

Both of the contracting parties are well known in Peterborough and their many friends will wish them every success.

ROOKE—THURSTON.

A quiet wedding took place last evening at 5.30 at the rectory of All Saints' church, when Miss Lilian Thurston, daughter of John George Thurston, of West Kensington, London, Eng., was united in marriage to Mr. Geo L. Rooke, son of George Walter Rooke, of Saxmundham, Suffolk, Eng. They were attended by Mr. and Mrs. E. B. Stocker and the ceremony was performed by the Rev. Wm. Major, rector of All Saints'.

Miss Thurston was one of the 185 brides who arrived in Canada on the steamer "Virginian" last Saturday. The groom has been a resident of Peterborough for some six months. Mr. and Mrs. Rooke will reside on Park street.

Bishop Sweatman Visits Peterboro

Bishop of Toronto Was Was Here Last Night--Object of the Visit is, it is Stated, Diocesan Business--Met Members of All Saints' Congregation.

His Lordship Bishop Sweatman, of the Diocese of Toronto, was in the city last night, arriving on the 10 p.m. train from Lindsay, and left this morning on the 8.30 train for Lakefield, where he spent the day.

His Lordship's many friends in the city will be glad to learn that he is considerable improved in health.

Questioned as to the object of his visit here, the Bishop stated that it was to transact diocesan business, and had nothing to do with domestic matters.

Mr. J. H. McClellan, one of the leading members of All Saints' church, had an audience with His Lordship this morning, before he left for Lakefield, but as to the import of it, both gentlemen were as dumb as the proverbial oyster.

The visit of the Bishop to the city at this particular time, when the election for coadjutor is pending, has an additional interest, though it is not learned that his visit had anything to do with that event.

DISTRICT MEETING OPENS IN MILLBROOK

The annual district meeting of the Methodist churches in the Peterborough district opens in Millbrook this afternoon. It will be attended by ministers and laymen from all the the churches in this district, and will be presided over by Rev. W. J. Jolliffe, who is not only president of the Conference, but chairman of this district.

The representatives from the three local churches to the meeting are:

Charlotte street, Rev. W. J. Jolliffe and Mr. H. E. Hawley.

George street, Rev. Dr. Crothers and Messrs. Wm. Might and B. Shortly.

Mark street, Rev. J. G. Lewis and Mr. Thos. Johnston.

At this district meeting the reports of the various churches in the district are prepared for the Conference, which will be held in Port Perry this year, commencing the first week in June. All the churches in the district have had a successful year, and the reports as a consequence will be encouraging.

This afternoon the Ministerial Session will be held, and to-night a public meeting, at which Rev. Dr. Crothers will give a lecture. To-morrow morning the general business session will be held, when the reports from the churches will be taken up.

A Special Train To Carry Knights

One Will be Engaged for Knights of Columbus.

Victoria Day will be an important day in Knights of Columbus circles in Lindsay. On that day a new council of that order will be instituted in that town. It is expected that about fifty members of the Order from here will go to Lindsay to take part in the ceremonies incidental to the institution of the council. It is also expected this will be one of the largest Knights of Columbus gatherings in the history of the Order in Ontario. Members will be present from Peterborough, Belleville, Toronto, Ottawa, Orillia, and other cities. The Toronto members will travel in a special car, while for the benefit of the local members a special train will be run on the return trip on Thursday night.

Forever.

One of the end men at the Minstrel show last night sang the following hit which was well received:—

Peterborough is a city that is most beautiful
But here you have a building called the Separate School,
Will they let them tear it down, and build the Armouries there?
Chorus:—Never, never;
They will let that old relic stand forever.

St. James' Church Was Consecrated

His Lordship Bishop Sweatman Officiated at the Ceremony --Mr. Harry Long Makes Presention to the Church.

On Sunday, May 20th his Lordship the Bishop of Toronto, visited the Parish of Emily and duly consecrated St. James' Church. The service was held in the morning at 10.30 and was largely attended, the church being filled to its utmost capacity. Many were present from a distance, among others, Mr. Harry Long, of Peterborough, who kindly brought a lovely bunch of American Beauty Roses to adorn the Holy Table. Mr. Long also presented the church with two beautiful glass vases in which the roses were placed.

The rector, the Rev. J. H. Tenny, presented a class of twenty-three candidates for the Apostolic rite of Confirmation. Holy Communion was also celebrated, forty-seven receiving the pledges of eternal life.

The whole service was rendered with promptness and animation, the choir showing very careful training in the musical part of the service. Miss Clarke presided at the organ.

It would be difficult to find a country church with as bright and inspiring a service as St. James', and the day of its consecration will long be remembered as one of the brightest in its history. The good people of the congregation have reason to congratulate themselves on what has been accomplished, and with profound thankfulness to Almighty God to anticipate a future of still greater things. A memorial bell is very shortly to be added to the church's equipment.

The subject selected by the Bishop for his address was "Consecration," and in very fitting and touching words he drew a parallel between the consecration of the church and that of the candidates for confirmation. Needless to say his words of helpful counsel will not soon be forgotten and a feeling of gratitude filled every heart that the Bishop had been spared to again discharge in Emily the functions of his exalted office.

His Lordship expressed his pleasure at the spirit of reverence which prevailed, and also at the beautiful house of worship which had been erected by the people of that parish. It was seldom, he said, that he had seen such a beautiful church edifice in a country parish.

ONE THING AND ANOTHER

Some Satisfaction.

Toronto Star.

THOSE who lost on the favourite have the satisfaction of knowing that a man has to be Court-Martialled before he is Slaughtered.

Important Rush Message.

Denver Post.

A WELL dressed young man approached the desk in a telegraph branch office yesterday and wrote a message. Laying the pen down he handed the message to the girl and said: "You can rush this for me, can't you?"

"Yes, indeed," replied the girl.

"It's very important," he went on "I must have it rushed."

"It shall go right through."

"All right," he said, turning away. "Be sure and rush it now."

When he had gone the girl showed the message to another operator standing near. "Look what is to be rushed," she said.

The message read:—"Henry still loves his little wife and wishes she could be with him."

Red Rose Tea costs no more than other teas

EVERYONE agrees that the best in anything is always the most economical even if it costs more.

But when you can get the best in tea at the same price you pay for inferior teas,

—when you can get that "rich fruity flavor" of Red Rose Tea,

—when you can get all the good qualities of both Indian and Ceylon teas with none of their weaknesses,

—when, in short, you can get Red Rose Tea at the same price as other teas; why not have it?

Red Rose Tea is good Tea

Local Labour Conditions Are Most Satisfactory

Ald. Johnston's Monthly Report to Labour Gazette is of an Encouraging Nature—All Classes of Labour are Well Employed—Activity is the Word Which Best Expresses the General Condition.

Ald. Johnston has a satisfactory report to present to the Labour Gazette this month, on the condition of labour in this city and district. On every side in making his enquiries, Mr. Johnston was met with most most encouraging reports from the representatives of the various organizations of labour. His report to the Gazette this month is as follows:

Labour conditions during April were somewhat dull for outside workers, but from the middle of the month on, work was active and all classes were busy. The Sandstone Brick Company was rushing its building to completion as rapidly as possible; the machinery was all on the ground and the company expects to begin operations by the middle of May. The dredging of the water front was being carried on by a large force of men. The large break in the canal was being repaired, and will be ready for the water in a short time. The shipping of marl to the cement works at Lakefield, was begun, about 12 carloads per day being hauled from the pit to the works. The corporation was putting in another stretch of sewer by day labour. The work of installing additional machinery in the cereal works was under way. Some time ago this company installed a 600 barrel mill, and flour manufactured by this company found such a ready market that it has been decided to increase its capacity to 1500 barrels. The annual turn over of the live stock business carried on by Mr. H. P. Kennedy, is $2,000,000. Each week 40 to 50 carloads were handled, the work employing many hands. Permanent sample rooms were being established here by a firm of wholesale importers of dry goods of Montreal, Que. The Geo. Matthews Company's and Kennedy's new stores have been completed, and were opened on Saturday, April 14. Contracts for the steel structures and concrete abutments for two new bridges across the Indian River at Keene and Evans were let. The Dickson Company's mills have started in full operation, about 180 men being employed in the several establishments. The cement brick works began operations, and are expecting a large season's output. The corporation let contracts for the steel for a street bridge; the cement work will be done by day labour. All outside trades were active and transportation very active. Railways report the Easter trade the best in some years. The banks report a steady business. The Ontario Bank opened up a second branch in the city and another in the village of Warsaw. Wholesale and retail trade was exceptionally active. The milk dealers have reduced the price of milk, from 6 to 5 cents per quart. Wage rates for carpenters have advanced from 22 1-4 to 25 cents per hour, otherwise no changes in rates occurred.

Condition of Local Industries.

Agriculture. — Farmers were busy ploughing and seeding. The manufacture of Maple Syrup was active with many of the farmers, the price per gallon being $1.40. Prices of farm produce was practically unchanged from last month.

Lumbering. — Conditions were very active. Dealers were sending men back for the spring drives.

Manufacturing. — Employment was very active. Manufacturing establishments of all kinds were active, some of them working over time to keep up with the work, especially in the machine shops. The Canadian General Electric Company was awarded contracts for electrical appliances for the British Columbia Electric Railway Company at Vancouver, B. C., and for the Williamsburg Canal at Morrisburg, Ont. The G. W. Green foundry was active. The several planing mills were all busy on building material.

Mining — Operations in Hastings County were reported active.

Railway construction and employment—The laying of steel rails on the Canadian Pacific Railway line has commenced; six miles will be laid in this vicinity. The work of building the new siding into the Sandstone Brick Company's premises was under way.

Other industries—A new industry for the manufacture of concentrated lye has been started. The lye is put up in 1-lb. tins and retails at 10 cents per can.

Condition of Particular Trades.

Building — Painters and paperhangers were very active. Bricklayers, masons, carpenters, joiners, lathers, plasterers, stone-cutters and builders' labourers were active. Plumbers were busy, but steam and gas fitters were quiet.

Metal, engineering and shipbuilding —Iron moulders, iron workers and helpers, coremakers, steam engineers, metal polishers, brass workers, blacksmiths, ship workers, sheet metal workers, horseshoers and jewellers were active. Machinists, engineers, electrical workers, linemen and tool sharpeners were busy.

Woodworking and furnishing — Woodworkers, varnishers, polishers, pattern makers and coopers reported active conditions. Carriage workers were busy, but upholsterers and car workers were quiet.

Printing and allied—These trades have been well employed.

Clothing—Garment workers were active and other branches were busy.

Food and tobacco preparation — Cigar and tobacco workers were active, ice cutters and drivers very busy, and bakers, confectioners, butchers and meat cutters busy.

Leather—Collar makers were very busy and harness workers busy.

Miscellaneous — Barbers, broom makers and laundry workers were active; theatre workers very busy; clerks, stenographers and delivery employees busy; and furriers quiet.

Transport — Steamboat workers, carters and draymen were active, and the other branches busy.

Unskilled labour — This class was active.

District Notes.

Business throughout the district was very active and shipments of livestock and lumber heavy. Saw and grist mills were also active.

Cobourg — The corporation was spending a large amount on public institutions; the contracts for the new jail and House of Refuge were awarded.

Lindsay—A new planing mill and box factory will be opened; a large number of men were employed setting up the machinery.

Whitby—Owing to the long delay in getting the harbour front arrangements completed for the construction of the sugar beet factory, the beets will be sent to Wiarton for manufacture.

Mr. McCuish Is A Director

In the Herald Printing Company Ltd. of Fort William.

Mr. R. G. McCuish, well known in this city as the son-in-law of Mr. A. McFarlane, is one of the provisional directors of the Herald Printing Co., of Fort William, Limited, a new company formed to publish the Daily Herald in that city, and "to carry on the business of a general publisher, printer, lithographer, bookbinder, engraver, embosser and stationer in all branches, and to carry on any other business, whether manufacturing or otherwise, which may seem to the company capable of being conveniently carried on in connection with the above, or calculated directly or indirectly to enhance the value of, or render profitable, any of the company's property or rights." The other provisional directors of the company are Geo. A. Graham and James Murphy.

It will be remembered that Mr. McCuish established the Herald in Fort William some little time ago, and has been publishing it ever since. Some enlargements, in keeping with the growing nature of the city are contemplated, and it was decided to form a joint stock company. The capital stock of the company is $40,000.

FOOD IRON

You Need Iron. Everybody does. The harder you work, the more you worry, the more Iron you require. But Crude Iron won't do. Iron Pills, Iron Tinctures, Iron Tonics are useless in nineteen cases out of twenty. You must have pre-digested Iron or your blood will not assimilate it.

FERROL

furnishes the Iron you need in combination with Cod Liver Oil, and so intimately incorporated with the oil that the most delicate digestive organs cannot fail to assimilate it.

The value of the combination cannot be overestimated. It builds up and fortifies the system against Coughs, Colds, Bronchial Affections and kindred troubles. If any of these diseases have already been contracted, or if the lungs are affected or threatened, FERROL cures by enabling nature to throw off the disease, not by "killing the germs," which is a physical impossibility.

FERROL is an absolute specific for Croup and Bronchitis, and no household where there are children can afford to be without it.

FERROL is not a patent mystery. The formula is freely published. It is prescribed by the best Physicians. It is endorsed by the most eminent Medical Journals. It is used in the prominent Hospitals, Sanatoriums, etc.

Adjutant Jennings Tells Of His Voyage To England

The "Kensington" Carried 1,200 Passengers—Were Given a Magnificent Farewell at Liverpool Port—Chalk Farm Band Played Farewell Strains—Immigrants Will Make First Class Citizens of Canada.

The steamer "Kensington," which landed at Quebec on Sunday morning, brought Adjt. Jennings, who has spent the past five and a half weeks in England, in the interests of the Salvation Army immigration scheme. Adjt. Jennings arrived in the city last evening on the 5.15 C.P.R. train and was tendered a royal reception at the barracks last night, when he told the story of his double voyage, and journeyings in the land of his birth.

Shortly after his arrival last night the Adjutant was interviewed by an Examiner representative, to whom he told the story of the work he was commissioned to perform, and his voyage across the ocean.

He was accompanied by three other Canadians, Staff-Captain Creighton, and Harry Coombes, son of Commissioner Coombes, Toronto; and Ensign Gillman, of Montreal. The trip across to the Old Country was a quiet one, and unaccompanied by any singular events. It lasted just eight and one half days, just one half day less than the return voyage.

The object of the commission was two fold: It is necessary that Canadian officers be at the emigration headquarters to determine whether the applicants there would be suitable and desirable citizens of Canada. Every precaution is taken to prevent all but those who would become industrious inhabitants of this country, from coming to the Dominion.

The commission is also a labour bureau, to assign the different situations under their supervision, according to the ability of the applicants.

The "Kensington" carried 1200 passengers in the last voyage and made the trip from Liverpool to Quebec in nine days—the fastest time in which she has ever come across.

The Adjutant and the other members of the commission were busily engaged, a considerable portion of the time, in allotting the different positions. Twice as many applicants could easily have been supplied with work. The 1200 were distributed over all parts of Canada, both eastern and western. About 280 went west, including a little child, 2 1-2 years of age, who was travelling to Vancouver, to meet its parents. A few remained in Peterborough, where they have secured situations. Adjutant Jennings remarked that they were a fine set of men and women, and would easily make their mark in Canada. Colonel Hay, chief secretary of the Army for Great Britain, was on board the Kensington, and conducted the services each day.

Adjt. Jennings was greatly impressed with the system of dealing with emigration applicants at headquarters in London, Eng. The method of testing those who apply, he said, makes it absolutely impossible for undesirable immigrants to embark for Canada. Applications are received there from all over England and Scotland, and are very carefully considered.

The Adjutant spent two weeks in London, as well as a few days at his native home in Cinderford, Gloucestershire, where he visited his father and sister. Two special trains left Euston Station, London, carrying a number of the 1200, and these were joined by the remainder from Scotland, and the north and west of England. They were accompanied by the Chalk Farm Band—one of the finest in England—and were given a most magnificent send-off. Martial airs were played at Euston Station and at Liverpool in the great Central Hall, where a meeting was held previous to the sailing of the Kensington. The band also accompanied them down to the vessel, and followed them out to sea on the tender. The last sounds heard on English waters were the strains of the Chalk Farm band.

Undigested Food

When any portion of food remains in the stomach and refuses to digest, it causes the torments of indigestion. This undigested food rapidly ferments, irritating the sensitive coating of the stomach, while other parts of the body, particularly the head, suffer in consequence.

So long as this undigested food remains in the stomach, the discomfort continues. A few doses of

BEECHAM'S PILLS

stop all fermentation, sweeten the contents of the stomach and give natural assistance that relieves the stomach of its burden. The use of Beecham's Pills gradually strengthens the stomach nerves and soon restores them to a normal, healthy condition.

Beecham's Pills positively cure all stomach troubles, while their beneficial effects on the liver and kidneys greatly improve the general health.

Beecham's Pills have been used and recommended by the general public for over fifty years.

Prepared only by the Proprietor, Thomas Beecham, St. Helens, Lancashire, Eng.

Sold everywhere in Canada and U. S. America. In boxes 25 cents.

Girl's Auxiliary Closes Season

St. Luke's Girls Held Meeting Last Night.

The last meeting of the season of the Girls' Auxiliary of St. Luke's church, was held last night and was attended by a large number of members, who spent a most enjoyable evening. Miss Lizzie Stewart, who with Miss Lottie Browning, attended the annual meeting of the Diocesan Auxiliary in Toronto, presented the report of the meeting. It was most complete and interesting, and evidenced that close attention had been paid to the business transacted at the meetings.

It was decided to hold the annual picnic in June, and a committee was appointed to make arrangements for this event.

The winter's work will be opened by a sale and entertainment and during the summer the members are asked to make articles which may be placed in the sale.

At the conclusion of the business refreshments will be served, and a delightful social hour enjoyed.

THE NEWS OF CITY AND THE DISTRICT

Weather To-day—Easterly and southerly winds, warmer. Wednesday—Southerly winds, warm and mostly fair with local thunderstorms.

Tennis Club.

—The Nicholls Oval Tennis tea will be held to-night instead of Friday night.

Barber Shops Closed.

—All the Union Barber Shops in Peterborough will be closed all day Thursday, May 24th. 2d120

All Saint's Church.

—The Advisory Board of All Saints' church met last night and transacted routine business.

Signal Corps.

—Lieuts. Wallace and Kelly, commanders of the Signalling Corps, will choose the 16 men to-night for the Corps.

Piano Tuning.

—Piano tuning promptly attended to. Satisfaction guaranteed. A. F. Hoover, 222 McDonnel street. 'Phone 199.

Keys Found.

—Found on Tuesday morning on the G. T. R. tracks, two keys on a ring—post office key and a large folding key. Apply at the police station.

"My Valet" Does the Work.

—Our way of cleaning, pressing, and repairing of gentlemen's clothing keeps our citizens well dressed at a small outlay all the year round. Send to 384 1-2 George street, or call up 575 and our messenger will call.

Kinetiscope Sold.

—The J. M. Greene Music Company have sold a splendid Edison Kinetscope to Messrs. McKnight Bros. of Haliburton, for the sum of $80. The above firm are the Peterborough agents for this machine.

G.T.R. Pay Car Here.

—The G.T.R. pay car paid its monthly visit to Peterborough to-day and, of course, was warmly welcomed by the local employees. The car went on to Lakefield and then to Lindsay.

Household Goods by Auction.

Don't forget the auction sale of up-to-date household furniture and pianos at the residence of W. Sailsbury, Stewart street, on Tuesday, May 22nd, commencing at one o'clock. Everything without reserve. 2d118

No Bareheads.

—Sweet young ladies who went bareheaded last season will learn with dismay that the practice is being abandoned, as those indulging in it have found that there hair dries up, becomes brittle and falls out or turns gray prematurely. Keep your lids on this summer, girls.

Nature's Study Books.

—Helps to a better understanding of birds, flowers, trees and wild life. The public is invited to examine our stock of these interesting books. Visitors to the Teachers' Convention are welcome to look through our book shelves and make themselves at home in our bookstore. A. H. Stratton & Co.

The Open Cars.

—The Peterborough Radial Railway Company have to-day for the first time this season their open cars on the street. Many of the citizens took advantage of this and went for an hour's jaunt around the city during the afternoon.

A Good Medicine.

—The patient getting discouraged with his physician's treatment, asks his opinion of Dr. Rossee's Rheumatic Remedy. He replies, "it is a good medicine but it would kill you." In his present condition he may as well be dead, so "kill or cure," he takes the medicine and is perfectly well in a few days. We have frequently heard this. 3eod

PERSONAL MENTION

Mr. Weese went to Winnipeg this morning.

Mr. and Mrs. S. A. Oke were in Port Hope yesterday.

Mr. C. N. Sterling, of Silver Creek, was in the city to-day.

Mr. A. Brown, of Picton, was in Peterborough to-day on business.

Miss Amy Hutchinson spent Sunday with her parents in Millbrook.

Mr. and Mrs. S. Lefevre, Parry Sound, were in the city on Saturday.

Mrs. Hughes and Mrs. and Miss Charbeneau, of Manmora, are in the city to-day.

Mrs. Isaac Rosebeto and son, Master Kelvie, will leave this evening for Nelson British Columbia.

Miss Vicva Hunter, "Ardyn," Gilmour street, is home from Annesly Hall, Victoria University.

Messrs. Neil Cameron and J. H. Brightman, of Peterborough, were in town to-day on business.—Lindsay Post.

Miss Lizzie Armstrong, of New York is in the city visiting her mother, Mrs. Geo. Armstrong, Charlotte street.

Mr. and Mrs. Cyril Hall, of Montreal, are in the city visiting the latter's mother, Mrs. (Hon.) Robt. Hamilton, Auburn.

Mr. Wm. Gibbs, the East City blacksmith, who has been ill for about 10 days, is sufficiently recovered to be out again.

Lamented Death Mrs. Elrick White

Passed Away This Morning After Short Illness.

The lamented death of Mary Josephine Simons, eldest daughter of Mr. Peter Simons and wife of Mr. Elrick White, Rubidge street, occurred this morning at 3 o'clock. Death was due to Bright's disease from which she was ill but a very short time. She was a very active woman before her recent illness and always had good health, and her untimely death this morning has caused great sorrow among her family and many Peterborough friends who lose a true and devoted friend. Her attachment to her family could only have been severed by death as she was a most devoted and kind-hearted mother, and an amiable and loving wife. Besides her husband and parents she leaves to mourn her great loss seven children, two daughters and five sons. There names are Caroline, who is widely known in the city as a gifted young elocutionist; Elizabeth, Joseph, Peter, Elrick, Harold and Daniel. Deceased is also survived by four sister, Mrs. F. A. Shannon, Annie, and Nellie, of Peterborough, and Lily, of St. Joseph's Hospital, Port Arthur, and four brothers, Peter, and James at home; Daniel of Middleton, New York, and Richard, of Altoon, Pennsylvania.

The late Mrs. White was familiarly known in the city as "Polly." She lived here all her life and was baptized in St. Peter's Cathedral of which she was a life long and constant member.

MR. WM. BUNTON IN CHATHAM TO-DAY

Mr. Wm. Bunton, G. T. R. ticket agent, is in Chatham to-day attending the funeral of the late Wm. H. Harper, who was burned to death on Sunday night while sleeping at his summer cottage at Erieau. Mr. Bunton was a personal friend of the deceased man.

Will Parade And Troop The Colour

Second March Out of the Season This Evening.

The 57th will hold a short parade this evening immediately after mustering at the drill hall. The route will be down George to Charlotte, Charlotte to Water, Water to Hunter, Hunter to George, and George to the drill hall. The regiment will then troop the colours in Central Park. A couple of new arc lights were placed in the Park this afternoon to facilitate the work of the officers.

Local Pastor At Convention

Mr. Steuernagel Spoke in Toronto Yesterday.

Pastor Steurnagel is in Toronto this week attending the Christian Workers' Convention which is being held in that city. It opened yesterday when in the morning a conference was held, prayer being the theme. Pastor Wm. Pocock introduced the subject, and was followed by Pastors Philpott, Steurnagel and Salmon, all emphasizing the need of prayer, and much prayer, in connection with the work of God.

In the afternoon Pastor Steurnagel of Peterborough, spoke on "The Blood" its unconditional, comprehensive, perpetual non-repeated, perfect cleansing for those believing in Jesus Christ.

VICTORIA DAY AT GOLF CLUB

On Thursday, Victoria Day, the Golf and Country Club's grounds will be a scene of unusual activity. Tea will be served, and the tennis courts will be in good shape for use. Mixed foursomes will be played. The holiday promises to be a gay day at the golf club.

BOARD TO RECIVE $343 FOR BUILDING

The Board of Education will receive about $343 out for the old Separate School building. The contract price of R. Hicks & Co. was $478, and Mr. Eastwood states that the cost to the Regim nt for the work already done in removing the building was $135, which he expects the Board of Education to refund to him.

SITE OF SOUTH WARD SCHOOL

Yesterday afternoon a special joint meeting was held to consider the extension of Aylmer street south, and the site of the new school. There present were Ald. Hicks, chairman Board of Works; Wm. Pringle, chairman Building Committee; Board of Education; Inspector Duncan Walker, City Engineer T. A. S. May, and Thos. McKee, the city's valuator.

Nothing definite was arrived at, but it is understood that the extension of Aylmer street will run through the property of the new South Ward school.

THE LATEST SPORTS

NORTH WARDS WON FIRST JUNIOR GAME

The second half of the first game in the junior series of the Public School Baseball League was played yesterday between the North Wards and Centrals the former winning by 13-0 and the whole game by 15-10. The Central had a lead of seven to start with, but it was quickly pulled down. The line-up was:—

North Ward—Taber 1 b.; Patterson, 2 b.; Davidson, 3 b.; Parker, s. s.; Long, p.; F. Hawkins, c.; Elliott, r. f.; Doherty, l. f.; Hall, c. f.

Centrals—Burritt, c.; Davidson, p. 2 b.; Turner, 2 b. p.; Wade, 1 b.; Lang, 3 b.; Corin, s. s.; Miller, l. f.; Tougas, c. f.; Pogue, r. f.

Umpire—B. Hawkins.

S1. PAUL'S TEAM ELECTS OFFICERS

At a meeting of the players of St. Paul's Guild B.B.C. last evening, the following officers were elected:—

President—Walter Davidson.
Vice-President—Dickson Davidson.
Captain—Thos. Boyd.
Manager—Morris Rosenburg.
Secretary-Treasurer—Ross Cameron.

A game has been arranged for this evening at 6.45, sharp, and the following players are asked to be ready to play:—Swanson, Gillespie, Curtis, Sherwood, Patterson, Dunsford, Shaw, Gillespie, Boyd, Green, Simpson, Bruce, Fitzpatrick, Macdonald, Stacey, Ford, Rosenburg, Logan.

BASEBALL

The Port Hope Guide has this to say:—Midland League stock is at present very low but there is a chance of a slight advance this evening.

FOOTBALL

Secretary J. E. Sullivan, of the Midland League reports that 10 clubs have paid the admission fees this season. This is the most that have paid up since the league began.

• • • •

The Peterborough Quakers will practise to-morrow night on Riverside Park.

• • • •

The next game for the Junior Quakers will be played with Harwood.

• • • •

Ira Moore will referee the Omemee-Fenelon game on Thursday at Omemee.

• • •

Winners of the Warsaw-Lakehurst group will play off with the winners of Fenelon Falls and Omemee.

• • • •

It is quite probable that the Peterborough Quakers will not go to Norwood on Thursday.

• • • •

Harwood will play the Junior Quakers on Riverside Park Saturday afternoon.

• • • •

The Peterborough Quakers will practise to-night on Riverside Park and the work out will take the form of a match between the Juniors and Seniors. The following will be the probable line-up:—

Juniors.—Goal, Lang; backs, Donaldson, Sisson; half backs, Deforge, Parnell, Best; forwards, Armstrong, Todd, Baker, Barrie, Milburn.

Seniors.—Goal, McFaddon; backs, Sullivan, Doris; half backs, Graham, McDonald, Shaw, Weir; forwards, Deer, Brooks, Crough, Blewett.

Referee—P. Fitzgerald.

TURF.

At the last meeting of the Board of Review of the National Trotting Association it was decided that all starters on tracks under its jurisdiction must have licenses which are granted under the following conditions:—

Section 4.—Upon the recommendation of two members and other information showing the good character, knowledge of trotting rules and ability of an applicant to do the work, license to start horses shall be issued by the Board of Review, or the President.

This new clause will meet with favour at the hands of horsemen as the competence of the men handling the flag is assured.

LAWN TENNIS

The Official Opening of the Nicholls Oval Lawn Tennis Club will be held this evening on the Oval. In addition to the opening games tea will be served by the ladies and the first out door meeting of the club promises to be a pleasant one.

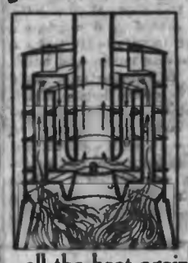
BISON FURNACE



Twice as much heating surface is covered by the fire in a Bison Hot Water Furnace as in any other.

The flames are drawn up through the side flues, then down and to the chimney through the middle flue.

Burns all the gas and traps all the heat against the top section.

In other furnaces the fire travel is practically a direct one to the chimney, and much valuable heat escapes, the important top section getting less than any of the others.

The Bison has more good heating points than all other heaters combined.

LOW RATES.

Penny postage justified the claim that the lowering of the rate of mail carriage by one-third per letter would yield increased revenue. On the same principle, would not the reduction of railway passenger and freight rates produce an increased amount of travel and business to compensate for high rates? It would cost little more, if anything, for a railway coach to carry forty-five passengers at two cents a mile, than it would to transport thirty at three cents per mile. Mr. J. J. Hill, the railway magnate, who is talking of laying another Canadian transcontinental railway, does not believe in the principle so largely acted upon by railways that the rates should be fixed at as high a figure as the traffic will bear. He believes that rates should be low enough to move all the business available, and if there is a lack of business in sight that rates should be lowered enough to create traffic. Mr. Hill, it appears, not only believes this, but has put it into practice. It is said that in the last twenty years Mr. Hill has reduced rates sufficiently to have earned sixty million dollars less than his railway would have received on the same volume of business at the higher rates. But he would not have had anything like the same volume of business that he secured at the reduced rates. So that Mr. Hill has thriven more upon fair rates than he would have realized for extortionate rates, and at the same time, the people whom his railway served have had the benefit of low rates. The people would not object to Canadian railways trying the experiment of the feasibility of low freight and passenger rates.

WORK WINS.

It is pointed out that one good feature of this year's immigration to this country is the large number of men and women, especially men, who are coming from Great Britain. More than twenty-four thousand new settlers have arrived at Quebec since the opening of navigation this year. The great influx of Scotch giants is said to be a surprise to the immigration officials. The flow is steady, and will likely continue for some months yet. The Hamilton Times remarks that "The Government should see that these people are properly looked after when they come here. They come with big expectations, and it should see that they are not disappointed. The more of these immigrants who go upon the land the better it will be for our mechanics, merchants and manufacturers." The Times makes a reasonable demand, but the Government can't do it all. The greater part of the work necessary to success depends upon the emigrants themselves. If the latter adapt themselves to new conditions and environments with reasonable pliancy, if they are industrious and hard-working—and they needn't work so hard as they did in the Old Country to make a bare existence—they will become prosperous and comfortable, if not wealthy. We have gold mines scattered all over this broad Dominion. Where there are not actual mines there are fertile fields, which with reasonable tilth, will yield gold in the form of the best wheat in the world, which passes current at a premium in all the markets of the world. The immigrant who comes to Canada with the expectation of making money without work will be sure to meet disappointment. He who comes expecting to have to work, and who does work, will succeed. The beginning of prosperity may be slow, but success is as certain as anything depending upon human effort can be.

THE SAVING HABIT.

Mr. John Burns, the great labour workman of the British House of Commons, in a speech on the bill dealing with the housing problem in the old country, is reported to have told the workingmen "that if they would spend less on beer, and in attending gladiatorial combats on Saturday afternoons, where the loafing spectator knows little or nothing of what is going on, they would have more to pay in rent for better houses and would do more for the welfare of their wives and children." This may apply to many working men, possibly a large proportion of the working men, of the old country as a class, but there must be exceptions. We know the rule is the exception in this country, as we know by the working men of Peterborough. In this city the average working man is steady and sober, and, therefore, as a rule, he thrives. Though, in some instances, the rate of rent may be a problem to the working man, yet in a great many cases, working men can afford to laugh at high rents, for they own their own houses. This ownership was not brought about by beer-guzzling on the part of the husband, or by junketting and picnicing and partying on the part of the wife. The husband earned good wages, and the wife spent them wisely, and did her share in saving money and building a home. If working men would refrain from expensive habits of living, and wasteful forms of dissipation, their general state would be satisfactory — there would be less poverty, less unhappiness, and greater prosperity and comfort. It is not so much what a man earns as what he—or his wife—saves, that counts.

EDITORIAL NOTES.

A thousand Presbyterian ministers at Des Moines, Iowa, were being photographed for a Sunday newspaper, when the platform on which they were placed collapsed, and many were injured. Recently the Presbyterian Synod of Montreal and Ottawa refused to be photographed for a Sunday paper, and there was no summary punishment inflicted. Is this a moral, or a coincidence?

The bulk of British immigration and the bulk of good quality seems to be coming Canada's way. A despatch states that during the present year 1,360 immigrants have left Dundee, Scotland, alone, and before the season closes the number will be increased to 2,000. Of these, sixty per cent. come to Canada. The bonnets of Bonnie Dundee will be largely in evidence, and no doubt near the head of the procession in the Northwest.

New York State will spend five millions dollars this year on road improvement, out of fifty millions voted by the people recently for that purpose. The trouble in Ontario, and Peterborough county, especially, is that the people won't spend the money voted by the Legislature, when it is contingent on spending so much of their own money for road improvement. It pays a farmer better to pay high taxes for good roads than on fine buggies and fast horses—when a faster horse isn't alongside.

The Toronto Board of Control is living up to its name. It is taking a high course, working on star chamber methods, refusing to admit the press to its meetings. This refusal is prima facie evidence of something being wrong. As a rule, public bodies which exclude the press and thus prevent publication of a record of their doings are doing something which it is desirable to conceal. Publicity is the safety valve and protection of the public, and any attempt to throttle inquiry and give information is generally contrary to the public interests.

The great catastrophies which amrk the world at present, raise the question in some minds as to whether divine punishment for sin explains their occurrence. A gentleman remarked to-day that "the Yankees must be an awful wicked lot," instancing to his mind, as example, the punishment of sinfulness represented by the San Francisco earthquake and the terrible fire which swept a part of Michigan on Saturday and Sunday. Here the question of the Master comes in aptly as an answer to those who trace calamity to Divine restribution—"Think ye these Galileans were sinners above all men?" Human nature is apt to jump at conclusions, and being finite often falls short. If we are to scrutinize the dealings of providence and put our own intrapretation—if we make the disasters referred to forms of Divine punishment, how shall we classify the incident recorded in Monday's news despatches of the death on the ocean of Rev. Dr. Benjamin LaBaree, a Presbyterian missionary on his way to Persia. We cannot doubt that he was doing God's work and that he should thus be cut off, presents a problem of difficult solution. The wisest way seems to be to do the best we can, to do the right thing, and then we need not be troubled about whether the sins of others are punished by great calamities or whether these are the results of the working Divine or natural laws.

Neglect Your Watch

And you'll ruin it. Eighteen months running will gather enough hardened oil and grit to wear and loosen the whole mechanism.

Our Watch Repair Department cares for watches in an expert way and guarantees satisfaction.

SCHNIEDER'S
RELIABLE JEWELLER.

Issuer of Marriage Licenses.

THE GROWING TIME EVERYWHERE.

It looks as if a good deal of Western freight will go by lake and rail along this route, rail to Port Arthur and Fort William; vessel to Depot Harbor or some other Georgian Bay port; rail to the City of Quebec. This route includes the cream of the lake navigation, suitable for the largest lake vessels, such as now run from Duluth to Buffalo. The land route from the Georgian Bay to Quebec is at present circuitous, and perhaps a more direct line is even now being planned. Undoubtedly the railway men have their eyes on Quebec City and on the Georgian Bay ports, and some interesting developments of business may be expected in the next few years.

Another interesting bit of railway development is the extension of the Temiskaming Railway, which has now reached a point fifty miles north of Lake Temiskaming. Though it is a colonization railway in the main, and not a through railway to James Bay, it is sure eventually to reach salt water. The James Bay Railway is heading for the same point, and the people of Manitoba and Saskatchewan are looking forward to a railway giving them access to Hudson Bay.

While all this promises to enrich and settle our northern country, Southern Ontario is looking hopefully to the result of the development of Niagara power. The Niagara Peninsula will hum with industry, and the effect will be felt westward to the Detroit River and eastward to Toronto at least. While the development of Canada West is attracting world-wide attention, no part of the Dominion is being neglected in the distribution of good things that are coming to the nation that occupies the northern half of this continent.—Toronto Star.

Machine Co. Will Have 200 Men Working

Telephone Company Expects to Have That Many in Brantford.

The Brantford Expositor says:—The Canadian Telephone Machine Company are all ready to commence the active installation of their plant in Brantford before the end of this week. The plans for their new central building are in the hands of the constructor, and the apparatus is in course of manufacture at the factory in Toronto. In the meantime the laying of cables around the city will be commenced at once.

Engineer Lytle stated to The Expositor to-day that he has now completed his plans of the city and the underground cables will be completed at once. According to the plans he has made there will be 20,000 feet of underground work and 35 manholes. This will take in the whole business section and most of the main thoroughfares of the city. A new system known as the "open wireless" is to be adopted. Under the system none but cables will be used.

At the present time Mr. Lytle has only a dozen or so men under him, but he states that within a couple of weeks there will be fully 150 of 200 men at work around the city.

The Main Building.

As stated above, the plans for the central building have been drawn up and are in the hands of the contractor. The site for the building has not yet been chosen, however. There are three sites in view on which options have been secured, and one will be chosen on the arrival of General Manager Mackay, who is expected at the end of the week. The building will be put up at once.

The apparatus is now in course of manufacture at Toronto, and the conduits are being made at Orangeville.

A Welcome To Adjt. Jennings And Comrades

Bandsman Adamson Will be a Decided Aquisition to Band.

A great welcome was tendered Adjutant Jennings and Bandsman and Mrs. Adamson, at the Salvation Army barracks last night. The Adjutant had just returned from England, where he was engaged in promoting the immigration scheme of the Army. Bandsman Adamson and his wife come from near Glasgow, Scotland, where he was bandmaster. He is a splendid solo cornetist, and will be of great assistance to the local Army band. Mrs. Adamson's services will also be appreciated. She has had much experience in junior and Sunday school work in Scotland. They were given a hearty welcome to Peterborough last night. Staff-Captain McAmmond in an address made them feel at home, and his words were echoed by the meeting.

Adjt. Jennings gave an interesting talk on his trip to England, his description being greatly enjoyed.

During the evening the band played several selections, and Capt. Leader sang a solo in good voice.

COMPETENT JUDGES.

Beauty Doctors Endorse Herpicide.

Women who make a business of beautifying other women come pretty near knowing what will bring about the best results. Here are letters from two, concerning Herpicide:

"I can recommend Newbro's "Herpicide," as it stopped my hair from falling out; and, as a dressing it has no superior.

"(Signed.) Bertha A. Trullinger, 'Complexion Specialist,
"29 1-2 Morrison St., Portland, Ore."

"After using one bottle of "Herpicide" my hair has stopped falling out, and my scalp is entirely free from dandruff.

"(Signed.) Grace Dodge,
"Beauty Doctor,
"195 Sixth St., Portland, Ore."

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Company, Detroit, Mich. Ormond & Walsh, special agents.

SEPARATE SCHOOL SOLD TO HICKS & CO.

R. Hicks & Co. are the owners of the now famous Separate School, which has caused so much discussion during the past two weeks. The Property Committee of the Board of Education met yesterday afternoon and opened the tenders, when it was found that Hicks & Co.'s tender of $478 was highest, and the contract was accordingly let to them. The other tenders were Chas. Curtis, $402, and H. Carveth, $322.

The building and material must be removed from the ground before June 15. This includes out-buildings and everything except the fence.

W. H. Merritt, B.A., recently of Goderich Collegiate Institute and formerly of Markham High School, has been appointed mathematical master of Peterborough Collegiate at a salary of $1,200 per annum..... Mrs. T. Barkey, of Peterborough, was the guest of her brother, Mr. D. Hare, on Saturday last.—Markham Sun.

Malta-Vita
"The Perfect Food"

Some food is good to eat but not healthful. Other food is healthful but not good to eat. Malta-Vita is both healthful and good to eat. It is all of the wheat and contains every element necessary to the sustenance of the human body. It develops and nourishes the brain, the nerves, the bones, the muscle and the blood. It fills all the requirements of a food. And it's so fresh and crisp! Just the best you ever tasted and it's always ready to eat.

Now 10 cents. All Grocers.

MUST KEEP OFF THE TRAINS NOW

C. P. R. Detective Samuel Wright, to-day laid information against two boys for riding on a train. It is a common habit for boys and men to catch on freights at the diamond, and ride as far as the station. Trespassing on the road in the shape of walking on the tracks is also a very common offence, and both of these practices must be discontinued at once as prosecution will follow in every instance. Since the unfortunate accident which befel Willie Taylor the company has decided to exercise greater vigilance.

Walter Stocker Again President

Was Honoured by the Canadian Bill-posters Association.

Walter Stocker is very popular with his brother bill posters. Yesterday he was elected for the sixth successive year president of the Association, at the annual meeting held in Niagara Falls.

The meeting was a most successful one, and the business in Canada was reported to be in a healthy condition. Delegates were present from Quebec to Winnipeg, and in addition to the business session, a social time was enjoyed.

The election of officers resulted as follows:—

Hon. President—A. Ware, Montreal.

President—W. Stocker, Peterborough.

Vice-President—C. Lindsay, Ottawa.

Secretary-Treasurer—A. Ware.

Executive Committee—F. Telford, Niagara Falls; J. Henning, Toronto; M. Williams, Montreal and A. Jaques, Ottawa.

On invitation of the President the Association decided to hold the next annual meeting in this city. It will be held in May 1907, when the members will be the guests of the President.

Geo. H. Roper Leaves Y.M.C.A.

Assistant Secretary Decides to Severe Connection With Local Association.

Mr. Geo. H Roper, who has for the past season been Assistant Secretary and Physical Director for the Boys' Department of the Y.M.C.A., is severing his connection with the work here at the close of the present month.

Since Mr. Roper came to the City in September, 1905, he has made many friends, both in the Association and out of it.

He has proven himself a capable instructor in the gymnasium and has strengthened the hands of the General Secretary along other lines of the work. His leaving the Association now is entirely at his own request, as he wished to further pursue his studies preparatory to trying the mid-summer University Matriculation examinations. He will also attend the Y.M.C.A. summer School of Instruction at Lake Couchiching. He leaves Peterborough with the best wishes of the officers and members of the Y.M.C.A., and the large circle of friends he has made. Mr. Roper certainly gives promise of occupying an important place in the physical work of the Y.M.C.A. in the near future.

Miss McCabe's Pupils, assisted by the Mendelssohn Club, will hold a "Musicale" in the T.A.S. Hall, on Tuesday Evening, May 29th. Watch for Programme. 120-4d

New Cornet Solo Player

Salvation Army Band is Rapidly Coming to the Front.

Mr. J. Adamson of Norwich, England, an accomplished cornet soloist, is the latest acquisition to the Salvation Army Band. This band is now recognized as a first class musical organization, and is over 40 strong. New musicians are being added to its strength at different intervals, and its splendid playing is the cause of much favourable comment.

Opportunity.

David Doig Was Found Guilty of Stealing Brass

The Array of Witnesses Was Large and Evidence Damaging —Doig Claimed no knowledge of the Stolen Articles— Judgment Reserved for One Week.

The case of David Doig, charged with stealing brass pieces from the Wm. Hamilton Company, came up this morning and the prisoner was found guilty of the charge. Mr. Kerr, who appeared for the defence, wanted Doig's election to be tried summarily changed. The magistrate did not grant the request and Mr. Kerr refused to defend. Mr. D. O'Connell was later secured, but refused to take the case, as he said it was too late for him to prepare a defence for the prisoner. So Doig conducted his own defence.

The evidence of a large number of witnesses was heard, the first being Mr. Smith, general manager of the Wm. Hamilton Manufacturing Co. Witness said that scrap brass had been ordered from the Jas P. Scott Co., of Toronto. On the 10th of May they received 1,125 pounds at the foundry in a barrel. David Spence, foreman of the moulding shop at the foundry, identified brass castings produced in court as those that had been taken from the foundry. There were marks on them by which they could be identified. Fifteen pieces of brass were missed weighing 115 pounds. Each pattern was numbered. Mr. Chas. Crowe, an employee of the company, missed the first castings on April 23. He went to look for certain parts and found that they were gone. Others were missed on May 17. Some of the castings that were missed were returned in the shipment from Scott. He identified the castings produced in court. Thos. McIntie corroborated the evidence of former witnesses.

Mr. Jas. P. Scott said that he was a dealer in scrap iron and brass in the city of Toronto. He received an order for some scrap brass from the Wm. Hamilton Co., and made the shipment on May 5 by G.T.R. He could not say positively where the brass came from other than his books showed. According to the books it came from Mr. T. Geo. Holmes, Port Hope, on April 30. He did not see it unpacked. Jas. Ellis, an employee of Mr. Scott, unpacked the brass received from Port Hope, and re-packed it for shipment to the Hamilton Co., and recognized a couple of pieces produced in court as forming part of the shipment. Mr. A. L. Scott, foreman for his brother, said that the brass was sent in two kegs with red paint on inside.

"I think you'll see some of the paint on these castings," he said, referring to those lying on the magistrate's desk, and sure enough some of them bore the marks of the paint.

Mr. Reid Munroe, of the Wm. Hamilton Co., acting under the instructions of the president, took six pieces of the brass to Holmes in Port Hope, on Saturday, the 12th. Mr. Holmes said he'd never seen the brass, as also did an employee. He telephoned to Mr. Scott in Toronto telling Scott that he had never shipped him the brass.

Witness learned from Chief Bond of Port Hope, that Holmes had told him (the chief) if he did handle the brass it was sent him from Doig. Munroe and Chief Roszel went to see Doig, and he denied shipping the brass.

Mr. T. George Holmes produced correspondence between him and Doig and also a letter book acknowledging the receipt of 146 lbs of brass on April 21st, and he shipped the same consignment to Mr. Scott on 30th of April. Chas. John unpacked and repacked a shipment of brass from Doig. He couldn't be positive that the brass shown in court was the same that he unpacked on receiving from Doig, and the same that he sent to Mr. Scott.

Robert Croft, another employee of Mr. Holmes next took the box.

"Do you work in the office?" asked Mr. Wood who conducted the prosecution.

"When I did!" replied Croft.

He knew nothing whatever about the brass; he didn't handle it, said he didn't see it.

Doig himself was the last witness.

"To the best of my knowledge," he said, "I know nothing about the brass question." Mr. Wood cross-examined the prisoner briefly but the latter firmly insisted that he knew nothing of the brass.

"The evidence is conclusive," said His Worship; "if you won't tell from whom your received the brass, if you did receive it from anybody, then you must take the onus of stealing it upon yourself."

Upon the magistrate finding the accused guilty, Mr. Wood asked that judgment be reserved for a week, and the request was granted.

RICHARD MILTON

CHOIR BOYS GIVE CONCERT MAY 31ST

St. John's Choir Boys will give a grand entertainment on Thursday, May 31st in the Sunday School. Mr. R. J. Devey has been training them for some weeks, and is making a special effort to show what a dozen boys are capable, of whose ages range from 8 to 14 years of age. Part one will consist of solos, instrumental and vocal, duets, choruses, etc. Part two will be of a dramatic nature embellished with orchestra, scenery and costumes. The back scene was painted by the famous Drury Lane, scene painter, Cunningham, and used in that theatre in "Ali Baba." The wizard scene from "A Greek Slave" will be acted and sung, and many bright, tuneful numbers from musical plays will also be produced. The Empire song, "Motherland," will be sung with orchestra accompaniment. A most enjoyable evening is promised to all who attend.

Indigestion

Indigestion is one of the most frequent as well as one of the most painful and disease-producing complaints which afflict mankind to-day. It consists of an inability of the stomach to digest the food given to it. This inability may be traced to many causes. Lack of exercise, abuse of spirits, insufficient food, bad air, worry or brain work, and sedentary habits are all known to be powerful factors in the production of indigestion. The symptoms are also very numerous, the most noticeable being a feeling of heaviness in the chest, or of distress after eating; a disagreeable taste in the mouth in the morning; together with a dull pain in the head, a loss of appetite, general indisposition for work, and a pale and sallow complexion. Gas or wind on the stomach, also heartburn, and at times a dry cough, may all be attributed to the same cause. Bileans for Biliousness cure all forms of indigestion. They aid the stomach to properly digest the food which has been taken, and will also assist in the expulsion of waste and impure matter from the system, thus insuring a permanent cure.

AN AMHERST GENTLEMAN'S CURE.

The following testimonial from an Amherst gentleman well illustrates the power of Bileans in cases of indigestion, Biliousness and stomach disorders generally. Mr. Thomas Molyneaux, of Amherst, states as follows:—"I had been troubled with my stomach for about three years when I ordered "Bileans" from you. Bilious attacks would also come on every two or three days. I had experimented with I don't know how many different kinds of medicines, but the biliousness, etc., went on just the same. Happening across the advertisement of "Bileans" I sent for a supply, and took them according to directions. That must be a month ago, and I have not had an attack since."

WHY BILEANS ARE SUPERIOR.

Bileans are a purely vegetable medicine, which is a cure not only for indigestion, but all the symptoms and ailments arising out of stomach and liver disorders. It is well known that liver medicines hitherto in use mostly contain Bismuth, mercury, and other harmful mineral products, and rely upon these ingredients for their temporary effects. But these mineral constituents are very injurious if taken for long and produce such effects as that of loosening the teeth, causing the hair to fall out, etc. Bileans are entirely different and superior. They are purely vegetable and contain no trace of any such harmful ingredients as the above. In taking them there is no fear whatever of any harmful secondary effects. Note the above offer of how to obtain a free trial box.

BILEANS ARE A CERTAIN CURE FOR

Headache, constipation, piles, liver trouble, indigestion and all digestive disorders, female ailments, skin eruptions, biliousness, sick headache, bad taste in the mouth, foul breath, dizziness, fainting, buzzing noises in the head, feelings of uncomfortable fulness even after a light meal, wind pains, anemia, debility, etc. They also act as a general tonic, and by improving the tone of the whole system enable it to throw off colds, chills, rheumatism, etc. They improve the general circulation, and are a boon to pale-faced girls and weak women. For all purposes to which a household remedy is put Bileans will be found of excellent service. Bileans are obtainable from all druggists and stores at 50 cents per box, or direct from the Bilean Co., Colborne St., Toronto, upon receipt of price. 6 boxes for $2.50.

Commissioner Says That Every Line is a Lie

Lord Strathcona's Pronouncement On Griffith's Letter.

PRESTON HOLDS THE NAMES

Public Accounts Committee Given Little Information—Those Alleged to Be Stolen Letters—Mr. Preston Had Great Confidence In Mr. Leopold—Copies of Letters Used Cause Preston to Demand Originals.

Ottawa, May 22.—The examination of W. T. R. Preston went on before the public accounts committee yesterday morning. Mr. Preston first explained the loss of letters and the location of some of them in Lord Strathcona's office. There was nothing in the letters to create a scandal.

Mr. Barker produced a letter from Preston to W. W. Cory, deputy minister of the interior, referring to the situation between the Government official and the old country, as bound sooner or later to create a public scandal, but Mr. Preston could not recall the expression. He wanted the whole letter read, and the Minister of Finance insisted that the whole letter should be put in, but Mr. Barker refused.

A. K. Maclean (Lunenburg) insisted on Mr. Barker's quoting from original letters and not copies. He said, "It is against the criminal code to have copies." He also described Mr. Barker as a "cantankerous individual."

Mr. Barker handed Preston a copy of a letter to Ennis in 1903, suggesting the opening of an Allan office over the Government offices in Charing Cross. In this letter Preston told of having talked the matter over with a "responsible fellow," and he asked Ennis "that whatever should be done in the matter, should be done through the gentlemen to whom I have referred."

Another letter in 1903, told of the establishment of a labor bureau in Charing Cross, a result of the attitude of the Labor party in Canada. There were many applications for labor in the hands of the bureau, and the suggestion was that the Allans should co-operate, paying half the office rent. These letters were marked "private" and "confidential."

Wants the Original.

Mr. Barker asked Preston if he had any doubt as to whether or not they were exact copies, and was told: "I would have very serious doubts, considering where they came from."

Preston read another letter purporting to have been written to Ennis by W. L. Griffith, secretary to Lord Strathcona, asking Ennis to hand over the original letters from Preston for transmission to Lord Strathcona. The witness said that Lord Strathcona told him "that every line in that letter was a lie." Ennis had afterwards told Preston of having given up the letters on the strength of the Griffith letter.

Lord Strathcona had showed Preston a sealed envelope, apparently containing the letters which Strathcona had not read because they were confidential.

Mr. Barker asked who the "responsible fellow" referred to was.

"I had Leopold on my mind all the time," said Preston. The idea was that Leopold should carry on no propaganda except where he had positions actually in view for immigration artisans.

Laber's Complaint.

"Didn't you know that the complaint here was against sending any mechanics or artisans out?"

"By the Government, yes."

Mr. Barker wanted to know why Preston and Smart had searched Leopold's office files.

Preston said he wanted to learn whether Leopold had actually employment for his clients.

After this search Preston had given instructions in his office that no more enquiries were to be sent over to Leopold.

Preston said that when he first knew Leopold the latter was doing a German immigration business.

Would the Trading Co. get $5 a head on those immigrants?

"Yes."

Leopold N. A. T. Co. Agent.

A statement volunteered by Preston was that he had a letter from Leopold on Friday or Saturday saying that he (Leopold) was the north Atlantic Trading Co.'s agent in London, carrying on a propaganda on the continent. The witness swore that until getting the letter he didn't know of Leopold's connection with the company.

Sir Sallinger's duty was to get from immigrants en route to Canada the addresses of relations on the continent who might emigrate. Sallinger, as interpreter would be able to get these addresses in the steamship house after his regular hours.

"Where," asked Mr. Foster, "were these addresses sent?"

"To me."

"And what did you do with them?"

"I sent them on to the North Atlantic Trading Co."

Police Stirred Up.

"Then," said Mr. Barker, "you were agent for the company."

"Yes, that way. I did nothing else for them."

Mr. Barker wanted to know how many of the North Atlantic Trading Co. Preston knew.

Preston did not give names, but said he knew four or five, perhaps more, booking agents, one broker and men having enquiry offices.

Preston said that four days before he left England he heard that the Amsterdam office had been visited by the police and put through a rigid examination as to their bona fides. This was the result of the debate in the House of Commons.

In six or seven large shipping ports Preston said the North Atlantic Trading Co. was doing business.

"Who are they?"

"I shall not tell you."

Preston didn't know whether the men at these ports were members of the syndicate. One he thought was and this man was worth five million marks.

The committee adjourned until Wednesday. Mr. Preston will probably be before the Committee on Agriculture to-day.

MONTREAL HONORS SHERRING

Mayor Extends the Freedom of the City and Hero of Marathon is Banquetted At the Windsor.

Montreal, May 22.—Wm. J. Sherring, the Hamilton boy, who a few weeks ago won the marathon race at the Olympic games in Athens, Greece, arrived in Montreal yesterday morning and received a warm welcome from old Hamilton boys, civic officials and officers and members of the different local athletic organizations. He was the guest of the M.A.A.A. and Shamrock A.A.A. while in the city.

Mayor Hikers was introduced to Sherring and after warmly congratulating him on his notable triumph at Athens, extended to him the freedom of the city. His admirers gathered around Sherring and gave him three hearty cheers and bounced him thrice. He was driven to the Windsor, where he breakfasted and then was taken to the M.A.A.A. club house over which the flag was flying in his honor.

In the afternoon he was the guest of the Montreal Baseball Club and, after spending an hour at the Academy of Music last evening, left for Toronto at 10.20.

Accident at Barn-Raising.

Kingston, May 22.—At the farm of Albert Hartman, near Odessa, on Saturday the bent of a barn being raised, blew down. Nelson Smith had his head terribly crushed. His condition is critical. Peter Snider and George Thorn were also injured.

Man Dies From Glanders.

Morden, Man., May 22.—Fred Hall, a farmer, living near here, died Sunday night from glanders and was buried yesterday morning. He had treated his horses for the disease.

DODD'S KIDNEY PILLS
CURES RHEUMATISM
BRIGHT'S DISEASE BACKACHE

RIEL'S LIEUTENANT DEAD.

Gabriel Dumont, the Skilled Rebel, Passes Suddenly At Batoche.

Rosthern, Sask., May 22.—Gabriel Dumont, the man who furnished the skill to conduct the Riel rebellion, died suddenly near Batoche Saturday morning. Death was not expected, and Dumont had not been ailing previously. He was about 75 years old, but quite robust.

Dumont figured in the rebellion as Riel's lieutenant. In reality he conducted the campaign which thrilled all Canada. Afterwards he escaped to Montana, Riel being captured and hanged. Dumont was granted amnesty and returned to Batoche, where he settled on a river lot, Gabriel's Crossing being named after him on the North Saskatchewan River, due east of Rosthern.

He lived quietly, the Indians and half-breeds worshipping him.

A most peculiar coincidence in connection with the death of Dumont is the death of Riel's mother at St. Vital on the same day that her son's conspirate passed away at Batoche.

BURNED AS HE SLEPT.

The C. P. R. Agent at Chatham Meets Death In the Flames.

Chatham, May 22.—W. H. Harper, 57 years of age, city ticket and telegraph agent of the C. P. R. in this city, was burned to death yesterday morning at his summer home at Erieau, the summer resort on Lake Erie, south of Blenheim.

He went down on Saturday with three friends, Messrs. Arch. Park, J. C. Park and C. C. Greening, who have cottages there, and who went down to inspect them.

They were awakened yesterday morning by the blaze from the Harper cottage, which was entirely in flames. Mr. Harper's body was found in the ruins with the limbs burned to a crisp.

Two cottages nearby were also burned.

Won't Repeal Cattle Embargo.

London, May 22.—(C. A. P.)—Earl Carrington, replying to the Heneage resolution in the House of Lords, said the Government didn't intend to bring any bill altering the embargo on Canadian cattle this season. Further there was no possibility of the private members' bill proceeding farther. Recognising the magnitude of the interests involved the Government thought it best to allow public opinion to form itself.

3.—Cash will enable us to sell Coal and Wood for less money.
4.—The Cash System saves office expenses.
5.—Cash estimates, all Disputed Accounts and Bad Debts.
6.—We desire to accord to our Customers the advantage of the closest buying by paying Spot Cash for their Coal and Wood.
These, briefly, are the reasons why we have decided to adopt the Cash System in our Coal and Wood business.
As a result, our price for Hard Coal for May will be reduced to $6.00 per ton, and for Hardwood $4.00 per cord.
These prices will, of course, be subject to future changes. Comfortable with the wholesale market prices after this month.
We feel confident that our many customers and friends will cheerfully co-operate with us, and so participate in the advantages of a soundly conducted business.

Latest News Of Various Sports

Charlotte Street Ahead
---IN THE OPENING CONTEST---
Of Guild Ball League

Defeated George Street Last Night by 6—2 in Four Innings Game—Game was a Good Exhibition and was Witnessed by a Large Crowd—Return Game Saturday.

Thanks to Jim Squires and his big bat and a comedy of errors, the first half of the opening game of the Guild League was won by Charlotte street, who defeated George street in a four innings contest last night by 6—2. The champions will thus go into the second half of the game with a lead of four runs.

Mr. Squires came into the calcium light very strongly in the first innings owing to a thoughtful wallop which he gave the ball. It happened in this way. Mr. McWilliams, the younger, had hung up the "rented" sign on first base. Mr. Squires sauntered up to the bat, picked out one of Mr. Parnell's nicest shoots and drove it at Mr. McMillan in left field. Mr. McMillan very obligingly let the Spaulding output glide past him and before the dust had settled Mr. McWilliams and Mr. Squires had sauntered over the glad rum.

The game considering that it was the opening effort was a good exhibition. Errors were not complete strangers, but there were many good features and the big crowd of fans who gathered on the Murray street grounds heartily enjoyed the contest. While there were no spectacular fielding features the work of the George street outfielders was decidedly effective. McMillan and Curtis each made several pretty catches of drives to their respective stamping grounds.

On last night's showing there is not a great deal to choose between the two teams. The George street team was weakened by the absence of Pitcher MacCarry, but Fred Parnell who took his place pitched a fine game and kept the hits well scattered. His support was not of the best, however, and the errors, as errors generally do, came at the most inconvenient times. Crane played a good game at the first corner.

Charlotte street with a couple of exceptions played the same team as last year. Jimmy Pilling was in excellent form and kept George street's ball-swatting inspirations down to two singles. His support was good too, the infield playing snappy ball while he fielded his own position in clever fashion. The batting on both sides was comparatively light.

Umpire Stacey made an impartial official, although several decisions were not relished by the George street team. In one case he called Lacombe out when the right ball was a hundred yards away from the diamond.

The game by innings was as follows:—

First innings.—Ryan first up for Charlotte street, ballooned to P. Weatherstone. McWilliams hit a grounder to the same corner and beat the ball to first. Then Squires performed the feat already mentioned, which resulted in two runs. Crowe twenty-threed on a grounder to Kendry but Weatherstone fumbled Mr. Pilling's grounder long enough to give him a life. A wild throw to second put him on easy street and the score was 3—0. Dusty ended the agony by oxoning.

For George street.—Kendry peacefully expired on a long drive to centre field, which McWilliams smothered. McMillan dropped a phony grounder in front of the plate but the ball beat him to the first station. Parnell came to the resoue, however, with a drive to the half-way house which Squires failed to corral. Mr. Parnell proceeded to pinch second and third in a quiet, genteel manner and then Mr. Weatherston stuck his little bat in front of a shoot and the ball dropped safely into right field and Mr. Parnell chased the duck egg off the George street score book. Lacombe struck out but Pilling allowed the ball to get away from him and Weatherston scored. Lacombe was on his way to third when another ball was produced and he was called out, when the other ball was across the road. Score 3—2.

Second Innings.—T. Palling hit safely and scored on a bad throw to second. Roddy's fly to McMillan was in the welt. Heaslip grounded to second and Lang flied but to McMillan.

George street went out in one, two, three order. Crane hammered three dints in the atmosphere. Curtis hit safely. Squires threw wild to first but the runner was declared out at the plate. F. Parnell grounded to the pitcher.

Third Innings.—Curt's was the hero of the next spasm. McWilliams and Squires made pretty drives to left centre, which Curtis cleverly gathered in. J. Pilling struck out.

There was nothing doing in George street's half. P. Weatherston and Kendry both fanned and McMillan went out by the Pilling-Heaslip route.

Fourth Innings.—Dusty lead off with a drive to the San Francisco-like ruins which are all that are left of the old Separte School. It counted for two bags. Pilling followed with a single and Dusty scored. Roddy fanned, but F. Parnell missed Heaslip's grounder and Pilling scored. Lang grounded out to first, and McWilliams fanned.

For George street, Parnell struck out. Weatherston grounded to the pitcher. Lacombe was hit by a pitched ball, and Crane died on a grounder to Pilling and the game was ended.

The following was the score:—

CHARLOTTE ST.	A.	B.	R.	H.	P.	O.	A.	E.
Ryan, l.f.	1	0	0	0	0	0	0

JAS. J. SHADGETT.

Thursday Lacrosse
Game Will Be Corker

Peterborough Will Have About the Strongest Team in Years—Notes Gathered at Practice—Something of Interest Concerning the Personnel of the Team.

The Peterborough Shamrocks put in an hour and a half's hard practice last night under the watchful eye of Manager George Lynch and are in good shape for their game here with the Young Torontos on May 24.

There were about thirty-five players out last night, all are working hard for a place on the team.

There were several new men out, including Barber, from Copper Cliff, he is a defence feeder and is a good stick handler and has lots of speed. Campbell, another new man from Ottawa, is a long-husky fellow, a good shot and a clever stick handler.

Prest, another eastern man, was out for the first time. He shapes up like a comer. He handles his stick well and is a sure catch. With these new men and Regan, formerly with Beaverton, the team looks the best in years and will surprise the lovers of lacrosse when they see them work on May 24.

Bill Galley is playing goal, and if he continues to pick them out as he is doing in practice, it will be hard for the opposing teams to find the right side of the net when they want it.

Harry Morgan, George Mein, Will Meagher and Eddie Dillon on the defence field are playing with more vim and speed than they have shown any time in their lacrosse career. Their passing is faster and their catching and blocking has been a feature of the practicing. Regan at point, is a big fellow and has a splendid eye for picking them out. He is a good runner and a sure fast pass. He, along with Meagher, Mein, Dillon, Morgan, Barber, Prest and Galley, will make the best defence seen in Peterborough in a long time.

On the home there are Rollie Glover, Ernie Ford, Jack McCabe, Will Judd, Ernie Best, Campbell (Ottawa), Bill Stroud, Fred. Derocher, Dumbie, Fred. Whitcroft, and another new eastern man who will be out to-night.

Ford, Glover, Judd, McCabe, Best and Stroud are all of last year's team and along with the new men will make a lightning home.

Jack McCabe watched the pratice from the side. He says he will turn out after the 24th.

Fred. Derocher will not start to get in shape for a week or so. He will be a great help to the home field this season.

Rollie Glover is playing better lacrosse than ever before. He will be in much better shape this year than last. He is working hard to be in the best possible shape for the big game on the holiday.

Judd, Ford and Best are rounding into good shape and are showing much more speed and combination than last season. Their passing and shooting has improved wonderfully over last season.

Taking the team on the whole they are about the best that has been gathered together in Peterborough in a long time and are sure to give the lovers of the national game a big surprise when they see them work together on the holiday.

There promises to be a record crowd at the big game here on May 24, with the Young Torontos. This will no doubt be one of the best games of the season and the boys are out to win. Let everybody join in and give them their loyal support and lots of encouragement that helps to win games and stimulates the players. The Young Torontos will be here strong with several of their last year's seniors on their line. They are practicing hard with about 35 players out every night.

A RIGHT WAY and A WRONG WAY

Many people have many ways to bring about the same result. Most of them are mistaken ways, but this is not known until the test of time points plainly to the error. Practically there are but two ways to accomplish anything; a right way and a wrong way. Take, for instance, a man with a bad back, there are lots of them, and of various kinds, some with stiches and twitches, others with cricks and twinges; then there's the dull, heavy continuous kind that lasts all day and doesn't sleep at night. They're all bad enough, they're all hard enough to get rid of. Some people rub the back with liniment, others cover it with plasters, either or both means often bring relief, but the pain comes back—it's the wrong way to cure the trouble.

DOAN'S KIDNEY PILLS

have a way to cure backache, a way that's all their own—the right way. They're made for the kidneys only. When the kidneys fail in their work of filtering the blood the back aches because they are situated in the small of the back; backache is the kidney's warning of trouble, and every day you let the warning go it brings you nearer to urinary disorders, Diabetes, Bright's Disease, etc.

Doan's Kidney Pills cure every form of kidney ills and that's why they bring such quick relief from backache. Mr. Fred Gray, Good Corner, N.B., writes: "I was greatly troubled with pain across my back. I procured a box of Doan's Kidney Pills, and received so much benefit from them that I consider them the best remedy for kidney trouble there is. I would not be without them in my house."

Price 50 cents per box or three boxes for $1.25, all dealers or The Doan Kidney Pill Co., Toronto, Ont.

Sunshine Furnace

It does not require an expert to clean out the flues of the "Sunshine" furnace—the only tool needed is a brush which is supplied with every furnace.

Clean-out doors are placed in the casing, and the brush can easily be inserted.

This heater just bristles with exclusive features such as automatic gas dampers, large double feed-doors, steel dome, double shakers and steel radiator.

If you want the best furnace made get the "Sunshine."

Sold by enterprising dealers everywhere. Booklet free.

THE DAYLIGHT STORE

A Woman in the Case

A woman was at the bottom of it. She said to her husband, "Why don't you go to LANG & MAHER'S and see what kind of Clothes they have anyway, instead of paying such high prices to have them made?"

The man came, doubting at every step. Said he didn't think we could fit him, but just wanted to look around for curiosity. We persuaded him to try on a Coat, and, of course, easily convinced him that his ideas of Ready-to-Wear Clothes were all wrong.

There are not only different sizes, but different cuts —for the stout man, the slender man, the tall man, the short man—so that it is now the exception, rather than the rule, not to be fitted in our Ready-to-Wear Clothes.

Beautiful Suits from $12.00 to $18.00

Quality costs us more, but it holds our trade, and nothing but merit keeps us busy.

Closing Meeting Of The Philomathean Society

Elocutionary Contest Had Thirteen Competitors—First Prize Won by Eva Stevenson—Lecture Hall was Filled —Chair was Occupied by Mr. Stanley Fife, President of the Society.

The closing meeting for the year of the Collegiate Institute Philomathean Society was held in the Y.M.C.A. hall last night, and was largely attended.

The hall and adjoining rooms were crowded to the doors by the pupils and their friends.

Much interest was taken in the elocutionary contest, for which suitable prizes were offered.

There were 13 competitors, and the interest was very keen. The first prize, books valued at $5, was generously donated by Mr. Duncan Walker, Public School Inspector, while the society contributed the second and third prizes in the shape of books.

MISS EVA STEVENSON,
Who won the First Prize in the Elocutionary Contest Last Night.

The judges, Rev. Dr. Torrance, Mrs. R. F. McWilliams (who took the place of Rev. Father McColl, who is out of the city), and Rev. Dr. Crothers, awarded the first place to Miss Eva Stevenson. Her selection was a humourous one, "Mice at Play."

Miss Marguerite Edwards was accorded second place. She also gave a humourous recitation, "Prayers and Potatoes." Miss Katie Leary captured the third premium, with a pathetic selection, entitled "Whispering Bill."

Mr. Stanley Fife, president of the society, presided in an able manner, and briefly reviewed the successful work of the organization during the past season.

Three open meetings had been held, all of which were well attended.

Rev. Dr. Torrance announced the decision of the judges last evening, and Mrs. R. F. McWilliams made the presentations to the winners.

A hearty vote of thanks to the judges was proposed by Bert Miller, and seconded by Max Fife. To this Rev. Dr. Crothers made a suitable reply. All the numbers on the programme were cleverly contributed, and elicited well merited applause. The receipts of the evening amounted to $10.

Following is the programme as well as the names of the selections recited by each contestant in the competition in elocution:

Violin Solo, Marguerite Burnett.
Recitation, "Whispering Bill," Katie Leary.
Recitation, "Dying in Harness," Emma Corkery.
Recitation, "The Firemen," Maud Oliver.
Recitation, "Man and the Boy," May Morrill.
Vocal Solo, Mamie Thobald.

MISS KATE LEARY
Winner of Third Prize in the Elocutionary Contest.

Recitation, "Jamie," Nellie Duncombe.
Recitation, "Prayers and Potatoes," Marguerite Edwards.
Recitation, "Poor Little Jim," Malsie Halpin.
Recitation, "Paradise and Peri," Mary Casey.
Violin Solo, Lenore Sanderson.
Recitation, "Newsboy's Death," Frances Stone.
Recitation, "The Duel," Lillian Dean.
Recitation, "How the Slave Saved St. Michael's," Mary Feeney.
Vocal Solo, Frances Routley.
Recitation, "Mice at Play," Eva Stevenson.
Recitation, "Keeping His Word," Nellie Hallihan.
Club Swinging, Silvia Adams, Piano Solo, Katie Leary.

Buescher Band Instruments Please

Messrs. J. M. Greene & Company Received Endorsement.

The J. M. Greene Music Company has built up a good business in band instruments since opening here, and a number of flattering testimonials on the quality of the instruments sold by them have been received. Yesterday a letter was received from Mount Forest, where a fine silver plated Buescher double bell baritone was sent about ten days ago. The letter says:—"I received the double bell baritone o.k., and I am delighted with it. I wish I had ordered the case to be sent with it. Thank you very much for sending me so fine an instrument. I am trying to get the band here to buy one of your mellophone E. flat, and we need a second-hand double b. bass, if you have one.

Yours truly,
Bert Coleman.

Victoria Day Trip To Jubilee Point

S. A. Band Excursion Should Be Well Patronized.

The first excursion of the season down the Otonabee River will take place on Victoria Day, under the auspices of the Salvation Army Band. If favoured with fine weather the excursion should be well patronized. The band will be on hand in full strength and will provide music. A stop will be made at Jubilee for dinner and excursionists may either remain there or enjoy a sail around Rice Lake in the afternoon. The steamer Water-Lily has been chartered for the occasion and leaves the Wolfe street wharf at 8.30 a.m.

ANOTHER PET DOG IN WEST END DIES

Mr. Isaac Richardson, 47 Homewood avenue, is justly indignant over the poisoning of his pet dog, a fox terrier of almost human intelligence, and more than human fidelity. He was a most sagacious animal and a great favourite of the family. Mr. Richardson can talk well on occasion, but on this occasion he can't find words to express his indignation at the dastardly act that deprived him of his dog. If the authorities issue licenses entitling dogs to life, they should take steps to discover the perpetrators of the crime of dog-poisoning which has become so frequent recently in the West End.

MUSIC AND DRAMA

GEORGIA MINSTRELS.

Richard and Pringle's Georgia Minstrels played before a large audience at the Grand last night. The performance was fully up to the minstrel standard, and some acts were superior to the average. There was something going on all the time, and the audience was satisfied with the work of the company. The first part contained several tuneful ballads as well as the ever popular coon song, Clarence Powell, in his song "Never," introducing a number of local hits, brought down the house, and it looked as though the audience would make him sing for-ever." The gags were for the most part new, although some old friends were among the number. The vaudeville features in the olio were above the average. Marsh Craig, the contortionist, showed a suppleness that was marvellous, and Frank Kirke, the musical acrobat, made a big hit. A new feature was an exhibition of fancy roller-skating, the novelty of which was most effective. The performance concluded with a laughable skit, "When Jim Jackson Came to Town," with the funny end man, Clarence Powell, in the leading role.

The orchestra music was a very much appreciated part of the performance. The orchestra was of more than usual strength, and its playing was delightful.

"THE GAIETY GIRLS."

The New London Gaiety Girls at the Grand on Friday night is a brand new show in all the name implies. The two burlesques are something never before attempted in burlesque theatres and the olio is composed of the biggest headliners in vaudeville. Among them may be mentioned the "Wonderful Vedmars," Europe's latest sensation; the Irish character comedian, "Pat White," the comedy pair, "Ferguson and Watson," the Ginger Girls, "Adams and Swinburne," the dancing marvels, "Bissett and Scott," Grace Dean, Jack Strouse, Nettie Grant and others. The opening number is an original conceit, entitled "Way out West," and introduces twenty sprightly misses, who sing and dance very cleverly. The closing burlesque was built for laughing purposes only. It is called "Mixing Things Up." It introduces the entire company, numbering over forty people, including twenty show girls, and ten clever comedians.

Mr. Louis H. Bowers, advance agent for the company showing the moving pictures of the San Francisco disaster, which will be presented at the Grand on May 28th, is in the city today. The pictures, which will be shown here were taken by Holsman, the sporting editor of the Chicago Inter-Ocean. Of the 62,000 photographs taken 6000 will be reproduced the Grand next week.

Preserving Pineapples.

We would advise our customers to secure their pineapples, for preserving, within the next ten days. They are now at their best for quality, and price is probably lower than it will be later. S. A. Oke, 376 George street. Telephones — Machine, 18; Bell, 18.

Peterborough Cheese Board Opens Most Successful Season

At the First Meeting To-day 1,371 Cheese Were Boarded—Top Price Paid Was 11 5-8c—A Satisfactory Price for First Sale—Prospects This Season for the Industry are Bright—Mr. G. A. Gillespie Buys Out Board for Hodgson Brothers.

Last season was the most successful in the history of the Peterborough Cheese Board, but this season promises to surpass even the record of 1905. The first meeting was held this morning, and, while the number of cheese boarded was small, only 1,371 being present on sale, the price obtained was a record, the top price being 11 5-8c., which pretty nearly beats any first sale in the province for this season. The only real competetor at the sale to-day was Mr. Gillespie, who, during Mr. Fitzgerald's illness is buying for Hodgson Brothers, of Montreal, and Mr. Kerr, who between them cleared the board, Mr. Kerr getting his choice for 11 3-8c., while at 11 5-8c. Mr. Gillespie took about 500 boxes first selection.

A number of factories which will sell at this board this year were not represented, but they will be boarded later in the season.

President's Address.

In opening the Board Mr. T. D. Young, the president, expressed his personal pleasure at meeting again so many of the members of the board in the past. There were some new faces, and doubtless there would be still others as the season progressed. The Peterborough Board in the past had a good reputation and was looked upon as one of the best conducted boards in the province. He hoped that this year the same business-like conduct would characterize the meetings of the board.

This year he would be in a better position to stand between the buyer and seller, because he was not selling for any factory himself. He expressed deep personal regret at the illness of Mr. Fitzgerald, who had for so long been a buyer on the board, and hoped that he would soon be able to resume his place at the board.

Resolution of Condolence.

Mr. A. E. Kennedy, before the opening of the sale, moved a resolution of condolence to Mr. Geo. Fitzgerald upon his recent illness. It was seconded by Mr. Kerr, and unanimously carried. The executive will prepare the resolution and forward it to Mr. Fitzgerald. Mr. Harry Hodgson, of Hodgson Brothers, for whom Mr. Fitzgerald buys, replied on his behalf, and expressed the approval of the firm at the resolution passed. He stated that Mr. Gillespie would help Mr. Fitzgerald with the buying until he was able to be on the board again, which he hoped would be in the near future.

Factories Boarded.

The following factories boarded the number of cheese set opposite :

Keene	65
Warminster	50
Shearer	40
Central Smith	60
Selwyn	71
Villiers	45
Warsaw	50
Westwood	100
Melrose Abbey	60
Lakefield	40
Pine Grove	50
Maple Leaf	36
Myrtle	52
Young's Point	38
Lang	60
Indian River	55
North Dummer	36
East Emily	30
Trewern	40
Bensfort	60
Cavanville	70
Mount Pleasant	12
Fleetwood	78
Buckhorn	60
Brickley	60
Shamrock	45

The buyers present were Messrs. Jones, Kerr, Gillespie, Whitton, Brenton, Grant, Wrighton and Morton.

The Bidding.

The first offer was made by Mr. Whitton, who called 11c, which Mr. Kerr raised to 11 1-16c; Mr. Jones bid 11 1-8c; Mr. Gillespie 11 1-4c; Mr. Kerr 11 5-16c; Mr. Gillespie, 11 5-8c; Mr. Kerr, 11 7-16c; Mr. Gillespie 11 1-2c; Mr. Kerr, 11 9-16c; and Mr. Gillespie raised to 11 5-8c, which was the top figure. At 11 5-8c he called Keene, Central Smith, Villiers, Westwood, Bensfort, Fleetwood, Buckhorn, Lakefield—all accepting. He offered 11 9-16c for further selections, and called Selwyn factory, which accepted. Mr. Kerr offered 11 3-8c and called Melrose Abbey, Pine Grove East Emily, Cavanville, Warminster, Shearer, Warsaw, Maple Leaf, Myrtle, Lang, Indian River, North Dammer, Trewern, Brickley, Shamrock, Young's Point. These all accepted, which cleared the board with the exception of Mount Pleasant, which will be called at the next board, only twelve cheese being ready for sale at this board.

MR. G. A. GILLESPIE.
A New Buyer on the Peterborough Cheese Board.

Aylmer St. Extension Liable To Be Expensive

It is Said it Would Cost Nearly $10,000 to Open Street Half Way to the Boundary—$2,000 of the Appropriation for Opening Street Has Been Expended.

The question of extending Aylmer street is one that is giving the Board of Works and the City Council a great deal of worry these days. The Board of Education is waiting to see what will be done in connection with the extension before going on with the erection of the new school.

It is understood that it will cost $9,000 or $10,000 to extend Aylmer street half way to the boundary, which is a pretty heavy expenditure. The appropriation voted last year for the opening of new streets was $6,000 and of this some $2,000 has already been expended in extending George street north, and in opening a street from George street to Water street at the end of Bonnardo avenue. Thus only $4,000 is left to extend Aylmer and George street, and also Hunter street to the lift lock. It looks as if another bylaw asking for permission to borrow more money will have to be submitted to the ratepayers.

Many Attractions For Victoria Day

Where Peterborough Citizens May Spend a Pleasant Day To-morrow—Cheap Fares on the Railways—Stony Lake Will Make Special Trip To-morrow—Other Attractions for the Holiday.

To-morrow many pleasant opportunities will be afforded of spending the holiday, and that many of the citizens are planning to spend the day outside of the city is indicated by the number who have bought railway tickets at the city offices. The trains to-day were all crowded and to-morrow morning will see a great many others take their departure to spend the day visiting friends in other places.

Stony Lake will be a popular resort to-morrow, the first summer holiday of the year. The "Stony Lake" will meet the G.T.R. morning train at Lakefield to-morrow, and will return for the afternoon train for the city. She will also make a trip down to Lakefield Friday morning, allowing those who wish to remain over until that day to do so.

Toronto—and the races—will, no doubt, take a number of Peterborough devotees of the turf. Single fare $2.30 will take you to Toronto and return—if you do not play the races—but it would be advisable to have some extra change tucked away in your socks.

Single fare will be given for round trips on all the railways commencing to-day and continuing until Friday.

An excursion, the first of the season, will be run to Jubilee Point to-morrow by the newly equipped steamer "Water Lily," under the auspices of the S. A. Band.

For those who remain in the city there will be plenty of amusement. In the morning at 9.30 a baseball game between George Street and St. Paul's Guild League team, will be played on the Central Park. In the afternoon the Turf Club's races at the Driving Park will attract many, no doubt, and the lacrosse game between the Peterborough Shamrocks and Young Torontos, will also be largely attended.

The Street Railway will give a ten minute service to Jackson Park to-morrow, and a special service will also be given to the Driving Park.

The Last Day

ONE THING AND ANOTHER

Sherring's Leg-acy.

SHERRING has made legs so popular that the Kilties will take on a new spasm of popularity.

Down and Out.

WHILE THEY have not yet found the body of Father Gapon, he is beyond a doubt a "dead one," in Russian revolutionary circles, at least.

Want too Much.

LONDON, England, is complaining because the chorus girls in an American company playing there wink at the audience. What do the bald heads in the front row expect the girls to do—throw kisses?

One of the Penalties.

SHERRING, the long distance champion runner is finding that his home-coming—to Hamilton—is not all beer and skittles. A local poet has fired a long distance poem, of eighteen long distance metre stanzas, at him.

Expensive Tastes.

Montreal Herald.

THE Pittsburg youth has given hope of his father's millions to marry a pretty French maid. Say twelve millions, and 120 pounds for the maid, it works out at $100,000 a pound on the hoof — which just shows how expensive a taste these young fellows can cultivate.

To Help the weak.

"WHY, Mr. Knox," said the landlady, to the new boarder, "you have let a piece of butter fall in you coffee." "I did it on purpose, Mrs. Hasher," replied the new boarder; "I believe in compelling the strong to assist the weak."

The Astonished Cow.

The Khan:

The outraged cow went forth and joined
The herd among the greenery.
"What d'ye think they did jus' now?
They milked me by machinery!"

Three Missing.

Punch.

MR. ANDREW CARNEGIE speaking at Ottawa last week, declared that Sir Wilfrid Laurier was one of the five greatest men in the world. He did not name the other three.

$5 For Stealing A Ride On The C.P.R. Express

"I Will Make It $10 the Next Time" Said His Worship.

Trespassing on the railway is a very common offence in Peterborough, and the C. P. R. is particularly favoured in this respect. The results of stealing rides on trains are often fatal and the terrible accident that befell Willie Taylor, the unfortunate lad, who had his leg amputated by the car wheels, should be sufficient warning to those who have been in the habit of engaging in this dangerous practice in the past, but it apparently does not carry weight with everybody. In the police court this morning two young men pleaded guilty to having stolen a ride on a C. P. R. train the other day.

C. P. R. Detective Samuel Wright, who laid the information, said, to express generally stops just at Edmondsdiamond, and several boys and men have the habit of getting on the steps and riding down to the station. This habit is altogether too dangerous. A short time ago," he added, "a young boy had his legs taken off.

"It's the first time we ever heard it," remonstrated one of the accused.

"Five dollars," said the magistrate in imposing the fine, "and the next time I'll make it $10.

"The railway company intends to prosecute every offender," said the Worship. "Offences like this give them too much trouble and place the offenders in too much danger."

Detective Wright informed the Examiner, after the case was concluded, that the company had decided to stop at once this dangerous and illegal practice of stealing rides on trains. Trespassers on the trains will also be prosecuted.

DOCTOR BRIGHAM SAYS

MANY PHYSICIANS PRESCRIBE

Lydia E. Pinkham's Vegetable Compound

The wonderful power of Lydia E. Pinkham's Vegetable Compound over the diseases of womankind is not because it is a stimulant, not because it is a palliative, but simply because it is the most wonderful tonic and reconstructor ever discovered to act directly upon the generative organs, positively curing disease and restoring health and vigor.

Marvelous cures are reported from all parts of the country by women who have been cured, trained nurses who have witnessed cures and physicians who have recognized the virtue of Lydia E. Pinkham's Vegetable Compound, and are fair enough to give credit where it is due.

If physicians dared to be frank and open, hundreds of them would acknowledge that they constantly prescribe Lydia E. Pinkham Vegetable Compound in severe cases of female ills, as they know by experience it can be relied upon to effect a cure. The following letter proves it.

Dr. S. C. Brigham, of 4 Brigham Park, Fitchburg, Mass., writes:

"It gives me great pleasure to say that I have found Lydia E. Pinkham's Vegetable Compound very efficacious, and often prescribe it in my practice for female difficulties.

"My oldest daughter found it very beneficial for female trouble some time ago, and my youngest daughter is now taking it for a female weakness, and is surely gaining in health and strength.

"I freely advocate it as a most reliable specific in all diseases to which women are subject, and give it honest endorsement."

Women who are troubled with painful or irregular periods, bloating (or flatulence,) weakness of organs, displacements, inflammation or ulceration can be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound. If advice is needed, write to Mrs. Pinkham, at Lynn, Mass. She is daughter-in-law of Lydia E. Pinkham and for twenty-five years has been advising sick women free of charge. No other living person has had the benefit of a wider experience in treating female ills. She has guided thousands to health. Every suffering woman should ask for and follow her advice if she wants to be strong and well.

Net Confiscated By Fishery Officers

Offender Had to Pay $10 for Illegal Fishing.

A party of local men went down the river on Sunday, and the result was disastrous to one man, who failed to confine his attentions to the beautiful scenery. He had placed a net in the water, but before he could do any damage, Fishery Guardians Guerin and Thornbeck hove in sight and the net was confiscated. To complete his tribulations he was honoured by a visit from Fishery Overseer Johnston, and a fine of $10 was inflicted.

The overseer wants it distinctly understood that every offender against the fishing laws will be severely dealt with and that the law must be kept.

Beckmann, Mignonette, Evelyn Johnston.

Lichner, May Bells, Janet Titterson

Clementi, Sonatina Op. 36, Margaret Edwards

Beethoven, Sonatina F. Mayor, Eva Orr

Fire-By-law To Be Revised And Limits Extended

Motion to This Effect Passed by Fire, Water and Light Committee—Ald. Graham Was Opposed to the Step and Left the Meeting, Exclaiming That His Name Could be Taken Off the List—Other Business Transacted.

The question of amending the fire bylaw was one of the most important things that came up at the meeting of the Fire, Water and Light Committee last night, when it was decided to amend the bylaw and permission was granted to Mr. Jas. Finnie to erect a house with a thirteen-inch wall in the lower storey and a nine inch wall in the upper storey.

Ald. Graham was very much opposed to this movement on the ground that it was not fair to other people in the same district who have been compelled to submit to the restriction of the bylaw. When the motion finally passed Ald. Graham left the committee saying that his name could be taken off the committee. Several other matters were discussed.

The members present were Ald. Adams, chairman, Ald. Mason, Duncan, Ball, Elliott, Graham and Mayor Beat.

New Hydrants.

The first matter taken up was in connection with the four four-way hydrants to be installed by the Water Commissioners. The latter wished to know whether the Committee desired ordinary connections or not. Chief Rutherford recommended that the ordinary connections be used and a motion to that effect, moved by Ald. Graham and seconded by Ald. Ball, was carried.

The Fire By-law Question.

Mr. Jas. Finnie waited upon the committee and asked for permission to construct a nine-inch wall on the upper storey of the dwelling house he is building near the corner of Water and Murray streets. The lower storey had been constructed with a 13-inch wall as required by the law.

This request led to a general discussion on the matter of altering the bylaw, and extending the limits. The following report was received from City Engineer T. A. S. Hay:—

DADD FIRE, WATER LIGHT

Ald. Adams, Chairman of the Fire, Water and Light Committee.

Dear Sir,—As requested, I beg to give you herewith my opinion regarding amendment to building by-law.

The original by-law, No. 612, embraced the area bounded on the south by King street, on the west by the westerly limit of lot 8, west of George street, on the north by McDonel street and on the easterly limit of lot 4, east of Water street, subsequently extended by by-law 862, to include from Water street to westerly boundary of lot 1, west of George street, between McDonel and Dublin streets.

I would not recommend any alterations in conditions of the original by-law as the area contained therein is so small, but would strongly recommend that the limits be extended on all sides, in which extension some slight modifications might be allowed, such as for an ordinary dwelling house of two clear storeys the walls of the first to be 13-2 inches and of the 2nd 9 inches.

I would also amend the by-law to require bond timbers not to exceed 5-8 inch in thickness.

Yours, etc.,
T. A. S. HAY,
City Engineer.

Ald. Graham expressed himself as being against granting the permission requested, as it was not fair to other people who had been forced to comply with the bylaw.

Ald. Elliott thought that the bylaw should be revised.

Ald. Mason was of the opinion that the bylaw was a little too strict. There was not much building going on in the fire limits because of the bylaw. If it were modified it would meet with the requirements of builders and allow a good class of buildings to go up. The bylaw should be re-arranged and in the mean time Mr. Finnie's request should be granted.

Ald. Mason moved, seconded by Ald. Elliott, that the fire bylaw be rearranged, and that such information be gained as is necessary to draft a satisfactory bylaw, that provision be made to allow dwellings of not more than two storeys in height to be built with nine-inch walls in the upper storey and that the fire limits be extended.—Carried.

Ald. Graham left the committee room after saying "You can take my name off the committee as soon as you like."

Ald. Duncan suggested that the condition governing the district from King street to Murray street, and from Water street to Aylmer street, be left as they are. This will be decided upon when the bylaw is being prepared.

Hydrants on Charlotte Street.

Ald. Tovey was present to point out that the people on Charlotte street, west, were very anxious to have a hydrant installed on that street. After some discussion it was decided to leave the matter in the hands of a committee composed of the Mayor, Ald. Adams and Ald. Tovey.

Land To Be Sold.

The question of the disposal of the strip of land at the corner of Murray and Stewart streets belonging to the city, was the next to be discussed. This land was purchased in securing the right of way and the council had come to the conclusion that while the property was suitable for building purposes it was not large enough to be of use to the city. The price paid for the land in 187: was $500.

It was decided on motion of Ald. Duncan, seconded by Ald. Ball, to advertise for tenders for the purchase of the property.

Mr. "Dick" O'Brien Returns From The Railway Survey

Comes Back to the City After Having Been Connected with Grand Trunk Pacific Survey Since Last June—Tells Interesting Story of Matters Incidental to the work—Will Go North Again in a Month.

Mr. "Dick" O'Brien, who left the last June to join the Grand Trunk Pacific survey party, returned to the city on Saturday night. "Dick" has had a whole winter of it in the woods, and while he has not encountered any redmen, bears or wolves, he had a pretty strenuous time of it, not that he met with any accidents, or had any hairbreadth escapes, but tramping through the rough country, carrying his own turkey, paddling his own canoe, and other such duties in connection with his work, is by no means a sybaritic existence.

"Dick" is not any the worse for roughing it, however, but, on the contrary, is much improved in health and strength. He has not left the party permanently, but is only home on a month's furlough, at the end of which time he will resume his work and, it is understood, will secure an advanced position. Since joining the party he has acted as rodman, and when he returns will probably be engaged in straightening or levelling.

When he left Peterborough he joined a number of others at Ottawa, from different parts of the province, and they journeyed to join the main body, who were then about 60 miles north of Dequinge Lake, P. Q. Since June about forty miles of line have been run. The ground covered was fairly good, and very little difficulty was experienced in running the line. The land was timbered by thin scrub spruce, the operations being carried on north of where the heavy pine is. The total number of the party ranged from 14 to 25, the men coming and going all the time. "Dick" informed the Examiner representative that rumours to the effect that the food provided, accommodation, etc., were not good, that had been freely circulated throughout the province, are utterly without foundation, and says that all the men of the survey party were used "white" in every way. The members of the party are a fine bunch of fellows in every respect, and "Dick" finds the associations as well as the work, pleasant and lucrative. He is delighted to get back to Peterborough, and his many friends in this city will be much pleased to welcome him on his return from the "wilds," but, outside of residing in Peterborough, he prefers the life he has been living for the past few months to anything that he knows of.

Game does not abound in any great quantities in the regions through which the survey ran the line, but moose are quite plentiful, and some nimrods were successful in securing a few antlered monarchs.

Outside of the moose, however, there is practically nothing in the line of hunting to provide sport or profit for the devotees of the rifle.

Last winter was a very favourable one from the surveyor's standpoint, and although the snow was four and a half feet deep, not an unusual depth, however, the weather was very agreeable, and the season was might be termed a "warm winter."

The party were fortunate in not meeting with any accidents to speak of, and sickness was practically a thing unheard of. Viewing the winter's work from every standpoint, they were favoured by very fortunate circumstances throughout, and the result of the survey so far has been very satisfactory to both the engineers and the department.

Painful Accident To Mrs. Hanrahan

Fell Three Feet, Breaking Her Left Wrist.

Mrs. Thomas Hanrahan, 25 Bolivar street, was the victim of a painful accident on Monday night. She was passing from the house to the summer kitchen, and fell about three feet off the steps, falling with her whole weight on her left wrist, which was broken. Dr. Coughlan was called and set the broken limb.

Mrs. Hanrahan is about 70 years of age, and it is feared that this unfortunate accident will prove more serious than would be the case were she a younger woman.

NERVOUS?

Perhaps Sleepless, too!

You'll be a total wreck pretty soon, life will no longer be a pleasure. Just think of the days and nights of misery you must spend if not cured!

Won't you use Ferrozone? It's a nerve strengthener that really does cure. It acts through the blood. First, Ferrozone brings appetite—you eat plenty. This fills the blood with nourishment for the inner nerve cells.

FERROZONE

Instils strength into every part of the system. You get well—keep well—nervousness forever departs—because you have used Ferrozone. Avoid substitutes.

Price 50c per box, or six boxes for $2.50, at all dealers or by mail from N. C. Polson & Co., Kingston, Ont., and Hartford, Conn., U.S.A. 126

More than one best?

When you ask your grocer to send you the best flour, he sends you—*his* best. When you know the best flour and order by the name, the choice is not left to the grocer. Many grocers handle

Royal Household Flour

as their leader. They have found it the safest flour to recommend because its results are sure and its purity is unquestioned. If your grocer's best is not Royal Household, insist on his getting it for you. The benefit will be mutual.

Old Newspapers for putting under Carpets At the Examiner Office

Especially For Women

FRUIT-A-TIVES are the finest medicine in the world for women.

As a mild and gentle laxative—as a positive and speedy cure for Constipation and Biliousness—as the only cure for weak and irritated kidneys and especially for "that pain in the back"—as a positive cure for headaches—and as a general tonic to build up and invigorate the whole system — FRUIT-A-TIVES stand supreme.

In cases of irritated Ovaries, Ovarian Pains, Vaginal Catarrh, Excessive and Scanty Menstruation, Ulcerations, Bearing Down Pains—and all those troubles peculiar to women—

Fruit-a-tives

OR "FRUIT LIVER TABLETS"

have the most remarkable effect.

Ninety-nine cases out of a hundred of Female Troubles are due to neglect. Bowels become constipated — kidneys irregular — skin neglected — and the poisons of the body, which should be carried off by these important organs, are taken up by the blood carried to the female organs and poison them, thus starting up a train of female troubles.

FRUIT-A-TIVES are made from fruits and by their remarkable action on bowels, kidneys and skin, rid the system of poisons, purify the blood, and restore the delicate organs of generation to new vigor and health.

No woman, who suffers, should ever be without them. 50c. a box—6 for $2.50, at your druggist's or sent postpaid by FRUIT-A-TIVES LIMITED - OTTAWA.

OBITUARY.

MARY ANN REID

The death occurred on Friday last of Mary Ann Reid, wife of Mr. Jas. Northey, of Smith, at the age of 57 years. The deceased had only been ill six days when death caused by an abcess in the throat, called her away. Her demise was all the more pathetic on account of leaving 14 children to mourn her loss.

She is survived by five brothers, James and John, of Young's Point; Fred, of Toronto; William, of Winnipeg, and John, who lives up west, and also two sisters, Mrs. Bryson, of Petrolea, and Mrs. David Drain, of Dummer.

The funeral which was one of the largest that ever passed through Young's Point, took place on Sunday afternoon to the Lakefield Cemetery.

Gay Opening Of Tennis Club

Tea Was Served on the Oval After the Game.

The opening outdoor meeting of the Nicholls Oval Tennis Club was held last night on the Oval. About twenty of the members were present and a pleasant social evening was enjoyed. The tennis ladies were again out in their pretty summer costumes and the park which has again assumed its coat of beautiful verdant colour was once more the scene of activity and merriment.

Four of the six courts belonging to the Oval Club were utilized and some interesting games were played. A dainty tea was afterwards served by the ladies on the green and the opening games of the club will long be associated with pleasant memories.

RECRUITING FOR 24TH BATTERY

The 24th Battery under command of Major Young is being rapidly rounded into shape, and it is expected that in a short time the guns and equipment will be received. Major Young will be at the armouries on Friday night for the purpose of recruiting and he expects an instructor to be here for the first two weeks in June to prepare the men for the camp.

THE NEWS OF CITY AND THE DISTRICT

The weather to-morrow will be cool and unsettled. To-day—Fair and warm with local thunderstorms.

Holiday To-morrow.

—There will be no issue of the Examiner to-morrow, (Victoria Day.)

St. Luke's Service.

—St. Luke's week night service will be held to-night for the study of the Bible.

Barber Shops Closed.

—All the Union Barber Shops in Peterborough will be closed all day Thursday, May 24th. 2d120

Ascension Day.

—At St. Luke's to-morrow (Ascension Day, Holy Communion will be celebrated at ten o'clock.

Piano Tuning.

—Piano tuning promptly attended to. Satisfaction guaranteed. A. F. Hoover, 222 McDonnel street. 'Phone 199.

All Saint's To-morrow.

—To-morrow being Ascension Day, Holy Communion will be dispensed at All Saints' church, at 10 o'clock a.m.

St. John's Choir.

—Owing to Thursday being Victoria Day, St. John's choir will meet for practice on Friday, May 25th. Boys at 7 p.m., full practice 8 p.m.

Leaves at 12.20 not 2.20.

—The time that the afternoon Lakefield passenger train leaves Peterborough has appeared in the Examiner as 2.20. It should have read 12.20 instead.

"My Valet" Does the Work.

—Our way of cleaning, pressing, and repairing of gentlemen's clothing keeps our citizens well dressed at a small outlay all the year round. Send to 384 1-2 George street, or call up 575 and our messenger will call.

Nature's Study Books.

—Helps to a better understanding of birds, flowers, trees and wild life. The public is invited to examine our stock of these interesting books. Visitors to the Teachers' Convention are welcome to look through our book shelves and make themselves at home in our bookstore. A. H. Stratton & Co.

He Had the Money.

—Most drunks when they are requested to pay their two spots forthwith look the necessary. Not so with Louis Green, however, who pleaded guilty to having been found drunk in a public place, at the police court this morning. Louis was "there with the goods" and was given his liberty.

Lost Her Hat.

—This morning a lady bought a hat. Nothing surprising in that, but she lost it on the street before she got it home and had the pleasure of fryinng to put it on straight. She should advertise her loss in the Examiner, which would be a guarantee that she would recover it before the fashion changes.

A Good Medicine.

—The patient getting discouraged with his physician's treatment, asks his opinion of Dr. Roscoe's Rheumatic Remedy. He replies, "it is a good medicine but it would kill you." In his present condition he may as well be dead, so "kill or cure," he takes the medicine and is perfectly well in a few days. We have frequently heard this. 3eod

Long Diameter Egg.

—Mr. J. B. Pentland, dentist, by reason of his profession, draws to big hands in the matter of eggs. He has a black Minorca hen which has formed the habit of producing Brobdignagian eggs. Mr. Pentland shows the Examiner this morning one of the fowls periodical monstrosities in the way of an egg measuring 8 3-8 by 7 inches in diameter.

Passed Resolution To Mr. Fitzgerald

At the First Meeting of Peterborough Cheese Board To-day —Deep Regret at His Illness—Hope That He May Soon Resume His Place.

The following letter will be sent to Mr. G. W. Fitzgerald the secretary of the Peterborough Cheese Board as a result of the action taken at the meeting of the Board to-day:—

Peterborough,
May 23rd. 1903.

G. W. Fitzgerald, Esq.,
Peterborough.

Dear Sir,—At the first meeting of the Peterborough Cheese Board for the season of 1905, held this morning the following resolution was unanimously adopted by the Board:—

Moved by Salesman Kennedy, seconded by Buyer Keen, "That we, the members of the Peterborough Cheese Board assembled at this the first meeting for the season desire to place on record our sincerest regret at the illness of one of the most prominent members of the board, Mr. G. W. Fitzgerald. Mr. Fitzgerald has been for years buyer at this board and his honourable methods have won for him the respect and esteem of both buyers and sellers who now unite in expressing their sympathy for him in his affliction, coupled with the hope that the time will speedily come when he will be able to resume his usual place at this board."

Signed on behalf of the Peterborough Cheese Board.

T. D. YOUNG, President.
R. TUDHOPE, Vice-President.
JOHN RIDDELL, Secretary.
E. HAWTHORNE, Treasurer.

SEVERLY BITTEN ON THE LEG BY A HOUND

Last night as one of the local business men of George street was walking to his home he was without warning severely bitten by a hound on the leg. He states that while passing the Machine Telephone Company's office he was met by a whole pack of dogs, but all passed peacefully by but one—the hound that did the damage.

His sharp teeth penetrated his trousers without tearing them, but his flesh met with a more unfortunate accident and blood flowed freely from the wound for a considerable time.

The canine is known and there will be something doing in the dead line pretty soon if the owner allows him to run at large in future.

BATTALION CHURCH PARADE CHANGED TO EVENING

At the meeting of the officers of the 57th Regiment last night after the regular drill, it was decided that the church parades be held at 7 o'clock in the evening in future instead of 4.30 as formerly.

Rev. Canon Davidson, chaplain of the Regiment was present at the meeting and explained the necessity for the change. To preach three sermons in one day was too strenuous, he said, and also the interference with the Sunday School in the afternoon would be removed.

A vote was taken on the question by the officers and an almost unanimous decision was reached in favour of the change.

The date of the church parade this year was left in the hands of the Chaplain who decided that it be held on June 10th, the second Sunday of the month.

A Patriarch Of Otonabee Dead

Mr. Richard Cavanaugh Passed Away This Morning.

The hand of death claimed one of the oldest residents of Otonabee this morning at 8.30 in the person of Richard Cavanaugh, at the ripe old age of 84 years. The late Mr. Cavanaugh has been in rather poor health for the past two years, but his death this morning was mostly due to old age.

The deceased was born in Ireland and came out to Canada at the age of 21 years, residing in Otonabee ever since. He leaves four daughters, Mrs. Jas. Sullivan and Mrs. Geo. Cain, of Peterborough; Mrs. Patrick Neaven, Schenectady, and Mrs. Maurice Sullivan, of Sault Ste. Marie, and two sons, Richard, of Douro, and William who lives on the homestead. His surviving brothers are, Thomas, of Otonabee; Timothy, proprietor of the Cavanaugh House, Peterborough, and John, William and Michael, of California and also three sisters, Mrs. Dinsan and Mrs. Wm. Moher, of Peterborough, and Mrs. Phelan, of Lakefield.

The late Mr. Cavanaugh was a much respected resident of not only the township in which he lived, but also of this city. His death although expected in a way, will be much regretted by a host of friends who were accustomed to see his familiar form.

The funeral will take place on Friday morning to St. Joseph's Church, Douro, and thence to the Douro Cemetery.

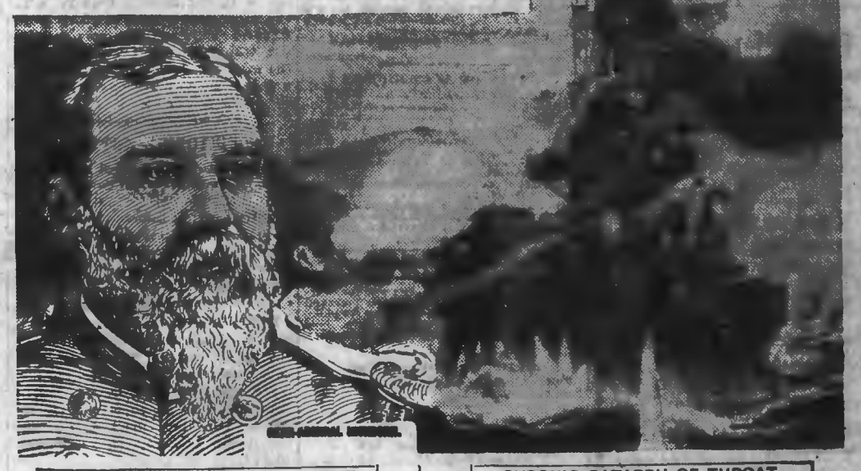
Grounds Decorated For Empire Day

Novel Manner of Commemorating the Occasion.

Empire Day was celebrated in a somewhat novel but praiseworthy manner in the Monaies school to-day. The beautiful grounds were charmingly decorated with flags, bunting, and chinese lanterns, the whole presenting a very attractive appearance. Instead of assembling in the school building the children gathered under the maple trees. The teachers gave a short talk on the significance of Empire Day, and of the immensity of the British Empire. Patriotic songs were sung by the children.

New Consignment of Kunts Lager, just received in prime condition, at F. J. R. Mitchell's, Grocer and Liquor Merchant, 141 Hunter Street.

Rear-Admiral Hichborn Praises Pe-ru-na.



ADMIRAL'S WORDS CARRY WEIGHT.

REAR-ADMIRAL HICHBORN is one of the best known admirals of our navy.

His statement concerning Peruna will have much weight as it goes out into the world.

What he says is echoed by many other naval officers of high standing.

WHAT THE ADMIRAL SAYS.

Philip Hichborn, Rear-Admiral United States Navy, writes from Washington, D. C., as follows:

"After the use of Peruna for a short period, I can now cheerfully recommend your valuable remedy to any one who is in need of an invigorating tonic."—Philip Hichborn.

AN EVERPRESENT FOE.

The soldier and the sailor are especially subject to catarrh in some form or phase.

Exposed as they are to constant changes, subject as they are to various vicissitudes, and all kinds of climate, wet and dry, night and day, they find catarrh to be their most insidious and everpresent foe.

In the barracks and on the field, Peruna is equally efficacious.

Taken at once after exposure, it should prevent catching cold.

PE-RU-NA A RELIABLE REMEDY.

After a cold has become established, Peruna will break it up as quickly as any other remedy known.

Even after a cold has become settled in some organ of the body, Peruna can be relied upon to promptly dispel it.

Peruna will relieve catarrh, whether acute or chronic, but a few doses taken in the first stages of the disease will be more effective than when the disease has become chronic.

If you suffer from catarrh in any form, do not neglect it. Take Peruna at once. Delays in such matters are dangerous.

CHRONIC CATARRH OF THROAT.

"I was troubled with catarrh of the throat particularly, and suffered considerably as a result thereof for a period of about five years, and my general health was affected.

SOUGHT CHANGE OF CLIMATE.

"Three years ago I was forced to give up business, and took up my residence in the Western country, looking for relief in change of climate as well as a change in the method of treatment for my ailment.

RELIEF IN PE-RU-NA.

"After much expense, both here and in the West, I was induced by a friend to try Peruna. I continued the use of it for about five weeks, at the end of which time I returned to New York, both well and happy."—Wm. H. Switzer, 235 E. 83rd street, New York City.

USED PE-RU-NA IN HIS FAMILY.

"I have used Peruna in my family with very satisfactory results for the last two years. Besides I have recommended it to all whom I think are in need of it.

"I urge all who are afflicted to buy a bottle and begin its use at once. I have never heard of any who have used it to be dissatisfied with the results."—Frank W. Harris, box 28, Basic City, Va., member A. F. & A. M.

A TYPICAL TESTIMONIAL.

Mr. J. H. Galbraith, 899 West Second Ave., Columbus, Ohio, writes:

"I have been a sufferer of catarrh of the stomach and kidneys for seven years. Doctors did me no good, and after taking Peruna for six months, at intervals, I believe I am cured. My appetite returned, I sleep well and work every day. I always have it in the house."

No remedy ever yet devised has received such unstinted eulogy from so many renowned statesmen and military men as Peruna.

We have on file thousands of testimonials like those given above. We can give our readers only a glimpse of the vast array of endorsements Dr. Hartman is receiving.

WEDNESDAY, MAY 23, 1906.

VICTORIA DAY.

For three score years and ten, save one, the Queen's Birthday has been heartily honoured throughout an Empire which covers one-fifth of the habitable globe. Queen Victoria needs no monumental brass to preserve her memory, when years after her death, Victoria Day, decreed a special memorial to her greatness and goodness, is as loyally, and universally, observed, as when she was in life. We, in this happy dominion, have especial reason to religiously observe the day. It was in the beginning of the late Queen's gracious reign, that the incalculable boon of responsible government was conceded to the then struggling and struggling colony, a boon which represents the foundation of the future, which has become the great present of Canada. During her late Majesty's reign, the country has advanced swiftly on the road to nationhood, and he would be a bold man who would place a limit to its growth, and expansion, or predict what Canada will be when as many years shall have passed as would cover the Queen's reign. We are peaceful, happy and prosperous. We are doing our share, the largest colonial share, in expanding the empire, and contributing to a cumulative greatness, whose possible proportions mind cannot conceive. We are a part of the empire, and have a natural dower, which makes us the most important section of it. Nature has not only been prodigal in her material gifts to Canada, but we have the heritage of constitutional conditions, which permits the fullest realization of our natural opportunities, under circumstances of the most auspicious character. It is, therefore, fitting that Victoria Day commemorative of a Queen who has been the most powerful cohesive force in binding together the many units of the empire, the greatest moral force ever exercised for so great a length of time by one individual, sovereign or subject, in the world's history, should be gladly and reverently observed.

ALD. GRAHAM RIGHT.

Alderman Graham's action in leaving the Fire, Water and Light Committee last night, as a protest against the lax and uneven enforcement of the fire bylaw, was justified. Alderman Graham is a builder of large experience, and doubtless knows the ground upon which he stands in this matter. The bylaw was passed in the interests of the public, not of individuals, and if one person is permitted to set the bylaw at naught, there is no justification in compelling any other person to observe it. Flimsy, jerry-built walls, in case of fire, warp like elm boards on a fence, to the danger of firemen and others. It is no hardship to compell any citizen to erect a house with a thirteen-inch wall—it is a positive benefit, for he will have a substantial wall, more fire-proof than a nine-inch wall, warmer in winter and cooler in summer and, in case the building is gutted, the thirteen-inch wall will, in all probability be left standing in good condition, and rebuilding be greatly facilitated and cheapened. There is too much cheap building in Peterborough, and we should not encourage it in the congested quarters of the city, where, with slightly constructed buildings the spread of a fire will be greatly facilitated. In the matter of building generally, safe, sound, permanence of character should be aimed at.

Neglect Your Watch

And you'll ruin it. Eighteen months running will gather enough hardened oil and grit to wear and loosen the whole mechanism.

Our Watch Repair Department cares for watches in an expert way and guarantees satisfaction.

EDITORIAL NOTES.

Sherrring has glorified legs—his winning of the Marathon long distance race, was not the only glory he got. He had the honour of being paced during the last of the race by a prince royal, Prince George of Greece—his home stretch was Greeced for the occasion.

It has been decided that Canadians cannot use their own ammunition at the Bisley meet. Then they will have to use their heads. Do the Bisley authorities think that Canadian ammunition is so superior that its use by Canadian marksmen will operate to handicap their competitors?

Sir Mackenzie Bowell has been presented with a hall clock. Now, if it had been an alarm clock, one would have understood its aptness as a present to a member of a body popularly regarded as in a condition of chronic somnolence. Sir Richard with his speech was the alarm clock which aroused the Senate and made it "sit-up."

Cobalt seems determined to keep itself in the lime light. There is reason to believe that the recent dynamite explosion, was only a gigantic and flamboyant advertisement, sensational bull movement to advance the value of silver stock, by focussing the public eye upon the wonderful resources of this argentiferous oasis in the north Ontario desert. Cobalt only shows the silver side of the shield.

We are hearing a good deal these days about compulsory voting, but, presuming a law for this purpose can be enforced, is it desirable to make the effort? There are many men who value their franchise who can best salve their consciences with respect to certain candidates or certain issues by not voting at all, and it is doubtful, says the Brantford Expositor, if anything would be gained by compelling them to do so.

At the Provincial Conservative convention, held prior to the general elections of 1905, there was, the Brantford Expositor points out, a distinct pledge to require the labelling of convict-made goods as such. During the last session two Central Prison contracts were put through. One deals with the manufacture of woodenware, and contains no stipulation as to the labelling of the product, thus leaving the contractors to do as they please. The other provides for the manufacture of binder-twine and cordage, and clause 16 reads as follows:—

The inspector agrees that there shall not be placed on any of the cordage or binder twine or wrapping for the same any stamp, mark or other indication that such cordage or twine was manufactured by prison labour.

In the above we have a distinct and positive violation of a solemn contract, for which neither explanation nor apology has yet been offered.

North Monaghan Willing To Come

Nearly All of Them Will Agree to Council's Proposition.

The question of bringing in the people residing between the Cox property and the city boundary was discussed at last night's meeting of the Fire, Water and Light Committee. Mayor Best suggested that the Brinton Carpet Company should deal with the township of North Monaghan instead of with the city. The Company wanted the fire protection and the Mayor's suggestion was that the two hydrants of the four needed which would be in North Monaghan should be paid for by that municipality. The Company also wanted the privilege of connecting with the city sewer and the Aldermen saw no reason to object to them doing so.

Ald. Elliott said that 11 of the 12 residents in the section affected were willing to accept the terms offered at a joint meeting held some time ago.

IS A BREECH OF THE HEALTH ACT

On Saturday morning some citizens who have neglected to have their privy vaults cleaned before May 15th, will line-up before the judicial bench to answer for a breach of the Health Act. Others who are slow in this respect are warned by the chief that prosecution will follow.

Violent Headaches.

"I was troubled for a long time with headaches, which would would come on with such violence that I could not eat or do my work. Headache powders and quick cures did me no good. Eight months ago I took six boxes of Dr. Chase's Nerve Food, and I have not been troubled with a headache since." — Mr. O. Barber, Simcoe, Ont.

Barbarous Old-Fashioned Customs

Dressing Wounds With Boiling Oil—Contast Between Past and Present—The Wonderful Advance of Science.

Few people have any real idea of the great advance in the healing art from the pain-saving standpoint.

It is not many generations ago that surgeons used to arrest bleeding by searing a wound with the red-hot end of an instrument like a large soldering iron, and almost as recently the tourniquet was inflicting indescribable torture on those about to face the further terrors of amputation.

Pitiful, indeed, must have been the sufferings of wounded soldiers before the days of Ambrose Pare, the great French surgeon, who saw the brutality of dressing wounds with boiling oil, and was the first to substitute the more humane idea of a mild emollient application.

Just as Dr. Pare's emollient was a huge advance upon the crude methods of the French hospitals, so to-day Zam-Buk, the new healing balm, is an equal advance upon all other methods. In Zam-Buk has been discovered Nature-s ideal balm for procuring new healthy skin, and dispelling pain and disease. In recent years ointments, salves and embrocations have always had to face the objection either that they were too coarse to enter the pores of the skin, or that their ingredients, when sufficiently refined to be absorbed, were to harsh and irritating for general home use. The advent of Zam-Buk overcomes both difficulties.

When you consider that the skin contains hundreds of thousands of pores, every one of them leading to the blood vessels underneath, you must at once see how injurious and dangerous it must be to rub into the skin ointments containing rancid animal fats and mineral substances — many of which are poisonous. You need use such no longer, for now in Zam-Buk you have a balm or ointment composed of purely herbal essences; a balm so refined and purified that even the delicate skins of babies can absorb it and benefit by it; a balm which, unlike the ointments of the past, owes no part of its composition to either the animal or mineral world; a balm which, viewed in every way is a natural herbal balm. Zam-Buk is nothing more nor less than a combination of healing herbal juices and essences, prepared in handy, useful and concentrated form. It is suitable for use in the nursery as well as in the kitchen. It is efficacious for cuts, scratches, bruises, burns, scalds, sprains and stiffness, insect stings, bad legs, piles, inflamed patches, scalp irritation, sore breasts, barber's itch, eczema, ulcers, and other itching, irritated and diseased conditions of skin. When the skin is not sore or broken, rub it in to rub out the pain of neuralgia, tic, sciatica, lumbago and rheumatism. Inhaling the odours of Zam-Bub will cure a cold in the head. An ordinary box may be had from any druggist for 50 cents, or post-paid on receipt of price from the Zam-Buk Company, Colborne street, Toronto.

The proprietors of this preparation have decided to send out free sample boxes to all our readers, and particulars of the offer will be found in the next column.

Medical men and nurses everywhere recognize the unique excellence of Zam-Buk, and it may be fairly claimed for it that it is the healer which nature has intended man to use ever since she bequeathed to him the instinct to rub a place that hurts.

A NURSE AS WITNESS.

Sister Hannah's Story.

Some remarkable evidence has been given by a professional nurse throwing an interesting sidelight on the resourcefulness of the members of the noble calling.

For thirty years Sister Hannah of 2 Bell View, Marsh Green, Edenbridge, Kent, has obtained a wide experience in nursing, training at St. Thomas Hospital, London, England, and latterly devoting herself to the care of private cases.

Recently she took charge of the case of an aged lady, and what threatened to prove a serious complication, appeared one day in the shape of an obstinate sore. It was about the size of a sixpence, and is supposed to have been caused by a simple scratch from the rough edge of an enameled utensil.

The sequel is so remarkable that it had better be given in Sister Hannah's own words:

"The scratch most likely had poisoned the tissue. The sore varied in appearance and size from day to day, and I feared it might turn into eczema. This lasted three of four weeks, but in as many days your Zam-Buk cured it completely. What I did was to wash the parts, then apply Zam-Buk. I am pretty sure had I not used your balm I should have had a nasty ulcerating sore, very difficult to get rid of. My patient is nearly 78, and there is not much vitality to build up broken-down tissue, etc. I may add that, after constant work in the profession, for over 30 years, and holding responsible posts in hospitals, etc., training at St. Thomas' Hospital, London, I have had a fair amount of experience, and I think Zam-Buk is an ideal balm. I shall always keep some close at hand in my nursing work."

GIRL'S STRANGE EXPERIENCE

Miss Elizabeth Wood, of 3 Topefield street, Bolton, has detailed a strange yet instructive experience. She says:

"I am a mill card tender. I showed signs of eczema in my youngest days. Directly I had been vaccinated, it broke out on my face, neck, and arms, and my head was literally covered with sores. My parents had an awful time with me. The sores 'mattered' and spread, until I was completely disfigured.

"We were terribly upset," interposed her father, who was present. "We called in several doctors, but in vain, for the blotches remained, and my child in her agony, would scratch, scratch, scratch. We were told that the disease would take a turn when she was seven years old, but no change came. We were then told that we would have to wait till she was fourteen. We began to look upon the case as hopeless. In all, we tried at least nine doctors, and wasted a small fortune."

"As I grew up," resumed Miss Wood. "I suffered more intensely. On my bad days I was positively ashamed of my appearance, and very frequently I had to stay away from my work. Blotched on the face and neck, and my hair coming out in handfuls, I could not mix even with my friends.

"Doctors were useless in my case, and we had to look out for some other source of relief. Nine months ago we obtained a free sample of Zam-Buk, and almost from the first there were signs that Zam-Buk was something more than a mere ointment or salve. Day after day I dressed my sores, and was soon pleasantly surprised to notice how less troublesome they grew. My head has now been cleared of the sores completely, and I have more hair than ever I could boast. As you see, my face is also clear. Everywhere my skin is as healthy as it ought to be. I am happier than ever I have been. I can attend my work regularly, and I can go about as an ordinary mortal, instead of keeping apart from the rest of womankind."

GOODS GIVEN AWAY

The good business man knows that if his commodity has merit it is sound policy to let the public test it free of cost. One of the most successful firms to practice this straightforward method of introducing their goods to the public is the Zam-Buk Co., of Toronto, London, Eng., Cape Town, Sydney, Calcutta, etc. They send out thousands of dainty sample boxes of Zam-Buk every day because they know its merits must be patent to every tester. Readers may obtain one of these dainty boxes. See coupon below.

CUT THIS OUT

This Coupon with One Cent entitles you to a dainty Free Box of Zam-Buk. Send to the Zam-Buk Co., Colborne St., Toronto

OMEMEE HAS A REAL SOUTHERN STATES CYCLONE

Omemee was visited by a real cyclone a few days ago, and while it lasted things were made pretty lively in the village. The path of the storm was about 66 feet wide and in that area it pretty nearly levelled everything in its path. The water in the mill pond spouted 24 feet high, and the fences were blown to the four winds of heaven. A number of houses were damaged, and barns unroofed, but fortunately no one was injured.

Make Time

TO COME TO THE
Remnant Sale
—OF—
WALL PAPER

NOW GOING ON AT THE
Peterboro' Bookstore

Our Sales of Wall Paper this season have been very large so much so that many ends of Patterns and Remnants of Borders have accumulated on our hands. These must not be allowed to hamper our stock, therefore, a Double Quick Riddance is ordered.

To Clear, Prices of all Ends and Remnants, go at About ⅓

Enough Wall Paper and Border for a pretty room requiring 6 to 10 rolls, for **35c**

Enough Wall Paper and Border for a pretty room requiring 6 to 10 rolls, for **45c**

Enough Wall Paper and Border for a pretty room requiring 6 to 10 rolls for **60c**

Enough Wall Paper and Border for a pretty room requiring 6 to 10 rolls for **75c**

Measure the size of your rooms and state the number of doors and windows in each room, then come here early in the morning, the best time to pick these snaps.

Mrs. R. Secret Loses Her Son

Died in Vancouver, B.C., From Contraction of Muscles of the Throat.

Mrs. R. J. McWilliamss, of Park street, received a letter on Monday, from her sister, Mrs. Robert Secret, in Vancouver, B.C., telling of the sudden death of the latter's only son, Elgin, a boy nine years of age. Particulars given were very meagre, the letter which was written on May 14, simply stating that death was due to a contraction of the muscles of the throat, and was very sudden. Mr. and Mrs. Secret have lived in Vancouver for eight years, going to that city from Peterborough, where they are both well known. Mrs. Secret is a daughter of Mrs. S. Nelson, Charlotte street, and before her marriage resided in Lakefield, where she was brought up. She will have the sincere sympathy of her many friends, both here and in Lakefield, as well as in other parts of the county, in her bereavement.

To Jubilee Point To-morrow.

An enjoyable time is anticipated by all who are going on the Salvation Army excursion to Jubilee Point on May 24th, per steamer Water Lily, leaving Wolfe street wharf at 8.30 a.m. Returning, steamer will leave Jubilee at 4.30 p.m. A special trip on Rice Lake at 2 o'clock. A good band in attendance. Tickets for the round trip 40c; children 25c.

Miss McCabe's Pupils, assisted by the Mendelssohn Club, will hold a "Musicale" in the T.A.S. Hall, on Tuesday Evening, May 29th. Watch for Programme. 120-4d

Set Free Only To Be Arrested

C. P. R. Agent $120,000 Short in Accounts, Arrested on Serious Charge.

New York, May 22.—Charles F. Wenham, charged with the Canadian Pacific Railway Company with a shortage of $120,000 in his accounts as Western Passenger Agent, was set free by the Federal authorities yesterday, only to be arrested again in a few minutes. This time he was charged with having induced Clay R. Lawrence to attempt a forgery. He was sent to the Tombs by Magistrate Wahle for a hearing to-morrow.

Detectives with a warrant from Chicago for Wenham were also on hand. If he goes free on the new charge he will be arrested on this warrant.

Bowling-on-the-Green To-morrow

Part of the Grounds Will Be in Shape.

The Lawn Bowling season will open in the City to-morrow. The South part of the grounds at the corner of Block and Aylmer will be rolled and put in shape so that any of the Bowlers who remain in the city for the holiday may have an opportunity to have a game.

The grounds have this year been greatly improved by fresh sodding and are now in a first-class condition and present a very attractive appearance. There is no doubt that there will be a large membership this year as the club is in a most satisfactory condition.

MUSIC AND DRAMA

LONDON GAIETY GIRLS.

The Ottawa Journal says the following of the "London Gaiety Girls" production which appears here on Friday night next:—

Nettie Grant's New London Gaiety Girls opened a three night and matinee stand at the Grand Opera House last night to a bumper house, and that the show pleased the patrons is several times short of the mark. From the rising of the curtain on the "Way Out West" burlesque to the going down thereof, on Mixing Things up, there were laughs, long, hearty and too numerous to enumerate. Pat White the author of the book and lyrics, took a leading part all through, and furnished the most of the fun. Burt Vedmar also rendered valiant service in the fun-making.

The Gaiety Girls appeared at short intervals in songs and dances, eliciting repeated encores, as much for their music as for their looks.

The Regiment Trooped The Colours Last Night

Short March-out Held in Forepart of the Evening—Both Bands Supplied the Military Music—Battalion Mustered 340 Strong—No. 4 Company Formed Escort in Trooping the Colours.

The martial tread of the 57th Regiment, 340 strong was heard for the second time this year on Peterborough streets last night. The boys in red and blue looked the picture of military men and many were the expressions of appreciation of the quality of the marching of the different companies. Both bands were in attendance and their martial strains lent a vim which otherwise would have been noticeably lacking.

The order of parade was somewhat different from and shorter than on the occasion of the first march-out of the season. However the line of march was totally walled in by an interested crowd which only the soldier boys can collect. The regiment left the drill hall shortly after mustering at eight o'clock and marched down George to Charlotte street and back to the drill hall via Water, Hunter and George streets.

On reaching Central Park the regiment went through the complex manoeuvre of trooping the colours. This was admirably done by the different companies, No. 4, under command of Captain Hounsell, being given the honour of the escort marching to the colour. The remainder of the battalion formed the guard. Last night was the first occasion on which trooping the colours was attempted, the present season, yet it was accomplished with a precision and military swing which pleased the hundreds of spectators present as well as the officers in charge.

No orders were given out last night on account of the absence of Captain Walker, Adjt.

The following was the strength of the different companies:—

PETERBOROUGH CITIZENS WILL GO A-VISITING

The G.T.R. station at noon to-day had the busy appearance that is characteristic of Saturdays during the summer months when the season at Stony Lake is at its height. Many Peterborough citizens took advantage of the opportunity to spend the holiday at the lake and to inspect their cottages. As a result the two coaches of the Lakefield train were crowded with holiday-makers. Standing room was at a premium, the aisles were crowded and passengers had to stand on the platforms.

Among those noticed at the station were Mr. D. W. Dumble and Mr. Fred Dumble, who went up to "Bally Raggit" for a few days.

Mr. and Mrs. W. H. Meldrum and Miss Mollie and Mr. Harold Meldrum will be at their island, "Cairndhu," for the holiday.

Mr. and Mrs. R. F. McWilliams, Mr. Miller and Miss Annie Weir went up to "Tecumseh Lodge."

Mr. and Mrs. B. Shortly will be at their cottage, Boschink, for the holiday.

Mr. E. H. D. Hall went up to his cottage to-day and will return on Friday.

Mr. R. J. Winah with Mr. Rupert McClellan as his guest, will spend the holiday at "Yarrow Brae."

Mr. and Mrs. John Nugent went up to their cottage on Little Otter Island to-day.

Messrs. J. D. Collins and Mr. T. E. Bradburn, M.P.P., were among the contingent to the lakes.

Sheriff Hall will spend the day at his cottage.

Mr. H. P. Lindsay will be at his cottage on Eagle Mount to-morrow.

Mr. Atwood of the Novel-Tie Company, will spend Victoria Day at Stony Lake.

Mr. A. L. Davis was among the number to go up on the noon train to-day.

Mr. W. G. Ferguson will be at Syndicate Island, returning on Friday.

Mr. J. Donnel went up for the purpose of inspecting "Kilkenny," and putting that resort in shape for the season.

Mr. Felix Brownscombe and family will be at his cottage for the holiday.

Mr. J. Haggart left to-day to spend Victoria Day at the lakes.

Mr. Harry Stonk went up to Stony Lake to-day.

Mr. Norman Darling will be at Stony Lake for the holiday.

Mrs. T. Barrie and son went up to Stony Lake on the noon train to-day.

Mr. and Mrs. R. Shelton and family were among the number who left to-day for the Kawartha Lakes.

Mr. Sutherland, of Toronto, went up to inspect his cottage on Eagle Mount to-day.

Mr. C. Furry will spend the holiday in Norwood.

Mr. Geo. C. Burnham, of Toronto, is in the city.

Mr. John Shannon will spend the holiday in Toronto.

Mr. J. H. Hillbouse will spend the holiday at the lakes.

Carl Holmes, of Toronto, was in Peterborough to-day.

Mr. T. H. Glover will go up the lakes for the holiday.

Mr. J. M. Gemmell will spend the holiday at Stony Lake.

Mr. T. J. Wallace will spend to-morrow at Stony Lake.

Mr. Norman Graham will go to Norwood for the holiday.

Mr. Harry Ashe will spend the holiday at his home in Markham.

Messrs. W. J. Maber and Robt. A. Elliott were in the city to-day.

Mr. Alf. Smith will go up to Stony Lake to-morrow for the holiday.

Mr. E. S. Clarry will spend the holiday at his home in Millbrook.

Mrs. R. A. Sutcliffe, of 463 Stewart street, returned from Millbrook to-day.

Mr. Ernest Brownscombe of the Ontario Bank, went up the lakes to-day.

Messrs. Fred Haskill and Jack Lightfoot will spend the 24th in Norwood.

Mr. B. Fee will go to Norwood to-morrow to see the big celebration there.

Mr. D. Teeney of the Bank of Toronto staff, will spend the holiday in Omemee.

Mr. J. B. Johnston, of Victoria Road, was in the city yesterday on business.

Mr. Gilmour, of the Bank of Montreal staff, will spend the holiday at Chemong.

Mr. Harry Mann will go to Norwood to-night and will remain over the holiday.

Mr. William Cahill, of the Bank of Toronto staff, will go to Toronto for the holiday.

Mr. and Mrs. J. D. Douglas, of Warkworth, were registered at the Oriental to-day.

Mrs. John Jayes leaves in the morning for Toronto to visit her son for a few days.

Mr. R. A. Dutton leaves in the morning for Toronto, where he will spend the holiday.

Miss Clara Belleghem left this morning for Toronto, where she will spend the holiday.

Mrs. Fred Merritt will receive on Friday at her residence over the Bank of Montreal.

Mr. Hughes-Charles went to Toronto this evening where he remains over to-morrow.

Miss Brownscombe, of Uxbridge, who has been visiting in the city, returned home to-day.

Mr. T. Black of the local branch of the Bank of Toronto, will spend to-morrow in Norwood.

Mr. R. Norman Jolliffe will take part in a concert to be given in Bowmanville to-morrow night.

Messrs. B. M. Green and Charles Barber of the Ontario Bank staff, will spend the holiday in Toronto.

Mr. Chas. Haddy of the Ontario Bank staff, went to Bowmanville to-day and will remain over the holiday.

Mr. George Stackwall, Peterborough, of the London Life, transacted business in town to-day. — Lindsay Post.

Mr. N. J. H. Brown of the Bank of Montreal staff, left to-day for his home in Lindsay to spend the holidays.

Mr. Kenneth McCallum, of the Bank of Ottawa, is spending the holiday with his parents at Colborne.

Miss Alma Pillsworth, of Belleville, will spend to-morrow with her friend Miss Nellie Hudson, of Rubidge street.

Mrs. C. T. Lane of Pittsburg, formerly of Peterborough, is visiting her son, Mr. A. F. Lane, 327 Simcoe street.

Mr. H. Laidlaw of the Bank of Toronto staff, went to Toronto this afternoon, where he will remain over to-morrow.

Mrs. R. A. Sutcliffe, 463 Stewart street, who has been the guest of Mr. P. G. and the Misses Kells, Millbrook, for the past few days, returned to the city to-day.

Mrs. S. H. Mitchell and Mrs. D. Oliver left this morning for Barrie, Ontario, to attend the Supreme Grand Lodge, Daughters of England, in session on 24th and 25th inst.

Mrs. S. H. Mitchell, Secretary of Daughters of England Society, left to-day for Barrie to attend the Grand Lodge, which is being held there on 24th and 25th inst.

Mr. Edward Warren, of the Bank of Montreal, son of Ven. Archdeacon Warren of Lakefield, resumed his duties at the bank yesterday, after an absence of eight weeks occasioned by an attack of scarlet fever.

Mr. Sam Williams, the veteran proprietory medicine hustler is in town to-day placing the new Australian remedy, Zam-Buk, so largely advertised in the press of Ontario. If the success of this preparation depends on the effectiveness of advertising and placing it before the public, the Zam-Buk people have it in good hands, as few travellers have a better record than Mr. Williams.

School Children's Eyes

Many So-Called Dull Scholar is so because of some Defect of the Eyes.

Parents should watch for symptoms of defective eyesight and have an examination made at once, if suspected.

Commencing next week, TUESDAY, MAY 22nd, we will devote ONE HOUR a day, from 4 to 5 p.m., two days a week—TUESDAYS and FRIDAYS for the FREE EXAMINATION of School Children's Eyes. All we ask is either a note from the Parent or Teacher be given the child or that the Parent accompany them.

Of course an examination will be made at any time, if Parents accompany Children at their request.

Large Auto Bus For Chemong Park

Buffalo Agent Has Been Inspecting the Route and Will Report.

Mr. E. B. Olmstead, of Buffalo, representing the Auto-Car Co. of that city, who has been in Peterborough for the past few days, left for home yesterday. Mr. Olmstead was here for the purpose of inspecting the Chemong road and ascertain what horse power, etc., would be needed for an auto-bus to climb the Smith Town hills. It is expected that Mr. Olmstead will send in his report in a few days and the car will be then ordered at once. The auto-bus will carry twenty-two passengers, with baggage. The improvement in the transportation facilities to Chemong will be much appreciated by the many people who spend the summer there.

DIED.

WHITE.—In Peterborough, on Tuesday, May 22nd, 1906, Mary Josephine Simons, wife of Mr. Elrick H. White, aged 43 years.

Funeral will take place from the family residence, No. 303 Rubidge street, on Thursday afternoon, May 24th, at 3 o'clock.

Outfitters to Gentlemen and Their Sons

Why everybody likes Abbey's Salt.

It is so pleasant to the taste that even children take it with pleasure.

It does not "cake" or flake on top of the water.

It effervesces slowly—may be drunk leisurely, without choking or blinding the user like seidlitz powders.

The granules all dissolve—thus the full benefit of the salt is obtained with every dose.

It is the ideal laxative and tonic to purify the blood—regulate stomach, liver, kidneys and bowels—and build up the system.

25c. and 60c. a bottle.

St. John's Vestry Extension At Once

Plans Accepted, Building Committee Appointed, with Instructions to Proceed at Once With the Work.

A special vestry meeting was held in St. John's school house last night to consider the plans procured by the special committee for the enlargement of the vestry. The plans submitted were approved, and the building committee was appointed and instructed to proceed with the construction of the extension as rapidly as possible: Messrs. K. Eardley-Wilmot, David Wallace and Dr. Halliday.

The plans of the new structure have been prepared by Mr. J. E. Belcher, C. E., and provide for the extension of the present vestry to a point 22 feet eastward. The entrance will be from the south by a hall, seven feet wide and 22 feet in length, giving access to clergyman's vestry room, 9 x 19 feet, and the remainder of the space will be a robing room for the male members of the choir. From this hall an oak stairway leads to the second story, which will be a robing room for the lady members of the choir exclusively. This floor will contain ample vestry room, and is provided with a wardrobe for vestments, and toilet rooms. The construction will be made in a style in conformity with the architecture of the church. The ceilings will be finished with pitch pine beams, resting upon stone corbels, done in the natural colours, similar to the ceiling in the nave and chancel of the church proper. The extension will furnish much needed space for church purposes. The second floor, when not in use for the intended purpose, may be used as a class room in connection with the Sunday school.

O'Brien's Cigar Store Improved

It Now Presents An Attractive Appearance.

Mr. "Bill" O'Brien's cigar store, which has been undergoing improvements during the past few weeks, now presents a very attractive appearance. A new brob floor replaced the old one and the walls have been neatly decorated with brown figured paper and the ceiling is light. Nature's colour adorns the outside of the store.

To the rear Mr. "Joe" Trantum has finished up his barber shop in a neat style and has installed a large new back mirror. Also four pretty electric light chandeliers have been placed over three of the best barbers' chairs in the city.

No Firecrackers This Holiday

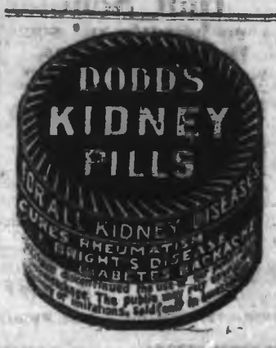
The Public Must Find Other Means of Amusement.

The Chief wishes the public to distinctly understand that no firecrackers, fireworks, torpedoes or other explosives that on the past 24ths of May have caused so much merriment and trouble may be used to mark the recognition of the holiday. This warning is issued in plenty of time and all breaking the law will be prosecuted without fear or favour. Those inclined to gunpowder celebrations will do well to think before they act as some enthusiasts may find a place behind the bars a little quiet after a noisy jubilation. The chief likes to see everyone have a good time, but as the firecrackers and other explosives have been the source of much annoyance and many accidents in the past he has decided to put a stop to the practice.

SAW SHERRING RUN EXHIBITION

Mr. J. F. Thornton, was in Toronto yesterday and saw Sherring run his mile at the Diamond Park, before the baseball game. He says that Sherring does not impress one as being a runner, his small frame and short stature apparently not lending themselves to tests of endurance.

Mr. Thornton also had what was to him the pleasure of seeing the Toronto team take a fall out of the Providence "Greys."



POST CARD CORRESPONDENCE.

In this column will be published communications upon post cards only. It will remain open for the use of readers who are invited to contribute suggestions, inquiries or replies. Anything of a scurrilous personal nature will be prohibited.

To the Editor of the Examiner:

Dear Sir,—Wanted—a firm administrator of the city's affairs.

We are suffering from a lack of responsible men in high places in this city. The action of some members of the Council regarding the fire by-law is indefensible. Not long ago a lot within the limits of the fire bounds was for sale. The owner asked what he had to do in building. Instead of trying the usual "pull" he accepted the law as it was fairly and moreover, honestly. It took $250.00 off the value of his lot simply because others pursued the double policy of pull and bluff and were allowed to infringe the provisions of the law. We have had numerous examples of this sort of thing. One man tears up a pavement, another knocks down a school, another builds and tells the council to be d—d. This is the way our affairs are managed. It will lead to anarchy for if we must do these things ourselves, I suppose we must.

CITIZEN.

Editor Post Card Column:

I would like to call the attention of the city council through the columns of your paper, to the disgraceful condition of Charlotte street creek, just below the bridge. It is piled up with old boxes, wood and other rubbish that has accumulated at this point. It seems to me a good opportunity is presented for the City Fathers to get busy with the muck rake.

CITIZEN.

Editor Post Card Column:

Dear Sir,—We spend considerable money on our streets, but a good deal of it is like buried money, benefitting nobody. Our streets are left in a very rickety condition in some respects. They let holes form and stay in the streets. I should think, and I am only a woman, that the proper way is to take a stitch in time, not leave the hole there till the street is ruined. If I treated my husband's socks that way leaving a hole undarned till the sock was hopeless, I should hear from headquarters. This morning a hole on Park street at the corner of Gilmour was a foot deep in water. I got off a street car there—where everybody lands—and had to wade through or walk through the mud till I found solid ground to cross. That hole has been there for months. Why isn't it filled up or drained? I would like to stand the city engineer on his head in that puddle till he promised to do better.

Yours truly,
GILMOUR STREET.

Editor Post Card Column:

Dear Sir,—I would like to call the attention of the authorities to the fact that ball playing and a gambling game called "Polish Bank" were carried on yesterday in two fields just across the C.P.R. bridge and near the track. A number of respectable citizens frequent that part on the hot Sunday afternoons and it is most objectionable to them to hear the loud cries of excited ball players and the uncouth and profane language of youthful blackguards, playing the game beforementioned. The "limit" I understand, is five cents and in an afternoon considerable money often changes hands. A special officer might discover a thing or two if he paid a visit to the spot some Sunday.

Yours tru'y,
MORAL REFORM.

FALLING HAIR STOPPED.

Baldness Cured by Destroying the Parasitic Germ That Caused It.

Baldness follows falling hair, falling hair follows dandruff; and dandruff is the result of a germ digging its way into the scalp to the root of the hair, where it saps the vitality of the hair. To destroy that germ is to prevent as well as cure dandruff, falling hair, and, lastly, baldness. There is only one preparation known to do that, Newbro's Herpicide, an entirely new, scientific discovery. Wherever it has been tried it has proven wonderfully successful. It can't be otherwise, because it utterly destroys the dandruff germ. "You destroy the cause you remove the effect." Sold by leading druggists. Send 10c in stamps for sample to the Herpicide Co., Detroit, Mich. Ormond & Walsh, Special Agents.

HAVE RETURNED FROM HAMILTON

Last night His Lordship Bishop O'Connor and Rev. Father McCall returned from Hamilton, where they attended and participated in the Golden Jubilee celebration of the Diocese of Hamilton. They report the gathering as one of the greatest in the history of Catholicism in the province.

SPECIAL TRAIN FROM LINDSAY

To-morrow a number of Knights of Columbus will go to Lindsay to take part in the institution of a new council of the Order there. A special train will leave that town at 1 o'clock, Friday morning on the return trip.

Patriotic.

THE Fuzzy Wuzzies are using Birmingham assegais, but it must tickle Tommy Aitkins to death to know that he isn't being tickled under the fifth rib by something made in Germany.

SUNLIGHT SOAP

$5,000 REWARD will be paid to any person who proves that Sunlight Soap contains any injurious chemicals or any form of adulteration.

is equally good with hard or soft water.

If you use Sunlight Soap in the Sunlight way (follow directions) you need not boil nor rub your clothes, and yet you will get better results than with boiling and hard rubbing in the old-fashioned way.

As Sunlight Soap contains no injurious chemicals and is perfectly pure, the most delicate fabrics and dainty silks and laces may be washed without the slightest injury.

Lever Brothers Limited, Toronto

5c. Buy it and follow directions 5c.

Your money refunded by the dealer from whom you buy Sunlight Soap if you find any cause for complaint.

TENDERS
—FOR—
DRAINAGE WORK

The Corporation of the Township of Cavan will receive sealed tenders marked "Tender for Drainage Works" and addressed to John J. Fair, Millbrook P. O., up till noon of Saturday, 26th day of May, 1906, for the construction Drainage Works, a distance of about seven miles through the Townships of Cavan and North Monaghan according to plans and specifications made by John E. Belcher, Engineer, which may be seen at the office of John J. Fair, Township Clerk, Millbrook.

Each tender must be accompanied by an accepted Cheque drawn upon any Chartered Bank in Canada, payable to the order of "The Treasurer of the Township of Cavan" for the sum of $500.00 or in lieu thereof a cash deposit of said amount which will be subject to forfeiture in the event of failure on the part of the Contractor to enter into a satisfactory written Contract when notified to do so.

The Contractor whose tender is accepted will be required to furnish a Bond for $2,000.00 satisfactory to the Township Council and the Contractor will also be required to enter into a special covenant not to unnecessarily interfere with or endanger public traffic on the township highways during the construction of the works.

The Township Council reserve the right to reject any or all tenders or to accept any bid which may appear advantageous to the Township of Cavan.

Dated at Millbrook this 24th April, 1906.

JOHN J FAIR,
Township Clerk,
Millbrook.

Latest News Of Various Sports

George St. Team Protested Monday Night's Game

On the Ground that Umpire Stacey Wrongly Applied the Rules—Decision Against Lacombe is the One Objected to by the Losers.

Although the first game in the Guild League is not yet over, a protest has already been made. The George Street team have protested Monday's game on the grounds that umpire Stacey wrongly applied the rule.

The formal protest received by the secretary of the Guild League last night is as follows:—

"The George Street team do hereby protest the decision made by umpire Stacey against Lacombe in the first innings of Monday night's game on the ground that he wrongly applied the rules.

W. J. METHERAL,
Manager.

The circumstances on which the George Street team are basing their protest are as follows:—

Lacombe, while batting for George Street, in the first innings, struck out, Pilling allowed the ball to get away from him and it went across the road at the back of the plate. Lacombe, of course, started to circle the bases. As he rounded second umpire Stacey handed the other ball to pitcher Pilling, who threw to second and Lacombe was tagged and declared out. In the meantime the ball that was in play was out of the diamond.

Good Shape For Game On 24th

The Shamrocks are Prepared for a Hard Game.

The members of both the senior and junior Shamrocks were out in full force last night and had the best workout of the season in preparation for the big game which takes place to-morrow afternoon at the Riverside Park. Sides were chosen and the boys displayed good form handling their sticks nicely and checking well. The two teams had a separate practice. The senior home played against the senior defence and both dug into the game with a dash and vim that was invigorating. The workouts this season have been marked by large turnouts and good consistent work by the players who are in good trim for the struggle with the redoubtable Young Torontos who come here heralded as an organization that is about the best the intermediate series can produce. The game will be a crackerjack and the opening of the lacrosse season in Peterborough bids fair to be graced by a full house.

After the practice a meeting of the team committee was held and the following 12 picked to represent the locals:—

Goal—Galley.
Point—Dillon.
Cover Point—Regan.
Defence—Morgan, Meagher, Mein.
Centre—Ford.
Home—Whitcroft, Judd, Best.
Outside—Glover.
Inside—Stroud.
Spare—Parnell.

Shamrocks Beat St. Paul's Guild

Exhibition Game Last Night Won by the Green and White Team.

The Shamrocks defeated St. Paul's Guild League team in an interesting three-innings game on the Murray Street Grounds last night. The score was 10-2 against the Guild. The latter showed good form and should make things interesting for the other Guild teams. They have a fast fielding team and although they did not show much strength at the bat their stick work will undoubtedly improve. Swanton was hit rather freely by the Shamrocks and in addition was inclined to be as wild as the proverbial hawk. The teams were:—

St. Pauls—Gillespie, c.; Swanston, p.; Dunsford, 1 b.; Boyd, 2 b.; Green, s. s.; Shaw, 3 b.; McDonald, l. f.; Fitzpatrick, c. f.; Simpson, r. f.

Shamrocks—Curtis, c.; Cahill, p., c. f.; Sherwood, c. f., p.; Derocher, 1 b.; Craig, 2 b.; Shea, s. s.; Treanor, 3 b.; Bruce, l. f.

Umpire—W. V. Stacey.

The TERRIBLE PANGS OF DYSPEPSIA CAN BE CURED

To be dyspeptic is to be miserable, hopeless, confused and depressed in mind, forgetful, irresolute, drowsy, languid and useless.

Constipation, headache, heartburn, sour stomach, distress after eating, belching of wind, faintness, and fullness and distention of the stomach are a few of the many distressing symptoms of the poor, weary dyspeptic.

Dyspepsia is a disease that in one way or another resembles nearly every other disease, and the only way to get rid of it is to tone up the stomach, liver, bowels and blood. This will be quickly done by the use of

BURDOCK BLOOD BITTERS

It regulates the stomach, stimulates the secretion of the saliva and gastric juice to facilitate digestion, removes acidity, purifies the blood, and tones up the entire system.

Mrs. M. A. McNeil, Brook Village, N.S., writes: "Last winter I was very thin and was fast loosing flesh owing to the run down state of my system. I suffered from dyspepsia, loss of appetite and bad blood. I tried everything I could get but to no purpose. I finally started to use Burdock Blood Bitters, and from the first day I felt the good effects of the medicine and am strong and well again. I can eat anything now without any ill after effects. It gives me great pleasure to recommend Burdock Blood Bitters, for I feel it saved my life."

Good Races At Driving Park For To-morrow

The Classes are Well Filled With Speedy and Well Matched Horses.

The races of the Peterborough Turf Club to-morrow should draw a large crowd. The entries for the .28 class close to-night and up to the present time there have been five horses entered. This event will be a close one. All the horses are in good trim and are stepping surprisingly fast. The colt race also promises to be a hotly contested event and the horses in this event are said by the knowing ones to be exceedingly fast for green ones. The races will be run best three out of five. Following are the entries:—

Colt Race—Laura Mac, Godfrey's unnamed, Chas. Fife's unnamed, Wm. Elmhirst's unnamed, and Kelleher's unnamed.

.28 Class.—Miss Paisley, Little Jap, Little Girl, W. Leith's horse (Campbellford).

The track is in fine shape and the sport will be keen. The gates open at one o'clock and the races commence at two o'clock, sharp. Street cars will be run right to the grounds.

George St. Will Play St. Paul's

An Interesting Exhibition Game Will be Victoria Day Morning Attraction.

St. Paul's and George Street Guilds, will play an exhibition game at the Murray Street grounds to-morrow morning at 9.30. It should be an interesting exhibition and there will doubtless be a big crowd of fans out. The following George Street team are asked to be on hand early in uniform:—W. Parnell, Peddler, F. Parnell, MacClarry, Craig, Kendry, W. Weatherston, McMillan, Curtis, Lacombe, P. Weatherston.

BOWMANVILLE MAY YET ENTER

The Port Hope Guide says:—The Sherbourne street team of Toronto, will play an exhibition game in Bowmanville on Thursday. Hickey will pitch for Bowmanville and if the management can make arrangements with him to remain for the season, Bowmanville will be represented in the Midland League.

BASEBALL

A journal in Montreal and one in Toronto have taken to writing up accounts of baseball matches in burlesque style. Very good idea, too, considering the standing of the teams in each city.

• • • •

The Greyhounds and Elms will cross bats at the Murray Street grounds to-morrow morning at 9 o'clock. The following will be the Greyhounds line-up:—Pitcher, C. Lech; catcher, B. Billington; 1st, V. Corkery; 2nd, H. Desautel; 3rd, R. Hawking; short stop, N. Gall; right field, J. Guerin; left field, G. Russell; centre field, W. Stewart.

• • • •

Rattray, the Peterborough catcher, will do the receiving for the Havelock Trent Valley League. The T. V. L. will furnish some good ball this season.—Lindsay Post.

• • • •

A full turnout of the members of St. Paul's Baseball Team is asked for to-morrow morning at 9 o'clock when they will play the George Street Guild Team at the Central Park grounds.

• • • •

With Sherring as Mascot, Toronto doubled the score on Providence 6-3. Perhaps it would be well for Toronto to pay him a salary to stay with them all the time.

MISCELLANEOUS.

Word has been received from Belleville that the sporting element is lashed into a furore of excitement by the organization of a croquet club in the city of peace and quietness. It is the first time Belleville has a summer "sporting" organization for many years.

SATURDAY MARKET TRIPS

On and after Saturday, May 12th, and until further notice the newly remodelled steamer Water Lily will leave Harwood every SATURDAY morning at 6.30 calling at Gore's Landing, Jubilee and river points, arriving in Peterborough at 10 o'clock. Returning will leave Wolfe street, Peterborough, at 5.30 p. m., and street car wharf foot of George street at 6.00 p. m.

Return Tickets 75 cents; single fare, 50 cents; Saturday Market Ticket good for ten round trips, $5.00.

The steamer is open for day or evening excursion charters up to 18th June.

For particulars apply to Capt. W. H. White, 110 Simcoe street, Peterborough, or to W. Bunton, G. T. R., Uptown Ticket Office.

THE DAYLIGHT STORE

A Woman in the Case

A woman was at the bottom of it. She said to her husband, "Why don't you go to LANG & MAHER'S and see what kind of Clothes they have anyway, instead of paying such high prices to have them made?"

The man came, doubting at every step. Said he didn't think we could fit him, but just wanted to look around for curiosity. We persuaded him to try on a Coat, and, of course, easily convinced him that his ideas of Ready-to-Wear Clothes were all wrong.

There are not only different sizes, but different cuts —for the stout man, the slender man, the tall man, the short man—so that it is now the exception, rather than the rule, not to be fitted in our Ready-to-Wear Clothes.

Beautiful Suits from $12.00 to $18.00

Quality costs us more, but it holds our trade, and nothing but merit keeps us busy.

River Is Teeming With Finny Tribe

Fishery Overseer Says That the Fishing Will be Splendid.

Fishery Overseer Dave Johnston this morning said that the fishing in the Otonabee waters this year should be the finest it has been for many seasons. He states that he has never seen so many fish in the river as at the present time. Bunge are plentiful and the water is fairly teeming with bass. This will be welcome news to the anglers, and June 15 cannot come too soon in their estimation.

DEATH SEEMED NEAR

Three Doctors Baffled But Dr. Williams' Pink Pills Came to the Rescue.

Just a few months ago the home of Mr. James Beers, of Emerson, N. B., was filled with sorrow. It seemed that death would claim the life of their bright little girl. To-day this gloom is changed to joy. The little one is no longer ill, but is now bright, active and happy. Dr. Williams Pink Pills brought this change after three doctors had failed. Concerning this illness and cure Mrs. Beers says:—"At the age of six my little girl became very ill. At different times for the next year and a half three doctors treated her without benefit. She was terribly run down and her blood was nothing but water. Then dropsy set in. She would swell so that her clothes were much too small for her. Her legs and feet were nearly twice their natural size. To make her torture worse rheumatism set it. Her state was pitiable. Sometimes we thought she could not live much longer and for three months she could not walk a step. To touch her was to cause her the greatest agony. The doctors were baffled—they could do nothing for her and as a last resort we began the use of Dr. Williams Pink Pills. She took the pills several weeks when we saw there was a slight improvement. The improvement gradually became more marked and by the time she had taken twenty-one boxes her cure was complete. It is now nine months since she took the pills and she is now as well as she ever was and goes to school every day. I cannot speak too highly in favour of Dr. Williams' Pink Pills for I feel they saved my little girl's life."

Watery blood is the cause of over half the sickness which prevails today. To have health, strength and happiness you must have rich, red blood. Dr. Williams' Pink Pills make this rich, red blood that is why they cure anaemia, indigestion, loss of appetite, rheumatism, neuralgia, nervous troubles, heart palpitation and all the ailments peculiar to growing girls and women. Sold by dealers in medicine or by mail at 50c. a box or six boxes for $2.50 from The Dr. Williams' Medicine Company, Brockville, Ont.

$40 Reward For Stolen Horse

Gravenhurst Man Loses Small Dark Bay Mare.

Chief Rowell has received a communication from the Gravenhurst Chief of Police in which is offered a reward of $40 for the recovery of a small dark bay mare stolen from that place on the night of May 16th. The mare stands about 15 hands high, fore hair cut short, has clipped feet, good long tail. When stolen she had on an old set of harness and large collar, and was hitched to an old buggy, with hood, and red gear recently painted.

Nervous and Worried.

Mr. Archibald Sutherland, Principal South Bar School, Sydney, N.S., writes, "I was greatly troubled with nervous dyspepsia, and after meals I often felt like vomiting, and my stomach was sore. I was nervous and worried, frequently had headaches and shortness of breath. When several doctors failed I decided to try Dr. Chase's Nerve Food, and it has entirely cured me. I shall be glad to be the means of bringing this medicine to the notice of any one who is suffering as I did."

New Street Lighting System To Be Installed

Peterborough Light & Power Co. Ask Approval of the Council—Will Give a Thoroughly Up-to-date Service—Three Lamps are Being Tested.

At last night's meeting of the Fire, Water and Light Committee, Mr. J. H. Larmonth, manager of the Peterborough Light and Power Company, waited upon the committee to ask for the approval of the council on the new system of lighting, which the company proposed to install in Peterborough. Mr. Larmonth was called upon to explain the position. He said that the idea was to change the entire system of street lighting. They proposed installing an up-to-date, alternating enclosed arc street lighting system. It meant an outlay of from $8,000 to $10,000. The company was testing three different styles of lamp. The speaker had spent a good deal of time in inspecting different lighting systems. They did not want to close the deal before getting the approval of the council. He asked the council to appoint a committee. The light produced by the new system, would be more evenly distributed, and would be operated by the same power as at present. The price would be the same.

Ald. Adams suggested that if the expert who had been asked to inspect the wire system should be asked to inspect the lamps. If he did not come within a short time the matter might be referred to the city engineer.

The Fire, Water and Light Committee will, in a short time, witness a test of the three different lamps the company are inspecting. They are made by the Canadian General Electric Company, the Westinghouse Company and the Allis-Chalmers-Bullock Company, of Montreal.

VERY INTERESTING DOUBLE WEDDING

An interesting event took place this afternoon at the residence of Mr. Henry Manley, 175 Edinburgh street, when, at three o'clock, in the presence of about fifty guests, a pretty double wedding was performed. His two daughters, Jessie Elizabeth and Eva Maud, were the brides, and the grooms were respectively Mr. George Lee, of Lindsay, and Mr. Thomas Bullied, son of Mr. Josiah Bullied, of Peterborough.

The ceremony was performed by Rev. F. J. Scott, of the Murray street Baptist church, in the parlour, which was very prettily decorated with smilax, palms and carnations.

The brides were dressed alike in cream voille, trimmed with all-over lace and insertion, and carried white roses. Two little ring-bearers, Miss Grace Cox, of Peterborough, and Miss Stella Lee, of Lindsay, sister of one of the grooms, looked pretty in cream silk.

After the ceremony was performed the usual wedding breakfast was served in the dining room, and in the evening a reception will be tendered the brides at the residence of Mr. and Mrs. Bullied, 200 Antrim street. To-morrow Mr. and Mrs. Lee and Mr. and Mrs. Bullied, will leave on the 5.30 G.T.R. train for Lindsay, where a reception will be held at the residence of Mr. and Mrs. John Lee, parents of one of the grooms.

Mrs. Lee's going-away gown is of blue lady's cloth, with hat to match, while Mrs. Bullied will wear green lady's cloth, also with hat to match. Mr. and Mrs. Lee will reside at 42 Elgin street, Lindsay, and Mr. and Mrs. Bullied at 175 Antrim street, this city.

Among the guests from out of town were Mr. Mark Manley, Precious Corners; Miss Alice Lee, of Niagara Falls; Mrs. Harrison and Miss Evelyn Harrison, Toronto; Mr. George Jones, Toronto; Mr. and Mrs. John Lee, Lindsay; Mr. and Mrs. Jack McCarthy and son, Toronto.

The presents, which were of a more than usually valuable character, included a handsome oak rocker, from the members of No. 2 section of H. Company, 57th Regiment, of which Mr. Bullied is a member.

Extend Hunter St. To The Lift Lock

Committee Decided to Have a By-Law Prepared Covering the Extension.

A meeting of the sub-committee appointed to deal with the extension of Hunter street to the lift lock was held at the conclusion of the meeting of the Fire, Water and Light Committee last night. It was decided on motion of Ald. Ball, seconded by Ald. Elliott to have the City Solicitor prepare a bylaw in connection with the extension to be presented for the approval of the executors of the Armour estate. Mayor Best pointed out that only $4,000 of the appropriation for the opening up of streets remained and asked where the money was to come from. He said that the extension would be of advantage principally to tourists, and would be of no benefit to the citizens.

Rifle Team Will Shoot To-morrow

Curtis Ranges Will be Open to Them for the Day.

To-morrow afternoon the league rifle team of the 57th Battalion will practice at the Curtis Rifle Ranges. Although the new targets have not been placed in position yet, temporary ones will be erected for the shooting to-morrow.

Arrangements have not yet been completed with regard to securing the Curtis Ranges for the season, but Colonel Miller is communicating with the military authorities and it is quite probable that an agreement will be reached shortly by which the Rangers will shoot at the Curtis butts this summer.

Many Women have Kidney Trouble

and don't know it. They attribute their ill-health to weakness." Dragging pains in the hips, backache, nervousness, tiredness, headaches—are more often caused by sick kidneys. If your kidneys are not well, the other delicate organs are disturbed and inflamed, bringing on the horrors of female weakness and the serious troubles often attending pregnancy.

Bu-Ju

THE GENTLE KIDNEY PILL

cures these cases of "Female Weakness" because they cure the Kidneys. They promptly restore the Kidneys to health, allay inflammation, take away the pains, and make the delicate organs well and strong.

How Peterborough Enjoyed Its Day Of Rest Yesterday

One of the Most Pleasantly Spent Holidays in the City's History—Street Railway Carried Record Crowds to the Parks—Steam Railways and Steamers Took Many to Other Parts for the Day—Stony Lake Was the the Favourite—Attractions in the City Well Patronized

Yesterday was a holiday in Peterborough.

It was easy to tell that without having it announced from the newspaper bulletin boards.

And the weather was fine, too—for a holiday.

It is years since a Victoria Day has been favoured with holiday weather like that of yesterday, and the citizens appreciated it to the full.

There was, of course, the usual holiday exodus to Toronto, Lindsay, Port Hope and, last, but by no means least, to the Lakes. There was, also the usual influx of visitors, and while there was no attempt at a demonstration a good many persons from the surrounding country came to the city to spend the holiday. Some of them had a pretty good time, too.

The railways report that while they have not had time yet to total up the holiday business, from their observations they believe that the volume of traffic this year exceeded that of 1905. In respect to the business to Stony Lake this year, it is reported that it was much larger than last year, a great many persons taking advantage of the fine day to visit their cottages at the lake and at the same time enjoy a day's outing.

The only excursion out of the city that run by the Salvation Army Band, was well patronized, the steamer Water Lily carrying her full complement of passengers.

The lacrosse game and races each drew a good sized crowd, and they got the worth of their money in both cases.

For the Street Railway, the holiday was a harvest. No Victoria Day business in the past approached anywhere near the volume of yesterday's traffic. From early morning to late at night the cars were crowded, and it is reported that 5,000 fares were taken, which is a big increase over the number on Victoria Day 1905.

The railways, steamers and street cars, however, were not the only means of locomotion employed yesterday, however. The liveries did a big business, and it was almost impossible to hire a horse and buggy unless an advance order had been placed for it.

Boating, too, was a very popular form of diversion yesterday. The Otonabee boat livery at the foot of the street railway reported that all the canoes and skiffs were engaged on Monday for the holiday, and a very large number of young people spent the greater part of the day on the water.

The golf grounds, too, were the scene of activity, yesterday, the largest crowd of the season spending the day there, golf and tennis being played. In the afternoon the usual tea was held, and a most delightful day was enjoyed.

A good many of the younger male portion of the city indulged in baseball yesterday, and many juvenile games were played, affording intense amusement both for the players and the spectators.

Although the day was one which was thoroughly enjoyed by the citizens of Peterborough, and no serious accidents are recorded to mar the pleasure of the participants in the day's festivities.

County Teachers Hold Convention

West Peterborough Association Meeting in This City.

This morning the annual convention of the West Peterborough Teachers' Association, opened in the Y.M.C.A. Hall. In the absence of Mr. John Davidson, of Norwood, the president, Mr. P. T. Pilkie, vice-president, occupied the chair. As Mr. Pilkie's name appeared on the programme on "Study of Insects, with Specimens," he asked to be relieved from presiding.

Moved by Mr. S. A. Smithson, seconded by Inspector Brown, that Inspector Lees take the chair.

Mr. Lees made some general remarks as to the officers of the executive, and asked that body to meet at 1.30 p.m., to consider some matters important to the convention. He then called upon Mr. S. A. Smithson to read the report of the O.E.A. In the absence of Miss Campbell of Havelock, Mr. Smithson responded for both delegates.

Mr. P. T. Pilkie's paper on "The Study of Insects," was very interesting. Mr. Pilkie illustrated his paper with specimens. All kinds of matter was changeful and sub-divided into various orders of insects. After dealing with the orders in general the various sub-orders and families were dealt with. The life history of the different orders was given. He concluded by direction on gathering insects.

This afternoon the special feature was an address on nature study by W. H. Elliott, B.A., of the Normal School, Toronto, and to-night he will give an Illustrated lecture on Japan.

It is intended, weather permitting, to have a field day to-morrow morning. This excursion will be to some suitable place in the vicinity of Peterborough, and will be under the direction of Mr. J. E. Hodgson, B.A., Science Master of the Peterborough Collegiate Institute, accompanied by Mr. Elliott and others interested in Nature Study.

Will Peterborough Lose This Industry?

Heater and Radiator Works Offered Inducements to Go to Hastings—Ald. Mason Says Decision Has Not Yet Been Reached on the Matter.

The Hastings Star of this week has the following:

"Last week some of our citizens got wise that a company in Peterborough recently organized, wished to commence operations, and were desirous of securing a good site on which to build and open their industry. The promoters were invited to come to Hastings, and on Wednesday Messrs. Mason and Davidson arrived on the afternoon express. They were met by Reeve Learmonth, Councillors Chapman, Murray, Hass, Messrs. A. U. Bailey, A. Wilson and Dr. Coughlan. The afternoon was spent in inspecting sites and waterpowers, after which a meeting was held, when the visitors made a proposition for the council to consider.

"If they locate here the company would like to secure three acres of land on the south side of the river, about half way between the two bridges, which is convenient to both the railway and the canal. The company will manufacture radiators, boilers and plumbers' supplies, and at the start will employ 25 skilled mechanics. If the council will give them what they ask the buildings will be erected at once.

"A special meeting of the council was held on Thursday evening for the purpose of discussing the proposition. All the members spoke favourably of it but they declined to entertain at all the price asked by Mr. H. M. Fowlds for the site, viz., $1000 for three acres. The clerk is communicating with the company to endeavour to persuade them to choose some other location in town."

Ald. Mason, who is referred to in the above article stated to The Examiner that while they had gone to Hastings for the purpose of ascertaining what advantages that town could offer in the way of a location for the works, it had not been decided to locate there. It had been reported to the company that buildings could be secured in that town which would be immediately available, and since the company was desirous of getting the works as soon as possible, it was thought that it might be to the advantage of the company to go to Hastings.

The way the matter stands at present the company has not yet decided where the industry will locate.

Hastings Trunk Mystery Solved

But the Outcome Is Life Instead of Death.

Examiner Special.

Hastings, May 23.—The village cronies are rolling a sweet morsel of gossip under their tongues over a sensation which happened recently a short distance south of the village. A lady, on rising the other morning, failed to find preparations for breakfast on foot. She called the servant girl, whose room was upstairs, who replied that she was too ill to come down. The mistress went up to see about her illness. She found the girl in bed and unable to rise, though there had been no indication the day before that she was not in her ordinary health. She was not surprised, however, at the illness, but she had a genuine surprise when she heard the muffled wail of an infant, but could not see it anywhere. The lady brought her husband, and the cry of the child was traced to a trunk, which was found locked. After some diplomacy the key was got from the girl, who owned the trunk, and the astonished pair saw a newborn babe cradled in the trunk. A doctor was at once summoned, and both mother and child are doing well. It was thus that the unfortunate girl was saved from the crime of infanticide.

Merry Trip To Jubilee Point

Gay Party of Young People Go There on the "Tootsy."

The following account of one of the many jolly outings yesterday has been handed the Examiner for publication:

Yesterday morning a party of about twenty young people left the C.P.R. wharf on board the yacht Tootsy, Captain and Engineer, Mr. Ab. Allen, and Navigator Billy Allen, bound for Jubilee Point. They arrived at Jubilee a little after 11 o'clock, having made the trip in a little less than 1 1-2 hours. After dinner with Mine Host Jack Gilman, the party went on board again, and after sailing down the lake landed at Gore's Landing, where the afternoon was spent. It was here that Mr. Duncan Campbell, the bard of the party, and the leader of the minstrels, indulged in four glasses of new buttermilk, much to his sorrow later on. They also visited the fine Rice Lake House, and had some music in the parlour.

Then the party returned to Jubilee and had supper, and a few minutes after six embarked for the return trip with Mr. Johnston Paudash on board. After a very pleasant sail, they arrived at the street car wharf about 9.30, tired, but happy.

In the merry party were the Misses Patterson, Sawyer, Nesbitt, Henry, Woods, Howell, Mann and Lee; and Messrs. Barney Fortune, G. Grisell, P. Mowry, D. Drake, G. Buchanan, Duncan Campbell, G. Armstrong, W. Denoon, J. Staunton and W. Fitzgerald.

Mrs. George Browning made a very efficient chaperone and the party wish to thank her.

Crushed To Death While Uncoupling Engine

Tragic Fate of Wm. Corlett, Brother-in-Law of Mr. A. E. Walker, City—Accident Occurred at Blackwater Junction—He Had Been in Canada About a Year.

Mr. A. E. Walker, Aylmer street, yesterday received the sad tidings that his brother-in-law, Wm. Corlett, of Lindsay, had been killed at Blackwater Junction. Mr. Walker left at once to make arrangements for the funeral, which will take place at Lindsay. A despatch says:—

Toronto, May 25.—Wm. Corbett, a brakeman on the Grand Trunk, was killed yesterday morning at Blackwater Junction.

While uncoupling the engine from the baggage car he was jammed between them, and it was over two minutes before he was released. Then he dropped dead on the track.

The train that Corlett was braking on was a special to Lindsay, which left Toronto at 7.50 a. m. At Blackwater Junction it was necessary to make some change to the train, to which were attached two engines. When Corlett uncoupled the engine the two engines moved forward a couple of yards. Instead of going on, as he expected, they backed, while he was fixing the air brake. He was caught in the chest and the middle of the back, and so tightly was he wedged between the car and the engine that blood rushed in a stream out of his mouth and nose.

Corlett was an Englishman out from the old country about a year. He was about 28 years of age, and was only married about three weeks ago. His home was in Lindsay, where the body was taken for burial.

The "Eko" Camp Club Buys A New Yacht

An Important Addition to the Sailing Craft of the Otonabee and Stony Lake Waters—New Yacht a Swift Sailor—Members Brought Her Down Yesterday.

Eko Camp Club is an exceedingly versatile organisation. The members are equally at home in hockey and baseball, fishing and billiards, but yesterday they added to their other accomplishments, that of sailing, when under the command of Commodore Wallace they successfully navigated with their new yacht, "Eko," the waters from Stony Lake to No. 5 dam, opening navigation from Lakefield to the latter point.

The "Eko" is, in the words of the commodore, "the trimmest little craft that ever put her nose into the waters." She was purchased by the club from Mr. S. Henderson, and is a twenty-five foot hull, in the pink of condition, being practically new. Her catalogue price was $750, but her purchasers paid somewhat less than that. She makes a speed of about nine miles an hour with ease, and every convenience and comfort are provided, including a canopy top.

Yesterday the following members of the club went to the lake to bring the yacht as far as No. 5 dam, where she was tied up and brought the rest of the distance by wagon today: Commodore Wallace, and Messrs M. Comstock, T. H. Glover, H. Waram, J. M. Gemmell, W. G. Cochrane, L. B. Ramsden, W. Hillhouse, W. C. Askerman and R. H. Bradburn.

She made the trip from Young's Point to Lakefield in 45 minutes, which is an indication that her recorded speed qualities are not overestimated.

The boat will be kept here and will be used for periodical trips down the river and to the lakes, and there is no doubt that the members of the club will extract considerable pleasure from its use.

Her indicated horse power is six, so that it will be seen that she is a pretty powerful craft.

Lindsay Council Knights Columbus

Was Initiated Last Night With Befitting Ceremonies.

A council of the Knights of Columbus was instituted with befitting ceremonies at Lindsay last night. The new council starts under most favourable auspices, and with a large membership. Knights and candidates were present from Peterborough, Kingston and Toronto, and the initiations were put on in good style. A large number of Peterborough Knights took part and report a most enjoyable time. The hall was beautifully decorated by Messrs. J. J. Turner and Sons.

This Warm Weather Suggests Hammocks.

—You can save 25c to 75c on every Hammock bought at Stratton's. We have just received a line of travellers' samples of hammocks, ranging in price from 65c to $3.50, all marked to save you money. You will save 25c to our $1.25 Hammocks and 50c on our $2.50 Hammocks. See them! A. H. Stratton & Co., 417 George street.

Auto Drivers Exceed Limit

A Citizen Wants Police to Arrest Offenders.

A prominent local gentleman called on the Examiner to-day to protest against what he considers reckless automobiling on the city's streets. He stated that shortly after 12 o'clock when the streets were crowded with school children on their way home to dinner, an auto driven by a stranger passed down George street, at a speed certainly not less than 15 miles an hour, and he thought nearer 20.

His opinion was that the police should arrest, for furious driving, persons who disregard the law to such an extent as to run an automobile at 15 miles an hour on the city's main street.

Also two lots west of Brin Property in front of Mount St. Joseph.

These lots will be sold at a bargain as estate is being wound up. Particulars may be obtained by applying to E. M. Glover, Examiner office.

WORKING WOMEN

Their Hard Struggle Made Easier—Interesting Statements by a Young Lady in Quebec and One in Beauport, Que

All women work; some in their homes, some in church, and some in the whirl of society. And in stores, mills and shops tens of thousands are on the never-ceasing treadmill, earning their daily bread.

All are subject to the same physical laws; all suffer alike from the same physical disturbance, and the nature of their duties in many cases, quickly drifts them into the horrors of all kinds of female complaints, tumors, ulceration, falling and displacements or perhaps irregularity or suppression, causing backache, nervousness, irritability and lassitude.

They especially require an invigorating, sustaining medicine which will strengthen the female organism and enable them to bear easily the fatigues of the day, to sleep well at night, and to rise refreshed and cheerful.

How distressing to see a woman struggling to earn a livelihood or perform her household duties when her back and head are aching, she is so tired she can hardly drag about or stand up, and every movement causes pain, the origin of which is due to some derangement of the female organism.

Mlle. Alma Robitaille, of 78 rue St. François, Quebec, Que., tells women how to avoid such suffering; she writes:

Dear Mrs. Pinkham:—

"Overwork and long hours at the office together with a neglected cold, brought on a very serious female trouble until finally I was unable to go to work. I then thought of a friend who had taken Lydia E. Pinkham's Vegetable Compound when her health was in the same condition that mine was, and straightway sent out for a bottle. I finished that and took two more before I really began to improve, but after that my recovery was very rapid, and I was soon well and able to go back to work again. I certainly think your medicine for sick women worthy of praise, and am indeed glad to indorse it."

Miss Clara Beaubier of Beauport, Quebec, writes:

Dear Mrs. Pinkham:—

"For several years I have suffered with female trouble which has been a serious drain on my vitality, sapping my strength and causing severe headaches, bearing-down pains and a general worn-out feeling, until I really had no desire to live. I tried many medicines but did not get permanent relief until I took Lydia E. Pinkham's Vegetable Compound. In two months I was very much better and stronger, and in four months I was well, no more disagreeable discharge, no more pain. So I have every reason to praise the Vegetable Compound and I consider it without equal for the ills of women.

Lydia E. Pinkham's Vegetable Compound is the unfailing cure for all these troubles. It strengthens the proper muscles, and displacement with all its horrors will no more crush you.

Backache, dizziness, fainting, bearing-down pains, disordered stomach, moodiness, dislike of friends and society—all symptoms of the one cause—will be quickly dispelled, and it will make you strong and well.

You can tell the story of your sufferings to a woman, and receive helpful advice free of cost. Address Mrs. Pinkham, Lynn, Mass. The present Mrs. Pinkham is the daughter-in-law of Lydia E. Pinkham and for twenty-five years she has, under her direction and since her decease, been advising sick women free of charge.

Lydia E. Pinkham's Vegetable Compound Succeeds Where Others Fail.

Omemee Winners Of Their Group In Midland League

Defeated Fenelon Falls Football Team by Four Goals to None—A Big Day in Sports—Lindsay Won Baseball Game—Interesting Acquatic Sports.

Omemee, May 25.—Victoria Day here was one of the biggest days the village has seen for a long time. Hundreds of people from the countryside dropped into town for the sports which were pronounced the best in the history of Omemee, the village among the hills.

The sports were held in the park, situated a short distance east of the village and consisted of football, baseball, running and jumping. In the evening a number of aquatic contests were held in the mill pond and these proved to be one of the best drawing cards of the day.

The celebration was in charge of the Omemee Football Club, which reported the largest gathering ever present there to watch a game and the financial issue greatly exceeded their highest hopes.

Football Match.

Fenelon Falls was represented by their football team and a sudden death game with the locals for the championship of Group 6 in the Junior series of the Midland League was the first number on the programme. The game resulted in a decisive victory for Omemee by 4 goals to none. For the first twenty minutes the play was fast and interesting but the intense heat prevented this to continue. The home team put up a gilt-edged game throughout and certainly won on their merits. They have a bunch of players which bid fair for the Junior Championship and the team that wrests the victory them will be a good one. MacPherson, the stalwart right outside wing man, was hard to stop and his shooting on goal from right field was quite perplexing to the Fenelon defence. He scored three of the four winning goals, two of them passing between the stakes off his skull. Sherin on the left wing, is a speedy player and as a corner kicker it would be difficult to surpass. The other forwards, Nugent, Bent and Jardin, did some pretty stunts down the field and were instrumental in some of the scoring.

The backs and halves played a cool, steady game whenever called upon and kept continually punting the leath r into the visitors' territory.

For Fenelon Falls, the backs were the chief props of the team. Main, of 1905 Quaker fame, and who was instrumental in reviving the association game at the Falls, was easily the pick of both teams, especially of the defence. His punting was never erratic and he saved his team many a time from having a much higher score piled up against them. His colleague, Dunnigan, a former Norwood player, was a close second, and his playing was often puzzling to the Omemee besiegers. The half-backs and forwards were just being broken into the game for the first time, and were also much lighter than their opponents. Considering this, they put up a fair game, and made many an attack on the home team's goal, but with little effect.

The match was free from all rough play, and the referee, other than to watch a few offsides and fouls, had little to do in the way of penalising players.

The following was the line up:

Omemee — Goal, Mitchell; backs, Brown, Curtis; halves, McQuade, Graham, Howden; forwards, MacPherson, Nugent, Bent, (Capt.,) Jardin, Sherin.

Fenelon Falls — Goal, Kleat; backs, Main (Capt.,) Dunnigan; halves, Ellis, Clarke, Fiske; forwards, Taylor, Minore, McKillen, Barrie, McDougall.

Referee—B. Huston, Peterborough.

Baseball Game.

At the conclusion of the football game the diamond was utilized by a Lindsay nine and the home team. Baseball has been on the decline in Omemee during the past few years, but nevertheless with little practice they held the Lindsayites down pretty well and were only defeated by four runs. The score was 16 to 12 in favour of the visitors.

The teams were as follows:

Omemee — Catcher Cook, p Jardin and Mitchell, 1b Beatty, 2b MacPherson, 3b McCullough, ss Jardin and Mitchell, cf Nugent, rf Hart, lf Shields.

Lindsay — C Thompson, p Curry, 1b E Hopkins, 2b C Hopkins, 3b McRae, ss O'Neill, cf Brady, rf Best, lf McCanrus, umpire, E. Roland.

Other Contests.

The following were the results of other athletic sports:

500 yards dash — J. Ross, F. Reeds.

Hop, step and jump — D. O'Brien, F. Nugent.

Long jump — J. Ross, D. O'Brien.

High jump — W. R. Reeds, D. O'Brien.

Putting the shot — D. O'Brien, W. R. Reeds.

The Aquatic Sports.

Single Canoe — Percy Parsons, I. Tooke.

Double canoe — P. Parsons and I. Tooke, W. Jardin and W. Cook.

Bow race — Percy Parsons, W. Jardin.

Upset race — C. Clarke, McCullough.

THE EASY OIL.

Scott's Emulsion is "the easy oil"—easy to take, easy in action. Its use insures deliverance from the griping and nauseating sensation peculiar to the raw oil. Nobody who has any regard for their stomach thinks of taking cod liver oil in the old way when Scott's Emulsion is to be had. It is equally certain that no one having a regard for their health will accept a cheap emulsion or alcoholic substitute for Scott's Emulsion. It fulfills every mission of cod liver oil and more.

SCOTT & BOWNE, Toronto, Ont.

POLICE COURT.

His Worship Police Magistrate Dumble was not in the city to-day, and in his absence City Clerk Armstrong meted out justice from the Magistrate's chair this morning at the police court. There were only two cases up for trial.

Hugh Gibbs was the sole offender in the line of being drunk and disorderly, a most common holiday offence as a rule; and even he said he was "a little drunk, but not disorderly." The holiday was very quiet from the police's standpoint, and there was nothing doing for the blue coats all day, with the exception of the case mentioned, P. C. Rutherford acting as escort for Mr. Gibbs, the latter not being in a condition to pilot his own course with safetly last night. Gibbs was taxed the amount of $2, and was allowed ten days to pay it in.

Edward Martin spent the holiday very quietly. He was arrested in Norwood by C.P.R. Detective Wright the day before yesterday and was brought to Peterborough.

Martin protested that he was not trespassing but was looking for the work car when he was nabbed by Wright.

"I never was arrested before," he said,, and asked to be allowed to depart in peace.

"You are remanded until to-morrow," said City Clerk Armstrong.

Detective Wright is expected to be on hand then to give evidence.

Thos. Jackson, of 9 Bolivar street, did not appear in Police Court Wednesday when charged with being the owner of an untagged dog, but his wife was there for him, so it was just the same thing.

"The tax collector hasn't been around" was the cheerful excuse she offered.

His Worship filled the roll of tax collector most acceptably from the city's standpoint, but probably not from that of the accused.

"You have to pay $3.05" said the magistrate, "besides the cost of the tag. People will learn after awhile" he added, "to pay their taxes".

It is understood there are a number of other dogs on Bolivar street for which the aluminum license has not yet been procured and the police intend to make a general clean up. Five or six informations have been laid this morning and after a while those who keep dogs without getting tags for them at the proper time, will rightly be regarded as being unnecessarily extravagant.

Auditor's Report Shows a Balance

Revised Figures of Grace Church Sunday School for 1905.

ALD. HICKS IN LUCK, SAYS POST

The Lindsay Post yesterday said: We have no desire to excite a spirit of envy in the heart of Alderman Rea, chairman of our Board of Works, but we have grave fears that such will be the result of announcing that Peterborough Board of Works appropriation this spring amounts to the princely sum of $16,700, yet the chairman is grumbling. He wants $2,000 for concrete crossings, and may not be able to get it. Lindsay's chairman will have to scratch along on about $3,000.

OTONABEE MAN WANTED BATH

On Monday a resident of Otonabee was in Hastings and while here imbibed a quantity of red squirrel whisky. About nine o'clock that night while crossing the bridge he took a notion for a bath and was only hindered from doing so by a passerby. When interfered with he was getting over the railing of the bridge directly below the slide.—Star.

A Suggestion

No woman can afford to ignore her shoes unless she hands in her resignation to polite society.

A Ladies' Shoe should be light in weight and flexible to the foot, to enable her to walk in an easy, graceful manner. This is one of the special charms that has made **The Empress Shoe** the most popular in Canada.

But come in and see the actual shoes. Above styles from **$2.00 to $3.50.**

R. McWhinnie

Special Agent, 884 George St

THE EVENING PAPER The News MOST PEOPLE READ

What Do You Know of Ontario

Where are you trying to do business? Do you know all about Ontario?

Ontario has over one-third the total population of Canada—pays over 50% of the money paid in the Dominion to wage earners and over 51% of the salaries. Has over 51% of the working capital of the Dominion invested in Manufacturing.

Don't you think it's worth advertising to your neighbors. The "News" covers the whole Province—goes into 2,475 Post Offices daily. The rate is Flat 5 cents per inch.

This advertisement would cost $2.50 per day in The News

Big 3 SHOE POLISH

IN PATENTED SAFETY BOX

Makes polishing your own shoes a pleasure.

No chance to smear your fingers with the paste.

Gives a high, lasting polish, with very little rubbing.

It is black, not blue.

PETERBOROUGH BRANCH
H. MARSLEY-WILMOT, MANAGER

THE NEWS OF CITY AND THE DISTRICT

WEATHER—Mostly Fair, with Scattered Thunderstorms. Saturday—More Thunderstorms.

Hardwood Floors.

—House, office and store fittings. Clothes reels, etc. 'Phone 465. E. Courtney.

Piano Tuning.

—Piano tuning promptly attended to. Satisfaction guaranteed. A. F. Hoover, 222 McDonnel street. 'Phone 199.

Finance Committee.

—A meeting of the Finance Committee of the City Council will be held to-night in the City Clerk's office.

Cole Bros. Advertisers.

—Advertising car No. 1, of Cole Bros' Circus and a large staff of advertising officials and men are in the city to-day.

Carried Uuanimously.

WHETHER or not the young ladies will use the forthcoming automobile bus line to Chemong, they are unanimous in thinking that the young men auto bus anyway.

Matinee on Monday.

The school children will be pleased to hear there is a matinee on Monday afternoon at 4.30 o'clock at which the moving pictures of the San Francisco earthquake and fire will be shown for their benefit.

Chosen Friends.

—The regular meeting of the Chosen Friends will be held in the S.O.E. Hall to-night at 8 o'clock. All the members are asked to be present and take part in the debate.

Lecture on Japan.

—In connection with the Teachers Convention an illustrated lecture on Japan will be given in the Y.M.C.A. Hall this evening at 8 o'clock, by Vice-Principal Elliott, of Toronto Normal School. All are invited.

Leave It All to Warne Bros.

If you are thinking of selecting a wedding gift, perfect satisfaction is assured if you make your selection at Warne's new jewellery store. Best value obtainable in silver plate, cut glass, clocks, watches, etc.

Nature's Study Books.

—Helps to a better understanding of birds, flowers, trees and wild life. The public is invited to examine our stock of these interesting books. Visitors to the Teachers' Convention are welcome to look through our book shelves and make themselves at home in our bookstore. A. H. Stratton & Co.

"My Valet" Does the Work.

—Our way of cleaning, pressing, and repairing of gentlemen's clothing keeps our citizens well-dressed at a small outlay all the year round. Send to 384 1-2 George street, or call up 575 and our messenger will call.

No Ball at Keene.

—The ball to have been given last night in Keene by the Keene Improvement Society did not materialize, owing to the fact that the weather was oppressingly hot, and the general opinion was that the dancing would lose much of its pleasure, if not all of it, owing to the intense closeness of the atmosphere.

Few Comic Cards.

—A merchant stated to the Examiner to-day that the sale of picture post cards continued as brisk as ever. The sale of illustrated cards with views of the city and of different scenes and people, etc., was increasing all the time. The funny cards, however, are not being bought much, the craze for the comic seeming to be rapidly on the wane.

Took Suddenly Ill.

—Mr. Thomas Miller of Warsaw, a student at the Norwood high school, wheeled to Hastings on Wednesday evening of last week to see the baseball game. On his arrival there he took ssick and has since been laid up at the Clarendon House with pneumonia, but is now gradually recovering. Mrs. Miller, his mother, is attending him.—Hastings Star.

Thursday Half-Holiday.

—There will be a half-holiday in Orillia every Thursday during July and August, the petition circulated to that effect having been almost unanimously signed. The half-holiday movement is a good one, and the merchants will not be the losers of one dollars worth of business by it. When the experiment was tried here three years ago it was eminently successful, and it is understood that one or two who stood out then have consented to close their places of business this year.—Orillia Times.

Methodist District Conference Was Held In Milibrook

Large Attendance and Much Business Transacted—Laymen and Committees Were Chosen—Next Annual Meeting at Mark Street.

The annual district meeting of Peterborough district of the Bay of Quinte Conference was held in Millbrook last Tuesday and Wednesday, and the attendance was large and enthusiastic. The ministerial session was held on Tuesday afternoon, when the characters of the ministers of the district were considered and all were found blameless. The two standing officers were Rev. W. J. Jolliffe, chairman, and Rev. J. G. Lewis, financial secretary. Two probationers, J. E. Robeson and C. S. Reddick, passed through the usual examinations and were pronounced most satisfactory and will be continued on trial. Mr. Robeson has been stationed in Cavan South, and Mr. Reddick has been attending college. The latter was recommended for ordination at the coming conference, which begins at Port Perry on June 6 next. There was no evening ministerial session, Rev. Dr. Crothers giving an able and interesting address instead on the Moulding Factors of National Life." These were mentioned as the home, the school, the press and the pulpit.

Rev. Geo. Nicholl was elected secretary at this meeting, and was next day elected district secretary at the district meeting. C. S. Reddick was chosen as statistical secretary, and Rev. N. D. Drew, of Pontypool, assistant statistical secretary.

The reports of the different circuits were carefully reviewed, and almost without exception showed progress, the increase in church membership and missionary afferings being especially noticeable.

Rev. Dr. Crotbers was appointed chairman to succeed Rev. W. J. Jolliffe, who has been transferred to the London Conference.

The next annual district meeting will be held at Mark street, Peterborough.

Following were the laymen chosen and the committees appointed:

Laymen—B. Shortly, R. J. Kidd, W. D. Sargeant, W. H. Staples, Peterborough; R. W. Walsh, Millbrook; Peter Dawson, Baillieboro; John Hull Lakefield; W. N. Leinster, Bridgenorth; Jacob White, Warsaw; T. B. Graham, H. Preston, Bethany; Stephen Harrison, Hall's Bridge.

Chairmen—Rev. Dr. Crothers.

Representative on Standing Committee—Rev. G. R. Clare, alternate, Rev. J. G. Lewis.

Sunday School Committee — Rev. W. E. Sexsmith, Mr. R. W. Clarke.

Epworth League—Rev. J. G. Lewis, Mr. W. H. Staples.

Contingent Fund—Rev. J. E. Robeson, Mr. J. Hall.

Sustentation Fund—Rev. Dr. Marvin, Mr. R. Walsh.

Temperance and Moral Reform — Rev. Dr. R. Clare, Mr. F. R. Graham.

Memorials—Rev. Geo. Nickle, Mr. H. Preston.

Sabbath Observance—Rev. T. W. Leggott, Mr. S. Harrison.

Church Property—Rev. M. E. Sexsmith, Mr. R. J. Kidd.

State of the Work—Rev. G. Nickle, Mr. P. Dawson.

Nominating Committee—Rev. Dr. Crothers, Mr. B. Shortly.

Rev. H. Mothade, of Bridgenorth, was, unfortunately, unable to be present, owing to illness.

Active Liver, Good Digestion

AND THERE IS NO MORE PROMPT AND CERTAIN MEANS OF KEEPING THE LIVER RIGHT THAN

DR. CHASE'S KIDNEY-LIVER PILLS

In calling your attention to Dr. Chase's Kidney-Liver Pills it is only necessary to point to their success in the past, for they are known in nearly every home.

By means of their direct and specific action on the liver—causing a healthful flow of bile—they regulate and enliven the action of the bowels and ensure good digestion in the intestines. At the same time they stimulate the kidneys in their work of filtering poisons from the blood.

This cleansing process set in action by Dr. Chase's Kidney-Liver Pills, means a thorough cure for biliousness, intestinal indigestion, torpid liver, kidney derangements and constipation.

It means a restoration of health, strength and comfort where there has been pain, weakness and suffering. It means a removal of the conditions which lead to backache, rheumatism, lumbago, Bright's Disease, appendicitis, and diabetes.

Mrs. Thomas Covert, Highland Grove, Peterborough county, Ont., writes: "I was a sufferer for years with stomach trouble and headaches and spent a good many dollars in medicine without receiving any benefit. Hearing Dr. Chase's Kidney-Liver Pills highly recommended I determined to give them a trial and did so with the most satisfactory results, as I was very greatly benefitted, and do not hesitate to recommend this treatment as the best obtainable for such ailments."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto.

The New Young's Point Saw Mill

It Will Begin Operations Next Week.

The new saw mill which is being erected at Young's Point, is nearing completion. The proprietors Messrs. A. Dunn and E. Young expect that it will be in running trim towards the beginning of next week. They have purchased a quantity of timber from Messrs. W. Young and Jas. Reid, which will be manufactured at once. They have also on hand plenty of custom material to keep the mill in operation the greater part of the summer. The new mill is modern in every respect and quite in harmony with that progressive little village.

In The Interests Of Public Library

"Great Events of Famous Historians" Added to the Burden of the Shelves.

The directors of the Peterborough Public Library, being desirous of cultivating a taste for a higher class of books, and especially for works on the subject of history—a subject which is the foundation of all knowledge—have just purchased the "Great Events by Famous Historians," compiled under the direction of some of the most distinguished scholars of Europe and America.

This history, made up of selections tions from the masterpieces of all ages, and thus introducing its readers to the greatest historians from Herodotus down, forms, at the same time, a narrative as connected and continuous as if it were the production of one master mind.

While the chief advantage from the reading of these volumes will always be a connected view of all the most important events in the development of the human family, with their causes, and their influence on their own and subsequent times, the directors would respectfully call the attention of the reading public to the index volume for a knowledge of the different uses to which the work may be put.

The directors intend to use every effort, consistent with their limited resources, to increase the usefulness of the library, and trust that the public will show their appreciation, if not by liberal contributions, at least by the purchase of membership tickets, and especially by making themselves acquainted with the best books.

GEORGE WASHINGTON'S QUE.

It Hid a Luxuriant Suit of Straight and Very Dark Hair.

The Father of his Country concealed a luxuriant suit of hair beneath his queue wig. Many now wish the old fashion were in vogue, to conceal their hair or baldness. Yet no one need have thin hair nor be bald, if he cures the dandruff that causes both. Dandruff can not be cured by securing the scalp, because it is a germ disease and the germ has to be killed. Newbro's Herpicide kills the dandruff germ—no other hair preparation will. "Destroy the cause you remove the effect." There's no cure for dandruff but to kill the germ. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Ormond & Walsh, Special Agents.

POST CARD CORRESPONDENCE.

In this column will be published communications upon post cards only. It will remain open for the use of readers, who are invited to contribute suggestions, inquiries or replies. Anything of a scurrilous personal nature will be prohibited.

Editor Post Card Column:

Dear Sir,—I am greatly surprised that the 57th Band had not loyalty enough to give a patriotic concert on Victoria Park on Victoria Day. This date may not be included in the time during which the band is to give concerts, but seeing that the band got $100 extra grant this year they might have strained a point and given an extra concert on a day like yesterday. Thousands would have enjoyed it.

Yours, etc.,
TROMBONE.

Note.—Trombone's remarks may be justified, but it is not, perhaps, the fault of the Band that there was no concert last night. There are no lights placed in service in the park yet and without them a concert is impossible. By the way, the authorities want to get a presto movement on. The first band concert is announced for Friday night, June 1, and there are no lights in place.

FRIDAY, MAY 25, 1906.

THE GROWING TIME GROWS.

Hon. Mr. Fielding, Canadian Minister of Finance, is an optimist. If he is not one constitutionally, he is an optimist under compulsion. He can't help being sanguine and hopeful. He has occupied the position of Minister of Finance for ten years consecutively, a longer time than any other single individual in the history of the country. On Tuesday last, Mr. Fielding made his tenth budget speech, and was able to present one of the most favourable financial statements ever presented to the Canadian House of Commons. Every time of the ten times, Hon. Mr. Fielding has made a budget speech, he has had a pleasant and prosperous story to tell, and every succeeding statement he has presented has been an improvement upon the preceding. It is, therefore, not surprising that Mr. Fielding is optimistic, and predicts another year of the phenomenal prosperity that the country has enjoyed since the Liberals came into power in 1896. Every year since he assumed office, except 1896-7, a year for which his predecessor was responsible, Mr. Fielding has had a surplus to announce, the yearly surpluses having reached the enormous aggregate of $63,300,165. The surplus this year reached $7,863,089, which seems small compared with the banner surplus of $15,000,000 in 1903-4; but it is larger than the average yearly surplus of the ten-year period, which has been $7,144,462. Next year Mr. Fielding estimates that the surplus would be $12,500,000. While there has been a tremendous increase in revenue, there has also been a large increase in the expenditure, representing services which promoted the wonderful prosperity the country has enjoyed. The increase in expenditure, however, has not kept pace with the increase in revenue, which the prosperity of the people, the activity of trade, and general development have produced. While the expenditure has increased 89 per cent. in the past ten years, the total trade of the country has increased 109 per cent., the peoples' deposits in chartered banks — the measure of popular prosperity — have increased 114 per cent. With the increased expenditure, there has not been a corresponding increase in the public debt. The Government has only issued one loan in nine years—in 1897—and at a rate of 2.86 per cent. The total reduction in the public debt amounted to $11,709,000, leaving the net increase of debt in nine years of $7,720,732. The comparatively trifling increase of the national indebtedness, co-operating with the large increase in population, makes the rate of debt per head much less than it was in 1895. In that year the net debt per head was $50.07. In 1905, based on a population of 5,6.6,960, the net debt per head was $47.39. Mr. Fielding believes that the population of Canada is now six millions, so that the rate debt per head is much less than in 1895, and vastly less than it was ten years ago. And the population is still increasing, and every day at a more rapid rate. During the nine months ending April 30th, 117,585 immigrants had arrived in Canada, as against 93,309 in the same period last year, a pleasing feature of which is that the increase is most marked in the Anglo-Saxon element — from Great Britain and the United States. All this is very gratifying and Mr. Fielding predicts that the splendid results that have followed the application of the Liberal policy, will continue. The prosperity we are enjoying, and have enjoyed, may not be altogether due to the Government, but there is no doubt that with its rational fiscal policy, modified from that of the Conservative regime, so as to be helpful, and not a handicap, a benefit and not a burden, it has had much to do with creating a commercial and industrial activity, which have produced a tremendous increase of revenue, under a considerable decrease in the rate of duty. The Liberal Government may not be faultless, but there can be no two opinions that it has so managed the affairs of the Dominion as to contribute to the most remarkable period of prosperity the country has ever experienced; the prestige of Canada has been greatly enlarged; our resources and capabilities for providing homes have been widely made known, and we are, in every way, on the highway to a most important rating among the nations of the world. Ten years ago one transcontinental railway served the country well; now there are four in sight, and the indications are that so great has been our growth, so great will our growth continue to be, that in less than ten years four transcontinental railways will each find as much traffic as one did ten years ago.

Experts Visit Serpent Mound

Expedition From Department of Education to Mound — Inspected Rice Lake Serpent Mound.

Yesterday a party of officials from the Education Department, Toronto, were in the city en route for the celebrated Serpent Mound on Rice Lake, near Keene. The party consisted of Mr. A. H. U. Colquhoun, Deputy Minister of Education; Mr. David Boyle, Provincial Archaeologist and Curator of the Museum, Mr. G. A. Reid and Mr. W. H. C. Phillips.

The object of the visit, apart from the abstract archaeological interest naturally aroused by such a prehistoric monument as the Serpent Mound, is to get first hand information to place before the Government to induce the latter to take steps to preserve intact or thoroughly explore the mound. It has been the mecca of visitors for a long time, and it has been the practice to dig aimlessly for relics, not in the interests of archaeological science, but merely to carry away as mere articles of curiosity. If the mound were acquired by the Government, it could be protected and preserved, or intelligent and systematic exploration carried on. Mr. Boyle, who is an ardent enthusiast, always dreaming of "graves, worms and epitaphs," has long contended for Government purchase and assumption of the great and most interesting Serpent Mound, and though there is no official warrant for the statement, it is a ten to one shot that Mr. Boyle himself suggested and organized the expedition of yesterday to the celebrated Serpent Mound, and if his counsel is followed there will be something done in preserving this great archaeological mine of interest

WEDDING BELLS

WHATLEY—BABCOCK.

Rev. F. J. Scott officiated at a pretty wedding on Wednesday evening at the residence of Mr. Henry Babcock, 238 1-2 Simcoe street, when his daughter, Miss Eva Vanaora, was united in marriage to Mr. George Whatley, son of Mr. Henry Whatley also of Peterborough. The bride was attired in a pretty cream dress and was attended by her sister, Miss Nettie Babcock, dressed in white silk. The groom was assisted by his brother, Mr. James Whatley. After the ceremony was performed the guests which numbered about twenty, partook of the dainty wedding supper provided. The presents were numerous and valuable, testifying to the popularity of the bride and groom.

Mr. and Mrs. Whatley left on the 9.10 train for Lindsay and on their return will reside on Simcoe street.

Nervous and Worried.

Mr. Archibald Sutherland, Principal South Bar School, Sydney, N.S., writes, "I was greatly troubled with nervous dyspepsia, and after meals I often felt like vomiting, and my stomach was sore. I was nervous and worried, frequently had headaches and shortness of breath. When several doctors failed I decided to try Dr. Chase's Nerve Food, and it has entirely cured me. I shall be glad to be the means of bringing this medicine to the notice of any one who is suffering as I did."

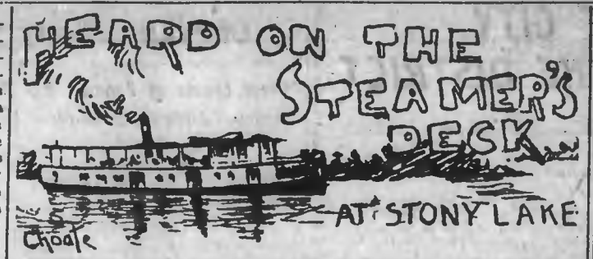
H. LeBRUN & Co.

Two Entrances—George and Hunter Streets



Five coaches, containing fully two hundred excursionists left on the G. T.R. yesterday morning for Lakefield, to enjoy the delightful Victoria Day trip on the steamer Stony Lake through the Kawartha Lakes. Many of the passengers were owners of summer cottages in Stony Lake, who were taking advantage of the trip to visit their island summer homes for the first time this season, and take a critical inspection after the winter. In most cases they were accompanied by their wives, daughters and sons, to help in the work of preliminary house cleaning, decorating and the planting of flowers, vegetables, etc. Among these were: Mr. Thos. Barrie, Dr. Morrison, Mr. R. McWhinnie, Mr. C. B. Routly, Mr. J. Carey, wife and daughter, Mr. Jack Gemmel, Mr. T. Glover, Mr. J. Wallace, Mr. W. G. Morrow and sisters, Mrs. LeBrun and friend, Mrs. H. Piper, of Toronto; Rev. Mr. James and wife, of Toronto; Mr. E. B. Clegg, wife and children, Miss Melville, Mrs. G. Munro and two sons, Miss Hamilton, the Misses W. and H. Dobbin, Miss Maude Breese, Mr. J. Payne, Mr. John McClelland, Mr. F. F. Garden, Mr. C. N. Brown and Miss Brown, Mr. J. Carlisle, Miss Reil, Miss Costello, Miss Scollard, Miss Young, Mr. F. J. Howitt, Mr. R. B. Rogers, Mr. Percy Strickland. Quite a large number of Peterborough's new population — Englishmen and others who have recently come to the city—were also noticed taking in the trip to our "picturesque back lakes and their matchless scenery," as several of them afterwards expressed it.

The commodious steamer Stony Lack was well crowded as she left her Lakefield wharf at 9.30. The sail up the lake was delightful. Genuine "Queen's weather" prevailed all day, the water was like a sheet of glass and mirrored the scenery at the shores.

The old
Clothes of winter are no longer seen,
And the pleasant green
Of the new clothes of spring
Is everywhere on everything—
The trees flaunt their flounces in the breeze,
And the grass
Shows it to all who pass.

Of course many calls had to be made at the islands on both the up and down trips. The steamer stopped for a half hour at Burleigh and Mount Julian, and then steamed up towards the head of the lake, going as far as "Ile Bellechasse," the summer cottage of Mr. H. LeBrun, where Mrs. LeBrun and party were left off. A large proportion of the cottages on the route were observed to be opened. Many cottagers had come up the day previous to remain until Friday evening. Capt. Scollard remarked that the number on board the day previous and the enormous amount of baggage carried, was a "record-breaker." The whole three decks were piled with cottagers' household effects, and provisions, loading the commodious Stony Lake almost to her full capacity.

Said the captain: "Just imagine the shape we would have been in if we had to depend on the "Majestic" to accommodate such an early rush. Judging by what I have already seen the past few days I feel certain this season will see the largest number of people on the lakes ever known, if the weather remains right."

The Victoria House, at McCracken's Landing, is fully open for visitors, under new management. Messrs. Freeman and Carveth, the new proprietors, have their popular house in readiness for the reception of guests. They speak quite encouragingly of the season.

The spacious new Burleigh Falls summer resort is rapidly nearing completion. A large staff of workmen are busily engaged in putting the finishing touches on the exterior, and the interior is nearly ready for the furnishings, which are to be on a par with the best resorts in the Province. Mr. D'Arcy expects it to be fully open about the 15th of June.

The Mount Julian Hotel is getting busy, with a full staff in charge in the dining-room, main house and cottages. The host and hostess exerted themselves to entertain the excursionists who availed themselves of their hospitality.

The water in the lakes is very high, many of the wharfs being under water, but no reports were heard of any serious damage being done since last season.

The excursionists were highly delighted with their eight-hours' sail, and arrived back at Lakefield at 6 o'clock. Mr. Young had come to the city in the morning and succeeded in making arrangements with the G.T.R. for a late train, so as to give his excursionists a longer time on the lakes. Instead, therefore, of having to return on the 4.40 train, a special was detailed to bring back the party at 8 o'clock.

Capt. Scollard and his expert crew were as obliging as ever. The splendid new steamer was handled to perfection, and no opportunity was missed to contribute to the pleasure of the excursionists. The captain looked quite spruce, as well as commanding, in his new and appropriate officer's outfit.

THE OTONABEE AND RICE LAKE ATTRACT IMMENSE CROWDS

The Otonabee River, as a summer resort, is rapidly coming to the front. Its beautiful winding course, with wooded banks, where the groves of pine and maple attract the tired canoeist, make it the delight of the boatman, and yesterday its waters bore up such a fleet of canoes as has not been known for a long time. A prominent canoeist, who tasted of the delights of the Otonabee yesterday, stated that he had not seen so many on the water since five years ago.

Crawford's Grove was utilized yesterday by a large crowd, who were glad to get away from the noisy and dusty streets of the city.

Jubilee Point looked the very picture of beauty, and was frequented by a large number of holidayers.

Harwood has again assumed its summer colours, and everything there has shaken off the stillness which prevailed during the early spring and winter. Mr. D. Corkery, proprietor of the Lakeview House, has renovated and improved his fine hotel, and already has booked a large number of guests for the beginning of the fishing season, June 15th.

Mr. Allan had his trim little yacht, the "Tootsy," in motion, and carried a party of excursionists to Jubilee Point, and Gore's Landing.

The "Water Lily," with the Salvation Army excursionists on board, touched at a number of the river and lake ports on her return trip.

The "Rob Roy" also carried a party down the river.

First Excursion Of the Season To Jubilee Point

Water Lily Carried S. A. Band and Their Friends.

The excursion to Jubilee Point and Rice Lake yesterday, under the auspices of the Salvation Army band, provided a delightful outing to over two hundred people. The day will long be remembered by those who were forunate enough to be on the Water-Lily on her trip yesterday. The arrangements for the comfort of the excursionists were complete, and the result was an unqualified success.

The Water-Lily left the Wolfe street wharf at 8.40, and Jubilee Point was reached at 11.45.

The sail down the winding Otonabee, which is at its best now, was thoroughly enjoyed, especially by the many English people, who had not gazed on its beauties before. At the point a lively game of baseball was played, after which dinner was partaken of among the beautiful trees of the park.

At two o'clock the majority of the party again embarked on the steamer, and an hour's cruise on Rice Lake touching at Harwood, was greatly enjoyed. Returning to Jubilee the band gave a concert that was thoroughly appreciated.

At five o'clock the Water-Lily began her return trip, reaching the city at 8.20. The verdict of all on board was that the day had been a most delightful one.

Captain White and his crew did everything in their power to make things pleasant for the excursionists, who have nothing but kind words to say for the way they were treated.

MUCH ILLEGAL FISHING DONE

The thirteen persons who were charged with illegal fishing have have all responded nicely to Inspector Hess' call, and the province is just $130 in. One day last week a well known resident paraded our streets, with a lunge on a spear, and endeavoured to work the bluff that he had a permit from a doctor, an inspector, and the fishery department, but Inspector E. Fleming and Fisher, J. P., smiled on a ten spot Saturday night.—Hastings Star,

Neglect Your Watch

And you'll ruin it. Eighteen months running will gather enough hardened oil and grit to wear and loosen the whole mechanism.

Funeral of Late Thos. McCamus

Was One of the Largest Seen in Township of Cavan.

The funeral of the late Thos. McCamus, whose death was announced some days ago, took place on Wednesday from his late residence, on the 1st concession of Cavan, to St. Paul's Cemetery, near Baillieboro. The funeral was one of the largest ever seen in that township. It was attended by thoroughly representative men, the whole community practically joining in showing their respect and esteem for the deceased. The services were conducted by the rector of the parish, Rev. W. C. Allan, who referred touchingly to the exemplary life of the deceased, and the influence for good which he had exerted on the community.

The chief mourners were, his three sons, Robert, James and William, and Mr. Wm. Fair, his brother-in-law, of Millbrook. The pall bearers were Messrs. R. H. Wood, James Wood, Thos. Wood, nephews; Chas. McNeil, Reeve of Cavan; Harry Armstrong, son-in-law, and Robert Fair, of Peterborough.

As the funeral cortege passed Christ church the bell was tolled out of respect for the departed.

Severe Form of Asthma.

"I first used Dr. Chase's Syrup of Linseed and Turpentine with my daughter, who suffered from a severe form of asthma. The least exposure to cold would lay her up, and she would nearly suffocate from want of breath. I must say that I found it to be a most satisfactory treatment and it has entirely cured her." — Mrs. A. A. Van Buskirk, Robinson street, Moncton, N. B.

WON'T CONSIDER THIS EPISTLE

Anonymous letters have always been held in bad grace by the majority of sane thinking people and Chief Rozzel is in receipt of one of a cowardly character. A kind neighbour has written him asking him if dogs such as owned by a Mrs. ——, (the canine is said to be a vicious one, running out and biting at people as they pass by) should be allowed to live? The Chief was given the address of the owner of the alleged cross animal, but regards the epistle with contempt. If anyone has a grievance against the dog, let them lay an information against the owner. Anonymous communications are consigned to the waste paper basket.

The Hastings Star, says:—Mr. A. W. C. Scriver, brother of the editor of The Star, who has been confined to St. Joseph's Hospital, Kenora, for three months with typhoid fever, is back to his office in Fort William, fully recovered.

Mongolia City Is Completely Destroyed

Earthquake Early in May Wrecks Uniakai—Loss of Life is Very Heavy—Other Damage Done.

Examiner Special

Victoria, B.C., May 25. — Mail advices from the Orient state that an earthquake causing great loss of life and considerable damage to property occurred early in May at Uniskai and vicinity, in Mongolia. The walled city of Uniakai was almost completely destroyed, the loss of life being very heavy. Severe shocks are also reported from Fokien province. The loss of life is unknown.

LADIES' DRESSES WERE BURNED WITH 'CRACKERS

The warning given by the Chief of Police on Wednesday that he would not stand for any fire-crackers in the city yesterday, had the desired effect, so far as the centre portion of the city was concerned, but in the outskirts the boys and the fire-crackers held undisputed sway.

In Jackson Park there was no restriction upon the pent-up energies of the youngsters, and the result was that a number of young ladies, at least two, had their dresses badly burned, if not completely destroyed.

In the north and north-western part of the city, the fire-crackers were especially featured, and some narrow escapes are reported.

This morning a gentleman coming down Reid street noticed a large charred piece of what appeared to be dress goods, lying beside the walk. It had evidently at one time formed part of a lady's dress, which had been set afire with a rocket or fire-cracker.

MR. PERCY FITZGERALD IS DEPUTY GAME WARDEN

Mr. Percy Fitzgerald, son of Mr. G. W. Fitzgerald has been appointed Deputy Game Warden of Eastern Ontario. He received word on Wednesday night from Mr. E. Tinsley, Chief Game Warden of Ontario, notifying him of the choice of the Game Commission and his duties will commence at once.

Mr. G. W. Fitzgerald, the present Game Warden will be assisted by his son on account of the illness of the former.

Mr. Percy Fitzgerald stated to the Examiner this morning that he intended to enforce the laws under his authority and would see that all infractions coming under his notice would be severely punished.

Another Auto For Peterboro'

Mr. D. J. Lundy Has Purchased a Cadillac Car.

Mr. D. J. Lundy has added another to Peterborough's automobile population, which is beginning to assume city-like proportions. Mr. Lundy has purchased a very handsome Cadillac car, which is fast and reliable. The machine came down from Toronto yesterday, and Mr. Lundy and a party journeyed to Chemong Park to-day.

PAINTERS CHANGE THEIR BUSINESS

There is no truth in the rumour that a number of painters have joined the barbers' union. The report doubtless grew out of an incident that occurred yesterday. A well-known painter and his man were decorating the interior of a barber shop, and as yesterday was a holiday with the barbers the painters were left in charge. They proceeded to adorn themselves, instead of the shop, and amateur shaves and hair cuts were the order of the day.

The barber this morning found the shop looking as though it had been the object of a burglar's attention.

Patriotism In Canadians Is To Be Commended

Advice Given By Sir Frederick Borden At Windsor.

THE IMPORTANT SIDE OF LIFE

Accepts Memorial Fountain In Honor of Essex Volunteers Killed in South Africa — Great Military Demonstration — City Crowded With Visitors—Sir Frederick's Reference to the United States.

Windsor, May 25.—"Patriotism is a thing to be cultivated and revered. We must cease from the struggle after material things to the exclusion of the higher and, in my mind, more important side of life. The memory of those who returned as well as those who lost their lives in battle deserves to be preserved.

"One thing I have noticed, and that is that everywhere the Union Jack and Old Glory hang side by side. They are cousins, at peace with each other, and God grant that it may always be the same. Both countries have very much in common, for the foundation of both countries is liberty.

"Great Britain and the United States will stand side by side in time of danger, for there exist between them a stronger bond of friendship than that uniting any other countries."

A Memorial Fountain.

With these words did Sir Frederick Borden, Minister of Militia, receive in the name of the Canadian Government the handsome fountain erected at the postoffice by residents of Essex County in memory of Privates White and Barr, who lost their lives during the Boer war.

The presentation speech was delivered by Judge M. A. McHugh. Addresses were also delivered by Brigadier-Gen. Harrah, commanding the Michigan National Guard; Hon. R. F. Sutherland, Mayor Wigle, and other prominent gentlemen.

Windsor Crowded.

Yesterday will go down into the history of Essex County as one of the red letter periods of its existence. From the standpoint of attendance the city was crowded as it has never been crowded before.

The 91st Highlanders of Hamilton, 550 strong; the Michigan National Guard, 450 strong; the Michigan Naval Reserve, with two guns, 60 strong; the bugle band of the Argyll Light Infantry of Belleville, 25 strong; a detachment of 25 of the Royal Canadian Dragoons of Toronto, with horses, and the 21st Regiment Essex Fusiliers, 300 strong, marched to the driving park, and many military movements were gone through.

They Struck Out Flag.

Jackson, Mich., May 25.—The sight of a British flag flying from the staff of the City Hospital was too much for the Irish eyes of Mike Maloney, formerly a United States soldier in the Philippines, and he made a red-hot Celtic protest to the matron, Miss Pickens. The flag was thrown to the breeze at the request of a nurse, Miss Maud Carven, who is a Canadian and a loyal subject of King Edward, in honor of the physicians in attendance at the meeting of the State Medical Society. Finally the matron gave the order, and the flag was struck, leaving the Stars and Stripes in sole possession.

In Old London.

London, May 25.—(C. A. P.)—The fourth annual dinner of the Canadian Society was held in the Criterion Restaurant last night. Hamer Greenwood, M. P., president, was in the chair, and proposed the toast to the Dominion, which was responded to by the Earl of Durham. Dr. Macnamara, R. A., M. P., proposed "Imperial Forces," to which there were responses from Admiral Charles Windham and Gen. Benson, Hon. J. W. Taverner, agent-general for Victoria, proposed "The Empire," responded to by the Earl of Carrington.

Victoria Day Celebrations.

Successful celebrations of Victoria Day are reported from Berlin, Bowmanville, Ingersoll, Kingston, Tavistock, Toronto, Montreal, Quebec, Niagara Falls.

The programs were sporting and military in their nature, in some instances school children's processions forming the chief feature. Trades and Old Boys' processions were held, and in almost every town there was a baseball match. Football, too, had a share in public attention, and in one instance there was an automobile race. At Toronto, Earl Grey and the Premier of the Province addressed the veterans, etc.

DEATH OF IBSEN.

Famous Norwegian Poet and Dramatist Dies In His 70th Year.

Christiania, Norway, May 25.—Henrik Ibsen, the Norwegian poet and dramatist, died at 2.30 o'clock Wednesday afternoon.

King Haakon, immediately upon receipt of the news of Ibsen's death, transmitted to the widow his own and Queen Maude's sympathy and condolence. The Storthing and other public bodies formally recorded the na-

HENRIK IBSEN.

tional grief at the loss of this foremost figure in the literary life of the nation. The funeral will be a state function.

Telegrams of condolence from all parts of the world were received yesterday by the family of the late Henrik Ibsen.

The Storthing will meet to-day to decide upon the funeral, which is expected to be the most imposing ever seen in Norway.

The great Norwegian poet and dramatist was born at Skien, Norway, in 1828. He went to study medicine at Christiania in 1850; was director of the theatre at Bergen, 1851-57, and of the theatre at Christiania 1857-63. He went to Rome in 1864, and stayed in Italy for ten years, and his visits to Norway were afterwards made at long intervals. Ibsen's first dramas were historical in subject, and he did not gain recognition till in 1862, when he began to take his subjects from contemporary Norwegian life.

Ibsen's dramas were marked by the sombre fatefulness of the Norwegian literature, combined with modern psychology. His later plays exhibit an almost morbid dissection of moral and mental abnormalities.

PRINCESS ENA LEAVES LONDON.

Royal Family and Spanish Colony Give Her Good Send-Off.

London, May 25.—Princes Ena and her mother, Princess Henry of Battenberg, left London yesterday for Spain, at the frontier of which Alfonso will await his future bride.

The departure of the princess from Victoria station was the occasion for an enthusiastic demonstration on the part of the Spanish colony here, while the platform was crowded with English friends, who gave the future queen a hearty send-off. King Edward, Queen Alexandra, the Prince and Princess of Wales, the Duke and Duchess of Connaught and other members of the royal family and the staff of the Spanish embassy were among those present.

Goes to Meet His Bride.

Madrid, May 25.—King Alfonso, accompanied by Premier Moret, the Minister of War and a brilliant suite of officials and court dignitaries, left Madrid yesterday afternoon for the frontier, where he will meet the future Queen of Spain. Vast crowds witnessed the departure. The King will arrive at Irun at daylight to-day, and the bride will reach there an hour later. The royal train will return to Madrid at 8.30 o'clock to-night.

Toronto, May 25.—The investigation of the National Insurance Co. was commenced Wednesday afternoon before the royal commission. A. J. Ralston, managing director of the National, gave evidence.

David E. Kilgour, assistant actuary, was the last witness for the North American Life. He was on the stand until late in the afternoon, after which Mr. Goldman told of certain deals put through by one Fair, who was at the present time an agent of the company.

Mr. Kilgour in computing the losses of reserves, told Mr. Tilley that on policies issued profits 1897, 4 1-2 per cent.; between 1897 and 1899, 4 per cent., and since then 3 1-2 per cent.

U. S. Foreign Commerce.

Washington, May 25.—The foreign commerce of the United States for April aggregated $251,000,000, of which $107,000,000 was in imports and $144,000,000 in exports.

Last of the Redcoats.

Montreal, May 25.—Some 250 regulars from Esquimalt sailed Wednesday by the Victorian. There are now no British regulars in Canada.

Free Alcohol Bill Passes.

Washington, May 25.—The free alcohol bill passed the Senate as reported from the committee.

Report Of The Investigation On Tower Collapse

Contractor Is Held to Be Entitled to His Full Pay.

SPECIFICATIONS "VAGUE."

Wisdom of the Specification Calling For Eyebeams Questioned, as This Tended to Throw the Weight of the Tower Upon the Corner Which Parted, Instead of Distributing It to Foundation and Earth.

Ottawa, May 25.—The report of the commission appointed to investigate the fall of the Laurier tower has been filed with the Minister of Public Works, and will be laid on the table of the House on Monday. The main conclusions are:

1. The contractor is held to be entitled to full pay.
2. The specifications are condemned as "vague."
3. A question is mooted as to the wisdom of the specification calling for eyebeams.

It is pointed out that this tended to throw the weight of the tower upon the corner that parted, instead of distributing it to the foundation and earth beneath.

The actual collapse is blamed upon a change of plan attributed to Architect Taylor, who changed the plans to provide for openings where "blind windows" had been provided, thus forcing the weight to unduly press upon that corner of the tower, which parted.

There is a general finding that the supervision should have been closer.

HOUSE OF COMMONS.

Bell Telephone Co.'s Bill Reported to the House—A Quiet Day at the Capital.

Ottawa, May 25.—The bill to authorize an increase of the capital stock of the Bell Telephone Co. was reported to the House Wednesday afternoon; with the understanding that it is to be held over until the amendments to the Railway Act is passed, placing telephones under jurisdiction of the railway commission.

Mr. Fitzpatrick introduced his bill, entitled "An Act to Amend the Interpretation Act." It is remodeled on the imperial statute.

In reply to a question by Mr. Chisholm (Antigonish) the Minister of Railways stated that as yet, no surveys had been commenced for the mountain division of the Grand Trunk Pacific.

The Postmaster-General, on behalf of the Minister of Public Works, stated that flags could be placed at half-mast over public buildings at Ottawa upon the death of a member of the Royal House, of any ruler in Europe or America, or upon the death of a member of the Senate or House of Commons. At other points, the flag may also be half-masted in honor of the death of any distinguished citizen.

In reply to Mr. Wilson (Lennox and Addington), Mr. Oliver stated that W. T. R. Preston was furnished with a house in London, the rent for 1904-05 being $640.

On motion of Sir Wilfrid Laurier, the following were named as members of the select committee respecting the "Arctic": Messrs. Demers, Maclean (Lunenburg), Carvell, Pardee, Macpherson, McCraney, Bennett, Northup, Bergeron, and Stockton.

The Railway Committee.

Ottawa, May 25.—The bill increasing the capital stock of the Bell Telephone Co. was reported by the railway committee with an announcement fixing the amount at $30,000,000.

Hon. Mr. Fitzpatrick made an important statement as to the attitude of the Government, which is summed up in these two principles, which will be made effective by legislation this session:

1. That the Government cannot break faith with responsible companies seeking legislation.
2. That the municipalities must have some control of their streets and highways.

Mr. Pringle's sub-amendment making the capitalization $30,000,000 was carried on a vote of 47 to 30, and the bill was reported.

A STRONG HEART AND STEADY NERVES

Very important it is in this age of competition to have a clear cool head, a strong heart and steady nerves.

Too much rush and bustle, work and worry, fall to the lot of the average business man—his heart and nerve system will not stand it—he gives them too much work to do.

Women also are doing the same thing attending to their household duties and looking after their social obligations. The constant strain under which they have to continue day in and day out, the irregularities of habits and loss of rest will soon shatter the strongest system. Before long you become nervous, starting at the least sudden sound, the heart flutters and palpitates, specks float before the eyes, the pulse becomes weak and irregular, you have faint and dizzy spells, lack of self-confidence, rush of blood to the head, irritability of temper, shortness of breath, starting in sleep, sensation of pins and needles, sleeplessness, restlessness and finally physical breakdown or nervous prostration.

MILBURN'S HEART AND NERVE PILLS

are the remedy you require to restore your strength and health. Their extraordinary curative power manifests itself immediately they are taken. Through the medium of the nervous system they impart a strengthening and restorative influence to every organ and tissue of the body. Many have been cured, among them being Mr. Ray V. Coombs, Wellington, P.E.I., Mrs E. Kilgour, Humberstone, Ont., Mrs. C. McDonald, Portage la Prairie, Man., Mr. Walter Cleveland, Bayswater, N.S., Mrs. Owen Martin, Alma, N.B. and thousands of others.

The price of Milburn's Heart and Nerve Pills is 50 cts. per box or 3 boxes for $1.25. Can be procured at all drug and general stores, or will be sent on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of Chas. H. Fletcher and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhœa and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS
Bears the Signature of
Chas. H. Fletcher.

Sanitaris
A Health Protector
Most Typhoid Fever cases are due to drinking impure water. SANITARIS guards the whole system against disease.
It prevents Typhoid, because it is absolutely pure.
It prevents Gout and Rheumatism, because it neutralizes uric acid.
It prevents serious Kidney and Liver Trouble, because it cleans and heals and strengthens these organs.
SANITARIS used regularly, is the surest and pleasantest way of keeping well. It is a delightful table water—clear as crystal—sparkling and buoyant.
AT ALL DEALERS.
A. ROUNTREE, Agent for Peterborough.

Public Accounts Committee.

Ottawa, May 25.—W. T. R. Preston and Sam Barker of Hamilton sparred again for two hours in the committee on public accounts on Wednesday. The immigration commissioner was questioned as to the correspondence published by him, and Mr. Barker stated that an explanation of the giving up of Preston's letters by John Ennis of Liverpool would be made by Jury. In the meantime an effort is to be made to get the original Jury letter. Mr. Preston said he had offered to resign if Lord Strathcona had any suspicion of wrongdoing on his part, and his lordship refused to accept the resignation.

A new thing touched upon was the giving of three large printing orders to Roy Somerville, a Canadian, twice under "rush" conditions and the third time under instructions from Deputy Minister Smart.

Ask For Mr. Preston's Dismissal.

London, May 25.—Yesterday the Labor Educational Association of Ontario, in session here, unanimously demanded the dismissal of W. T. R. Preston as a Government official for conspiring against the interests of the toilers in conjunction with the Manufacturers' Association for the purpose of importing strike-breakers into Canada.

Artist Murdered in London.

London, May 25.—Archibald Wakely, an artist and a regular exhibitor at the Royal Academy, was found murdered in his rooms at Bayswater yesterday. The front of his skull was battered in but the weapon used was not found. There is no clue to the perpetrators of the crime.

A Firecracker Fire.

St. Catharines, May 25.—The police headquarters here were damaged $2,000 worth yesterday through being set on fire with a firecracker. Day before the chief of police warned the public against shooting of firecrackers with this result.

St. Kitts Gives Sherring $100.

St. Catharines, May 25.—St. Catharines contributed its tribute to William Sherring, winner of the Marathon race, by giving him a great reception here Wednesday night. It was in connection with the Empire Day celebration, and F. W. Martin presented him with $100 in gold from his St. Catharines admirers.

The Metric System.

Ottawa, May 25.—The Royal Society has appointed the following committee to consider the question of the metric system: Sir Sandford Fleming, Prof. Rutherford, Prof. McCallum, Dr. Ellis, Archbishop Bruchesi, Benjamin Suite, Lieut.-Col. Denison.

Off to Siberia.

Yekaterinoslav, South Russia, May 25.—Two batches of political prisoners, numbering 107 in all, started from here for Siberia yesterday.

TENDERS

—FOR—

DRAINAGE WORK

The Corporation of the Township of Cavan will receive sealed tenders marked "Tender for Drainage Works" and addressed to John J. Fair, Millbrook P. O., up till noon of Saturday, 26th day of May, 1906, for the construction Drainage Works, a distance of about seven miles through the Township of Cavan and North Monaghan according to plans and specifications made by John E. Belcher, Engineer, which may be seen at the office of John J. Fair, Township Clerk, Millbrook.

Each tender must be accompanied by an accepted Cheque drawn upon any Chartered Bank in Canada, payable to the order of "The Treasurer of the Township of Cavan" for the sum of $500.00 or in lieu thereof a cash deposit of said amount which will be subject to forfeiture in the event of failure on the part of the Contractor to enter into a satisfactory written Contract when notified to do so.

The Contractor whose tender is accepted will be required to furnish a Bond for $2,000.00 satisfactory to the Township Council and the Contractor will also be required to enter into a special covenant not to unnecessarily interfere with or endanger public traffic on the township highways during the construction of the works.

The Township Council reserve the right to reject any or all tenders or to accept any bid which may appear advantageous to the Township of Cavan.

Dated at Millbrook this 24th April, 1906.

JOHN J FAIR,
Township Clerk,
Millbrook.

Latest News Of Various Sports

Young Torontos Were

---IN OPENING LACROSSE GAME---

Easy For Peterborough

Shamrocks Turned Down Fast Victorias by 7-1—Good Crowd Saw a Listless Game—Teams Were Not in Shape and the Heat Was Too Much for Some of the Players—Peterborough Has a Fine Team.

Before a big holiday crowd the Shamrocks defeated the Young Torontos yesterday afternoon at Riverside Park in a somewhat listless lacrosse match. The score was 7-1 in favour of the home team, and the figures practically indicate the respective merits of the two teams. The Shamrocks led at all stages, and had no trouble in getting away from the Toronto twelve, who were never in the running for a minute. The game was slow, the heat telling badly upon the players, who have not yet rounded into shape. Some lively lacrosse was seen in spots, however, and the crowd seemed satisfied with the exhibition.

The game was interesting chiefly because it gave a line on the Shamrocks, and the general opinion was that they will do. Although not yet in shape, the team played fine lacrosse yesterday, defence and home being equally strong and effective. There did not seem to be a weak spot on the team. The home passed well and carried the ball in on the nets in splendid fashion and shot accurately and hard. Of course, there were some bad misses made, but they were few and far between. Little fault could be found in the work of the home. The defence is a magnificent one, and any home in the country would have a busy time side-stepping them. They are big and fast, and check and relieve well. When the team gets into form they will be able to make the intermediate teams go the speed limit.

The home, as has been said, played a very effective game, and it would be hard to pick the stars, as all played unselfishly and there was no attempt at playing to the stand. Ernie Ford, at centre, showed a fine bunch of speed and his long runs led the home well. The home field, with Whitcroft, Judd and Brest, was fast and passed cleverly and accurately. It was Whitcroft's debut, and he showed good form. Judd played his usual reliable and effective game, his running and passing being especially noticeable. Brest worked like a Trojan throughout, and was always in the neighbourhood of the rubber. He shot splendidly. Glover displayed his old time cleverness, his whirling shots giving the Toronto goal-keeper a bad afternoon. Stroud was inclined to miss passes, but otherwise played a splendid game. He made a beautiful run for the score in the third quarter dodging half the Toronto defence.

"Shocky" Mein was prominent on the defence. He generally got the ball every time he went after it, checked well and cleverly intercepted passes. The whole defence played splendid lacrosse. They covered their checks well and blocked in a manner that was most disheartening to the visitors' home. Morgan, Dillon, Regan and Meagher were prominent whenever an attack was made on the Peterborough citadel. Galley, the veteran, guarded the nets and picked off shots of all kinds. Several magnificent stops were warmly applauded in the stand.

The visitors displayed plenty of speed, the home field being especially fast runners. That let them out, however, as they could do practically nothing with the Shamrock defence. In the first two quarters they seemed somewhat demoralized. Passes were badly given and badly taken. Toward the end, however, they rallied, displaying some pretty stick-handling and combination.

The pick of the home was J. Heal, who uncovered some lively sprints during the afternoon. Mara also showed up prominently. On the defence, Jordan, Mitchell and Crocker were the pick of the bunch.

Mr. W. Cavanah acted as referee to the satisfaction of everyone. His task was a light one as the game was very clean and there were only a few penalties. The teams lined up as follows:

Young Torontos.		Peterborough.
Duckerly	Goal.	Galley
Mitchell	Point.	Dillon
Jardin	Cover Point.	Regan
Crocker	1st Defence.	Morgan
Powell	2nd Defence.	Meagher
Rowe	3rd Defence.	Mein
J. Heal	Centre.	Ford
McArthur	3rd Home.	Whitcroft
Mara	2nd Home.	Judd
G. Heal	1st Home.	Brest
Todd	Outside Home.	Glover
Regan	Inside Home.	Stroud

Goal Umpires—Whyte and V. Hamilton.

Timers—Page and "Doc" Shaw.

Penalty Timer—Dr. Wightman.

Peterborough carried the ball to Torontos' territory and kept it there for most of the first half. The play was listless. The locals had the ball three-quarters of the time, but could not seem to get within shooting distance. Glover was knocked over the head in the first few minutes play and the game was stopped. The Shamrocks kept up the attack, and finally Glover scored on a pretty shot after some neat passing by Stroud and Whitcroft. Score 1-0; time 3 1-2 minutes.

The ball rarely went past centre field and the local defence had an easy time in this period. Meagher intercepted a pass, and after making a long run, passed to Stroud, who beat Duckerly with a fine shot. Score 2-0; time 5 minutes. Quarter time.

Peterborough started with a rush in the second period. They carried the ball up from the face-off on some pretty passing by Whitcroft and Judd. Best got an opening and scored in 1 minute. Score 3-0.

Mitchell was penalized for body-checking Best, and was soon followed by Whitcroft for cross-checking. Everything was coming Peterborough's way at this stage, although they had trouble in scoring. Stroud and Mitchell mixed it up and were side-tracked. Best made the score 4-0 on a pass from Glover. Time 15 minutes. Half-time.

Stroud was the kingpin of the next five minutes' play. Securing the ball at quarter way, he dodged through half the Torontos' defence for a goal. Score 5-0; time 5 minutes. No further scoring was done in this quarter.

Scores came faster in the last period. Within one minute Best scored after a shot by Stroud. Three minutes after, Judd, who playing a hard and effective game, scored Peterborough's last goal. The Young Torontos were showing better form at this stage, and at last succeeded in scoring, Regan doing the trick from a scrimmage in 1 minute. Final score, Peterborough 7, Young Torontos 1.

Summary.

1, Peterborough, Glover, 8 1-2 mins.
2, Peterborough, Stroud, 5 mins.
3, Peterborough, Best, 1 min.
4, Peterborough, Best, 15 mins.
5, Peterborough, Stroud, 5 mins.
6, Peterborough, Best, 1 min.
7, Peterborough, Judd, 3 mins.
8, Young Torontos, Regan, 1 min.

Good Races At The Driving Park Yesterday Afternoon

Both Colt Race and 2:28 Class Provided Good Events—Queen City and Miss Paisley Copping First Money—Little Jap Won Two Matched Races—The Weather Fine and Warm and the Track in Good Shape.

Yesterday saw the opening of the horse racing season of 1906, in Peterborough, the Peterborough Turf Club holding an eminently successful matinee, that provided good sport and lots of excitement for the spectators. The weather was just a trifle on the warm side it is true, but it was much more agreeable than if it had rained, which it very often does on the 24th, and the grandstand provided good shade. The track was in perfect condition and most of the horses on their very best behaviour. Three horses started in the colt race, which was a very interesting event, necessitating the running of five heats in fast time. The .38 class was won by Miss Paisley, Mr. Geo. Lipsett's fast mare, who stepped in grand style, easily demonstrating her superiority over the rest of the field.

In the colt race Godfrey's Pride came under the wire first for the first two heats but City Queen owned by W. Elmhirst, landed the next three travelling like an old timer. The races were run in half mile heats. The meet was certainly a success, although the Turf Club was not patronized by all the local horse owners, who might have lent their aid to make the field in the .38 class larger. Their absence, however, did not materially affect the quality of the sport.

The only thing that anyway caused the crowd to tend towards becoming impatient was the tardiness of the drivers in starting. Starter Leahy rang his bell repeatedly, but they appeared to be indifferent to the official ding dong and lost altogether too much time in getting down to business. In the future the starters will have to be a little more responsive to the bell.

The 2.28 Class.

The .38 class was the first event on the bill and Miss Paisley, Little Will, Little Jap, and Little Girl started. After considerable scoring the horses broke away for a good start, Miss Paisley taking the lead. She broke, however, shortly after passing under the wire and Little Girl went well to the front. Miss Paisley was got under control again by Driver Cook and set out after the field, which had all passed her, at a whirlwind pace. The finish of the heat was most exciting. Little Girl looked like a sure winner, but the black mare was rapidly gaining. It was neck and neck down the stretch but Miss Paisley finally pulled away as the pair neared the wire and finished three quarters of a length to the good. It was a great finish and the crowd cheered vociferously. Little Will was a pretty fair third with the Jap bringing up in the rear well behind the bunch. Time 1.11.

In the second heat Miss Paisley took the lead at the start and pulled under the wire an easy first, followed by Little Will, Little Girl and Little Jap in the order named. Time 1.11 3-4. She cinched first place in the third heat, but was hard pressed by Little Will, who showed much speed. This heat was the fastest one of the three the time for the half being 1.00 3-4. The Jap beat out Little Girl for third place, but did not alter his standing in the race. The money division was Miss Paisley, first; Little Will, second; Little Girl, third; Little Jap, fourth.

The Colt Race.

For green horses the starters in this class made a decidedly favourable impression. City Queen who landed first money, getting over the dirt in a manner which marks her a comer. She has plenty of speed and trots with great ease. When once she strikes her gait she is very honest, although in the scoring she balked some. Godfrey's Pride gave her a good chase for the money, getting first place in the first two heats. Fife's Miss Tariff could do no better than to trail in all three heats.

The horses scored up for a long while before they could get a start in the first heat. City Queen forced her way to the front and was finishing in the lead when she broke on the stretch. Godfrey's Pride dashed by her for first. Miss Tariff was outdistanced, Godfrey's Pride copped the next and then City Queen came first for three straights, winning the race. Time, 1.14 1-2, 1.14 1-4, 1.11 1-2, 1.17 3-4, 1.12 1-2.

Matched Races.

A feature of the day and two of the most interesting and exciting events of the day was the impromptu matched races between Little Jap and Little Girl and Little Will. The Jap was all to the good and won both events.

The Officials.

The officials performed their duty without fear or favour and all the starters were given a square deal. They were:—Judges, Messrs. Richard Darling, Toronto; Dr. Bradd, Peterborough; Starter Wm. Leahy, Lakefield.

A Good Game For To-morrow

Quakers Play Harwood at 2 O'clock at Riverside.

The game to-morrow afternoon on Riverside Park promises to be a crackerjack. The Harwood eleven winners of group 2, will travel by boat in the morning and the game will begin at 2 o'clock sharp. The junior Quakers have been playing good ball this season and won their group by defeating the Norwood crack team in both games.

Harwood has a fast team this year and are quite confident of turning down the Quakers on the round. Captain Parnell, however, if of a different opinion and his team is in the pink of condition for the semi-final game to-morrow. The following will be the Quaker line-up:—

Goal—McFadden.
Backs—Doris, Evans.
Halves—Deforge, Parnell, Best.
Forwards—Brooks, Sullivan, Huston, Armstrong, Boycott.

G. L. Main, the captain of the Fenelon Falls team will referee.

EAST CITY BEAT THE GREYHOUNDS

At Central Park yesterday morning the East City baseball team achieved a record victory, when they defeated the Greyhounds by 13 runs. It certainly was an unlucky day for the "hounds". The line-up of the winners was:—

East City—J. Primeau, c.; A. Coughlin p., s. c.; J. Guerin, 1st b.; F. Conboy, 2 b.; S. O'Toole, 3 b., Capt.; P. Gorman, s. s., p., manager; J. Hilliard, c. f.; V. Clancy, r. f.; D. Quinlan, l. f.

A MILLION NEEDLES

COULD NOT INFLICT THE TORTURE WOMEN SUFFER FROM HEADACHES

Headache is not in itself a disease, but a symptom or accompaniment of other diseases, principally those of the stomach, liver and bowels, such as Constipation, Dyspepsia, Liver Trouble, Bad Blood, Female Complaints, General Debility and Weakness. Headache is common to both sexes, but more frequently affects females.

The varieties of headache most common are sick or bilious headache, nervous headache, headache from constipation, debility or indigestion, periodical and spasmodic headache. Undoubtedly the cause must be removed before permanent relief can be had.

Burdock Blood Bitters

removes the cause of the headache, and not only does this but it also restores the entire system to healthy action and buoyant vigor.

"I was troubled with headache for a number of years, but could get nothing to help me. I procured a bottle of Burdock Blood Bitters, and finding it was doing me so much good, I got two more. I am now fully cured and think there is nothing in the world like Burdock Blood Bitters for headache."

St. John's Young People Tennis Court Opening

An Enjoyable Holiday Was Spent at Nicholls Oval.

Almost all day yesterday a crowd of enthusiastic tennis players were to be seen on Nicholls Oval, who, notwithstanding the intense heat, apparently enjoyed the holiday to the utmost. It was the formal opening of St. John's A.Y.P.A. tennis club and the interest shown gives promise of a most successful season. About fifty-five young people, most of whom belong to St. John's congregation, have signified their intention of playing this season, and six double courts have been marked out on the Oval, four of which are fully equipped with nets and poles.

The game of tennis has been revived in Peterborough lately as is evidenced by the some fourteen courts in all, which are marked out on Nicholls Oval as well as many others throughout the city, including the Y.W.C.A. and the Y.M.C.A.

St. John's A.Y.P.A. courts will be open to the members at any and all times, although it is expected that certain nights will be set and a regular schedule of games arranged.

Weather permitting, games will be played to-night from 6.30 till dark.

George St. Team Beat St. Paul's

Exciting Struggle on Murray Street Grounds Yesterday.

George Street team defeated St. Paul's in an exciting exhibition game yesterday morning by 12-11. The game was of a see saw nature and provided plenty of amusement for the large crowd that assembled on the Murray street grounds. George Street lead by 10-7, when St. Paul's went in to bat in the last innings, but the Presbyterians rallied and scored four runs on several bad errors. George Street succeeded in getting two over the plate in their half and won by 1 run. The teams were:—

George Street.—Curtis, c.; W. Parnell, c., p.; F. Parnell, p.; Crane, 1 b.; W. Weatherston, 2 b.; Kendry, s. s.; P. Weatherston, 3 b.; McMillan, l. f.; Craig, c. f.; Shaw, r. f.

St. Paul's.—Gillespie, c., s.s.; Dunsford, c.; s. s., Patterson, p.; Fitzpatrick, 1 b.; Sherwood, 2 b.; Rosenburg, 3 b.; Simpson ,l. f.; Logan, c. f.; McDonald, r. f. Umpire—W. J. Stacey.

Mixed Foresomes At Golf Grounds

Prize Winners for Net and Gross Scores.

The largest number of members of the season were at the golf links yesterday, and a most delightful day was enjoyed. The tennis courts were in commission, and some good games were played. In golf the chief feature was the mixed foresomes, in which a large number of players participated. Prizes for net and gross scores were given, the winners being, for net score, Mrs. P. Campbell and Mr. A. Poc, and for gross score, Miss Kingan and Mr. T. D. Mullholland.

Tea was served at 5 o'clock, at the club house.

THE ROYALS WON AT LAKEFIELD

The Royals, a juvenile baseball team, took a holiday trip to Lakefield yesterday, and celebrated the day by defeating a team representing that village. The score was 18 to 10, and this win is practically creditable in view of the fact that the Royals' opponents were considerably older. The winners lined up as follows:—Clancy, c; G. Long, p; Hickey, 1b; Hawkins, 2b; R. Long, 3b; Thompson, ss; Doherty, rf; Graham, lf; Stevens, cf; Umpire, Porter.

BASEBALL

Norwood was defeated in both exhibitions of baseball on their grounds yesterday. The game in the morning was played against Hastings and resulted in a victory for the latter by 14 runs to 6.

The Hastings battery was Quinlan in the box and Graham Pilling pitched for Norwood in the morning and Shea did the receiving.

Havelock won the afternoon game by 7 runs to 3. Weldon and Kemp were the home battery and Raitray and McCory for Havelock.

• • • •

Great interest is being taken in the Guild League game between George Street and Charlotte Street to-night. The following members of George Street are asked to be on hand:—F. Parnell, W. Parnell, W. Weatherston, P. Weatherston, Crane, Kendry, Shaw, McMillan, Pedlar, Curtis, MacClarry.

• • • •

The Lilies defeated the Spaldings by a score of 13 to 9 on the former's ground yesterday.

The batteries were:—For the winners, G. Butcher, B. Taylor and C. Fogue; losers, J. Moore, V. Hayes and F. Coughlin.

• • • •

The Young Lilies hereby challenge the Junior South Wards for a game of ball to be played as soon as possible. F. Collins, captain.

FOOTBALL

In Bowmanville yesterday the home team in the first senior Midland League game of the season defeated Cobourg by 3-1.

• • • •

Bowmanville intermediates won from Cobourg yesterday afternoon by 3 goals to 1 on the grounds of the former. The return game will be played at Cobourg on June 9th. The winners will play off with the Quaker Intermediates.

• • • •

Main, of Fenelon Falls, will referee the Harwood Quaker game to-morrow.

• • • •

The Quakers will probably go to Harwood a week from to-morrow to play the return game.

• • • •

The League game to-morrow commences at 3 o'clock, sharp.

• • • •

Sherlin and MacPherson, of the Omemee forward line are fast men.

• • • •

Main sustained his old reputation as a strong defence man at Omemee yesterday. His spectacular punting was applauded by the supporters of the home team as well as the Fenelon rooters.

Lady Gothard Was Prominent

Took Second Money in 2:25 Class at Mitchell Yesterday.

Martin Connors' Lady Gothard was prominent in yesterday's races at Mitchell, taking second in the 2.25 class and fourth in the free for all. The mare is stepping faster than ever this season. A despatch says:—

Mitchell, May 24.—The Sporting Association had a fine day for their celebration here to-day, and a very large crowd came to town. In the morning a game of lacrosse between St. Mary's and Seaforth resulted in favour of the latter. The races in the afternoon resulted as follows:—

2.35 trot, 2.40 pace.

Hattie Ferguson, b.m., J. Corbett, Teeswater	1	1	1
Lady Gothard, b.m., Martin Connors, Peterborough	2	2	2
Silver Dime, g.m., J. C. Curran, Oil City, Pa.	4	4	3
Easy Bert, s.g., S. Campbell, Bros., Stratford	3	3	dr

Time, 1.10, 1.08, 1.10.

2.20, trot or pace.

Myrtle O., c.m., R. Davidson, Mitchell	1	1	1
Lady Amber, b.m., W. H. Knight, Stratford	2	2	2
Autumn King, b.g., C. J. Curran, Oil City, Pa.	3	3	3

Time, 1.09, 1.12 1-2, 1.14.

Free-for-all.

Tim Alert, b.s., A. Davidson, Mitchell, Ont.	1	1	1
Easter Sunday, g.g., W. Knight, Stratford, Ont.	2	2	2
Billy Cole, b.g., C. J. Curran, Oil City, Pa.	3	3	3
Lady Gothard, b.m., Martin Connors, Peterborough	4	4	4

Time, 1.05, 1.06 3-4, 1.07.

Miss Paisley Goes to Cook

Fast Mare Has Been Sold by Mr. Geo. Lipsett.

Miss Paisley, the fast black mare with a mark of 2.8 who made such a splendid showing at yesterday's races at the Driving Park, when she won three straight heats in admirable style in the .38 class, has been sold by Mr. Geo. Lipsett to Mr. H. A. Cook. Mr. Cook formerly owned the mare, but sold her to Mr. Lipsett some months ago. She has showed such good form lately that he has repurchased her. Mr. Cook is a good mechanic with the ribbons and Miss Paisley is a fast mare so her owner seems to have a chance of making a few greenbacks. He did yesterday, by the way.

GEORGE STREET WON THE PROTEST

A special meeting of the executive of the Guild Baseball League was held on Wednesday night to consider the protest entered by the George street team on the game played on Monday. Evidence was heard on both sides, and the decision was rendered in favour of the protesting team. The game was ordered to be played over again, from the point when the protested decision was rendered. At this stage the score stood 3-2 in favour of the Charlotte street team. This was agreed upon by both teams as satisfactory. The game to-night will therefore commence from that point.

HARWOOD PLAYER BREAKS HIS LEG

Mr. J. E. Sullivan, secretary of the Midland Football League, received word to-day from Harwood to the effect that O'Neil, the centre half-back on the football team of that town, had the misfortune to break his leg yesterday when playing football in Cobourg, an exhibition game between Harwood and Cobourg being played. This accident will prevent him from playing in the game here to-morrow of course.

THE RANGES

A Lakefield Rifle team defeated Warsaw yesterday at the latter's ranges by about 11 points.

MUSIC AND DRAMA

THE MOVING PICTURES.

Complete in detail and a most truthful story of the most terrible catastrophe of modern times, the marvellous moving pictures of the San Francisco earthquake and fire taken by the Prisco Motion Picture Company, are to be exhibited in Peterborough, at the Grand, on Monday, May 28th. A weird and life-like reproduction of a calamity of the magnitude of the San Francisco affair was hardly expected, by the country at large, but skilled operators on the ground, with a plant which escaped destruction in the earthquake, secured a magnificent series of views which portray exactly as they happened the heart-rending scenes which followed the crushing of the beautiful California city by the terrible earthquake on the morning of April 18th, and display in detail the progress of the holocaust which followed in the wake of the earth's convulsion.

• • • •

WHAT HAPPENED TO JONES.

Broadhurst's famous farce-comedy, "What Happened to Jones" was the offering at the Grand on Wednesday night and provided one of the most entertaining of the season. The plot is a good one, capable of many laughable climaxes. Ebenezer Goodly, a professor of anatomy, is urged by his prospective son-in-law to go and see a prize fight, and in the interests of science consents. In spite of the fact that the police are supposed to be fixed, the place is raided. Ebenezer reached terra firma by means of a water-spout and the two reach home in a dilapidated condition after an exciting chase from the police. Jones, a hymn book traveller, with playing cards as a side-line, follows them home and here the trouble began. Several things happened to Jones and more to the Bishop of Ballarat, whose identity Jones assumes. Richard Milton, as Jones, made a big hit, and he was ably supported by the company. Emma Gallagher, as "Cissy," and George Bennett, as the professor, being especially strong.

RICE HARVEST AT RICE LAKE

Mr. W. J. Edmison, proprietor of the general store at Harwood, Rice Lake, reports business there more brisk than it has been for many years. Mr. Edmison has an extensive trade with the Indians of the lake, and deals in Indian rice, and other effects manufactured by them. Rice has been coming in in large large quantities during the past season and the business in this respect has been unusually lively.

Take Hall's Family Pills for constipation.

DUNCAN ROSS IN HARD LUCK

London, May 23.—Fred Morrison was arrested last night, on a charge of stealing $15 from Capt. Duncan C. Ross, the athlete, who is conducting a series of exhibitions at the Y.M.C.A. Capt. Ross claims that Morrison and another fellow, who was selling the admission tickets at the door, cleared out with about $15. The other fellow has evaded arrest so far.

THE DAYLIGHT STORE

A Woman in the Case

A woman was at the bottom of it. She said to her husband, "Why don't you go to LANG & MAHER'S and see what kind o Clothes they have anyway, instead of paying such high prices to have them made?"

The man came, doubting at every step. Said he didn't think we could fit him, but just wanted to look around for curiosity. We persuaded him to try on a Coat, and, of course, easily convinced him that his ideas of Ready-to-Wear Clothes were all wrong.

There are not only different sizes, but different cuts —for the stout man, the slender man, the tall man, the short man—so that it is now the exception, rather than the rule, not to be fitted in our Ready-to-Wear Clothes.

Beautiful Suits from $12.00 to $18.00

Quality costs us more, but it holds our trade, and nothing but merit keeps us busy.

Lang & Maher, 409-411 George St., **Peterboro**

Mr. Thos. Rountree Tells Of Early Peterborough

An Interesting Story of This City in its Primitive State Given by One of Its Pioneers—Has Been a Resident Here for Over Seventy Years—Practically Nothing Left to Identify This City as the Peterborough Mr. Rountree First Knew.

Every citizen of Peterborough has a natural pride in the beauty and progressiveness of the city, as every Canadian has a similar pride in the present position and promise of future greatness of the Dominion. These conditions are very largely due to the fact that the pioneers of the country firmly laid the foundations. This applies not only to statesmen and public men, but also to those who work in a less conspicuous sphere, but, at the same time, in their way, did effective service in converting the wilderness into the semblance of improved conditions, and paved the way for what we now enjoy of progress and competence. In view of the important part played by the veterans and pioneers, it is interesting to hear from the lips of the survivors of the early days of Peterborough and vicinity a relation of the circumstances, and conditions, which they met, and had to contend with and overcome, and also to contrast the state of things then prevailing with those in existence to-day.

An Early Settler.

Of the earliest settlers, only a few are living. Among these is Mr. Thos. Rountree, now living, and at the advanced age of over 82 years, still with active intellectual faculties, and a clear memory of events and happenings of over three score and ten years ago.

Mr. Rountree came to the comparative wilderness that is now the site of this busy city in 1834, at the age of ten years, accompanied by his parents. When seen by a representative of the Examiner, he told many interesting details relating to his early recollections of the country. On arrival in Peterborough the family settled on the Ashburnham side of the river, and Mr. Rountree entered upon his apprenticeship of shoemaker, a year after his arrival, when 11 years old, serving his time with the late Jos. Lannin, a son of whom later carried on a tanning business, which will be remembered by the older residents. The Peterborough of that time had a population of about one-fifteenth of what it has to-day. Robt. Nicholls, husband of the late Mrs. Nicholls, who has been such a generous benefactor of Peterborough, was the merchant of the village at that time. Mr. O. Morrow, father of Mr. R. A. Rountree, was one of the leading citizens, and Mr. Rountree remembers Mr. J. J. Lundy when the latter was only one year of age. Mr. Jas. Ames, shoemaker, was another early citizen, who is still living. Of course primitive conditions prevailed; there was not a single cooking stove in the village, culinary operations being conducted in open fire places. Such a thing as a brick was unknown. The houses were built of wood, with huge chimneys and fireplaces of stone.

Only Taverns.

There were no hotels in those days —they were called taverns. The principal one, conducted by Robert Chambers, was situated on the present site of Madill's drug store, and another was situated where the American Cereal Works are now, and kept by a man named McFadden. Chambers, who owned the large block of property extending from between Hunter and Brock streets, from George street nearly to the creek, opened Chambers street, naming it after himself.

The only church structure in Peterborough at that time was situated in this block previous to its purchase by Chambers. It was a wooden building, resting on posts, and there Roman Catholic services were conducted. It was heated by a sheet iron stove, and one Sunday evening the place took fire and was burned, the fire in the stove probably having been left burning after the church service was concluded. The present site of the Cathedral was afterwards granted by the Government, (about seventy years ago.)

The Stothart family were among the earliest settlers, having settled in Smith before Mr. Rountree's arrival in Canada, and previous to the Robinson immigration.

Many Indians.

The Indians then in the vicinity of Peterborough were more numerous then than they are now, but not so far advanced in civilization. They could not speak English like the red men of the present day. Blankets, guns and ammunition were taken instead of money. Four years after Mr. Rountree's arrival in Canada the rebellion of 1837-8 broke out. He was then in the employ of Mr. Geo. Armstrong of Emily, and although only fourteen years of age, went (on foot) with his employer, to Port Hope, to join the loyalists' forces as a drummer, but was rejected on account of his smallness of stature.

In those days Ashburnham was called the Scotch village, because a member of the Burnham family, after whom the village was afterwards named, owned 200 acres, surveyed into a village, and granted a large number of Scotch immigrants half an acre of land each.

Early Navigation.

Mr. Rountree had the honour, quite a distinction in those days, of coming up the Otonabee in the first steamboat ever run on the river. The boat bore an Indian name, which when interpreted, meant, "Pay the cash and go along. A man by the name of Edmison was the engineer, and his son, Alex. Edmison, still a resident of Peterborough county, had charge of a small bar that was conducted on the boat. A larger boat, the "Sir Francis Bondhead," named after the Governor of Upper Canada at the time, was built later to ply on the river.

Most of the old landmarks have disappeared, and as far as Mr. Rountree's recollection goes, "old things have passed away, and all things have become new." George street

MR. THOS. ROUNTREE.

then had not the gentle slope southward it has now. At one place it would have served as a toboggan slide—the hill at the northern end of it. It was cut down to a great extent at one time and stone foundations put under the houses on it.

Real Estate Values.

To illustrate how conditions have changed, and to show the difference between primitive and present land values, Mr. Rountree mentioned that he was offered the half acre of land on the corner of which the present Bank of Toronto building is situated, for a pair of boots and the price of the deed, and this offer was not considered a Wise one to accept. Mr. Rountree told many other interesting incidents referring to the early settlers, and Peterborough in its babyhood days.

Mr. Rountree followed his trade till about three years ago, having been actively engaged at it for a period as long as the limit of life set by the Psalmist — three score and ten — being eighty years of age, when he considered he had earned a rest, and now lives with his only son, Mr. A. Rountree, the well known George street grocer.

Mrs. McDonald Seriously Ill

Many Visitors in Keene for One Sunday.

Keene, May 21.—Misses Blanche Clarry, Mabel Harrison, and Minnie Wilson, spent Sunday in Hastings.

Messrs. A. W. Secombe and J. D. Lunday wheeled to Hastings Sunday.

Rev.. Mr. Wilson returned Monday from a visit to Belleville.

Rev. Mr. Johnstone, of South Dummer, conducted services in the Methodist Church Sunday.

Mrs. W. J. Mein. of Peterborough, who has been visiting in Keene, returned home Saturday.

Mrs. (Rev.) D. D. McDonald is seriously ill with pleurisy.

—Advertising car No. 1, of Coles Bros' Circus and a large staff of advertising officials and men are in the city to-day.

New York Will Be Destroyed Inside Of Only Two Years

This is the Amazing Prophecy of Lee Spangler, Who Foretold the San Francisco Earthquake and Other Things.

By Lee Spangler.

New York is an ill-fated city, like San Francisco. A destructive earthquake will come to it within two years. San Francisco was a wicked city. When I predicted last December that there would be a destructive eruption of Mount Vesuvius I also made the prediction that destructive earthquake shocks would visit San Francisco and other settlements on the coast.

It was communicated to me by the Lord that San Francisco was to be shaken to the earth and swept by fire because of its wickedness, but, ah me! San Francisco, with its opium joints, its gambling resorts, its dens of vice, its cosmopolitan mixture of vagabonds and rogues, is not to be compared to sinful New York, the worst city in the world for high crimes.

The real god of our fathers is no longer worshipped in the metropolis. The people there bow down to a new, Deity—the Deity of the sordid and greedy, the hideous god Mammon!

Wall street is the centre for all the high crime for which greed is responsible. There the schemes that are to rob and oppress the people are planned and set in practice by men who go unpunished because they have made themselves more powerful than the laws of the State and nation. But the mighty cannot escape the laws of God. The palaces that New York millionaires with their ill-gotten gains have reared will be shaken down about their heads.

Light earthquake shocks will be felt on Manhattan Island from time to time. There will be disturbance in New York Bay and on Long Island. Then, finally, the great shock will come. Wall street will be laid in the dust. Skyscrapers will settle into the earth, and fire will sweep the Island of Manhattan as it swept San Francisco. The Statue of Liberty will be thrown down like the great "Colossus of Rhodes," because it is a mockery.

The first earthquake shocks to visit New York will come as warnings from God, but they will not be heeded because the inhabitants — those of them who are in power — are too greatly steeped in sin. The earthquake area surrounding New York will be large. Many towns will be destroyed. There will be great distress. The rich oppressors will be the greatest sufferers. The poor, who are sure to bear, shall escape.

Mobs of hungry men and women will rove over the island taking from the rich, stripping the bodies of the dead and looting the fallen mansions.

All those churches in which hireling sophists preach false doctrines—those churches where wealth reigns and the spirit of God is not—will be shaken down, never to be reared again, for they are false temples to a false god.

In the meantime, several terrific storms will sweep over New York City, causing much damage. There will be severe earthquake shocks in Spain within the next few months. The rivers of Russia are going to become dry and there will be great suffering there from drought.

There can be no cheerful prospect when there is so much wickedness. These are the days of vengeance. Great disasters, mighty calamities are to visit the earth, because the end of the world is not far off.

The Geological Survey Has Big Programme

Much Work in View for This Department---New Director Appointed--Grand Trunk Pacific Region to be Explored --One Officer Will Search for Coal in the Rockies—Deep Boring in Nova Scotia.

Now that the summer is almost upon us, the staff of the Geological Survey are preparing for the season's field work. The appointment of a new director naturally creates more than ordinary interest this year as to how that work is to be apportioned. Several parties are to be sent out, and every province of the Dominion seems to be fairly treated. Of the most important work to be done the following may be cited:

Grand Trunk Pacific.

The area to be explored by Mr. R. A. A. Johnston in central and northwestern New Brunswick, will be essentially confied to a narrow strip on either side of the proposed route of the National Transcontinental Railway. Trial lines have been run by the railway engineers over the whole distance but the routes to be used for some sections have not been decided upon, more particularly the section from Grand Falls southwards to the neighbourhood of Boiestown. The work to be performed over the area in question will consist of an examination into its general geological and natural features and mineral resources.

In addition to the work thus cited, Mr. Johnston will, as opportunity permits, continue his investigations into the subject of Canadian meteorites, with a view to making the bulletin thereon as complete as possible. It is not at all improbable that several of these bodies are in the hands of private parties, where they remain merely as curios, and many more, no doubt, remain partially or wholly buried in the soil of the earth's crust.

Parties therefore knowing anything of the whereabouts of any of these bodies, or who may have such in their possession, would confer a great favour by communicating information regarding the same to Mr. Johnston without delay, by, whom such favours would be greatly appreciated.

Deep Boring in Nova Scotia.

Mr. Fletcher will visit and report on the borings being undertaken by private companies north of New Glasgow, and elsewhere. It is the intention of the Government to aid in the deep boring operations at New Glasgow, and Mr. Fletcher will see that proper records are kept of the cores, and will also verify the depths sunk and the distance bored during the coming season.

The present depth of this boring, which is being put down by cable drill, is about 3,100 feet. The object of the work is to penetrate the conglomerate formation that is supposed to overlie (hereabouts) the coal measures.

Application has been made by the Newfoundland Government for the services of Mr. Fletcher, who, should the application be granted, will examine the coal deposits of that Island.

Coal in the Rockies.

Mr. Dowling will be employed during the coming season making explorations in the eastern portion of the Rocky Mountains between the Red Deer River and the Athabaska. From the Red Deer the extreme northern end of the coal basin that is being mined as far south as Canmore, will be mapped out, and other basins within the above-mentioned area will be sought for. It is in the disturbed area of the Rocky Mountains that the hardest and best coal is to be found, so that it is important to ascertain all the possible coal-bearing areas so situated.

The building of new lines of railway through these northern passes has drawn attention to this very little explored portion.

Southern New Brunswick Explorations

The work about St. John, N.B., by Dr. Ells, will comprise a detailed examination of several of the geological formations there exposed. These range from the lower crystallines, usually styled Laurentian, through Huronian and Cambrian, and, with some gaps, into the Lower Carboniferous. Certain of the Huronian rocks between the city and Loch Lomond resemble in character those of the Silver-Cobalt belt between Sudbury and the head of Lake Temiskaming, though no trace of economic minerals has yet been found in this part of the Province. The Cambrian and Devonian rocks about the city are especially fossiliferous, and large collections have been made from time to time, more especially of the former, by Dr. G. F. Matthew, who has made a special study of these ancient, fossiliferous rocks.

Geologically the field is a most interesting one. The maps will be compiled on a scale of one mile to the inch, and will extend from the vicinity of Musquash harbour on the west to Black River and Loch Lomond on the east, while northward it will include the lower portion of Kingston peninsula.

Cures Rheumatism

"I had an attack of Rheumatism—pains near my heart—which increased to such a degree that I became very anxious. I lost my appetite, and an intense itching or heating of the head made life miserable. I asked a druggist, was there nothing he could suggest that would help me, and he replied 'Why not try ABBEY'S SALT?'

I did so, and can now state positively, and without solicitation that the Rheumatism has disappeared—my appetite is grand—and the itching of my scalp has ceased.

I suggested to my aged Father and Mother that they should try ABBEY'S SALT for their Rheumatism—and they tell me they have received immense benefit."

Name given on application.

25c. and 60c. a bottle. At all Druggists.

Abbey's Effer-vescent Salt

The Adventurers

By H. B. MARRIOTT WATSON

COPYRIGHT, 1899, BY HARPER & BROTHERS

Continued from last Saturday.

The river opened wider, and the banks fell away on either side, sloping softly up to great black heights, and now a current from the sea came humming over the river bar and met us, striking the tub's beak with a dull plash. She swung and twisted, groaning in her sides.

"That's the estuary," said Montgomery.

Sercombe leaned forward. "And we've not caught 'em," he said musingly. "Hood must have had a notion. Well, you see, he was bound to push on."

Our changes had taken place with punctuality, and now I lay across the bows and had my ear to the channel.

The wind came up and blew gently about my face. "Good," sighed Sercombe, "that's refreshing. I thought I should stifle."

Sheppard, who was a yachtsman, cast a glance over his shoulders at the black horizon, but he said nothing. The current throbbed under the belly of the boat, and she rose and fell upon the waves.

"I suppose we're out now?" asked Sercombe.

Darkness environed us, and I could see nothing forward or upon the left. A gloomy mass of shadow lay upon the right hand.

"We're hugging the right bank," I said. "I think we're in the estuary. I can see nothing."

"Well, keep her in close," said Sercombe, jerking his rudder. "That wind's coming up a bit."

A flaw sailed out of the night and played upon us sharply. With that current drawing below her and under the stress of the gust she reeled and hung. Then she began slowly to creep along the water. Sercombe jammed the boat close to the shore. Then out of the abysmal darkness the wind brought a new sound to my ears.

I turned to the others. "They're in front," I murmured.

"What's that?" called Sercombe from the stern.

I spoke louder.

"Give me the sculls," said Sheppard. "Confound your hulking form, man! She'll fill if we give her the ha'p'orth of a chance. Keep under the lee of the shore, and we'll run her along."

"Go double, boys," urged Sercombe.

They bent to their work with zest, and the boat spun along in a lull of the wind. The sound of oars dipping in water grew clearer.

Sheppard dropped his scull. "It's all right," he declared. "We can catch them. I've no doubt of that. Let's think. What are we going to do?"

"Why, catch 'em!" cried Montgomery.

"We must strike somewhere and some time," said I. "The question is shall we do it now."

Sercombe sat considering, and I think we all unconsciously were awaiting his decision. He pulled the rudder strings suddenly with resolution

"We'll get a bit nearer anyhow," he remarked, "and the wind will keep our news from them. But I fancy this has got to be settled on terra firma."

"I agree with you," I assented.

"Pull on, then," he replied and himself prepared for action.

As Sheppard and Montgomery dipped their oars a swell of the tide struck her on the broadside, whither she had fallen away. Simultaneously a capful of wind darted upon us. The tub rolled over and kicked till the gunwale lay under the water. We flung ourselves

The dingey sank slowly.

to the farther side, and she righted, the sea pouring in a cataract across her bows. Her nose sank deeply in the trough, and I felt the boards slant away from me toward the stern.

"She is sinking!" said Montgomery.

"Give way! Give way!" called Sheppard sharply. "Put her head up!" And the two drove the sculls through the masses of foaming water. The dingey took a jump forward, broadside on to the water, and under the brisk strokes of the rowers leaped a second time. Then her bows went down, and, rolling her head to one side like a wounded porpoise, she sank slowly with a gurgling and a churning of water.

When I saw that a wreck was inevitable I dropped into the sea and struck out for the shore. Three or four strokes brought me into my depth, and I stood waist deep in the tossing waves and looked for the others. I called to them loudly, and one by one they emerged out of the darkness of the foam. We stood together dripping on the flat shore.

"This is a good thing," was the first thing Sercombe said as he wrung out the wet from his coat. "I said we should have to fight it out ashore. You see, we daren't have risked the treasure afloat."

There was sense in this, but it struck me comically at the time.

Health in The Home

Wall coverings containing arsenical coloring matter, stuck on the wall with paste that moulds, impregnate the air with disease germs; and paint obstructs wall respiration. "Walls to be healthy must breathe." Kalsomine rubs and scales off.

Church's Alabastine

A Healthful Wall Coating

is the cheapest, the easiest to put on, and the most sanitary wall-covering. It is a porous cement which hardens with age, and admits of the free passage of air through the walls. Economical—lasting—healthful—and beautiful.

In twenty tints and White. Sold by all Hardware and Paint Dealers. Write for free booklet of instructions to decorate with ALABASTINE.

A Few Good Things Said by

Women

About Dr. Hugo's Health Tablets

We wish every run-down woman and every woman suffering from some disorder peculiar to her sex could read the letters we have from grateful users of Dr. Hugo's Health Tablets.

They would never afterwards doubt our statement that "They make Healthy Women."

We never violate confidence. We never yet published a letter without permission. There will be nothing wrong, however, in giving the following snatches from letters recently received.

"I think they are just wonderful."

"In less than a week I could see good results."

"I couldn't have got more good if I had gone to see Dr. Hugo himself."

"My physician gave me the first box."

"I am feeling now like a new woman, have better color, eat better, sleep better, feel better."

"Health Tablets have done for me what my physician seemed unable to do, i.e., made me a healthy woman."

These few abstracts show the appreciation in which these tablets are held by those who have used them.

If you are sick or not feeling as well as you would like to, we want you to take a box of these tablets.

You can't realize until then how much good one box will do you.

They Make Healthy Women.

goes wear"

"Anything would go in this weather," returned Sheppard.

Sercombe laughed. "It's a good night for us," he observed.

Montgomery at this juncture raised a cry which took our eyes to him. The light was rising over the water, and a soft darkness ruled.

"I see them," he said.

"You're right, by Jove!" cried the captain, from the bows. "She's there."

Sheppard peeped under the sail. "A yawl," he said, "and we can catch them if we want to."

Not a hundred yards separated the two boats, but it was questionable if they would see us unless they were on the lookout for us. Certainly in that coil of wind and water no sound of us would reach them.

"We've just got to hug them now," said Sheppard, "until it gets lighter."

"No, no," said Sercombe impatiently. "Lay here alongside. I want to come to terms with Mr. Hood."

Sheppard leaned to me. "What shall I do, Ned?" he asked in a low voice.

"Go ahead!" called Sercombe in a loud voice. Sheppard eased her and let her run.

The yawl was creeping close hauled on the other tack.

"We can beat her if we give the lugs their full advantage," explained Sheppard. "Close hauled she'll move a yard to our foot."

So far so good. If we had not been seen we were all right and could come on them later with a wet sail. The wind blew sharply up the channel, swelling into a gale. The night was flecked with bright points of light, and then they died, and a mist of rain crept down. In a little the yawl had disappeared, but by the last glimpse we had of her she was fighting up inch by inch. Sheppard ran down for some minutes, and then he jammed the tiller down, and the boat came up into the wind. The lugs flawed and rattled. Montgomery and Sercombe took the sheets. For a moment we hung in the wind, silent and motionless. It was only for a moment. In that moment Sheppard's eyes met mine. I knew what he was thinking. Even then we might have paused, and yet not so. Sercombe in the bows seemed possessed of a devil, roaring against the wind and the tide and laughing aloud with diabolic delight. Montgomery's face was set with the lust of battle. Sheppard said no word, but his eyes returned to the leaping water. He put up the tiller slowly, and then the lugs flew out in the wind.

"Let her go!" yelled Sercombe from the bows.

Sheppard jammed up the tiller, and away, like a leaping tiger, sprang the lugger upon her prey. The black deeps of that greedy channel were broken into pools and mountains. Fountains of green water spouted upon all sides, and we were plunged into drenching spray. And upon all this pomp of war and deviltry the dawn broke slowly.

Before us, and still creeping up the wind, scarce 200 paces, we made out the yawl, but the light served us no further through that gray curtain of rain; but the next moment we were aware that Hood had awakened to our neighborhood, although he could not have suspected our identity or our errand. A voice shouted something from the yawl, but we could not catch the words. Hands were gesticulating, and then a light was flashed. Sheppard kept her nose pointed grimly, and finally the yawl altered her course.

"If it comes to tacking, they'll do us," said Sheppard.

On the course we were holding, however, we outsailed the yawl by two to one. The wind took us almost astern, and we overhauled her. The figures on the yawl grew clearer, distinct against the gray light, as we rode into the trough.

By this time we were plain to her occupants, as plain as they were to us, and I could make out Hood himself standing by the big mast with one arm about it. A Greek stood near him, and one was at the helm. He stood without moving, watching us with those stealthy eyes I knew so well. The roar of the rain and wind upon the water was deafening. We descended into the trough of the waves, and when we rose Hood stood at his post, his hand stretched forth to the Greek. The next minute he held a gun to his shoulder.

"Look out!" I sang out to the bows.

The two boats were now quite close, tossing on the same piece of water. Even through that hurly burly the sharp report reached my ears, and at the same time Sercombe staggered and went back against the sail. It was all instantaneous. The Greek shifted his tiller, and the yawl sheered off. Montgomery pulled Sercombe up and propped him in the bows.

"It's all right, my lad," he said "That black devil got me. I meant to do for him. Well, it's luck."

We gave him some brandy, and he spoke no more, breathing with difficulty.

I turned to Sheppard. "Let her away!" I cried furiously. "We'll have that bloody scoundrel or die for it."

The boat dipped her nose and once more forged over the yawl's counter. "Keep a watch on him!" I cried.

Montgomery took his pistol from under his waistcoat. I gripped mine. I think we were all taken with the frenzy of bloodshed.

"Board her!" cried Montgomery.

"Lay her along!" I shouted. "Lay her along!"

Sheppard twirled his tiller, and the lugger struck the starboard quarter of the yawl with a crash. Instantly Montgomery leaped, pistol in hand, upon the enemy.

At that instant a shrill scream of terror from the Greeks stayed my foot in the act to follow. I beheld Hood, with his raised arm holding a knife, his nostrils distended, but his eyes were not on me or toward the boat. They were directed across the empty, yelling sea and that gray mist of rain. These facts passed in a moment. I had an instantaneous impression of that devil with his implacable and imperturbable face, leering as it were upon me, and then I heard his shout, and his arm went up toward the sky. Montgomery had stumbled into the yawl, and his hand had knocked down the man at the helm. The yawl tossed and flapped in the heaving water. Hood leaped toward the helm. I saw him gesticulate at Montgomery, and it was only then that I looked in the direction in which his eyes were set.

Simultaneously there rose upon the gray dawn, compounded horribly with

Before us loomed the black hulk of an ocean liner.

those dreadful noises of the storm, a great shrill sound, and upon our port bows loomed the black hulk of an ocean liner making for the sea.

That was the impression of one moment. The next she was upon us, a monstrous menace of death. Her cutwater struck the yawl amidships.

* * * * * * *

Even to this hour I have never been able to dissever the sequences of that tragic moment. I saw the yawl part and dissolve in a mist of water, and then my next recollection was of bumping and grinding in the boat against the iron shell of the liner. Windows full of lights passed before me, and voices called, and then we were swung out again like a teetotum upon the wilderness of brawling water.

The liner sheered off into the darkness, and there was nothing visible. Sheppard kept the tiller hard, and we rolled and tossed together. The wind, as though its dreadful mission were fulfilled, dropped suddenly away, and we were conscious of a silence. Suddenly Sercombe's voice broke on us, startling me.

"Give me a little brandy, Greatorex."

I handed him the flask, and he set his lips to it. "Put your hand down here," he said, pointing to his breast. I did so. "That's the place. I know when I've got my dose. I was always good at that." He was silent for a moment. "I'm glad I saw the man die," he said presently. "I was right, after all. I swore I'd see him out. But I'm sorry about the boy."

I had nothing to say, and he sank into silence again.

"There's that steamer coming back, Greatorex," he said after a time.

I looked and saw that he was right.

"They'll pick you up," he continued. Then: "See here, this thing's been badly managed. It's been a stomachful for all of us, but there's no need to make it worse than it is. But I'll tell you what. This gunshot is not going to be easy for you, not by a long slice. It looks ugly, Greatorex, and that's a fact. A yawl run down—there's no harm in that—but when it comes to letting blood, why, there's sure to be questions."

The lights of the liner gleamed a hundred yards away, and a voice hailed us.

"That's gospel truth," said Sercombe thoughtfully. "And the treasure's at the bottom of the sea, along with one good man at any rate." Once more he was silent, and once more he resumed, speaking with difficulty: "I've got my gruel. See here, this is my affair. I'll not play Jonah in the circumstances."

He ceased and, raising himself upon an arm, looked toward the liner. Then with a swift movement of his body he pulled himself upon the gunwale and rolled off into the water.

I uttered a cry and rushed to the edge of the heaving boat. There was no sign of body, alive or dead, in that tumultuous waste of waters.

Sheppard sat trembling, with his hand on the tiller. He whimpered. The boat's head fell off and fell on, and we rocked on the disordered face of the sea.

I went over and took the tiller from his hand, and I put her nose toward the liner.

THE END.

S. A. Band Should Receive Support

Council Should Give Them a Liberal Grant This Year.

While the Salvation Army Band has not yet appealed to the City Council for a grant, it is probable that they will do so in a short time.

Last year they asked for $200, and were granted $75. The band should receive more than that sum this year. It is an organization which is a credit to the city, and is ever gaining strength. A good band advertises a place and if only for this reason alone it should be liberally supported and encouraged. It may not be generally known that the band-members buy their own uniforms and pay a monthly fee for the purchase of music. The band, it is said, is in need of funds at the present time. There are at least six more men who could be placed at once in the band if there were instruments for them. Although the band takes up collections on Sundays the money is not devoted to them.

What We Claim for Ferrol

FERROL is an Emulsion of Cod Liver Oil, and if it were nothing more it would take front rank because of the quality and quantity of the oil used and the scientific method of preparation. But **FERROL** has special claims which take it out of the ordinary class of Emulsion altogether. For instance:

FERROL combines Iron and Phosphorus with the oil, and no other emulsion contains these ingredients, although it is well known that they should always be administered together, as each is the complement of the other.

FERROL is so scientifically prepared that the first processes of digestion are actually performed in the process of manufacture, and the emulsion is ready for instant absorption into the blood. This is of the utmost importance to persons with delicate stomachs.

FERROL

unlike other emulsions, is positively palatable, and not one in a thousand find any difficulty in taking it.

FERROL contains the three essentials of life, viz.: Fat, Iron, and Phosphorus—they have never been combined before.

FERROL holds the record for increasing the weight.

FERROL has received more endorsations from medical men than any other preparation on the market.

FERROL will cure any case of Consumption that is capable of cure.

FERROL is an absolute specific for **Colds, Croup, Bronchitis** and all kindred troubles.

FERROL is an unfailing remedy for nervous prostration, Chronic Rheumatism and Neuralgia.

Finally, the formula is freely published, and in taking **FERROL** you **"Know what you take."**

WHITE SAPPHIRES

By POMONA PENRIN

Copyright, 1905, by McClure, Phillips & Co.

I waited until Gabrielle's little left hand lay upon the hammock's edge, temptingly near, and then I slipped on the hoop of pearls. We had been engaged almost two months, but it had been a ringless engagement, because Gabrielle said that a ring was extravagant.

"John," she cried now, "why—oh, you shouldn't!"

"But I should," I persisted. "Besides, I doubt if betrothals are legal without rings."

"I love pearls," said Gabrielle, but there was a little pucker in her forehead that nature had set there to warn me—and other men, alas—when she was not quite pleased. I watched her in secret alarm. In spite of her protests, then, she would have preferred a diamond.

"No, I wouldn't," she said positively when I said so. "Really, I wouldn't. But I was wondering"—

"Wondering what?" demanded I, palpitating.

"Everybody will have to know now," the truth came. "Everybody will see it on my finger."

"Well," said I in relief, "that's what I want."

"Not right away—you know we said not right away," said Gabrielle hastily.

I looked away through the vines of the veranda and glowered at all the sunny world. Gabrielle's "not right away" was disquietingly elastic. She had been using that phrase for two months.

"I'll tell you," she solved the matter brightly, "when we go to places I won't wear it on this finger—for a little while, you know, John. I'll just wear it on this finger—for us."

Gabrielle was never so alluring, but I hardened my heart.

"So," I said, without looking at her, "the reason that you said a ring was an extravagance was because you did not want Mr. Algernon Phelps and the rest of them to know. I hadn't thought of that."

"Certainly it wasn't," flashed Gabrielle. "You are insanely suspicious, John. Algernon Phelps!" she finished. "He is quite old enough to be my father."

"He isn't old enough not to give you presents," said I, "which you have no right to accept."

Gabrielle looked at me in amazement. Well she might, for in those two months, despite the fact that I had bitterly resented the continual presence of big, devoted Mr. Algernon Phelps at their house, I had resolutely concealed it.

"John," she cried, "how ridiculous! He is mother's friend."

"And in love with you," I grimly supplemented.

Gabrielle laughed—a ringing, adorable little laugh that made me wish our engagement had never come between us. We were perfectly happy before we were engaged.

"That's very funny," said Gabrielle frankly. "He has given me presents since I was six. However, that isn't the point. I'll wear the ring on the right finger—I mean on the right left finger—really I will, dear. I'll wear it to the Holdons' tonight."

"Will you, sweetheart?" said I, pacified, "and will you want to, Gabrielle?"

"Of course I want to wear it with all my heart," she said simply.

She spread her two little hands on her blue muslin gown and looked at them, and then I caught sight of the other ring. She wore on her right hand a magnificently carved bit of gold, set with three exquisite white sapphires.

"Gabrielle!" I cried. "Where"—

She smiled at me serenely without moving her hands.

"Mr. Phelps bought it this morning," she said. "I've been waiting for you to notice it."

I sank to the depths of despair. It was not only that the ring was far more beautiful than the little circlet of pearls that I had selected, but it had been brought to her by that man—the great, devoted creature whom I liked in spite of his fondness for Gabrielle—on the very day that we had come into possession of our engagement ring.

"Isn't it beautiful?" Gabrielle appealed to me sweetly.

"It is," said I shortly.

Gabrielle looked first at one ring and then at the other, with charming partiality.

"Two new rings," she said musingly. "Won't the girls envy me! What a pity that I will have to wear gloves at the Holdons' tonight!"

"Gabrielle!" I cried. "Surely you will never wear both rings today of all days?"

"Why not?" Gabrielle wanted to know wonderingly. "Oh, don't be stupid!" she cried prettily. "Why, what can you care for his ring, John? You might as well object to my wearing my baby locket that he gave me when I was in pigtails. It's a beautiful ring—not nearly so beautiful as ours, but still beautiful, and I want to wear them both."

Really this was going too far. That "presents since I was six" matter could not much longer be tolerated. No man appears at a house morning, afternoon and evening, as Mr. Algernon Phelps appeared at the house of Gabrielle, in exactly the spirit in which he came bearing presents to her when she was six. And this final white slapping indignity was not to be borne.

"Gabrielle," I said, in what I believed to be my sternest though most reasonable tone, "I cannot believe that you will be guilty of the—the bad taste of wearing both those rings tonight, and I particularly wish you not to do so."

Gabrielle thought for a moment, and then she laughed, and then her pretty lips set themselves in an unmistakable line, and her eyes met mine fairly.

"John," she said, "I won't let you be so stupid. Don't you see—you dear, silly thing?" She laughed most heartlessly. "I wouldn't wear anybody else's ring with yours—but his."

As if that was extenuation. Matters were now twice as bad. I rose, it being very nearly dinner time anyway. I looked down at Gabrielle.

"That is just it," said I, with formality. "He is the exception to everything. I am wretched over this man's continual presence here, Gabrielle, and I ask you not to wear his ring tonight with mine. Leave one or the other at home, please—whichever you prefer."

As I stalked down the veranda steps I carried with me a picture of Gabrielle's bewitching, petulant face looking up at me in hurt surprise.

"It's the dearest ring, John," she called penitently, "the pearl one. Ours. Thank you, dear."

Then as I turned ready to take her in my arms in the friendly screen of the vines she rose and came to the steps, her little flowery blue gown trailing.

"But I shall wear them both tonight, Mr. John Baden," she said, with pretty mischief. "And you shall apologise too."

"Never," said I, with dignity, and came almost face to face with Gabrielle's mother idling up from the garden, looking a picture in white.

"What big, long words he uses!" cried Gabrielle's mother gayly.

"Mrs. Jocelyn," said I, "if Gabrielle becomes unmanageable will you marry me?"

Mrs. Jocelyn has been a widow for years.

"What commendable thrift for a rainy day!" she said, smiling.

For some reason the question of the white sapphire took on a significance out of all proportion. As I drove to Gabrielle's that evening our love, our future, even her adorableness, which I was never tired of reviewing, were of less moment to me than whether or not she would disregard my wishes about the ring. It seemed to me "one of those straws which tell the wind which way to blow." But I remembered with comfort that Gabrielle had an enchanting habit of obstinacy up to the moment of withdrawal in other people's favor. So as I sat opposite her and her mother on the way to the Holdons' I became comfortably, even triumphantly, sure that there were no white sapphires in the carriage.

When we went down to supper at midnight Mr. Algernon Phelps joined us with his unbearable manner of being wanted where, to be sure, he was wanted by every one but me. Was he, I wondered savagely, after we were married to persist in these visits and presents on the strength of "when Gabrielle was six?" Then I watched Gabrielle feverishly while she drew off the fingers of her gloves and tucked them daintily and with pretty deliberation in her long, loose glove wrists.

The left hand first, and there was my modest band of pearls suiting her delicate little hand to perfection. Then the right hand, and there blazed the white sapphires.

I looked away miserably—somewhere, anywhere. When I came to analyze it I did not care a continental about Mr. Algernon Phelps' white sapphires. I cared only that Gabrielle had not cared to please me.

"And the third one," Gabrielle was saying, "is going to be that new poppy figure. I've seen the favors for that. They are—why, John, what is it?"

"Nothing," said I miserably. She had not even done it to tease me purposely! There would have been some balm of bittersweet in that. My wishes had been simply neglected and forgotten. She did not even trouble to triumph in having carried out her threat.

"Aren't you having a good time?" murmured Gabrielle anxiously.

Really, this was almost obtuse. For answer I stole one glance down at that little right hand and then buried my glances furiously in my salad.

"Oh!" Gabrielle had a fascinating habit of starting a little laugh and then thinking better of it. She did this now and stopped to say in the softest little voice:

"You think that I don't love you?"

"You know it," said I, morbidly.

"I do"—still more softly. This would have been heaven had it not been for that stupid ring.

"I love you so much," she went one, "that it hurts me to have a secret from you. But I have had to—until tonight."

"With Mr. Phelps?" I wanted to know, grimly. He was talking with Mrs. Jocelyn and heard nothing.

"Yes," said Gabrielle, "and with some one else."

Not until I followed her glance did my eye fall upon the glittering little hand of Gabrielle's mother. And on the third finger of her left hand was an exquisite ring of white sapphires and diamonds.

Gabrielle was watching me.

"You dear," she murmured, "haven't you guessed? Mr. Phelps brought her the ring today, and he gave me mine as a peace offering."

"They—you—they?" I wanted to know.

"They didn't want both engagements announced at once," said Gabrielle. "That is why I didn't want to wear the pearls. But I don't care really, John."

I looked over at pretty little Mrs. Jocelyn sitting contentedly beside Mr. Algernon Phelps and then down at Gabrielle, who was laughing at me.

"Neither do I care," I said rapturously.

SNAPSHOTS OF THE MODES.

A Chic Parisian Color—New and Smart Fabrics in Silk and Cotton.

Fraisette is a new Parisian color, a faded tint shading into a brown mauve.

Black and white silk in a large plaid effect, overshot with red dots, is one of the smart offerings of the season.

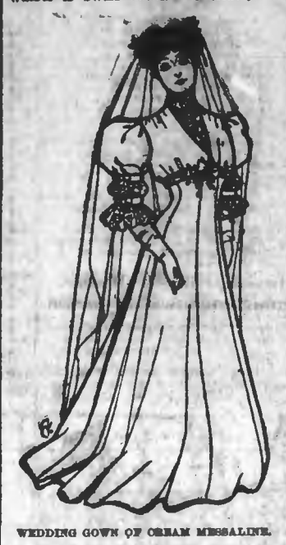
A white suede belt of the crushable order, with one of the newest monogram buckles, is the latest notion in beltdom.

Black chiffon taffeta in forty-four inch width is to be had for $1.50 per yard. Chiffon broadcloth in light spring weights in all the new colorings is to be bought for the same price.

Gaiters are being made to match spring suits and are worn in most cases over black shoes.

In the new round sailor shapes is a hat of soft gray whose only trimming is a bunch of pink roses at the left side.

A pretty material for lingerie shirt waists is swiss lawn. It closely resembles nainsook. Trimmed with insertions of valenciennes between tuckings, the effect is charming.



WEDDING GOWN OF CREAM MESSALINE.

It looks as though the leading types in wedding gowns—the princess and empire and the robe with court train—would flourish after Easter.

Skirts of washable dresses will be made in three ways, all of them familiar to the home dressmaker. There will be the plaited skirt, the fitted skirt and the circular. These styles seem to cover the whole field and to supply every need of the fat woman as well as the necessities of the thinner sister.

The princess wedding gown illustrated is of cream messaline. The bolero has a fichu effect and is trimmed with tulle lace. Brussels lace forms the plastron, sleeve puffs and ruffles. A dainty little lace cravat, with a knot of orange blossoms in the center, closes the jacket in front.

JUDIC CHOLLET.

Why Life Preservers Are Useless.

"On my ship," said the captain, "the stewards, the first day out, go to every passenger and show just how the life preservers are put on.

"The steward first says:

"'Excuse me, sir, but do you know how to manipulate a life preserver?'

"'Why, yes; I suppose so,' the passenger replies.

"'Then, sir, if you please,' says the steward, getting a preserver down. And he hands it to the passenger to put on.

"The passenger, nine times out of ten, either puts the life preserver on wrong or can't put it on at all. So the steward shows him how to do it. He is impressed and grateful.

"The life preservers, in a shipwreck, would be of little use, for nearly all the passengers would be unable to get into them. There should be a maritime law requiring a passengers' drill with the preservers every voyage, so that each passenger in a catastrophe would know how to save himself with the means placed at his disposal. As things are now, there might as well be no life preservers on ships."

IF WOMEN ONLY KNEW

Thousands of women suffer untold miseries every day with aching backs that really have no business to ache. A woman's back wasn't made to ache. Under ordinary conditions it ought to be strong and ready to help her bear the burdens of life.

It is hard to do housework with an aching back. Hours of misery at leisure or at work. If women only knew the cause. Backache comes from sick kidneys, and what a lot of trouble sick kidneys cause in the world.

But they can't help it. If more work is put on them than they can stand it's not to be wondered that they get out of order. Backache is simply their cry for help.

DOAN'S KIDNEY PILLS

will help you. They're helping sick, overworked kidneys—all over the world—making them strong, healthy and vigorous. Mrs. P. Ryan, Douglas, Ont., writes: "For over five months I was troubled with lame back and was unable to move without help. I tried all kinds of plasters and liniments but they were no use. At last I heard tell of Doan's Kidney Pills and after I had used three-quarters of the box my back was as strong and well as ever."

Price 50 cents per box or three boxes for $1.25, all dealers or The Doan Kidney Pill Co., Toronto, Ont.

Mr. Clint G. Ford, who has been identified with the very foremost dramatic attractions, including Gillet's "Secret Service Co.," "David Harum", "The Clansman", etc., has this to say of Newbro's Herpicide:

"For years I was annoyed with dandruff and itching of the scalp, all due to my twenty years of theatrical life with its incumbent 'make-up' and wig wearing. At times the itching of the scalp was intense. All remedies failed me until I tried Herpicide, and I soon found that it was giving wonderful results. The itching and also the dandruff, entirely ceased and my hair resumed its natural life and vigor.

There is no question in my mind about the reality of the dandruff germ, and I unhesitatingly recommend Herpicide to my friends in the profession."

(Signed) CLINT G. FORD.

THEATRICAL FOLK USE AND RECOMMEND NEWBRO'S HERPICIDE

Extravagant claims for toilet remedies do not influence theatrical people, because long experience enables them to discriminate intelligently. They demand merit and will rarely use a preparation that is not actually worth as much or more than it costs in dollars and cents.

Herpicide kills the dandruff germ and by actual test does more good than all other hair remedies combined. This accounts for its popularity in theatrical circles.

"Queen Roselle" writes of Newbro's Herpicide

"I take pleasure in announcing the very satisfactory results I have had from the use of Newbro's Herpicide. My hair was falling out so rapidly that I was afraid I would lose it all. A friend advised Herpicide, and after using it faithfully my hair stopped falling out, the dandruff disappeared and my hair is now very soft and glossy.

I would like to see every lady of the profession try Herpicide, for I am confident that they would be delighted with it.

(Signed) QUEEN ROSELLE.

LITTLE Bell BIOGRAPHIES

Schumann

ROBERT SCHUMANN, born at Zwickau, 1810, died near Bonn, 1856, was celebrated as a composer and as a critic of music. He might have become a pianist of the highest order had he not crippled the third finger of his right hand in an attempt to make it stronger and more facile by some mechanical device. This accident proves that there is no short cut to this end; it is reached only by persistent finger exercises in the hard old modern way at the keyboard.

If Schumann could not become a great pianist, he did become a great composer. Although he wrote an opera, choral and orchestral works, he will, like Schubert, retain a high place in the musical world by his songs, pianoforte pieces and other short compositions. His style is very striking and original. And all his songs and pianoforte pieces are of the highest excellence and beauty. There is not even among Schubert's vast collection any more perfect song than Schumann's "Ich Grolle Nicht" (I Do Not Complain). And for a pianoforte piece, strictly alone, there is not in the realm of music anything so ravishing and haunting as his sensuous "Traeumerei" (Dreaming).

Schumann's pianoforte works have this virtue also—they are indispensable to the teacher and the student. To the young player Schumann had said—"Make Bach your Daily Bread," to which we add, and

The Bell Piano

With this perfect instrument to study and express the thought and style of Bach and Schumann, the young pianist is well on the way to become a virtuoso.

Polly Evans Story Page

"WHO CANNOT FIND GOD IN THE HEART OF A [illegible] WILL NEVER KNOW HIM WITHIN CATHEDRAL WALLS"

For Boys and Girls.

Puzzle Story by Polly Evans

FIRST of all, boys and girls, see if you can make out what boys' names are pictured here? They are easy. Still, one or two of them may tax your wits for a little while. But you will be able to guess them, I am sure.

Here are ten conundrums. Can you guess the answers? Look for them next week:

1. Why is the letter D like a squalling child?
2. Why is the letter T like an amphibious animal?
3. Why is the letter A like twelve o'clock?
4. Why is a false friend like the letter P?
5. Which letter of the alphabet answers the following description:

"The beginning of eternity,
The end of time and space,
The beginning of every end,
The end of every race?"

6. Which letter occurs twice in a moment, once in a minute, and not even once in a thousand years?
7. Which letter is always invisible and yet never out of sight?
8. Why is the letter E a gloomy and discontented vowel?
9. Why are two T's like hope?
10. Why is the letter W like scandal?

CHARADE.

What compound word is the answer to this charade?

"In every hedge my SECOND is,
As well as every tree;
And when poor schoolboys act amiss,
It often is their fee.
My FIRST, likewise, is always WICKED,
Yet ne'er committed sin;
My WHOLE for my FIRST is fitted,
Composed of brass or tin.

Now, can you tell Polly Evans what this represents?

The answer can be given in three words.

CHILD

REBUS.

What word of seven letters is the answer to this word-rebus?

"To ¾ of a cross add a circle complete.
Then let 8 semicircles a perpendicular meet;
Next, add a triangle that stands on 3 feet.
Then, 2 semicircles, and a circle complete."

ENIGMA.

A word of five letters is the answer to this enigma. Can you guess it?

"Five simple letters do compose my frame,
And, what is singular, when viewed, my name
Forward and backward will read the same;
When I'm discovered you will plainly see
What proud peer and humble peasant in death will be."

Answers to Last Week's Puzzles and Problems

Pictorial Puzzle.

"Time and tide wait for no man." (A scarecrow is no man.)

Conundrums.

1. Because they make shells burst on the kernel (colonel).
2. A bald head.
3. Because their words are candid (candied).
4. Because she's always a-railing.
6. Because it is a sincere (sign o' cure).

Transposition.

The words are: 1. Drive. 2. Stable. 3. Harness. 4. Horse. 5. Buckle. 6. Breeching. 7. Spike. 8. Tongue. 9. Chaise.

Beheading.

Baboon—boon.

Yes. FOX—OX.

Arithmetic Puzzle.

The train. The difference between prices is $1.36.

Enigma.

"Never too late to mend."

The 4 words are: 1. Tea. 2. Mane. 3. Data. 4. Brave. 5. Lot. 6. No.

Chicken Coop

H. J. WRITES, asking Polly Evans to tell how to make a chicken coop for pet chickens.

At Easter time a certain firm of grocers displayed about as nice a chicken coop as could possibly be devised.

It was about 3½ feet square at the base, had side walls six inches high, then the usual chicken coop roof, which projected well over front and back, thus making eaves that gave good protection from rain. Under the rear eaves was a latticed opening for air and light.

In the front was an opening with a sort of storm-door attachment (minus the door) and a deep peat roof—also good shelter from rain.

The opening led into a fenced inclosure 24x6 feet, the cunning picket fence (about a foot high) being attached to the coop, so that coop and fence together could be picked up and carried from one spot to another.

The floor of the coop was made to clear the ground by at least three inches.

The roof was made detachable, so that it could be removed whenever the coop needed cleaning.

Whittier Wrote It.

Some years ago a smart young woman, who delighted to tease an awkward country lad who sat next to her at a boarding house table, asked him to write in her autograph album. He blushed and stammered, but finally wrote:

Thy life—may nothing vex it—
Thy years be not a few!
And at thy final exit
May the devil miss his due!

The boy's name was John G. Whittier.

Francis Drake In The Golden Hind

BY POLLY EVANS

(Another letter from Master John Pettingill to his friend Bartram Drake. On board United States revenue cutter John C. Winslow, Panama, on the Pacific.)

DEAR BERTRAM:

Last time I wrote you we were up North, off the coast of Alaska. I expected then to be home by now and be telling you about things instead of writing.

But Uncle Jim got orders to come down here to Panama. At first I was awfully afraid he would drop me off at San Francisco and ship me home from there. But when we came near the Golden Gate an awful storm blew up, and uncle was in a tearing hurry. So he decided not to hang around, waiting for a chance to enter harbor, but to bring me along with him instead.

So we came on down, and here we've been for three weeks. We spend a lot of our time ashore. At first I was all eyes and ears for the canal. Met a lot of the fellows that are digging it; mighty nice duffers. The Governor invited me, with uncle, to tiffin one day. Has a big house with a lot of pussies. Everybody wears white clothes. It's terrifically hot in the middle of the day.

But now I'm interested in the old Spanish tales. Uncle Jim knows a lot of them, and he has Prescott's histories and a lot of other Spanish stuff in the ship library.

Do you know anything about old Drake? You're his namesake, you know—only his name is Francis. Gee! maybe he didn't make the old Spaniards down here in Panama sit up and take notice! I'm going to tell you something about his doings.

Drake was the oldest of twelve kids—father was a poor preacher over in England—born in the hull of an old vessel, became a sailor boy at 13, and came with the explorer Hawkins to the West Indies, where they traded negro slaves for gold. Made a good deal of money, I guess, but a fearful storm blew up and drove them on to the coast of Mexico (Vera Cruz), where the Spaniards, after pretending to be friendly, stole upon them in the night and came mighty near cutting them to pieces. Only two of the six ships escaped and these were commanded by young Drake.

From that time on Drake hated the Spanish like the devil. He wasn't downed a bit. Nothing could down him! Said he, "What's the reason those Spaniards are so anxious not to give us English a single peep into Mexico and Central America and South America? Gold! gold! gold! That's the reason. They don't want us to know where they get their treasures of gold and pearls and sapphires. But I'll find out!"

And he did find out. For two years he sailed and sailed and looked and looked, and at last he discovered (1) that the gold came from Peru (2) that it was carried by ship to the Port of Panama, (3) thence by mule-pack in caravans of a thousand mules across the Isthmus to Nombre de Dios on the Atlantic side, (4) and there stored until called for by ships from Spain.

Drake picked fifty or more bold sailors, armed them to the teeth, added a hundred Indians, who hated their Spanish masters, and stole through the darkness into the harbor of Nombre de Dios, captured the brass cannon that guarded the place and fought the sentry and the garrison, while a dozen or so of his men raided the King's treasure house and carried off five million dollars in gold!

But that was only a drop in the bucket to the vast quantities of gold still to come from Peru.

Drake found out that the mule trains, carrying the entire year's product of Peruvian gold, would leave Panama in midwinter. He longed to fool the Spaniards out of their whole year's treasure. An Indian promised to guide him half way across the Isthmus to the midway stopping place of the caravans.

Drake and eighteen of his English

Queen Elizabeth Knighting Drake

sailors took the Indian up and did it. They toiled through the wilderness twelve nights, hiding by day. And when they reached the top of the Great Divide, Drake's was the first pair of English eyes ever to behold the vast, mysterious Pacific ocean!

That night the Indian reported the caravans coming. Drake ambushed his men, but, alas! he forgot the danger from liquor. A drunken sailor gave a yell, the Spaniards ran, and that was the last of Drake's chances to capture the treasure. It was all he and his fellows could do to get back to their ship with whole skins, let alone any gold!

He went back to England, however, one of the richest men of his time, and Queen Elizabeth knighted him, saying: "Who striketh thee, Drake, striketh us!"

Then he started out on the great venture of his life—to beard the lion in his den; that is, to sail around South America, enter the Pacific ocean and show the Spaniards that they could no longer monopolise that part of the world.

Off he sailed from Plymouth in November, 1577, with five ships and 140 young, bold English sailors. He dressed in velvets and gold braid, ate his meals like a king off of gold dishes, served by ten young gentlemen of noble birth who never sat nor wore their hats in his presence without permission.

They sailed across the Atlantic down the coast of South America, then amidst terrific gales crawled through the dangerous Straits of Magellan into the Pacific, but all the ships except one were lost in the storm. And on this one—the Golden Hind—was Francis Drake, who could never be downed.

He sailed up the west coast, entered boldly into the harbor of Valparaiso, attacked a Spanish bark, crying, "Downe, Spanish dogges!" sent the astonished dons head over heels down the hatchway, clapped the hatches down over their heads, landed, found the entire population fled in terror to the hills, helped himself to rich plunder of pure gold and jewels, destroyed all the ships in the harbor, and sailed away.

Next he stopped at Tarapaca (look at your map of South America, Bertram), where a messenger loaded with gold was supposed to be awaiting the call of a ship to Panama. There he was, sure enough, sound asleep on shore, with thirteen bars of pure silver. "When the carrier wakened, the ship had called!" Drake had the silver!

What next? Drake heard that the Spanish treasure ship, called the "Glory of the South Seas," was about to sail for Panama with the entire year's output of Peruvian gold. Its starting point would be Lima, or rather the port of Lima, Callao. Thither he sailed and entered the harbor, only to find the prize ship gone, his own Golden Hind becalmed and 3000 Spanish soldiers putting out from shore to punish him for his audacity.

But a breeze blew up, Drake spread his sails, waved a gay "Adois!" to the disappointed Spaniards and sailed north again. He spied a caravel, captured it, took its gold cargo and released the crew after learning from them that the "Glory of the South Seas" was only two days' sail ahead of them.

Then maybe there was not a wild chase—a chase for gold! When the wind blew the crew were up on the mast poles straining for a glimpse of the treasure ship. When the Golden Hind was becalmed, the sailors swarmed into boats and rowed for dear life, towing the ship.

At last a sailor cried, "Sail, ho!" and every man's blood leaped to the words. They drew nearer and nearer to the "Glory of the South Seas," which never suspected the approach of enemies, and actually stopped to welcome them. In answer, Drake made his cannons roar, and after the cannons came the grappling hooks, after the hooks the flash of the naked sword and quick surrender!

Twenty-six tons of pure silver, thirteen chests of gold plate, eighty pounds of pure gold and nearly a million dollars' worth of precious jewels found their way into the hold of the Golden Hind!

And Drake turned his face toward home by way of the Pacific, with a visit to the coast of California on his way. Here he met a host of Indians and was adopted into their tribe, who crowned him with a headdress of feathers, while he claimed possession of the country in the name of Queen Elizabeth.

Following a chart that he had captured from the Spaniards, Drake reached the Philippines, sailed thence to the Indian Ocean, past Good Hope and back to Plymouth, arriving there in September, 1580, nearly three years after the time he started out from the same port.

The Crowning of Drake

Bells were set ringing, tidings were sent post haste to Elizabeth that Drake, the bold corsair, after having turned the Spanish world inside out and upside down, had circled the world and come home with fabulous riches!

I haven't time to tell you more about him, Bertram. You can read about him in several books down in the public library.

But the other day, when we were over on the Atlantic side of the Isthmus, Uncle Jim pointed down at Porto Bello and said: "Right off there somewhere is where Francis Drake died on his ship, Jack, and according to the Spanish stories, his body was weighted with shot at the heels and heaved over into the sea without coffin or ceremony."

I tell you, what, Bertram, it's worth a whole year of school just to have a month with Uncle Jim, and get interested, through him, in those duffers who did things down here centuries ago. I feel as if I almost know Francis Drake.

Well, good-bye. Your friend,

JOHN PETTINGILL.

Tom Tit's Fishing Tackle

ALTHOUGH matches are plentiful, it is important for every would-be traveler to learn to make a fire without matches.

Just so it is important for every would-be young woodsman to learn how to make out of Nature's materials the sporting articles which he may sometimes require when they cannot be purchased ready made for love or money.

Take fishing tackle. Could you boys in an emergency make yourselves a fishing reel? Suppose you couldn't, and worse, you couldn't buy, beg or borrow a reel. Think of the trout you would have to miss, not to mention sport!

Any straight, slender, elastic light pole cut out of a thicket will serve well as a rod.

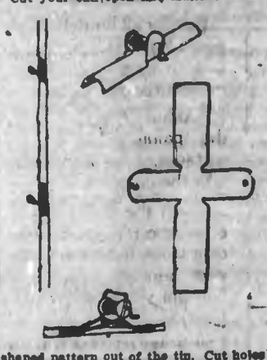
Now take a number of pins, file off their heads, sharpen the blunt ends, and bend each pin into the shape of the letter U.

About two feet from the handle end of the rod insert a U pin, leaving just enough of the loop for your fish line to pass through easily. Insert the other U pins here and there on the pole in line with the first one.

Finish the top end of your pole with a ring made of wire. Twist the piece of wire till you have an O shape, with two prongs, which hug the sides of the pole-tip and are secured firmly to it by a tight wrapping of the wire.

Now for the reel. Get a large, empty spool, a tin can and a piece of strong wire. Draw the wire through the spool, wedging it in firmly by means of little sticks driven in all around the wire.

Cut your can open and make a cross-



shaped pattern out of the tin. Cut holes in the side pieces, which you then bend into the shape shown in the picture, passing the wire through the holes that you punched, and bending one end to form a handle.

Hammer the long section of the tin into rounded shape to fit the pole, lay it on the pole and secure it firmly by means of a tight wrapping of strong waxed string.

You can also made a reel by substituting a crotch of wood in place of the tin. In that case, bore a hole through the rod, insert the prong of the crotch, then secure the crotch firmly to the pole by winding waxed twine around its two forks and then wrapping it tightly around the pole.

Or the crotch may be made without a prong and simply be tacked to the pole.

Make a Boomerang

SOAK a piece of well-seasoned wood—ash, elm or hickory-plank that is free from knots—in boiling hot water until it is soft enough to bend under your pressure into the shape shown in the picture.

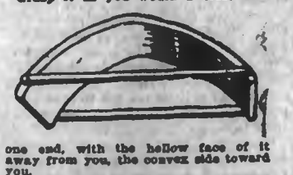
Nail on the side pieces, which will hold the board in this position until it dries. When thoroughly dry it will retain its position without their help, and you can remove them.

Now take a saw and saw straight, narrow sections out lengthwise, each section having the same angle as the original piece of wood from which it was sawed.

A little trimming of the ends into nice tapering points, a little smoothing to remove splinters (a piece of broken glass is good for this purpose), and you have made out of each of these sections a first-class completed boomerang.

Now how to throw it.

Grasp it as you would a club, near



one end, with the hollow face of it away from you, the convex side toward you.

Take aim at anything you wish, say a hundred yards away, and throw your boomerang at it.

Instead of making for the object of your aim, the boomerang will sail high in air, whirl through all sorts of gyrations, then shoot away in almost any direction except the one of your aim, in all probability back toward yourself.

Boomerangs are dangerous in the hands of beginners. Better do your practicing in vacant lots and fields, boys, for you don't want any one to be badly injured by a blow from one of these crazy instruments.

Witch in the Jar

ONE of the boys and girls acts as witch or wizard. Each of the other players chooses a tree, or anything else for a "home."

The witch then traces out on the ground with a stick as many circles as there are players and calls these circles "jars."

The players all run out from their "homes" and the witch runs after them. Every one that she catches she puts in one of her jars. The captives must remain in their jars unless they are released by a touch from some uncaptured player. If released he cannot be recaptured until after he has reached his "home" and started out from it once again.

But his rescuer runs great risk of being captured, as the witch naturally keeps close guard over the prisoners and stands ready to pounce down upon any would-be rescuer.

When every player has been caught a new witch or wizard is chosen. The game goes merrily on again.

Game of "Den"

HERE is an outdoor game. Each boy or girl must represent a wild beast—lion, tiger, jaguar, etc.—and choose a separate tree for his "den."

The game is to see how many beasts can start out on a foraging expedition and return to their "dens" without being captured (i. e., tagged).

The moment a beast leaves his den any other beast is at liberty to try to capture (i. e., tag) him. If any beast does capture him, the captor cannot be tagged while he is dragging his captive home to his own "den." Once there, the captive must identify himself with his master and help him try to capture other beasts. He can still be tagged by beasts not his own.

A Good Trick

TIE securely the ends of a string about half a yard long. This makes the string double. Pass one end through one of the handles of a pair of scissors. Then thread the other end through it, and after that through the other handle; draw the loop tight.

Now pick up the free end of the string and hang it on a hook (or hold it between your fingers) and tell one of your friends you defy him to release the scissors from the string without meddling with the end that is attached to the hook (or to your fingers).

He will almost surely say: "I give up. Show me how it is done."

The way to do it is to pull the loop loose from the one handle of the scissors, pass it through the other handle in exactly the reverse fashion to the way that it was brought through in the first place, pull until it is long enough for you to carry it completely over the pair of scissors and bring it around back to the handle you started it from.

Another trick or puzzle has been described by a Philadelphia boy. Make it by taking a couple of four-inch wire nails and bending them cross-fashion, leaving a small opening where they cross each other.

The puzzle is: How can the nails be got apart and then put together again? Try it, boys; it can be done.

Time for Bird-Nesting

BIRD-NESTING is one of the most fascinating of pastimes. It is also one of the very cruelest if inconsiderately pursued, that is, if birds are robbed of their nests during nesting time.

Don't do that, boys and girls. But spend your time these days simply locating and observing the nests of certain birds. Then when you know they have no further need of their nests, help yourselves to them.

You will find the most wonderful little nests in the most curious places—in the grass, in the shrubs, in the trees, in the bare fields, on cliffs, in sand and clay banks, in church steeples, under the eaves of houses, among the rafters of hay-lofts and in chimneys.

They will be of very different shapes, made of widely different materials.

Every time you add a nest to your collection, prepare a small card on which put a record of exactly where and when you found it, of what materials it is made, what kind of bird built and occupied it and how many eggs it contained.

Try to get the two-storied nest of the summer yellowbird, if you can. These birds are often subjected to intrusion on the part of the vagabond cow bird, who is too lazy to build her own nest, and tries to steal other birds' nests, laying her large, dark-colored eggs in the place of their tiny, prettily marked greenish eggs.

The yellowbirds are not deceived, and they quite refuse to hatch the interloper's eggs, which, however, they are not strong enough to throw out.

So, what do you suppose they do? Why, they gather material, make a second floor, which covers up the blackbird's eggs, and build up a second story to the nest. And in this second story they lay new eggs of their own, and proceed once again to raise their family.

Nests made of twigs, straws, etc., will keep without special preparation. But those of woolen fibre must be fortified against moths by being dusted with tobacco snuff or camphor.

Etymology in the Family.

Tommy—Pop, my teacher told us today that the name "Adam" means earth.

Father—That's right, my son.

Tommy—Then the original man's name was "Mud."

Father (with a glance at the real head of the house)—That's right, too, Tommy.

The Jolly Campers

RALPH and Jim were born and brought up in Iowa, within twenty miles of that part of the Mississippi River which is famous for its sloughs.

Last summer they decided to go camping all by themselves.

"How shall we go about it, Jim?" asked Ralph, "take a tent and camp on Iowa River somewhere?"

"Huh-uh!" negatived Jim; "let's DO something!"

"Well, what?"

That was more than Jim could tell, so they agreed to think it over for a day.

Next day, early, Jim came rushing over to Ralph.

"I have it!" he cried, "Ralph, let's build a boathouse and go down the river on it to the Mississippi and fish in Johnson's Slough."

"Great! You're a brick!" exclaimed Ralph.

So they went about the great project.

For the hull of the boat they used two good straight two-inch planks of pine, curving them at the ends by means of a plane. Two-inch planks made the stem and stern.

Then three braces inside between the two sides and flush with the bottom edge. These they cut just four inches (the thickness of the two sides) shorter than the inside width of the boat.

Then they laid on the bottom planks, consisting of one-half inch pine, the length carefully measured so as to allow for the curve at each end. They were very careful to make the outside plank right and left flush perfectly with the outer edge of the two sides respectively. Then they caulked up all the unavoidable cracks with oakum and laid on a coating of coal tar.

After the tar had become good and hard, they turned the boat over and set up four posts, one at each end of two of the crosspiece braces. Then they put crosspieces on top of the posts, thus making the framework for their cabin.

They covered the framework with one-quarter inch boards, slanting the roof so that it would shed rain, and making the eaves overhanging several inches beyond the cabin on each side.

They left openings for windows, and arranged a door at each end, but took the extra precaution also of building a 4-inch platform, or sidewalk, around the cabin on each side, so that in stormy weather the doors might be kept tight shut.

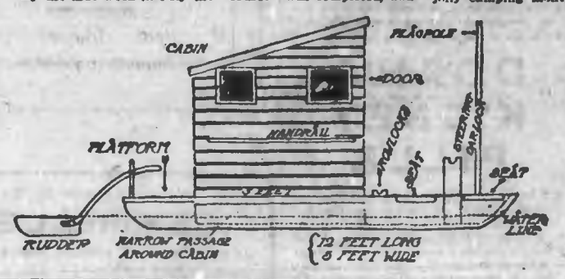
Shoe leather was the material for the door hinges, and old panes from barn windows went into the cabin windows.

Then they laid the floor of the cabin, made two berths, one above the other, one supported from beneath like a bench, the other supported from the roof like a cellar shelf. Two lockers on the other side of the cabin and a dozen clothes-hooks completed the inside.

Then they put the finishing touches on the boat—two rowlocks, besides one for the steering oar, also a seat in front of the rowlocks for the jackstaff to pass through, for these boys had their United States flag. The jackstaff was made removable.

By the first week in July the "Crusoe" was completed, and

a few days thereafter a hundred people gathered curiously on the pier to see Ralph and Jim tie the "Crusoe" to the towlines of the river steamer "Mediapolis" and start off for their jolly camping month at Johnson's slough.



Also.

"No," said the first little girl, "I never skip the rope."

"But why? It's lots of fun."

"Yes; but there was a little girl in Kalamazoo who skipped the rope so much that it made her die, and, besides, it shakes my hair all out of curl."

Can It Be?

"Papa," asks the little son of the cold storage magnate, "where do all the mosquitoes come from?"

"They hatch from eggs, my child," replies the genial parent.

"But, papa, where in the world do they get so many mosquito eggs? Do they keep them in cold storage?"

Drawing Through Glass

TO GET a correct drawing of a landscape, or of other objects, in the right perspective, hold a pane of glass over the drawing paper, which must lie on the table, or be fastened to the drawing board.

Hold the glass in a slanting way so that the lower edge of the pane rests on the table or ordinary board, while the other end slants toward you so that it is close to your chin.

Looking perpendicularly down on the paper through the pane of glass, you will see the landscape or other object reflected in the glass and it will be easy to draw the outlines of your object on the paper.

The only difference is that the picture appears upside down, but with a little practice you will be able to get a drawing which is absolutely correct in regard to perspective.—American Boy.

A Billion of Nickels.

More than one billion passengers were carried on the surface, elevated and subway roads of Greater New York last year. The exact number of paid fares was 1,171,151,698, an increase of 25,429,462.

Denver's "Kid Judge"

A MOST interesting story is told in The Little Chronicle of the "Kid Judge," of Denver, and his tremendous interest in helping boys to keep away from evil and grow into useful, successful citizens.

"Judge, Judge, I want an injunction!"

The court room was crowded, for a famous will case, involving more than a million dollars, was being tried, when the proceedings were interrupted by a rough-looking boy with a bundle of newspapers under his arm. A bailiff started toward the youngster to put him out.

"Hold on," said the judge. "A live boy is worth more than a dead man's millions. Court is adjourned for five minutes while I inquire into this case. What is it, little citizen?"

"Why, Judge, you know I've had a newsstand on one corner for three years. This morning a new cop came on an' said he'd arrest me if I flipped care o' sell papers. I'm losing fifty cents a day. I want an injunction against 'um stopping my business."

The judge took an injunction blank and wrote a note to the policeman telling him that Morris was a good boy who was attending strictly to business, and asked as a favor that he be unmolested.

"The cop'll drop dead when he reads that," said the boy aloud, and, grinning over his triumph, "Dis is de place where a kid gets a square deal," and he shot out of the door like an arrow. Everybody was sympathetic and curious, and after court adjourned a crowd gathered around the slight, boyish-looking judge of thirty-five, and asked him what it all meant.

"When I was only twelve years old I had to make my living, here in Denver, as a messenger and newsboy. I didn't always get a 'square deal' from grown-ups, and was hustled about to suit their ideas and convenience. The boy had no rights, except to be punished if he were wrong. I didn't think much about it myself until a few years ago, when some boys were brought before me for robbing a pigeon roost. Twenty-five years ago, at the age of nine, I started, with a gang of thoughtless boys, to rob that same roost. Had I succeeded and been caught I would have been sent to the State reformatory and would now, in all probability, be a criminal. The juvenile court and the 'square deal' for boys started right there. Those boys are at liberty today, in school or at work, and growing into useful citizens."

Boys' Choice of Dogs

A TEACHER told his boys the story of two dogs, as follows:

George had a dear little dog that would sit quietly by George's side and never bark at passersby nor spring at strange dogs, nor make any kind of fuss.

Thomas, on the other hand, had a dog that was perpetually rushing at strangers, snapping at women's skirts, worrying hens and cats and even attempting to bite cows and horses.

"Now, boys," said the teacher, looking hopefully at his young charges, "I have described the respective dispositions of George's dog and Thomas' dog. Which is the dog you would like to own?"

Not a boy's voice was missing in the instant answering chorus:

"Thomas'!"

Johnny's Adventure

LAST summer a number of London slum children were taken for a day into the country.

After enjoying themselves right well, tea was partaken of in a barn.

The youngsters, having a keen appetite, set in with a relish.

Little Johnny, aged six, unaccustomed to such good fare as was provided, stuffed till he could eat no more.

Then, feeling uncomfortable in his lower regions, he began to shift about uneasily in his seat.

"Shall I lift you down, my little man?" gently asked the hostess.

"Yes, ma'am," replied the boy, feeling full enough to burst, and holding himself as stiff as a poker, "for can lift a duke, but (very pathetically) please don't head me."

$5,000 REWARD will be paid to any person who proves that Sunlight Soap contains any injurious chemicals or any form of adulteration.

Sunlight Soap

is a perfect cleaner and will not injure anything.

Best for all household purposes, Sunlight Soap's superiority is most conspicuous in the washing of clothes.

Common soaps destroy the painted or varnished surfaces of woodwork and take the color out of clothes.

Even the daintiest linen or lace, or the most delicate colors may be safely washed with Sunlight Soap in the Sunlight way (follow directions).

Your money refunded by the dealer from whom you buy Sunlight Soap if you find any cause for complaint.

5c. Buy it and follow directions 5c.

Some Interesting Omemee Items

Budget of Personal and Other News From the Village.

Special to The Examiner

Omemee, May 21.—The weather has been cool and vegetation has not been so rapid. All kinds of crops, including Winter Wheat and clover are looking fine.

Three new buildings are being erected in the village which will shortly shine as a suburban residental section for the city of Peterborough.

The water in Pigeon River is sufficiently high to permit any steamer on the Trent Valley Waters from Lakefield or Chemong to sail here.

The storm which passed over the village last week caused the water in the mill pond to spout twenty feet into the air. Fences were blown down.

Gordon Wright, a pupil of Herr Wilhelmj of the Toronto and Peterborough Conservatory of Music staff showed a great improvement in the singing of a solo in the Presbyterian Church here on Sunday.

Havelock Will Hold Monster Demonstration

Big Day in the Eastern Village on June 30th—Various Committees Have Been Appointed—Annual Meeting of Trent Valley League—Other News From Havelock.

Special to The Examiner.

Havelock, May 17.—Miss Bessie Acheson, who has for the past few days been visiting the Misses Bryans, returned to her home in Milverton on Thursday.

Mr. Lang, of Norwood, spent Tuesday in town.

Messrs. Lu Andrews and Robert Adams, of Norwood, spent Sunday in town.

Miss Annie McIntyre, who has been for the past three weeks in Santiago, arrived in town Thursday to visit her sister, Mrs. P. Cromar.

Miss Laura Kelly, of Cordova, spent Sunday in town.

Messrs. Will and Harry Andrews spent Wednesday evening at their home in Norwood.

The musicale on Monday evening last was a decided success. Many beautiful solos were rendered, one of which was sung by Miss Una Duffield, of Norwood. Miss Duffield is a guest at Mrs. J. R. Craig's.

Mrs. Dineen, of Peterborough, is visiting her son, Mr. Wm. Dineen.

Mr. and Mrs. Jos. Harper, of Peterborough, Mrs. W. C. Harrison and Mrs. J. Harper, of Norwood, are spending a few days in town the guests of their sister, Mrs. Wm. Matheson.

Mr. J. A. McDonnell, teller of the Sovereign Bank, has resigned the position here to accept one in the Bank of Hamilton in Milverton.

Mr. S. D. Terry, of the Mount Albert branch, succeeds Mr. McDonnell.

Havelock has decided to have their celebration on Saturday, June 30, instead of July 2, as had been arranged.

The following officials and committees have been appointed:

Chairman, Thos. Bennett.

Secretary, T. P. Lancaster.

Treasurer, Geo. Young.

Advertising and Printing Committee—T. P. Lancaster, T. E. Dineen, H. B. Morrison.

Committee to Secure Attractions—W. B. Ritchie, J. Campney, T. E. Dineen, W. J. Boyd, W. Patterson, and W. W. Webster.

Sports Committee — T. Curtis, A. E. Barrett, H. Williams, A. C. Denike, Dr. Crawford, Edward Fennell, Dr. Holderoft, Jas. Murk, M. Swain, W. A. McMaster, T. H. Patterson, P. G. Cromar, A. Carmichael and S. O'Hara.

Concession Committee—Jas. Thompson, S. S. Joyce and F. C. McMaster.

Calithumpian Procession Committee—W. Patterson, M. Swain, D. L. Somerville, H. Morrison, T. Curtis, H. Andrews, R. E. White, Ed. Chapman, Wm. Webb and Wm. Jones.

Committee to Solicit Prizes—Geo. Young, J. Toman, A. E. McGuire, T. P. Lancaster, Wm. Matheson, and Thos. Bennett.

Music Committee—J. Campney, J. M. Watson and Jno. Bateson.

Gate-keepers—H. Williams and Jos. Knox.

The Board of Health held a meeting in the town hall on Wednesday evening May 16, to arrange to pay the expenses for fumigating three houses where there had been scarlet fever.

The annual meeting of the Trent Valley Baseball League was held at Campbellford on Thursday of last week. Those present from the different clubs were as follows:

Jas. Black and T. P. Lancaster, Havelock.

W. W. Rice and Wm. Smith, Hastings.

Dr. Hayden and Geo Dawe, Roseneath.

Wm. Prest and Wm. Renton, Norwood.

C. H. Nadon and C. D. McDonnell, Campbellford.

The secretary, F. W. Wood, Campbellford, read his report for 1905.

The following officers were elected:

Hon. President, Jas. E. Fowler, Havelock.

President, F. W. Wood, Campbellford.

1st Vice-President, A. B. Spellman, Hastings.

2nd Vice-President, S. Scales, Norwood.

3rd Vice-President, T. P. Lancaster, Havelock.

4th Vice-President, Dr. Hayden, Roseneath.

Secretary-Treasurer, T. E. Scriver, Hastings.

Executive Committee—W. W. Rice, Hastings; G. A. Howson, Norwood; G. Dawe, Roseneath; W. B. Ritchie, Havelock, and C. H. Nadon, Campbellford.

It was decided to send to the secretary the names of two umpires, which, with a list of officers, executive committee, rules, etc., will be printed and sent to each club.

The Havelock team have secured Frank O'Neil, of Toronto, as catcher. They will hold a meeting in the town hall on Friday night.

Lakefield Man In The Limelight

Load of Lime Left Out in Rain and Wagon Takes Fire—Other Live News Items.

Special to the Examiner

Lakefield, May 21.—Building has been commenced on Mr. F. J. Tate's new residence on Queen street north.

Mrs. S. Cox was driving in the village on Monday last and her horse meeting an automobile, became unmanagable and ran into Mr. S. Spence's delivery wagon, knocked Mr. Spence out and injured his shoulder. We are pleased to report that Mr. Spence is recovering, although he has not yet resumed his duties.

Mr. Geo. Graham, of Toronto, an old Lakefield boy, was in the village on Thursday renewing old acquaintances.

The regular monthly meeting of the town council was held in the town hall on Monday evening last.

The members present were, Reeve Moore in the chair, and Councillors Burgess, Cornish, Duff and Carter.

The minutes of the last meeting were read and approved.

The treasurer's statement was read, showing receipts of $2,529.79, and payments of $2,194.61, leaving a balance on hand of $325.18.

The Finance Committee presented the following report:

To the Reeve and Clerk of the Village of Lakefield,—

Gentlemen,—We, your Finance Committee, having examined the following accounts, and finding them correct, recommend payment of same:

Lilliorap, Tate Co., $4.32.
A. Greeley, bus hire, $2.50.
Lakefield News, printing, $12.30.
T. Nichols, 15 cords wood, $60.
Wm. Smith, wages, $26.25.
H. Masters, wages, $8.25.
J. Forsythe, wages, $2.25.
A. Mowry, wages, $4.50.
C. Graham, teaming, $34.
Light and Power Co., $44.47.

All of which is respectfully submitted.

J. W. Cornish, chairman.

The report was, on motion, received.

Moved by Coun. Cornish, seconded by Coun. Burgess, that the treasurer be authorized to pay all wage accounts when duly certified by the chairman of the Street and Bridge Committee and the road master.—Carried.

Moved by Coun. Burgess, seconded by Coun. Carter, that this council appoint June 11 as the date for the Court of Revision, to be held at the hour of 7 o'clock.—Carried.

Mr. Jas. Campbell presented a petition, signed by a number of ratepayers, asking for sidewalk on Reid street.

Moved by Coun. Cornish, seconded by Coun. Duff, that the petition of James Campbell and a number of ratepayers, requesting to have a sidewalk built on Reid street, between the G.T.R. tracks and Edward street, be referred to the Street and Bridge Committee.—Carried.

Moved by Coun. Cornish, seconded by Coun. Duff, that the reeve and clerk do have a notice published that it is the intention of this council to build a granolithic walk on the north side of Albert street, from Queen to Reynolds streets, width of walk to be five feet, and on north side of Burnham street, between Charlotte and Queen streets, width of walk to be four feet six inches, and that all parties opposed to same must appear before the council with their complaint.

Bylaw No. 418, entitled a bylaw to borrow money to meet current expenditures, received its several readings, and was passed, sealed and signed by the reeve and clerk.

A bylaw for the purpose of stopping up and selling a portion of Dublin street, in the village of Lakefield, received its first and second readings.

Moved by Coun. Cornish, seconded by Coun. Duff, that the request of the Dickson Company, requesting the closing of Dublin street on the west side of the G.T.R. main line to the river, be granted on the same terms and conditions as given by the Cement Company, for protection, costs, etc., with the exception of 10 feet in width, which must be reserved as a right of way only for the care and protection of certain water mains of the Cement Company, now laid under said street.—Carried.

The Council then adjourned.

The Lakefield cricketers were taken on a personally conducted tour to Port Hope by Mr. F. M. Delafosse on Wednesday, to play the college team there, and although they suffered a slight defeat in the field, they report having enjoyed a most delightful outing.

Mr. Pover arrived in Lakefield on Monday last with his bride. Mr. and Mrs. Pover intend making their home in Lakefield.

Dr. Westgate spent a few days visiting his parents at Pickering.

Time is Money!

And no vehicle on the calendar equals the bicycle as a time-saver. A prominent Doctor says: "Nothing can replace my bicycle. It stands in the hall when not in use, and when I get a hurry call, I literally grab my hat with one hand, my bicycle with the other, and I'm off."

Back to the Bicycle!

The vehicle of utility and health, and when you think of bicycles you naturally think of one of the following bicycles as all that is best and up-to-date:

Cleveland Perfect Brantford

Silver Ribbon Massey

MADE IN CUSHION FRAME OR RIGID FRAME MODELS.
UP-TO-DATE EQUIPMENT.
SILLS HYGIENIC HANDLEBARS.
MORROW COASTER BRAKE.

Canada Cycle & Motor Co., LIMITED

"MAKERS OF THE WORLD'S BEST BICYCLES"

TORONTO JUNCTION, -- -- -- CANADA

Local Representative—F. R. J. McPHERSON

Mr. Geo. Rae, while drawing lime from Warsaw, was caught in a rain storm, and fled with his horses for shelter, leaving the lime uncovered in the rain, and, upon returning, found his wagon and contents in flames.

Mrs. Alf. Simpson, Misses Jean and Florence and Master Alfred, left on Monday for Grand Valley, Quebec, where Mr. Simpson is in the employ of the Rathbun Co.

Mr. Walter Bates has sold his grocery stock to Mr. Wes. Hurl, formerly of T. E. Kline & Co. Mr. Hurl takes possession next week.

FACTORIES COME TO PETERBORO' BOARD

It is stated that there is a strong probability of a number of the cheese factories which formerly sold on the Lindsay Cheese Board coming to the Peterborough Board this year. Last season there was considerable trouble in the internal management of the Lindsay Boardd, and considerable selling off the board as a result. This practice is one which is decidely detrimental to the success of any Cheese Board, and a number of the salesmen are dissatisfied with the Board, and will come to the local Board to sell their cheese this year.

There are already 47 factories on the Peterborough Board, and it is quite probable that the number will reach the half hundred mark this year.

Free Treatment for Sick Kidneys

WRITE FOR GIN PILLS

If you have suffered for years with kidney trouble—if you know your kidneys are sick, but have not been able to find anything that will help you—or if you suspect that you have kidney disease, write for a sample of GIN PILLS, the pills that cure. We don't ask you to spend a single penny, or promise to spend any. Simply take the box of pills which we send you free of charge. We leave it to you whether or not you will take any more after the sample box is gone.

RAT PORTAGE, October, 1905

I was troubled for about two years with kidney trouble, so common among railway men. I doctored in the regular way and took a great deal of medicine, but received no benefit. My fireman recommended Gin Pills, and I am pleased to state that after taking the first box I got relief, and while I am not taking them regularly, if I feel any indications of a return of the trouble, a few doses puts me all right again.

CHAS. SIMMONS, C.P.R. Engineer.

This letter is the experience of hundreds. They try doctors and drugs without relief, but they find the cure for their trouble in GIN PILLS. Take advantage of our generous offer. Mention in what paper you saw this, with your name and address, and we will send you, absolutely free of charge, a sample box of GIN PILLS. They are sold by all druggists at 50c a box, or 6 boxes for $2.50.

THE SOLE DRUG CO. - WINNIPEG, MAN.

Special Services At Selwyn Church

Rev. A. H. Brace and Miss Pilling Will Assist in Them.

Commencing Sunday, May 27th, a series of eleven days' special services will be commenced in the Selwyn Baptist church, conducted by Rev. L. McKinnon, of Gilmour Memorial, assisted by Miss Ellen Pilling and Rev. A. H. Brace, of this city.

Programmes giving the subjects of the sermons for the eleven days have been published, and are being distributed throughout the vicinity of Selwyn. A special feature of the services will be the singing of Miss Pilling, who rendered such excellent services in the recent special services in the Park street church.

The special subjects will be:

Sunday, May 27th — 3 p.m., "A Modern Parable;" 7 p.m., "Perpetual Motion."

Monday, May 28. — "An old Slave Scene in a Southern Plantation."

Tuesday, May 29th. — "Harness the Horses—Get Up!"

Wednesday, May 30th. — "Experiences in Central Prison."

Thursday, May 31st. — "Paying Old Debts."

Friday, June 1st. — "Rain Drops of Unusual Compound."

Monday, June 4th. — "Slippery Places."

Tuesday, June 5th. — "Is there a Hell, and is it Everlasting Fire?"

Wednesday, June 6th. — "Heaven—Do we enter it at death; Shall we know Friends Long Dead.

Thursday, June 7th. — "Dreams—Do they Mean Anything?"

Friday, June 8th—"Family Register."

The Glory Song and the Pilot Song will be used frequently during the series of meetings.

Cheese Buyer Made Instructor

Mr. Herb. Brintnell Secures Important Position.

Mr. Herb. Brintnell, of Belleville, who last year was a buyer on the local cheese board, has recently been appointed cheese instructor for Prince dEward County in succession to Mr. C. A. Publow.

Mr. Brintnell will begin his duties on Monday next and his headquarters will be at Picton. The appointment is a most popular one, as Mr. Brintnell is looked upon as a capable expert in all matters pertaining to cheese. He is a graduate of the Kingston Dairy School and for seventeen years was the popular cheesemaker at Zion factory, residing with his family at Plainfield, from which place he went to reside in Belleville a short time ago.

NERVOUS DEBILITY CURED

Excesses and indiscretions are the cause of more sorrow and suffering than all other diseases combined. We see the victims of vicious habits on every hand; the sallow, pimpled face, dark circled eyes, stooping form, stunted development, bashful, melancholic countenance and timid bearing proclaim to all the world his folly and tend to blight his existence. Our treatment positively cures all weak men by overcoming and removing the effects of former indiscretions and excesses. It stops all losses and drains and quickly restores the patient to what nature intended—a healthy and happy man with physical, mental and nerve powers complete.

For over 25 years Drs. K. & K. have treated with the greatest success all diseases of men and women.

If you have any secret disease that is a worry and a menace to your health consult old established physicians who do not have to experiment on you.

We guarantee to cure Nervous Debility, Blood Diseases, Stricture, Varicocele, Kidney and Bladder Diseases. Consultation Free. If unable to call, write for a Question Blank for Home Treatment.

The Latest In Fashion's Realm; Items Of Interest To Ladies

FRIBBLES OF FASHION.

Attractive Voile Suits—The Season's Gowns Exquisite in Coloring.

Tailors are making up voile into all sorts of attractive suits. On many of them shirring is artfully employed and fullness obtained in ways that are as attractive as they are unexpected.

There is nothing startlingly new in the frocks of the season except their exquisite and unusual color schemes. For instance, one smart gown of pale pine voile is trimmed with narrow valenciennes lace and bands of orange taffeta. The silk is so subdued in color and so covered with lace frills that the effect is the daintiest thing imaginable.

Most of the dressy frocks have elbow sleeves, and nine out of ten of the blouses are finished with a little frill that peeps out beyond the coat sleeve at the elbow.

Dresden ribbon girdles are to be much worn this summer. They are fashioned from the very wide ribbon, which is taken up in lines of pin shirr-

COSTUME OF LILAC CLOTH.

ings down the center of the front and at the sides and boned in all three places. The girdle opens in the back and fastens with a soft, large chou of ribbon, from which hangs a rabbit ear-ed end.

The dearest little slippers are in pale blue silk, embroidered on the toe and all about the slipper with ribbon roses. Beaded cravats and waistcoat pieces are to be seen on some of the most modish suits.

The gown illustrated is of lilac pastel cloth. The blouse bodice is inserted with tulle lace, which handsome dentelle makes the plastron. Collar, revers and sleeve bands are of white silk embroidered with gobelin blue silk. The belt is of black satin. The plaited skirt is trimmed with buttons.

JUDIC CHOLLET.

VANITY'S VISION.

Charming Silk Parasols With Borders of Grass Linen—Smart Slippers.

So perfectly beautiful are the new parasols that the woman who works all day might be pardoned for carrying one in the moonlight. One dainty affair is all little fluffy frills of valen-

DRESS OF BLUE CHALLIE.

ciennes lace, with a wide white silk border painted in white and purple lilacs.

Borders of grass linen make a smart contrast round the colored silk parasols. A green pongee parasol with a three inch border of ecru linen scalloped and embroidered around the edge is chic.

Slippers this summer must match the gown worn with them. One can therefore expect to see pretty slippers of blue in the latest shade of a dull tone, butter colored yellow slippers and green ones, with pretty rosettes to match all these hues.

In color harmonies black with white and pale blue is still modish. There are, too, particularly pleasing effects in brown and white.

Elbow length sleeves and long gloves seem especially adapted to the old fashioned wide band bracelet, which is again in vogue.

The little dress in the cut is of pale blue challie. The plaited skirt and bloused bodice are trimmed with rows of Dresden ribbon. The chemisette is of English embroidery.

JUDIC CHOLLET.

CHILDREN'S STYLES.

More Colored Dresses to Be Worn This Summer—Greenaway Effects.

Most mothers will hail with delight the news that children are to wear more colored frocks this summer than they have for some time. Even the tots under five will appear in dainty shades of blue and pink.

Straight little dresses fitted into the waist, with a seam under the arms, are a smart design. They sometimes have a few tucks at the bottom of the skirt, but are otherwise plain save for a little trimming at the throat and wrists. For dressier gowns deep embroidery collars that come well over the shoulders are used, with deep cuffs to match.

As a result of the empire and directoire styles belts are placed quite a little above the waist line. The newest belts are made of wide, folded, colored silk run through oblong buckles of kid or velvet matching the silk. They are boned at the sides and back to keep them quite stiff.

The Greenaway styles are returning, and children over three wear their skirts halfway between knees and shoe tops.

The smart spring coat for a little girl is a directoire affair carried out in soft pastel silk. Gray is a favorite shade and dull tones of green and dusty blue. The skirt part is full and circular, and the bodice is short waisted, with a narrow belt placed well up under the arms. About the shoulders are triple circular capes either plain or trimmed with lace or braid. Smoke pearl or dull gilt buttons fasten the coat.

White is not modish for coat linings. To be quite in style a flowered silk must be used. The capes are lined to

FROCK OF BLUE SERGE.

match, and the hat or bonnet boasts a bow of the same figured ribbon.

The child's dress sketched is of dark blue serge. The blouse is arranged in tucks falling out free and in box plaits trimmed with gold buttons. White braid borders the sailor collar and plaited skirt. A plastron of lace and cravat of black silk, with a belt to match, finish this smart little suit, which is especially good as a traveling costume.

JUDIC CHOLLET.

WHIMS AND FANCIES.

Automobile Veils—The Vogue of Checks—New and Attractive Silks.

Smart automobile veils necessarily are of chiffon cloth, for it is both dust and water proof.

There is a decided vogue for large checks. The colors are in harmonizing tints without startling or aggressive effects. Green, soft blue, deep wood brown, gray and violet are among the favorite combinations. Face cloth in one of the colors chosen from the check is used for trimming.

The new radium silks are very like chiffon cloth. Indeed, there is little dif-

WHITE CRIN HAT.

ference except in the cord, which in the chiffon cloth is heavier.

A pair of large sleeves may be altered by arranging the fullness into two wide gathered tucks from shoulder to elbow, about four inches apart.

Aigrets of vivid green, six inches long and curled at the ends, are worn by smart women. These feathers take their rise from a knot of cloth of silver or a rosette of green chiffon.

There is a lightweight knitted kimono that is most attractive. It washes like cotton and is light and comfortable to wear. In the shops it costs $3.

The funny little tricorne hat pictured is of white crin, and at the perked up sides are clusters of pink roses. An immense white aigret waves its graceful feathers almost entirely about the hat.

JUDIC CHOLLET.

It doesn't take much of a girl to make a fool of any man. Nature did so much.

VOGUE POINTS.

Creamy Tints Predominate in White Materials—New Linens.

All the white materials have a creamy cast like the tint seen in old lace. The newest linens are unbleached.

Burnt straw of a much deeper shade than that worn last season is seen in the spring hats. They are trimmed with big choux of black ribbon and occasionally with wreaths of curious dead colored flowers.

Embroidered buttons on linen gowns are often the only trimming on the severely tailored styles.

The nightdress fashioned on the lines of the chemise is in vogue. The neck

HANDSOME BLACK HAT.

is drawn up to the required size with ribbon. The effect is decollete and very becoming to a pretty throat or neck.

A collar to have any pretensions to smartness must be one with the waist or trimmed so as to leave that appearance.

A pretty shade for summer will be pink, which will be worn a great deal, and lobster, buff, crimp, cocoa, biscuit, swansdown and lemon. A pure pink lightweight cloth suit made with an Eton jacket will be appreciated all summer.

The handsome hat illustrated is a Gainsborough shape carried out in black neapolitan straw. About the edge of the brim is a handsome piece of fine jet. The only other trimming on the hat is an enormous white ostrich plume.

JUDIC CHOLLET.

ANOTHER WONDEREUL CASE

Here is Something that will be Welcome News to Many a Discouraged One.

WILLIAM H. REED.

"For several years I have been troubled with gas around my heart, shortness of breath, in fact, if I walked my usual gait my breath would get so short I would be compelled to make several stops during my walk.

"Of late my food did not digest properly it turned sour on my stomach, causing me great distress; often, too, I had disagreeable attacks of belching gas and heartburn

"I was bothered with severe pains across the small of my back and the least bending or turning would cause me to almost cry out

"I was induced to try Dr Leonhardt's Anti-Pill, and from the very first found relief

"For the last three months I have had no recurrence of my former complaints, so I am bound to say 'Anti-Pill has indeed cured me"

That is the voluntary statement of Wm H. Reed, of 165 Queen street, Kingston, Ont

All druggists sell Anti-Pill The Wilson-Fyle Co, Limited, Niagara Falls, Ont

The remedy that cured such an extreme case is surely worth trying

A Protest.

The Lion—The leopard, you know, cannot change his spots. The Zebra—Well, I can't change my stripes either, but no one ever thought it of sufficient interest to make a proverb of.

Good Nature May Be Costly.

"Don't look so glum, Pilkerton. Use cheery words. They cost nothing."

"Cost nothing! If I speak ten cheery words to my wife, she asks me for some money."

A Little Misunderstanding.

"Sir, your son's performance on the French horn is execrable. It will drive everybody from my house. You told me he was a teacher."

"I did not. I said he was a tooter."

BRANDON MUSIC

Representatives Brandon Religious Institutions Buy Canada's Representative Piano

Mr. John H. Wilson, the genial representative of the Williams Piano Co. at Brandon, writes that he has just sold New Scale William[illegible] to the Presbyterian Church at Brandon and to the Roman Catholic Church at the same place. The piano sold to the Presbyterian Church will be installed in that institution and the piano sold to the Roman Catholic Church is for the new hall that they are erecting in that city.

MODISH HINTS.

Rosy Shades of Linen Gowns the Latest Fancy—Tiny Quillings.

Soft rose, strawberry and raspberry shades of linen will be much worn, but white, string colored and biscuit linens trimmed with heavy lace and hand embroidery are the favorites.

A model in string colored linen has a little basqued coat that does not quite meet in front. Straps and buttons of linen hold this jaunty jacket together. A deep collar of string colored cluny is bordered by narrow quillings of linen. A similar plaiting is set upon the

BLACK CHIP HAT.

skirt above the hem, following a pointed tunic line. These fine plaitings are new features upon French models. Of course they do not launder, but the French do not consider such a detail a consideration where chic is concerned.

The very sheerest of thin white frocks is made all in one piece a la princesse, fitted close to the figure, with lace insertions and fine tucks. That these gowns will hang together for many wearings or survive a single visit to the tub is past praying for.

Among the novel little boleros springing up are some made of alternate rows of valenciennes and heavy lace and others of velvet and jet.

Elbow sleeves can be worn without committing fearful glove extravagances now that a serviceable dark tan street glove comes in elbow length.

There is a patriotic red, white and blue hat that is prettier than it sounds, a sailor of fine white chip, with a ruche of shaded blue tulle around the crown and red cherries hung under the brim.

The hat seen in the cut is a French affair carried out in fine black chip. Inset about the brim is cream colored cluny lace. Dresden ribbon trims the crown, falls over the brim and makes the quaint little tie and bow under the chin. Red roses are banked up in the back.

JUDIC CHOLLET.

VANITY'S VISIONS.

Shadow and Hedebo Embroideries Modish on Gowns and Blouses.

The embroidery fads of the season are shadow embroidery and hedebo work. The first is done on sheer linen only, the outlining appearing on the right side. This is equally modish for fancy work and as a trimming on blouses and gowns. The hedebo is on a more elaborate scale. It is often called eyelet embroidery and is done on Russian linen.

The glove garters up to date girls are making are stunning. They hold the

WHITE SILK BLOUSE.

elbow glove in place and are fashioned from a ribbon elastic over which is shirred lace, with a frill top and bottom, which gives the impression of the garter belonging to the sleeve.

Some of the coat and skirt suits are in a very trying shade of peacock blue.

Many of the swaggerest linen suits will have cape bolero jackets.

These little coats really look like kimonos cut off above the waist line, with sleeves abbreviated at the elbow.

Wide lace and linen collars are to be modish this summer. They are reminiscent of the old fashioned kerchief and come in all kinds of becoming shapes. For bringing a last summer's gown into fashion's line they are excellent.

The woman on the shady side of thirty should have her collars cut high in the back, to come well up to the hair and curving gracefully toward the chin, as age lines make themselves very conspicuous about the neck.

The blouse pictured is a French model carried out in white china silk. Falling from the lace yoke is an accordion plaited blouse covered with bands of cluny lace and tiny double ruffles of silk. The elbow sleeves are puffed and adorned with ruffle trimmed lace bands.

JUDIC CHOLLET.

The hard work of bread-making should be done in the flour mill—not in the kitchen.

When it is necessary for you to make bread by main strength you can rest assured that the miller hasn't done his part. His flour is not fine enough.

Royal Household Flour

is made from hard Spring wheat—a wheat that is capable of finer grinding than any other variety, and milled by a process that insures not only the finest, but also the whitest, purest and most nutritious of flours. Get enough to try from your grocer.

WEAKNESS
Foe of the Aged.
With Enervated Strength and Impoverished Blood, this is a Season of Danger.

Right now, to-day, is the time to look for better health. If you use Ferrozone you'll find it. Ferrozone is a grand blood renovator, makes the vital fluid rich, red and nutritious. By streagthening the blood, a current of life is sent into every nook and corner of the body that puts stamina and staying power into all weak organs.

A complete restoration to the health and spirits of youth is within the reach of everyone that uses the food tonic Ferrozone. You can hardly afford to miss the benefit of such a strength-giving medicine. Hadn't you better try it?

FERROZONE

It is impossible for any one to be weak or nervous if they use Ferrozone. It possesses the power to kindle new vitality and strength in systems of people almost dying of weakness.

It is an extraordinary and magical tonic, a wonderful rebuilder, far famed for its lasting cures.

You'll never know what real good health means until you have used Ferrozone, which contains more actual nourishment and strength-giving elements than you can get in any other way

As a blood purifier, nerve-strengthener, and appetizing tonic, Ferrozone has positively no equal.

Ferrozone is sold by all dealers in 50c boxes, or six boxes for $2.50. By mail from N. C. Polson & Co., Kingston, Ont., and Hartford, Conn., U.S.A.

When the Liver is out of Order

calomel, cascara, salts, strong liver pills and purging mineral waters won't do any permanent good.

When a person is bilious, the liver is not giving up enough bile to move the bowels regularly—and some of the bile is being absorbed by the blood. In other words, the liver is in a weakened, unhealthy condition.

Now, purgatives don't act on the liver at all. They merely irritate the bowels, and afford only temporary relief. But FRUIT-A-TIVES are the one true LIVER TONIC. They act directly on the liver—strengthen and invigorate this vital organ—and put it in a normal, healthy condition.

FRUIT-A-TIVES also stimulate the glands of the skin—and regulate the kidneys and sweeten the stomach. When skin, liver and kidneys are normally healthy, there can be no biliousness, no constipation, no kidney trouble, no impure blood, no headaches.

No other medicine known to science is so reliable and so effective in curing Biliousness as these fruit liver tablets.

FRUIT-A-TIVES are fruit juices with tonics added—and are free from alcohol and dangerous drugs. 50c. a box or 6 for $2.50. Sent on receipt of price, if your druggist does not handle them.

FRUIT-A-TIVES LIMITED, OTTAWA.

His Magic Housekeeper

By BELLE MANIATES

Copyright, 1905, by K. G. Whitehead

A week from the day on which the bells in the old church tower tolled the death of the parents of John Lester his spacious farmhouse burned to the ground. He built a temporary home out of sight of the charred ruins of the old home. In the heart of the woods near the bank of the river that ran swift and deep in boundary to his farm he took up his abode. He kept his hearth in hermit fashion, but he was not as proficient in housekeeping duties as in the tilling of his soil, and it was now the season of planting time.

Stories most distressing to the kindly country folk were told of his making a clean sweep occasionally through his house, the accumulations landing on the back doog step or vanishing through cracks of the floor; also of a weekly washing of dishes and a pork and potato diet.

They hospitably opened their doors and their services to the sole survivor of the Lester household, but he had a way of drawing about himself the magic circle which no one ventured to cross.

He was too busy through the day and too tired at night to feel lonely. There was a supreme reason why John preferred his solitary life.

One night when he came home from the fields he paused on his threshold and stared in amazement at the transformation wrought. His camping out place had become a cozy little home. Everything, from the sanded floor to the tinware on the pine table, was as spotlessly clean and white as soap and water could make it. At the windows were dainty muslin curtains. The table, spread with a snowy white cloth, was set for his supper. A loaf of homemade bread and a flower stamped pat of golden butter added their touch of domesticity.

In a haze of wonder John mechanically filled the kettle, lighted the fire and prepared his evening meal. Then he went into the adjoining room. This, too, had been touched with a magic wand and arranged in as orderly a fashion as a hospital ward—the windows curtained in muslin, the bed covered with a spread and a little silk lined workbasket adorned the table.

When he sat down to supper he was scarcely conscious of what he ate. In kaleidoscopic procession there passed through his recollection his mother's friends and neighbors; but, though the house cleaning and the bread and butter might suggest the buxom matrons of his acquaintance, it was some way borne in upon his slow working brain that the other things were the handiwork of a maiden. Even if the white curtains could be possibly charged up to one of the simple farm wives, there was still that workbasket lined in delicate blue to refute the theory. No! The workbasket would have convinced any jury, as it did John, that a young woman—one with a dormant shade of coquetry—had entered his home that day.

The white curtains and the blue lined basket would adjust themselves to but one person, and that one he feared it could not have been. Buried in his memory was the love of one woman, who had said him nay.

He roused himself from his speculations.

"Whoever it is," he thought grimly, "will soon be disclosed. The folks about here are not the kind that hide their light under a bushel."

He looked dubiously at the supper table. It seemed to him that he was under obligations to restore things to the order in which he had found them. Clumsily he washed the dishes and set the room to rights, half angry with himself for doing so.

"They'll be leaving me a kitchen apron and a dish towel next," he thought sheepishly.

In the vapory veil of smoke that floated upward from his evening pipe he saw a vision of a hearth and home presided over by a goddess, young and fair. But his pipe went out, and he awoke from his dreams.

The early dawn, with the sounds of chioring, found John sturdy and practical again; yet as he went up and down through the furrows all the gray, sunless day his thoughts eagerly turned to his home going and what the evening would bring forth.

He felt his heartbeats as he lifted the latch. The same order prevailed; the cloth laid for supper and in the center of the little round table was a glass filled with flowers, not the sweet smelling garden flowers nor the stiff blooms of house plants so popular in country homes, but a handful of flowers of the wood.

The week went by, each day spent in hard, eager labor, his thoughts and hopes concentrated on the evening hour. Always he found his little home well kept, the table set with some delicacy, and everywhere was the invisible, invincible touch of a woman's hand.

He might easily have come home unexpectedly by day or lingered in some concealed place to watch for his magic housekeeper, but his chivalry withheld him from seeking to discover the identity of the one who wished to do her good deeds in secret.

Suddenly a bright idea occurred to John. The next morning after breakfast he reset the table for his evening meal, taking pains to make it look as it had each night of the preceding week, even to the flowers, except that two covers were laid and two chairs set at opposite sides of the table. Would she thorough search. It was a cottage, with parlor, bedroom and kitchen below and a half garret upstairs. The miser occupied the bedroom and the guard the parlor, both sleeping on the floor on straw beds. The kitchen was furnished with an old rusty stove and a meager supply of dishes, and Jake cooked what he ate.

Beginning at the cellar bottom, the searchers worked up. The bottom of the cellar was dug over to a depth of two feet, but nothing was found. Then the baseboards were torn off the rooms above, the walls pierced here and there, and before the search ceased the very shingles were taken from the roof. One reason why the search was so keen and thorough was because of the number of heirs who came forward. Plenty of people had heard old Jake declare that he was the last of his race and if he had any blood relatives at all they were second cousins living in some province in Germany, but no sooner had news of his death traveled about than kinsmen began showing up and filing their claims.

Van Girten was German born, but Englishmen, Frenchmen and Italians came forward, to say nothing of Americans, and none of them, according to his account, was anything less than first cousin. All insisted on the most rigid search, and, although not allowed to participate in it, the sheriff did his whole duty. When he had finished with the house it was a wreck, and all agreed that a dollar bill could not have been hidden away and escaped the search.

As nothing was found in the house, the "heirs" insisted on the grounds being searched. Diggers threw up the earth at the foot of every tree, rocks were rolled over and mounds burrowed into, and another two weeks were wasted in vain.

The searchers hated to let go, but they had to, and then the only thing remaining was to sell the old man's personal property at auction and turn over his real estate to the law and let the heirs prove their claims. The term "personal goods and chattels" made everybody smile. The straw beds and dirty blankets, the two or three old chairs, the rusty and broken old stove and the few cracked dishes were valued at $1 at a liberal estimate, and when a farmer named Robinson bid them in for 70 cents he was made the butt for many jokes. He loaded up his "bargain" and carted it off, and the case was considered closed.

Many people continued to search for a year, taking in woods and hills four miles away, but at last it was a dead subject and was not heard of again for ten years.

Then a very singular thing happened. Robinson, who had removed to another state, met with a fatal accident, but before dying made a confession. He passed for and really was a wealthy man, and as to how he had made his money no one knew. In his confession he said that after getting the old stove home he found the oven doors wired up. Loosening one of them, he looked in to find the old miser's strong box resting there. By the use of brick and mortar the oven had been so shut off that a fire in the front of the stove would not warm it. While the stove was the most conspicuous object in the kitchen, it was at the same time the safest hiding place for miles around. There was over $30,000 in the box, and the finder simply kept quiet until he could arrange to move away and enjoy it. At the auction sale, when that old stove was bid in, there were at least 200 men in attendance, any one of whom could have got the fortune by raising Robinson's bid 10 or 15 cents, and now, after twenty years have elapsed, none of them still living has forgiven himself.

Fears of Famous Folk.

The great Dr. Johnson, with all his philosophy, was not without a superstition. He was very careful not to enter a room with his left foot foremost. If by any chance he did so he would immediately step back and reenter with his right foot foremost. He was terribly afraid of death, too, and would not suffer it to be mentioned in his presence.

Julius Caesar, to whom the shouts of thousands of the enemy were but sweet music, was mortally afraid of the sound of thunder and always wanted to get underground to escape the dreadful noise.

Marshal Saxe, who loved to look upon the ranks of opposing armies, fled and screamed in terror at the sight of a cat.

Peter the Great could scarcely be persuaded to cross a bridge, and whenever he placed his foot on one he would cry out with fear. Like the great man that he was, he tried to overcome his weakness, but he was never able to do so. And Byron would never help any one to salt at table, nor would he be helped himself, and if any salt were spilled he would immediately get up and leave.

Why the Jew Excels.

In almost every field of human endeavor the Jew excels. There is a philosophic reason for this which has no relation to essential superiority. The Jew is thorough. He is so as a result of long necessity. The world has vainly sought to deprive him of the means of existence. He was quick to understand that with merely equal merit he could not hope for an even chance. He perceived that his only promise of survival under the handicap of race lay in superior qualifications. He applied himself. He learned to master difficulties and surmount obstacles. Discounted by prejudice, he realized that his work must carry a premium of value in order to reach parity in the open market. As the problem grew more difficult his capacities increased proportionately, for nature responds unfailingly to every demand of necessity.—Walter Hurt in Culturist.

Persian Peasants.

There is probably no peasantry in the world so ground down as the Persian. The agricultural laborer there, as in China, never tries to ameliorate his condition for the simple reason that if he earns more more is taken away from him by the rulers of the land. The general condition of the laboring classes, however, does not seem to be so bad as might be supposed. In a country so vast (650,000 square miles) and so thinly populated (5,500,000 in all) a small and sufficient supply of food is easily raised, especially with such prolific soil at the command of the poorest. At Shiras there are two harvests in the year. The seed, sowed in summer and reaped in autumn, consists of rice, cotton, Indian corn and garden produce, and the tchatol is sowed in October and November and reaped from May till July. This is exclusively wheat and barley. Here also grow grapes, oranges and pomegranates, for which latter Shiras is famed.

Bathe and Massage Oranges.

"You can learn a thing or two about fruit," said the foreign fruit store clerk, "by living in the country that produces it. The natives generally know best how to preserve and keep it fresh. Persons ordering fruit for steamer parties often wonder why our oranges look so fresh and bright. They are willing to pay a good price just for the tempting looks of the fruit. Well, we bathe them and massage them just as the Chinese do; that's why. I have lived in the Celestial Kingdom and got some valuable lessons from our almond eyed cousins. On a first class orange plantation in China, when harvest time comes, bamboo vessels filled with water are held under the orange trees, and as the fruit falls from the branch it goes into the water and gets a good bath. An orange not treated this way loses its oil from having been suddenly cut off, and it soon begins to grow brown and shrivel. The Chinese coolies brush the oranges to open the pores of the skin and let the air in. This gets the dust all out and helps to preserve them. California people learned the trick from the Mongolian farmers there."—New York Press.

Never Labored.

"E're's a man," said the defendant's counsel, with a tremulous voice, "here is a man handicapped at the very beginning of his life. From the time he lay a helpless infant in the cradle to this day, when he sits helpless under the pressure of years and affliction, he has labored under the name of Ishmael Aminabad Skeets."

He was about to say more when the plaintiff arose from her seat and shook a work worn forefinger in his direction.

"I expected I was goin' to hear strange things in this court," she cried, with shrill indignation, "but I didn't expect to hear such foolish talk as that! There's never been a day in his life that Aminabad's labored nor thought of laborin'. He's the most shiftless, lazy"—

But she resumed her seat, owing to a sudden pressure from her relatives in the rear, and the counsel, a little flushed, went on in a somewhat different strain.

The Curse of Shiftlessness.

Whether shiftlessness is a vice that is incurable or a habit that can be overcome, it is anyhow a condition that perplexes and irritates relieving officials. Shiftlessness is paying one's last 50 cents for a circus ticket without learning where tomorrow's breakfast is coming from. It is a refusal to repair the leak in the roof when the sun shines. It is killing the goose that lays the golden eggs. It takes no thought of the morrow. It never lays up anything for a rainy day. It always ignores opportunities. It prefers to rely on neighborhood bounty to hustling for itself. It won't work, except under the pressure of necessity. It never gets ahead.

Desperate.

Aunt Ruth—'Tis sad to grow old Her Niece—How much would you give to be as young as I? Aunt Ruth—I would almost submit to being as foolish.

Unexpected.

"Can your wife make as good pies as your mother did?"

"Yes, indeed. Mother uses my wife's pies."

Grecian Maidens and Zam-Buk!

ANCIENT AND MODERN HEALING BALMS.

NOT only did the maidens of ancient Greece and Rome anoint their skin with healing balms to preserve its youthful freshness and softness, but their warriors and gladiators also used secret balms for the healing of their wounds. These fine races fully appreciated the great influence which the condition of the skin has on general health. You don't neglect your teeth! Why neglect your skin? Roughness, redness, scaling sores, pimples, blackheads—all these, apart from cuts, bruises and skin disease, such as eczema, etc., yield to the modern herbal balm, Zam-Buk. Think how the condition of your skin affects your general health! According to Sir Erasmus Wilson, the pores by which perspiration is carried on average 3,528 to the square inch of skin surface. On your body you have a total of over two millions! These glands, placed together, would make an orifice twice the size of the human mouth. Little wonder, therefore, that a diseased skin has a bad effect on the general health. Little wonder, too, that Zam-Buk, the well-known skin cure, by cleansing the pores and dispelling disease, improves bodily health. It is, as a healer of cuts, burns, bruises, ulcers, wounds in general, and all skin diseases, however, that Zam-Buk is seen at its best. Whoever watches the healing of a wound or sore with Zam-Buk is face to face with one of Nature's greatest wonders. The healing process thus set in motion is nothing but a phenomenon of regeneration—a natural process of replacing destroyed tissues by new ones. The antiseptic substances contained in Zam-Buk first attack and kill off the microbes or germs that are the cause of inflammation or disease, and then the healing ingredients proceed to build up new tissue to replace that which has been damaged or lost. New cells appear like a builder extending a new row of houses; the whole of the wounded area is gradually over-lapped, and soon it is difficult to tell where the injury has been, so perfect and complete is the growth of the new skin. For the cure of all skin injuries and diseases stick to nature: use Zam-Buk—the natural herbal balm.

ZAM-BUK PROVED IN CANADIAN HOMES.

PROOF OF ITS MANY VARIED USES.

CURED BABY'S ECZEMA.

"My baby had a rash on its skin something like eczema," says Mrs. J. Reesor, of Aurora, in telling of what Zam-Buk had done in her family. "I decided to try Zam-Buk and obtained a supply. This I used as directed, and after a few applications an improvement was observable. I persevered and in a short time the child was quite cured. This cure by Zam-Buk was worked after I had tried many other salves and ointments without any benefit whatever. I also tried Zam-Buk for a burn and it took the fire out of it at once. Altogether I believe Zam-Buk to be an excellent balm, capable of doing all that is claimed for it."

CURED A DEEP CUT.

Mrs. H. T. Parks of Washago, Ont., writes:—"My husband had a nasty fall in which he sustained a deep gash in his chin. I applied some Zam Buk and it was healing nicely when our supply was finished. I sent for a fresh supply and continued the treatment. I never saw anything heal quicker in my life than this wound did when Zam-Buk was applied. As a healing ointment I think it has no equal. I also proved Zam-Buk excellent for chapped and sore hands."

Zam-Buk is a cure for:—Eczema, ulcers, ringworm, abscesses, boils, pimples, eruptions, scalding sores, cuts, burns, bruises, insect stings, inflamed patches, bad legs, running sores, piles, scalp sores, chafings, sore feet, and for all injured or diseased conditions of the skin.

It is also an excellent embrocation, and cures rheumatism, stiffness, sciatica, etc.

Of all druggists at 50 cents a box, or post free upon receipt of price from the Zam-Buk Co., 58 Colborne St., Toronto.

A Woman in the Case

A woman was at the bottom of it. She said to her husband, "Why don't you go to LANG & MAHER'S and see what kind o Clothes they have anyway, instead of paying such high prices to have them made?"

The man came, doubting at every step. Said he didn't think we could fit him, but just wanted to look around for curiosity. We persuaded him to try on a Coat, and, of course, easily convinced him that his ideas of Ready-to-Wear Clothes were all wrong.

There are not only different sizes, but different cuts—for the stout man, the slender man, the tall man, the short man—so that it is now the exception, rather than the rule, not to be fitted in our Ready-to-Wear Clothes.

Beautiful Suits from $12.00 to $18.00

Quality costs us more, but it holds our trade, and nothing but merit keeps us busy.

FOR SUNDAY READING

Lesson IX.—May 17.—Feeding the Five Thousand.—Mark 6, 30-44.

GOLDEN TEXT.

My Father giveth you the true bread from Heaven.—John 6, 32.

NOTES.

The return of the twelve seems to have occurred about the time Jesus heard of the death of John the Baptist from the disciples of the latter. Nothing is recorded as intervening.

Place.—On the northeastern shore of the Sea of Galilee, near Bethsaida (Julias; Luke 9, 10.)

Time.—Shortly after the Passover (John 6, 4)? at the beginning of April, year of Rome, 782; that is, A. D. 29. As this is the only miracle narrated in all four Gospels, the note of time in John is a great help in determining the chronology of the synoptic Gospels.

The Order of Events.—John gives details of two conversations with Philip and Andrew, respectively, which must be fitted into the other accounts. The view that presents the fewest difficulties places the conversation with all the disciples (narrated by the synoptists) between those narrated by John. For it seems unlikely that the question to Philip followed the request of the Twelve, and quite as improbable that the report of Andrew (about the lad with his small store of provisions) should have preceded the command to "go and see" (Mark 6, 38). This miracle is plainly distinguished from the feeding of the four thousand, since Matthew and Mark, who narrate the latter, give many different details, and in a subsequent conversation emphasize these differences.

CRITICAL NOTES.

Verse 30.—The Apostles:—Thus termed by Mark only here.—Gather themselves:—They had gone out in parties of two; hence returned from different quarters, probably at intervals.—Told him:—Sent out by him, they report to him. Verses 12, 13 imply considerable success.

Verse 31.—Ye yourselves:—Ye alone.—A desert place:—An uninhabited spot, not a "desert" in the modern sense.—Rest a while:—After their preaching tour. Notice our Lord's care for his disciples. Mark refers oftenest to such withdrawals. Matthew (14; 13) adds another reason; namely, the news of the death of John.—Many coming and going: Pilgrims to the Passover probably enlarged the crowd.

Verse 32.—In the boat:—To the north eastern shore.—Apart:—Not "privately" but by themselves.

Verse 33.—And the people saw them going:—The best attested reading omits "multitudes"; but it is necessary to supply the subject in English. Other various readings occur, which are properly rendered by the Revisers.—On foot:—Or, "by land." The former is the literal sense, but among a maritime people, like the Greeks, the usual contrast would be between "by sea" and "by land"—Outwent them:—The crowd could readily pass round the head of the lake before the boat reached the other side.

Verse 34.—Went forth:—Either from the boat, or from the highland ("mountain", (John 6; 3).—Had compassion:—Hence he "healed their sick" (Matthew so Luke).—Sheep not having a shepherd:—Peculiar to Mark, but compare Matthew 9; 36.—Began to teach:—The next verse implies that he continued teaching for some time.

Verse 35.—Now far spent:—Apparently the first evening, as it was called, after 3 p.m.—His disciples came unto him:—The conversation with Philip (John 6, 5-7) probably preceded—The day is not far spent:—Matthew, "the time is already past," probably the evening mean time, earlier then than now.

Verse 37.—Give ye them to eat:—"Ye" is emphatic.—Two hundred shillings' worth:—The coin is a Roman denarius, one sixth of a dollar in value, but then of greater purchasing power, and the wages for a day's labour. Probably the disciples had not so much money with them. John also mentions this sum.

Verse 38.—How many loaves have ye? This must have preceded the report of Andrew (John 6; 8, 9—Five, and two fishes:—Flat cakes of barley (John) the cheaper bread at that time.

Verse 39.—And he commanded:—So all the accounts.—Sit down:—Greek, "recline", the usual position at meals.—By companies:—See verse 40.—Upon the green grass:—John says, "There was much grass in the place." At the passover season the grass would still be green.

Verse 40.—In ranks:—Peculiar to Mark—By hundreds, and by fifties:—Luke, "about fifty each." There was no confusion. The tractableness of such a crowd is an evidence of the personal power of Jesus.

Verse 41.—And he took:—Literally, "taking". A significant part of the miracle.—Looking up to heaven:—Preliminary to the blessing.—He blessed:—Asked a blessing or gave thanks (John) Edersheim gives this form:—"Blessed art thou, Jehovah our God, King of the world, who causes to come for bread from the earth." — "Gave:—More exactly, "Kept giving." The change of tense, in four out of six accounts, indicates that the loaves multiplied in our Lord's hands.—And the two fishes:—John, "as much as they would". The four principal acts in the distribution of the bread are mentioned in the accounts of the Lord's Supper.

Verse 42.—And they took up:—At our Lord's command (John). — Broken pieces:—The clean "broken pieces" as they came from our Lord's hands; not crumbs, or fragments, in the modern sense. — Twelve basketfuls:—There is a curious variety in the Greek, in referring to this incident, but all the amounts agree substantially.

Verse 44.—Five thousand men:—Matthew adds, "besides women and children." How little the multitude understood the real significance of the miracle appears from the discourse which followed at Capernaum (John 6; 23-71.)—S. S. Times.

To-morrow In City's Churches

ST. PETER'S CATHEDRAL. — At St. Peter's Cathedral there will be three masses celebrated — at 8.00 a. m., low mass; children's mass at 9.15 a.m.; high mass at 10.30; Vespers at 7.00 p. m., with sermon.

Monday at 8.00 p. m.—all are welcome; Wednesday Public Service, Messrs. Charles Barrie and Roy Jackson in charge; Thursday, Annual Roll Call of Church. All seats free. Hymn Books provided. Strangers made welcome.

Church Union Is In Practice In Bridgnorth

During the Illness of Rev. H. McQuade Mr. McKinnon Took Services.

Examiner Special.

Bridgenorth, May 23.—Nice, growing showers these days.

Mr. N. G. Bell is progressing nicely with Mr. Lundy's cottage in the village. When this is completed, it will make Chemong Park look old fashioned.

"Patsie" Sullivan, the Peterborough-Ennismore stage driver, is bound to beat the proposed automible service to Chemong this summer, as he has already secured a fine new three-seated carriage with the latest canopy top.

Bridgenorth is still in the march of progress as it has again decided to "pound" any and all cattle found running at large in the streets.

There was no Quaker-Bridgenorth football match here on May 19th as per Midland League schedule, as our team has not entered this year.

Preparations are being made for an outing by boat to Lakehurst on Victoria Day. A friendly game of football will be engaged in, as well other athletic contests.

This town would not object to some new sidewalks.

Court Bridgenorth, No. 315, C.O.F., is in a flourishing state now as new members are being initiated nearly every month. According to present arrangements this Court will attend services at Gilmour Memorial church on Sunday, June 3rd at 11 a.m.

Mr. Wm. Nicholls, who has beautified his residence this spring by the addition of a handsome Colonial verandah, has just completed the grading of a spacious lawn which will be suitable for tennis and croquet.

Some practical joker is after the Smith Township Council as is shown by the red lanterns suspended from telephone poles at either end of the heap of mud and stones on the Chemong road opposite the farm of Mr. W. Grant.

Mr. W. B. Kelly's lawn is now adorned by a tennis court on which many pleasant and exciting contests will be engaged in during the summer.

Owing to the illness of Rev. Mr. McQuade, the service last Sunday evening in the Methodist Church was conducted by Rev. Mr. McKinnon, of Gilmour Baptist. The shadows of church union seem to be hovering around.

MILLBROOK WANTS MINTO CUP TEAM

When on their eastern trip, exhibition games will be arranged with Ottawa and Toronto. But what do you think! Millbrook, the old member of our town, has sent the team an invitation to visit there, play an exhibition game with the young lacrosse giants of the West, and be guests of the town council. Spunky old girl! We hope the boys will be able to make the visit, if only for the sentiment of the thing. — Sports Plaindealer.

"AN EXCELLENT FOOD, admirably adapted to the Wants of Infants."
SIR CHAS. A. CAMERON, C.B., M.D., Professor of Chemistry, R.C.S.I., Ex-President of the Royal College of Surgeons, Ireland.

Neave's Food
For Infants, Invalids, And The Aged.

GOLD MEDAL, WOMAN'S EXHIBITION, London, 1900.

DR. BARNARDO says:—
"We have already used Neave's Food in two of our Homes (Babies' Castle and the Village Home), and I have no hesitation in saying it has proved very satisfactory."—July 27th, 1901.

Sudden Death In Vancouver

Elgin Milton Sacret Died Under Distressing Circumstances.

The Vancouver, B. C., World of a recent date has the following in reference to the death of a grandson of Mrs. S. Nelson, of this city, and a nephew of Mrs. McWilliams, Park street:—

"The funeral of Elgin Milton, the only son of Mr. and Mrs. R. M. Sacret, and grandson of Captain Sacret, took place on Tuesday afternoon at 2.30 o'clock from the family residence, 502 Seventh avenue east. The deceased was nine years old, and apparently in good health on Saturday evening, but during the night he was taken seriously ill, and in spite of the best medical skill, expired early on Sunday morning. There was a large attendance of sympathizing friends. The pall-bearers were Sydney White, Ray Cahill, Graham Bruce, and Willie Crocker, all schoolmates of the deceased. The floral tributes were numerous and beautiful, among those contributing being the following:—Mr. and Mrs. Madams, cross; M. A. Bruce, Spray; E. L. H. Baxter, spray; Harry and Willie Brown, spray; Mr. and Mrs. J. M. Beck, spray; Mr. and Mrs. Thompson, wreath; friend at Winnipeg House, heart and spray; children of Winnipeg House, anchor; Mr. and Mrs. Bettes, spray; Mr. and Mrs. H. Sacret, spray; Stafford Harris, spray; Mary Kathleen Christena and Sydney Blyle, spray; Miss Cown, spray; Mrs. Glover, spray; Mr. and Mrs. H. Stevens, spray; Mrs. Grace and children, spray; Miss Millie Muir, wreath; Mr. and Mrs. J. Muir, wreath; Tessie and Douglas Dixon, spray; Mr. and Mrs. Annond, spray; Beatrice and Mrs. Sherwood, spray; Mrs. Carlson, crescent; Mr. and Mrs. Allen, wreath; Mr. and Mrs. Macauley, spray; Mr. and Mrs. Arnold, spray; Mr. and Mrs. Stone, spray; W. Crocker, spray; Mr. and Mrs. Harford, spray. The services were conducted by the Rev. H. W. Piercy.

MEDICINE FOR CHILDREN.

A medicine which keeps babies and children well or restores them to health when they are ill, is a priceless boon to humanity. Such a medicine is Baby's Own Tablets. These Tablets cure all stomach and bowel troubles, allay the pain of teething and give sound, healthy, refreshing sleep. And the mother has the guarantee of a government analyst that this medicine does not contain one particle of the poisonous opiates found in so-called soothing mixtures and most liquid medicines. The Tablets are equally good for the newborn baby or the well grown child. Mrs. Robert Currie Loring, Oat., says: "I have found Baby's Own Tablets a splendid medicine for curing constipation and other ills of little ones." You can get these Tablets from any medicine dealer, or by mail at 25 cents a box by writing The Dr. Williams' Medicine Company, Brockville, Ont.

A Methodist Minister Married In Omemee

Rev. D. R. Clare, B.A. B.D., Wedded to Miss Ida Scott—Bridegroom Pastor in Wesley Circuit—Rev. G. R. Clare, of Millbrook, Performed Ceremony.

Examiner Special

Omemee, May 26th. — A wedding of considerable local interest was solemnized here on Wednesday afternoon, when the Rev. D. R. Clare, B.A., B.D., of Wesley Circuit, Smith, claimed as a bride Miss Ida Scott, a popular young lady of this place. The ceremony was performed at the home of the bride's father, Mr. Archibald Scott, at 2.30 p.m., by the groom's brother, Rev. G. R. Clare, of Millbrook.

The bride looked very pretty in a gown of white crepe de chine, wearing the regulation bridal veil, and carrying a sheaf of white roses. After the ceremony and congratulations a dainty luncheon was served to about thirty-five invited guests, amongst whom were Mr. J. H. Clare of Chapman, and Mrs. W. E. Gartley, of Tweed, brother and sister of the groom.

The happy couple went to Tweed the following day and in the evening were tendered a reception at the home of the groom's father, Mr. Jas. Clare, ex-warden of Hastings county. The reception was in the form of a very happy family reunion of all the sons with their wives and children. The party consisted of Rev. G. R. Clare, wife and two children; of Millbrook; Wilmot Clare, wife and two children, of Thurlow; Dr. H. Clare, assistant medical superintendent of the Episeptic Hospital at Woodstock; J. H. Clare and wife, residing on the old homestead at Chapman; Rev. D. R. Clare and bride; Bert Clare and wife of Roslin; and Mr. and Mrs. W. E. Gartley, of Tweed, besides a few other immediate relatives.

After doing justice to the good things provided for the occasion, a thoroughly enjoyable evening was spent in rehearsing the many incidents of the life of the family, which were held dear in the members of the different families. A day or two were spent together very enjoyably, when the usual partings took place, but the happy occasion will be a pleasant recollection to Mr. and Mrs. Clare for many years to come.

Attractions At The Park To Pay License

$55 Will be Charged for Bowling Alley and Restaurant—Others Are Free if the Company Gives Certain City Officers Free Transportation—Mr. Larmonth Explains Plans of Company.

At the meeting of the Finance Committee last night Mr. J. H. Larmonth appeared on behalf of the Peterborough Radial Railway Company to consult the committee in respect to the concessions at Jackson Park this summer. He stated the intention of the company to conduct an ice cream parlour, bowling alley, and cane rack, and probably a merry-go-round, doll rack and vaudeville show. His mission was to arrange for the license fees to be paid for these concessions.

There was some difference of opinion among the members of the committee on this point, but it was finally decided to charge $55 for the bowling alley and ice cream parlour and allow the rest to go free on certain conditions moved in the motions, which follow:

It was moved by Ald. McWilliams seconded by Ald. Wilson, that the Peterborough Radial Railway Company be charged the usual fee for bowling alley, $50; ice cream parlour, $5; and $50 for merry-go-round and other attractions at Jackson Park, but providing the company gives free transportation for the balance of the season to the city engineer, street commissioners, street inspector and assistant plumbing inspector while on city's business, the last fee be $25.

It was moved in amendment by Ald. Elliott, seconded by Ald. Ball, that the regular fee for bowling alley and restaurant be charged, and the other attractions allowed without fee, providing the company gives free transportation to the abovenamed city officials. The amendment was carried.

Rev. Father McColl Was The Special Preacher

At Lindsay on Thursday When Knights of Columbus Was Organized—Many Members of the Clergy Present—A Most Successful Initiation.

The Lindsay Post gives some additional information in reference to the institution of the new council of Knights of Columbus in Lindsay on the 24th, to which reference was made in these columns yesterday. It says:

"Who are they?" "Where are they from?" were questions frequently asked yesterday by citizens, their curiosity having been aroused at sight of many well-dressed, fine looking men marching in procession up Kent street yesterday morning about 10.45, on their way from high mass at St. Mary's church to the council chamber.

The people of hundred strangers in town were present or prospective members of the great Roman Catholic order, the Knights of Columbus, only recently introduced into Canada from the United States, but which has already attained a large membership. It is a high class society and appeals to the best men in the church which it is designed to support and help.

Several years ago a number of our Catholic fellow citizens and others from Peterborough were made members of the order at a convention held at Ottawa, and others joined at Kingston last year. The present convention was called to serve the western part of the Midland district, but Knights were present from Montreal, Ottawa, Brockville and other points east, as well as from St. Catharines, Thorold, Toronto Orillia, Penetanguishene, Collingwood, etc.

The Knights began to arrive on the evening trains Wednesday. The Toronto city contingent came down by special train over the C.P.R. They occupied two Pullman sleepers, which remained at their service for the return trip at an early hour this morning. The Peterborough Knights and candidates also arrived on a special train during the night, and others from a distance came in on the early trains yesterday.

The Knights attended grand high mass at 9 o'clock at St. Mary's, when they listened to a special sermon by Rev. Father McColl, rector of St. Peter's, Peterborough, and a member of the Order. Other clergymen present were Rev. Father Phelan, Young's Point; Rev. Father J. O'Sullivan, Victoria Road; Rev. Father Bretherton, Hastings; Rev. Father Fitzpatrick, Emsmmore; Rev. Father Maguire, Downeyville; Rev. Father F. O'Sullivan, Lindsay; Ven. Archdeacon Casey, Lindsay; Rev. Dr. O'Brien, Peterborough; and Rev. Dr. McDonald, of Brockville.

The initiation ceremonies were conducted in the Council chamber, which had been superbly decorated by Messrs. J. J. Turner & Sons, of Peterborough, for the occasion at a cost of $50. In all 77 candidates were made Knights, including Lindsay Council, which starts off with a good charter membership.

At the conclusion of the initiation proceedings last evening the Knights were entertained at a dinner served in the market room and old council chamber below. Over 250 enjoyed a splendid repast, Mr. M. E. Langmay being the caterer. Speeches were delivered by prominent Knights from a distance and songs and recitations added variety to the programme.

ONE THING AND ANOTHER

Not Smith, Then.

A PENNSYLVANIA man has caught 74 rattlesnakes in one county. Needless to say, it is NOT a local option county.

• • • •

Must Attend to Business.

A FISH weighing 27 1-2 pounds has been caught at Temagami. The Inspector of Weights and Measures will be getting fired if he doesn't look after these scales better.

One Condition Lacking.

Philadelphia Press.

"WHEN I came of age," said young Mr. Kallow, "I promised mother that I'd never marry until I found the right girl, don't y' know!"

"Yes," replied Miss Bright.

"Yaas, and you're the right girl."

"Well, now isn't that provoking, for you're the wrong man."

Reflections of a Bachelor.

New York Press.

PAYING debts is a terribly expensive thing.

It would be much easier to tell the truth if it were breaking a Commandment.

It's mighty uncomfortable to have to do a good deed because somebody expects you to.

A man's wife would rather go out to dinner than he would stay at home and have a good time.

A nice thing about having only one bad habit is you can spend so much more money on it.

• • • •

A Stupid Banker.

MRS. NEWLIWED (angerily) — I just received a silly notice from you that my account is overdrawn.

Cashier—Yes, madam, that seems to be the case.

Mrs. Newliwed—Nonsense! Why, there are still a dozen checks in my check book that I haven't used up yet.

Next Convention Norwood Fair Day

The County Teachers Will Meet Again in the Fall.

At a meeting of the executive of the County Teachers' Association yesterday it was decided to hold the autumn convention on the first day of the Norwood Fair, and also in the morning of the second day. This enables the teachers to attend both the convention and the fair.

This morning a party of the teachers drove out to Burnham's Woods in Otonabee to explore nature in the woodlands. The party was under the supervision of Mr. J. E. Hodgson of the Peterborough Collegiate Institute.

Edward Martin Goes To Jail

Gets Twenty Days for Trespassing on the C.P.R.

Edward Martin, who was remanded from yesterday charged with stealing a ride on a C. P. R. train, was found guilty at the police court this morning and not having the $10 which he was fined, to be paid forthwith, will do twenty days' hard labour in Castle Nesbitt.

Martin said he was looking for a work car at Norwood, but C. P. R. Detective Samuel Wright, whose business it is to look after trespassers, espied Martin on board a box car as a freight approached the station. Detective Wright in giving his evidence, said that the prisoner got off the car and when he saw him approaching he commenced to run up the south side of the train. The man with a badge pursued him and caught him in front of the engine. The prisoner said he had beat his way from Valleyfield. He said he was going to some mines to prospect, and that Brackman Anderson had given him permission to ride on the train.

"I'm looking for work, your honour," said Martin.

He then proceeded to contradict Detective Wright's evidence, but the court evidently placed more confidence in the officer's evidence, and the prisoner was sentenced as noted above. He took it hard and shed a few tears.

"At the age of 51," he said, "my word is as good as anybody's else. I'll write to my people to-night," he added, "and get the money."

AMERICAN VISITORS INSPECT NEW 'PHONE

The Canadian Machine Telephone continues to attract the attention of independent telephone companies all other the continent. The system is advertising Peterborough, as capitalists from various parts of Canada, as well as the United States, have visited the city to inspect the plant here.

Yesterday a party of gentlemen, representing various independent companies in Los Angeles and other Pacific Coast points, were in the city. Among the party were Messrs. Winner, Frick, Fry, Phillips, Detroiter.

They were met by Mr. G. W. Lorimer, of Paquia, O., and Mr. McManus of Brantford, and inspected the system thoroughly. The visitors were greatly impressed with the ease and accuracy of the working of the Machine 'Phone.

THE BAND GETS GRANT OF $500

The grant to the 57th Regiment band for this year will be $500, the same as last year.

At the meeting of the Finance Committee last night, the application from the band for a grant of $600, was taken up, but the contention of the band that they should have an increase of $100, was not entertained, and the same grant as was made in 1905, was made, and on the same conditions as those of last year. This was decided on motion of Ald. Elliott and Ald. Wilson.

Reception Was Most Enjoyable Affair Throughout

Rev. and Mrs. Potter Entertained Their Friends Last Night—Presentation Was Made to Miss Mary Rush During the Evening by the Members of the Choir—Delightful Musical Programme Was Rendered.

ABOUT TWO HUNDRED WERE IN ATTENDANCE

A most pleasing reception was held last night in St. Andrew's Sunday school room, when two hundred people enjoyed the hospitality of Rev. J. G. Potter and Mrs. Potter. The evening passed most pleasantly and the kindness of the host and hostess was thoroughly appreciated. Every arrangement was made for the entertainment and comfort of the guests, to whom the affair was one long to be remembered.

The Sunday school rooms were beautifully decorated with apple blossoms and flags, and presented a very attractive appearance. During the evening a musical programme of unusual excellence was given, and the warm applause which greeted each number showed how thoroughly this feature was enjoyed.

The choir took advantage of the occasion to make a presentation to Miss Mary Rush, the soprano soloist, who has severed her connection with the choir. Miss Rush's services have been most valuable, and she was deservedly popular with the members of the choir. Mr. Cecil Carl Forsythe on behalf of the choir presented Miss Rush with a handsome portfolio, while the following address was read by Mr. F. E. Kerr.:

To Miss Mary Rush.

Dear Miss Rush,—We, the members of St. Andrew's Choir have learnt with deep regret that you are about to sever your connection with us.

Since you became a member of our choir we have learned to admire and respect you for your many excellent qualities. You have been most faithful in the discharge of your duties; you have always endeavoured not to see how little but how much you could do. Then your genial friendly sympathetic manner has welded strong the bonds of friendship which exist between you and the other members of the choir.

While the choir do sincerely regret your departure from amongst its ranks, they will continue to remember you and they all unite in wishing you a long happy prosperous life filled with every blessing that Providence deems fit to bestow. They hope that you may have no regret for ever having been a member of the choir and that you may in the future derive much pleasure in remembering the time spent with us.

In token of our esteem towards you and as a link to bind the chain of friendship more securely, we ask you to accept this portfolio from us not for its real value but simply as a symbol to express in a frail way our appreciation of you and your efforts on behalf of St. Andrew's Choir.

Signed on behalf of the choir,—

JAMES G. POTTER,
Minister.

CECIL CARL FORSYTHE,
Choir Leader.

F. E. KERR,
Secretary.

The musical programme opened with a vocal solo by Mr. Duncan Campbell, which was given with splendid effect and was well received. Mr. Gilbert Markle, always a favourite, was heard with great pleasure and with equally great advantage in a violin solo. A vocal solo by Mr. Mackie was a feature that was splendidly rendered. Mr. Commons gave a flute solo in a very effective manner. The programme concluded with a piano solo by Miss Lottie Crozier, of Merrickville, a number that was brilliantly executed.

Delightful refreshments were served at the close of the evening. Sociability was the motto of the occasion, and Mr. and Mrs. Potter quickly made everyone feel at home. Such gatherings do much to promote a social feeling in a church, and the host and hostess of last evening are to be congratulated upon the success which attended their efforts.

The appreciation of the guests was shown in the hearty vote of thanks which was passed to Mr. and Mrs. Potter before the gathering dispersed.

WILL SELL PUBLIC SCHOOL DEBENTURES

At the meeting of the Finance Committee last night, which was attended by the Mayor, Ald. Mason, Wilson, Ball, Elliott and McWilliams, the Mayor and the chairman were authorized to sell the debentures to be issued for the local improvements constructed last year, the public school debentures, the fire department improvement debentures, and $10,000 of the Collegiate Institute debentures.

Ald. McWilliams moved, seconded by Ald. Wilson, that the City Solicitor be instructed to oppose the city, being charged with the maintenance of John J. Laplante in St. John's Industrial Home. This was carried.

The usual accounts were passed and will be so reported to the council at its next meeting.

BIRTHS.

HILL.—On Sunday, May 20th, 1906, at 219 Bethune street, Peterborough, Ont., to Mr. and Mrs. Chas. Hill, a daughter.

Many Married Men Are Coming

Salvation Army Can Place This Class of Immigrants.

Adjutant Jennings, who has just returned from England, where he has been for the past five weeks on immigration business, states that the department will receive, during the next few weeks, some fine married men, and would like to get a number of applications for this class of immigrants. Farmers who could accommodate a married man would do well to apply at once to Brigadier T. Howell, 24 Albert street, Toronto, or to Adjutant Jennings, Box 49 Peterborough, Ont.

Butter Was 23c. This Morning

The Market Not so Large as Usual.

Potatoes, butter and eggs were the chief commodities offered for sale at the morning's market. Potatoes are now in great demand, and the farmers quickly disposed of their heavy loads at $1 per bag. Some obtained $1.25. Fresh rhubarb sold at 5c per bunch, with an extra thrown in for a quarter. Spring pigs, which are now on the decline in numbers, were offered at $6.50 to $7 per pair, according to size. A load of veal sold at 6c and 7c.

The market hall was not so crowded as usual, and with the exception of butter and eggs, there was not a great deal offered for sale. Butter is still firm at 22 and 23c per lb. Eggs sold at 15c, and some even asked 16c per dozen. Chickens ranged from 90c to $1 per pair, and turkeys at $1.50 to $2 each.

The farmers this morning, when asked by the Examiner about the prospects for the timothy and clover crops this year, stated that they never looked brighter. One gentleman said that during the last two weeks the growth in hay and grains has never been surpassed as long as he could remember. The recent warm weather and warm rains account for the rapid growth. Hay at the market this morning was offered at $14 per ton.

Following were the prevailing quotations:

Butter, per lb	22	to	23
Eggs, per doz	15	to	16
Chickens, per pair	1 00	to	1 25
Turkeys, each	1 50	to	2 50
Pork, per lb, hind	10¼	to	11
Veal per lb	6	to	7
Spies, per bag	1 60	to	..
Russets, " "	1 30	to	1 50
Sweets, " "	85	to	1 00
Potatoes, " "	80	to	1 10
Turnips, per bag	25	to	..
Onions, per pk	10	to	15
Carrots, " "	20	to	..
Parsnips, " "	15	to	..
Beets, " "	60	to	1 00
Cabbage, per doz	10	to	..
Honey, per lb	11 00	to	12 0
Hay, Clover per ton	13 00	to	14 0
Hay, Timothy " "	3 00	to	4 0
Wood soft, per cord	6 00	to	8
" hard, "	..	to	t
Rhubarb per bunch			

HANDCUFFS GIRL; THEN KISSES HER

Chicago, May 26.—Claude Alexander operates with a pair of handcuffs, and pretty girls are his victims. He showed Miss Clara Hansen a pair of handcuffs, and saying he was an expert, told her to put them on him. Miss Hansen giggled and locked the bracelets on him. He soon wriggled out. He then told her she could do the same. When she put them on she could not get them off. Then he told her she must be kissed to be let go. Thereupon he kissed her a dozen times.

Mechanics, Farmers, Sportsmen

To heal and soften the skin and remove grease, oil and rust stains, paint and earth, etc., use The "Master Mechanic's" Tar Soap. Albert Toilet Soap Company, Manufacturers.

MR. F. D. KERR

Mr. Kerr, the "Man of to-morrow" shown to-day is a native of the town of Cobourg, and is a son of Senator Wm. Kerr, who in his earlier days was recognized as one of the hardest men to win a jury case from in the province. Mr. Kerr, who is himself a lawyer, comes of a family of lawyers, for, as has been stated, his father is a member of the same profession, as are two of his brothers, as well as his father's brother.

Mr. Kerr was educated in Cobourg, where he attended the public school and Collegiate Institute and graduated from Victoria University, being a Gold Medalist in Modern Languages in his year. He finished his legal course at Osgoode Hall, studying with the firm of Dale, Laidlaw and Kappele, at that time solicitors for the Toronto Street Railway Company. He was called to the bar in 1896, and came to Peterborough one year later, and has lived here and practised his profession ever since. Four years ago he joined the firm of Dennistoun, Peck, Kerr and Stevenson, now Dennistoun, Peck and Kerr.

Mr. Kerr is recognized in the profession as a most successful counsel at the bar, and five years ago distinguished himself by his work in defending Alex. Sharpe, on the charge of murder preferred against him.

Mr. Kerr is a many sided man, and, while he is energetic in and attentive to his business, finds time to be interested, and participate in politics, athletics, and church matters. He is an ardent advocate of the Trent Waterway, and about two years ago wrote a number of forceful articles on the subject, which were published in some of the leading Canadian daily papers. In politics he is a Liberal, and has done the party good service on the platform, where his speeches are convincing and logical.

In athletics he has always been deeply interested in, and for a number of years has been president of the Peterborough Tennis Club, in which game he excels. While at College he was captain of the association football team, and in the same town played both hockey and lacrosse, in which games he was proficient. Mr. Kerr is unmarried.

THE 3rd DRAGOONS ARE IN SPLENDID SHAPE

Capt. P. A. Davey, of B Squadron, 3rd Dragoons, Millbrook, was in the city to-day and reports that the prospects for having a good field squadron to go into camp at Cobourg on June 18 are good. Capt. Davey succeeds, in command of B Squadron, Major W. T. Hall, and has recently returned from Stanley Barracks, Toronto, where he successfully passed his examinations in his course of instruction. It is his intention to issue, this afternoon in Millbrook the great majority of his men, the saddlery and other equipment.

Canadian West Offers Many Possibilities

Mr. John Crane Speaks in Glowing Terms of the Granary of the Empire--Has Just Returned From a Month's Trip Throughout the West—Dawson Brothers are Doing Well.

Mr. John Crane, manager of the Ontario Bank, returned home last night after a month's visit to the West, during which time he visited most of the important centres. Mr. Crane, as seems to be the case with every easterner who gazes upon the wonderful West, speaks in glowing terms of the possibilities offered there, and of the great natural advantages of the country.

Mr. Crane visited, among other places, Moosejaw, Sask., Lethbridge, Calgary, Victoria, B.C., and Vancouver, B.C. His trip was purely a pleasure one and he was thus given ample opportunity to see the country. At Nanton, Alberta, Mr. Crane saw the Dawson Bros., who left Peterborough shortly before this departure, to conduct a general store there. They were, he found, doing a rushing business and seem to have seized upon a paying proposition.

A remarkable thing about the West, said Mr. Crane this morning, is the number of Peterborough people that are found there. No matter where you go you encounter some one from Peterborough.

Mr. Crane was very much impressed with the progressiveness and enterprise shown everywhere throughout the West. This with the great natural advantages is bound to make the country go ahead, and rapidly going ahead it is too. A large number of Americans are leaving the States and settling in the West. They are delighted with the possibilities of the Canadian West and show this by the way in which they are investing their money. Real estate is advancing in value by leaps and bounds and of course, much speculation is being done.

While it is too early to make any forecast as to the harvest, the farmers feel that this year the harvest will be a record one. They are basing this hope upon the conditions of other years and with a beneficial providence they are satisfied with the outlook. They have got their grain in and everything is promising.

Farmers Travel On June 14th

The Annual Excursion to Guelph Promises to be Successful.

The Farmers' Institute of East and West Peterborough, and West Northumberland, will hold their annual excursion to the city of Guelph, on Thursday, June 14th.

The excursion will be run by the Grand Trunk, and tickets will be good returning June 15th, from Campbellford and all stations west, and from June 16th from Hastings and Otonabee. The return tickets from Peterborough will be $2.00, for adults and $1.00 for children.

It is expected that a great many will take in the big excursion on June 14th, as the farmers' trips are always well conducted. The committee in charge are: East Peterborough, Messrs. F. Birdsall, Lakethorne, C. O'Reilly; West Peterborough, T. M. Hunter, J. H. Tweddle, William Collins; East Durham, A. Kelly, D. Sutton and A. J. Willis.

This Warm Weather Suggests Hammocks.

—You can save 25c to 75c on every Hammock bought at Stratton's. We have just received a line of travellers' samples of hammocks, ranging in price from 65c to $3.50, marked to save you money. We will save 25c to 50c on our $1.25 Hammocks and 50c on our $2.50 Hammocks. See them! A. E. Stratton & Co., 417 George street.

Fell Carrying Turkey; Secured $950 Damages

An Interesting Case Tried in Cobourg This Week—Port Hope Has to Pay for Defective Sidewalk—Robert Hall is the Plaintiff.

Examiner Special.

Port Hope, May 26.—In the Assizes this week, at Cobourg, three cases of much interest to Port Hope were tried. Robert Hall secured a verdict of $950 in his suit against the town for damages sustained through breaking his leg owing to a defect in the sidewalk on John street. Richard Westaway was awarded $1,200 in his suit against the Quay estate for services rendered to the late William Quay and the case of Brown vs. the G.T.R. was adjourned.

The case of Palmer vs. Purdy was commenced, but owing to the deafness of the plaintiff had to be referred to the clerk of the court, to take the evidence which will be read in court.

Robert Hall vs. Town of Port Hope came next—Robt. Hall, the plaintiff is a gardiner residing on River street, Toronto, and was visiting in Port Hope on or about Nov. 18th, 1905, while hastening to catch the 7 p.m. train for the west, and carrying a turkey under his arm he fell on the sidewalk on John street and broke his leg in three places.

According to the evidence of Hall a board at the place where he fell was in a springy condition and his weight sent it down, the next plank was therefore some inches higher against which the stubbed his toe and fell.

It was shown that the walk had been down for 30 or 40 years and had not been renewed for four years. It was further shown that John street was the second leading thoroughfare in the town.

WANT AND REAL ESTATE ADS.

Get In The Best And Be In It Always

Male And Female Help

Can be quickly supplied by using EXAMINER WANT ADS. They bring speedy answers and are dependable for first-class help.

SATURDAY, MAY 26, 1906.

JEDBURY JUSTICE.

Hanging first and trying afterwards, was a one-time practice, which certain Conservative politicians and journals, are reviving. With a disintegrated party, with the leadership practically divided among several claimants, one cannot expect a very definite, nor very generally accepted, party policy. Though the Conservatives may not agree upon a line of policy in regard to public affairs, they have a definitely accepted policy, the policy of slander, which has been adopted, and is being worked to its limit of exploitation. The Conservative Opposition at Ottawa has found the position of the Government, the record resulting from the application of its policy, so impregnable, that misrepresentation, mare's nests, and alleged scandals, have to be resorted to. The peculiarity is that wild charges are made, and the position taken that assertion is proof; the Government is charged, condemned and sentenced all in one operation. We hear the man on the street denouncing the Government for outrages, which probably exist only in the minds of the professional scandal-mongers of the opposition. The rabid party journals, in violent headlines, and lurid text, convert these charges into positive statements of fact. The Government cannot avoid these charges being made, but the Government is doing its duty in providing for thorough and prompt investigation — not of irresponsible charges, but of any and every charge made in due form upon the responsibility of a member. The action of the Government in insisting upon investigation, and probing the charges made, has been disconcerting to some of the scandal mongers, who had hoped that the public might be induced to credit vague insinuations, without their being subject to the embarrassment of furnishing evidence to prove their charges. The Government has done well to insist on investigation, for even if the charges are false there are abundant means of scattering the scandals, by those whose political bias leads them to believe them, whether there is proof or not. A gentleman who was in this office last night, declared that the officials charged with wrongdoing should be at once discharged—their guilt had been admitted, and asserted, though their had been only vague insinuations, and no trial had been held. There is always a possibility of irregularity where there are so many human beings concerned in the management of affairs of large magnitude, and the Government has done right in taking measures to get at the truth.

JUSTIFIABLE INCREASE.

The Opposition attacks the Liberal Government on the score of increased expenditure. The bare fact of increase of expenditure, signifies nothing; whether it has been justified by circumstances, is the point at issue. The country has grown greatly, and the expansion has been in every direction; therefore, increased expenditure has been necessary, not only to meet the new conditions, but to create conditions tending to development and growth. The national expenditure might well have remained stationary, if this country had continued, as it was, in the closing years of the Conservative regime. While the growing demands of the country have caused increase of expenditure, the revenue has increased in proportion, so that there has been no large increase of the public debt. In 1886, ten years before the Conservatives left office, the net debt was $227,314,775. When they retired from office, after the lapse of ten years, the net debt was $258,497,433, an increase of $31,182,658, or over three millions per year. During the Liberal ten years of office the increase of the net debt has only been $7,726,000, or over $700,000 per year. The revenue in 1896 was $36,618,591, and the expenditure 36,499,142, leaving a deficit of $330,551. Ten years later in 1906, the revenue will be, as estimated by Mr. Fielding, $79,000,000, and the expenditure $66,500,000, leaving the splendid surplus of $12,500,000. Public money spent for productive public services, when we have it, is good business.

EDITORIAL NOTES.

Hon. Mr. Matheson has been in harness as Provincial Treasurer for some time, yet he has not taken any steps to find out the whereabouts of the Sandfield Macdonald surplus, nor even referred to it. He might claim that if he had been in office the surplus would have lasted longer as it naturally would have done, if he could have paid a bill of $1.00 with 96 cents.

Many a bad quarter of an hour looms up for the Whitney Government during June, the month of church parliaments. Preliminary flurries are found in the district and Presbyterial meetings. At London the other day the London Methodist District Conference passed a resolution severely condemning the local option amendment, or, rather, in the opinion of the meeting, the mutilation of that statute. It was declared that the amendment mentioned, the three-fifths clause especially, deprives the temperance people of their only weapon and has robbed them of their victories. The same day a deputation from the Presbyterian Synod of Toronto and Kingston, waited on Provincial Secretary Hanna, to protest against his breach of promise, that he would not increase, as he has done, the licenses in New Ontario. The deputation, however, commended the Government for its action in refusing to issue licenses in Algonquin Park. Mr. Hanna made more promises in regard to not increasing licenses in New Ontario. How they will be kept, remains to be seen.

GENERALLY SPEAKING

IF Generally Speaking should invite its readers to join in a trip over the streets of the city, such an invitation would, if accepted, be readily construed into cruelty to animals. If the trip were made in a stiff-springed vehicle, the cruelty would be intensified.

THIS PRELUDE is justified by the fact that the streets of Peterborough represent, if the results are intentional, the most ingenious waste of money, judging by results, whether intentional or otherwise, represent the most splendidly systematic lack of system, a triumphant success in the way of showing how not to do it, that would give Dickens' Circumlocution Office in Bleak House, the dickens in the way of a beating.

IT IS inconceivable how, apart from the inspiration of inefficiency, we can have spent an average of $15,000 a year on our streets, with such resulting conditions as exist. Supposing at the beginning of the year our streets were in first class condition, it seems doubtful that any contractor, not in a waking nightmare, would for a consideration of $15,000, undertake to put our streets in the general condition of dilapidation in which they are found to-day.

FOR INSTANCE in the west end of the city there are six streets counting from north to south, or vice versa, which a gentleman, who does a great deal of driving, says are "a disgrace to the city"—and the mild form of his expression gives no idea of the suppressed profanity of his tone — "not half as good as scores of rocky roads in Burleigh to the far north — not for driving over, but climbing over."

THESE STREETS, beginning at the south, are Sherbrooke street, Bolivar street, King street, the two latter particularly vicious looking, and feeling as if an earthquake had pitchforked a coarse gravel pit upwards — Charlotte street, Gilmour street, and Homewood avenue. These streets from the boundary eastward to Park street, are in almost every case impassable for comfortable driving to any vehicle lighter than a twenty-ton steam roller. They are seamed with the scars of sewer trenches, filled in with the apparent object — very successfully accomplished — of leaving them as rough and as impassable as possible. Where the sewer is not to be blamed, civic neglect and diversion of traffic from streets that were shunned in the early spring, like the Slough of Despond, have made the other streets disgracefully akin to backwoods trails.

THESE STREETS have been left in this condition all spring, and there does not seem to be any signs that they are to receive any attention. In the first place, the sewer contracts should not have been *left so late* that proper filling and grading could not be done before severe frost set in. In the second place, the contractors should have been compelled to put them in proper shape. It is to be assumed that Rubidge street, from Simcoe to Brock, where sewer-laying took place last autumn has been put into shape—the street machine was mussing over it, but it is still bumped and uneven, rounded like a serpent mound, and is quite unfit for comfortable use.

AS FREQUENTLY remarked, the people do not so much mind paying high taxes when they get reasonable value for their expenditure, and it does not seem that our streets in any way represent the large amount of money that is sunk in them. It may be unreasonable to require that our streets should be good, but in no city or town in the country are the conditions, naturally, so favourable for good street construction—first-class natural drainage — where it is not obstructed by the act of man—a splendid, porous subsoil rapidly absorbing rains—abundance of the best of street metal material at hand, and over fifteen thousand a year available. With all these things in our favour, why can we not, and why do we not, have useable streets?

POLICE COURT.

H. Cassels, of East City, said he didn't have a dog, when charged with harbouring one without paying taxes for the same.

"I haven't had a dog since March," said Cassels; "the one that has been around my place comes from the country and belongs to a man named Curtis; it stays around three or four different places."

The case was enlarged until Tuesday, and in the meantime the police will endeavour to discover who owns the canine.

A large number of East City residents were charged with not having their privy vaults cleaned on or before the 15th of May. Some of them were discharged, a couple of cases were enlarged, and a number had to pay $1.60 each, the costs. One man complained of the scarcity of scavengers, and of the high prices charged.

"There ought to be a tariff," said His Worship Police Magistrate Dumble. These scavengers beat everybody they can. It's the fault of the city council. I have called their attention to the matter."

Various reasons and excuses were offered for neglecting to have the work done—some of them with good foundation. Only one person who was summoned to appear failed to answer to his name.

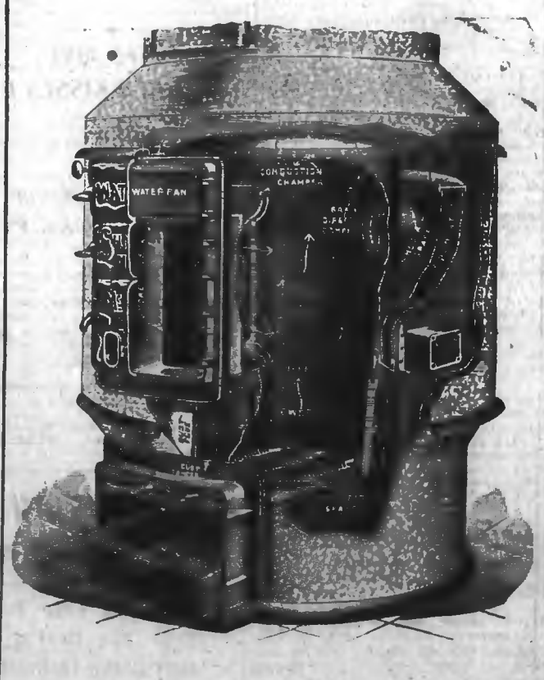
Peterborough Solicitors for Executors.

Sunshine Furnace



How Is Your Furnace Constructed?

You want a furnace that is constructed on scientific lines—one that will extract every atom of heat from the fuel and send it through the house, not up the chimney.

The SUNSHINE is the result of more than 56 years in successful furnace building—it is in use from Halifax to Vancouver, and is giving satisfaction everywhere.

Will burn any kind of fuel, is easy to run, solidly built, wastes no heat, and is everything that a good, clean, modern furnace ought to be.

Write for our free booklet telling all about the "SUNSHINE" furnace.

NONE BETTER THAN THE EMPRESS SHOE

WE ARE SPECIAL AGENTS

A Suggestion

No woman can afford to ignore her shoes unless she hands in her resignation to polite society.

A Ladies' Shoe should be light in weight and flexible to the foot, to enable her to walk in an easy, graceful manner. This is one of the special charms that has made **The Empress Shoe** the most popular in Canada.

But come in and see the actual shoes. Above styles from **$2.00** to **$3.50.**

THE NEWS OF CITY AND THE DISTRICT

WEATHER—Mostly Fair, with Scattered Thunderstorms. Saturday—More Thunderstorms.

Hardwood Floors.

—House, office and store fittings. Clothes reels, etc. 'Phone 465. E. Courtney.

Strangers' Tea

—The monthly Strangers' Tea will be held at the Y.M.C.A. on Sunday evening at 5.30 o'clock.

Piano Tuning.

—Piano tuning promptly attended to. Satisfaction guaranteed. A. F. Hoover, 222 McDonnel street. 'Phone 199.

Y.M.C.A. To-morrow.

—Men, hear Captain Leader, late of London, Eng., at the Y.M.C.A. on Sunday at 4 o'clock. Mr. R. Freund will sing.

Well Patronized.

—The steamers of the Otonabee fleet made their usual trips to Peterborough to-day. A large number of people from down-the-river points came up to market.

Bible Club.

—AAt the regular weekly session of the Saturday Bible Club at the Y.M. C.A., the topic will be, "Divisions Because of Him." A hearty invitation is extended to all young men to attend.

Mark Street Methodist.

—There will be a reception of members in connection with the morning service in the Mark street Methodist church. In the evening the pastor will preach the annual sermon to the Sons of England.

"My Valet" Does the Work.

—Our way of cleaning, pressing, and repairing of gentlemen's clothing keeps our citizens well dressed at a small outlay all the year round. Send to 354 1-2 George street, or call up 575 and our messenger will call.

Exchange of Pulpits.

—Rev. A. H. Brace will change pulpits with the Rev. L. McKinnon, of Gilmore Memorial to-morrow. Mr. Brace, with Miss Ellen Pilling, of the Park street Baptist church, commences a two weeks' series of revival services at Selwyn on Sunday afternoon.

For Men Only.

—Another interesting meeting is promised at the Y.M.C.A. on Sunday at 4 o'clock. The speaker will be Captain Leader, late of London, Eng. He is a strong speaker. There will be special music, including a solo by Mr. R. Freund, who is always a popular singer at the Y.M.C.A.

Dog-Poisoning.

—The dog poisoner in Lindsay is at work. This time Mr. James Haugh is the sufferer, having had his intelligent and well-kept St. Bernard destroyed by some unnatural fiend on Saturday last. Mr. Haugh has frequently refused $75 for this fine animal.—Watchman-Warder.

Many Leave Lindsay.

—Many of our Lindsay citizens speak of making their home in Cuba this coming summer and fall, being attracted there by the mildness of the climate and the productiveness of the soil. A south ward citizen who invested $100 in property there two years ago, received an offer of $2,000 for it last week.—Watchman-Warder.

A Good Medicine.

—The patient getting discouraged with his physician's treatment, asks his opinion of Dr. Roscoe's Rheumatic Remedy. He replies, "it is a good medicine but it would kill you." In his present condition he may as well be dead, so "kill or cure," he takes the medicine and is perfectly well in a few days. We have frequently heard this. 3eod

Dominion Council Officer To Explain

To Local Members of Royal Templars of Temperance the Reasons for Increase of Rates—They Are Necessary to Perpetuate the Order—Some of the Members Are Somewhat Dissatisfied.

The local members of the Dan-spence Council, Royal Templars of Temperance are considerably exercised over the action taken at the last meeting of the Dominion Council, when the rates were given a material upward boost, and while they hardly know where they are at, as yet, there is, among some of the members a decided disinclination to pay the higher rates.

This legislation was one of the hardest fought measures ever introduced into the Order and has been the cause of much discontent since its adoption. Some years ago the rates were increased, and it was thought then, by the majority of the members, of the Dominion Council, that they were high enough for all time to come, taking into consideration the fact that total abstainers had proven to be better risks than those who were not abstainers. At that time, however, it appears, there were a few who contended that to be absolutely safe the rates should go up still still higher, and it is this section of the Dominion Council which has now succeeded in passing the legislation, increasing the rates, to a point where they believe there will never be any danger of having to further increase them to meet all death claims.

In the meantime, however, the rates are higher than in some other orders, which ensure moderate drinkers, and the members of the Royal Templars—those who have not had the matter explained to them—are somewhat discontent at having to pay more in dues, and in a number of places indignation meetings have been held to pass resolutions of censure on the Dominion Council.

The Order has a number of members in this city, and while no such action as that is anticipated, there is some littttle uneasiness, and it is probable that a Dominion Council officer will come her and explain the situation to the members of the local council, when it is expected that the matter will be satisfactorily settled. It is probable that he will come here in the near future.

Half A Thousand Visited Stony Lake

Biggest 24th of May Business in History of the G.T.R. --Special Train Arranged for in Twenty Minutes.

The G.T.R. reports that the 24th of May business to Stony Lake this year far exceeded that of any previous year. Fully 500 people took the trip and this is but an indication of the big business which will be done this year.

The number of people taking this trip this year was as much a surprise to the transportation companies as to anyone, and on the morning of the 24th when the train landed in Lakefield with its load, Mr. Young took the next train to Peterborough to arrange for a special train for the return trip. He called up Mr. Irwin, the trainmaster at Lindsay and inside of twenty minutes had the guarantee of the train, which proved a great convenience to the excursionists and furnished a lesson in rapid railroading.

Joseph Quigley Has Foot Crushed By Bar Of Iron

Unfortunate Accident to Lakefield Man--Cricket is Booming in the Northern Village—Peterborough Man Buys Barber Business in Lakefield—Many Interesting Personal Items.

Special to The Examiner.

Lakefield, May 25.—Mr. W. E. Brevender, of Hudson, N.Y., is spending a few days in the village.

Mr. E. W. Cox, of Peterborough, spent the 24th in the village.

Miss Taylor, of Cobourg, is the guest of Miss Graham, of the village.

Miss Jessie McGorman, of Brighton, spent a couple of days in the village this week the guest of her sister.

A large number of our citizens took advantage of Victoria Day to take an outing at Stony Lake.

Mr. Norman Hendren, of Winnipeg, formerly of Lakefield, arrived in the village Wednesday. Mr. Hendren's state of health is critical, and he came home to recuperate.

Cricket is becoming quite popular among the gentlemen of the village. A Peterborough eleven plays Lakefield eleven here on Saturday, and a game is being arranged with Lindsay eleven for the near future.

While working with his father in Mr. John Hall's flour mill on Monday last, Mr. Joseph Quigley was unfortunate enough to allow a heavy bar of iron to fall on his foot, crushing it severely. Medical aid was summoned, and the injured member is doing as well as can be expected.

Service was held in the Roman Catholic church here on the morning of the 24th.

Good progress is being made on Tanner's new drug store, the foundation being completed, and cement blocks are ready to be placed. Messrs. Tanner Bros. expect to be in their new building and open for business in September.

Mrs. W. M. Graham is having Viamede, the popular summer resort put in shape for the summer rush, which promises to be greater than ever this year.

Messrs. W. E. Bravender, A. S. Butchart and Dr. Boker were away on the 24th to the doctor's favourite trout stream, and bagged a goodly number of the speckled beauties.

F. E. A. Tanner is spending a few days in Toronto this week.

Messrs. F. A. Kilbourn and Fred. Kilbourn left on Wednesday for Toronto, where they will spend a few days.

Mr. Buck, of Norwood, was in the village the other day. Mr. Buck intends bringing his handsome yacht to Stony Lake for the summer season.

The Lakefield rifle team drove to Warsaw on Victoria Day to shoot against the Warsaw veterans and defeated them by a wide margin.

Mr. Geo. Morrow and Miss Morrow drove through the village today on route to their cottage at Stony Lake. They will likely return to-morrow.

Mrs. Breeze, the popular hostess at Glenwood, opens up her cottage at the lake this week.

Mr. J. F. Kelly, one of our old-timers, has sold his barbering business to Mr. Wm. McGregor, of Peterborough. Mr. McGregor takes possession on Saturday, May 26.

Miss Miller, of Toronto, spent a few days in the village this week the guest of her aunt, Mrs. R. Johnson.

Miss Ruby Sanderson has returned home after a visit with friends in Otonabee.

Enough Deaths In Family Now

The Reason Why Jury Rendered Verdict of "Not Guilty."

Literary Digest.

In the reminiscences of Sir Henry Hawkins, quoted in the last issue of the American Law Review, there are some amusing stories of the vagaries of jury decisions. One of these stories will bear repetition. "The evidence was irresistible," says Sir Henry, "and the case was one of inexcusable brutality."

The man had been tried for the murder of his father and mother, and, as I said before, the evidence was too clear to have a doubt as to his guilt.

The jury returned to consider their verdict and were away so long that the judge sent for them and asked if there was any point upon which he could enlighten them. They answered no, and thought that they understood the case perfectly well.

After a good deal of further consideration they brought in a verdict of "Not Guilty."

The judge was angry at so outrageous a violation of their plain duty and did not what he ought not to have done — namely asked the reason why they had brought in such a verdict, when they knew the culprit was guilty and that he ought to to be hanged.

"That's just it, my lord," said the foreman of the distinguished body, "I assure you we had no doubt about the prisoner's guilt; but we thought there had been deaths enough in the family lately, and so gave him the benefit of the doubt."

WITH THE SMALL FRY

Mr. Thos. Morris visited Toronto on Monday last and brought home over $47,000. He was not at the Woodbine races, but had secured the money for the town's sewer and local improvement debentures. — Oshawa Reformer.

The recent mild winter did considerable damage to some varieties of fruit trees. Those that suffered worst were Abundance plum trees and Northern Spy apple trees. About two-thirds of the buds were killed by so much freezing and thawing.—Oshawa Reformer.

The large elms on Bloomsgrove avenue have not been trimmed for years, and some of the residents on that street are anxious that the street and bridge committee should give them some attention this spring.—Port Hope Times.

Local option is now in full force in all our villages, and it is said by people who have watched it very carefully that it leaves nothing to be desired, that is, the temperance people have all they want, and those accustomed to taking a little for the stomach's sake claim that they never were as well provided for, but they cannot procure it from Mr. James Webber, proprietor of the King Edward H., and at one time private secretary to Sir Stafford Northcote. — Campbellcroft Correspondent to Port Hope Times.

One young man in the village who was too bashful to talk to any of the fair sex, and who occasionally took a glass before local option came into force, now dresses up two or three evenings in the week. Last Sunday night he was all fixed up and went home with his best girl. He was noticed an hour later bidding his girl good-bye for the evening, but we could not learn how long they leaned on the gate. But we do know that for several minutes he literally poured love down her throat and back of her neck.—Garden Hill Correspondent to Port Hope Times.

The Percy Council are about to install a large watering trough at Brickley Corners, conveying the water by means of pipes from a never-failing spring upon the hill. Messrs. Wilcox and Lambert secured the contract for supplying the pipe and other material.—Hastings Star.

If we go far away from home, or if a stranger, even from Cobourg, happens to alight here, we always get the old threadbare remark, "Your mines are going to start up again, I believe."—Blairton Correspondent to Marmora Herald.

The council last year left a little maple tree in the centre of the walk near the Herald building. It gives promise of cooling shade for the overworked staff of this great family journal. But it is dangerous to people passing up and down in the dark, and there is little doubt but it will be the means sooner or later of injury to some pedestrian, and the village will be called upon to pay damages.—Marmora Herald.

NOTICE — The party that took a pair of trousers from Mr. McKeown's tailor shop on Saturday night is known, and will avoid prosecution by returning same at once.—Havelock Standard.

On Friday last during the severe electric storm which passed over this section, Miss Ida Angus, of Bartford, was struck by lightning. The lightning struck the chimney, tearing it and the stovepipes down. It struck Miss Angus on the neck and burned her body as far as her foot, where it tore the boot in shreds from her foot, and then passed through the floor, which it damaged considerably. Medical assistance was immediately telephoned for, and it is expected that Miss Angus will recover from her injuries.—Warkworth Journal.

Some Toronto parties have purchased a large hill of sand below the G.T.R. bridge at Crookston and a siding is being put in to make large shipments to the Queen City. It is claimed to be the best sand that can be secured to mix with sidewalk cement.—Tweed News.

HOME-SEEKERS EXCURSION ON ILLINOIS CENTRAL RY.

From June to November, 1906.

All South and West and Northwest and Southwest, Kentucky, Tennessee, Mississippi, Louisiana, including New Orleans. For above States, first and third Tuesdays each month, ticket good thirty days. Liberal stop-over arrangements.

One way round trip, plus $2.00.

Reduced rates and excursions every Tuesday, June to November, twenty days' limit to points in Iowa, Minnesota, Dakota and all Canadian Northwest. See your local agent, or write G. B. Wyllie, 305 Main street, Buffalo, N.Y. 16d12r.

ATTENDED RECEPTION TO MRS. E. PLOUFFE

Mr. R. P. Carey, of Otonabee, has returned from Ottawa, where he attended the reception given to Mr. and Mrs. Eugene Plouffe, at the home of the former's parents, ex-Ald. and Mrs. Plouffe. Over one guests were present and a most delightful evening was enjoyed. The bride and groom were the recipients of about 150 handsome presents from their Ottawa friends. They are now settled in their new home, 175 Rochester street, Ottawa.

DR. A. W. CHASE'S CATARRH CURE ... 25c.

is sent direct to the diseased parts by the Improved Blower. Heals the worst cases, clears the air passages, stops dropping in the throat and permanently cures Catarrh and Hay Fever. Blower free. All dealers, or Dr. A. W. Chase Medicine Co., Toronto and Buffalo.

"PE-RU-NA WAS SUCCESSFUL WHERE DOCTORS FAILED,"

Writes Mr. Cholette After Taking Pe-ru-na.

MR. MENESIPPE CHOLETTE.

Mr. Menesippe Cholette, Ste. Therese de Blairville, P. Q., writes:

"I shall never be able to speak in terms high enough to express the entire confidence I have in Peruna.

"There is nothing better to restore health. I took eight bottles.

"All the pains I had in the head and bowels, also the catarrh of the nose and stomach, as well as all other symptoms disappeared after I had taken the third bottle.

"Peruna was successful where two doctors had failed.

"Were I the first to testify in favor of this remedy, it might be thought that I exaggerate, but many testimonials before mine have pointed out the great virtue of this effective tonic.

"It would be unreasonable to undervalue a remedy which has snatched from premature death poor human beings who were beyond rescue by the doctors.

"This remedy has restored many a victim of incipient consumption and other diseases.

"Peruna is the best remedy for all catarrhal diseases."

WHEN the catarrh has become systemic,—that is, when it has been allowed to spread through the entire system, it is a difficult disease to cure.

Physicians do not always understand it and some of them do not care to treat it. Hence the inability of a great many patients to find a cure.

The correct thing to do for these cases is to make use of some internal, systemic catarrh remedy,—one that will reach every internal organ of the body and exercise a healing, strengthening and soothing effect upon the mucous membranes lining these various organs.

Such a remedy has been found in Peruna.

As Mr. Cholette states, his testimonial is not the first one written in behalf of Peruna, the remedy which brings permanent relief in all cases of systemic catarrh.

ABOUT THE EXAMINER

With this issue The Examiner gives the closing chapters of the story which has been running in its columns for some months, 'The Adventurers.' Readers of this paper have said more than once that this was the best story The Examiner had ever given. At any rate, since its publication The Examiner finds that the paper has become more popular, and this fact is an encouragement to the management to give the readers a continuation of this high standard of fiction. Commencing next Saturday, the opening chapters of the new story, "The Two Vanreveis," will be given This story, was written by perhaps the most popular writer in the United States at the present time, Booth Tarkington. It is the second story from his pen that The Examiner will have published. Some little time ago "The Gentleman From Indiana" was given in these columns, and it is believed that the new story will be a worthy successor. It is now released for the first time for publication as a serial in Canada, and The Examiner immediately secured the right to publish it in Peterborough, and the first instalment will be given next Saturday. In order not to miss the connection it will be necessary to secure The Examiner of next Saturday, June 2nd, to read the opening chapter. Be sure to get a copy. It will well repay you.

AMERICAN CEREAL MILLS EXPERIENCE BUSY TIME

It is stated that never since the works of the American Cereal Company commenced operations here, have the shipments of cereals, flour an puffed rice, with other products of the mills, been so large. The shipping staff is working up to the limit and they still find it almost impossible to keep up with the orders, which, it is understood, are fairly pouring in.

The policy of the company in removing to Peterborough the executive management of the sales department, from Chicago, has evidently been a wise one; at any rate, the results have shown that it was not unwise. Mr. T. H. G. Denne, who now has charge of this most important branch of the business, has placed it on a new basis, and so long as the business continues to come in at the present rate, it is not probable that there will be any questioning of his administration.

Of course the mills has to run out the goods, or his travellers could not keep up the selling very long, but in this respect there seems to be no trouble. The mills are working overtime producing the best goods, and the sales department is on the jump disposing of them, and the result is that a good many cars, it is impossible to say, just how many, are required to transport the goods from the maker to the consumer.

This Netter Was Netted

Fishing Inspector Guerin Makes a Seizure at Rice Lake.

Mr. Tenice Guerin, Rice Lake fishery inspector, made a haul on Friday. After a hard paddle he captured a net at the mouth of Duck Creek, behind Cow Island, belonging to Abe Nurse. There were four bass in the net at the time. Nurse came along shortly after and wanted to be very hospitable to the Inspector, but he couldn't work his game.

Guerin came up on the Water-Lily this morning bringing the net along with him.

CENTRAL BAND WILL PLAY HERE

Staff-Captain McAmmond received word to-day at noon that the Central Band of the Salvation Army, Toronto, will be here next Saturday and Sunday. Big musical meetings will be held Saturday night and the band will play at the barracks and on the street on Sunday.

PERSONAL MENTION

Mr. Ed. Renton, Norwood, is in the city to-day.

Mr. T. H. Thompson, Madoc, was in the city to-day.

Mr. D. H. Burritt is home from Toronto, visiting his family.

Mr. Geo. Williams, Belleville, was a visitor to the city yesterday.

Mr. and Mrs. W. E. Mutield, Battle Creek, Mich., were in Peterborough yesterday.

Mr. G. L. Main, Fenelon Falls, is in the city to-day to referee the Harwood-Quaker game.

Mrs. and Miss Jolliffe will receive for the last time on Tuesday afternoon and evening, May 29.

Mr. Chas. Smith and Mr. John Beynard, Campbellford, were in Peterborough yesterday on business.

Mr. and Mrs. S. Hollingsworth, of Peterborough, spent Victoria Day with friends in town.—Lindsay Post.

Miss Florence Gilbert, Yeomans street, is visiting her cousin, Mr. Morrice Ketcheson, in Peterborough.—Belleville Ontario.

Mr. and Mrs. Peter Simons, Mr. Elrick White and family wish to extend their heartfelt thanks to all friends for kind sympathy in their recent bereavement.

MUSIC AND DRAMA

LONDON GAIETY GIRLS.

The New London Gaiety Girls is the first burlesque that has visited Peterborough this year, and the production was greeted by a large audience that was kept, by the funny Pat White, and his able support, in a state of perpetual merriment. As an uproariously funny Irishman, White is the best that has drifted into this section for many moons, and to him fell the larger share of pleasing the spectators, and he was always so funny that it's a wonder he could keep from laughing at himself.

The performance opened with a one act musical ("pastime," "Way out West."

This was followed by a vaudeville bill of good quality, consisting of five turns, the cleverest of which probably were the comedy acrobatic work of the "Vednars," and the clever dancing of the Bailey Bros., and Connors trio. "Mixing Things Up," a side-splitting farce, concluded the offering. Many catchy songs were introduced, "Georgia" solo and chorus, being probably the best received. The programme was a lengthy one, and if the applause and laughter of the audience count for anything, met with general approval.

The members of the chorus were of average ability and lent good assistance to the soloists.

THE MOVING PICTURES.

An opportunity to witness incomplete detail the destruction of San Francisco by earthquake and fire is to be given the citizens of Peterborough at the Grand Opera House, on Monday afternoon and night.

The Frisco Motion Picture Company has secured and placed on exhibition throughout the country views of the terrible California calamity, taken on the ground by expert operators, while the city was laid low by the earth's convulsions, and during the progress of the great conflagration which followed it.

The views are pronounced to be awe-inspiring in their realism, complete in every detail, and tell a truthful story of the greatest catastrophe of modern times. Matinee commences at four o'clock to allow the children to see these (wonderful views; night performance at 8.15.

MISS M'CABE'S MUSICALE

The following is the programme for Miss McCabe's musicale, to be given in the T. A. S. hall on Tuesday evening, May 29th:

PART I.

1, Opening March, two pianos.

2, Song, "I Won't Play Unless You Coax Me," A. Neil, M. Devlin, K. O'Brien.

3, March, No. 5, two pianos—Weber—A. Neil, A. Devlin, R. Cunningham, H. Brown.

4, Vocal Quartette, "Moonlight Will Come Again"; solos by Miss M. Clancy.

5, Norwegian Bridal Procession (passing by)—Greig—E. Walker, L. Smith.

6, Recitation, "The Painter of Seville," Miss Nell McCabe.

7, Vocal Solo, "Dearie" — Kummer —Miss L. Hallihan.

PART II.

1. Harmonious Blacksmith, Handel, Emily Walker.
2. Vocal duet, "Sweet Genevieve," Mr. and Mrs. George Ball.
3. "Old Black Joe," (with variations). Gimbel, Janet Quinn.
4. "Lullaby," with violin obligato, Gabriel, Miss L. Hallihan and chorus.
5. Recitation, "The King and the Rustic," Mr. T. J. Begley.
6. Pasquinade (Caprice), Gottschalk, Janet Quinn.
7. "My Lady Nightingale," Serenade, Harbridge, Mr. Donovan and chorus.

God Save the King.

TO BEGIN WORK ON NEW C. P. R. LINE

It is reported that the last line of survey made by the C. P. R. between Lindsay and Peterborough is the one to be placed under construction, and work will soon be under way.

Brick and Building Material for Sale at old Separate School.

R. HICKS & CO.

"Japanese Customs" Was Subject Of Lecture

By Mr. W. H. Elliot, of Toronto, at Teachers' Convention —Also Spoke on Birds and Nature Study—Mr. Pringle Read Paper on Writing—The Delegates Present—First Spring Convention a Successful One.

The annual convention of the Teachers' Association of the County of Peterborough was concluded last night by an illustrated lecture on the Life and Customs of the Japanese.

In the afternoon an instructive paper was read on the "Teaching of Writing" by Wm. Pringle, and Nature Study, Birds, with specimens, was the subject of an interesting and profitable address by Mr. W. H. Elliott, B. A., Vice-Principal of the Normal School, Toronto. The two County Public School Inspectors, Mr. Richard Lees and Mr. J. Coyle Brown, also addressed the convention.

The teachers present yesterday at the convention included:

Mr. Joseph Power, Norwood.
Mr. John Reynolds, Norwood.
Miss Gertrude Carter, Norwood.
Miss Alice Nesbitt, Birdsalls.
Miss Mary Buchanan, Rush Point.
Miss Mary Anderson, Rockdale.
Mr. Andrew Kniewasser, Havelock.
Miss Josie Logan, Round Lake.
Miss Loretta Kelly, Cordova Mines.
Miss Loretta Moloney, Douro.
Miss Ella Powers, Peterborough.
Miss Mary Nathan, Douro.
Miss Mary Foley, Warsaw.
Miss Margaret Warde, Douro.
Mr. Sylvester Shaugnessy, Douro.
Miss Mannie Mann, Peterborough.
Miss Katie Baskin, Cottesloe.
Miss Maud Harndan, Hall's Glen.
Miss Jessie Waddell, Warsaw.
Miss Ella Dewart, Clarina.
Mr. Sydney A. Smithson, Villiers.
Mr. Peter Pilkey, Keene.
Miss Blanche Okarry, Keene.
Miss Lilian M. Marett, Keene.
Miss Aggie Dorris, Hiawatha.
Miss Grace Johnston, Peterborough.
Miss Ellen Switzer, Peterborough.
Miss Sara Hamilton, Peterborough.
Miss Luella Deyell, Peterborough.
Miss Kate Guiry, Ennismore.
Miss Vivian Galvin, Ennismore.
Miss Katie Gannon, Ennismore.
Miss Celia Guiry, Ennismore.
Mr. John O'Donohue, Ennismore.
Miss Mary Foley, Bobonygeon.
Miss Mary Nichols, Hall's Bridge.
Miss Lillian McConnell, Peterborough.
Miss Jessie McNaughton, Fowler's Corners.
Miss May Edgar, Peterborough.
Miss Mary Payne, Peterborough.
Mr. Geo. Spance, Lakefield.
Miss Mannie Moore, Selwyn.
Mr. J. G. Gordon, Lakefield.
Miss Bella Duff, Lakefield.
Miss Jessie Gordon, Lakefield.
Miss Mary Kirkpatrick, Norwood.
Miss Edith Waters, Norwood.
Miss Brighty, Norwood.

Nature Study.

Mr. W. H. Elliott in his talk on Nature Study and Birds—a subject which is rapidly coming to the front in Public School teaching—imparted to the convention some very interesting knowledge and his versatility in referring to the different specimens in his ample collection was very noticeable.

Bird life, he remarked was a study not widely known and there are few persons who can correctly name a dozen of the feathered creatures. Reasons for studying them are:

(a) For scientific purposes.
(b) For pleasure.
(c) To quicken the eye and ear.

Birds are related to man in two ways—scientifically and economically.

The speaker also touched on their aesthetic relations and migration and explained minutely their invaluable associations with the farmer, gardener and the fruit grower.

In discussing the several uses of the tail, he pointed out that short tailed birds generally fly in a straight line and cannot make an acute turn. The tail serves as a brace or prop. The bill depends on the use to which it is put.

Mr. Elliott next referred to the colour of birds. The male, he said was almost invariably of a brighter plumage than the female, but that the colour often changes with the season.

He divided birds into three classes, gralatorial or water birds, birds of prey and land birds, and exemplified by specimens in his possession.

The afternoon session was brought to a close by a few appropriate remarks on Registers and Reports, by Mr. Brown, who urged the teachers to have a system in filling out the school registers.

Evening Session.

The meeting in the evening at which Mr. W. H. Elliott gave an illustrated address on Japan was open to all and a large number of citizens as well as teachers listened to his profitable address of an hour and a half duration.

His talk was supplemented by stereopticon views which greatly improved the impressions given of the Country of the Rising Sun. In treating his subject he dealt prominently with three things: First, family life in Japan, in which he pointed out the relation of the children to the parents and the parents to the children; secondly, of the industries of the nation, showing pictures of paper and doll manufacturing, rice picking, etc., and, thirdly, on the religion of the race, tracing Buddhism and Shintoism from their introduction to the present time, their nature and the effects upon the national life. He also dealt with the important personages of the Japanese Empire, showing views of the Mikado, Admiral Togo, Generals Kuroki, Nogi, and others, and also giving historical sketches of their lives in connection with their country.

Mr. Elliott's address was eagerly listened to throughout and greeted at the close with much applause.

San Francisco Earthquake and Fire. Realistic Moving Pictures, at Grand Opera House, Monday, May 28. Matinee and Night Performance. Matinee Prices 15c and 25c., Night 15c. to 50c.

LOST THUMB OFF LEFT HAND

While employed with others at repairing the water wheel at the sawmill on Saturday morning Mr. Bristow Johnston had the misfortune to lose the thumb of his left hand. The water wheel was being lowered into place and Mr. Johnston was directing a bolt with his thumb, when the wheel fell suddenly and crushed the member. Dr. Coughlan attended to the injury, the thumb being amputated below the first joint.—Hastings Star.

Miss McCabe's Pupils, assisted by the Mendelssohn Club, will hold a "Musicale" in the T.A.S. Hall, on Tuesday Evening, May 29th. Watch for Programme. 120-4d

FIRST SCHOOL LEAGUE GAME

The Separate School Baseball team is practising very hard in preparation for the first game in the School League with the Centrals a week from next Monday night on Central Park. With Hickey on the slab and Grady behind the bat the Centrals will have to go some to overcome their opponents. The Separate School line-up will be:—F., Hickey; c., Grady; 1st b., O'Brien; 2 b., Heffernan; 3rd b., Conroy, Capt.; s. s., J. Morrow; l. f., V. Morrow; c. f., V. Hayes; r. f., R. Sheehy.

The umpire will be picked from the Collegiate Institute pupils.

National Life Investigation Concluded

Managing Director Prejudiced Against Policyholders.

BORE THE HEAT AND BURDEN

Mr. Harry Symons, President of the National Agency, Explains Why He Got Certain Emoluments — Likewise That He Got No Loans From the Company — Investigation Into the Confederation Life.

Toronto, May 26.—Three life insurance companies appeared before the Royal Commission yesterday. The investigation of the National Life was concluded, only one witness, A. J. Ralston, the managing director, being examined. The examination of the Confederation was commenced with Secretary Col. W. C. MacDonald in the box. Harry Symons, president of the National Agency, was recalled to tell of money or loans he had received from that company.

Mr. Tilley asked Mr. Symons to explain certain loans made to him by the National Agency Co. as given in the evidence of Mr. Carrie, the cashier of the Union Life Co.

Mr. Symons said that Mr. Carrie was quite in error. He had received no loan. He had prepared a letter which he had sent to Mr. Shepley, that explained the whole matter.

"Was this money an advance to you?" asked Mr. Tilley.

"No."

Mr. Symons, besides being president of National Agency, was Toronto manager for the Electrical Security Co. of New York, of which he owned 10 per cent. of its stock. There was a new issue of stock in 1903, and a certain number of shares were alloted to Mr. Symons as a shareholder. He had not the funds to take this up, and so represented to the National Agency that this was a good investment. The National Agency took the stock, giving Symons a cheque for 15 per cent. The latter made this over to Electrical Co., in whose books Symons stood as owner of the stock. There was no resolution in the National Agency authorising this purchase.

Mr. Symons thought that it was a natural transaction. He received no remuneration from the Electrical Development, except $200 per annum for office rent.

The question of remuneration was next. Mr. Carrie had prepared a statement of the amounts received from Mr. Symons from his different companies, which witness admitted were correct.

Mr. Tilley found several points. Symons had received $800 for a month's work in connection with the Century Life, when it was taken over by National Agency. He received $700 for work at Ottawa, getting the Century Life charter extended. His salary from National Agency was: 1901, $1,833; 1902, $6,662; 1903, $1,562; 1904, $1,936; 1905, $2,875. From Union Life: 1902, $190; 1903, $425; 1904, $470; 1905, $630. The salary [illegible] at 125 to shareholders and general public and to the three directors, Symons, Evans, and Dr. Millichamp at par. Mr. Tilley asked if witness thought it was legitimate, and why it was done.

Bore Heat and Burden of the Day.

Mr. Symons said that it was only fair to give the men who had borne the heat and burden of the day something for their services.

Counsel then read over the salary list

Piles Make Life Wretched

BUT THERE IS QUICK RELIEF FROM ITCHING AND THOROUGH CURE IN

Dr. Chase's Ointment

It may be truthfully stated that piles produce more excruciating pain, misery and wretchedness of feeling than any known disease. Life becomes a perfect burden during the attacks of itching, burning, stinging pains.

It is a great mistake to imagine that the effects of piles are local, for, as a matter of fact, they sap the vitality of mind and body and slowly but surely lead to the ruination of the health.

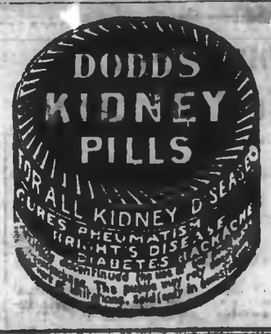
This is true of itching and protruding as well as of bleeding piles, which, because of the loss of blood, are more rapid in their disastrous effects.

Dr. Chase's Ointment brings almost instant relief from the itching, burning, stinging sensations of piles and is a positive and thorough cure for every form of this wretched, torturing and often-times stubborn disease. This has been proven in so many thousands of cases that there is no longer any room for doubt that Dr. Chase's Ointment is the most satisfactory treatment for piles that was ever discovered.

Mr. James F. Thompson, Yonge Mills, Leeds County, Ont., writes:—"For seven or eight years I was troubled with piles and was so bad I could not work though I tried many remedies in the effort to obtain relief. I was told to try Dr. Chase's Ointment and this treatment completely cured me in less than two months. I am working on the G. T. R. now and never lose an opportunity of recommending Dr. Chase's Ointment."

Mr. Thomas Covert, Highland Grove, Peterborough County, Ont., writes:—"For years I was a great sufferer from piles and sometimes the terrible itching and burning was almost beyond endurance. Though I tried all sorts of remedies I never found a cure until I used Dr. Chase's Ointment. In my opinion this Ointment has no equal and I hope others will benefit by my experience."

Frequently when doctors have failed to cure piles and the surgeon's knife has proven futile Dr. Chase's Ointment has effected thorough cure. 60 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto.



or Messrs. Evans and Dr. Millichamp, which concluded the final examination of the Union Life.

Mr. Shepley then called Col. W. C. MacDonald, the secretary and actuary of the Confederation Life Assurance Co.

Mr. Shepley first went through the charter and provision by which the company did business. The capital was $50,000, of which divided into shares of $100 each. No one could hold more than 500 shares. The original paid-up capital was increased to one million.

From the beginning this company gave policyholders a voice in the management, and the act called for policyholders on the board of directors, said the witness.

The Shareholders' Share.

Col. MacDonald explained the election of the board. There had always been one-half of the board shareholders, and one-third policyholders. W. H. Beatty, the president, was a policyholder and had never been a shareholder. The board consists of from 13 to 15 members. No director had at any time borrowed from the association, except on policies. Occasional advances had been made on salaries. It was not legal for any one shareholder to hold more than 500 shares. At the time this bylaw was raised (1890) there were several large holdings which were later reduced by transfer.

Col. MacDonald explained the work of the several committees and said that the minutes of the finance committee wouldn't disclose all stock transactions.

Sir Francis Hincks was the first president, and was succeeded by Sir W. P. Howland, when in 1892, W. H. Beatty became president, the position he now occupied.

President's Salary $14,000.

Mr. Shepley went closely into the payment of salaries. J. K. Macdonald received a salary of $14,000 with a bonus of $1,000 in 1905, and Col. W. C. MacDonald received $6,000 with a bonus of $500 in the same year. Witness explained that $7,000 was set aside as an appropriation for the fees of members of the different committees. These fees paid to directors for the past ten years were put on record by Mr. Shepley.

At the morning session the actuarial affairs of the National Life, a very young company without a history, was gone into by Mr. Tilley. Managing Director Ralston was in the box.

Mr. Ralston said he was wholly against policyholders voting. Shareholders should completely control the company, subject to the control of the Insurance Department.

"But the department had exercised no supervision over the division of profits, has it?" asked Mr. Tilley. Witness acquiesced. That policyholders were not represented except by the directors in the division of profits was considered perfectly fair by Mr. Ralston.

Nothing For Policyholders.

Mr. Ralston did not believe that policyholders would vote if the power were given them. There were always policyholders who were dissatisfied with their contracts. The best plan was to let them out and not to let them have a say at the annual meetings for they might upset the plans of the shareholders and management that would result detrimentally, especially to a young and growing company.

Agents' commissions were admitted by witness to be altogether too high, but no solution was put forward, although he did not believe competition had much to do with the matter.

In the matter of investments the management had decided to cut out all loans, as they required too close attention, and a large staff of clerks. The company preferred debentures to mortgages as investments. The company did not intend to lend money on real estate.

Remedy For Rebate Evil.

Mr. Ralston had taken no commissions on the policies he had written, but the directors and shareholders received their first premium on insuring. Employes were not agents, and witness thought it better to pay salaries rather than commissions. This would remedy the rebate evil.

The report of the actuary, W. T. Stoudon of New York, occupied most of the morning. The lapse rate was rather high, but was being gradually reduced.

Mr. Hellmuth, K. C., examined the witness briefly.

Mr. Shepley was asked if he intended to call Birch of Kingston re. the North American Life. He said that the counsel had been furnished with all the facts in the Birch-Fair case, and had laid them before the commission.

J. K. Macdonald, managing director of the Confederation Life, will be put in the box when the commission resumes at 10.30 on Monday.

Belleville, May 26.—A 13-year-old boy of this city, named Percy Peck, yesterday morning while playing in an old quarry, picked up a piece of dynamite. Not knowing what it was he threw it to ground when it exploded, shattering his left hand and badly injuring his right hand.

Japs Open Port Dairy.

Tokio, May 26.—The military authorities yesterday announced the opening of a pier and warehouse at Fort Dairy, Liatung Peninsula, for the use of Japanese subjects, preliminary to opening the port to international trade, which will occur earlier than previously expected.

Tariff Reformer is Out.

London, May 26.—After a prolonged investigation the election of G. H. Williamson, Conservative and tariff reform member of the House of Commons for Worcester, was yesterday declared void by the election court, on the ground of bribery by the candidate's supporters.

M. Goremykin's Trip Productive Of Great Results

Peterhof Visit to Read Czar Final Draft of Cabinet's Policy.

GENERAL STRIKE IMMINENT

Probabilities in Russia If There is Failure to Provide Amnesty For Political Prisoners—An Exodus From St. Petersburg — People Fearful of Similar Scenes to Those of Last December — Kill Officials.

St. Petersburg, May 26.—Premier Goremykin to-day will read before the Lower House of Parliament the Government's response to the address in reply to the speech from the throne and announce the Government's policy.

The purpose of Mr. Goremykin's trip to Peterhof yesterday was to read to Emperor Nicholas the final draft of the Cabinet's declaration of policy, and was not connected in any way with the rumored shift in the Ministry, which, however, is possible at no distant day. The Emperor at the last moment advised a few changes in the declaration. These caused a hurried meeting of the Cabinet, at which alterations were drafted and inserted.

The position of the Government on the amnesty and agrarian propositions will not satisfy the general cry. A despatch to the Associated Press from Moscow last night says that denial of full amnesty probably will be followed by a general strike. Similar news has been received from other industrial centres. If the day passes without a general amnesty or if only limited amnesty should be granted, a general strike is expected. Hundreds of persons are leaving the city, apprehensive of a repetition of the riotous proceedings of last December or collisions between the black hundred and strikers. A strike already has begun in the suburb of Bogodorsk.

On account of the festival of the Ascension, a great multitude gathered yesterday at the monastery of St. Nicholas, on "Holy Lake," in the outskirts of Moscow. Workmen in the crowd attempted to organise a demonstration, whereupon Cossacks charged the crowd fiercely. Many innocent persons, including women and children, were ridden down and lashed with the Cossack whips. Two persons were killed. At another demonstration near the Spassky gate a policeman's skull was fractured.

Murdered.

Tiflis, May 26.—M. Lefvre, the principal engineer of the Caucasus Railroad shops here, was killed here yesterday. The crime is attributed to political motives.

Attacked by Terrorists.

Grodno, May 26.—Sergeant of Police Kosl was shot and killed in the open streets yesterday, and Assistant Captain of Police Shaklio was wounded. There is great feeling against the terrorists.

Will Be Hanged.

Odessa, May 26.—Weiland, a student of the electro-technical school, was yesterday condemned by courtmartial to death by hanging. He was convicted of being a member of a band of terrorists and pillagers.

Social Democrats Win.

Tiflis, Trans-Caucasia, May 26.—The Social Democrats have been successful in many of the first degree elections in the Caucasus.

G. & G. RAILWAY ACCIDENT.

Cars Coming Down Grade Crash Into Others—One Man Killed.

Guelph, May 26.—One man was killed and another seriously injured as the result of an accident on the Guelph and Goderich Railway at the Grand River bridge, and close to the scene of the fatal accident of Jan. 31 last.

The dead man is Edward Neil of West Montrose, and Joseph Pigott, son of Contractor Pigott, is the injured man.

Two dump trains with donkey engines were engaged in the work of cutting down a bank. One was standing on the line, and Neil was working around the engine, while Pigott was between the cars.

The other train was coming down a grade switch, and not being stopped in time crashed into the first one.

Neil had his right arm badly broken and torn, and his back was crushed. He died ten minutes after being brought into the Guelph General Hospital.

Pigott was cut about the head and injured about the chest, but he will recover.

An inquest will be held.

A Soldier Killed.

Hamilton, May 26.—Edwin W. Briggs, Dundas, a corporal of the 91st Highlanders, met his death yesterday morning while the regiment was returning from its Windsor trip. He was employed as a hardware clerk, and when the train passed his town he jumped off, though the train was travelling at the rate of 20 or 25 miles an hour. He did not let go of the car railing soon enough, and was dragged under the wheels. The last car on the train passed over the lower part of his body, and he was frightfully mangled. He lived only a few minutes after the accident.

Supposed to Be Drowned.

Port Dalhousie, May 26.—John Culp, 9-year-old son of W. J. Culp, is supposed to be drowned, in the harbor. He was last seen fishing on the west pier. His hat and fishing pole have been found floating in the harbor. A large number of men are now dragging for the body.

Inventor of Base-Burner Dead.

Providence, R. I., May 26.—Francis W. Kenny, inventor of the first base-burning coal stove, and many other appliances for plumbers and hardware workers, is dead at his home in this city, of old age.

Twas Not Ever Thus.

London, May 26.—(C. A. P.)—The Freeman's Journal wonders what would happen in Ireland if the local councils voted money for successful athletes as those in Canada are doing in Sherring.

Promotion For Dr. Seath, Ontario School Inspector

He is Appointed Superintendent of Education.

BRIEF SKETCH OF HIS CAREER

Announcement Was Made on Friday, as Well as That His Successor as High School Inspector Would Be Principal Weatherill of Strathroy Collegiate Institute—Twenty-Two Years in Last Post.

Toronto, May 26.—Dr. John Seath, Provincial Inspector of High Schools for the past 22 years, will fill the newly created post of superintendent of education, and will enter on his broader duties immediately. He will be succeeded in the office he relinquishes by Principal James H. Weatherill of Strathroy Collegiate.

This announcement, made yesterday, was in fulfilment of the expectations held in educational circles, where it was generally felt that Inspector Seath's long official service placed him more in line for the new office than anyone else whose name might be mentioned.

As provided by the New Education Act the superintendent, whose salary is fixed at $3,500, will have general supervision of all classes of provincial, high, public and separate schools, professional training schools and examinations for teachers of these schools, art schools, public libraries and the inspectors of schools and libraries and may make recommendations to the Minister of Education.

Dr. Seath was born in Perthshire, Scotland, in 1844. He was educated at Glasgow University and Queen's University, Ireland, graduating from the latter at the age of 17, and winning the gold medal in natural science. He came to Canada in 1861, and began teaching at Brampton, which became a union school for primary and secondary education under his principalship. Later he became principal of the union schools at Oshawa and Dundas, and in 1874 assumed charge of St. Catharines Collegiate, where he remained till 1884, when he became high school inspector for Ontario, which position he has held up to the present time.

Mr. Seath, in addition to his degree of B.A., received from Queen's College, Ireland, received the honorary degree of M. A. when that institution changed its name to Royal College, in consideration of his having been first in his department. He was made an LL.D. by Queen's, Kingston, and the University of Toronto, of which he was for ten years a Senate member. Mr. Seath was responsible for many of the educational changes brought about by the late Government.

BOOTH TENDER ACCEPTED.

Gets the Montreal River Pulpwood Area as Highest Bidder.

Toronto, May 26.—The first fruits of the Ontario Government's policy of demanding public tenders for pulpwood areas is announced in the acceptance by the Government of a tender by J. A. Booth, Ottawa, for what is known as the Montreal River area.

By the conditions laid down, Mr. Booth must pay dues of 40c per cord on all spruce cut, and 20c per cord on all other wood. The stipulation as to spruce is unchanged from that of the late Government, but up to the present only 10c per cord has been the charge on the other wood.

Mr. Booth must manufacture 20,000 cords per annum, which he may do in his Ottawa mill, and he has agreed to pay the Government, in addition a bonus of $200,000 for the area.

The Premier stated that the new policy has resulted in the receiving of offers for several areas, including the one from Mr. Booth.

Prison Labor Threatens.

Toronto, May 26.—The emphatic declaration was made unanimously by a deputation of some fifty manufacturers who waited on Hon. Mr. Hanna yesterday, representing the woodenware industry of Ontario, that the contract made by the Government with the firm of Taylor, Scott & Co. for supplying it with prison-made woodenware, produced such unfair competition that the future of the industry was seriously threatened.

"I will consider and take the matter up with the Government to ascertain how the prices obtained compare with the qualities of similar goods sold elsewhere," asserted Mr. Hanna, on being asked by Mr. Brunton of Newmarket if the Government would appoint a commission.

The deputation left on the understanding that the books would be audited. Mr. Hanna promising nothing definitely beyond that step.

HENRIK IBSEN'S BURIAL.

President of Parliament Refers to Country's Great Loss.

Christiania, Norway, May 26.—Henrik Ibsen, who died here May 23, will be given a state funeral, a motion to that effect having been unanimously approved at yesterday's sitting of Parliament. The president in introducing the motion feelingly referred to the country's loss as follows:

"Since the last sitting of the House our country has suffered a grievous loss in the death of one of her best sons, Henrik Ibsen. The people of Norway will ever feel deeply grateful to him for all he has given and taught us, and for the world-wide honor which, through him, has descended on our fatherland. In agreement with the Premier, I move that Henrik Ibsen be buried at the expense of the state."

The whole House rose in silent acquiescence.

It has been decided that the Ibsen funeral will take place May 31.

Lock out for Baby.

AUCTION SALE
OF
Valuable Water Power
Situated at Peterborough, Ont.

James M. Irwin, Trustee, will offer for sale at Public Auction his developed water power on the east side of the Otonabee River, known as

"THE LOCKS WATER POWER"

at the outlet of the Little Lake, Town of Peterborough, Ont.

The normal fall at this point as ascertained by Engineer of Trent Valley Canal is 8 8-10 feet.

The owner possesses the right to sustain the head to high water mark which does not interfere with navigation or riparian rights, giving a head of about 10 feet which would give an effective horse power of about 2,414. There is entire immunity from ice difficulties; a concrete dam is constructed and maintained by the Dominion Government.

The property contains seventeen acres on which are two dwelling houses and a large stable, and has over eight hundred feet frontage on the river.

It has direct connection with the main line of the Canadian Pacific Railway, also with the Grand Trunk Railway at Peterborough; also direct navigation from Georgian Bay and to Montreal by the Trent Valley Canal, when completed.

The Sale will take place on WEDNESDAY, the 13th day of JUNE, 1906, at the hour of 2 o'clock p. m., by MESSRS. CHARLES M. HENDERSON & CO., Auctioneers, at their AUCTION ROOMS, Nos. 87-89 KING STREET, EAST, in the City of Toronto.

The sale will be subject to a reserve bid.

Further information may be had from the undersigned

Latest News Of Various Sports

The English Bowlers' Visit Is Arranged

Will be in Peterborough the Fourth Day After Their Arrival in Canada—They Will Meet Here Oshawa and Port Hope Bowlers in Addition to Local Rinks.

Mr. D. H. Moore was in Toronto on Thursday attending the meeting of the committee of the Ontario Bowlers' Association having charge of the arrangements for the visit of the British bowlers, and which met that day at the Queen's Hotel, and completed the programme for the August tour. Mr. Thos. Woodyatt, of Brantford, president of the O.B.A., presided, and representatives were present from Peterborough, Hamilton, Brantford, Harriston, Paris, and Westmount, besides delegates from the city clubs.

It was decided that the eight visiting rinks shall meet Westmount and Valleyfield at Montreal the first day after their arrival, and shall leave Montreal on the night of July 31st, spending the following day in Ottawa, where the visitors may bowl with the local club.

Many Games Scheduled.

They will then move on to Kingston, where they will possibly spend the day. Peterborough will next be visited, and here the distinguished tourists will meet the Peterborough club and representatives from Oshawa and Port Hope.

Then the Britishers will go to Toronto for a week's stay. They will visit Hamilton for two days, playing with Hamilton, Dundas, Grimsby, and the Beach clubs, on Hamilton Thistles' grounds.

Ontario Bowling Tournament.

Arrangements were also made at the meeting for the Ontario bowling tournament at Niagara. The date decided upon for the opening is July 10.

In view of the fact that there will be no Dominion tournament this year the trophy donated last year for competition in the doubles, and won by Westmount, was transferred, with Westmount's consent, for Ontario competition at the Niagara tournament.

Dominion Tournament.

It is with considerable regret that the authorities have found it necessary to abandon the Dominion tournament this year. The tournament is usually held in August, but as the British bowlers tour will occupy that entire month it was naturally thought that it would be impossible to secure enough entries from Ontario clubs for the big annual fixture. Next year this important event will be resumed, and no doubt the Woodbine greens will be in shape by that time.

Permanent Camp Is Needed For The Y.M.C.A.

A Proposal to Select a Location and Build a Cabin—Camp is an Important Feature of the Y.M.C.A. Work—Meeting to Organize Camp Held Last Night.

The Y.M.C.A. Boys' Camp Committee having in charge the arrangements for the 9th Annual Boys' Camp had an enthusiastic meeting at the Y.M.C.A. last night to plan for this year's outing, the date having been fixed from July 11th to 25th.

The camp has always been a great feature and for eight successive years it has been a source of delight, physical exhilaration, and a positive character building force in the lives of the 300 boys and leaders who have attended.

Y. M. C. A. Camp in 1905.

The largest camp was in 1900, which was attended by 54 boys and leaders.

The camps have varied programmes combining, social, recreation and religious features.

It is the unqualified and universal opinion of leaders, that a boy's character can be better studied at a camp than anywhere else and at the same time he can be helped in ways that mean much to his future welfare.

Mr. Harding, who has always been a popular visitor at the Boys' Camp of late years was elected chairman of the committee and called for a discussion of the subject of a permanent camping place. It was decided by unanimous vote that in the opinion of the committee the camp had passed the experimental stage and that steps be taken at once to secure a spot where a cabin could be erected and the camp made a summer home for a larger number of boys.

Clear Lake seemed to be the favoured site, and the committee are hopeful that some generous citizen or citizens may be led to provide funds for this laudable object.

It would be an investment that would yield great dividends in the lives of the boys of Peterborough of to-day and the future years.

A committee was appointed to see what could be done in this matter.

A number of senior men were selected to act as camp leaders including A. Hodgson and "Pop" Might. The committees will insist on both these men going.

Many good suggestions were made for the camp programme. A magic lantern will be a new feature this year and there will be numerous others as well.

Mr. A. H. Stratton is giving a fine trophy for the baseball league of the camp.

A committee was appointed to build a punt for the use of the boys. If a permanent camp site is secured, a cabin will be erected and made the centre of the camp. Chief Cook Arnott has been engaged to look after the interests of the inner boy which he so ably ministered to last year. No doubt this year's goal which the committee have set "Bigger and Better than ever", will be more than realized.

Mr. Williamson, the General Secretary, who has engineered the camp for the last eight years will go again this year and will be associated with a group of leaders, who will unite in giving the boys who go with them "the time of their lives."

Cobourg Protests Against Referee

Some Trouble in Football Circles in Intermediate Series.

Mr. J. E. Sullivan, the secretary of the Midland League received word this morning from Cobourg, entering a protest against the game with Bowmanville on Victoria Day on the grounds that the referee was not an efficient man.

The secretary notified both clubs six days before the match that Percy Fitzgerald of the Quakers would referee. Bowmanville, however, wrote him that Cobourg had chosen a man satisfactory to them and would not need Fitzgerald's services. Cobourg went to Bowmanville on Thursday with the understanding that Fitzgerald would conduct the game and the result was—no referee. It was then up to Bowmanville to procure one and his rulings have now been protested on the grounds stated above.

A meeting of the Executive will be called next week to decide the matter.

FOOTBALL

The Harwood kickers arrived in this city this morning per steamer Water Lily and are ready for their game this afternoon. They are a husky looking bunch of players and it looks as if they were going to give the Quakers a close run. The game will begin at 3 o'clock.

BASEBALL

The game between George Street and Charlotte Street last night had to be called off on account of wet grounds.

• • • •

The Cobourg SentinelStar says:—The Midland League has "gone up". Peterborough could not have a salaried team, with only three teams in the league and decided to quit, and this put the finishing touches to the Midland League.

TURF.

In giving the names of the judges at the races given by the Peterborough Turf Club on the 24th the name of Mr. J. Malley was inadvertently omitted. Mr. Malley, who comes here from Barrie, is now a Peterborough resident and is prominent in turf circles.

Cough Lasted 3 Months.

"I was taken with a severe cough which lasted three months, and though I had tried all sorts of medicines, they failed to do me any good. A friend advised the use of Dr. Chase's Syrup of Linseed and Turpentine and I was completely cured by two bottles."—Miss Ada O'Brien, Cape Cove, Gaspe Co., Que.

O. J. C. SPRING RACES.

Toronto, May 26.—At the Woodbine yesterday the weather was clear and the track fast. The record:

Iroquois, May 25.—At the cheese board to-day there was offered 735 colored and 50 white cheese. Price bid on board, 11¾c, and all sold at that price.

Tragedy of the Ocean.

Montreal, May 26.—George Hanna, passenger traffic manager of the Allan Line, was in receipt last night of the following message from the steamer Ionian at Fame Point:

"Norwegian abandoned in mid-ocean; crew on board here; derelict fired."

Nothing is known here of a vessel of that name, and it is supposed that a Norwegian trader is meant.

Mr. Chas. O'Reilly, of Norwood, gave Havelock a business call on Wednesday.

Mr. Dennis Mahoney, of Norwood, spent Wednesday in Havelock.

Mrs. Jas. E. Fowler, of Peterborough, arrived in town on Wednesday to spend a few days the guest of Mrs. A. Waller.

Messrs. Oswald Johnston, Chas. McNichol and Fred Peeling, of Tweed, spent Sunday in town with friends.

Mrs. Annie Doxsee, of Campbellford, visited friends in town on Wednesday.

We are pleased to learn that Mrs. Andrews, who has been ill for the past week is recovering.

Mr. Geo. Andrews, of Norwood, spent Wednesday in town the guest of his brother, Will.

First Circus On June 8th

Cole Brothers Will Show Here on That Day.

Flaming posters in all the colours of the rainbow throughout this section proclaim the fact that the world famed Cole Brothers United Shows are to be seen in this city on Friday, June 8. Already the small boy and his elders are happy in anticipating the coming of this mighty tented amusement enterprise and its countless wonders. For this season the Cole Brothers enlarged their shows in every department and their greatly augmented list of performers, feature acts and menagerie exhibits made it necessary to add several more railway cars. To day three special trains are required to transport the huge tents, gorgeous wagons, cages, dens, chariots, tableau cars, elephants, camels, horses, ponies, men and women.

In the triple zoological gardens, combined under one vast spread of canvas, are to be found the finest living specimens of rare, strange and curious animals from every quarter of the globe. Prominent in this connection is a full grown yellow Obivos Mossbatus, positively the only one ever seen by man. Captured north of Great Slave Lake, at latitude 61, it was only by exercising the greatest diplomacy that Cole Brothers' agents were enabled to get the animal out of the country. Covered with a heavy coat of pure golden yellow hair, the beast was regarded as sacred by the natives, not one of whom could be induced to aid in its capture. There are other exhibits of animal life equally as rare, making a visit to Cole Brothers menageries of far greater educational value than will ever be gained by the deepest study of all the books at hand on the subject of natural history. Inside the vast canvas amphitheatre are three great rings and as many elevated stages encircled by a monster modern hippodrome track. Overcapping all is a veritable maze of trapeze and horizontal bars, flying rings, ropes, wires and other aerial rigging. From the beginning to the end of the performance hundreds of men, women and animal performers cover the ground and fill the air in the rendition of a programme, the like and equal of which have never before been seen. There are forty-one clowns and merriment rules supreme.

Preserving Pineapples.

We would advise our customers to secure their pineapples, for preserving, within the next ten days. They are now at their best for quality, and price is probably lower than it will be later. S. A. Oke, 376 George street. Telephones — Machine, 18; Bell, 18.

New Consignment of Kuntz Lager, just received in prime condition, at F J. R. Mitchell's, Grocer and Liquor Merchant, 141 Hunter Street.

Mohawk Church And Institute At Brantford

An Interesting Description of One of the Attractions in the Telephone City—Many Notable Persons Have Visited the Institute—Queen Anne's Bible and Plate

Written for The Examiner.

Visitors to the city of Brantford have always been much interested in, and attracted by, the Mohawk Institute and church. No one ever fails to visit this famous institute and church, and through the kindness of the Rev. R. Ashton, who is ever ready to give all possible information, one has splendid opportunities to make oneself thoroughly acquainted with the history of the Six Nations Indians.

The Indians of the Six Nations include the Mohawks, Oneidas, Onondagas, Cayugas, Senecas and Tuscoras. Up to the time of the American War of Independence, the five first named inhabited the villages on the rivers and lakes of Central New York, including the Mohawk and Genesee valleys; the sixth, the Tuscoras, had earlier migrated to North Carolina. Being all of the same stock, they were admitted into the confedracy, when they were driven from their southern hunting grounds, and have since borne the name of the Six Nations Indians.

In the treaty concluded after the war Great Britain made no stipulations on behalf of her Indian allies, but official pledges had been given them that they should be restored, at the expense of the Government, to the condition they were in before the war.

Captain Joseph Brant, the celebrated chief of the Mohawks, claimed the fulfilment of the pledges, and selected first a tract of land at the lower end of Lake Ontario, in the Bay of Quinte. Many of the Mohawks continued to reside there, but a portion of the tribe of Senecas remained in the United States, and wished that the rest of the Six Nations might settle somewhere near them. Therefore Capt. Joseph Brant also obtained the grant in 1784 of several hundred thousand acres along both sides of the Grand River, which flows from the north into Lake Erie, where they have settled down and have gradually become farmers.

In the year 1823, after preliminary investigation on their behalf by the Rev. John West, and with the concurrence of Captain John Brant, the New England Company adopted resolutions respecting the placing of fit persons, either individuals or in mission families, at eligible stations in those parts of America in which the trusts of the company could be carried on. By this means it hoped to promote the purposes of its trust as efficaciously and as extensively as might be practicable, with an especial view to the Mohawk and other Six Nations Settlement.

Accordingly the company, in concurrence with Captain John Brant, and with his assistance as a sort of lay agent, before 1827, commenced operations under Rev. Wm. Hough, as its first missionary on the Grand River, and built two schools near the Mohawk village, as well as a parsonage for the church there. This church possesses the communion plate and Bible presented by "Good Queen Anne" to the Indian church in the Mohawk valley.

In the course of time the New England Company established four stations which, in 1871, were made distinctly separate and independent: The Mohawk Station, Tuscora Station, The Kanyeageh Station, and the Cayuga Station.

The Mohawk Station, situated near Brantford, contains a church, a parsonage and the Institute. The old Mission Church was built by George III., A.D., 1785, one mile south east of the City of Brantford, on the north east of the Grand River. On the outside of the church is a tablet bearing the Royal Arms, and the following inscription:

Saint Paul,
His Majesty's Chapel of the Mohawks;
Erected by King George III.,
1785.

The first church built in Ontario
Incumbents:
Rev. R. Lugger, 1827-1837.
" A. Nelles, 1837-1884.
" R. Ashton, 1884—

The bell was cast 1786, and sent out by King George III. in 1787.

In this church was placed a large English Bible and communion plate, presented by Queen Anne. The alms dish has the following inscription: "The gift of Her Majesty Anne, by the grace of God, of Great Britain, France and Ireland, and of her Plantations in North America, Queen, to her Indian chapel of the Mohawks."

Mohawk Institute, Brantford.

The great Bible has on its front page:

"For Her Majesty's Church of the Mohawks, 1712," also the signatures of "Albert Edward, Prince of Wales, Sept. 14, 1860," Arthur, (Duke of Connaught,) October 1, 1869 George, Victoria, Mary, Prince and Princesses of Wales, October 14, 1901; John Young, Governor General, 1 October, 1869; Dufferin, 25 Aug., 1874; John A. Macdonald; John Beverley Robinson, Oct. 10, 1863; Lansdowne, Aug. 10, 1885; Stanley of Preston, Jany. 14, '93; Minto, May 14, 1903; Grey, May 25, 1905.

Near the church is the Institute, a stately building, with all modern conveniences, airy dormitories, school-rooms, chapel, dining rooms, quarters for the staff and superintendent. At the rear of the Institute are the farm buildings. This institute provides board, lodging and clothing, as well as religious education, and superior school teaching, for all the children, (about 110), besides agricultural and handicraft practice for the boys, and domestic training for the girls. The ground belonging to the Institute, and the manual labour farm, comprises about 380 acres. The appointment of Rev. R. Ashton, as superintendent, was made the occasion of introducing many important improvements in the management of the Institution, and also in the comfort and accommodation of the children.

Besides the Superintendent, the staff of the institution consists of four teachers, laundresses, assistant matron, carpenter, farm foreman, etc. Mrs. Ashton assumed the position of Hon. Matron to the Institution. Some of the under teachers are Indians, who had themselves been educated at the Institute.

The pupils of this Institute have always taken a high place in examinations for entrance or matriculation. One of the pupils took the first place out of forty-five candidates for admission into the High School at Brantford; and while attending McGill College, at Montreal, he graduated with honours as Bachelor of Science. The pupils of the Mohawk Institute have taken good places in examinations that have been held for certificates as teachers or entrance into the High School.

It is a pleasure to visit such an institution as this, and to witness such marked progress in the education and habits of our Indians.

THE MAN ON THE STREET

A good act, and one which will secure both to the consumer and the producer more returns, is the making of eight gallons a standard can for milk. The father of the measure is Arch. Campbell, M.P., for Centre York. During the past more complaints with regard to what should constitute a standard can have been raised than would keep all the newly-appointed J.P's busy for the next six months setting straight. The farming community at least will, no doubt, give thanks to Mr. Campbell for the fathering of this measure for their benefit.

Canadians as a nation have great cause to feel proud at the remarkable, or rather pre-eminent, position Canada enjoys to-day. While it is true we are a colony dependent (to a certain extent) on the British Empire, and with a population of only 6 or 7 millions, yet we are overcoming our smallness in numbers all the time. Then, again, where will you find a country so highly favoured as our own? I answer, nowhere. In every branch of industry trade is going ahead by leaps and bounds, and as for agriculture our land is second to none. Minerals and forests we have in abundance, taken all in all, we have a country the peer of any in the world. In sports, also Canadians have come out victors—the recent winning of the great Marathon race at Greece, last year the trophy won by Lou Scholes, the Palmer trophy captured last year from the Americans, and the numerous aquatic and other international contests. In soldiering Canada has also taken a prominent stand—the greatest part our boys took in the South African war, being the most important.

• • • •

The Works Committee of the City Council is performing a much needed action in having several new cement crossings built on George street. Its action will be promptly seconded by the citizens. Previously, whenever a rain came the mud was disgracefully deep, and had a habit of bespattering one's clothes in an irritative manner. But this will be considerably done away with now, so let's be thankful that the "powers" have granted us these small mercies.

• • • •

After the showing of last Tuesday night the 57th Regiment occupies a high place in the affections of our residents. The great improvement in marching on the street, the large companies and the well-built men all receiving a meed of praise. To take a regiment and transform it into a body of well-drilled soldiers, many being raw recruits and never handled a gun previously, is no small undertaking, and the work of Lieut.-ol'C. Miller and his able staff of officers is a highly meritorious one. The large turn-out of spectators eagerly watched the evolutions with no small amount of satisfaction. One item in particular which greatly emphasized itself on Tuesday night was the smallness of the present drill hall, a defect which, I am told, will soon be remedied.

Since the passage of the bill at the recent session of the Legislature re County Councils to be composed of Reeves, Deputy Reeves and Mayors, much comment both pro. and con. has been commenced. The new and the old systems, as in everything else, have their followers, therefore the only thing to be done is to abide by the new law. It is claimed by some that a great saving will be effected by the new law, and by others that the old was the cheaper. There is another point, too, to be looked at and it is this: With the system to be abolished—that of the election of two members from each district in the county the district was not in all cases properly looked after, while others had an overplus. The provisions of the new bill, it is claimed, will do away with this owing to the presence at the Council of the Reeve, and in some cases a Reeve and a Deputy Reeve, who knows thoroughly what is wanted in his or their municipality. Let us give it a good trial.

Did you ever notice how careless people are about their safety, and how many dangerous chances they will needlessly take. To illustrate this, the other day as I was walking along a street adjacent to the G. T. R. tracks a train was heard approaching. The whistle was blown to announce its coming, still I observed a middle-aged man keep right on, walking toward it. He appeared to be looking at a paper or letter, and the engine was within an ace of touching him when he stopped. Why he acted in such a reckless manner is not known. Every day one picks up a paper accidents of all kinds are reported, yet it seems people don't pay any heed to these warnings. The C.P.R. and G.T.R. should also keep adventureous boys and men from jumping onto moving cars and having a ride while trains are in motion, or else one of these fine days another accident similar to what befell the Taylor lad will be recorded.

Personal Notes From Keene Village

Items of Interest From the Eastern Centre.

Special to The Examiner.

Keene, May 23.—Mrs. Grass, of Toronto, and Mrs. Rankin, of Collin's Bay, are visiting Rev. D. D. McDonald.

Next Sunday, May 27th, communion will be dispensed in the Presbyterian church.

Owing to Mrs. McDonald's illness, Rev. Mr. McDonald was unable to exchange pulpits with Rev. Mr. Reeves, of Campbellford, last Sunday as intended.

Mr. John Bynon was in Norwood Wednesday.

Mrs. Richardson, of Peterborough, was in the village this week.

The funeral of the late Alex C. Anderson, whose death occurred at the home of his brother, Mr. John Anderson, Monday, took place from the family residence, Wednesday May 16th. Rev. D. D. McDonald conducted the service. The funeral was largely attended.

Keene football team was defeated at Hazlewood by a score of 1—0 on Saturday.

Mrs. Joseph Elmhirst is the guest of her daughter, Mrs. Dobbin, of Monaghan.

Misses Agnes and Alice Lumsden, who have spent the winter visiting friends in Warsaw and Lakefield, returned to the village this week.

Mather's Corners Public School, which was closed on account of diphtheria, re-opened on Thursday.

Neglect Your Watch

And you'll ruin it. Eighteen months running will gather enough hardened oil and grit to wear and loosen the whole mechanism.

Pollution Of Otonabee Must Be Stopped At Once

Provincial Board of Health Will be Asked to Give the Local Board Authority to Compel People to Desist—Matter Was Discussed at This Morning's Meeting.

Several important matters came up at this morning's meeting of the Board of Health, among which was the question of the pollution of the waters of the Otonabee was considered. It was decided to refer the matter to the provincial Board of Health, to look into the subject, and remedy it.

There were present this morning, the chairman, William Eyres; Dr. McNulty, Dr. Burnham, George Schneider, Mayor Best, Dr. Bingham, Medical Health Officer; and Dr. Boucher, member of the Provincial Board of Health.

The chairman read the amended clause 30, section 6, of the Public Health Act, which is as follows:

"No sewage, drainage, domestic or factory sewage, excremental, or other polluting matter of any kind whatsoever, which either by itself, or in connection with other matter, corrupts or impairs the quality of the water of any source of public water supply for domestic use in any city, town, incorporated village or other municipality, or which renders, or may render such water injurious to health, shall be placed in, or discharged into, the waters, or placed, or deposited upon the ice of any such source of water supply, near the place from which any such municipality shall or may obtain its supply of water for domestic use; nor shall any such sewage, drainage, domestic or factory waste or refuse, excremental or other polluting matters, be placed or suffered to remain upon the bank or shore of any such source of water supply, near the place from which such municipality shall or may obtain its supply of water for domestic use as aforesaid, or within such distance thereof as may be considered unsafe by the Provincial Board of Health, after an examination thereof by a member or officer of the said Board; and any person who shall offend against any provision of this section shall upon summary conviction be liable to a penalty of not more than $100 for each offence, and each week's continuation after notice by the Provincial Board of Health, or local Board of Health, to abate or remove the same shall constitute a separate offence."

Dr. Boucher said that at the request of the Water Commissioners, who were applying for permission to police the waters of the Kawartha Lakes region, he had brought the matter up at a meeting of the Provincial Board of Health. The feeling of that body was that in future no raw sewage should be deposited in any running stream of water. The Board understood the position of Peterborough. He suggested communicating with Dr. Hodgetts, secretary of the Provincial Board of Health, and securing authority from them to compel people who were polluting the water at Lakefield and other places to desist.

It was on motion decided to ask the Provincial Board of Health to take action in the matter.

The chairman brought up the question of houses conveniently situated to sewers, the owners of which would not connect with sewers. In this way they were endangering the health of citizens generally, as well as polluting their premises.

It was moved that the matter of terraces, and dwellings, on streets, where sewers are constructed, not being connected with the sewers, be referred to the city council, with the request that they look into the matter and pass such bylaws as may be necessary to provide a remedy.—Carried.

New School For West Ward Is The Recommendation

Of Dr. Hodgetts, Secretary Provincial Board of Health—His Report on the Condition of the School Received—Ventilation and Heating Facilities Bad and Closets Worse.

The report of Dr. Hodgetts, secretary of the Provincial Board of Health, in regard to the West Ward School has been received by the local health authorities. It will be remembered that when Dr. Hodgetts and Dr. Smith were here in regard to the isolation hospital they were asked to inquire into the condition of the school. The report is as follows:

To Chairman of the Local Board of Health:

Dear Sir,—When in your city Tuesday, May 1, last, I visited, at the request of the committee, the West Ward School, and beg to report thereon as follows:

The building is not up to modern requirements as regards school accommodation.

There is no system of ventilation and it is improperly heated. Owing to the crowded condition of the rooms the atmosphere during school hours becomes rapidly effected and must remain so during most of the school hours, and thus prove injurious to the health of the children and teachers.

The closet accommodation is still more discreditable than the building itself, and my opinion is that nothing but the providing of a new school, properly constructed with modern equipments, would satisfy the requirements of this section of the city.

Frightened By An Auto Six Teams Stampeded

Lively Runaway With Spectacular Features at City Gravel Pit—Several Had Narrow Escapes From Being Hurt—One Team Went to London Street Before Being Stopped

A series of runaways, or, rather, a stampede, that put a circus chariot race in the shade, occurred at the city gravel pit on the Hilliard property, at noon on Saturday. It appears that just after the seven teams had been unharnessed at dinner time, an automobile skidded past at a Barney Oldfield clip. Six out of the seven teams became frightened and stampeded for home. They headed for George street, scattering the men who were eating their dinner, and started down street at a gallop. One team reached London street before being cornered, while the others were stopped at various points along the route. The men had a lively chase after their fleeing animals.

Although no one was seriously hurt there were several narrow escapes, as the six teams passed through the midst of the men. A boy named Kyle who was carrying his father's dinner was knocked down but escaped without injury.

MAGISTRATE TO DEAL WITH INSANE PERSONS

Mr. H. E. Wood, County Crown Attorney, has addressed the following letter to the Justices of the Peace of the county:

"Dear Sir,—I am instructed by the Inspector of Prisons and Public Charities, to direct your attention to the provision of an act passed at the last session of the Legislature. This statute directs that all proceedings for the committal of insane persons shall be taken before the Magistrate and the examination by the County Judge is dispensed with. If you have occasion to deal with any persons charged with being insane and dangerous to be at large you had better communicate with me. All papers upon committal are forwarded direct to the Inspector of Prisons, Mr. S. Armstrong, Parliament Buildings, Toronto.

IMPROVEMENTS TO THE MARK STREET CHURCH

An important meeting of the Trustee Board of the Mark street church, will be held on Thursday night, when that board will consider the advisability of making extensive improvements to the church in the near future. Financially the congregation is in a satisfactory condition and the trustees feel that some improvements should be made to the church property. It is for this purpose that the meeting on Thursday night will be held. A

Rare Chance
— FOR —
BEAUTIFUL HOME

We are instructed by Mr. C. B. McAllister to sell his entire property in East City as follows:—

No. 1.—His beautiful residence situated on Burnham street and known as "Engle Burn Park", containing five acres of land, about three of which has been laid out in choice building lots some fronting on Burnham street, and others having a commanding view of the river. The balance of about two acres is included with the house, a large lawn beautified by choice Shrubs and Ornamental trees, nice garden with choice fruit, also first class stable and carriage house.

No. 2.—A block of land containing three acres with two splendid houses, situated on corner of Burnham and Maria streets and known as the late John Burnham property. This has recently been sub-divided into building lots.

Also his summer house situated at Mount Rascal on Clear Lake, containing 3 acres land and cottage furnished throughout, also ice house filled with ice. This we have for sale, or to rent at a reasonable rent for season or by the month.

As Mr. McAllister intends moving from Peterborough, we are authorized to dispose of Nos. 1 and 2, enbloc or divided as per plan at our office.

Price and full particulars on application.

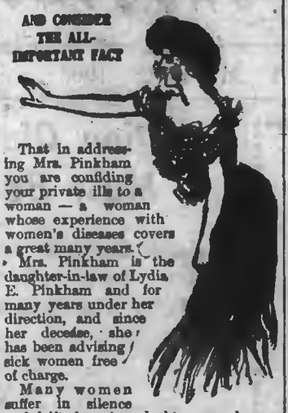
Cure for Headache.

STOP, WOMAN!

AND CONSIDER THE ALL-IMPORTANT FACT



That in addressing Mrs. Pinkham you are confiding your private ills to a woman — a woman whose experience with women's diseases covers a great many years.

Mrs. Pinkham is the daughter-in-law of Lydia E. Pinkham and for many years under her direction, and since her decease, she has been advising sick women free of charge.

Many women suffer in silence and drift along from bad to worse, knowing full well that they ought to have immediate assistance, but a natural modesty impels them to shrink from exposing themselves to the questions and probable examinations of even their family physician. It is unnecessary. Without money or price you can consult a woman whose knowledge from actual experience is great.

Mrs. Pinkham's Standing Invitation.

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. All letters are received, opened, read and and answered by women only. A woman can freely talk of her private illness to a woman; thus has been established the eternal confidence between Mrs. Pinkham and the women of America which has never been broken. Out of the vast volume of experience which she has to draw from, it is more than possible that she has gained the very knowledge that will help your case. She asks nothing in return except your good-will, and her advice has relieved thousands. Surely any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.

If you are ill, don't hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write Mrs. Pinkham, Lynn, Mass., for special advice.

When a medicine has been successful in restoring to health so many women, you cannot well say, without trying it "I do not believe it will help me."

MONDAY, MAY 28, 1906.

GOOD APPOINTMENTS.

Many of the appointments made by the Whitney Government are open to criticism, but one recent nomination to office is to be more favourably regarded, that of Dr. John Seath, late Senior Inspector of High Schools, as Provincial Superintendent of Education. Dr. Seath has had an extensive experience, amounting largely to a special training, for his new duties. His educational qualities are so large that the idea is suggested that if he had been made Minister of Education, the situation would have been improved. He seems to be better qualified than the new incumbent, who is somewhat overshadowed by having as deputy-minister and superintendent two men specially well qualified for their respective duties. Dr. Seath, it is understood, will enter upon his duties within a short time, and expectations will be greatly disappointed if he does not make a capable, painstaking and efficient Superintendent of Education.

Another appointment which is slated to be made, and which, if regard is had to special fitness and general qualifications, will be made, is that of Mr. Leitch, K. C., of Cornwall, who is spoken of as a member, and chairman of the Railway and Municipal Board, and, it is stated, is informally appointed. Mr. Leitch is well qualified for the position. He is broad-minded, and would no doubt make a most efficient member of a body, with quasi judicial functions, for whose discharge a large legal knowledge and training, such as that possessed by Mr. Leitch, provide especial equipment. If the other members of the Board are of equal calibre, the Board will be well equipped with ability. This condition will hardly, however, be met by the appointment of Mr. Joynt, who is, perhaps, too much of a politician, and possesses less ability qualifying him to make an efficient member of such a body as the board in question. But the Government cannot be expected to altogether ignore the idea of political reward in making appointappointments. It is stated that there are one hundred applicants for the offices on the Board.

THE EXPENDITURES.

Commenting on the fact that Mr. Fielding stated that he has borrowed a million pounds for temporary obligations, and that within four years he will have to provide about one hundred and forty millions of dollars for debt falling due, and will also have to provide for the expenditure on the G.T.P., the Gazette says, "he did not explain either why he allowed such a situation to be created or how he will meet it." This is hardly accurate. So far as the temporary loan is concerned, Mr. Fielding explicitly stated that the time had not been considered propitious for placing this loan on the market, recent great wars and the industrial expansion having made money comparatively high. So far as the redemption of debt is concerned, Mr. Fielding had nothing to explain, because he had not created the situation. To repay money is a natural consequence of having borrowed it, and so long as the borrower's credit is good he need not worry about renewing his notes. Canada's Finance Minister will have no difficulty about renewing his, and probably at a lower rate of interest than is now being paid. The same remark applies to the funds of the G.T.P. Canada's credit is high enough in the world's money markets to ensure her against difficulty in financing the undertaking, but the task will be made easier still by the fact that a revenue of 3 per cent. on the investment is guaranteed.

No doubt what our contemporary means to imply is that Mr. Fielding should have been saving his surpluses to meet these expenditures. That, of course, is a matter open for discussion, and for differences of opinion. Mr. Foster complained that these years of expanding revenue and expenditure had been marked by no great constructive works of national importance. It is true that no transcontinental line has been built, but, if the spectacular has been lacking, the practical has been accomplished. In every part of the Dominion work for the general benefit has been done, and the result is seen in the immigration that is filling the Northwest with a sturdy population, in the improvement of our waterways and railways, in the encouragement of dairying and of its cognate industries, in the opening of the Yukon, in the reduction of postage and the extension of the postal service, and in the construction of elevators and of public buildings. Of course these and a hundred other expenditures might have been postponed, but only at a cost quite unjustifiable. The country had to take advantage of the situation and of the moment, and happy was it for Canada that she had in office a group of men quick to appreciate the need for work, capable of doing it well, and faithful in their performance of their duties.—Montreal Herald.

EDITORIAL NOTES.

The Methodist district meetings, which are being held throughout Ontario just now, are not affording, remarks the Brantford Expositor, much comfort to Provincial Secretary Hanna, the head of the Provincial License Department. Their denunciations of his interference with the local option provisions of the Liquor License Act are nearly unanimous, and the manner of enforcing, or rather non-enforcing, the license laws is also coming in for a considerable measure of condemnation.

The two new provinces can now settle down to business, having both selected their capitals. By a vote of 21 to 2 Regina has been chosen as capital of Saskatchewan. Regina — the queen—is a much more dignified name than the former gruesome title by which it was known, "Pile o' Bones." It was the former capital of the Northwest Provinces, and naturally dropped into its new dignities, side-tracking Saskatoon, the runner-up for the capital. It will not be many years before the capitals of both provinces will be important cities.

As a reform in insurance methods, it is proposed to put agents on salary instead of paying them by commission fees. In one way this will remove an incentive to activity, unless the agent is exceptionally honest and conscientious, and the honest and conscientious agent will not abuse his privileges if he is paid by commission, so that putting such a man on salary would not work any change. It seems to come to this, that if honourable and straightforward agents are available it will make little difference what form of payment is adopted. In all realms of commercial and other activity the problem would be very greatly simplified if all concerned would be governed by straightforward business principles.

The Kincardine Reporter does not seem to have any excess of admiration for the sessional record of the Whitney Government. It says: "The Legislature has closed. The boys have been sent home. The Government has increased the expenditure of the country over last year, from $5,396,046 to $6,288,393, which shows that the Liberals were not too bad while in power, although they were charged with gross extravagance. The Pettypiece railway bill was deserted. The temperance people got it in the neck. The hotel people are not satisfied. A Provincial loan was floated below par. The old and discredited county councils act has been restored. Adam Beck's power scheme has been shorn of its strength. Higher education has been established at a great cost. The small school sections have to pay increased salaries and bar tenders have been tagged. Look it over. Does it suit you, Mr. Elector?"

We Canadians, whose memories go nback a generation of two, can notice a steady diminution of the prevalence of the drinking habit, and it seems that this decrease is not local. Even in the hard-drinking Old Country there is the same decrease noticeable. The British Chancellor of the Exchequer was able to present figures to the British House of Commons which showed that there has been a great decline in the size of the drink bill. From the year 1900 to the year 1905, it appeared, the reduction of the amount of wine consumed was from 17,150,000 to 11,150,000 gallons; in the consumption of foreign and colonial spirits, from 9,350,000 gallons to 6,780,000; in home-made spirits, including whisky and gin, from 36,716,000 gallons to 32,490; and in beer, from 36,500,000 barrels to 33,500,000. This great decrease was attributed to the increase in temperance sentiment, in itself a remarkable matter for Old Country people are very conservative and do not readily drop old, or adopt new, habits. Some little credit for their habits. Some little credit for this showing may be credited to Canada, which has very largely decreased the population of the Mother Land, and to a proportionate extent reduced the demand for strong drink. The condition noted is encouraging to those who believe in the spread of temperance sentiment as a remedy for the evils of the drink traffic. Whatever gain is made in this line is real gain, whereas the effect of what may be called mechanical means, repressive measures represent no principle and cease to be operative when they cease to be applied. But a man who is sober from conviction and principle will continue to be so. The man who is forcibly restrained in his drinking habits will relapse when the restraint is removed.

THE WORST KIND

After Piles have existed for a long time and passed through different stages, the suffering is intense—paining, throbbing, tumors form, filled to bursting with black blood.

Symptoms indicating other troubles may appear to a throughly Pile-sick person.

This is when Dr. Leonhardt's Hem Roid, the only absolute Pile cure, brings the results that has made its fame.

It will cure the most stubborn case in existence and a bonded guarantee to that effect goes with each package.

Hem-Roid is to be had for $1.00 at the drug store, or from The Wilson-Fyle Co., Limited, Niagara Falls, Ont. 3

IS PLEASED WITH CUBA'S PROSPECTS

Mr. Samuel Newhall, who has been spending the winter in Cuba, left Bartle on Friday, the 19th, for home. Mr. Newhall arrived in Cuba some time in November last. He has enjoyed himself very much and is delighted with the country, particularly Bartle, where he has bought land and built a house, also planted an orange grove. He expects to return to Bartle in October next and take up more land. Mr. Newhall, it will be remembered, was in Peterborough visiting for some time before going to Cuba.

"PHYSICALLY EXHAUSTED?"

You're out of joint with everything—looking in courage—no nerve—scarcely on speaking terms with yourself. Such low spirits are pitiable. Your brain is fagged, vitality exhausted till your nerve-wracked body has gone all to the bad. FERROZONE is what you need.

FERROZONE

IS A BODY-BUILDER, A VITALIZER, A NUTRITIVE TONIC.

It's by making flesh and blood, by infusing iron and oxygen into the system that FERROZONE helps. It repairs the weak spots, instils energy, vim and endurance into worn-out organs—makes you feel like new. Why not use this grand restorative? It lifts age from the old, brings new resiliance and buoyancy of spirits to the depressed. Be vigorous, manly, ruddy-colored, cast aside weakness and enter into that happy life that follows the use of FERROZONE.

Ferrozone is sold everywhere in the home or six for $2.50. By mail from N. C. Polson & Co., Hartford, Conn., U. S. A., and Kingston, Ont.

—The regular monthly Board meeting of the Y.W.C.A. was held this afternoon at 3.30 o'clock.

Piano Tuning.

—Piano tuning promptly attended to. Satisfaction guaranteed. A. E. Hoover, 222 McDonnel street. 'Phone 199.

Recital.

—To-morrow evening in St. Andrew's school hall a piano and vocal recital will be given by the pupils of Mr. Cecil Carl Forsythe.

Stewart's Hall, Otonabee.

—The monthly Church of England service will be held on Sunday, June 3, at Stewart's Hall, at 2.30. Rev. E. A. Langfeldt will preach on "The Judgment Seat of Christ."

Up the Lakes.

—The local branch, C.M.B.A., are running an excursion up the lakes on Tuesday, June 19th. Arrangements are being made that this will be one of the best excursions of the season.

"My Valet" Does the Work.

—Our way of cleaning, pressing, and repairing of gentlemen's clothing keeps our citizens well dressed at a small outlay all the year round. Send to 364 1-2 George street, or call up 575 and our messenger will call.

A Rhineland Voyage.

—To-night Rev. E. A. Langfeldt will deliver his lecture, "A Trip on the Rhine," in the school room of St. Paul's church at 8 o'clock. The lecture will be plentifully illustrated by lime light views. A silver collection will be taken.

St. Mark's, Otonabee.

—The Canadian Order of Foresters of Court Zion will attend divine worship at St. Mark's church, on Sunday, June 10, at 3 o'clock, when the Rev. E. A. Langfeldt will preach to them a special and appropriate sermon. There will be no service at St. Mark's next Sunday, June 3.

More Immigrants Settle Among The Farmers

Five Hundred Sailed Into Halifax Harbor on Saturday on the Norseman—Demand is Greater Than Supply—Large Number Go West.

The steamer Norseman landed in Halifax on Saturday bearing 500 more immigrants from the British Isles sent out by the Salvation Army Emigrant Agency of London.

Adjt. Jennings wired the Canadian agents at Halifax for 20 single men to come to Peterborough, as he had situations for that many in this vicinity. The demand, however, is a great deal better than the supply and he could only pressure about ten for the farmers in this vicinity.

They arrived in the city this morning on the 8.25 train from Port Hope and the following have received situations:—

Arthur Wise, at Mr. Gibbs', Stewart Settlement, Otonabee.

Harbert Easto, at Mr. Donaldson's, Smith.

Jas. Burt, at Mr. Tindal's, Smith.

Frederick Wilson, at Mr. Edmison's, Smith.

F. G. Hayward, at G. W. Byers', Bensfort.

W. R. Hooper, at Hector Jeweson's, South Monaghan.

R. C. Wintle, at Mr. R. F. Woods', Baillieboro.

H. R. Mitchell, at J. P. Andrews', South Monaghan.

A few others who missed the train for here are expected by the Adjutant this evening and will be given positions in the city.

Of the 500 who sailed on the "Norseman" about half have gone to the Northwest while the remainder have been distributed throughout Ontario.

THE HOUSE OF REFUGE CONTRACTORS TO BEGIN

Mr. J. E. Belcher, C.E., went to Lakefield to-day to secure the signatures of the bondsmen to the contract of Messrs. Baptie Brothers, for the new House of Refuge. The bondsmen are Messrs. W. H. Casement and Kilbourn. The contractors are only waiting for this formality to proceed at once with the erection of the building, which will be rushed as quickly as possible. Mr. Belcher will also complete his plans for the plumbing and heating. The water supply and its source will have to be considered in preparing the plans for the plumbing. Tenders for this will, it is expected, be called in a short time.

GEORGE STREET EPWORTH LEAGUE

The regular meeting of the George street Epworth League will be held to-night, which will take the form of a literary meeting. Miss Weir will read a paper, taking up the life and poems of Sidney Lanier.

Wasting Brain and Nerve Force

AND UNDERMINING HEALTH BY USELESS WORRY—NEW VITALITY OBTAINED BY USING

Dr. Chase's Nerve Food

Brain and nerve force is squandered in a way which would be utterly condemned in the use of money. And of what value is money as compared with health?

By useless fretting and worry, by overwork, and by neglecting to take proper nourishment, rest and sleep, strength and vitality are frittered away and no reserve force is left to withstand the attack of disease.

Dr. Chase's Nerve Food is valued because it actually increases the amount of nerve force in the body, overcomes the symptoms arising from exhausted nerves, and gives that strength and confidence in mind and body which is necessary to success in life.

Nervous headache, brain fag, inability to concentrate the mind, loss of sleep, irritability, nervousness and despondency are among the indications of exhausted nerve force. These are the warnings which suggest the necessity of such help as is best supplied by Dr. Chase's Nerve Food.

Mr. Thomas Covert, Jr., Highland Grove, Ont., writes:—"I used five or six boxes of Dr. Chase's Nerve Food for nervous debility and a run down system and found them of very great benefit. They are well worth the best recommendation I can give them."

Mrs. J. Danesher, 465 Bethune street, Peterborough, Ont., states: "I was troubled a great deal with nervousness and sleeplessness, and began a treatment with Dr. Chase's Nerve Food. I can say for a certainty that it is a splendid medicine, for besides steadying my nerves, it built up my system wonderfully, and enabled me to sleep and eat well."

If you would be healthy, happy and successful, test this great food cure. 50 cents a box, at all dealers or Edmanson, Bates & Co., Toronto. 7

OBITUARY.

ISABELLA GRANT.

The death occurred at noon to-day of Isabella Grant, wife of the late Jas. Fowler. The deceased, who was 76 years of age, was seized with a paralytic stroke yesterday from which she did not recover. She had been ill about five months.

The late Mrs. Fowler was born in Scotland, but had lived nearly all her life in Smith township. She came to reside with her son John, city, about five months ago. She was widely known and respected, and her death will be mourned by a large circle of friends. In religion she was a Presbyterian.

Four sons survive her. They are James, William and Frank of Smith, and John, Peterborough. Two sisters, Mrs. Wm. Bebson, North Monaghan, and Mrs. John Robson, Dublin street, and one brother, Andrew, are also left to mourn her death.

The funeral will take place on Wednesday afternoon at 2.30 o'clock, from the residence of her son, Mr. John Fowler, 358 Aylmer street, to Little Lake Cemetery.

Reckless Driving Of Motor Cars Will Not Be Allowed

Chief of Police Wishes to Warn Owners and Drivers.

Chief of Police Rossel wishes to again warn owners and drivers of automobiles and motor cars, that they must not drive their machines at the furious rate that they have been reported. The law requires that in cities or towns their speed must not exceed 10 miles per hour, while in the country no greater speed than 15 miles an hour is permitted. A conviction under this act provides for a penalty not exceeding $25 for the first offence.

Chief Rossel had prepared an information against a local gentleman who has, it is said, been driving an automobile faster than prescribed by law, but on the advice of the Magistrate, decided to drop the case as it was the first offence.

Those interested should govern themselves accordingly as the authorities are determined to put a stop to reckless driving of autos.

Some More People Were Assessed

Others Were Discharged and One Case Was Enlarged.

A large number of East City residents were in the police court this morning on the charge of not having their privy vaults cleaned by the 15th of May. Eleven were convicted, seven were discharged and one case was enlarged. The costs imposed in the cases of those penalized were $1.60. As the offenders lined up before the magistrate they all told pretty nearly the same story. A number had engaged men, but these didn't show up. Others couldn't get them. According to the tales of the citizens across the river, scavengers as a class are not in the least trustworthy. The proceedings savoured slightly of the humourous, as man after man stepped in front of the magistrate's desk and told his tale of hard luck and ill success in trying to get a man to do his work.

It was certainly East City day at the police court. A man from across the river, who was charged on Saturday with harbouring an untagged dog, and whose case was enlarged until to-morrow, said he did not own the dog and asked his Worship if he brought it over to the police station would the police shoot it. His Worship was a little reluctant in advising him just exactly what to do.

"If I instruct you to dispose of the dog," he said, "the rightful owner may come on me for damages."

"I've tied tin cans on his tail and done everything in my power to keep him away from the place," said the troubled one. "I've tried tin cans, hoops and a lot of other things to his tail, but he still keeps coming for more."

"Buy five cents' worth of strychnine," advised the court, and the man went away smiling.

Yesterday In City's Churches

GEORGE STREET.

The regular meetings will be held this week. Epworth League to-night and prayer meeting on Wednesday night.

ST. PAUL'S

To-night Rev. E. A. Langfeldt will give his illustrated lecture on "A Trip Down the Rhine." The prayer meeting will be held on Wednesday night and the Home Missionary Auxiliary in Knox Church on Wednesday afternoon.

ST. ANDREW'S.

To-night the Young People's Home Missionary Society will meet. The regular weekly prayer meeting will be held on Wednesday night. The Boys' Guild on Friday at 7.30, will meet, when there will be a drill and programme.

ALL SAINTS

To-night at 8 o'clock the Girls' Guild will hold an open meeting to which the young people of the church are invited. A good programme has been prepared and will be presented. The W. A. will hold a meeting to-morrow afternoon at 2.30, and on Thursday at 7.30 the choir will practice.

MURRAY STREET.

At the meeting of the young people to-night Mr. J. F. Morrison will speak on "Songs of the Bible." The usual weekly prayer meeting will be held on Wednesday night. Next Sunday morning the ordinance of the Lord's Supper will be observed and new members received into the church. Collections will be taken for home missions all day next Sunday.

ST LUKE'S.

A meeting of the Men's Guild will be held to-night to make arrangements for summer sports.

On Wednesday afternoon at 5 o'clock a meeting of the Chancel Guild will be held in the infant class room. New members will be welcomed. A large number of those interested in the chancel work is requested to be present.

Wednesday evening service and choir practice at 8 and 8.30 respectively.

The last meeting for the season of the W. A. will be held on Thursday afternoon at 3 o'clock. All members are requested to be present. After the meeting the ladies will be entertained at tea by Mrs. Langfeldt.

On Friday evening at 7.30 the Mission Band will hold a box sale and entertainment in Ashburnham town hall. The programme is very good and will be given by the members of the Mission Band.

The last meeting for the season of the Mission Band will be held Saturday at 2 p.m.

QUEER THINGS ON SCUGOG RIVER

The Lindsay Post of Saturday said: As the result of a searching inquiry among local mariners and others who go down to the sea in ships, we are enabled to correct a rumour to the effect that Superintendent McClelland, of the Trent Canal, had erected a novel kind of beacon at one of the dangerous points on the river. Mr. "Artie" Parkin, who took a party of young ladies to the Point that day in his speedy gasoline yacht, thinks the object must have been a boat out of its course or fast to a stump. Queer things happen on the Scugog.

PILES Dr. Chase's Ointment is a certain and guaranteed cure for each and every form of itching, bleeding and protruding piles. See testimonials in the press and ask your neighbors about it. You can use it and get your money back if not satisfied. 60c, at all dealers or Edmanson, Bates & Co., Toronto.

DR. CHASE'S OINTMENT.

RHEUMATISM

Morgan's Rheumatism Cure relieves joints in legs, arms, back, stiff or swollen joints in a few hours. Positively cures in a few days. It does not put the disease to sleep, but drives it from the system. —MORGAN

ST. PETER'S T.A.S. ATTENDED MASS

Over 300 persons, the largest number in the history of the society, members of St. Peter's T.A.S. attended St. Peter's Cathedral yesterday morning at the 8 o'clock mass and received holy communion in a body. Mass was said by Rev. Father McCoil, who, in a short address to the members of the society, congratulated them upon the progress they had made in the past, and complimented them upon the excellent turnout to service. After mass the society returned to the hall, where the pledge was renewed.

Annual Meeting Of Mark Street

Congregation Will Gather to Hear Annual Reports.

To-morrow night the members and adherents of Mark street Methodist church will hold a social re-union. At this gathering, the first of its kind, in connection with the church, the reports of the different church societies, for the past year, will be presented for the consideration of the congregation. The past year has been a very successful one in this church, and it is expected that the reports will be of a satisfactory character.

"PRINCIPLES" WAS SUNDAY SUBJECT

There was another large attendance at the Men's meeting at the Y.M.C.A. on Sunday at 4 o'clock, when Captain Leader, lately come to the city from England, was the speaker. His subject was "Principle," it being dealt with by him in a thoughtful and pointed manner. Messrs. R. Fruend and D. Campbell were the soloists. Both were very impressive.

The meetings will continue during the month of June with good speakers, timely topics and live singing.

TO ATTEND GRAND ORANGE LODGE

Mr. W. H. G. Armstrong left this morning for Toronto, to attend the meeting of the Grand Black Chapter of British America, Royal Black Black Knights of Ireland, which meets in that city this evening and following days. He will also attend the meeting of the Grand Orange Lodge of British America, which will commence at the conclusion of the meeting of the Grand Black Chapter.

MR. COCHRANE BUYS TAYLOR CROWE FARM

Mr. John Cochrane, the energetic proprietor of "Grandview Farm," 9th concession, Belmont, has lots of go in him for an early settler. He purchased, a few days ago, the Taylor Crowe farm, at a very satisfactory price, and thinks there is good money in the deal. At least, if you wanted to buy the farm now you couldn't get it for near the same money. If Mr. Cochrane doesn't know what a good bargain is when he sees it, he generally has to admit it after he gets it.

HIS LORDSHIP AT BOBCAYGEON

His Lordship Bishop O'Connor was in Bobcaygeon yesterday administering the rite of confirmation to a large number of candidates.

Miss McCabe's Pupils, assisted by the Mendelssohn Club, will hold a "Musicale" in the T.A.S. Hall, on Tuesday Evening, May 29th. Watch for Programme. 120-4d

The Isolation Hospital Question Discussed

Dr. Hodgetts' Report Read at Meeting of Board of Health —One Cot Per Thousand of Population Sufficient for the Needs of Peterborough—Medical Association to be Consulted.

The following report from Dr. Hodgetts and Dr. Smith, in regard to the proposed isolation hospital was read at this morning's meeting of the Board of Health:

Chairman Board of Health:

After consideration of the records of contagious diseases as reported for the years 1903, 1904 and 1905, and four months of 1906, we are of the opinion that your municipality would be perfectly safe in adopting as a working basis for the number of beds to be provided, one for every thousand of the population. This would give accommodation for cases of a contagious character except when an epidemic occurs.

As regards buildings, there should be an administration building, also accommodation for private wards. The plan for public wards shou'd by preference be on the lines shown in the plans which were left with the secretary, that is two beds in each ward.

We are also of opinion that accommodation should be made for a few beds in which cases of measles could be placed as it is found at the present time that provision is very frequently required for persons suffering from this disease.

In suggesting the plan of two beds in a ward we feel that better isolation can be given and the dangers from the mixing of persons suffering from different contagious diseases can be prevented at a minimum cost.

As regards the expense of such a building we are not able to speak with any degree of certainty as we are not familiar with the cost of building in the city of Peterborough.

We would also suggest that to reduce the annual cost of maintenance a married man might be engaged to take charge of the premises who might at the same time act as sanitary officer of the city."

The plan submitted which was of a one storey wooden building was not considered very satisfactory by the Board, who favoured one shown by Architect Blackwell. His plans provided for a two storey brick building which would accommodate 16 persons and cost about $4,000 without heating or furnishing. One section of the building would be reserved for diphtheria and the other for scarlet fever patients. The men's wards would be on one floor and the women's ward on the other. There would be separate kitchens and bathrooms.

It was decided to have the architect submit plans to the Medical Association as it was thought they might be able to suggest desirable changes.

MEMBERSHIP JUMPED 100 DURING MAY MONTH

Yesterday was a red-letter day for the T.A.S. of St. Peters. At the regular fortnightly meeting held in the afternoon sixty-six men were received into full membership in the society. This makes an increase in membership of 100 during the month of May, thirty-four having been taken in at a former meeting.

A special effort was made during this month to increase the membership, and the effort will be continued during June. The society is in a most flourishing condition.

MR. R. H. BRADBURN WITH THE THEATRE MANAGERS

Mr. R. H. Bradburn went to Ottawa last night on the midnight train to attend a gathering of the leading theatre managers of the province, which will open in that city this afternoon, with a business session. To-morrow morning at 10 o'clock the show-men will have an audience with the Minister of Customs in reference to the present duty on theatre posters. They will ask that a reduction in the customs duty on this class of paper be made. They will point out to the Minister that if this duty is reuced, it will be possible to secure a higher class of attractions for Canada; shows, which at the present time, because of what they consider an exorbitant duty, do not show in this country.

The theatre men will not spend all their time in the capital talking business, though. A good programme of amusements has been provided for them while in the capital, and there is little doubt that they will enjoy their visit.

OEFICERS GO TO TORONTO FOR EXAMINATIONS

Seven of the officers of the 57th Regiment went up to Toronto this morning to commence their examinations for qualification at the Royal School of Infantry, Stanley Barracks, Toronto. The officers were:

Lieut. F. Clarke, No. 8.
Lieut. R. P. Watt, No. 6.
Provisional Lieut. E. Best, No. 7.
Provisional T. Wallace, No. 6.
Provisional Lieut. J. Gemmell, No. 3.
Provisional Lieut. M. Comstock, No. 3.
Provisional Lieut. W. R. G. Higgins, No. 4.

The examinations which are both written and practical will continue for four days. The first two of the above officers are trying for Captain's certificate, and the others for subaltern certificates. The class has been taught by Col. Miller and Sergt-Major Brittain and lasted during the past four months.

Col. Miller accompanied the candidates to Toronto this morning and while there will visit Lieut.-Col. T. H. Hemming, Commander No. 2 Regimental Depot, R.C.R., in connection with military matters.

NEW SOUTH SIDE CHURCH IS UNDER CONSIDERATION

The question of the erection of a new church in the south end will be considered at a meeting of the Trustee Board and Quarterly Board of the George street church on Wednesday night.

The conviction is forced upon the officials of the Methodist churches in the city that a church in the new portion of the city will be a necessity of the very near future, and the Boards will consider what is the best course to pursue to prepare for this contingency at the meeting on Wednesday.

MANY MEETINGS AT CITY HALL

To-night will be a busy time at the city clerk's office. At 7.30 the Board of Works will hold a meeting, and at 7.45 the Charity Board will meet. At 8 o'clock the Manufacturers Committee will go into session.

Condition Of The Creek Reported

People Will be Compelled to Remedy the Conditions At Once.

At the meeting of the Board of Health this morning the following report was received from Geo. I. Roszel, Sanitary Inspector:

Gentlemen, — As requested by your honourable body, I beg leave to report on the condition of the creek. Mr. Hatton has three houses on Sherbrooke target that have sinks connected with the creek.

Mr. Barlow, one house the same.

Mr. Law, one house the same.

Mr. Wm. Rudkins has three houses on King street; two have bath and sink, one has only sink.

Parker's Dye Works, Charlotte street, has four pipes emptying into the creek.

Mr. Wm. Snowden has a closet on side of creek between Charlotte and Simcoe streets.

Wm. Hamilton has one closet on the creek. Also the house is connected with the creek.

G. Walter Green has a closet over the creek at his foundry, McDonel street.

Your Obedient Servant,
Geo. I. Roszel,
Sanitary Inspector.

It was moved that the clerk be instructed to communicate with these people and notify them that the conditions must be remedied forthwith.

Samuel Beaver At Last Is Brought To Justice

Was the Man Who Carried "Fire-Water" into the Chemong Reserve Over Three Months Ago—Pleaded Guilty and Was Fined—Obtained the Liquor From a White Man Whom He Did Not Know--Other Indians Were Arrested.

The red men who were tried three months ago by Magistrate Edmison for illegally having "fire water" in their possession and also for disturbing an assembly on February 9th in the village of Chemong, were up Saturday morning before the Magistrate for sentence.

Samuel Beaver, the man who was particularly wanted at the last trial was present at the round up and pleaded guilty of having liquor in his possession. He stated it was from him that the others obtained the beverage and also that he got it from a white man whom he met on the streets of Peterborough. He did not know the man neither has he seen him since. He was fined $25 and costs, to be handed over before the first of August and in default goes to gaol.

Isaac Johnston, the other absentee at the former trial did not appear. He was in a local hospital since that time but at present his whereabouts was unknown to Constable Jacobs.

Edward Taylor, who was found guilty of the disturbance charge, was assessed $5 and costs, amounting to $11.68. Edward had been ill and had only $3 scraped together. He paid over this money and the rest must be forthcoming in three months, or one month in gaol at hard labour.

Jonas Jacobs, also charged with causing a disturbance was assessed $5.00 and costs, amounting to $11.00. The money was paid over.

George Taylor was hard up and wished to have the fine decreased as much as possible. He drank some of the liquor, he said, but "didn't get all he wanted". He was fined $5.00 and costs to be paid before 1st of August.

The information against Alfred Copperwaite was withdrawn by Constable Cochrane on account of his former good faith and respectability.

Ryerson Whetung, another young fellow charged with both offences, paid over $28.70, the amount of his fine.

Hon. Mr. Hanna Between Two Fires

Both Capital and Labour Condemn Central Prison Contract.

The manufacturers and organized labour joined forces Friday in sending a deputation to wait upon Hon. Mr. Hanna and protest against the Government's agreement with Taylor, Scott and Co., for the manufacture of woodenware in the Central Prison. The speakers argued that Taylor, Scott and Co. were given an unfair advantage over their competitors, which enabled them to undersell other employers who had to pay for free labour. Mr. Taylor denied that his company was undercelling other manufacturers, and complained that some of the latter were cutting prices.

The deputation was introduced by Mr. T. H. Lennox, M.P.P., and it included the following representatives of the concerns named:—A. E. Munn, of Canada Wood Specialty Company, Orillia; J. H. Ham, Ham & Nott Co., Brantford; Mr. Lyon, a foreman in that company's factory; W. J. Wilson, Sanderson-Harold Co., Barrie; T. Weldon, E. B. Eddy Company, Hull; P. R. Cummins, P. R. Cummins Company, Renfrew; A. P. Ebert, Woodworkers, Limited, Wiarton; A. D. Kitchener of the Rider & Kitchener Co., Lindsay; Wm. Smith, of John D. Smith & Sons, Toronto; U. P. Tarbox, Tarbox Bros., Toronto; H. S. Cane, Chas. Boeckh, and A. W. Wills, United Factories, Toronto, Newmarket and London; T. Smith, Office Specialty Company, Newmarket; A. Miles, Toronto; J. R. Eaton, of J. R. Eaton & Co., Orillia; Seamon, Kent & Co., and R. Laidlaw & Co., Toronto, were also represented. The town of Newmarket was represented by Messrs. T. H. Brunton, J. D. McKay and Mayor Allen. W. A. Brunton was also present. Mr. S. W. McKeown, Toronto, legal representative of the manufacturers, was their first spokesman.

The Toronto District Labour Council was represented by Messrs. Isaac H. Sanderson, J. E. Virtue, F. Bancroft, J. H. Hall and C. L. Wilson. Mr. John Flett, organizer of the American Federation of Labour, accompanied them.

WILL COST $450 TO REMOVE POLES

The matter of importance to be considered at the meeting of the Manufacturers' Committee will be the application of the Bell Telephone Company for permission to remove its poles from the streets. A letter has been received from the G. N. W. Telegraph Co. stating that it will cost about $450 to remove that company's poles, upon which the Bell's wires are strung. The company asks the Council to pay part of this cost.

The request of the Auburn Woollen Company for fixed assessment will also be considered among other matters.

A WOMAN TO BE PRETTY

Must Have Luxuriant and Glossy Hair, No Matter What Colour.

The finest contour of a female face, the sweetest smile of a female mouth, loses something if the head is crowned with scant hair. Scant and falling hair, it is now known, is caused by a parasite that burrows into the scalp to the root of the hair, where it saps the vitality. The little white scales the germ throws up in burrowing are called dandruff. To cure dandruff permanently, then, and to stop falling hair, that germ must be killed. Newbro's Herpicide, an entirely new result of the chemical laboratory, destroys the dandruff germ, and, of course, stops the falling hair, and prevents baldness. Sold by leading druggists. Send 10c. in stamps for sample to the Herpicide Co., Detroit, Mich. Ormond & Walsh, special agents.

Your Money Refunded by the dealer from whom you buy Sunlight Soap if you find any cause for complaint.

Sunlight Soap is better than other soaps, but is best when used in the Sunlight way.

$5,000 reward will be paid to any person who proves that Sunlight Soap contains any injurious chemicals or any form of adulteration.

C.G.E. Organize A Shop League

Four Teams Have Entered—Schedule Drawn.

At an enthusiastic meeting in the Y.M.C.A. on Saturday night the Canadian General Shop Baseball League was organized. The new league starts out with the brightest prospects and promises to be a great success. Several games which have been played between different shop teams this season, have created a lot of excitement and now that a league has been formed the interest will naturally be greater. There are hundreds of players in the Works to choose from and the ball played should be fast. The league should do much to develop amateur ball players and no doubt the double headers on Saturday afternoon will be well patronized.

The officers elected were:—
Hon. President—E. G. Patterson.
President—R. Dobie.
Vice-President—R. E. Layfield.
2nd Vice-President W. S. Robinson.
Secretary—T. Carson.
Committee—J. Sheridan, machine shop; W. Warsam, armature department; E. Poole, brass department; and Fred Whiteroft, tool room.

Four teams entered: the machine shop, armature, brass and tool rooms.

It was decided to play a double header every Saturday afternoon; the first game will commence at 2 o'clock and must stop at 4 o'clock.

The following schedule was drawn up:

June 2—Armature vs. Machine, 2 p.m.; Tool vs. Brass, 4 p.m.
June 9—Machine vs. Brass, 2 p.m.; Armature vs. Tool, 4 p.m.
June 16—Machine vs. Tool, 2 p.m.; Brass vs. Armature, 4 p.m.

The question of securing grounds for the league was left in the hands of the executive committee.

Lacrosse Smoker In T.A.S. Rooms

The Shamrocks Will Run Off Good Programme To-night.

A smoker will be held in the T.A.S. Rooms to-night under the auspices of the Shamrock lacrosse club, when the best local talent will contribute to a first class vocal, instrumental and athletic programme.

There will be piano, banjo selections and dances in the musical portion of the programme, while Hurtubuise, McDonough and Crough, who entered in the recent tournament in Toronto, Hurtubuise winning the championship for the third successive time, together with other capable mat artists, will make things lively in the "rassling" line.

The bill of fare promises to be a choice one and as the lacrosse boys "need the money" all true enthusiasts should be there to-night.

Ennismore Holds Pic-nic June 12th

Annual Pic-nic Promises to be Better Than Ever.

The annual picnic of the parish of Ennismore will be held in the beautiful Tara Grove on Tuesday, June 12th. The object of the picnic, aside from providing a delightful annual social reunion and day of enjoyment, is to provide funds for the payment of the remaining indebtedness upon the township's pride, the beautiful St. Martin's T.A.S. hall. The usual programme will be provided, and in so much more ample form as to promise that this picnic will be the very best of the series. There will be a list of athletic sports and games run off for valuable prizes, and there will be series of short, eloquent speeches by prominent citizens of Peterborough city and county. A first-class dinner will be served by the justly renowned lady caterers of Ennismore. Arrange your engagements with reference to attending this great picnic. Further particulars are made known in the large posters to be issued immediately.

High Lifes "Took."

—A splendid group photo of the High Lifes, a local club, with strong sporting proclivity, is on exhibition at Roy's photograph gallery.

G.T.R. Painters Here.

—The G.T.R. painters are in the city to-day from Lindsay, painting the switches, semaphores, and railway gates. The work will be carried on all along the line.

POST CARD CORRESPONDENCE.

In this column will be published communications upon post cards only. It will remain open for the use of readers, who are invited to contribute suggestions, inquiries or replies. Anything of a scurrilous personal nature will be prohibited.

OBLIGING CITY FATHERS.

Editor Post Card Column:

Dear Sir,—Golf enthusiasts feel grateful to the city authorities for making it possible to play the game on our city streets the same as baseball is played by the youngsters. On many of the streets there are to be found "bunkers" of the orthodox size and on some there are even provided "hell bunkers." All that seems lacking is a club house—for storing clubs for late citizens, who do not play golf but drive horses, to use upon the cranium of offending aldermen.

Latest News Of Various Sports

Harwood Kickers Were

---IN FIRST SEMI-FINAL GAME---

Easy For The Quakers

Score Stood Four to Nothing at the Finish—Locals Were Never in Better Form—Crowd Was Small at Riverside Some Brilliant Plays—Visitors Lacked in Combination Work—Story of the Game.

In a much one-sided game of football on Saturday afternoon at Riverside Park, the Junior Quakers defeated the Harwood eleven by four goals to none. That was the third successive win for the Quakers, who are breaking all past records this year in association football. The score does not altogether indicate the relative merits of the two teams, as the home half backs and forwards kept continually straining in shot after shot on the visitors' citadel. The Quakers were conspicuous in all stages of the game, and kept the wind bag in their possession most of the time. The play was at times rather fast and interesting, and the ball was never allowed to cool down, and was always kept converging on the southerners' goal. The combination of the forward line is becoming more scientific, and it was wholly on this account that so many goals were scored. In fact, the first counter was notched by the Quakers before the visitors were scarcely wakened up to the fact that a football match was in progress, and the ball scarcely touched the boot of a Harwood player until after it passed between the posts.

The Harwood boys were somewhat weakened by the loss of their regular goal-keeper, Smart, who met with an unfortunate accident in Coldsprings on Victoria Day, in having his leg broken. His brother, a strong half back man, was also absent on that account.

A slight breeze blew across the field, but this did not seem to bother the play in any way. Only one goal was scored in the first half, and this a few seconds after the whistle blew, which begun the game. Although there were a considerable number of close shaves during the remainder of the half, yet the ball refused to go between the poles. The Quakers seemed to have gotten a stimulant in the intermission and three went in in quick succession. This finished the scoring, and probably the visitors thought it sufficient.

Harwood's back division was the mainstay of the team, and when French, the stalwart left defence man, came in contact with the leather it generally made a few hundred revolutions before touching mother earth. As a sprinter and dribbler he was almost equally as good, and on one occasion took the ball down the field until Deforge "cut him down." His mate, Corkery, was also a good man and did some spectacular hunting into Quaker territory. The visitors' half back ranks were somewhat weak and although they relieved often, yet they allowed some easy ones to slip through. The forward line also seemed to be somewhat muddled. Their passing was not accurate enough to be dangerous to the home team and was easily intercepted by the halves and backs. They had only a couple of shots on goal which McFadden handled with ease. Edmison who replaced Smart between the stakes, appeared to know something about the position and handled a few hot ones. Of the Quaker forwards, Armstrong and Boycott were the pick. Their two-men runs up left field were difficult to stop, and scarcely failed to carry the ball to the necessary point. Boycott's placings on goal were seldom erratic and were often demoralizing to the Harwood defence. As a dribbler, too, he is a master of arts, as well as Lifesoleague, Armstrong. The latter's "heady" work, as in his previous games, was again conspicuous and his passing could not have been more accurate. The honour of the second and third goals went to him. The second was scored from a pass from the centre man and the other from a foul kick a few yards from the posts. Huston played centre for the first time this year. He scored the other two counters which were too easy to miss. Brooks and Sullivan played right and did some neat stunts down the field. The latter was instrumental in scoring the last goal by a nice pass with the head to centre. Brooks kicked some warm ones into goal which kept Edmison guessing some.

Best, Parnell and Deforge played their usual brilliant games and never lost an opportunity for a gain. The two latter figured in some nice combination work and all punted most accurately. In intercepting the passes of the visitors' forwards they found it an easy matter and scarcely allowed the pig skin to get into Quaker territory. "Jimmy" Doris was in his old time form at back and was just in the pink of condition for the game. He checked admirably and as a punter was the equal of the giant on the back ranks of the visitors. He and Dick Evans make a strong defence and this the Harwood aspirants found out many a time. Dick with one or two exceptions never missed his kick or the man. McFadden was in goal, but he might have had a seat in the grand stand for all he was called upon to do. He was on the spot with the goods on one or two occasions which probably might have resulted in a score and booted the ball out from goal.

Gladstone Main, of Fenelon Falls, who figured so prominently on the Quaker line-up last season, came down to referee and demonstrated his intimate knowledge of the fine points of the game. His rulings were impartial and generally satisfactory.

The return game with Harwood will be next Saturday, when the boys will take a sail down the Otonabee.

The line-up of the teams was:

Harwood.—Goal, Edmison; backs, French, Corkery; halves, O'Neill, J. Young, Wallace; forwards, E. Young, F. Harris, J. Isaac, W. Johnston, R. Southworth.

Quakers.—Goal, McFadden; backs, Doris, Evans; halves, Deforge, Parnell, Best; forwards, Brooks, Sullivan, Huston, Armstrong, Boycott.

Referee.—G. Main.

Timekeeper—Dick Baker.

The Play.

Harwood won the toss and kicked with the wind. The Quakers kicked off and the ball passed to Armstrong and Boycott. The latter shot on goal and the ball went out to Deforge. Tommy booted it into centre and Corkery missed and Huston got behind the backs and scored in about 10 seconds. The play for the remainder of the half was fast and almost always in the vicinity of the Harwood goal and many well aimed shots just grazed the ribbon. When half time was called the score was 1—0 in favour of the home team.

The second half started off with a rush by the Quaker forwards and in a couple of minutes Armstrong neatly notched the second goal from a pass to his wing. After centre kick off Parnell kicked to Brooks who combined with Sullivan for a run and Edmison was called upon to connect with a hot one. The visitors' defence was pretty busy at this time. Finch and Corkery kept relieving goal every few seconds until finally the former fouled. The kick was quickly taken and Armstrong scored on the pass.

A few minutes after play began again Parnell sent one just over the rope. Boycott and Armstrong fooled their checks quite easily and shots from both the left and right field came in thick and fast for a few minutes. From a little mix-up in front of the visitors' goal Huston scored the fourth and last one a pass from Sullivan. The visitors tried hard to do the necessary and Finch took a few sprints down the line but was stopped by Deforge. Doris and Evans, however, were called upon to make a few exertions and easily cleared the goal. Best also blocked a great number and shot a few just over the goal. When time was called play was still in Harwood territory and the score 4 goals to none.

Off-Sides.

The Quakers' record is now 8 goals to their opponents' one.

The games are not as well patronized by spectators as the quality of the playing warrants.

The Quakers are taking a leaf out of Omemee's book. Both won their last games with the same score. Wonder what would happen if they should meet together?

Captain "Wally" Parnell had the batteries and reserves working in fine shape for the game.

Boycott and Armstrong lived up to their former reputation on Saturday.

USED UP AND TIRED OUT

MEN AT THE OFFICE
WOMEN IN THE HOME
CHILDREN AT SCHOOL

Every day in the week and every week in the year men, women and children feel all used up and tired out.

The strain of business, the cares of home and social life and the task of study cause terrible suffering from heart and nerve troubles. The efforts put forth to keep up to the modern "high pressure" mode of life in this age soon wears out the strongest system, shatters the nerves and weakens the heart.

Thousands find life a burden and others an early grave. The strain on the system causes nervousness, palpitation of the heart, nervous prostration, sleeplessness, faint and dizzy spells, skip beats, weak and irregular pulse, smothering and sinking spells, etc. The blood becomes weak and watery and eventually causes decline.

Milburn's Heart and Nerve Pills

are indicated for all diseases arising from a weak and debilitated condition of the heart or of the nerve centres. Mrs. Thos. Hall, Kaldon, Ont., writes: "For the past two or three years I have been troubled with nervousness and heart failure, and the doctors failed to give me any relief. I decided at last to give Milburn's Heart and Nerve Pills a trial, and I would not now be without them if they cost twice as much. I have recommended them to my neighbors and friends."

Milburn's Heart and Nerve Pills 50 cts. per box or 3 for $1.25, all dealers, or The T. Milburn Co., Limited, Toronto, Ont.

Corkers Turned Down Wonders

Whitcroft's Bunch Were Trimmed by 13 Runs to 7.

In a lively practice game on Murray street grounds on Saturday Callaghan's Corkers trimmed Whitcroft's Wonderers by 13 runs to 7. The game furnished many amusing features and was greatly appreciated by the big crowd of spectators. Callaghan's pitching and Whitcroft's fielding were features. The Wonders worked out three pitchers, but all looked the same to the Corkers. The line-up was:—

Corkers—Gillespie, c.; Callaghan, p.; Derocher, 1 b.; Pedlar, 2 b.; Green, s. s.; Dusty, 3 b.; H. Roddy, l. f.; Craig, c. f.; E. Roddy, r. f.

Wonders—Curtis, c.; Cahill, p.; Fitzpatrick, 1 b., p.; Whitcroft, 2 b., p.; Shea, s. s.; Treanor, 3 b.; Quinlan, l. f.; McMillan, c. f.; Mulhall, r. f. Umpire—W. J. Stacey.

Little Jap vs. Little Will

A Matched Race Has Bee Arranged Between These Steeds.

A matched race has been made between Little Jap, owned by Mr. R. J. Munro, Peterborough and Little Will, the property of A. Elmhirst, Otonabee, for a side bet. The slate has not yet been definitely decided but the event will take place in the near future at the Driving Park. Mr. Harry Nesbitt is backing Little Will, while Mr. H. A. Cook has his sheckles on the Jap. These horses met on the 24th at the Driving Park. Little Jap landing first money. The race then provided lots of excitement and a large contingent of local sports will probably be on hand to see the horses step again.

LAWN BOWLING CLUB WILL MEET

A meeting of the Lawn Bowling Club will be held at the Ontario Bank Chambers on Tuesday, the 29th, inst., at 8 p. m., to select the skips for the season and discuss matters relative to the visit of the Old Country Bowlers.

TURF.

Talk about the races here being slow on the 24th, but the Kingston Club has the Peterborough events frosted in this respect. They did not finish their races on the 24th at all. The horses were going at 8.15 at night and the last heat had to be postponed until the following day.

* * * *

A meeting of the Directors of the Turf Club will be held at 3 o'clock this afternoon in the Ontario Bank Chambers.

BASEBALL

The team to represent St. Paul's in the game to-night with Charlotte Street will be picked from the following players:—McDonald, Simpson, Dunsford, Greene Swanston, Boyd, A. Gillespie, Fitzpatrick, Shaw, Bruce, B. Gillespie, Patterson, Rosenburg and Curtis.

FOOTBALL

There will be a practise to-morrow night of the Peterborough Quakers on Riverside Park at 7 o'clock.

* * * *

The Quakers have been invited to play a game of football on June 12th at the Ennismore Picnic. The opposing team will be Bridgenorth. It is understood the invitation has been accepted.

LAWN TENNIS

Several double courts on Nicholls Oval will be put in shape for to-night's games of St. John's A.Y.P.A., and a large number of players are expected to be out.

Half Day System Is Increasing

Four of the Rural Schools Have Adopted the System.

The half-day system introduced into the county last year by School Inspector Brown is gradually becoming more widespread. The schools at Douro Church and Westwood, and also one in Methuen township, have adopted the system this year, which is reported to be working satisfactorily. No. 16, Otonabee, is using the system for the second time, and there it is now considered favourably.

SCOTT'S EMULSION is more than a fat food. There is no animal fat that compares with it in nourishing and building up the wasted, emaciated body. That is why children and anæmic girls thrive and grow fat upon it. That is why persons with consumptive tendencies gain flesh and strength enough to check the progress of the disease.

SCOTT & BOWNE, Toronto, Ont. 1

Will Consider Football Protest

Meeting Called for Wednesday Night for This Purpose.

A meeting has been arranged by the Executive of the Midland Football League for Wednesday night to consider the protest sent in by Cobourg against Kessiake, of Bowmanville, who refereed the Cobourg-Bowmanville game on Victoria Day.

An arbitration board has been selected consisting of Messrs. R. Glover, C. G. Graham and Dr. Wightman, who will settle the matter on Wednesday night. Representatives from the two clubs will be present and will be asked to explain matters.

Synopsis Of Canadian North-West HOMESTEAD REGULATIONS

Any even numbered section of Dominion Lands in Manitoba or the North-west Provinces, excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land is situate.

Homestead Duties.—A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:—

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

Application for patent should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa of his intention to do so.

W. W. CORY,
Deputy of the Minister of the Interior.

A Woman in the Case

A woman was at the bottom of it. She said to her husband, "Why don't you go to LANG & MAHER'S and see what kind o Clothes they have anyway, instead of paying such high prices to have them made?"

The man came, doubting at every step. Said he didn't think we could fit him, but just wanted to look around for curiosity. We persuaded him to try on a Coat, and, of course, easily convinced him that his ideas of Ready-to-Wear Clothes were all wrong.

There are not only different sizes, but different cuts —for the stout man, the slender man, the tall man, the short man—so that it is now the exception, rather than the rule, not to be fitted in our e ady-to-Wear Clothes.

Beautiful Suits from $12.00 to $18.00

Quality costs us more, but it holds our trade, and nothing but merit keeps us busy.

Patriotic Discourse To The Sons Of England

Annual Sermon to Landsdowne Lodge Was Delivered by Rev. J. G. Lewis Last Night—Sermon Was Eloquent and Most Appropriate for Such an Occasion—Many Brethren Were Present.

"For He loveth our nation, and has built us a synagogue," was the subject of the annual sermon to Landsdowne Lodge, No. 25, Sons of England, by Rev. J. G. Lewis, at the Mark street Methodist church last night. The story of the good centurion, as related in the seventh chapter of St. Luke, was made the basis of an eloquent and patriotic address to the members of the order. There was a large turn out of the brethren, who occupied the seats in the body of the church. The pulpit was appropriately adorned with a large union jack bearing the letters "S. O. E."

In beginning his discourse Rev. Mr. Lewis dwelt upon the suitability of selecting the centurion as a character upon which to base a sermon to an Order such as the Sons of England. This man had been considered by Jesus Christ as worthy. Men did not always judge well. They reasoned from the surface, while to Jesus Christ, the lives of men were like the open page of a book.

A character that was considered so highly by our Saviour, was worthy of consideration in a sermon to such an Order.

The centurion's duties as captain of one hundred men, were to preserve peace and order; but he did not confine himself to his formal duties. He interested himself as a citizen in the affairs of his city. He studied the work of the church, and even built a synagogue. Under these influences he was led to exercise faith in the living God.

Some resemblance might be found between the centurion and the Order present. His duties were non-religious, as were those of the Society; but, like the Society, he did not confine himself to the duties of his office. There were three objects or principles in the Society—patriotic, benevolent and social. There was reason for patriotism on the part of the Sons of England, or, to give them a wider name, the Sons of Great Britain.

A son of England was the representative of the greatest empire in all the history of the world. It was great in every way. In its extent it was known as the Empire of the Constant Sunshine, for the sun never set on its wide domains. It was great in power; the mightiest empire the world has ever known; great in the beneficial effect of its

REV. J. G. LEWIS,
Who Preached the Annual Sermon to the Sons of England Last Night

rule, the mighty civilizer. It was was a mother of nations, and might well be proud of its children. Canada was virtually a nation, but was like the grown boy who still liked to maintain the links that bound him to the old home.

The Sons of England were noted for their benevolence. In such a brotherhood, where help was given to the needy all did not gain; some might be losers, but they did not count the cost, and were gainers thereby in spiritual lines. No one knew so much as those who had benefitted by it how much that benevolence meant. There were some present, perhaps, said the speaker, who had been able to keep their head above the waters, and the wolf from the door, only through the benevolence and help of their brethren.

The society had also a social relationship that was not to be ignored, or looked upon as trifling. Intercourse with one's fellow-men was always beneficial. Association with their fellows was as natural to men as it was to birds or animals of the same kind to flock together. They were bound to be lopsided if they did not come into touch with their fellow men. It was not always pleasant, but trying things were sometimes the best. A child needed intercourse with other children, or else he would be spoiled. He needed to learn to yield points. The same lesson was often needed by men, who were only over-grown children. Men should learn to be brave enough to rejoice with those who succeeded.

The intermingling of classes, if such a term could be used, in the society, was of benefit. The association of the centurion with servant was not altogether to the advantage of the latter; so is the intermingling of professional men, business men, and working men in a society; it was not the man with the least advantages who gained the most. People must learn to give freely of all they had to all they could.

"One of the saddest things in present conditions," said the speaker, "is the strained relationship between employer and employee." This nearly always resulted in strikes, back of which were the unions of labouring men. "We cannot say that strikes are all bad," he continued, "but one never comes without being harmful to both sides. We have no right to say that unions are bad, but there are evils to be remedied." It was one of the great problems to bring about better conditions along these lines. How this was to be brought about was the question of the day. Something might be done when people learned to look not only on their own things, but on the things of others—when the labouring class thought of the worries of the men who employed them, and the employers learned to apply the golden rule, of doing unto others as they would have them do unto them.

Another duty of the Society was that to religion and the church. The centurion had carried out that duty. To-day men who studied the church saw that it was a mighty moral force. "In speaking of the church," said the speaker, "I have no denomination before my mind. I recognize that Jesus Christ is our Master, and and that we are all brothers. The day was past when any branch of Protestantism might say that it was the church. The centurion, if he had looked for it, would have found much to complain of, and so men who looked for faults in the church would find them, as those who look for worthy features would find them also." The speaker agreed with Livingstone, who said that "the church was the mightiest factor in spreading morality, in introducing sound principles of commerce, as well as in leading men to know the living God."

The history of the British Empire shows the power of the Church. It was first not only a colony of Rome, but was wrapped in heathenism. The gospel of the Son of God brought about the change. It was the Gospel that caused the mighty force you call the civilization of the people, for the elevation of the people in morals. The Gospel was a mighty bulwark to stop the inrush and onrush of evil. Let the churches be closed, and evil would flow over the city, like the waters did.

The last duty suggested was the duty of personal relationship to Jesus Christ, the Head of the church. There were men who were faithful to all branches of church work, and yet were unacquainted with its Head. They had no personal knowledge of a personal Saviour.

The speaker closed with an earnest exhortation to his hearers, to have faith in God, and let Him come into their lives."

During the evening Mr. J. C. Miller sang Kipling's "Recessional" in splendid voice, and the national anthem was sung at the conclusion of the services.

The members of Lansdowne Lodge met at their hall, Hunter street, after the services, and votes of thanks were passed to the pastor, choir and people of the Mark street church.

Summer Schools; Camp Meetings

Will be Subject of Talk at Epworth League.

In connection with the meeting of the Charlotte street Epworth League to-night, Miss Myrtle Emmerson will give a talk on "Summer Schools and Camp Meetings," which, in view of the fact that a summer school will be held this year at Bobcaygeon, in connection with the Victoria and Peterborough Districts, will be of considerable interest.

Many Strangers Come to City

Were Welcomed at Y.M.C.A. on Sunday Night.

There was a large attendance of strangers at the monthly strangers' tea at the Y.M.C.A. on Saturday evening. The guests were largely from the Old Country, the following places being represented: Devon, London, Derby, Sheffield, Yarmouth, Plymouth, Cornwall, Reading, Berkshire and Middlesex, and the following Canadian points: Hope, St. Thomas, Belleville and Holloway.

Messrs. R. Harding and G. M. Roger welcomed those present.

The tea was served by the ladies of the Murray street Baptist church. All the new comers expressed their gratitude to the association for the kind treatment they had received.

Mayor Opposed To Opening Aylmer Street

Unless George Street is Also Extended--Wants Question of Aylmer Street Submitted to Ratepayers—Cost Will be About $9,000---Board of Works Thinks Work Should be Proceeded With at Once But the Mayor Says No.

The extension of Aylmer street was the principal subject of discussion at the meeting of the Board of Works, last night, but nothing was decided, and there is not much probability that anything will be decided in the near future. The Mayor is of the opinion that if any street extensions are made, George street shall be the street extended, and Aylmer street will have to be a second consideration, if he has his way in the matter, and, judging by the attitude assumed by the Chief Magistrate last night, he intends to have some say. Mr. Thomas McKee, the valuator appointed by the committee to make an estimate of the value of the properties through which Aylmer street would extend, was at the meeting with his map, and an estimate of what, in his opinion, the land through which the new street would run, should cost. His figures were in the neighbourhood of $9,000, which allowed for some contingencies.

His presence there, and the information that he was prepared to impart to the committee, however, were of very little use, because while the majority of the members, including the chairman, were of the opinion that the Board of Works should go ahead and extend Aylmer street at once, with the authority already given it by the council, the Mayor was firm in his conviction that the matter should be referred to the ratepayers, which, according to the opinion of the other members of the committee, means that the extension will not be made.

Out of the appropriation made for street extensions the Board has about $4000 left, but to extend George street will take practically all that amount. The chairman's idea is for the council to assume the overdraft, believing the extension of Aylmer street is necessary at the present time; but it is not at all probable, in view of the attitude of the Mayor, that this will be carried out now. What will probably be done is for the council to buy enough land to open the street from Romaine street past the proposed site for the new school; and with this in view the members of the Board will take a trip to the location on Wednesday to decide definitely about this.

All the members of the council were present at this meeting.

The City Solicitor reported to the Board that concrete crossings could be laid under the Local Improvement Act at the time the walks were being constructed, but if they were not constructed at the same time, the cost could not be assessed for under this act.

Filling the Basin.

Ald. Hicks informed the committee that he had put at work four men to lay a track for hauling the material from the dredge "Trent" at work in the river, which is to be used for filling in the city's land west of the C. P. R. tracks, and east of the present shore line. In the meantime until the dredge was ready to start work on the new cut, he had put the men to work laying rails for hauling the excavations from the dredge. Mr. Sing had told him by telephone yesterday that the work would be resumed to-day. The matter of the disposition of the men employed was left with the chairman of the Board to deal with. on motion of Ald. Tovey.

Street Extensions.

The extension of Aylmer street was next considered, and Ald. Hicks thought that the Board should decide whether it would go ahead and open it, as instructed by the council, or refer the matter to the ratepayers. Of the appropriation voted for the purpose of opening the streets, there was about $4,000 left. It would cost probably about that amount to open George street, and an estimate of the extension of Aylmer street was $9,000.

The consensus of opinion of the members of the committee was that Aylmer street should be opened at once, without submitting the matter further to the people. The Mayor, however, was of the opinion that the Board of Works should first ascertain what it would cost and then submit the scheme to the ratepayers. The chairman was quite satisfied to let the matter go to the people, and they would relieve the Board of Works of the responsibility but he was satisfied that it could never be opened cheaper than at the present time.

Ald. Johnston thought that if it were submitted to the people it would be defeated, but there was no question in his mind as to the desirability of opening Aylmer street.

Nothing definite was decided at the meeting and the committee decided to visit the location on Wednesday, and in the meantime the matter is kept in abeyance.

This was all the business transacted by the Board of Works.

David Doig Must Serve Five Months Behind Bars

This Sentence Imposed Upon Him This Morning--The Magistrate Felt Necessity of Severe Sentence--Doig Said He Was Innocent.

David Doig, found guilty of stealing heavy brass from the Wm. Hamilton Company, was sentenced by his Worship Police Magistrate Dumble to five months in the county jail, at the police court this morning. Doig was found guilty of the offence a week ago, and the sentence of the court was deferred until to-day. The brass stolen was valuable, and the case has created much interest in view of the fact that recently two men were confined in the county jail for a crime of the same character, one getting four months and the other five.

Doig maintained that he was innocent up to the last. When asked if he had anything to say in his defence, he said:

"I think it is very hard for to leave a poor motherless family and be locked up for a crime of which I am innocent."

"I have been informed," said his Worship, "that other goods from the Canadian General Electric Company were included in the same shipment that the Wm. Hamilton Co.'s brass was in. In putting sentence upon you I have in mind to stop this kind of business that is so prevalent among junk dealers. I also consider the hardship inflicted on your family. The sentence I impose upon you is very much lighter than the limit of the law, but I have to punish you in protection of society. I don't think the goods were stolen by you personally, but you are concealing somebody else. The judgment of the court is that you be confined in the common jail in the County of Peterborough for a period of five months."

EARTHQUAKE STOPS THE REVOLUTIONISTS' PLANS

Examiner Special

Fort De France, Martinique, May 29.—An earthquake shock of brief duration, but much strength, was felt in all parts of the island yesterday. In several places the people are panic-stricken. The earthquake has put a complete stop on the plans of the revolutionists for more political disturbances.

DREDGE "EMMERSON" TO WORK IN LITTLE LAKE

The dredge Emmerson, which, for some months, has been engaged in deepening the channel above and below the locks at Hastings, has returned to this city, and will spend some time now working at No. 6 lock on Little Lake. On Saturday the tug Empire arrived at the locks with the dredge, scows and other equipment from Hastings, and work will be commenced in a short time on the operations here. These will be of an extensive character, and when work has been completed, the channel entering the canal from Little Lake will be sufficiently wide and deep to accommodate any craft wishing to enter.

Mr. Frank Fairen is in charge of this work, under the direction of the superintendent of the canal.

WALKING TO MONTREAL; HER BAGGAGE TWO UMBRELLAS

Walking on the C.P.R. tracks from Toronto to Montreal, with two umbrellas as her only baggage, a woman about middle age passed through this city yesterday afternoon about 6 o'clock. She did not stop at Peterborough, but continued on her way.

As she passed the C.P.R. station yesterday, a trainman who runs from Toronto to Havelock, said to an Examiner representative: "Why, I saw that woman pass Agincourt, walking on Saturday." She was making the journey in easy stages, having taken two days to come from Agincourt, 64 miles.

She was apparently standing the journey well, and at her present rate should reach Montreal about the middle of next week.

ONE THING AND ANOTHER

Foiled Again.

Columbus Dispatch.

THE POET—Congratulate me, my dear, I have just sold a poem.

His wife—Oh, I am so glad! Now I can have a new bonnet for Easter!

The Poet—I'm awfully sorry to disappoint you, but I bought a celluloid collar with the money.

At Last.

Chicago News.

"EUREKA!" exclaimed the shade of Darwin, "I have discovered it at last."

"Discovered what?" queried the shade of Huxley.

"This missing link that makes a man out of a monkey," answered Darwin. "It's the golf link."

* * * *

No Change of Habits.

American Spectator.

SHE—YOUR habits and preferences seemed to have changed since our marriage. I saw you twice as often as I do now.

He—Oh, I don't know, my habits are pretty much the same.

She—I fail to see it.

He—Well, I was hardly ever at home then, either.

Wanted, A Stenographer.

Jones talked as fast as lightning.
And great was his renown
Among the poor stenographers
Who tried to take him down.
A maiden fresh from school essayed
To make her bow all unafraid,
Thought Jones between his bursts of speed,
"I've got a jewel now,
She does not hesitate nor balk,
But writes as fast as I can talk:"

Dear Sir,—I have your favour, and in reply would state that I accept the offer of your of recent date. I must decline, however, to have my name appear, as such a breach of taste would seem incongruous and queer. I will begin to-morrow to turn the matter out. Copy will be ready on August 10, about. Material of this nature should not be rushed unduly. Thanking you for the favour, I remain,

Yours very truly,
LEANDER JONES & CO.

The maiden sweet arose and went,
And o'er her typewriter she bent,
She fought the thing an hour or two,
And this is what she made it do:

"Dear Sir,—I have the fever, and in a pile I sit, and I accept the offer as you have reasoned it. I must decline, however, to have my name up here, as such a speach of taste was seen in congress and queer. I will be in to-morrow to turn the mother out. The cap will be red, and cost $10,00, about. Material of this nation should not be rushed N. Dooley. Thinking you have the fever, I remain, yours very truly,
LEANDER JONES & CO."

Liquor Cases In County Court

Cavendish Man Charged With Illegal Selling.

County Constable Cochrane took a jaunt to the back country yesterday and summoned Nelson Windover, a resident of Cavandish township to appear in court for selling liquor without a license.

Windover will be here to-morrow and will have to answer for two charges preferred against him—one for illegally selling on the 7th, and the other on the 12th of May last.

County Magistrate Edmison will hear the case at 3 o'clock.

Work Begun On Station Extension

New Freight Room for the Use of Dominion Express Co.

Work was begun to-day on the extension of the C.P.R. station for the use of the Dominion Express Company. It is the intention to build a freight building 24 ft. by 30 ft., one storey high. It will be situated on the east side of the station. The extension, it is said, will cost $1,...

Pleasant Social Evening Spent

Girls' Guild of All Saint's Have an Enjoyable Time.

The Girls' Guild of All Saints' church held a very pleasant social gathering last night. There was a good attendance and a delightful evening was passed in congenial social intercourse. An impromptu programme of solos and recitations was given by Miss Mabel Bickey, Miss Marion Elliott, Mr. Coleman and Mr. Bonnet. Refreshments were served during the evening.

Lunatic Taken In Lakefield

Escaped From Brockville Asylum About a Month Ago.

Constable Doidge, of Lakefield, brought John Pursey, an insane man who escaped from the Brockville Asylum about a month ago, to the police station. He was captured in Lakefield, where the officer noticed him acting suspiciously. He was taken back to Brockville on the 2 o'clock train this afternoon by Guard Farnham, of the Brockville Asylum. After Constable Doidge had arrested the man, he said:—"For God's sake don't send me back to the asylum."

HAVE YOU LOST ANYTHING?

That it's worth while taking a chance on an Examiner lost ad. If you have had the misfortune to lose some article of value, was again demonstrated on Saturday, when a lady's gold watch advertised for in that column of this paper was recovered. Whether the article lost is valuable for itself or because of association, it will pay to advertise for it in this paper—results have proven this.

DR. E. S. BEST IS GRADUATING

Mr. Elmer S. Best, son of Mr. John Best, Denegal street, is a member of the graduate class of 1906 of the Chicago College of Dental Surgery, the 24th annual commencement exercises of which are taking place this afternoon in Garrick Theatre. Rare Chance
— FOR —
BEAUTIFUL HOME

We are instructed by Mr. C. B. McAllister to sell his entire property in East City as follows:—

No. 1.—His beautiful residence situated on Burnham street and known as "Engle Burn Park", containing five acres of land, about three of which has been laid out in choice building lots some fronting on Burnham street, and others having a commanding view of the river The balance of about two acres is included with the house, a large lawn beautified by choice shrubs and Ornamental trees, nice garden with choice fruit, also first class stable and carriage house.

No. 2.—A block of land containing three acres with two splendid houses, situated on corner of Burnham and Maria streets and known as the late John Burnham property. This has recently been sub-divided into building lots.

Also his summer house situated at Mount Rascal on Clear Lake, containing 8 acres land and cottage furnished throughout, also ice house filled with ice. This we have for sale, or to rent at a reasonable rent for season or by the month.

As Mr. McAllister intends moving from Peterborough, we are authorized to dispose of Nos. 1 and 2, enbloc or divided as per plan at our office.

Price and full particulars on application.

How Red Rose Tea is Grown

TEA is a native plant of Northern India. Transplanted to Ceylon it lost much of its strength and richness, but gained in fragrance and delicacy.

That is why Ceylon tea is not a strong tea.

That is why I blend Indian and Ceylon teas together—that is how the strength and richness, fragrance and delicacy of Red Rose Tea are secured—that is why Red Rose Tea has that "rich fruity flavor."

Red Rose Tea is good Tea

Overseer Thinks A One Dollar Fee Is Sufficient

Annual Report of Fisheries Department of Ontario--Some Interesting Facts Relative to Local Waters--What the Overseers Would Like.

The seventh annual report of the Department of Fisheries of the Province of Ontario has just been published for this year. It is a comprehensive report, covering the details of the operations of that important Department. The feature of greatest interest in the report is the statements of the overseers, those from this county being reported as follows:

Overseer Brown, Roakdale, County of Peterborough, reports that the catch of fish has not been so large some lakes and rivers the game fish in number this year as last, but in some lakes and rivers tpe game fish have been larger in size. 500,000 pickerel fry put in Round Lake, 1904. 900,000 pickerel fry put in Round Lake, 1905. 900,000 pickerel fry put in Belmont Lake, 1905. 1904 pickerel fry from 8 to 9 inches long were caught in Round Lake waters in November last, and in Belmont Lake pickerel fry were caught from 5 to 7 inches long in the same month. The fishing laws were fairly well observed, no cases of illegal fishing having been brought to his notice this year.

Overseer Clarkson, Lakehurst, County Peterborough, reports that the catch of bass and maskinonge in Buckhorn, Pigeon and Sandy Lakes was up to the average, but the catch of bass in Chemong was a little below on account of high water. The number of tourists that visited the above place was about the average.

The fishery regulations and close seasons were well observed. There are no fishways in his division, and the mill owners have observed the law fairly well.

The salmon trout fishing in Catchacoma Lake the fishermen report to be up to the average.

Overseer Johnson, Harwood, Rice Lake, reports that the close season was observed much better than the previous year. One case of illegal fishing came to his notice, and was dealt with as mentioned in his monthly report.

Angling was good and some very fine fish were caught. The latter part of the season, however, was not good owing to the high winds which kept the waters in a state not favourable for fishing, and which caused tourists to leave before the season was over. More tourists visited Rice Lake this year than for a number of years previously. He would recommend that foreigners pay the fee before putting a line in the water, and not wait until leaving to get permits.

Overseer Merriam, Harwood, Rice Lake, reports that the fish during the spawning season were as plentiful as usual. Only one violation came to his notice during the close season. The fishing was good and every one was satisfied when the weather would permit them to fish. There were a good many tourists here and most of them went away well pleased and expressing their intention of coming again next year. In regard to the fee of one dollar for American tourists he thinks it would only be fair to make each and every one pay a fee of one dollar before putting a line in the water, and if they were caught fishing before taking out a permit to charge them two dollars or enforce a penalty. It would make it so much easier for the Overseer, as they would then look him up or write to him. But as it is now they will stand him off till they are going home and slip out with their fish.

He also thinks that one dollar charged each and every man and woman who fished there in our waters would bring a greater revenue than to charge them five dollars, as a great many of the Americans who come over are working men who can only stop a week or ten days at most, and some of the time it will blow so hard they cannot go on the water. A great many more would come and the revenue to the Department would be greater and the fee would be in reach of every one.

INSANE PATIENT TRIED TO SUICIDE

A Cobourg despatch says: Frederick Hills, who was released from jail here about six months ago, was given six months in the Cobourg jail at Port Hope last Saturday on a charge of vagrancy. While in the lock-up he endeavoured to commit suicide by turning on the gas.

Can Consumption be Cured?

There is plenty of indisputable evidence to prove that Consumption has been cured even after the symptoms were well defined and the **lungs actually involved.**
